Reed Wins Golf Meet Sunday P M

Large Gallery Turns Out To See Reed Win On 21st Hole, Sunday

A bad tee shot into the rough on the third hole at the Country club Sunday cancelled C. A. Dewese's chances of winning the championship flight.

Dewese and Buster Reed played 18 holes even up Sunday afternoon in the finals of the championship flight of the fifteenth annual Ranger Invitational golf tournament.

The two champions stayed together through the nineteenth and twentieth hole. But at the twenty-first, or third on the course, Dewese, a Fort Worth Stereotyper, got away a bad shot that sliced into the rough. He sank his hole one stroke more than Reed to lose the tournament and win the runner-up prize of a \$70 silver service tray. Reed received a \$216 coffee and tea service.

Reed, a Denton boy, had the edge on Dewese with his long shot. Dewese kept in the running and a crowd estimated at 350 to 600 breath-

less. Jimmy Phillips played his opponent a tough final game; but was one hole behind Kenneth Cole of Odessa, coming into the 18th Sunday afternoon. Phillips failed to pull a long putt out of his golf bag and Cole took the first flight championship.

The tournament is reputed to be the largest Ranger has yet had. There were 143 qualified Friday night. One hundred and thirty-eight of those stayed for competition, making seven flights and

Court Of Honor Slated Tuesday For Boy Scouts

A Boy Scout court of honor is slated for 7:30 p. m. Tuesday in the basement of the First Baptist Church.

Hugh Smith will conduct the court. He urged parents of the boys receiving awards to attend. He said that it is also time for scouts and scouters to re-register and asked that they attend the meeting.

The following boys are up for second class awards: Jerry Don Cantrell, Michael Dean, Scott, Forney, Johnny Carver, Joe Kirk Dorsey, Gene Bagwell, John Hagaman, and Jerald Shockey.

Two Rangerites Are Injured In Auto Accident

Joann and Frank (Bo) Deaton of Ranger are reported to be recovering satisfactorily following an automobile accident, May 27.

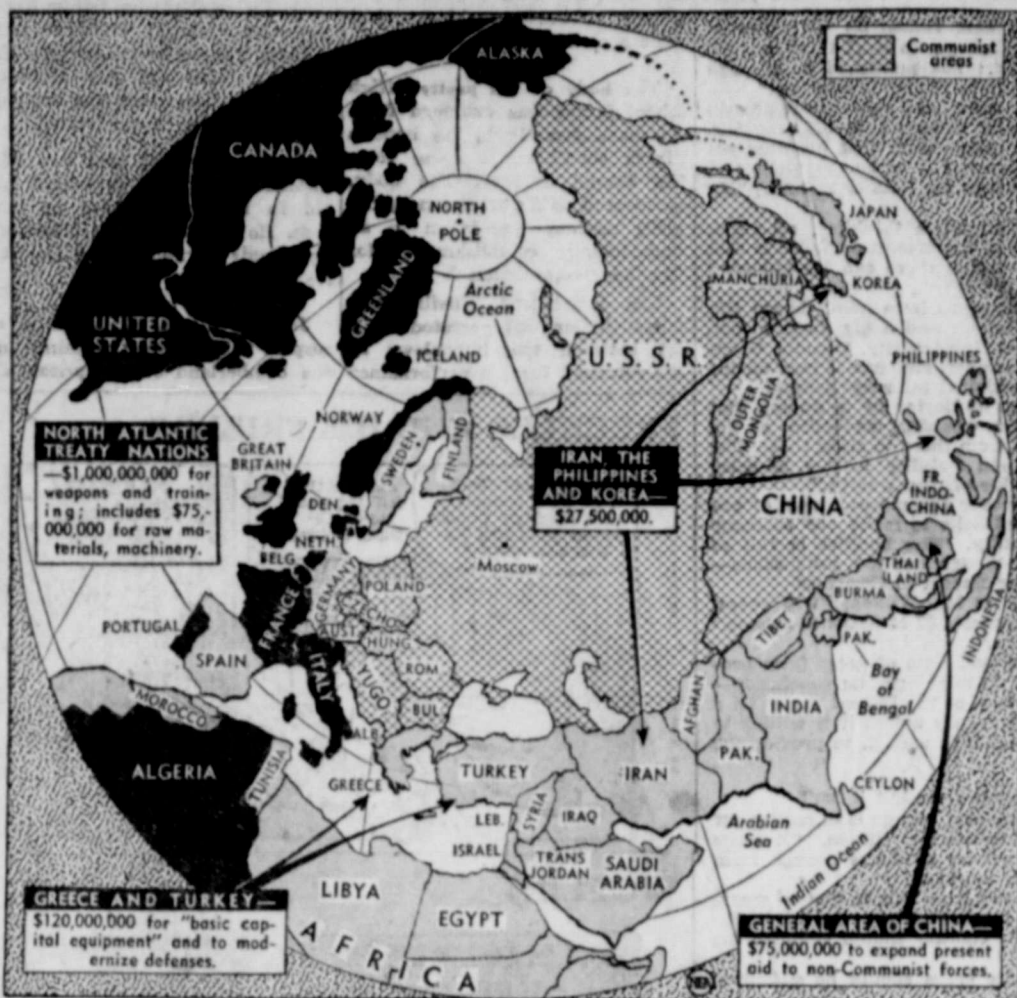

The accident happened near Buffalo, Wyoming. The boy and girl were on their way to join their parents, Mr. and Mrs. Frank Deaton in White Hall, Montana. Joann's jaw was broken, her nose fractured and her left hand injured. Frank received severe cuts on his left arm, abdomen and chest.

Mrs. Mahaffey of Wichita Falls, a third passenger in the car, was also injured. All three are in Saint Vincent's hospital, Billings, Mont. Joann and Frank have been attending school at Texas Tech at Lubbock for the past year.

Billie Lee Crone Gets A&M Degree

COLLEGE STATION, June 5 (Sp)—Billie Lee Crone of Olden graduated from Texas A. and M. College June 2, receiving a bachelor of science degree in petroleum engineering.

After Good Used Cars (Trade-ins on the New Olds) General Motors Company, Eastland

More Billions to Bolster Free Nations --

President Truman has asked Congress for \$1,222,500,000 to continue the program of arming free nations to impress Russia with the "impossibility" of trying to take them over. The Newsmap above shows where the funds for fiscal year 1951—slightly less than the \$1,314,000,000 voted for fiscal 1950—would be allocated. The President also asked special stand-by authority to help countries not specifically mentioned—in case of a serious emergency affecting security of the United States.

County Has A Long Ways To Go In Drive

Eastland County residents purchased \$7,381.25 worth of savings bonds in the first two weeks of the current drive.

The county has a quota of \$108,700. Cyrus B. Frost is county chairman for the drive. W. L. Creager, Ranger banker, is the local chairman here.

BULLETIN

A car and two gas meters were burned early Monday morning when the car overturned on the second curve past Olden going to Eastland. No one was injured. The car caught fire after smashing into a couple gas meters. Only two houses served by the meters were out of gas, Virgil Johnson, Leonardo Gallardo and Abelardo Olveda of Plainview were in the car. The Highway Patrol worked the accident.

WASHINGTON, June 5 (UP)—The Supreme Court ruled 8 to 0 today that segregation of Negroes in railroad dining cars violates the interstate-commerce act.

REPORT ON FUCHS CASE

Silent about the contents of their bulging briefcases, FBI agents Hugh Clegg (left), assistant to J. Edgar Hoover, and Robert Lamphere, special investigator, arrive in New York by plane after questioning British atomic spy Dr. Klaus Fuchs in London. The two men were on their way to report to FBI Director Hoover concerning their findings.

County Has A Long Ways To Go In Drive

WASHINGTON, June 5 (UP)—Sen. Joseph R. McCarthy, R., Wis., won a clean victory in the first test of organized party sentiment since Sen. Margaret Chase Smith, R., Me., made her spectacular appeal to the Republican Party to repudiate him and his tactics.

Mrs. Smith uttered her "declaration of conscience" on the senate floor last week. It was a bone-shaking rebuke to McCarthy for his methods in seeking investigation of Communist infiltration into the State Department.

The young Republican organization is an active and somewhat significant political outfit. Its endorsement puts some foundation under a statement often heard here—that McCarthy's noisy and intemperate campaign has caught on through the country.

Here in Washington even McCarthy's well wishers feel that his scatter-gun methods have all but defeated his objectives.

The New York Young Republicans had lives as their guest when they repudiated the stand he, Mrs. Smith and their colleagues have taken.

Ives was in Wingdale to tell the Young Republicans the GOP would fold up as a political organization and fairly soon unless present trends are changed. He reported that two of every three new voters registered are taking the Democratic side. That is a death warrant for the GOP if it continues.

His prescription for reviving what once was the Grand Old Party was to reject reaction and adopt a moderate conservative program under realistic political leadership. What the country wants and what the GOP should offer, he said, is the type of policy followed by Gov. Thomas E. Dewey's administration in New York.

While Ives was talking in New York, Thye was demanding here that Senate Republicans get together to agree on "a responsible position" regarding McCarthy's charges.

These follow ups indicate that more is to be heard from the seven who declared their conscience in an organized campaign on party policy.

Their initial attack was a shocker for Republicans who have been quietly hoping McCarthy would hit pay dirt. The shock was so great that only now are GOP strategists realizing that Mrs. Smith cuffed the administration, too. She let President Truman have this one right on the jaw.

"The Democratic administration has greatly lost the confidence of the American people by its complicity in the threat of Communism here at home and the leak of vital secrets to Russia through key officials of the Democratic Administration."

McCarthy, himself, could not have composed a harder hitting paragraph.

McCarthy, himself, could not have composed a harder hitting paragraph.

McCarthy, himself, could not have composed a harder hitting paragraph.

Community Chest Embryo Meeting Slated Tonight

West German's Plea For Cops Gets U.S. Ear

CONNALLY SAYS IT POSSIBLE U. S. MIGHT WANT TO HELP ARM

WASHINGTON, June 5 (UP)—West Germany's plea for permission to create a strong federal police force got a sympathetic response today among high U. S. officials and from at least one member of Congress.

One responsible official hinted cautiously that if France does not object too strenuously, the United States might approve a force limited to 3,000 men.

Chairman Tom Connally, D., Tex. of the Senate Foreign Relations Committee said it was "perfectly possible" this country might want to help arm such a force to counter-balance the Russian-sponsored 50,000-man force in Eastern Germany.

Konrad Adnauer, West German Chancellor, has asked the Big Three western powers for authority to create a 25,000-man force with authority to operate throughout the Allied occupation zone of Germany.

The proposal now is being considered by the high commissioners and no formal U. S. position will be taken until recommendations are received from John J. McCloy, the American representative.

Secretary of State Dean Acheson has said repeatedly that this country has no intention of letting Germany build up the nucleus for another mechanized army. But high U. S. officials here no longer discourage speculation that a force—limited numbers and under strict Allied control—may be allowed.

Supreme Court To Rule On Tidelands

WASHINGTON, June 5, (UP)—The Supreme Court today worked toward an early adjournment with racial segregation and the Gulf of Mexico oil dispute as major last-minute issues.

Some 18 cases still were pending. It was uncertain whether the court would meet its goal of adjourning today or whether it would have to allow itself another week.

Last year, the justices did not finish until June 23.

When the term closes, the court will recess until early October after having handed down about 100 decisions.

The segregation cases concern the right of negroes to eat with whites in railroad diners and to attend state-supported universities.

The court could either renounce or reaffirm its 54-year-old doctrine that segregation of negroes and whites is all right so long as the two get "equal treatment."

Some observers believe the court may simply dispose of the cases on technical grounds without going into the question.

The oil lands dispute is a sequel to the suit decided in favor of the federal government against California in 1947. The United States won control of multi-million dollar submerged lands along the Pacific Coast and now wants the same rights in the gulf.

A&M Graduates Two Local Boys

COLLEGE STATION, June 5 (Sp)—Among the June graduates from Texas A. and M. College were the following from Ranger: M. E. (Gene) Graves, Jr., bachelor of science in agricultural education.

Robert M. Ledbetter, bachelor of science in agriculture.

Representatives Of Civic Charity Groups Asked To Attend Gathering

Members of various civic groups will meet at 7:30 p. m. tonight to organize a Community Chest here. The meeting is in the Chamber of Commerce offices.

The Chamber of Commerce civic committee is sponsoring the meeting in an effort to get the organizations to coordinate their fund raising drives into one huge drive.

In a letter to heads of the organizations concerned, members of the committee stated that "it is felt that one well organized and concerted drive each year will raise more funds from more contributors, than do all the numerous drives now held annually."

Barker To Get Degree Tuesday At MD School

Gates R. Barker, son of Mr. and Mrs. R. E. Barker, will be graduated Tuesday from the Tulane university school of medicine.

He has attended the medical school for the past four years.

Barker was graduated from the Ranger high school in 1937. He then entered Furman university in South Carolina, receiving a bachelor of science degree in 1941.

While at Furman, he was vice-president of the freshman class, alternate captain of the football team, president of the student council and a member of the Alpha Epsilon Delta fraternity.

In 1941 he entered the Marine Corps, serving five years in the South Pacific. He was promoted to the rank of Major in 1946.

He is married to the former Kathryn Healy, daughter of Mrs. Homer Healy and the late Homer Healy.

Mr. and Mrs. Barker, Mrs. N. E. Landers and Mrs. George Allison, the latter of Sweetwater and Mrs. Homer Healy of Temple plan to attend.

Primaries To Get Underway Today In Iowa

WASHINGTON, June 5 (UP)—Another round of congressional primaries gets underway in Iowa today with President Truman's controversial Brannan farm plan coming up for a critical test.

Six other states also are scheduled to join the primary parade soon. California, New Mexico and South Dakota vote tomorrow; Maine on June 19; North Dakota 27.

All of the states, except New Mexico and Maine, will be nominating candidates for the senate as well as the house and governors.

If primaries already held this year are any indication, the chances are bright for incumbents to win their bids for re-nomination.

So far, only one present member of congress—Sen. Claude Pepper, D., Fla.—has lost his race.

With one major exception, all others breezed through their primary trials with ease. Sen. Frank Graham, D., N. C., ran into trouble when he failed to muster a clear majority and will face a run off if his nearest rival requests it.

JAYCEES CANCEL MEET The Ranger Junior Chamber of Commerce will not meet tonight.

Junior College Completes Big Selling Tour

Ranger Junior College has just completed a 1,000 mile tour covering nine counties, during which they visited at the high schools and civic clubs in the following communities: Carbon, DeLeon, Putnam, Moran, Albany, Woodson, Throckmorton, Seymour Breckenridge, Olden, Eastland, Mineral Wells, Strawn, Gordon, Santo, Graham and Ranger.

Included in the groups making the tour were the members of the Ranger Junior College Band, the Choir, and two novelty acts; the male quartet and the orchestra, Four Hits and A Miss.

Without exception the response of the audiences was warm and enthusiastic. Invitations in each instance has already been extended for return visits next year. During the tour the groups appeared before an estimated 5,000 people ranging in age from junior high school students to adult audiences.

All units will duplicate tours of this year and plans are already under way for extended tours of three-day duration to more distant points next year for both chorus and band.

Ranger Riders To Participate In Rodeo Start

The Ranger Jaycees will send a delegation of horsemen to the Breckenridge parade Wednesday.

C. E. May, Jr., president of the organization, asked that all riders who could go to contact James R. Hoff. He said the organization would like Ranger to have a large role in the parade in order to advertise Ranger and the Jaycee rodeo.

The Ranger Junior Colley will also march in the parade.

Senator Says Prosperity Chain No Stronger Than Farm Link

BY I. TER EDSON
NEA Washington Correspondent

WASHINGTON—(NEA)—Indiana says the prosperity chain is no stronger than the farm link. Senator Capehart has published a 78-page pamphlet, "The Key to Sound Prosperity," which he says is the key to sound prosperity. He says the prosperity chain is no stronger than the farm link. He says the prosperity chain is no stronger than the farm link.

This appeals to Senator Capehart, who was born poor, began life as a farm hand, then became a farmer and a big farm owner, along with his manufacturing activities. Incidentally, Senator Capehart is running for re-election this November, and has a race on his hands against Alex Campbell, former assistant attorney general.

But to get back to the Wilken thesis, he begins by a finding that "the very laws of nature and production establish capitalism as the natural form of economy." He goes on from there to state that "The failure of our capital economy to retain stability is due to price fluctuations which change the dollar value of new wealth."

Wilken's purpose, therefore, is to uncover the natural laws of exchange, which can then be used as yardsticks to make our economy work better and give us greater stability. The booklet is full of tables and charts. Much of the data—though not the conclusions—are taken from the President's Economic Report to Congress.

"A careful check of the record," writes Mr. Wilken, "will reveal that each \$1 of gross farm income will generate \$7 of national income." This is Mr. Wilken's "Key to Prosperity." "Once we realize this simple yet positive ratio of gross farm production to national income, we can set up this dogmatic conclusion—no political party can operate the economy of the United States on a basis of full employment and national solvency unless it is willing to stabilize our gross farm income at a level high enough to provide the national income required."

THIS sounds a little like a GOP Brannan plan, but it isn't. "The seven-times trade turn of gross farm income is in reality our efficiency ratio of per man production," insists Mr. Wilken. "It exists primarily because each average farm worker produces enough farm raw materials for himself and five other workers."

The conclusion which Mr. Wilken draws from this is that to create economic stability and perfect national income from severe losses due to unnecessary drops in price levels, the country should stabilize the prices of non-perishable farm crops.

"The price of our basic non-perishable crops should be stabilized at parity with the value of an ounce of gold, the yardstick for our monetary measuring in world trade," says Mr. Wilken. "Such a step would stabilize our price level for commodities at 169 per cent of the 1925 to 1929 period, or the same relationship between gold and commodities during that period."

"To stabilize the basic raw materials from our agricultural production is not price-fixing in any sense of the word," insists Mr. Wilken. "It is in this way regulating the value of the dollar as provided in the Constitution. It says that...

He doesn't say where in the Constitution it says that...

could hear was a single bird whistling vainly. One of the bunch anyway wanted to sock the bird in the kisser for making so much noise.

It stayed that way up through the second until we got to the third. Dewees and Reed teed off for the third. Reed got off a long one that went straight for the green. Dewees' looked good until it began to fall then it hooked or sliced whichever way you express it into the edge of the rough.

The crowd took it much worse than Dewees. He studied the angle of the ball, looked over his clubs and smashed one, climbing back into the fairway. But the grass slowed the ball and it left him one strike more than Reed as the Denton boy calmly played and won the hole.

The tournament ought to be about crack even—it all depending one man tells me on an accessory before or after the fact.

This was the first golf tournament for this reporter and a good golf tournament to see. There was lots of par golf, good sportsmanship and a good crowd. It was a lot of fun.

Ranger Rambling

The Ranger Golf Tournament brought players from Dallas, Denton, Odessa and points in between. If you weren't out there Sunday afternoon, you missed a real kick.

The final round of the championship went 22 holes before C. A. Dewees hit into the rough and gave the match to Buster Reed.

Dewees was the underdog of the championship flight when he came up against Reed. And maybe that was why it seemed to me he had the crowd rooting for him.

He played a good steady game of golf, kept his head all the way. I didn't find out until about the 14th hole that he was a stereo typer for a Fort Worth Paper.

Chapman Backs Independence Drive

Washington, D. C.—Oscar L. Chapman, Secretary of the Interior, today endorsed the Savings Bonds Independence Drive, he said.

"The Department of the Interior has always stood for the conservation of our National resources, the conservation of the resources of the individual citizen and his family is of equal importance to the welfare of our country and there is no surer or surer means of establishing this than through the regular purchase of U. S. Savings Bonds. I support the Independence Drive for the sale of U. S. Savings Bonds."

MANHATTEN, Kan., (UP)—The bee was a big business in Kansas last year. Each bee colony in the state added \$117 to the Kansas farm income, a total of \$7,365,000.

Body Due For Re-Examination

(UP)—Authorities are re-examining the body of 17-year-old Lorraine Hess for additional clues to the slayer who strangled her with her own coat belt and a pair of hobby socks snatched from a clothesline.

The body of the pretty High school Junior was exhumed from its grave secretly in the hope a "fresh start" might come from the second autopsy. The body, disinterred with permission of the girl's mother, was taken to an undertaking establishment for "further examination."

The dark-haired Millville High school Junior was garroted on a lot between two bungalows as she returned from a performance of the school play "June Mad" last May 13. Dr. Irvin Atkinson found in the first autopsy that the girl had not been raped and that she sustained no severe bruises.

Director of Public Safety David Reid said the examination was decided on at a conference with State Police Captains Arthur Keaton and Howard Carlson and County Prosecutor George H. Stanger. Reid did not disclose where and by whom the second autopsy would be performed.

Carlson revealed that two additional men were appointed to aid in the investigation of the case. He said they were detective Sgt. Louis Borneman and Detective Cpl. William Piana.

John R. Albert, 31, seized as a suspect in the slaying, remained in the Cumberland county prison at

bridgeton on a charge of possessing obscene pictures.

The charge, which has no connection with the Hess case, is bailable, but so far Albert's attorney, Harry Adler, has made no move for his release.

Two Anti-Cold Drugs Fail In Experiments

CHICAGO, June 5 (UP)—Two anti-Histamine drugs failed in scientific tests to give any indication that they could stop the common cold, two University of Minnesota physicians have reported.

Dr. Donald W. Cowan and Harold S. Diehl gave a report in the Journal of the American Medical Association on studies they made with Phenindamine and Tripele-namine Hydrochloride, two anti-Histamine drugs.

The drugs were tested among 367 students who enrolled at the university.

Some of the students were given tablets containing the drugs but others were given fake tablets as a control group. None of the students knew whether they had the anti-Histamines or the fakes.

"The subjects—volunteered to join the (experiment) because they were especially susceptible to colds and because colds constituted a real problem to them," the report said.

"We received many enthusiastic reports from the subjects of the cold study. However, some of most glowing testimonials came from members of the control group (who were given the harmless and ineffective tablets containing sugar and cornstarch)."

"On enrollment, each subject was asked to fill out a questionnaire. Then, after a brief discussion, he was given a box of medicine with written instructions to take one dose at the first symptoms of a cold and to repeat the dose every four hours until the cold was definitely "cured" or until the medicine (10 doses) was used."

Results of the experiment were based on both the students' and the doctors' opinions as to the severity and duration of the symptoms.

"None of these comparisons indicate that any of the experimental groups fared better than the control group."

TIPPY BOWS OUT

William Henry Harrison Dye—better known as "Tippy"—reportedly has relinquished the reins of the Ohio State basketball squad. The 35-year-old former Ohio State All-American will go to the University of Washington as head basketball coach.

Cass Michaels Gives Senators Best of the White Sox Deal

BY HARRY GRAYSON
 NEA Sports Editor

NEW YORK—(NEA)—Baseball men contacted are unanimous in the opinion that the Senators got all the best of the six-player deal that sent Scarborough, Eddie Robinson and Kozar to the White Sox for Michaels, Kuzava and Ostrowski. He is perhaps the slickest second baseman in the American League.

Big Bob Kuzava has the mechanics of a great left-hander. The only question is his heart. Rae Scarborough easily might help a pennant contender, but the Chicago club hardly will be that while he retains his stuff. The latter is especially true now that the brilliant Michaels has been dealt off for no reason at all.

Of the players who figure to help either way, the Washington club got five years the best of it both ways. Michaels, 24, and Kuzava, 27, are that much younger than Robinson and Scarborough, respectively. NOBODY could understand why General Manager Frank Lane passed Michaels along, leaving Red Corriden without an acceptable second baseman. The White Sox have a first baseman in 22-year-old Gordon Goldsberry, who would serve the outfit just as well as Robinson at home while being developed.

For these two reasons, close observers anticipated an additional deal or deals. New York offered the Senators five men for Robinson, who belongs either in Yankee Stadium or Detroit's Briggs Stadium, where his long shots reach the stands. The Tiger hitch was that they have no talent to spare.

The Yankees were also hot for Scarborough. When Clark Griffith refused to listen, Casey Stengel offered the White Sox a package for Kuzava, which in the end was vetoed by General Manager George Weiss. The Red Sox fancied Scarborough.

New York had the inside track, however, for the Yankees possessed surplus material, the second baseman the Pale Hose required in Snuffy Stirrweiss, a first baseman in Joe Collins, an outfielder in Jim Delsing, catchers in Gus Niarhos and Ralph Houk, and a young pitcher in Don Johnson.

General Manager Lane would have a tough time convincing a sound baseball man that letting Cass Michaels go in swaps bringing in older men was constructive.

Killingworth's

court he supplied Anglo-American "espionage centers" with 100 economic, political and military reports.

Pecl denied charges that he gave information to Ivor Mirko, Yugoslav Minister to Prague, and discussed the "possibilities of spreading Titoist, Fascist conception in Czechoslovakia."

He said he and another defendant gave "anti-state articles" to Helen Fisher, United Press correspondent, formerly assigned to the Prague bureau, and to Mary Baker, described as a United Nations clerk, with the understanding that they would be distributed to the western press.

Pecl was the eighth of the defendants to plead guilty.

The seventh was Antonie Klein-crova, 49, a former member of Parliament. She testified that she planned to infiltrate the Czech

The Little Things We Notice—
 ... in preparing your abstract often grow into big things as time passes. For example, if the deed is drawn in a careless manner by an inexperienced person it may be full of errors which will show up in your abstract when it comes time to sell, get a loan or lease for oil and gas. The abstractor must copy the instrument just as he finds it on record. The moral is, have your legal documents drawn carefully and only by experienced conveyancers.

Conway Duncan Tells How Hadaacol Helps Tired, Nervous Men

whose trouble is caused by deficiencies of Vitamins B, B₁₂, Iron and Niacin!

Mr. Conway Duncan, Rt. 2, Box 426, of Blytheville, Arkansas, is a very thoughtful man. And due to his ability to sit down and think things out carefully, he is a much happier man today. This is Mr. Duncan's experience in his own words:

"I felt drowsy, sluggish, tired and was rather nervous most of the time. I didn't eat much at regular meals. My wife thought that she had lost her act in cooking."

"I got to thinking of HADA-COL then using it. So I went to our country grocery store and bought myself a bottle. The third morning I ate 8 biscuits for breakfast. When I went for my second bottle, there were several of my friends buying HADA-COL too. I bought 2 bottles for some friends and told them if it didn't help them it wouldn't cost them anything. A week later I saw them and they paid me my money."

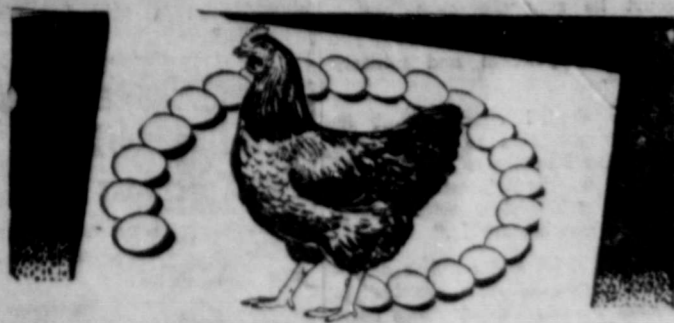

"I would recommend HADA-COL to anyone, regardless of age or ailment, who is suffering from such deficiencies."

Helps You Feel Wonderful!
 Don't you think you ought to start thinking, too—especially if you've been suffering from neuritis aches and pains, indigestion, gas, heartburn, bloating, a nervous weakened run-down condition because you have such deficiencies?

Yes, if you are one of these people deficient in Vitamins B, B₁₂, Iron and Niacin and keep putting off relieving the cause of your trouble—take HADA-COL daily to make sure your system gets more than its daily needs of these vital elements.

Let HADA-COL start you on the road to feeling better within a few days' time. Know the joys of jumping out of bed morning after a wonderful night's sleep—full of the joy of being alive. Know the thrill of feeling physically fit, full of vim and vigor.

No matter who you are—banker, lawyer, merchant, farmer, factory worker or retired—give this wonderful new HADA-COL treatment a chance to help you feel like a million. Trial size bottle, only \$1.25. Large family or hospital size, \$3.50. *Photo by professional model. © 1950, The Lobbins Corporation

A WELL-DEVELOPED PULLET LAYS about 2 Doz. EXTRA FALL EGGS

In Pulina Pullet Growing Demonstrations, pullets led Pulina Growers laid 21 MORE eggs apiece during the early winter months — than pullets grown on a poor growing ration. How does that sound to you? Would you like lots of early Fall eggs? Come in — we have a Pulina feeding plan to suit you.

Victory Class Has Party

Members of the Victory Class of the Second Baptist Church were entertained with a party Saturday night in the Recreation room of the Church.

A series of games were enjoyed by the group and refreshments of ice cream and cake were served to the 34 who attended.

Mrs. Earl Horton and son, Charles, left today for Weatherford where they will meet Mr. and Mrs. Kunkle, parents of Mrs. Horton. They will go together to New London where Mrs. R. Jones, Mrs. Horton's sister, is ill.

Women's Club Slates Meet

The Royal Neighbors of America Club will meet at 8 p. m. tonight in the Terrell building. All members are urged to be present.

Fine Art Colony To Open Monday

A Fine Arts Colony has been organized in Eastland and classes are scheduled to begin June 5. The colony, organized and headed by Mrs. Florence B. Jessop, art instructor of an Eastland studio, is the only one of its kind in Central and North Texas.

Classes will begin at 9 a. m. and be held in the American Legion Clubhouse. Instructors will be John Gaitha Browning, Brownwood, and Mrs. Alma White Quinn Eastland. Night classes will include lectures and Audio-Visual training. The public is invited to attend these night sessions.

Browning, who studied under Harry Anthony DeYoung, has been painting since he was 14 years old. In 1940, Browning opened a studio in Brownwood and he conducted the colony there until 1944. He entered the Armed Forces and spent three years in the Pacific, returning to the states with a fine collection of first-hand paintings.

Mrs. Quinn, operator of a pottery shop in Eastland, will instruct moulding and finishing in pottery; the painting room and glaze work. Mrs. Quinn creates and designs her own art pieces and will also supervise waterpainting and enameling.

Mr. and Mrs. C. W. Jennings of Big Lake have been the guests of their daughter, Helen Jennings.

Elite Club To Have Luncheon

Members of the Elite Club will meet, Thursday, June 8, in the home of Mrs. T. J. Melva on First Street, for a covered dish luncheon.

All members are urged to attend.

Mr. and Mrs. C. W. Jennings of Big Lake have been the guests of their daughter, Helen Jennings.

Ginny Phillips Honored By Party

Mrs. Harlan Phillips honored her daughter, Ginny, Friday, June 2, with a party celebrating her 6th birthday.

Betty Penn and Wanda Clem assisted the group in a series of games. Pictures were taken by Mr. Capps, and refreshments were served to the group.

Those attending the party were Cathy and Tim Covington, J. L. Clemmer, Judy Purefoy, Donna Drennan, Linda Kay and Tommy Warford, Kay Hopper, Jay Dell Baker, Shelline Scott, Arinda Carver, Sarah Johnston, Richard Cozby, Patty Kim, Johnny McGee, Loyd Capps, Marilyn Warden, Donna and Karla Kirk, Cooky Falls, Milanda Dean, Paula Lingie, Tony Maddox, Annette Harris, Barbara Craig, Randy Reames, Mary Katherine Rush, Ginny Phillips, the honoree, and Betty Penn and Wanda Clem, hostesses.

Personals

Miss Deanne Sanders visited with friends in Fort Worth Sunday.

Joe Campbell of Beaumont was the week-end guest of his parents Mr. and Mrs. C. A. Campbell.

FORTH WORTH, Tex., June 5 (UP) — (USDA) — Livestock: Cattle 3600, active, all classes steady to strong. Medium and good slaughter steers and yearlings 24-29.50, load 1010 lb. steers 29.50, common lots 23 down. Common and medium cows 17.50-20, good 20.50-21.50, odd lots 22 and higher. Cutter to good sausage bulls 17-22. Several loads medium and good stocker and feeder steers and yearlings 24-27.50, common 21-23, two loads 23.
Calves 1100, Steady. Good and choice slaughter offerings 25-30.

Lightning Almost Struck Twice

Eight persons were injured when the bus (above) collided with a taxicab, dashed through a gas station and shoved the corner (right) of a 1½ story house off its footings. The accident took place in Chicago, just a half block away from a parked 8000-gallon gas truck of the type involved in the recent Chicago traffic disaster in which 33 victims burned to death.

common and medium m18-24, culls 16-18. Medium and good stocker calves 24-29, few lights 30 and higher.

Hogs 1300. Butcher hogs 50-75 higher than Friday. Sows strong to 50 higher, feeder pigs steady. Good and choice 190-270 lbs. 19-25-19.50. Good and choice 160-180 lbs. and 275-375 lbs. 17.50-19. Sows 15.50-17. Feeder pigs 15-17.

Sheep 18,500. Very slow, bids and sales on spring lambs around 10.00 or more lower, other classes about steady. Few choice spring lambs 28. Most medium and good springers 24-27.50, medium and good shorn slaughter lambs 22.50-24.50, common to good shorn slaughter ewes 9-11.50. Shorn feeder lambs 16-29.

According to a new medical theory, unbalanced hormones can cause mental disease. Hormones are chemicals produced by the body glands.

In old England, the job of a sheriff was to ride circuit across the countryside collecting levies and fines and holding court. He was appointed by the king.

Beautiful model of a great idea!

Look, and you see beauty! New trend-making, pace-setting beauty inside and out! Then look deeper... beneath the surface! There's where you find an even greater difference! Great engineering—solid quality of construction. The great Chrysler idea that means new pleasure in the comfort of a car... new satisfaction in the durability and safety and convenience of a car! Look closer still! At the workmanship... at the quality of the materials... at the value all the way through that only Chrysler offers. That's what you pay for... and that's what pays you back! Come look... take the wheel... drive... there's nothing like this Chrysler.

- Chrysler Driving Advantages:**
 - Fluid Drive... automatic gear shifting with exclusive car control High Compression Splitfire Engine... extra power at all speeds.
 - Super-Standard parts for longer life. Exclusive Lubricated cylinder walls for greater wear!
 - Waterproof Ignition System... prevents stalling in flood or storm. Full Flow Oil Filter keeps oil clean.
- Chrysler Comfort Advantages:**
 - Chair Height Seats... no crouching on the floor... Functional Design... room for your head, legs, shoulders. Easy to enter and leave.
 - Center-arm Steering... minimizes road shock, wheel tilt. Rubber Body Mountings... Floating Power... eliminate vibration, help give softest, smoothest ride in history.
- Chrysler Safety Advantages:**
 - Safety Rim Wheels... won't throw tires after blowouts at normal speeds. Constant Speed Windshield Wiper... electrically operated.
 - Safe Guard Hydraulic Brakes... balanced brake power, smoother stops, less pedal pressure. Cyclebonded linings for double the wear. Full vision... wherever you need it.

The Beautiful **CHRYSLER** with Fluid Drive
