U S TROOPS BLUNT ONE ATTACK; LOSE GROUND TO KOREDS

By Earnest Hoberecht
United Press Staff Correspondent

TOKYO, Tuesday, Aug. 22, (UP)—American troops have blunted one Communist spearhead 35 miles west of Pusan. But they have lost some hills to another column thrusting along the nearby South Korean coastal road.

Stalled all around the Allied beachhead, the North Koreans were reported massing strong forces along the coastal plain between Nagan and Chingju. They are getting ready for another determined push against Pusan, the port through which American troops and supplies move on their way to the front.

The coastal battle line shifted back and forth as relatively small units of Americans and North Koreans traded feeler punches.

Troops of the U. S. 25th division counter-attacked in the area of Yuchon, 35 miles west of Pusan. They recaptured all ground lost a day earlier and checked the enemy exploration in that sector.

A few miles to the south about 1,000 Communists hit the coastal flank of the American front in the Chindong-Ni area, eight miles southwest of Masan. They pushed advanced U. S. outposts off high ground just inland from Chindong-Ni.

Staff officers of the 25th division did not consider the preliminary punches along the coast serious. But they watched closely a reported enemy buildup behind the front. The whole region as far west as Chingju was conquered once by the Americans but given up to plug a threatening gap in the American defenses to the north.

Front detachments said the stab near Chindong-Ni may have been designed to prevent the South Korean Marines who made a week-end landing on the Tohyong peninsula from working their way north and establishing a continuous defense line up the Nakdong.

Services Held Sunday For Mrs. Larson

Three ministers officiated at services for Mrs. A. N. Larson, Sunday.

Mrs. Larson was a member of the First Methodist church, an active participant in all church affairs and a member of the Women's Society for Christian Service.

Rev. Garland Lavender, pastor of the local First Methodist church; Rev. Albert Baker and Rev. Frank Bartos, both of Waco, conducted the services. The Killingsworth funeral home had charge of the rites.

In addition to her husband, A. N. Larson, manager of the Texas Electric Service company, Mrs. Larson is survived by the following: a son, Fred of Ranger; a daughter, Mrs. Price Crawley, also of Ranger; seven brothers—Paul, Judy, Carl, Albert, Harry, Harold and Matt Lindloff of Waco; two sisters, Mrs. Carl Penderon of Waco and Mrs. Clarence Goldberg of Galveston; and two grandchildren, Skipper and Sharon of Ranger.

Miss Burnett Named Head Of Medical Lab

Miss Mildred Lucille Burnett, daughter of Mr. and Mrs. Charlie Burnett of Ranger, has been appointed as head laboratory technician in the Flint-Goodridge hospital of Dillard University, New Orleans.

Miss Burnett is a recent graduate of Meherry's School of Clinical Laboratory Technology, Nashville, Tenn.

LOOK ON THE SPOT—Eighteen-year-old G.I. who escaped death by rolling into a ravine as 32 of his comrades, arms bound, were shot to death on Hill 303, near Waegwan, South Korea, puts the finger on a North Korean soldier accused of taking part in the atrocities. Military policemen (right) hold a Russian-made machine gun called the "burp gun"—of the type used in the massacre. (Exclusive Radio-Telephoto by NEA-Acme staff correspondent Stanley Tretick).

First Victory

KOREDS FIGHT LIKE DEMONS BEFORE THEY BREAK UNDER HEAVY AMERICAN SHELLING

By Robert C. Miller
United Press Staff Correspondent
ON THE NAATONG RIVER FRONT, Korea, Aug. 21 (UP)—The dead have been buried and the injured bandaged. So the Monday morning quarterbacks took over the battle of the bulge today, analyzing the Americans' first major victory in Korea to find out how 12,000 Communist troops were wiped out.

There was no single answer. It was a combination of teamwork, superior firepower and guts that drove the North Koreans in the Yongson bulge as far back as the Nakdong, killing an estimated 1,500 and destroying large quantities of Communist guns and supplies.

There was not much real estate involved—seven miles at most—but the effect on both American and North Korean morale was tremendous.

The Reds who got back across the river don't exactly know what hit them. But they must realize that their rosy visions of a victorious march through South Korea are gone and their future is a bleak one filled with American high explosives.

The battle was a joint Army, Marine job in which the Marines made the most spectacular gains and suffered the most casualties. But it must not be forgotten that the Army 24th Division weakened the North Korean with 10 days of continuous punishment at it was slowly pushed back from the Nakdong line by overwhelming forces.

And every GI and Marine was willing to give a large share of the credit to Marine and Air Force planes, whose close air support paralyzed the enemy and rooted him out of well dug-in positions with strafing and bombing from only 100 feet in the air.

There was no "pinpoint" strategic bombing from high altitudes. It was all close-in, visual slugging that gave the Americans a belittling weapon they utilized most effectively.

The price was terribly high measured in tons of shells and high explosives used against the Reds, but cheap in lives lost.

For every Communist artillery and mortar shell fired at them the Americans tossed back 20. Artillery batteries accumulated mountains of shells, and on hillsides which were objectives of the drive there is scarcely an acre not pockmarked by American shells.

The older inter-service rivalry which many have been trying to eliminate had much to do with our first big win.

When the battle started, the Marines went in determined to show the Army "how it should be done." And the Army, battered and stung by five weeks of continuous defeat, had no intention of being shown up by the Marines.

The combined ferocity of the drives was just too much for the North Koreans, who fell back in disorder once their thin crust of resistance was broken.

The Communists have been credited with exceptional military skill in Korea, but they showed

Several conservation plans will be observed, along with such conservation practices as contour strip crops, cover crops, trashy tillage, plow-billed terraces, waterways, and pasture development.

During the afternoon, the group will see a large brush cutter in operation. This cutter is built similar to a stalk cutter, but weighs about 25,000 pounds.

All farmers and ranchers are invited to attend.

Mobilization MARINES, ARMY, NAVY PUSH CALLS

WASHINGTON, Aug. 21 (UP)—The Marine Corps began sending orders to district reserve directors today for 50,000 officers and men in its voluntary reserves.

The reserve directors, in turn, will relay the orders to individuals needed to meet the demands of each Marine Corps branch.

The move is part of a general mobilization drive announced last week to bring the Corps' manpower up to 174,000, enough for two full strength divisions and two full strength air wings plus extra support and administrative units.

THE INITIAL ORDERS would affect some 2,600 ground and non-pilot aviation officers and an undisclosed number of enlisted men with the rank of sergeant and below. The majority are expected to get their orders within two months.

The Marine Corps' action marked a general speed-up in the entire mobilization program. Defense officials explained that they have taken care of all the preliminary decisions—just how many and what servicemen are needed—and the recall machinery can now be thrown into high gear.

HERE IS A SUMMARY OF the general mobilization picture: Army—Calling up 8,432 Captains and Lieutenants; in 16 arms and services; 1,582 up to major in the medical and medical service corps and veterinary corps and up to Lieutenant Colonel in the dental corps; and 62,000 enlisted men from its reserves who are not assigned to organized units.

National Guard—Four divisions and two regimental combat teams will be heading for training areas. In addition, a number of non-divisional units already are in training areas and more will be going. No other divisions will be called this year under the present plans.

AIR NATIONAL GUARD—Three or four air groups will get orders in the next few weeks. They will train as close air support for the Army.

NAVY—Calling some officer and enlisted personnel on an involuntary basis. It declines to say how many.

Air Force—Calling 8,000 officers and 42,000 airmen from its reserve pool. The bulk are scheduled to be on duty by early fall.

Selective Service—Calling 50,000 draftees in September and a like number in October for the Army. New calls for 50,000 in November and 35,000 in December are expected to be made shortly.

By Victor Kendrick
United Press Staff Correspondent
HONG KONG, Aug. 21 (UP)—Australia and the Philippines joined Britain today in announcing they will send ground troops at once to Korea to reinforce hard-pressed United Nations forces.

Altogether the three countries will ship 3,600 infantrymen to Gen. Douglas MacArthur, UN commander for Korea.

Britain and Australia together will send three battalions, some 2,400 men. President Elpidio Quirino of the Philippines said in Manila his Republic's first contingent of 1,200 is "ready for immediate dispatch and can go anytime now."

Quirino implied that the troops would leave within the next 10 days. He did not say when the remainder of the Philippines' preferred expeditionary force of 5,000 would be ready.

Britain's two battalions—4th and 1st Argyll and Sutherland "Ladies from Hell" and the 1st Middlesex—already were packing their kit bags in Hong Kong for immediate shipment to Korea.

In Canberra, acting Australian Premier Arthur W. Fadden announced that an Australian battalion will join the two United Kingdom battalions in Korea.

Although Fadden gave no details, it was believed the Australian battalion would be detached from the Commonwealth occupation forces in Japan. It probably will join the two United Kingdom battalions before they go into action.

The three battalions were expected to be welded into a three-battalion brigade, normally the size of a self-contained British fighting unit. An infantry brigade, complete with its own artillery, engineers and administrative unit, usually totals 4,000 men.

Services Set For Cisco Victim Of Mystery Hanging

Schools Slate Registration This Month

Local schools today scheduled registration.

Newly-elected Superintendent of Schools G. R. Rush said that students would register on the following days for public schools: August 29—Seniors, high school building.

August 30—Juniors and sophomores, high school building.

August 31—Freshmen, high school building.

September 1—All junior high students (seven and eight grades) will register at the high school building.

All grade school students will register at their respective schools:—Hodges, Oak and Young.

St. Rita's school will register students from 9 a. m. to 12 on August 23. Authorities at both the public schools and St. Rita's urged students to register at the above times.

Fire Destroys Laundry Early Sunday Morning

Fire destroyed the McGraw laundry on US 80 near Tiffin Road at 9:40 a. m. Sunday.

No one was in the building. The owner, Burt D. McGraw, had \$700 insurance on the fixtures; \$500 on the building.

The main fire truck was in the shop for repairs so the department had only the booster truck. Seven volunteers plus the paid men turned out for the fire.

Cause of the fire was not determined.

Community Chest Slates
The Community Chest will meet at 7:30 p. m. Thursday at the chamber of commerce office instead of Tuesday as previously reported.

Australia, Philippines, Britain To Send Troops To Korea At Once

Volunteers from Britain, Australia and New Zealand ultimately may bring the Korean brigade up to full strength.

Brig. B. A. Coad was named to command the new force. The British contingent may leave by chartered ship this week. If not, a regular troopship is due here early in September.

Hong Kong lies some 1,200 miles southwest of Pusan, the main United Nations port in Korea.

Britain and Australia announced the troops would be sent to Korea in response to an urgent request for immediate reinforcements from Gen. MacArthur.

The 1st battalion of the Argyll and Sutherland Scottish regiment, whose fabulous assaults to the accompaniment of wailing bagpipes were legendary in two World Wars is 90 per cent regular soldiers. They were jubilant at the prospect of shaking off the dust of the Hong Kong training ground for real front-line action.

The Pittsburgh and Lake Erie railroad at Pittsburgh.

The Brotherhood of Railroad Trainmen and the Order of Railroad Conductors said the strikes would be lifted after five days.

The work stoppages hampered the nation's war production, just beginning to slide into high gear. At Washington, it was predicted that President Truman would seize struck lines but the White House denied that any such plans existed.

Today's strike was called against the River Terminal railway at

Funeral services for Miss Martha Wende, 58, whose body was found hanging from an oak tree in the yard of her farm home three miles south of Cisco, Saturday, were scheduled for 3 p. m. Monday at the Thomas Funeral home chapel in Cisco.

A verdict of "death by hanging by an unknown person or persons" was returned by Justice of Peace W. E. Brown of Cisco Sunday morning. Brown said that no motive had been established in the death Sunday.

Sheriff J. B. Williams is investigating the death.

Miss Wende's body was found by her nephew, Charles Wende and Erna Faye Graham, both of Cisco, at about 8 p. m. Saturday. Officials said that she had apparently been dead about three hours when the body was discovered.

Brown said the body was suspended with knees touching the ground, by a five foot rope. The body was fully clothed and showed no signs of physical violence except for an old injury of the right wrist.

Relatives of the dead woman said she had been in good health and had shown no signs of despondency in recent visits to their home.

Born June 26, 1892, in Eastland county near the site of her farm home. She had lived alone and managed the 160 acre farm since 1942 when her mother died.

Survivors include six brothers, Charlie, Otto, Paul, Gus, E. J., and Dan Wende, all of Cisco; two sisters, Mrs. Ida Huber of Houston and Mrs. C. A. Weiser of Cisco, and a number of nieces and nephews.

Father Dies At Graduation

COMMERCIAL, Aug. 21 (UP)—Mozella Mills always will look back at graduation day as the black Sunday of her life.

Miss Mills had waited with happy patience for her "big moment," receiving her master's degree from East Texas State college.

An hour before commencement exercises started, her father, Tom H. Mills of Tyler, walked up a stairway leading to the main auditorium. As he reached the auditorium, he collapsed and died.

Congress Worries About Getting Home For Campaigns, Excess Profits Tax

WASHINGTON, Aug. 21 (UP)—With only five major items remaining on the legislative slate, Congress headed today into what leaders hope will be the final two weeks of the session.

Top on the list are a \$5,000,000,000 tax bill to start paying for the Korean war and appropriations bills carrying about \$48,000,000,000. Other "must" bills include emergency economic controls, anti-subversive curbs and family allowances for GIs.

Although many Congressmen are in a hurry to close up shop and go home for some campaigning, they are agreed that these five things must be done before quitting. They hope to complete the job by Sept. 2 but some think it may take an extra two weeks.

Once they do finish, there will be some question whether to adjourn or recess. Many members, especially the Republicans, favor recessing because that would allow them to come back from time to time for a check on the war situation without relying on President Truman to call a special session.

Elsewhere in Congress: Controls—The Senate prepared to vote on its economic controls bill which would give President Truman power to impose wage-price-rationing curbs. Administration leaders were confident they could defeat all major amendments. But nevertheless a close vote was expected on an attempt to write provisions of the Mundt-Ferguson Communist control bill into the economic legislation.

Texas—Sen. Joseph C. O'Mahoney, D., Wyo., took the Senate Finance Committee to task for postponing action on an excess profits tax. He said there is no reason to put off "drafting the profit dollar to back up the fighting man." O'Mahoney announced that he would introduce an excess profits tax amendment to the \$5,000,000,000 war tax bill which the Senate expects to take up later this week.

Crime—The Senate Crime Committee will investigate alleged gray market profiteering by "nationality-knowing racketeers" in New York and other cities. Chairman Estes Kefauver, D., Tenn., said "a number of witnesses from New York" already have been subpoenaed to appear at a public hearing tomorrow, but he did not identify them.

Stockpiling—A House Lands Subcommittee will start hearings tomorrow on a plan for government stockpiling of hard coal. The idea is part of an overall program to conserve manpower and railroad car space for national defense.

Band Director Confronted With Problem Of Getting Instruments

By Robert R. Gans
Ranger Band Director
The music supervisor of band director is always confronted with the problem of how and where to purchase instruments for the Junior band. In large communities where there is a regular music allotment, this problem is not so acute, but in smaller towns and cities, the situation is indeed a serious one.

lem by offering to the schools, a rental plan.
This plan is for families of moderate means to whom a large outlay of cash would constitute a hardship. The plan is simply this: A brand new instrument, a nationally known brand, is given to the student on a rental basis. The parent pays only ten percent of the total cost of the instrument, plus a small rental fee. Thus, if an instrument cost \$100.00, ten dollars, plus one month's rental fee is all the cash outlay the parent has to give. Rental usually runs from five to ten dollars per month, depending on the price of the instrument.

FIGHT POLIO!

BE READY - protect your family by guaranteeing them the most advanced treatment and the best of medical care - WITHOUT DELAY!

Provident's Polio Policy
Pays up to \$10,000.00 for

- 1. DOCTOR'S BILLS 5. ORTHOPEDIC APPLIANCES
2. HOSPITAL BILLS 6. AMBULANCES
3. SPECIAL NURSES 7. TRANSPORTATION BY RAILROAD OR AIRPLANE
4. IRON LUNGS (all as outlined in the policy)

These benefits will be paid for each insured member of the family who is stricken—and there is no time limit for incurring these expenses!

The annual premium is only \$4.00 for one person, \$6.00 for two, and then \$3.00 for each additional person (ages 14 days to 80 years).

Fred Jones, 17, Mangham, La., left, was named Star State Farmer at State Convention held recently at Southwestern Louisiana Institute in Lafayette. Jones won over \$1700 in awards in addition to Certificate and plaque. Major prize was 1950 Ford Tractor presented by Senator Dudley J. LeBlanc, Pres. of The LeBlanc Corporation, at whose desk Jones is shown above. It was the most valuable prize in State Star Farmer history. Jones title was given for having "best supervised farm program" in state. Now a Senior in Mangham High he plans to attend L. S. U. next year and also try for Star American Farmer title.

Chemical Found That Discolored Baytown Houses

BAYTOWN, Aug. 21 (UP) — Hydrogen sulphide was labeled the villain that caused some 150 Baytown houses to change overnight from sparkling white to dingy yellow-grey.

Heavy smog bearing the chemical rolled across a section of Baytown Tuesday night. Its odor, described as "burned grass" was bad enough, but what it did to the paint jobs of white houses sent homeowners howling.

THE HOUSES TURNED yellowish-grey as a greasy coating from the smog formed on wooden surfaces.

Attempts to wash off the coating were successful—too successful, for sometimes the discolored paint came with it.

A laboratory analysis proved hydrogen sulphide to be the discoloring element floating in the smog. But just where it came from was another question.

CITY MANAGER, C. D. Middleton said laboratory analysis showed the smog was heavily laden with hydrogen sulphide, but he admitted he didn't know the source.

Several industrial plants in the region were suspected as investigators continued their efforts to pin-point the source. Reserves of iron ores in the United States of the kind now in use, plus additional usable ores, are estimated to total more than 77 billion gross.

Los Angeles has an ordinance banning striped barber poles.

Christmas tree ornaments, once imported, are now made by machines in the United States. One machine can turn out 1,200 glass ornaments in an hour.

More than 10 per cent of the coffee consumed in the United States is now marketed in soluble form, according to Encyclopedia Americana's 1950 yearbook.

Tibet has an average level higher than the 14,495-foot top of Mt. Whitney, Calif.

Jim was Harry's best friend and so when he noticed that Jim seemed very downcast, he asked, sympathetically, "What's the matter?"
 "It's my wife," was the reply.
 "Why, your wife is one of the finest of women," Harry said.
 "She's always nagging at me, surely you've noticed that."
 "Well," said the friend, "since you bring up the matter, it does seem to me that she fusses at you a little."
 "See here," Jim exclaimed, "don't you dare talk about my wife."

ALL IN A LIFETIME

TEXAS NEWS BRIEFS

ABILENE, Aug. 21 — Commencement exercises for 230 summer graduates were scheduled tonight at Hardin-Simmons university with Judge T. Whitfield Davidson of Dallas the speaker.
 The bumper class, added to the June graduates, compose the largest group of students receiving degrees from the university in one year. The class roster contains the names of five married couples.
DALLAS, Aug. 21 — Damages were set today at \$10,000 as the result of a two-alarm fire in downtown Dallas early yesterday.
 The blaze, of undetermined origin, broke out in a two-story building housing several attorneys' offices and a bonding company.

ABILENE, Aug. 21 — Funeral services will be held here today for Dr. B. F. Rhodes, 75, longtime Abilene physician who died in a hospital here Saturday.

It Was An Error In Judgment—
 ... when the rejected candidate was led to believe that he had his race in the bag because every voter he met told him so. And about as disillusioned is the person who is convinced that an abstract is a lot of extra expense, and unnecessary, in a real estate transaction. There's another error in judgment. He stands to lose more, perhaps, than the candidate who lost the election. A winner always insists on an abstract when he buys real estate, and you can't beat that for good judgment.

Two Texans Want Fight Not Loading

By Robert Vermillion
 United Press Staff Correspondent
 ON THE NORTHERN FRONT, Korea, Aug. 21 (UP) — Five quartermaster privates, three of them from south of the Mason-Dixon line and two Dumb-Yankess, trudged into the 27th regiment command post today and announced that they wanted to fight.
 That's what they came to Korea to do, said Pvt. Billy Smith of Irving, Tex., Norman Smith, of Pocatello, Idaho, James Smith, of Hillsboro, Tex., (the three Smiths no kin) Earl Benson, of Chillicothe, Ohio, and Robert Hall, of Dallas, Tex.
 But all they had been doing is loading and unloading trucks at the rear port of Pusan, they said. So, they said, they want AWOL yesterday afternoon and hitchhiked north for 24 hours.
 "We just kept going until we got to the front," Billy Smith said. The front was about 600 yards ahead. Mortars crunched and small arms fire crackled in the hills around them.

The patrol men were tattered, fatigued, and sweat had made brown mud of the dust coating them.
 "If they send us back," said Benson, "we will just take off again."
 The battalion commander has not decided yet what to do with them. You don't get replacements like that every day.

Second Baptists Start Revival With Prayers
 Revival services will begin at the Second Baptist Church Friday night, August 25 and will continue through Sunday, September 3. Rev. Jasper C. Masegosa, pastor, will be in charge of the services. Prayer services for the revival will be conducted at 8 p.m. today as follows:
 Men's Bible Class at home of R. O. King, 323 Alice Street; Mary and Ruth classes at the church; Victory and Rebekah classes at the home of C. M. Rodgers, Eastland Hill; Young People and Intermediates at the parsonage, 215 Elm Street; Juniors at the home of Price Rose, Caddo Highway. Visitors will be welcome at each service.

One of America's biggest steel producers has stockholders in each of the 48 states and in more than fifty foreign countries.
DALLAS, Aug. 21 — E. W. Bacon and his wife escaped injury yesterday when their light plane crashed in a field near their home. The plane was damaged badly. The Bacons were returning from a visit to Durant, Oklahoma.

DALLAS, Aug. 21 — Parkland hospital today nursed its 254th polo patient of the year, a four-year-old Grand Prairie, Tex., boy. The child was admitted to Parkland's overcrowded isolation ward yesterday.
