Perdue Blows In Strongly; Tenth In Pool

Crossman and Savage No. 1 Perdue blew in strong Thursday morning, the tenth flowing well in the new Lake Sand pool about four miles West of Eastland.

The well came in without hydrafrac, and indications were that it would be the best producer in the new pool to date.

A test run was started Thursday morning, but the pressure was so great that a leak came in the pipe. A new line was laid Thursday and a test was expected to be made Friday.

Pressure was so great when the well blew in early Thursday, oil was hurled to the top of the huge steel derrick over the well.

Gilchrist Drilling company is preparing to drill the No. 1 E. E. Ayers as a west offset to production in the Bankline - Owen field.

The No. 1 Ayers is 330 feet from the south and 987 feet from the west lines of section 49, B. 4, H & T. C. Survey. Slated depth is 3,600 feet with rotary.

Bankline's No. 5 Mrs. Briggs-Owens was nearing completion. Spudding operations have begun on location of the No. 7 Owens.

The No. 6 Owens flowed 75 barrels in a three hour test Thursday.

Phone Company Makes Appeal To Hunters

"Please don't shoot at birds on telephone lines," is the plea of W. H. McAnally, manager of Southwestern Bell Telephone Company, who says that each year thousands of telephone wires are broken by stray shots during the hunting season.

"BIRDS CAN FLY AWAY," McAnally said, "but telephone wires just have to sit there and take it. It's not that the hunters deliberately try to hit the wires, and I don't think sportsmen would shoot at a sitting bird on a wire, but I guess they just don't realize that a hasty shot, might cause serious damage to telephone lines and disrupt long distance service."

Explaining the yearly dilemma, McAnally pointed out that each hunting season money, man-hours, and telephone calls are lost through gunfire damage to telephone lines.

"IT WOULD HELP A LOT," he said, "if hunters would be very careful when they are in the vicinity of telephone lines. Even if a bullet or shot only nicks the wire, when cold weather comes the wire contracts and the added stress may cause it to break."

One solution advanced by the manager was that telephone engineers might try to develop a type of wire that would move when shot at. "In the meantime," he said, "all we can do is to ask hunters to be careful when shooting at birds near telephone wires."

Mrs. Newell Gives College Tuition Money

Mrs. Dell Newell of Albany has made money available to the Ranger Junior college for ten tuition scholarships.

Dr. G. C. Howell, president of the college, said that Mrs. Newell gave some money last year and an additional amount this year.

The late Mr. Newell started the policy which Mrs. Newell is continuing to carry out. She is making gifts to colleges, homes, churches and other needy groups.

22 INJURED WHEN SANTA FE PASSENGER GOES OFF TRACK BY LAMPASAS, YESTERDAY

LAMPASAS, Aug. 31 (UP)—An east-bound Santa Fe railway train tossed seven passenger cars off its tracks and down a steep embankment early today and 22 persons aboard were injured.

Only two of the passengers were believed to be hurt critically.

One of the first men to reach the scene was Sheriff Fred Mason of Lampasas county.

"Some of them were butchered

Season Tickets To Go On Sale At Gym, Friday

Ranger high school season football tickets will go on sale tomorrow.

The tickets will be on sale at the superintendent of school's office, located in the gymnasium.

G. B. Rush, superintendent, said that last year's season ticket holders can get the same seats again if they wish by contacting his office.

The Bulldogs play four home games—Bowie, September 22; Cisco, October 13; Hamilton October 27; and Eastland, November 11. Bowie is the only non-conference game of the four.

Two Countians Win Big Texas Poultry Contest

Wyman Blair, poultry farmer of the Corinth community, recently received a check for \$50.00 as first place winner in the Texas Farm and Home Egg Laying contest in the 1,000 hen division.

According to Blair there were four different divisions in the contest that any poultryman could enter depending upon the size of his flock. He entered the 1948-49 contest but failed to place. The contest that he won started on Oct. 1, 1949 and closed on July 31, 1950. Blair started the contest with 1,000 laying hens and ended with only 425 birds due to close and frequent culling.

"I culled my hens every time they did not look right or were not laying. I put them in the cull hen house and about every two weeks I took them to town and sold them," Blair said.

He has electric lights in his laying houses on his farm on Highway 80 nearly midway between Eastland and Cisco. The hens were awakened by lights that flashed on each morning at 4:30 a.m. and was their signal for "hitting" the ground for feed, water and their daily round of egg laying.

He plans to enter the contest again this fall if it is continued he said.

Eastland county also had another winner, Mrs. Toy Funderburk, Ranger. This was the second successive year for her to win.

Eastland county annually produces over a million dozen eggs according to J. M. Cooper, county agricultural agent.

Gilberts Close Shop

T. G. Gilbert, owner - operator of the Gilbert Pastry shop, is moving to Stamford where he will open a bakery. Gilbert said that the move would place Mrs. Gilbert and him closer to their children.

MAY BE "SEOUL CITY SUE"—Unconfirmed reports from Tokyo says that Mrs. Ann Wallace Suhr, right, may be the "Seoul City Sue" who broadcasts to the U. S. troops in Korea. Mrs. Suhr, formerly Ann Wallace of Holdenville, Oklahoma, had this photo taken in 1930 while in Korea. The woman at left is identified as her secretary who taught Mrs. Suhr the language and customs. Later Mrs. Suhr was imprisoned by the Japanese along with her husband, a Korean missionary. Her sister says she believes Mrs. Suhr is the only American left in Seoul, and is firm in her belief that she is making the broadcasts, it is by use of force on the part of the Communist invaders. (NEA Telephoto).

O. K. Grocery Joins Large Grocery Group

The O. K. Grocery will hold a second grand opening, 28 years since its first.

George Fengler, owner - operator, explained that the second opening marks a change in merchandising from that which has been followed in the past.

THE LOCAL STORE HAS RECENTLY joined the Independent Grocers Association. Five thousand grocers buy through the association with a resultant saving.

Fengler said that O. K. will be able to pass the saving on to its customers.

The store front has been repainted and a store room is being added in the back. Fengler said that other changes would be made gradually.

MR. AND MRS. FENGLER ESTABLISHED the store on the same corner in 1922. It has followed the same system of service until this change.

Employees are Harry Warner, head of the meat department; Miss Mary Francis Higginbotham; Mrs. Emma Mae Mathis, and Clifford Floyd.

Florence Yonker To Get Degree

DENTON—Miss Florence Jeanette Yonker, daughter of Mrs. Helen C. Yonker, Ranger, is among 113 candidates for bachelor's degrees to be awarded at Texas State College for Women August 31 at 9 a. m. in the college main auditorium.

Dr. L. H. Hubbard, retiring president of the college, will deliver his last commencement address to the largest August graduating class in the school's history. Forty-six women will be conferred a master's degree at the exercise.

Labels Communism

WASHINGTON, Aug. 31 (UP)—President Truman said today that Communism is "one of the great obstacles" which stands in the way of peace and better lives for working people.

THE WEATHER

More springlike showers fell across scattered portions of Texas yesterday and the weather bureau predicted repeat performances in many parts of the state again today.

The showers, none of them very heavy, kept temperatures in the low 90's over most of the state yesterday with a high of 102 reported at Presidio.

Wednesday's high 86
Wednesday's low 56
At 8 a.m. today 60 area.

McMahan Says Russia Has WASHINGTON, Aug. 31 (UP)—Sen. Brian McMahon said today that Russia has "some atomic bombs" and so this country should move vital government agencies away from the Washington target

Local Paper Starts New Local Column

Your local paper has contracted with the Eastland County Agricultural Workers' association for a monthly column—or series of short articles—about the agricultural interests of the county. The first of this series started today.

THE AGENCIES ASSOCIATED in the association follow:

Farmers Home Administration, George L. Lane, of Eastland, head; County Agent, J. M. Cooper, Eastland; Soil Conservation Service, Randall Reeves of Rising Star; Production Marketing Administration, Emmett Powell of Eastland.

High School vocational agricultural teachers—M. D. Fox of Eastland; Gail Jones of Cisco; B. S. Dudley, Jr., of Ranger; H. L. Geyer of Rising Star; E. C. Brantlett of Gorman; Charles T. Spence of VETERAN'S VOCATIONAL

agriculture teachers—Paul Creech county supervisor, Eastland; James M. Starr, Romney; Fred N. Stewart, Carbon; G. R. McMullan, Eastland; Robert Donovan, Cisco; Willie M. Crow, Ranger.

Perry C. Spenny, Rising Star; Richard Purvis, Romney; Charles Stafford, Desdemona; G. W. Thomas, Gorman; L. R. Higginbotham, Carbon.

Dr. Jolly To Take Practice Of Dr. Straley

Dr. Marshall E. Jolly of Abilene has purchased the optometry practice of Dr. Carl Straley.

Dr. Straley plans to establish a practice at Clovis, New Mexico.

DR. JOLLY WILL OPEN HIS office at 107 N. Austin, the same office space now held by Dr. Straley.

Dr. Jolly is a graduate of the Southern College of Optometry, Memphis, Tenn., and for the past year has been associated with his brother, Dr. Grady Jolly, in the practice of optometry in Abilene.

HE IS A MEMBER OF THE American Optometric Association and the Texas Optometric association.

He is also a member of the Masonic lodge, Baptist church and was active in the Jaycee organization in Abilene.

He and Mrs. Jolly will reside at 615 Pine St.

Allies Holding Pohang; Reds Launch Offensive Toward Port Of Pusan

BULLETIN

ON MASAN FRONT, KOREA, WITH U. S. 25th DIVISION, Friday, Sept. 1 (UP)—The North Koreans launched an all-out, full scale attack all along the Southwestern front at midnight Thursday, with tanks, artillery and infantry.

The center of the attack was at Haman, 37 miles west of the vital port of Pusan.

TOKYO, FRIDAY, SEPT. 1 (UP)—North Korean Communists have been thrown back again at Pohang with bloody losses.

Hammered by tanks and artillery and strafed unceasingly by American planes, the enemy broke and ran west of the city which stands just five miles from our most important Korean airstrip. Allied gains there have totaled three miles in the last two days.

North of Pohang Gen. Douglas MacArthur's midnight communique said that counter-attacking South Koreans had retaken almost a mile of lost territory, and now were within 500 yards of the positions they held two days ago when the enemy began his heaviest attack.

Air attacks alone were reported to have killed 1,200 Communist forces and possibly as many as 2,000 in the Pohang fighting.

Elsewhere, too, the front was breaking into action.

G. I.'s of the American Second Division went over to the attack in the north central section of their Nakdong river sector, after a vicious artillery barrage. The attack began at midday Thursday, and last reports said "everything is going well."

The Yanks were attacking an enemy-held town near Hyonpung on the east side of the river, in the vicinity of the famous Nakdong bulge. The Americans were meeting machine gun, anti-tank and small arms fire.

BUT THE INITIATIVE WAS not all with the Second Division.

The Reds were attempting an attack of their own in the center of the line, preceded by what one officer described as a "fantastic" torchlight demonstration.

The G. I.'s first were warned of the impending attack when they saw a giant procession of torchlights moving across low hills toward the river.

On the north, the South Korean Third Division smashed a series of "moderate" enemy attacks and was holding a line three to four thousand yards above the city. Earlier, a strong Communist attack had forced the South Koreans back to within less than two miles of the city proper, but they braced and counter-attacked to regain the lost ground.

AMERICAN NAVY SHIPS AND Marine planes tossed in their bit by whittling down troop concentrations in the coastal area.

American military advisers were not kidding themselves that the city and airstrip were entirely safe from the Reds, but they believed the threat had been reduced considerably.

The Allies now hold the highest ground within several miles west of Pohang.

One ominous note told of an enemy attack in the vicinity of the famous Nakdong bulge in the Changnyong area to the south.

Hurricane Hits Gulf Coast Property Hard

PENSACOLA, Fla., Aug. 31 (UP)—Property damage that may exceed \$500,000 was left today in the wake of a tropical hurricane that disintegrated into foul weather over a wide belt in the eastern part of the country.

No deaths and only a few minor injuries resulted from the storm that slammed into the northwest Florida gulf coast last night with 100-miles-an-hour winds.

Damage to property was heavy, however, and the cost to Panama City, Fla., alone was estimated at between \$100,000 and \$300,000. Other sections of the state reported washed out roads, breaks in communications lines and dwelling damage.

WEARY TROOPS SLEEP ON RIVER BED—Two soldiers of the 27th Infantry Regiment, exhausted after eight days without any real sleep, rest peacefully on a dry river bed near Taegu, after being pulled out of the battle for a brief rest. (NEA Telephoto by Stanley Tretick, Staff Correspondent).

LOS ANGELES GAMBLER MICKEY COHEN VOTES TO LEAVE TEXAS AFTER TEXAS RANGERS CALL

WICHITA FALLS, August 31 (UP)—Los Angeles gambler Mickey Cohen, hunting for a benchman who left him holding the bag for a \$25,000 bail bond, decided to get out of Texas today after two tough Texas Rangers rolled him from his sleep and carted him off to the police station.

Cohen, who arrived in Wichita Falls yesterday on "oil business,"

was fingerprinted and photographed before he was permitted to return to his hotel.

The pudgy little gambler was asleep when Ranger Captains M. T. (Wolf) Gonzales and M. T. Gonzales rapped on his hotel door about 3 a.m.

They told him to put on his clothes and accompany them to headquarters.

"Mickey decided to leave Texas of his own free will by air immediately," said Gonzales, one of the most famous law enforcement officers in the Southwest.

"I don't feel any good law-abiding citizen in Texas wants Mickey Cohen or any of his underworld associates in the state," Gonzales added.

Cohen complained about not getting any sleep as he returned to his hotel.

He had been conveyed into this North Texas town by Jack L. Story, a Wichita Falls oilman.

"I plan to stay around until I get a few oil leases settled," Cohen said last night. "I'll only be in Wichita Falls a few days."

Cohen had hoped to make his trip to Texas without fanfare. But the Los Angeles police department gave him such a build-up that his tour became one of the best-advertised in recent history.

The word from Los Angeles was that Cohen was not only interested

in Texas' booming oil business. It was said he was trying to find Dave Ogul, a hood who vanished last year shortly after a gunman ambushed and wounded Cohen on the Sunset strip. Another hoodlum, Dave Niccoli, also disappeared and

(Continued On Page 8)

Local Man Gets Call To Active Air Force Duty

Bobby Joe Blankenship, a member of the Air Reserve, was recalled to active duty this week and processed at Brooks AF Base in San Antonio for assignment to a regular Air Force unit.

Blankenship served in the Air Force from March 1949 until March this year. He has since been active in reserve training.

Recall to active duty is due to a government plan to bring its AF units to full strength.

Blankenship is the son of G. C. Blankenship here. He has been a feed salesman for the Ratliff Feed Store.

CHEVROLET CHEVROLET TRUCKS deliver more horsepower at the clutch

The world's most popular engine

More trucks use Chevrolet than any other make! And one important reason is Valve-in-Head engine design. For 38 years Chevrolet has been the largest producer of world famous Valve-in-Head engines.

Blue-Flame combustion

Chevrolet's Valve-in-Head design makes possible the smooth, even burning of the fuel—blue-flame combustion. Combustion chambers are scientifically shaped to wring more power from every drop of gasoline.

Lower cost per mile!

Chevrolet's Valve-in-Head Loadmaster engine with greater horsepower at the clutch offers important advantages to truckers. It means greater efficiency—it means bigger pay loads at lower cost per mile!

PLUS—Chevrolet Advance-Design Truck Features!

- TWO GREAT VALVE-IN-HEAD ENGINES • NEW POWER CARBURETOR • DIAPHRAGM SPRING CLUTCH • SYNCHRONIZED TRANSMISSIONS • HYPOID REAR AXLES • UNIMOUNTED BRAKES • WIDE-BASE WHEELS • ADVANCED STYLING • BALL-TYPE STEERING • UNIT-DESIGN

First in demand First in value First in sales

Net horsepower... the power you use, the power delivered at the clutch... is the true measuring stick of a truck's ability to outlast. And for net horsepower, Chevrolet heavy-duty Loadmaster engine among the five best equipped.

W.S.C.S. Of Methodist Church Celebrates 10th Birthday Monday

The tenth birthday party of the Woman's Society of Christian Service was celebrated Monday in the form of a silver tea at the Methodist Church, with Miss Lee Dockery, R. E. Johnson, J. D. Drennan, and George Williams as hostesses.

Mrs. W. E. Creager offered the opening prayer and the meditation was given by Mrs. Pat Thomas.

Mrs. Arthur Deffebach, first vice president, introduced a 10 year old girl representing the W.S.C.S. and gave the meaning of each of her names.

Mrs. W. F. Creager, president, read a charter membership certificate issued September 9, 1940, and read the charge given at that time to the women of the church.

A brief summary of the history of the W.S.C.S. beginning with the year 1819, was given by the promotion secretary, Mrs. Vernon Deffebach.

The names of the charter members of the Ranger Methodist W.S.C.S. were read from the registration book.

Mrs. A. W. Brazda, Mrs. Bruce Maddox, Mrs. Lonnie Cosby, Mrs. Tom Wilson and Mrs. G. D. Nicholson explained the distinguishing qualities of a W.S.C.S. woman.

Minutes of ten years ago were read while Mrs. A. J. Ratliff compared the report of today's society with that of the older one.

Look Who's New

Mr. and Mrs. T. F. Doyett of Olden are the parents of a baby boy born August 26, 1950, at the Ranger General Hospital. He has been named Sammie Joe.

Mr. and Mrs. Amos D. Hight of Brad are the parents of a baby girl born August 26, 1950, at the Ranger General Hospital. The baby has been named Laura Ann.

Mr. and Mrs. James A. Montgomery of Eastland are the parents of a baby girl born August 26, 1950 at the Ranger General Hospital. She has been named Brenda Carroll.

Americans Have Plenty Of Respect For South Koreans As Fighting Men

By H. D. Quigg
United Press Staff Correspondent
WITH 1st CAVALRY DIVISION IN KOREA. (UP)—Random notes from a moidy memo pad:

One of the first things you notice in this war is the respect the Americans have for the South Koreans as fighting men. Everywhere you hear expressions of admiration for them: "Those South Koreans are fighters," the Americans say. "They get right in there—run right at the Communist machine guns."

The G. I.'s are becoming hardened soldiers. Take the case of Sgt. Ernest P. Rogers of Peaks Island, Me., whose business is taking out patrols and who is proud of his reputation as a fighter. A typical Down Easterner with sandy hair and a mustache and freckled arms, he tells about his private war like this: "Right after breakfast on one of the three days that they threw a whole regiment at us, we noticed Gooks all over that ridge over there. I took a patrol—myself and six men—up on that ridge to do a little duck hunting. We took off through a draw and blasted away at 'em. Then we went back down the hill and mopped 'em up in the ditches. One of my boys got it right through the mouth. A guy opened up at me with a Russian made tommygun. I waited 'till he started to fire again, and then I got him right through the head."

The terrain in this war is being fought over—in this sector, at least—is partly flatland covered with soggy rice paddies and other crops, but mostly hills and ridges 1,000 to 1,500 feet high. There are large bare patches on the hills covered with sandy loam and loose rock. The vegetation on them

is burrs—much of it long-leaved bushes which have sharp thorns that rip clothing.

There is a new pill for Malaria—taken as a preventive—in this war. It's called Chloquin and it's prepared in a big, flat, white tablet which you take once weekly. Troops in the Malaria belts in the last war took a yellow pill called Atabrine once daily. Atabrine turned your skin yellow. It was amusing to watch the Filipinos, when we finally came back to their islands, gazing at the thousands of yellow skinned Americans dressed in green fatigue uniforms. The Army had known when the war started three years before had had khaki uniforms and white skins. The Atabrine yellow came out of your skin if you stopped taking the pills, but it took a long time to disappear.

The 1st Cavalry Division, by the way, is not mechanized, although many persons in the U. S. seem to think it is. It's just infantry mightly proud and confident infantry, though.

Prisoners captured in this sector, according to one interrogator, at first said that in each of their battalions they had one or two Russian political advisors and one military advisor. Lately, however, he said, prisoners don't mention any Russian advisors at battalion level.

A Regimental Colonel with whom I got to talking about the last war—we were both in the Pacific then—summed up the Communist infiltration tactics thus: "This is a hell of a war. You just don't know who is friend or enemy. That's the difference from the last war."

Former Commissioner Killed
JACKSBORO, Aug. 31 (UP)—Horace W. Green, 48, former Jack County commissioner, was killed when crushed beneath his tractor while plowing on his farm early last night. Green left the commissioner's office two years ago to live on his farm near here.

Strike Settlement Reached
FORT WORTH, Aug. 31 (UP)—Settlement of a 10-week-old strike by drivers of the Santa Fe Trails Transportation Co., was announced today.

Boyce House Gives You Texas

The most sacred of all spots to Texans is the Alamo. Many poems have been written about it, and one of the best was written by Lynn Eliot, "Moonlight Over the Alamo," which appeared in the Junior Historian:

Who know the feel of steel that is cold.
They know how to fight with empty gun,
And how to die when the fight is done.
But never did death find a harder crew,
That could deal death back twenty to two;
And never has death stilled, before or after,
And never has life lost, gayer laughter.
For the shadows that cling to the battered walls,
And the breath that blows through the ivied halls,
In the moonlight over the Alamo
Are the ghosts of men who loved what they gave—
Love, of life—but not its slave.
One hundred years and ten hundred more
Will roll by the war-scarred Mission door,
And ever free men will watch with pride
Those ghosts of young men, guns at their side,
Whose last breath, fighting liberty's fire
Still wafts with the smoke of a funeral pyre
In the moonlight over the Alamo.

Colonel Surrenders To Americans Cause Commies Didn't Promote Him

By Robert Vermillion
United Press Staff Correspondent
SOMEWHERE IN KOREA — (UP) — A North Korean "light colonel" surrendered to American troops this week because he doesn't like the Communists—and because they didn't give him a promotion.

Lt. Col. Chong Pong Uk, 27, put on his most resplendent uniform and marched down a ridge, carrying a white flag, to give himself up.

He told troops of the 27th U. S. regiment that he was an officer and asked to speak to their officers.

Through a Nisei interpreter, 1st Lt. Henry Kuwabara, of South Salt Lake City, Chong told his captors that he gave himself up because:

1. He didn't want to see all of Korea run the way the Reds are running North Korea.
2. He didn't like the way the Communists treat human beings.
3. His superiors did not trust him, with the result that although he commanded an artillery regiment, he was still a "light colonel" while all the other regimental commanders in his organization were full colonels.

The 27th regimental officers who questioned Chong said the last reason probably affected his decision to surrender more than the other two.

The Colonel wore a brown uniform, black boots, and the epaulettes of his rank—a rare sight on the battlefield.

Much of what he told Kuwabara is still classified top secret, but these facts have been made public.

Chong said many North Korean soldiers would like to surrender, but most of them don't dare because they are constantly spied on by known and undercover intelligence agents.

Whenever U. S. planes drop surrender leaflets on a North Korean position, these intelligence men seize them immediately. "Punishment" is prescribed for men found reading the leaflets.

Chong said his superior officers repeatedly accused him of inefficiency because he did not "shoot good," resentment of their criticism was a strong factor in his surrender.

The Colonel paid tribute to the effectiveness of American air and artillery attack, saying the rain of bombs and shells on his positions kept his men dispersed and prevented them from firing effectively.

of the Biology Department at Pacific University in Oregon. He has made similar gifts, collected during a life-time of studying disease spreaders, to 20 of the world's outstanding institutions in biological sciences.

State Health Officer, Geo. W. Cox, acknowledging the gift, said it was "something of a compliment" to be classed as a leader in biological studies along with the British Museum, Canada's National Museum, Brazil's Escola Nacional de Agronomia, the Parasitological Laboratory in Sevastopol, Russia, Pakistan's Malaria Institute, the American Museum of Natural History in New York, and "many others of equal prominence."

The Texas Health Department was the only health agency in the nation to benefit from the presentation. It's disease vector collection is reputedly one of the finest in the world. Dr. Cox says the entire assortment, including ticks and mites as well as fleas, is open to study by graduate and advanced undergraduate students in Texas colleges and universities.

Departmental entomological studies are described by Dr. Cox as a "determination of the specific types of insects of medical importance in the state, their distribution, seasonal abundance, and how they can best be controlled."

Department entomologists conducted a two year investigation of typhus fever in Lavaca County in 1944-46. Step by step, they traced out the process by which rodent fleas spread typhus from rat to human beings.

In 1949, they finished a study which showed bubonic plague—the Black Death of the Middle Ages—was infecting wild rodents in four South Plains counties in West Texas.

Your Health

AUSTIN—You wouldn't ordinarily consider a boxful of dead fleas as very much of a gift.

But entomological workers—specialists who study insects which spread disease—at the Texas State Department of Health, recently were "thrilled" by a gift of Pacific Northwest fleas from Dr. C. Andrew Hubbard, formerly head

Ft. Worth Livestock

FORT WORTH, Aug. 31 (UP)—(USIA)—Livestock:

Cattle 1500. Slow, about steady. Common and medium slaughter steers and heifers 21-27. Load 950 pound steers 24.50, good grade scarce. Common and medium cows 20-21.50, canners and cutters 14-20. Sausage bulls 19-24.50. Few medium and good stoker steer yearlings 24-25, heifers 26.50 down, stoker cows 20-22.

Calves 1000. Slow, killers weak, stockers steady, choice slaughter calves largely 27-28. Good around 25-26. Common and medium 20-24.50. Cull 17-20. Medium to choice stoker steer calves 24-31.

Hogs 700. Butchers steady to 25 lower than Wednesdays average, sows and feeder pigs about steady. Good and choice 190-200 pound butchers 24-25, 150-180 pounds 22-23.50. Sows 18-21. Good feeder pigs 20-21.

Sheep 1100. Generally steady. Few lots medium and good slaughter spring lambs 27. Cull aged ewes 11-12. Other slaughter classes and grades scarce. Medium and good feeder lambs 23-25.50. Feeder yearlings scarce.

Reporter Gets Big Welcome As American VIP

By Robert C. Miller
United Press Staff Correspondent
WITH SOUTH KOREAN MARINES, Tongyong, (UP) — Even Grover Whalen, New York's official greeter, couldn't have done a better job than Col. Sung Un Kim.

The South Korean Marines had been waiting 10 days for the Americans to recognize the South Korean's greatest victory — the capture of the southern port of Tongyong 20 miles behind enemy lines.

And so when I became the first American to visit the port, here is what happened:

I was given command of a Korean ship, mistaken for a general, cheered and paraded up and down the front, wined on prune fixings and lodged even in Tongyong's only brass bed, with an honor guard to prevent any disturbance to my sleep.

I was consulted on military strategy and even interviewed by a lady Korean newswoman on the American opinion of Pearl Buck.

Colonel Kim had been promising his Marines and returning refugees that the Americans would show up eventually.

Unfortunately, the Americans weren't sure the Marines still were in Tongyong and some even doubted that the amphibious landing ever had taken place. All of which seemed to warrant an investigation.

A creaking 60-foot vessel furnished by the Korean Navy had been tied up for a week waiting to carry the first American on the three-hour trip to Tongyong. By the time I got there, Captain Kim Sung San was tired of waiting for an official visitation, had happily turned her and her crew of eight over to the United Press for our complete use and accommodation to take you anywhere.

Grover Whalen and the city of New York couldn't have laid on a warmer welcome. It must be admitted there was a slight disappointment noted when the lined-up Korean staff found that General MacArthur hadn't been able to make it, and honors were being taken by the press.

However, the fact that they had enticed even one American to Tongyong was sufficient excuse for the Korean Marines.

We were accorded the front seat of Colonel Kim's jeep, with the Colonel himself driving carefully around town to give returning refugees a good look at an American.

But it was at the front line ridges that the welcome was most exuberant. Everywhere, the Marines came out of their foxholes and dugouts for a look, and platoon and company commanders followed the procession practically into no-man's land where the Colonel deliberately spent an hour in full view of the enemy.

Apparently this last was to give

them an opportunity of seeing the "American reinforcements."

Fortunately, the enemy was far enough away so that even with powerful field glasses, Miller's quaking knees and oozing pores were not noticeable.

Having built up local morale and undermined the enemy, we were taken to general headquarters for a staff meeting to brief the Marines on "the American counter-offensive." No State Department official was ever confronted with a more difficult assignment than attempting to explain why powerfully equipped Americans hadn't made advances proportionate to the South Korean Marines.

The discussion preceded the best meal I've had in Korea, including fried chicken. Nearly two hours were required to prepare sleeping accommodations, a delay for which Colonel Kim apologized most profusely. He explained that it had taken a company of Marines that long to locate a bed in town, as he knew Americans "never slept on the floor."

As I snuggled down in clean white sheets, the dreadful thought struck me of other fronts, and once more I became just another correspondent writing about the views of VIP'S instead of being one.

NEWS FROM

Eastland

Major and Mrs. Harry Walter, Jr. and Mrs. Mary Lowenthal will go to San Antonio today where they will look for living quarters for the Walter family, who will be leaving soon to make their home in San Antonio.

Mr. and Mrs. D. A. Mullings and daughter Juanita of Hamlin were the guests here Sunday in the

home of Mr. and Mrs. W. H. Mullings.

Colonel Don Braslier returned Monday from Hope, Ark., where he has been visiting for the past two weeks with his grandparents, Dr. and Mrs. Don Smith.

Artie Liles is improving here at his home, 1308 South Bassett

Street after having been quite sick over last week end.

Walker Hart accompanied Billy Braslier to Dallas Wednesday where they attended the football game Wednesday night. Billy went on to Denton where he will begin fall training today with the football squad of the North Texas State College.

Don't Be Satisfied With Symptomatic Relief! It's Now Possible To RELIEVE THE CAUSE OF YOUR SICKNESS

Neuritis Pains, Stomach Disturbances, Indigestion, Gas, Heartburn, Constipation, Certain Nervous Disorders When Due to Lack of Vitamins B₁, B₂, Iron and Niacin in Your System!

HADACOL — One of the Greatest Blessings of the Times!

Just a Few of Thousands Upon Thousands of Interesting Records of Folks With Such Deficiencies Who Have Been Helped

Mrs. C. C. Keller, 1629 1/2 Frederick Avenue, St. Joseph, Missouri: "HADACOL really has put a stop to her neuritis pains. She was in a very bad condition with aches and pains and unable to sleep and was forced to give up her position as a practical nurse. She had severe pains in wrists and stiffness in her hips, being almost unable to walk. Now after taking one bottle of HADACOL, she is able to do her own housework. She gratefully recommends HADACOL to all sufferers from neuritis pains."

Link Robinson (a steel worker for over 20 years), 519 Lindsay, Newport, Kentucky: "When your stomach is in bad shape as mine couldn't eat, gas pains, stomach bloating and nervousness, then your body doesn't get the proper foods it needs. My boss told me about HADACOL and I started taking it immediately. After the second bottle I could tell a definite improvement. Now I can eat anything I want to. Best of all I haven't got those terrible gas pains and stomach bloating."

Mrs. L. C. C. 327 N. 14th Street, Springfield, Illinois: "I am elated with the wonderful results obtained by taking HADACOL. I had emotional indigestion, which is stomach distress and makes a person feel down and out. HADACOL seemed to be prepared for my ailment, for it made a new woman of me."

W. E. Hoxworth, a skilled maintenance man in Waco, Texas: "I almost had to give up my job because of suffering from stomach distress. I couldn't hold my food, as no food agreed with me. After hearing about HADACOL and completing a second bottle, I began to feel better and regain the weight I lost, and suffered no more indigestion. I now take HADACOL regularly to help stay well." (Why don't you try HADACOL?)

Mrs. J. Scieszinski, 514 Kruger, Ottumwa, Iowa: "My daughter, Marilyn Sue, is five years old and for some time lacked pep, had a poor appetite, was generally run-down. Since giving her HADACOL, we have noticed wonderful results. She has a much better appetite, eats everything on the table and doesn't seem tired like she used to. Incidentally, she likes to take her HADACOL, too." (Kids sure do like HADACOL.)

Senator Dudley J. LeBlanc — the Man Responsible for the Great New HADACOL

Now! Thanks to the tireless efforts in scientific research of Senator Dudley J. LeBlanc — eminent statesman of Louisiana and creator of this great new HADACOL nutritional formula — it's at last possible to relieve the real cause of such ailments as neuritis pains, stomach distress, gas pains, heartburn, indigestion, insomnia, certain nervous disorders and a general run-down condition due to lack of Vitamins B₁, B₂, Iron and Niacin.

Senator LeBlanc has just completed a modern \$250,000 manufacturing plant and a similar one is well under way so that this wonderful HADACOL will always be available to the public.

What the Great HADACOL Does...
No longer do you have to be satisfied with symptomatic relief — you can start this very day, and relieve the real cause of such ailments with HADACOL. Get that wonderful HADACOL feeling everyone is talking about! A big improvement in the way you feel is often noticed in a few days. And continued use of HADACOL helps prevent such ailments from coming back. Naturally there's an explanation for this. You see, HADACOL not only feeds deficient run-down systems with extra quantities of Vitamins B₁, B₂, Iron and Niacin but also helps build up the body's natural defenses against such deficiency sickness.

Sales Strict Money-Back Guarantee
Don't continue to suffer! Be fair to yourself — start taking HADACOL today. HADACOL is very inexpensive — costs only a small amount daily. And HADACOL must help you, or your money will be returned. Trial size, only \$1.25 a bottle. Large family or hospital size, \$2.50. Refuse any substitute. There's only one true and genuine HADACOL.

MANY DOCTORS RECOMMEND

HADACOL

GET THAT WONDERFUL HADACOL FEELING

Refuse substitutes. There's only one true HADACOL.

BOYCE HOUSE SAYS

The father offered to help little Jack with his arithmetic lesson and the boy said: "The problem is to find the lowest common denominator." "Good heavens," exclaimed the father, "they were looking for that when I was going to school; haven't they found it yet?"

A woman said to her husband, "You never have any money; yet, before we were married, you said you were well off." He replied, "I was—but I didn't know it."

Snow bound youngsters love rompin' with old man winter in these good-looking, sure-footed Poll-Parrot lug soles! Come in soon... see our wonderful collection of Poll-Parrot Pre-Tested shoes!

Agriculture In Eastland County

Eastland County Agricultural activities DC 24 — BULLOCK... George I. Lane, County Supervisor for the Farmers Home Administration states that funds for FHA borrowers will be more limited, and that loans will be very difficult for one-cash-crop operators; applications will be favored if good soil improvement and proper livestock management practices are carried out. FHA recommends 10 lbs. vetch and 20 to 30 lbs. rye with 200 to 300 lbs. superphosphate per acre for winter cover crop and also for winter livestock grazing for Eastland County. Gardens for home production should be in the planning stage for 1951. During November a layer of three or four inches of barnyard manure should be applied and followed with 200 to 250 lbs. of commercial fertilizer per one-half acre. This should be turned under and will be in excellent shape for spring planting.

Ed Steele, Assistant County Agent, announced that the Annual Eastland County Sears Pig Show will be held at the Ranger Show Barn Saturday, September 23. Eight gilts will compete for five prizes donated by the Sears Foundation. The Sears Foundation sponsors this program and furnishes registered Duroc Jersey gilts and one boar each year to winning 4-H club boys. The boys and their parents sign a contract that they will feed and care for their pigs properly, breed the gilts to an approved registered Duroc boar at the proper time, and return the choice gilt from their litter to the program to go to another boy. The first place gilt and the boar will go to Breckenridge to the Area Show Saturday September 30th.

Emmett Powell, Administrative Secretary for Eastland County Production Marketing Administration reports that the measuring of peanuts and cotton has been completed and all producers will have a notice of their acreage in the near future. It is estimated that we have approximately 38,000 acres of peanuts in the County. About 50 per cent of the farms have overplanted their allotment and will sell the excess peanuts for oil. This excess acreage is not very large, varying from one-half to 50 acres per farm. The cover crop program should get under way soon. When Congress appropriates money for the 1951 program, we will be able to furnish purchase orders for seed and fertilizer. Money is still available for practices to be carried out

under the 1950 program. How about terraces this fall? ... The Cisco FFA is planning to plant their demonstration farm in dry land alfalfa this fall, according to Gail D. Jones, Cisco High School Vocational Agriculture Instructor. Last year they had it planted to wheat for temporary winter pasture and cover crop, on which they grazed some stocker steers. Reports indicated favorable results were obtained on this group project.

The Eastland FFA boys are busy getting some good productive projects started for the 1950-51 school year, according to M. D. Fox, Eastland Vocational Agriculture Instructor. They report a more favorable outlook for feeding and breeding projects for this year than for last. In addition to individual projects, the Eastland FFA Chapter is sponsoring a cooperative group project of Hy-Line and White Rock laying hens. The pullets have now begun to lay, and show promising results in the comparative laying test being conducted between the two breeds. The FFA boys have also rented the County Farm for demonstration purposes, where they plan demonstration plants of alfalfa, cover crops of rye and vetch to be seeded this fall, and other check tests in the spring.

Ten men of the Romney Fourth Year Veteran Agriculture class visited the Texas Range Experiment Station at Sonora on August 17, according to James Starr, Instructor. The purpose of the trip was to learn more about actual field conditions in attempting to arrive at solutions of the many problems confronting the commercial livestock men. After consulting with Mr. Wallace Demeron, head of the range station, the group continued to the experimental station grounds where they were met by Mr. Carpenter, range management specialist, and Mr. Malehek, who showed them over the main station grounds, buildings, feeding pens and pastures, where their progeny tests with rams and range feeding steers are carried on by the Experiment Station. Among those attending were E. R. D. Donham, R. T. Ezzell, B. H. Morris, L. H. Dill, W. N. Smoot, J. P. Burns, N. D. Burns, J. C. Howard, M. H. Hines, and James Starr, Instructor.

Approximately 30 veterans enrolled in agricultural courses in the Eastland County Vocational School visited the Swift Packing

Company at Fort Worth Tuesday, August 29th, according to G. R. McMillan, instructor of the Eastland Veteran Class. Arriving in Fort Worth at 10 a. m., the group toured the Processing Plant and stockyards, after which they were served lunch by Swift company officials. In addition to McMillan, the group was sponsored also by E. Paul Creech, P. C. Spenny, and W. M. Crow.

Members of the Cisco Veteran Agricultural class and their families enjoyed a group picnic at the Lake Cisco Amusement Park Friday evening August 25th, according to Robert Lenoan, Instructor.

A great amount of interest is being directed to the special Minnesota No. 1 gilts owned by Chas. Mahaffy, according to W. M. Crow, Ranger Veteran Agriculture Instructor. The gilts will farrow in the very near future, and have outstanding records for large litters. The Minnesota No. 1 is thought to be the answer for a hog to cross with our present breeds to produce the desirable butcher hog of 200 to 240 lbs. without having excess fat now common to most butcher hogs of this weight. More about this type of hog next month.

According to L. R. Higginbottom, Veteran Agriculture Instructor at Carbon, Iral Bell has one of the most successful alfalfa crops in Eastland county. Iral and his father have 170 acres of South west Common and Argentine alfalfa, the first of which was planted in the fall of 1946 on heavy creek bottom soil. Mr. Bell is now combining his seed. Higginbottom says this is a \$100 per acre crop.

The Rising Star Veteran Agriculture Class made a field trip to the Oscar Schaeffer farm August 24, to observe a field of dry land alfalfa. Mr. Schaeffer planted his crop last August, cut one crop of hay in June, and recently combined seed at the rate of approximately 100 pounds per acre. Schaeffer plans to plant an additional 40 acres to alfalfa, according to P. S. Spenny, Veteran Agriculture instructor in Rising Star.

According to G. W. Thomas, Veteran Agriculture instructor at Gorman, the peanut harvest is under way in that area. Mr. Calvin Brown, who began combining his peanuts Tuesday August 22, just three months and seventeen days from planting time, estimates a yield of about 35 bushels per acre on 50 acres. A cover crop was followed by 300 lbs. of lime and 200 lbs. of superphosphate per acre applied broadcast by the Gorman Peanut Company truck.

Los Angeles—

(Continued From Page 1)

Cohen had to fork over about \$75,000 in bail he had guaranteed for them.

Cohen was accompanied here by Denny Morrison, whose wife is Los Angeles newspaper columnist Florabel Muir.

In her column, Miss Muir said Cohen was tipped off that Ogul had been spotted in the Midland oilfields at nearby Odessa.

"Denny heard Cohen had the tip and suggested he go along," Miss Muir said. "The whereabouts of Ogul is a good story and he was trying to get it for me. They didn't want to be noticed, because if police rousted Cohen it would spoil the attempt to locate Ogul."

Ogul was free on \$25,000 bond and Nicoli on \$50,000 bond when they disappeared last year. The money had been put up by Cohen when he and seven of his hirelings were picked up in an assault case.

It was rumored around Los Angeles that rival gang leaders Ogul and Nicoli into blowing town. No trace of them was ever found.

Cohen's arrival here couldn't have received more publicity if he'd brought a brass band. Los Angeles cops tipped off Texas police long before his airliner landed yesterday.

A welcome party of plainclothesmen greeted him at the El Paso airport and tagged along after him, Morrison and another companion, Harry Brooks, as they drove around town in a taxicab for three hours. Finally, the Cohen party flew on to Odessa. Texas Rangers, meanwhile, were ordered to arrest him on sight.

Story finally came to Cohen's rescue. He drove to Odessa and picked up Mickey's party. On the way back here, Story telephoned Sheriff Hammett Vance that he was bringing in a visitor and wanted to avoid any trouble.

Vance met Cohen outside town, put him under technical arrest, and then placed him under Story's custody. Cohen never got near the city's jail.

But everybody knew he was here and his telephone ring so of-

ten that he and his friends moved to another hotel.

"I don't see why all the hulla-balloo," Cohen said. "The next time I come to Texas I'm going to get a passport."
