FIREMEN FIGHT BLAZE AT BUSKIRK HOME THURSDAY ... Leaking gas hose blamed for fire

Family loses everything in house fire Thursday

A young Dimmitt family lost all their furniture, clothing, appliances and household goods when their home burned last Thursday afternoon.

Left homeless by the blaze were Roger Buskirk, his wife Rosalinda and their two children, a 2-year-old boy and a five-month-old baby girl.

They have been staying with relatives since their home at 710 SW Third St. was gutted by fire, according to Mrs. Daniel Salinas, who is their nextdoor neighbor and Mrs. Buskirk's cousin.

She said the 2-year-old boy wears "about size 7" clothes and the baby can wear clothes for six months and older. Buskirk wears size 48 pants and XXX-large shirts, and Mrs. Buskirk wears size 16 clothing, she said.

Anyone wishing to help the burned-out family may contact Mrs. Salinas at 647-4223.

According to Assistant Fire Chief Tommy Cleavin-

A new contract concerning county jail service for city prisoners was also tabled until further information is obtained.

Collins said City Manager Reeford Burrous is looking at how the rate increase recommended by Castro County Sheriff Lonny Rhynes would affect the city budget. He noted that the city is currently paying about \$15,000 per year to the Sheriff's Dept., supplying the salary of a night dispatcher, and the sheriff has asked that the city's cost be raised to \$25,000. The city also pays a set amount per meal that is served to city prisoners.

Alderman Don Sheffy remarked, "We're all county taxpayers, helping to pay for the county jail, so the people in the city are getting two 'whacks' on it."

Collins said the matter would have been more properly brought up at the time of budget hearings, but added that he feels it would be in everybody's best interest to work together with the county and cooperate in whatever way possible.

Greetings deadline Dec. 14

Next Thursday, Dec. 14, is the deadline for signing up for the annual community Christmas greetings projects in three local communities.

Individuals are asked to donate the amount they would normally spend on sending Christmas greetings to local friends, and in return, they will be listed on a community greeting card published in the Christmas edition of News.

Dimmitt's Operation Christmas Greeting is sponsored by the Plains Memorial Hospital Auxiliary, with the funds used to purchase equipment for the hospital. Donations will be accepted by any auxiliary member or may be made at the First State Bank in Dimmitt. Hart's Hale County State Bank is the place for making donations to the Hart community greeting, with the funds designated for the Hart Cemetery Fund. A spokesman for the bank said that a few have already been received. In Nazareth, the funds benefit the Holy Family Church Cemetery Fund, and donations may be made in specially designated boxes at Home Mercantile in Nazareth, the Nazareth Post Office, or at Holy Family Church.

tive churches Sunday. Children are fruit, canned dietetic food, and peralso asked to bring a toy which would be appropriate for children between the ages of infant and 12 years old.

Donations of food and toys may also be made during the week at these locations: Thriftway, Dimmitt Market, Perry's, Coleman's Pharmacy, Parson's Drug, and Pay N Save in Hart. Items may also be taken to the fire stations.

Participating churches will have individuals ready at the doors Sunday to help unload donations and bring them into the church building.

Organizers have said that food donations need to be canned or boxed items that do not need refrigeration.

"We regret that we are unable to distribute home-canned items, and so request that individuals not include them in their donations," a spokesperson said.

Donated toys may be either new or used, but because of time limitations, used toys need to be clean and in good repair.

"Donations of cash will also be gladly accepted, and will be used to purchase hams for the needy families," a spokesperson said. "Checks may be made out to the Ministerial Alliance."

The group reports that there are hundreds of names of families needing help, and this year, they also hope to include about 25 elderly by preparing sacks with fresh

sonal care items. "If anyone knows of a family or

individual needing help, they can contact their local minister or fire department," the spokesperson said. Sorting and organizing the donations will be done Dec. 18-20, starting at 5:30 p.m. each day, and volunteers are welcome to help with the task. Distribution is scheduled for Dec. 21., starting at 3 p.m.

Pheasants fair fowl Saturday

Pheasants have been spotted along roadsides througout the county all week long, but the wily birds will head for cover this weekend as hunters from across the state converge on Castro County hoping to bag a couple of the prey.

The season opens 30 minutes before sunrise Saturday and legal shooting hours end 30 minutes after sunset each day, according to Game Warden Larry Nutt. Bag limits are two cock pheasants daily, with four in possession. Nutt added that hens are "not fair game" and officials from the Texas Parks and Wildlife Service will be watching hunters closely.

Nutt said he has spotted quite a few birds in Castro County, especially between Dimmitt and Nazareth, and Hart and Dimmitt, but the pheasants are scarce around Deaf Smith and Parmer Counties, the territories he covers.

"When I'm running around checking on goose hunters, it looks like there's a good number of birds in the areas where there's good food and cover. I don't really think it'll be a good year for hunters, though. They'll have to work harder and do more walking to get birds.

"A lot of hunters are going to have to hunt CRP land. That's going to be difficult because the birds get in there and stick. It's hard to get them up. They'll need a lot of hunters to walk it," Nutt said.

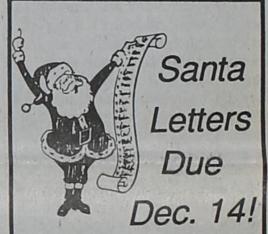

"Most 16- and 17-year-olds must have their hunter safety certificate in their possession along with their license. People under 16 don't have to have it yet, but they are required to carry a special resident hunting license, which is \$6," Nutt said.

"The focal point of the pheasant hunting is centered in Castro, Parmer and Deaf Smith counties. There used to be thousands of non-resident hunters here during opening weekend, but there might not be as many this year. I've heard reports of about 10,000 hunters expected in the Panhandle.

"The main thing for hunters to do is get permission from landowners before hunting on private property. They should also be careful not to shoot out of vehicles on public roadways," Nutt added.

Hunters' Meals

DIMMITT-The Dimmitt Kiwanis Club will serve its annual Pheasant Hunters' Breakfast from 5 to 7 a.m. at the County Expo Building. For \$4, hunters can eat their fill of scrambled eggs, sausage, biscuits, gravy, coffee, milk and orange juice. The meal is open to everyone-hunters and non-hunters alike. The Kiwanis will start cooking sausage at 2 a.m. and will start the biscuits and gravy at 4. HART-The Hart Lions Club will serve breakfast in the school cafeteria staring at 5 a.m. Scrambled eggs, sausage, bacon, biscuits, orange juice and coffee will be free to those signed up for the club's pheasant hunt. Others are welcome to attend, but will be charged per plate. EASTER-Coffee and doughnuts will be served to hunters Saturday morning starting at 6 a.m. in the Easter Lions Community Building. The Easter Lions Club will also serve a barbecue lunch from 11:30 a.m. to 2 p.m. at the Community Building. The meal is free to those signed up for the club's hunt, and will be offered to others for \$5.50 per plate.

Chamber's membership meeting set

The Dimmitt Chamber of Commerce will hold its annual membership meeting tonight (Thursday) at 7 p.m. in the Chamber of Commerce office.

Four directors will be elected to serve three-year terms. Nominees for the four director spots are Stan McDaniel and Richard Stahl, incumbents; and Gail Bruegel, Lint Merritt, Les Miller, Randy Schumacher and Donna Stump.

A financial report and the 1990 budget will be presented to the membership. The meeting will adjourn to the Dimmitt Fire Station for a reception honoring the city's volunteer firemen. Appetizers will be provided and sponsored by individual businesses.

Well, what do you do when a famous person is in town-sort of -and you have lots of work to do, and can't wait around forever?

This reporter made the wrong choice and missed a chance to talk to the Chuck Yeager, the famous test pilot, who was in the area Tuesday morning, reportedly for a little goose hunting. He was reportedly accompanied by T. Boone Pickens. The pilot of their twin engine plane, sitting on the runway at the city airport, claimed they were here. "They've only been here about 45 minutes," the pilot said at 10:15 a.m. So, wouldn't you assume they might still be around at 11 a.m.? But when I returned, they had flown the coop, plane and all. What can I tell my sons? "Well, I almost got to see Chuck Yeager."

"The pheasant aren't as widely scattered all over the area as they have been in past years," said David Bownds of the Nazareth Lions Club. "There are pockets with good pheasant populations out there, though."

Nutt and other game wardens coming in to help out during the season will be watching hunters closely to make sure all regulations are followed, especially the new law affecting hunters born after Sept. 1, 1971 and before Aug. 31, 1973.

The new law states that people born between those dates must be certified in hunter safety classes before they can hunt.

Several from Dimmitt attended the Hereford Chamber Singers' Christmas Concert, "Home For Christmas," Sunday afternoon. Avie Lewis and Jerry and Carolyn Jansa from Dimmitt are among the singers. We Salute **Our Musicians**

Our county's musicians thrilled us again Sunday evening with the Christmas cantata, Everlasting Light.

An adult choir of more than 50 singers from throughout the county and a children's choir of approximately 20, accompanied by an orchestra of eight on brass and woodwinds, provided a wonderful sound for a powerful Christmas musical.

This was the second such choir-and-orchestra Christmas performance, directed by Nelson Dodson, Hart High School band director and music director of the First Baptist Church of Hart. Last year's cantata, Celebrate Jesus, drew a crowd of 900 to Dimmitt High School auditorium. Sunday's performance of Everlasting Light drew a crowd almost as large.

Sunday's program made the Christmas season more meaningful for all who heard it.

The soloists were exceptional. If you heard lyric soprano Robin Gonzales sing The Light of a Million Mornings, or tenor Richard Young sing Little Yeshua, or alto Debra Ball sing People Need the Lord, then this Christmas season will surely have a special meaning for you.

The choir and orchestra were made up of musicians representing nearly all the communities and churches in our county. And when one heard them together, one had to appreciate both the quantity and quality of musical talent we have in our county. Who says a small rural county can't come up with something musically wonderful? It certainly happened Sunday!

We commend Nelson Dodson, Richard Young and everyone else who had a hand in organizing the choir and orchestra for this special Christmas program.

To all our musicians who make up the Castro County Singers and Orchestra, let us say that we really appreciate you, especially at Christmastime. Your performance Sunday evening was as meaningful and memorable as your original program last year. Please keep it going as an annual tradition here!

That was the message US Sen. Phil Gramm delivered to students of Richardson Elementary and Dimmitt Middle Schools last Thursday afternoon during a special ceremony celebrating "USA Appreciation Day."

Sen. Gramm praised the United States in his speech, saying "People have more opportunites and freedom in this country than any other on earth. America is a great, powerful and rich country and I'm thankful to live here at a time when other countries say how great America is and how they'd like to have the freedoms we have. Hopefully, no child in this room will be forced to bear arms in active combat to preserve freedom," he said.

Sen. Gramm was a special guest of the schools and was escorted in by a group of students who won the schools' essay contest on "Why I'm Thankful to Live in America" and "The Cost of Freedom."

The students who wrote the winning essays and had the honor of escorting Gramm in were Tara Mays, Leslie Steffey, Lori Matthews, Leslie Martin, Andy Hill and Brad Beck.

Each student read his or her winning essay to the assembly and Sen. Gramm.

Following that, the Senator answered questions from a group of press, and from the crowd.

Students participating in the group "media" session included

"Only in the United States can a Robert Sepeda, Jaci Buckley, Dominic Abalos, Alka Patel and Joshua Roberts. Each student asked Sen. Gramm a question about his job,

> Sepeda asked him what his main duty as a senator was. Gramm. replied that it was opening 1,600 first class letters a day.

> "Everyone wants to know what I think about every kind of subject. That's usually how I find out what people want me to push for from the government," Gramm said.

In response to Buckley's question on why he chose to speak to the students in Dimmitt, Gramm said "Because there a lot of wonderful, smart students here."

"Too many," was Gramm's comment when Abalos asked him how many days of the year he spent in Washington, D.C. Then he said, "My children all go to school in Washington, so most of our time is spent there. I usually spend eight or nine days in Texas a month, but most of the time I'm in Washington."

Gramm admitted to Patel that he "could spend all of my time doing paperwork" because there's always so much to do. He told Roberts he likes to hunt, fish and do things with his sons in his spare time.

When asked what legislation he's most proud of, he didn't hesitate before naming the Gramm-Rudman law, in which the government has to balance the budget over a five-year period.

Gramm was elected to the Senate students posing as members of the in November 1984 and has served ever since. He was born in Georgia and moved to Texas in July 1967 to teach at Texas A&M University.

LEARN WHAT CHRISTMAS SAFETY'S ABOUT!

A CHRISTMAS SAFETY CHECK

Before hanging strings of lights, spread them on the floor and check for frayed or bare wires, cracked insulation, loose connections, and damaged plugs or light sockets.

Check extension cords for wear or damage and don't run them across walking areas.

Test lights before putting them on the tree. Unplug them before making repairs or replacing bulbs.

Overloading circuits with too many lights

Choose a fresh, green tree, trim its base and keep it in plenty of water. If the needles are brown and break off easily, it could be a fire risk.

If you buy an artificial tree, make sure it has been tested for flammability by Underwriters Laboratories (UL).

Always turn off lights before leaving home or going to bed. You'll save money and be safer, too.

Do not use inside lights on the outside. All outside lighting equipment, including lights, cords and plugs, should be waterproof and made for outdoor use. Also, hang sockets downward and don't

COOPERATIVE EDUCATION—This group of students-some high school and some in the third grade-work together as part of a peer tutoring program the high school students in Allison Davis' home and family living classes are undertaking this year. The high school students work with the younger students, helping with everything from

coloring to homework, and give the younger group a "role model" to look up to. Pictured, clockwise from left, are Rachel Vigin, Chuy Saucedo, April Reyes, Kristi Wright, Asha Patel, Richard Ramos, Stacey Villanueva, Wesley Wright and Elaine **Broadstreet.**

DHS tutors serve as role models for younger children

By ANNE ACKER

Learning has become a little more special for a group of high school "tutors" and their "students." Students in Allison Davis' home

and family living class at Dimmitt High School have been peer tutoring students in the first, third and eighth grades, and a few high school students, since the first part of September.

The peer tutoring program was started to help students who are "at risk" so they may have a positive role model helping them understand their studies.

The students in Davis' class picked this project for their Future Homemakers of America community service project in the NutraSweet 100% Community Service Competition, which is a national

well said. "A lot of them need a role model and it's really helped. I've been able to tell there's an improvement in their confidence level. They enjoy the cooperative learning a lot. Role models are really important in education and the older students taking time to help the younger ones has really been terrific. I'd like for all third graders to be included in the program."

It's been a great experience for the tutors and their students, too.

Davis said her students like to work with the first and third graders the most because the students look up to them more than someone their own age would.

Manuel Garcia is a sophomore at DHS and is one of the tutors. He said he's learned how hard it can be

contest put on by NutraSweet.

The tutors helped eighth grade students with ratiocination. They highlighted different parts of grammar, including B verbs, sentence fragments and run-on sentences and helped the students learn about them. With the first and third graders, the peer tutors have been helping the students create Christmas cards. The tutors have also helped some of their high school friends in English.

Davis and Cheryl Glidewell, a third grade teacher at Richardson Elementary School, say that the project has benefited both the tutors and students.

"I've noticed that the kids are more understanding with me and are more apt to listen to me explain things since they've been working with the younger kids as tutors," Davis said. "They've learned to evaluate their roles and have developed more self-confidence. I think it helped some of them realize they are important and have self worth."

"It's been a wonderful experience for the third graders," Glide-

for some children to concentrate on studies after working with them.

"I learned what kind of responsibilities the kids have. If they have difficulties at home, I've noticed that it disturbs their studies. It makes me feel good to help them. They look up to you," Garcia said.

Another tutor, David Edwards, who is a senior, said he just likes seeing the third graders' reactions.

"They all look up and smile at us when we walk in the room," Edwards said. "This project has helped me to learn what difficulties they have and I've been able to get to know them better."

"Working with these students has helped me see how much you learn over the years and how people's personalities can change," said Kristi Wright, a sophomore peer tutor. "These kids automatically trust us and it feels good to be a part of their learning process."

The third graders are quick to praise the program, also.

"I like the kids to come and I look forward to it," said Wesley Wright. "They've helped me learn how to color and stuff."

Miranda Turner said she's "learned how to make things and learned how to write letters.'

"They help me get finished with my work. Having them here helping us and coming to help us make Christmas cards and things is the most fun thing about the program," said Turner.

The students and teachers agree that the peer tutoring program has benefited all involved and it's definitely a program for the future. After all, it's not often big kids take time to pay attention and help little kids, but when they do, the selfconfidence and lessons learned by each are things books can't teach.

Gerber resigns

Rick Gerber of Austin, formerly of Nazareth, has resigned as executive director of BB/BS of Austin.

According to the agency's officials, the business "has grown to a new sense of maturity in terms of the high quality of services provided and public recognition of the program" under Gerber's guidance.

Gerber set several goals for himrole, beets, salad, bread, dessert, tea self as executive director, all of which were achieved. Some of the goals include getting settled into a new, debt-free building, using computers more often for both fundraising and program needs, getting Austin to host the regional BB/BS conference last year, improving the quality of service and giving the program a positive reputation in the community, which helped to recruit good volunteers.

People Murdock and Smith wed

The sanctuary of the Washington Street Christian Church in Amarillo was the scene for the candlelight wedding ceremony uniting Debbie Murdock and Doug Smith recently.

The couple exchanged wedding vows Nov. 4 at 7 p.m. with Bob Schroeder, singles' minister of the Paramount Terrace Christian Church of Amarillo, officiating.

The bride is the daughter of Mr. and Mrs. Bobby Murdock of Dimmitt. The groom is the son of Mr. and Mrs. Lee Smith of Sabetha, Kan.

The couple recited their wedding vows before an altar which was decorated with an archway of emerald leaves, tree fern, baby's breath and heather. Branches of hot pink gerber daisies, fuschia carnations, purple statice and mauve larkspur boughs, carrying out the bride's chosen colors, added color to the scene. The arch was flanked by two 21-light spiral candelabras. 21 - light fan - shaped candelabras, accented with the same floral designs found on the altar, were placed on each side of the altar.

The background was decorated with large schiffelera plants and ficus trees.

The bridal party entered the sanctuary through an archway decorated with the same floral designs found on the front altar.

The pews down the bridal aisle were marked with triple satin bows of hunter green and jewel tones of fuschia, centered with nosegays of baby's breath and tiny boughs of huck.

Mrs. Dale Winders and Mrs. Wade Maynard, both of Dimmitt, performed musical selections on the organ and piano as the guests were seated before the ceremony. As candles were lit by Randi Kin-

maid of honor. Bridesmaids were Anita Schumacher of Hiawatha, Kan., sister of the groom; Carol Fletcher of Amarillo, friend of the bride; and Pam Murdock of Miami, Fla., sister-in-law of the bride.

Each attendant wore a gown of irridescent hunter green taffeta, styled with puffed sleeves and a full, tea-length skirt which fell from an elongated waistline. The skirt flowed to a longer length in the back.

The attendants carried cascades of purple iris, fuschia carnations, hot pink gerber daisies, baby's breath and tree fern. The bouquets were performed by Tina Wisdom,

The guests were greeted by Paula Cornelius of Amarillo as they registered. The registration table was flanked by a wooden bench entwined with greenery and paper raffia bows of hunter green and fuschia.

Wedding programs, which were held in a natural straw basket trimmed with tiny boxwood leaves and blossoms tied with tiny fuschia and mauve ribbons, were rolled and secured with a silver wedding band and were handed to guests by Ashley Nepper.

Vocal selections for the wedding were tied with hunter green wide Lisa Wagner and Kelly Forehand.

Froehner solos on tourism ads

Former Dimmitt resident Dr. Robert Froehner of Grand Prairie will be featured as a soloist on the music soundtrack for radio and television ads sponsored by the Texas Department of Commerce, Tourism Division, as part of its 1990 national advertising campaign.

However, Froehner's instrument is rather unusual-the musical saw. Although he maintains an armory of ten different types of saws, for this particular music, Froehner chose the Sears Craftsman@ workshop model, which he plays with an ordinary violin bow.

The original music, written by Tom Faulkner, features Froehner on lead handsaw, accompanied by acoustic guitar, clarinet and background vocals.

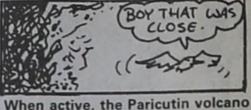

Cat Card Club Winners for this week have been named at Dimmitt Middle School.

Sixth grader Rachel Goldsmith was selected for the way she treats her fellow students and for helping other band students.

Fourth grader Lupe Perez was honored for her efforts in helping new students all year.

Sports Swiftettes win Canyon Classic In the first quarter Statute first quarter

just what they got - a secondstraight tournament championship.

The Swiftettes breezed past Hereford and Caprock in the opening and championship semifinal rounds in the tournament last 32-14 lead at half time. Thursday and Friday, propelling them into the championship finals.

Tascosa upset the host team, Canyon, Friday night, throwing it into the first place game against win. Nazareth Saturday.

Nazareth had a few problems with the Lady Rebels Saturday night, but the outcome of the game wasn't in doubt for long. When the buzzer sounded, Nazareth was on top 68-42 and had captured its second - straight Canyon Classic championship.

"I think we made some progress this weekend," said Nazareth Head Coach Sandy Heiman, who was ill Saturday and missed the championship game. "We had some kids come off the bench in the Caprock game and really did a good job for us."

Assistant Coach Leslie Martin took over at the helm and guided the Swiftettes in the championship final.

"Leslie (Martin) said we had some slumps Saturday, but we were also played real well at times. We played good in spots, but were down in others. If we can just get everybody playing consistently, we'll really show some improvement," Heiman said.

nament was quite as tough as it has 15-11 lead after the first quarter.

The second quarter was a repeat of the first, with Nazareth's defense dominating the Hereford offense, allowing just nine points, and the Swiftettes were held a commanding

Hereford started a comeback in the third, but weren't able to score but seven points. Nazareth tossed in 13 for a 45-21 lead that sealed the

In the fourth quarter the Swiftettes' level of play dropped a little and Hereford was able to outscore Nazareth 18-11, but the Swiftettes' lead was too big for Hereford to overcome and Nazareth walked away with a 56-39 win.

Darla Leavitt led the Swiftettes with 12 points while Noel Johnson added nine.

Swiftettes 54, Caprock 35

The Swiftettes had their hands full with Caprock, at least for the first half.

A big third quarter scoring spurt lifted the Swiftettes to victory and to a spot in the championship game.

Nazareth held an 8-2 lead at one point in the first quarter, but Caprock's Tandy Dunavin sank a three-pointer to narrow the margin to three points, then cut it to one with another bucket.

Johnson put Nazareth back up by three, and Monica Kleman added a pair of baskets inside the two min-"Overall I don't think the tour- ute mark to give the Swiftettes a

lead into the final eight minutes.

The Swiftettes domination continued in the fourth quarter, with Huseman adding five points and Janay Johnson scoring two to give the Swiftettes a 20-point lead, 48-28, with 5:20 left.

Dunavin connected on a threepointer for Caprock, but Huseman responded with another bucket for Nazareth, almost putting the game out of Caprock's reach.

The Lady Horns couldn't make up the big deficit and Nazareth earned a spot in the championship game.

Swiftettes 68, Tascosa 42

The Swiftettes wanted the first place plaques in the Canyon Classic and weren't going to let Tascosa bet them out.

That wasn't so obvious at the start of the game, however.

Nazareth started out slow.

But then the Swiftettes went to Leavitt inside and that was all it took to shake Tascosa and earn the victory.

Leavitt dominated inside on offense and defense, scoring 27 points and pulling down 19 caroms to lead the Swiftettes.

Nazareth had a balanced scoring attack in the first quarter, with five players all canning at least one bucket, but a pesky Tascosa team was right on the Swiftettes' tail, and the lead was a close 15-10 after the first period.

Dottie Lanier scored for Tascosa in the opening minute of the second

The Swiftettes turned the ball over to the Lady Rebels 11 times in the third quarter, and didn't score until Janay Johnson hit one with 4:30 left. At that point the score was 35-28.

Tascosa had worked hard to cut the lead in the third quarter, stealing the ball away and forcing Nazareth into turnovers, but the Lady Rebels couldn't open their own offensive scoring door and just added three points to their total during Nazareth's slump.

That was good news for the Swiftettes.

After Janay Johnson's basket with 4:30 left, Nazareth settled down and went inside to Leavitt. That canned any hopes Tascosa had to winning the game.

The all-state post scored six points in less than a minute to spark the Swiftettes offense to life. Kleman added a pair of jump shots and Ramaekers tossed in another and Nazareth was up 47-32 before Tascosa knew what hit. After three quarters of play were completed, the Swiftettes held a commanding 49-32 lead.

Nazareth went up by 21 points, its biggest lead of the game, with five minutes left when Leavitt scored and that killed any hopes Tascosa had of a comeback.

been in the past. Canyon was in a slump this week and got beat out by Tascosa. I felt like Caprock and Tascosa were a little stronger, but other teams like Spearman, were down a little.

"It was a strange tournament. Different teams performed at different levels at different times. There were a lot of close games, but there was a good, overall competition," Heiman said.

Swiftettes 56, Hereford 39 Nazareth jumped out early and

Nazareth scored early in the third quarter when Janay Johnson grabbed an offensive rebound and

put it back up and in. Nazareth wouldn't score again until the three minute mark when Noel Johnson stole the ball and drove in for a layup.

Caprock wasn't silent, however. Nazareth's slump, and had cut the lead to a point, 17-16, before Noel Johnson's bucket. Noel Johnson hit another basket late in the stanza to

> Noel Johnson and Leavitt tossed in two-pointers and Tami Ball connected on a trey to give the Swiftettes a 29-19 lead with 5:25 left in the third quarter.

> Caprock's Tiffani Johnson put a damper on the Swiftettes scoring streak with a follow-up shot after Ball's three-pointer.

> Leavitt countered with another jumpshot and it was a 10-point game once again. But then foul trouble hit.

Dunavin was accurate on two charity tosses and cut the Swiftettes' lead to eight with 4:41 left and Roberts added another free throw with 3:02 left to cut it to seven. Sailors tossed in another pair from the line and Nazareth's lead was trimmed to five points before things settled down.

period, but the basket was the only one the Lady Rebels would see until Tiffany Stokes hit a threepointer with just over two minutes left in the half.

Nazareth's first scoring streak in the game started with a Marla Ramaekers basket with 7:21 left. After Ramaekers' basket, Nazareth ran off nine more points for a 26-12 lead with 3:55 left.

Tascosa wasn't ready to quit and chipped away at Nazareth's lead, cutting it to eight points at half time, 33-25.

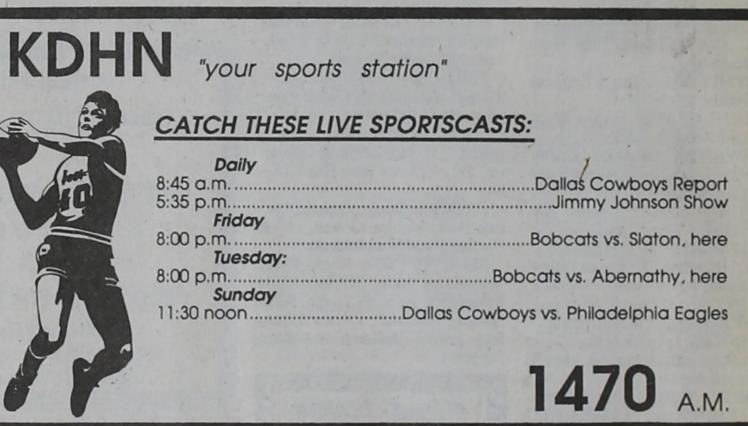

Trouble hit the Swiftettes in the second half, and Tascosa worked

A Tribute to Our Firemen

PROCLAMATION—Castro County Judge Polly Simpson and Dimmitt Mayor Wayne Collins co-sign the city-county proclamation designating Thursday, Dec. 7 as "Firemen's Appreciation Day."

We have learned from experience how valuable our Volunteer Fire Dept. is to our community. Many of us would have lost our homes or our businesses had our firemen not saved them for us, sometimes at the risk of their safety and lives. Because of the efficiency of our Volunteer Fire Dept., Dimmitt and its service area enjoy a favorable "key rate"

IT AIN'T OVER 'TIL IT'S OVER—Dimmitt volunteer firemen clean, drain and roll fire hoses during their training session last Thursday night after putting out a house fire that afternoon. Trucks and all equipment have to be clean and ready to go when the next call comes in.

Open House Tonight

The Dimmitt Volunteer Fire Dept. Auxiliary will host an open house tonight (Thursday) from 7 to 8:30 at the fire station for the public to honor our firemen. Chamber of Commerce member businesses will provide snacks and holiday treats. It's the firemen's regular meeting night, so stop in and let them know how much you appreciate them!

That special camaraderie that volunteer firemen enjoy is evident as they update their records during a Thursday night training session.

on fire insurance, which saves thousands upon thousands of dollars for our community every year in insurance premiums. We are pleased that Mayor Wayne Collins and County Judge Polly Simpson have proclaimed Thursday, Dec. 7 as 'Firemen's Appreciation Day,'' and we are proud to sponsor this page to show our appreciation.

PAD ADVERTISE MENT **Ice Cream** Ingredient Causes Weight Loss

WASHINGTON - Scientists are baffled by a new weight loss formula that causes people to lose weight even though they don't change the way they normally eat.

Studies published in respected scientific journals such as The British Journal of Nutrition say that cyamopsis tetragonolobus, an ingredient often used to thicken ice cream, can cause permanent weight loss without dicting or exercise. Although several explanations for the weight loss are suggested, the most likely according to scientists, is that the ingredient seems to "trap" high calorie fat particles, decreasing their absorption in the intestines.

Scientists at National dietary Research, an organization committed to the research and development of nutritional solutions to world-wide health problems, have successfully isolated and incorporated cyamopsis tetragonolobus into an improved formula that greatly enhances the potential for weight loss over the ingredient alone. Called Food Source One, the revelutionary new formula provides a three-way scientifically designed process to help prevent caloric absorption.

The mechanism by which Food Source One works to decrease body weight is a complicated process called nutri-bonding. When chewed and swallowed immediately before meals, high caloric fats are replaced with lower calorie nutrients, thereby providing optimum nutrition and a minimum number of fat calories as explained in an instruction sheet that accompanies the tablets. The instruction sheet should be followed for optimum results. Food Source One is unlike any other product on the market and is available immediately because it is not a drug and only contains natural ingredients already known to be safe. Physicians and pharmacists are praising Food Source One as a natural, drug free alternative for the treatment of obesity. Food Source One is available at:

Bobbies are champs of Levelland Tourney

After posting an overtime victory against Levelland in the semifinals, Dimmitt's Bobbies survived a fourth-quarter charge by Muleshoe in the title game to capture the championship of the Levelland Invitational Girls' Tournament.

"It was a good, tough tournament, and I thought our girls played well," Coach Richard Wood said.

The Bobbies downed Plainview 54-45 in the opening round last Thursday as Gloria Gauna netted 11 points and Renae Josselet and Halley Bradley 10 each to lead the scoring.

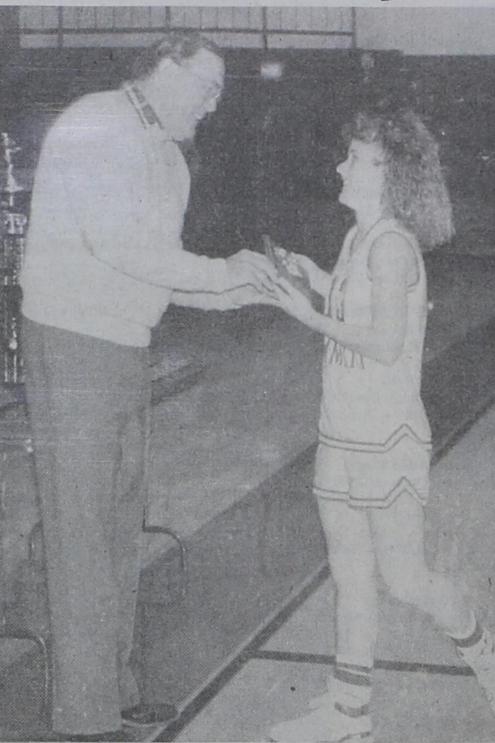

But in their semifinal game against Levelland-a team they had beaten by 15 points in the second game of the season-the Bobbies found themselves up against Coach Dean Weese's new slow - down strategy. The Lady Lobos fought the Bobbies to a 33-33 tie at the end of regulation play. A jump shot by Bradley midway in the overtime gave the Bobbies a 35-34 win.

"It was a good game," Wood said. "We played well. In fact, we played a super ball game defensively. But they slowed the ball down on us and we had to play their game. Coach Weese is slowing all their games down now."

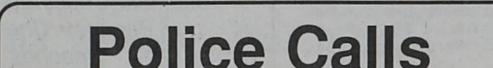

In the championship game, the Bobbies outgunned Muleshoe handily through three quarters as they enjoyed a 19-point lead, 47-28, going into the final frame.

But then things went haywire. The Lady Mules put a run together that left the Bobbies with just a seven-point winning margin, 59-52.

"We just relaxed too much late in the game and didn't do what we were supposed to do on breaking their full-court press," Coach Wood said.

RENAE JOSSELET of Dimmitt accepts the individual trophy as Outstanding Offensive Player of the Levelland Invitational Girls' Tournament following the Bobbies' 59-52 victory over Muleshoe in the championship game Saturday night. Josselet scored 29 points in Dimmitt's three tournament games while directing the Bobbies' offense from her point guard position.

Hard times hit youngsters

By Linda Maxwell

A brother and sister trying to survive as a family in Dimmitt could give this town a chance to have our very own "Empty Stocking" endeavor, and provide an opportunity to experience the true meaning of Christmas as a community.

They haven't asked for help, but in a moment of despondency Jane (not her real name), 18, confided in a teacher at Dimmitt High School her concerns about her brother, 15, and their living conditions.

The teacher, Libby Cleveland, said the number one need for the pair right now is adequate housing.

"They are living in a camping trailer right now, like fits on the back of a pickup," Cleveland said. "They have electricity and water, but the camper's shower doesn't work. Food storage and preparation facilities are very inadequate. They have a refrigerator that will hold maybe a quart of milk, and I think they cook on a hot plate."

Cleveland added that the camper is not insulated, and is not warm enough with the temperatures dropping down into the teens.

"They have a small electric heater is all," she reported.

The pair have been added to a waiting list for HUD - approved housing so that they can qualify for

Organized Hunts

Three organized hunts will be sponsored in the county again this season.

Lions Clubs in Hart, Nazareth and Easter sponsor hunts each year and this year every hunt is full but Hart's.

175 hunters have signed up for the Hart Lions Club's hunt, but the club still has room for "another 25 to 30 hunters," according to Bob Reed.

are three others on the list ahead of them, and rental property is scarce in Dimmitt right now with the influx of workers who came with the expansion project at American Fructose.

Because their step-father could not find local employment, the teenagers' mother moved with him to a distant town, where they are living in a one-room house. There's just no room for the teens to join them. She writes to them and tries to stay in contact and check on how they're doing, "but she really doesn't know how," Cleveland said.

'Jane' is a junior in high school and makes fairly good grades. She is really anxious to graduate, and completes all of her assignments, Cleveland reported. The boy is in eighth grade and makes average grades.

They are both a little behind in their educational foundation because of how much they missed in their earlier years, when their family was moving around a lot, according to Cleveland.

The pair are very anxious about remaining anonymous, Cleveland said, because they don't want to be found by other abusive family members. An older brother has been involved with drugs, "but I

a rent subsidy program, but there don't think these kids have been in any kind of trouble. I think 'Jane' is well aware of the problems and dangers of that kind of thing," Cleveland remarked.

Health problems also loom large for the two, since the girl is two months pregnant and is slightly anemic, and the boy has been suffering with an infected ingrown toenail. He was scheduled to have had surgery on it last week if the infection had cleared up.

Cleveland said the two are receiving welfare, food stamps, WIC and Medicaid resources totaling about \$158 per month. They are also on the free lunch program at school, but they still have many needs.

"If someone had a little house out back where they could live, the boy would be willing and able to perform odd jobs or yard work. He is trying to find a part-time job, but he also wants to finish school," Cleveland related.

She said the girl is going to need some maternity clothes and wants to learn all she can about preparing for motherhood. 'Jane' usually wears a size 5, but she recently outgrew her last pair of jeans, a size 7. Cleveland described the boy as big and husky. He wears a large men's size, and he would probably (Continued on Page 15)

Two Lazbuddie area residents, Jose Salvador Martinez and Jose Socorro Reyes, were indicted for the Oct. 22 burglary of a habitation near the Dodd community. Both are free on bond, awaiting trial.

David Tony Silva, 21, of Dimmitt, was indicted for burglary of a habitation in an incident Oct. 4 on Northwest Fourth Street in Dimmitt. He is free on bond.

Javier Anes, 22, of Dimmitt was indicted for the Nov. 20 burglary of a local liquor store, and remains in the Castro County jail in lieu of \$3,000 bond.

Gary Dean Gentry, 34, was indicted for indecency with a child in regard to a July incident in Dimmitt. Gentry, who fromerly listed a Dimmitt address, is jailed in Tennessee awaiting extradition to Dimmitt for court action.

A 29-year-old Dimmitt woman was indicted for forging a food stamp warrant belonging to a relative, and a 50-year-old Dimmitt man was indicted for accepting food stamp benefits and fraudulently swearing that he had no employment at a time when he did have employment in Dimmitt. The names of the two were not released, pending arrests.

Indicted for aggravated assault was Billy Marquez, 18, of Dimmitt as the result of an incident Oct. 10. City policeman Mitchell McDonough was assaulted in the course of investigating a fight.

A forged check passed June 14 at a local grocery store resulted in an indictment for a 26-year-old Dimmitt woman. Her name was not released, pending an arrest.

Elmo Williams, 63, of Dimmitt

Dimmitt Police arrested Javier wagon had no damage.

Francisco Anes, 22, of Dimmitt on Friday in connection with the Nov. 20 burglary of Joe's Liquor Store in Dimmitt, in which five cases of beer were taken.

Anes was indicted Tuesday on felony charges of burglary of a building. His bond was set at \$3,-000 and he remained in custody on Wednesday in lieu of bond.

Sheriff's deputies are investigating a burglary reported Nov. 29 at Southwest Agricultural Service in the Dodd Community. It was reported that the alarm box was knocked off of the side of the building and the door lock was pried open.

"Apparently, the thieves entered the building, but were then frightened off by something, because nothing was reported taken," a deputy said.

A 42-year-old Dimmitt man was jailed on misdemeanor charges of assault (family violence) on Nov. 29, and was released after paying a \$403 fine and serving three days in jail.

Jose Manuel Mancinaz, 32, of Hart is being held for a hearing in district court on revocation of probation on charges of burglary of a building.

A 40-year-old Dimmitt woman is serving 72 hours and paid a \$603 fine on DWI charges.

A 17-year-old from Hart was arrested Sunday for public intoxication, minor in possession and resisting arrest. He has been fined \$110 and \$111 on two of the charges and is awaiting filing of charges for resisting arrest.

A 25-year-old Jayton man was charged with DWI Saturday as the result of a traffic accident in Dimmitt. He was also ticketed for driving on the wrong side of the road in approaching an intersection and no proof of insurance.

The man was driving a 1985 Ford pickup west on West Bedford Street and attempted to pass a 1980 Chevy pickup driven by Jerry Wayne Thomas, 26, of Dimmitt. Thomas was also heading west and was attempting to make a left turn onto Western Circle Drive.

The Ford struck the Chevy on the driver's side. Both vehicles sustained heavy damage, but no injuries were reported.

James Mandrell of 201 NW Sixth told police that his wallet, containing cash, identification and personal items was taken from his home sometime Saturday night or early Sunday.

A lime-green truck with black flat bed is suspected in a Saturday incident in which two stop signs were run over.

Janie Bugarin of 106 NE Seventh told police that someone had caused \$100 in damage to the passenger side door lock on her 1986 Pontiac Firebird while trying apparently unsuccessfully - to break into the car.

Three cases of public intoxication were reported during the past week, and two of disorderly conduct, along with four DWI's.

The jail population Tuesday was 20.

For a \$100 fee for the season, hunters receive a free breakfast and souvenir cap on opening day Saturday and are guided to the land they are allowed to hunt on -"all or part of 20 to 25 sections," according to Reed.

The Easter Lions Club has signed up 80 hunters at \$100 apiece for the opening weekend, according to Eddie Matthews. The Lions Club has leased seven sections of land for the hunt. For the \$100 fee, hunters will be served coffee and doughnuts and a barbecued lunch on Saturday and will be guided around the fields on opening day.

In Nazareth, 101 hunters are already signed up, and "we're shutting off right there," said Bownds. "That's about all we can take."

The Nazareth club charges \$100 per gun, and that fee entitles hunters to breakfast and lunch in the Nazareth Community Hall, and hunting guides on opening day.

Hunting Licenses

If you haven't purchased a hunting license yet, you'd better hurry.

There's only one place in Dimmitt where licenses can be purchased, and it's at the county clerk's office.

"When they're gone, they're gone," said County Clerk Joy Jones. She has a couple of books left, but they won't last long.

The clerk's office is open from 8 a.m. to 12 noon and from 1 to 5 p.m. Monday through Friday. The office won't be open Saturday for the opening day.

Licenses are also available at Home Mercantile in Nazareth and at Hart Auto.

Prices are \$10 for a resident hunting license; \$15 for a resident hunting and fishing license; \$6 for a special under 17 and over 65 hunting license; \$75 for a special non - resident license valid for small game only, including pheasant; and \$25 for a non-resident fiveday licence. Each license, with the exception of the five-day permit, will be valid until Aug. 31, 1990.

The grand jury returned no indictments in regard to continuing investigations of a burglary at Hill Land and Cattle Company in Hart, two theft investigations and an investigation involving tampering with governmental records and food stamps.

A minor accident was reported at 7:30 p.m. Saturday. A woman was ticketed for unsafe backing when the station wagon she was driving struck an unattended car parked at 405 NW Seventh Street. No injuries were reported and damage was light to the car. The station

Although the Tigers, like the Bobcats, don't have exceptional height, "they sure outjumped us," Coach Ken Cleveland said. "They were shooting it two or three times every trip down the floor-that is, when they did miss their long three-point shots."

The Tigers' secret is balance, Cleveland said.

"That's why they're good—they have five people who can score, and they've also got individuals who can play different positions and do several things well. They're plenty good."

Slaton rushed to a 25-13 lead in the first quarter and stayed 10 to 13 points ahead of Dimmitt until the fourth. Then the Tigers outscored the Bobcats 17-12 in the final period to increase their final victory margin to 20.

In many cases, the manufacturer (or his advertising agency-keep an eye on your mail) will provide you with prepared ads and commercial scripts. If he doesn't, the News has illustrations of many products that are eligible for co-op advertising. We'll design your ad to meet the manufacturer's specifications, and help you with the forms and tearsheet proofs to qualify you for co-op reimbursement.
