The fire razed remains of the Desdemona Magnolia Oil Refinery are pictured shortly after a series of explosions and fires, set off when a butane truck caught fire, had rocked the plant yesterday. ## Fire, Blasts Wreck Plant In Desdemona

### DESDEMONA MAGNOLIA PLANT CLOSED TWO, THREE MONTHS BY DESTRUCTIVE EXPLOSION

The Magnolia gasoline plant at Desdemona will probably be out of operation two or three months. The plant was damaged an estimated \$250,000 by fire and explosion Thursday. Magnolia officials at Desdemona said.

One man was injured. But his condition was not believed serious.

The blast occurred when a loading hose being used to fill a truck with butane gas apparently broke causing a spark.

WALTER SPECK, OPERATOR of the telephone exchange at Gorman, said the truck was blown into the air when it exploded with a deafening roar.

Two butane tanks were blasted from their foundations and burned, setting fire to a third tank which was not extinguished until some five hours after the 12:45 p. m. blast.

J. E. McDONALD, DRIVER OF the truck, was the only casualty. The vehicle belonged to the Bellmead Butane and Appliance company. In addition to the tanks, the engine and compressor buildings and tool sheds were destroyed. Eugene Baker, weekly editor at Gorman, helped in reporting the explosion.

Twenty employees in the plant broke and ran when they saw the first flash. They were about 50 feet away when the butane trucks exploded.

In a nearby gasoline distributing plant, 20,000 gallons of gaso-

### Valley Takes New Steps To Lick Drought

WESLACO, Sept. 22 (UP)—A new step toward relieving a shortage of irrigation water in the lower Rio Grande valley will go into effect Saturday.

The Valley Water Conservancy association ordered a 48-hour shutdown of all Rio Grande pumps west of Mercedes beginning at 6 a. m. Saturday. Only pumps below Mercedes will be allowed to take water from the drought stricken river.

The river has not flowed at Brownsville for 10 days. Both Brownsville and San Benito have ordered a halt to watering of lawns.

A 12-hour shutdown of pumping Tuesday failed to give marked saving a rationing schedule today of 3.25 cubic feet per second per 4,000 acres.

The Presbyterian church is located at the corner of Marston and Walnut.

### Ewing Promises Administration To Carry Fight Security Boss Blasts AMA's Opposition

HOUSTON, Sept. 22 (UP)—Federal Security Administrator, Oscar W. Ewing told the American Federation of Labor today that the Administration will carry on its fight for social progress despite the defense effort. In a speech to the AFL's 69th convention, Ewing promised that the "tensions of the international crisis and the confusions of reactionary obstructionism" would not interfere with the battle.

"DOMESTIC AFFAIRS," HE said, "are the bulwark of our foreign policy." He said America can lead the world internationally "only if its own house is in order."

"We cannot afford to surrender now to apostles of reaction who have formed an unholy alliance to destroy the very principals of American humanity and national security," he said.

With bitter criticism for "stupid, dangerous people" who he said fail to understand the importance of social progress to the war effort, Ewing lashed out at the American Medical Association's campaign against federal health insurance.

HE SAID THE AMA HAS ALLOCATED \$1,100,000—raised by a "compulsory levy" on the nation's doctors—for a concentrated advertising drive the week of Oct. 8.

Tie-in advertising, he predicted will raise the campaign total to \$19,000,000. The sum will be raised by business firms, and power companies "chipping in," he said.

### KoRed Officer Beaten After Shoots Man

ON SEOUL FRONT, Korea, Sept. 22 (UP)—Villagers near Seoul beat a North Korean officer into unconsciousness after he shot and wounded one of his men who was trying to surrender, American military police reported today.

The officer and wounded Communist were in a group of 14 who eventually were captured by the Americans. But before the Americans could intervene the South Korean villagers pounced on the officer and pummeled him with stones, sticks and fists.

The South Koreans said they had seen the officer shoot his man in both arms when the soldier started to run across a rice paddy in order to surrender to the Americans.

A short time later the Reds were surrounded and the group surrendered.

### Reds Skirmish French Forces In Indo-China

SAIGON, Indo-China, Sept. 22 (UP)—Skirmishes broke out today between French troops and Communist troops along the invasion route to Indo-China from the Chinese Communist border.

FRENCH OFFICIALS SAID their troops ran into rebel patrols while enroute from Thakto to Dongkhe, which the rebels captured and later evacuated.

No major battle has developed yet, the officials said.

The officials said that French troops have been in a position to recapture Dongkhe for some time but that they were proceeding toward it cautiously because of the operations of snipers.

# REDS RESISTANCE STALLS MARINES

## FIGHTING ON SOUTH FRONT OF BEACHHEAD GOING GOOD; ROK FORCES MOVING FAST

By Earnest Hoberecht United Press Staff Correspondent

TOKYO, Sept. 22 (UP)—Fierce Communist resistance stalled U. S. Marines in the western outskirts of Seoul today, but an American flanking column dashed more than 20 miles south of the city and captured Suwon and its key airstrip.

United Press War Correspondent Jack James reported from the Seoul front at 7 p. m. (6 A. M. EDT) that the 5th Marine regiment fought all morning in rice paddies and open fields in the extreme western outskirts of the city.

He said heavy enemy tank and mortar fire pinned down the Leathernecks and dashed their hopes of taking the former South Korean capital by tonight. Red shells plastered the American and South Korean positions as far back as regimental headquarters and supply dumps, he said.

On the southern flank of the week-old Inchon beachhead, the Army's 7th Division caught the Communists flatfooted with its capture of Suwon and its airport. The liberation of Suwon cut the enemy's main retreat route from his crumbling southern defenses.

### Soviet Walks Out On Dewey Strong Talk

NEW YORK, Sept. 2 (UP)—Soviet Foreign Minister Andrei Y. Vishinsky and his deputy, Jacob A. Malik, stalked out of a United Nations banquet at the Waldorf-Astoria Hotel in tight-lipped anger last night when Gov. Thomas E. Dewey accused Russia of keeping 10,000,000 to 15,000,000 slaves.

The Soviet UN delegates rose from their seats on the speaker's Dias as 1,500 UN delegates and workers applauded Dewey's charge. They left the ballroom with other members of their delegation. Dewey watched them leave unsmilingly and remarked:

"I must say I am complimented by the withdrawal of those who plot the destruction of the world."

### Jets Try To Fly Atlantic By Re-Fuels

NEW YORK, Sept. 22 (UP)—Two American jet fighters streaked across the Atlantic at 500 miles an hour today in an attempted non-stop London to New York flight, with three re-fuelings in the air.

The first re-fueling was accomplished over Prestwick, Scotland, at 10:22 a. m. EDT, the Air Force announced here.

The F-84E fighters took off from Manston air base near London at 9:01 a. m. (EDT) and were scheduled to arrive at Mitchell Field, N. Y., after 5 p. m.

### Ferguson Says Free World Must Not Be Lulled By Victories Against Koreans; Soviet Still Beating War Drums

By Harry Ferguson (UP) Foreign News Editor

Balance sheet for this week between good news and bad in the hot and cold wars:

GOOD NEWS  
1. We won a bold gamble at Inchon and our forces now are solidly established on the west coast of Korea. We have cut the main Communist supply line running south out of North Korea and, with any luck, we will capture a sizeable part of the Red army. Split-second timing brought success at Inchon. Robert C. Miller, veteran United Press war correspondent, described it as the best co-ordinated amphibious operation he had ever seen.

2. The Communists took a licking in the United Nations when they attempted to evict the Chinese Nationalists and take over their seat. The vote was more than two to one in favor of America's position that the Nationalists should remain in the U. N. It showed that a solid body of world opinion is backing us against Communist aggression.

3. Our casualties have been surprisingly light this week in Korea, considering that our troops are on the offensive. Normally troops that are attacking can expect to lose three times as many men as the defenders especially if the enemy is dug into well fortified positions. Our tanks, reversing an earlier trend in the war, now seem to be ruler of the ground attack.

4. The Inchon landing caught world Communist leaders off guard. They were so confused by it that for two days they attempted to keep the news away from their people. The Kremlin is on the spot. Stalin is going to have to move fast to save the Korean war or abandon it as a bad deal.

BAD NEWS  
1. Just as we went over to the offensive in Korea, the Communists struck at another Far Eastern crisis point. They attacked border ports in Indo-China where the French have an army of 150,000 men that has been trying to push down the Reds. There is (Continued on page four)

## Bulldog To Meet Bowie Here Tonight

### RANGERS-ARLINGTON GAME SET SATURDAY NIGHT HERE

Crispness this Friday morning, a pep rally last night keyed Ranger fans toward the Bulldog-Bowie meeting at the local stadium tonight.

And Saturday night, the Ranger Junior college Rangers will cut their home eye teeth against Arlington state in the same stadium.

The Bulldogs are again in an underdog role. They have neither the weight nor experience to match the hands from up near Wichita Falls.

Bowie won its first game 13 to 0 with Pleasant Grove a week ago.

Ranger lost its second game, 24 to 13 to Weatherford that week and tied a powerful Hobbs eleven, 14 to 14 the previous week.

Coach O. C. Warden has been working his boys hard this week, trying to snap them out of the kinks that sank them at Weatherford.

In scrimmages sessions, he was stressing stiffer blocking by the line and better ball holding by his backs.

At the Junior college, Coach Boone Yarborough was taking advantage of a two-day relief to condition his boys.

The Junior college game was postponed Thursday noon till Saturday after rains had mired the field and threatened to soak spectators that night.

THE RAINS DIDN'T COME. And if they don't come Saturday night, Boone's team will probably have some advantage when they walk on the field that they wouldn't have had Thursday night.

Coach Yarborough has a fairly experienced team. But its not in the weight class with many of the junior college teams.

The Rangers dropped their first game 6-0 with the Hardin-Simmons frosh squad. But this fiasco was also a prelude to the Bulldog's defeat at Weatherford.

THE RANGERS, SLUGGISH, had the legitimate excuse of a sloppy field and blinking lights that hampered the Rangers' passing attack.

The Bulldogs at Weatherford were sluggish—and there's no more to say.

Tidmore's out of action for the Rangers with a separated shoulder.

Gerald Bagwell of the Bulldogs is sidelined with a bad knee.

Superintendent of Schools G. B. Rush is urging the fans to buy Bulldog season tickets for the home games and save money.

The Ranger Junior College faculty is pleading with fans to support the Rangers, Saturday night.

He explained that the new ruling had been made so an accurate account of ticket sales could be made.

After my first three bottles the pains left me completely and now I work every day and overtime also, without having any pains. ## Good Backfield, But

### Texas Christian University's Football Future Arouses Doubt

FORT WORTH, (UP) — A wealth of backfield material minus a proven key quarterback and an inexperienced line leaves Texas Christian University's 1950 football future in the hands of fate.

Canny Dutch Meyer can be expected to get as much as is physically possible out of the material at hand, but that may not be enough with a rugged season looming ahead.

The Frogs will run more than in recent years—for two reasons. One is that Lindy Berry, the sharpshooting passer and key man is gone after four brilliant years. The other is that for the first time Meyer will have a bevy of backs who can run—with speed, in broken fields and on sheer power plays.

For the shifty speed, he will have senior Johnny Dunn, juniors Dan Wilde and John Medanic and sophomores Mal Fowler and Gil Bartosh. For power there's junior John Morton and soph Bobby Jack Floyd. Wilde, Fowler, Morton and soph John Harville have been running in one offensive unit Bartosh, Medanic, Dunn and Floyd in another.

Wilde and Bartosh have drawn the assignment of trying to fill Berry's shoes. So far, they are falling short.

Up front, Meyer has a fair starting crew considering he lost five ends, four tackles, two guards and a center. But, like SMU, sophomores make up the bulk of the reserve strength and injuries to key men could prove disastrous.

Slated for near 60-minute duty will be ends, Bob and Bill Mooreman, the Odessa twins, and center Max Eubank. The latter has letterman Roy Pitcock in reserve, but end replacements are virtually all sophomores.

Clarence (Red) Marable, the

## 220-pound senior tackle once figured as a doubtful candidate because of summertime injuries, has returned to the fold and appears to be able to go the route as a mainstay. Meyer has moved two lettermen backs into the slot as a safety measure. They are Frank Struska and Homer Ludiker.

Three junior lettermen—Norman Hughes, Doug Conway and Keith Flowers—provide fair protection at the other tackle.

Sophomore Tom Evans has a start-up guard berth ahead of letterman Dick Lertz with right guard open between three lettermen—Alton Taylor, Bill Willingham and Herb Zimmerman.

Meyer has installed a new system for part-time use—he calls it the "T-wing"—and he hopes it will enable him to make better use of the running ability at his command. He still plans to use the double wing and that puzzling spread which continues to baffle his foes year after year.

## Heavyweight Fight — Sept 27

### Ezzard Charles Figures That He Could Have Beaten Louis At Top

By Oscar Fraley  
United Press Sports Writer  
NEW YORK, (UP)—Fearless Fraley's facts and figures:

Ezzard Charles, who fights Joe Louis for the heavyweight title at Yankee Stadium on Sept. 27, not only believes he can lick the Brown Bomber now—but thinks he could have done it when Louis was in his prime.

"I'm not like those bums of the month he used to fight," the usually quiet Charles insisted heatedly. "I think I can beat him. And if I had been around when Louis was knocking them over, I would be champion of the world today"—as it is, they are both challengers—

Red Neiderhauser, outfielder-pitcher for Hopkinsville of the Kitty League, sounds like a grand prospect for the Brooklyn Dodgers. In one game this year he singled and then stood on first twice ignoring the signal to steal second. The first base coach called time and asked Red what-the-you-know.

"To tell the truth," Red replied urbanely, "I didn't see the sign. I was figuring up my batting average"—paging Babe Herman—

The 43 officials in the National Football League will receive a total of \$75,000 this year for working the Pro games, but Bert Bell, loop prey, admits that they are underpaid—"nobody should take that kind of abuse for that kind of money," he grinned—

## Southwestern Football Gets Going Saturday

By United Press  
Southwest conference football coaches sent their charges through light drills today, with teams scheduled for opening play Saturday generally in good physical condition.

Coach Blair Cherry said two of his injured University of Texas Longhorns, quarterback T. Jones and left half Bobby Dillon, probably would be in shape for action against Texas Tech at Lubbock.

Cherry confined yesterday's practice to a light drill, with substitute Tech plays against regular defensive players.

A gloomy nose came from College Station, where Coach Harry Stiteler announced the Texas A&M Aggies would be minus three injured members when they board a plane for Sacramento, Calif., where they meet Nevada.

Spirits soared on the Texas Christian University campus when news circulated that three ailing players may see action against Kansas Saturday.

Coach Rusty Russell's Southern Methodist Mustangs looked better on defense as they worked against reserves simulating Georgia Tech's hipper-dipper attack. The Ponies meet the Engineers in the Cotton Bowl Saturday night.

The Baylor Bears, due to meet Wyoming Saturday, held a meet

During a little dust storm over at Mineral Wells during the war, a recruit sought shelter in the cook's tent out at Camp Wolters. After a moment, he remarked to the cook, "If you'd put the lid on that camp Kettle, you wouldn't get so much dust in the soup."  
The cook replied, "See here, my man, your business is to serve your country."  
The soldier said, "Yes, but not eat it."  
Here's one from Camp Barkley at Abilene. A lieutenant said, "Sergeant, I understand there's a crap game going on in Barracks Number Two. Go break it up."  
The sergeant didn't return for two hours and the lieutenant said, "Why did you take so long?"  
The sergeant said, "Well, lieutenant, I only had two-bits to get in the game with."

### Free World—

(Continued From Page 1) Every indication that the Indo-Chinese Communists have been trained and armed by the Chinese Reds. The United States is committed to sending equipment to the French, but not troops.

2. Tension flared again in Berlin. The Communists began to act like they might be considering clamping another blockade on the German capital. If they do, it will be a serious drain on our air power.

3. The Big Three foreign ministers met in New York without reaching a definite decision on an all important point—whether to create a Western German army to help us fight Moscow in event of war. The big stumbling block to solution of that problem is that the French do not want a big German army on their frontier. Germany already has invaded France twice in one generation.

4. There was a tendency around the world to relax in view of our amphibious landings in Korea. The danger was that too many people might get the idea that the Communist peril had passed and they could resume business-as-usual. That is exactly the psychology that Moscow is trying to foster in the Democratic nations.
