ENEMY'S ACTION ON 250 MILE FRONT PUZZLES UN TROOPS

TOKYO, Thursday, Nov. 16 (UP)—U. S. Marines reached the shores of the Chosin power reservoir—one of the great prizes of the North Korean campaign—Wednesday to find that its Chinese defenders had fled. But the Chinese were striking back hard in the west, forcing the South Korean 8th Division into a four mile retreat.

A motorized patrol of the Marine 7th Regiment, led by regimental commander Col. Homer L. Litzberg, Jr., Philadelphia, Pa., reached the shores of the Chosin at 4 p.m. (1 a.m. CST) and a half hour later troops began scrambling onto high ground commanding the southern tip of the artificial lake.

Chinese Said To Have 150,000 Men In Korea

TAIPEI, Formosa, Nov. 15 (UP)—The official Chinese Nationalist government newspaper Central Daily News said today that five Chinese Communist armies totalling 100,000 to 150,000 men already are in Korea.

Another 450,000 crack combat troops are poised on the Manchurian border, the newspaper said. Attributing its information to "very reliable sources," the Central Daily News reported that the Reds are getting all Japanese-built airfields in Manchuria ready for operation. Russian military air force personnel were said to have left Shanghai for Manchuria.

All civilians have been forcibly moved from a wide strip of Manchurian territory paralleling the Korean frontier, the newspaper said.

Ranger Methodist Youths Hold Pie Supper To Raise Funds To Bring Displaced Family To US

A White Russian family with two children are anxiously waiting the successful efforts of Ranger, Eastland, Cisco, Rising Star, Breckenridge, De Leon, Dublin, Carbon and other cities to raise funds for transportation to America.

The family, whose names have not been released, are in a displaced persons' camp in Manila, Philippines. Rev. D. A. Chisholm, district superintendent of the Cariswains district, owns a farm near Dublin and has agreed to offer the displaced family employment and a place to live until they can become self-supporting.

The Methodist Youth Fellowship of Ranger will hold a pie supper Thursday to raise the city's portion of the fund, \$35. The cities are hoping to raise \$500, cost of transportation for the family from San Francisco to Dublin.

The family members of the Greek Orthodox Catholic Church, fled from White Russia to China and then to the Philippines. Transportation to San Francisco will be provided if they are able to get transportation from there to Dublin.

Two conditions are necessary for entrance to America: (1), a job for two years and (2), transportation from point of embarkation to the locale of the job.

White Russians have long been persecuted by the Communists. This is one of those Russian families whose beliefs are not "in harmony with Communism."

The Methodist Youth Fellowship of Cisco is directing efforts to raise the transportation fund. Everyone is invited to the pie supper.

Business Men Asked To Attend Important Meet

H. C. Henderson, president of the Retail Merchants Association, has called an important meeting of all the business men in Ranger for Thursday night, Nov. 16 at 7 to complete plans for a Christmas opening.

The meeting will be held in the Chamber of Commerce office due to the fact that it will seat more people.

"If you are in business in Ranger you should be interested enough to attend this meeting whether or not you are a member of the association," Henderson stated. "We are trying to put forth a concerted effort to bring more business to Ranger during the Christmas season and need your ideas, suggestions and some of your time if we are to accomplish anything," Henderson said.

Several novel ideas have been suggested to stimulate business according to Mr. Henderson, and to make any program of this kind a success he states that it will take the wholehearted cooperation and support of every business in town, and urges a full attendance at the Thursday night meeting.

SEN. RUSSELL THINKS IF THINGS GET SERIOUS WITH COMMUNIST CHINA, U.S. MAY FIGHT BACK WITH A-BOMB CLUB

WASHINGTON, Nov. 15 (UP)—The United States never thought of using atomic bombs against the North Korean Reds, but against the Chinese Communists.

As Sen. Richard B. Russell, D., Ga., said this week, "if things got serious we might have to."

An official close to atomic-military developments agreed today that if Communist China launches all-out war against the United States, we could reasonably be expected to retaliate with our No. 1 weapon.

"We are not inviting attack, we never have invited attack," he said, "but if we are attacked nevertheless it seems reasonable to suppose we will fight back with our biggest club."

Russell was talking of the possibility of a-bombing cities—"if things got serious" enough. But there is one important segment of the armory that sees the atomic bomb as a potential field weapon.

THE WEATHER

A weak cold front was scheduled to move into the Panhandle today and end the current warm weather. The central area, badly in need of rain, received only "teasers" yesterday. Dallas had a trace, Austin .01, San Antonio .02, Waco .07, Palestine .03, Victoria .01, and Texarkana .05.

Overnight temperatures ranged from 40 at Wink to 72 at Brownsville. Generally, readings were in the 40's in West Texas, the 60's in Central Texas and near 70's along the coast.

7 Explosions Rock Pt. Arthur Refinery

PORT ARTHUR, Tex., Nov. 15 (UP)—Five persons were injured, one critically, as seven thunderous explosions rocked the Gulf Oil Company refinery today and touched off a raging fire that threatened the multi-million-dollar plant for five hours.

Flames shot 200 feet into the fog-laden sky and buildings and homes were jarred in a five-mile square area of the refinery. A large plate glass window was shattered in a super-market four miles away.

Firemen fought the fire for more than five hours before bringing it under control. They halted the flames just short of the refinery distilleries.

"If those distilleries had blown, we would have had a blast that would have been felt to Beaumont, 25 miles from here," a Gulf spokesman said. "It could have been awful."

The first explosion occurred at 12:48 a.m. six more blasts followed, the last at 1:51 a.m.

Company officials in Houston said the first explosion was caused when escaping gas got into a fire box.

"Fire broke out immediately," a spokesman said. "Each new explosion aggravated the situation." Flames shot from the "high pressure area" where the explosions occurred to the interior of the main plant, three miles from the downtown area. A distilling unit which lay directly in the path

of the fire had been shut down only last Sunday.

"If it had been in operation, the whole plant would have blown sky high," the spokesman said.

The glow from the fire could be seen for miles despite a dense fog which slowed fire engines dashing to the scene from nearby towns.

Critically burned was M. T. Swinney, 42. Hospital attendants said he was not expected to recover.

Listed as seriously hurt were Frances Lawrence, 49, body burned, and R. T. Smith, 58, who suffered an ankle and other injuries.

Two other men were burned painfully, but their names were not disclosed and they were allowed to go home after treatment.

Brain Surgeon Checks Woman Kidnap Today

ALBUQUERQUE, N. M., Nov. 15 (UP)—A brain surgeon examined Dr. Nancy Campbell today to decide whether neurosurgery should be performed on the prominent woman doctor who confessed kidnaping a nine-year-old girl.

Dr. Campbell's attorney, former state supreme court justice A. L. Zinn, said preliminary examinations by Dr. Leroy Miller probably would be completed sometime today.

Assistant district attorney Robert Fox said the state would also call in psychiatrists to examine the 43-year-old obstetrician. But the said evidence of insanity would have to be "overwhelming" before kidnap charges would be dismissed.

Dr. Campbell was charged with kidnaping Linda Stamm for ransom. She was trapped at the gates of the Allen Stamm estate by FBI agents and police officers. Linda was found in her car nearby. She had been drugged and held for 30 hours in an abandoned two-room shack.

Zinn obtained the Texas-born Gynecologist's release from jail in Santa Fe on \$25,000 bond and entered her in St. Joseph's Hospital here Monday.

State officials believe Dr. Campbell may have planned several other abductions if she failed in the \$20,000 ransom demand for the Stamm girl.

Plush B-17 Has All Conveniences For Transportation From Korea To Japan Tired Reporter Learns

By H. D. Quigg
A U. S. AIR FORCE BASE, Japan, Nov. 15 (UP)—Dairy of a plush trip into space:
"You've got it made," said the Sergeant. It was 4 p. m. at Kingpo Airport, Korea, and the Sergeant was referring to my arrangements to ride out of Korea in the converted B-17 plane of an Air Force general.

This was one reporter who was going back to Japan in style. These B-17s which have been stripped down and turned into passenger planes for generals and their staffs are plenty comfortable.

This was going to be a good deal different from my trip into Korea three months ago on a C-47 transport plane with canvas sling seats. In the B-17, I sat with an Army captain on a pillowed, blue leather couch in a paneled compartment for passengers. An Air Force colonel and a civilian employee of the Air Force sat across from us in reclining seats.

There was an instrument panel in our compartment, with dials showing speed, altitude and compass course, and we watched the miles per hour hand creep around during our rush down the runway. There was a loudspeaker near the couch, connected to the short wave circuit of planes and airport, and we turned it on and listened to

County Agent Describes New Rat Poison

Warfarin, a new rat killer developed by the University of Wisconsin Research Foundation, appears to be one of the most effective poisons available for the control of rats and mice.

The active ingredient of the new poison is coumatin, a compound found in sweet clover which effects the clotting of blood according to County Agent J. M. Cooper. Rats that have eaten Warfarin baits for several days become less active, develop internal hemorrhage and slowly bleed to death.

It is said that one advantage of Warfarin over many of the other rat poisons is that it is odorless and tasteless. Rats will usually continue to eat the bait until they die without detecting the presence of the poison. Warfarin is poisonous to all warm blooded animals but the amount recommended for controlling rats and mice is so small that the danger is lessened for other farm animals unless they eat it for a period of several times.

It is necessary for the rodents to eat the baits three or more times within a period of a week. It is not a quick killing poison as usually over a week is elapsed before any noticeable decrease in the rat population is observed.

The new bait is now available in Eastland at the Perkins Tractor and Implement Co. at a very nominal cost. The material was prepared by the Rodent Control Service of the Federal Government at San Antonio. Those who have used it and followed instructions have been well pleased with the results it was said today at the County Agent's office.

Fraley's Follies Sees Texas Over TCU, Arkansas Losing To SMU, Texas Aggies Over Rice

By Oscar Fraley
NEW YORK, Nov. 15 (UP)—Looking for champagne at Champaign, Fraley's follies and the weekend football winners.

Game of the Week—Illinois over Ohio State—this depends on whether Johnny Karras is in top shape. The Buckeyes will be a one touchdown favorite, but their luck may be about used up. Karras carrying, and an underrated Illini defense could turn the trick.

The Midwest—Notre Dame over Iowa—but close.
Michigan over Northwestern—say 20 to 14.

Purdue over Minnesota—everybody's getting even.
Oklahoma over Missouri—stretching the string by 20.

Also: Indiana over Marquette, Kansas over Kansas State and Nebraska over Iowa State.

The East—Wisconsin over Penn—the blue-plate special.
Michigan State over Pitt—by three touchdowns.

Navy over Columbia—but don't drag the anchor.
Cornell over Dartmouth—No joyride.

The South—LSU over Mississippi State—in stride now.

Alabama over Georgia Tech—crimson tidings.
Tennessee over Mississippi—by a pair of T. D.'s.

North Carolina over South Carolina—not too easily.
Also: Georgia over Auburn, Miami over Florida, Duke over VPI, Maryland over West Virginia, Tulane over Virginia, Kentucky over North Dakota, Clemson over Furman, Duquesne over Chattanooga, Vanderbilt over Memphis State, VMI over Citadel and Wake Forest over North Carolina State.

The Southwest—Texas over TCU—the Wolves are sorry now.
SMU over Arkansas—bouncing back, finally.

Texas Aggies over Rice—hotter'n a two dollar pistol.
Oklahoma Aggies over Detroit—in a photo finish.

Also: West Texas over Hardin-Simmons, Texas Tech over Arizona, W. & M. over Houston, New Mexico over Bradley, North Texas over Nevada, Colorado Aggies over Tempe State and Tulsa over Wichita.

The West—California over San Francisco—a well-earned rest.
Army over Stanford—by at least three touchdowns.

Also: Colorado over Oregon and Montana over Utah State.

Clarence L. McKinsey, 727 South Ludlow Street, Dayton, Ohio, who is night supervisor of hospital attendants at the Ohio State Hospital in Dayton, says a man has trouble getting used to working nights and sleeping days. And if a man isn't getting the proper rest it not only makes him proper on the job, but also makes him feel poorly the rest of the time. This will never happen to him again, says Mr. McKinsey—now that he is taking HADACOL. His system lacked those necessary Vitamins B1, B2, Iron, and Nicotin, which HADACOL contains.

Here is Mr. McKinsey's own statement:
"Before I started taking HADACOL I had a great deal of trouble with a nervous stomach. I had an awful hard time sleeping—I would just roll and toss all night. It affected me during my working hours, too—I was restless and nervous all the time. My nerves were so jumpy that the last little thing would put me on edge. I was just beside myself in knowing what to do. Then I heard how other folks that were nervous and rundown were being helped by HADACOL. I decided to try HADACOL. Now, after 10 bottles of HADACOL, I feel fine; in fact, I think so much of HADACOL I would walk 5 miles for a bottle of HADACOL—I'm not exaggerating. Why, the way I sleep and the appetite I have are marvelous. The best thing is that my nerves are calm as they can be. I just can't praise HADACOL enough."

Thousands Have Been Helped by HADACOL whose system lacked Vitamins B1, B2, Iron, and Nicotin. The HADACOL formula is so effective for stomach distress, certain nervous disorders, insomnia due to upset stomach, nagging aches and pains, and a general run-down condition when these troubles are caused by such deficiencies.

Give HADACOL A Chance... to help you, as it has helped thousands of others if you suffer for such deficiencies. Remember, there are no substitutes for HADACOL. Always insist on the genuine HADACOL. No risk involved. Buy a bottle of HADACOL, either the trial size, \$1.25, or the large family or hospital size, \$3.50, and if HADACOL doesn't help you, you get your money back. If your druggist does not have HADACOL, order it direct from The LeBlanc Corporation, Lafayette, Louisiana. (Adv.) (C) 1950, The LeBlanc Corp.

It Pays to Advertise—
... and most successful business men do more or less of it. The impact of advertising on the American psychology is evident in many aspects on our economic, social and cultural life. While honest and truthful advertising is said to make people unhappy with what they have, it also creates a desire for goods and services that they need. We know they need abstracts when they buy real estate and to make them conscious of this fact, and to save them world's of trouble, we advertise.
