Chink Rear Guards Diehard In Annihilation Waged War

By EARNEST HOBRECHT
United Press Staff Correspondent
TOKYO, March 28 (UP)—US Forces waged a battle of annihilation against diehard Chinese rear guards north of Seoul today while South Koreans on the east coast drove more than six miles into North Korea.

An 8th Army communique reported that American troops ran into heavy enemy resistance north northeast of Uijongbu in a fighting advance up one of the main highways from Seoul to Pyongyang.

The Americans blasted the Reds from their foxholes and other defenses only a few miles south of the 38th Parallel with massed artillery and tank fire and bayonet charges.

Communist resistance was light or non-existent all along the rest of the muddy 140-mile front across Korea.

It appeared only a matter of hours before U. S. forces on the Central and Western fronts would join the South Koreans in crossing the 38th Parallel—old frontier between South and Communist North Korea.

Five north Korean towns already have been overrun by the South Koreans in their thrust across the Parallel on a broad front running inland from the east coast.

(In Washington, U.S. Defense Secretary George C. Marshall said Gen. Douglas MacArthur has

authority to send his troops as far beyond the 38th Parallel as necessary for military security, but added that any general advance there would be a matter for political decision.)

Communist rear guards fought delaying actions only on the Western front atwart roads running from Seoul to Pyongyang, capital of North Korea.

However, the battered remnants of Six Corps of 4th Chinese Field Army and three or four corps of the reformed 3rd Field Army were believed digging in on a 60-mile front on just north of the 38th Parallel in Central Korea.

B-29 Superfortresses hit enemy troop concentrations just north of the central front and around Haeju in Western Korea last night in a rare night attack.

South Koreans of the capital division were swarming north through the hills and valleys above the 38th Parallel between the east coast and inland mountains without resistance.

When enemy rear guards pinned down one South Korean column yesterday, a force of destroyers offshore, including the U.S.S. Massey, blasted the Communists.

The advance yesterday overrun Yangyang, five miles up the coast road from the parallel; Kapyong, northwest of Yangyang; Chongok, north of Yangyang; and Sorin, also in the same vicinity, Kaunpo, three miles north of the Parallel, was captured by the South Koreans Sunday.

American, Puerto Rican, Belgian, Filipino and South Korean Infantrymen on the opposite side of Korea plodded along muddy roads and across rugged hills north of Seoul to within seven miles of the parallel.

They routed Chinese rear guards and cleared minefields as they advanced. A Chinese counter-attack north of Uijongbu was repulsed without loss of ground early today. Another yesterday afternoon similarly was defeated.

THE WEATHER

By United Press
East Texas scattered showers and thunderstorms this afternoon and near the coast tonight. Cooler northwest portion this afternoon. Colder tonight with lowest temperature near freezing in Upper Red River Valley. Thursday fair and cool. Fresh to locally strong southerly winds on the coast, becoming northerly tonight and early tomorrow.
West Texas partly cloudy and colder, with a few local thunder showers early this afternoon. Fair tonight and Thursday; colder tonight, with lowest temperatures 28 to 34 in the Panhandle and South Plains.

More Testimony In Murder Trial Given Today

NACOGDOCHES, March 28 (UP)—State witnesses were scheduled to continue testimony today in the "sudden impulse" murder trial of a young Missourian.

The trial of Clifford W. Almas, 19, got underway yesterday with completion of a jury and a plea of guilty from the defendant.

Almas is charged with shooting William L. Dauphinais, 25, Corpus Christi naval air base sailor, and dragging his body into a roadside ditch near here Feb. 16. Dauphinais had picked up Almas hitchhiking.

Almas' statement to authorities on the slaying recounting how he got a "funny feeling in my stomach" when he decided to commit the murder—was introduced into testimony.

Under questioning by District Judge H. T. Brown, Almas said his plea of guilty was voluntary, a n d he understood conviction could mean a prison sentence or death.

Farm Bureau Aims, Ideals Are Explained By County Secretary

Joe Bob Browning, Gorman, secretary of the Eastland County Farm Bureau, has submitted the following information on the Farm Bureau.

Browning said that many farmers do not know what the Farm Bureau is and what it stands for, and offered the following statement: "The Farm Bureau stands for: Fair prices on farm products. The right of an individual to work. Continued support of the National Farm Program to place farmers on a parity with other groups and conserve soil and other natural resources.

The Farm Bureau favors fair prices at the market place instead of direct government payments to farmers, and reduction of unjustified spreads between producers and consumers.

Elimination of overlapping and duplication, and establishing economy, efficiency, and decentralization, in administration of farm programs is another aim of the bureau, which also favors expand-

ed foreign trade and continued market research.

The bureau stands for support of county agents, experiment stations, schools, health work, Land-Grant Colleges, vocational agriculture, soil conservation, rural electrification, Veterans Farm training program and other services to farm people.

More and better farm-to-market roads are advocated by the bureau as is support of 4-H Clubs and Future Farmers of America. Adequate farm credit at a fair rate of interest, equitable freight rates for Texas and the South more widespread private ownership and less government ownership of farm lands, adequate pay for rural teachers to provide adequate educational opportunities for farm children and other policies and actions to make rural life more attractive are other goals of the bureau.

The Texas Farm Bureau Federation was chartered in 1934 and is an independent organization to farmers and ranchers.

It works to protect, promote and secure agriculture. It is feder-

21 Enlistees Sought For Hawaiian Duty

The United States Army is now offering a special assignment in the Hawaiian Islands to 21 qualified men of this area, Major Walter J. Alonis, commanding officer of the US Army and Air Force Recruiting and Induction Main Station, Abilene, has announced.

Young men between the ages of 17 and 34 without dependents, and prior service men who can meet current enlistment standards are eligible.

This assignment will not include persons requiring hearings aids, special size shoes or clothing, or persons who are specialists or scientists. Twelve percent of the quota may be colored.

Men must be enlisted before April 9 to take advantage of the offer. All qualified men will be sent to the Reception Center at Fort Sam Houston, Texas for assignment to Scottfield Barracks, Honolulu, Hawaii.

For more information concerning the assignments, anyone interested may contact M-Sgt. Lockman at the US Army & Air Force Recruiting Station, 311 W. Main, Eastland.

SNOW FALLS IN OKLAHOMA

BOISE, CITY, Okla., March 28 (UP)—The highway patrol reported today a "very heavy snow" was falling in the Oklahoma Panhandle, and visibility was so low traffic was closed on U. S. 64 between Gayton and Boise City.

Snow was also reported at Woodward, Okla., and Wichita, Kansas, accompanied by strong northwest winds.

E. J. O'Dell, highway department division engineer at Buffalo, Okla., said rain and up to half an inch of snow fell throughout the Panhandle and extreme northwest. The moisture raised hopes of wheat farmers, who had already started plowing up their fields in part of the area, fearing the 1951 crop was lost.

O'Dell said one-half inch of snow fell at Woodward, Shattuck and Buffalo. Snow was also falling at Laverne, Beaver and Gage. Cherokee and Alva reported a misting rain.

NEW CANCER SERUM ANNOUNCED—Exchanging congratulations over announcement of new cancer serum are: left to right: Yugoslav Dr. Stevan Dorovic, discoverer of Krebiozen; Maurice Goldblatt, Chicago merchant and cancer foe; Dr. Andrew C. Ivy, University of Illinois vice president. The serum is derived from organs of horses. (NEA Telephoto).

Warden's Charges Look Impressive After Day's Rest From Scrimmage

By Darrell F. Holmes, Jr.
Old man weather stepped in to halt football practice for the Ranger High School Football Squad with a downpour of much needed rain Monday afternoon and the team was forced inside for "Skull Practice".
That wasn't the case yesterday when the team turned out in full gear along with last season's championship Junior High School team and this sports writer for an afternoon of scrimmage.

Apparently the day's rest hadn't done any harm to boys like Herbert Williams, J. L. Barnes, Bobby Justice, Gerald Bagwell, Jimmy "Rip-Roaring" Comacho, Jimmy Cole, Don Varner, Chico Mendoza, Jerry Rushing and others. The play was rough and the emphasis was on rugged blocking and hard tackling.

"Smoke" Jimmy Cantrell and Bill "Smack-Over" Braza were impressive in that they never stopped fighting until a play was over. In general, there was a lot of hustle from every player from the junior high boys on up to the flash of the "Rip-Roaring" Comacho and the bulldozing J. L. Barnes. Of course this sports writer always

backfield and Coach Sam Aills had praise for his line. The line and backs worked together with the smoothness of a well timed machine. The backs seemed to realize that a line is the backbone of any and every successful football team and that without the line the backs would seldom reach the scrimmage line. They appeared to appreciate it.

To the reading public, this column wishes to call attention to the fact that while the backfield boys are in there getting the cheers which they usually well deserve, the boys in the line are taking harder knocks, getting less credit, making the holes for the backs, throwing key line blocks which are more often than not, unseen by those in the grandstands, and in general playing the kind of ball that wins ball games.

Sure, the backs are good and they are very much needed. Look at boys like Jimmy Comacho, J. L. Barnes, and Jimmy Cole. Those boys are good. Those boys make those well needed points. But ask the man in the backfield where he would go without that line. For instance take the words of Jimmy Comacho:

"Aw, I don't see why you want to ask me about football. I just like the game and play it the best I can. Sure, I appreciate getting write-ups. Any guy likes to see his name in print. I try to make touchdowns because that's how games are won and that's what I'm out there for. But I don't think I am the one to give the real credit to. Why don't you put more names in there of the boys who make those openings for me to go through."

With every performance the boys are improving in every thing from their timing to their form. They should be an able contender for any team that wants to find out how football is really suppose to be played.

Amarillo Gets Works
CINCINNATI, O., March 28 (UP)—Proctor & Gamble Company, soap manufacturers, will operate the \$22,000,000 atomic installation at the old Pantex Ordnance Works in Amarillo, it was disclosed yesterday.

No radioactive material will be handled at the Texas plant, located on a 2,081 acre tract 17 miles west of Amarillo, the Atomic Energy Commission has announced.

Mr. Dawson came to America from England after the first World War and married the former Miss Francis Davis of Iowa several years later. The couple are staying in the Gholson Hotel while their car is being repaired.

New Section Is Added To Evergreen

Civic pride is a wonderful thing and judging from the way a number of Ranger persons have gotten together and improved the Evergreen Cemetery, there is a great deal of that pride in Ranger.

A new section has been added to the cemetery with a general clean-up of the lots, trees planted around, and other general improvements have been made.

V. V. Cooper, Jr., chairman of the cemetery group, along with A. F. Stephens, Con Hazard, W. W. Jones, Mrs. Edwin George, A. N. Larson, and others have given time and effort in improving the cemetery.

The group have announced that they hope to maintain the cemetery in such a way that there will be no raised curbs in the new section. The general public is invited to look over the improvements.

Ed Perkins Is Dead In Minneapolis

Ed Perkins, a brother of the Rev. Ralph Perkins, Ranger, died recently at his home in Minneapolis, Minn. He was born in Parker County, Texas and lived in Texas until 1935 when he moved to Minneapolis.

He is survived by the following persons other than Rev. Perkins: his wife and two sons, Paul and Mike, his father, J. W. Perkins, Megarevel, Texas, and two aunts Mrs. Walter Hudson and Mrs. Charles Masterson, both of Weatherford. His mother passed away in 1937. Funeral services will be held in Minneapolis with the arrangements pending.

Couple Detained Following Wreck

A couple enroute to the West Coast where they were married just after the first World War have been detained in Ranger resulting a wreck which occurred approximately nine miles east of Ranger on Hy. 80 yesterday afternoon.

The couple are Mr. and Mrs. C. G. Dawson, Bethesda, Maryland, who were detained when their automobile skidded and flipped over during a heavy rain. The car was badly damaged.

Mr. Dawson came to America from England after the first World War and married the former Miss Francis Davis of Iowa several years later. The couple are staying in the Gholson Hotel while their car is being repaired.

WORLD PREMIERE IS PLANNED FOR BOOK "ROARING RANGER"

By Darrell F. Holmes, Jr.
The rip-roaring frontier of yester-years with its smoking guns, bawdy dance halls, flowing oil and dollar-a-shot corn liquor; along with mud, wildness, and vividly picturesque life, live once more in the pages of the book, "Roaring Ranger", the World's Biggest Boom, a fast moving, action-packed, enjoyable, and important chapter in the history of Texas and oil.

This book which was written by Boyce House, author of 12 books, and newspaper editor in Ranger, Eastland, and Cisco for 10 years will be honored Friday, April 6 with the World Premier of the book being celebrated here.

The day will be proclaimed "Boyce House Day", with the Ranger Junior Chamber of Commerce sponsoring a luncheon, a program afterward to which the general public is invited, a tour of more recent oil fields, and a dance

Oil Activity Near Ranger Is Picking Up

It was learned today from a number of sources that the oil activity around Ranger is on the uphill grade. A gradual increase in activity is being noticed in several local fields.

The Kessler No. 1 Cantwell is running a test to Lake and Marble Falls and have drilled down to 28,020 feet. The Bob Sunshine No. 1 Allen which is 12 miles Southeast of Ranger has cemented from 1943 feet to 1975 feet. The well will receive hydraulic treatment late today.

Sunshine et al No. 2, 15 miles northeast of Ranger, is drilling at 1,800 feet and will set pipe this afternoon. The Sunshine et al No. 3, 15 miles northeast of Ranger is drilling at 340 feet. The Bob Sunshine et al has made location for a test to the Strawn sand at approximately 2000 feet has made location for a test to the Strawn sand at approximately 2000 feet in the Manny Walker tract in the same area.

The Ranger Junior Chamber of Commerce and numerous civic organizations in Ranger have exercised a great deal of effort, expense, and time in hopes of making this day one which will always be remembered by those attending.

OUR SLIP IS SHOWING

The Times carried an item in yesterday's paper on the special Red Cross meeting which was held in the Chamber of Commerce Monday. In this story the Times failed to list the name of John Usery, American Legion representative, as present at the meeting.

Also in this story we failed to list Alvin Brown as Captain of the Texas State Guard and owner of the L. & J. Supply Company. Mr. Brown was listed only as a representative of the L. & J. The Times regrets these errors.

Old Man Weather

WACO, March 28 (UP)—A scheduled baseball game between Rice and Baylor University was postponed because of wet grounds yesterday. It will be rescheduled at a later date.

Administration Is Kinda Mixed Up On Korean War Policy

WASHINGTON, March 28 (UP)—Administration plans to issue an important policy declaration on the Korean war were reported today to have been thrown off balance temporarily by Gen. Douglas MacArthur's statement threatening Red China with UN attacks.

In cooperation with 13 other nations fighting in Korea, the state department has drafted a policy declaration to be released by President Truman following final review by the other governments, authoritative sources said.

These sources said MacArthur's statement—which was not cleared here—had slowed up those plans. However, indications were that the outline of UN aims in Korea might be made public later this week.

New congressional demands also were voiced for a declaration of policy. Sen. William F. Knowland,

at the Ranger Country Club. Boyce House is expected to arrive at 11:00 a.m. along with other special guest at the Texas & Pacific Depot. A reception of service clubs, Ranger citizens, and a unit of National Guard will be on hand to greet the train.

A banquet will be held at the Gholson Hotel at 12:15 a.m. with Allen Pull, president of the Junior Chamber of Commerce, presiding. An introduction of special guest will be made and a brief review of the book will be made by Ralph Wagner, manager of the hotel. Senior Chamber of Commerce President Felton Brashier will give a short talk.

At 2:30 p.m., a public assembly will be held in the Aradia Theatre. The principal address on the romance and importance of the Ranger oil boom will be made by author Boyce House.

A tour of Ranger's new oil fields will be conducted at 4:00 p.m. The band from Carswell Air Base, Fort Worth, will begin playing at 7:00 p.m. for the Ranger Jaycee's dance which will be held at the Ranger Country Club. The dance is open to the general public at a cost of \$2.00 a couple. The public is urged to attend this dance. Tickets can be purchased from any member of the Jaycees or at the Gholson Hotel.

The Ranger Junior Chamber of Commerce and numerous civic organizations in Ranger have exercised a great deal of effort, expense, and time in hopes of making this day one which will always be remembered by those attending.

The Ranger Daily Times has issued invitations to every leading newspaper in this section of the state and to the United Press, to attend this affair which merits state-wide coverage by daily newspapers.

Funeral Services Held Today For Oscar Mason

Oscar Lee Mason, age 77, retired barber, died at Cisco Monday, March 26.

He was a native of Prairie Grove in Limestone County but came to Cisco 26 years ago and was a deacon in the First Baptist church for more than a quarter of a century.

He is survived by his wife and one daughter, Mrs. Roy Canfield of Cisco.

R. Cal, said the State Department has "laid down General MacArthur and the stage is set for the diplomats to lose again what our fighting men have won." Sen. Harry R. Cain, R., Wash., said the nation's leaders should "please say what they mean" about Korea.

MacArthur has been asked by Washington to clear all important policy statements here in the future. The order was in line with a December directive from the White House for government officials, including military commanders, to submit foreign policy and military statements for review in advance. The White House order also suggested that these types of statements be curtailed.

WASHINGTON COLUMN

Sees Little Comfort for GOP In Missouri Election Victory

BY PETER EDSON
NEA Washington Correspondent

WASHINGTON—(NEA)—Results in the Missouri 11th district special congressional election have led political experts to do a lot of plain and fancy predicting. In this election for a successor to the late Democratic Congressman John B. Sullivan, Republican candidate Claude I. Bakewell won. He got 25,700 votes. His Democratic opponent, Harry Schendel, got 19,500. Both figures are in round numbers. The winner, Mr. Bakewell, is a smart and good-looking young lawyer and Navy veteran. He served in the 86th Congress, 1946-48. He was defeated for re-election in 1948 and 1950. As a result of Bakewell's 6200-vote majority, GOP National Chairman Guy George Gabrielson declared in Washington that "The vote... reflects the distrust and disapproval of the vast majority of the American people over the policies, performances and cronies of the Truman administration."

All such forecasts are now challenged by Louis H. Bean, author of "How to Predict Elections," and "The Mid-Term Battle." A Department of Agriculture economist, professionally, Mr. Bean has made the study of election statistics his principal hobby. To get the picture of what happened in the 11th Missouri district special election, Mr. Bean looks at the record of past congressional election results there.

Table with 4 columns: Year, Democratic Vote, Republican Vote, Democratic Percentage. Rows for years 1936, 1938, 1940, 1942, 1944, 1946, 1948, 1950, 1951.

First look at the difference between 1950 and 1951 results. The Democratic vote dropped 37,500. The Republican vote dropped 5300. Nearly two-thirds of the Democrats didn't vote. On the other hand, the Republican victory was obtained with a smaller vote than it has had in the last 15 years. The same thing is shown in even more marked degree by comparing 1948 results with the 1951 special election. The Democratic vote was off 58,500. The Republican vote was off 13,300. WHAT these figures prove to Mr. Bean is an old but basic fact in American political history. It is that the size of the total vote is crucial, and that the size of the vote always falls off from a presidential election year to a congressional election year. And it always falls off even more in special elections. The total 11th Missouri vote of both parties was 119,000 in 1948, a presidential year. In the congressional elections of 1950, total vote was 88,000—a drop of 31,000. In the special election just held the total vote was only 45,000. The drop is 43,000—nearly 50 per cent from last fall. The drop was 74,000 from the presidential election in 1948. There is a national American political apathy over congressional elections, says Mr. Bean. Forty per cent of the people don't vote in congressional elections and even more don't vote in special elections. And a light vote always hurts the Democrats. Over and over this happens, he declares, and political experts always misread the results. They look at the margins of victory, and not at the total vote.

THE SCOREBOARD

Why Not Give Walcott Title On Basis of Seniority?

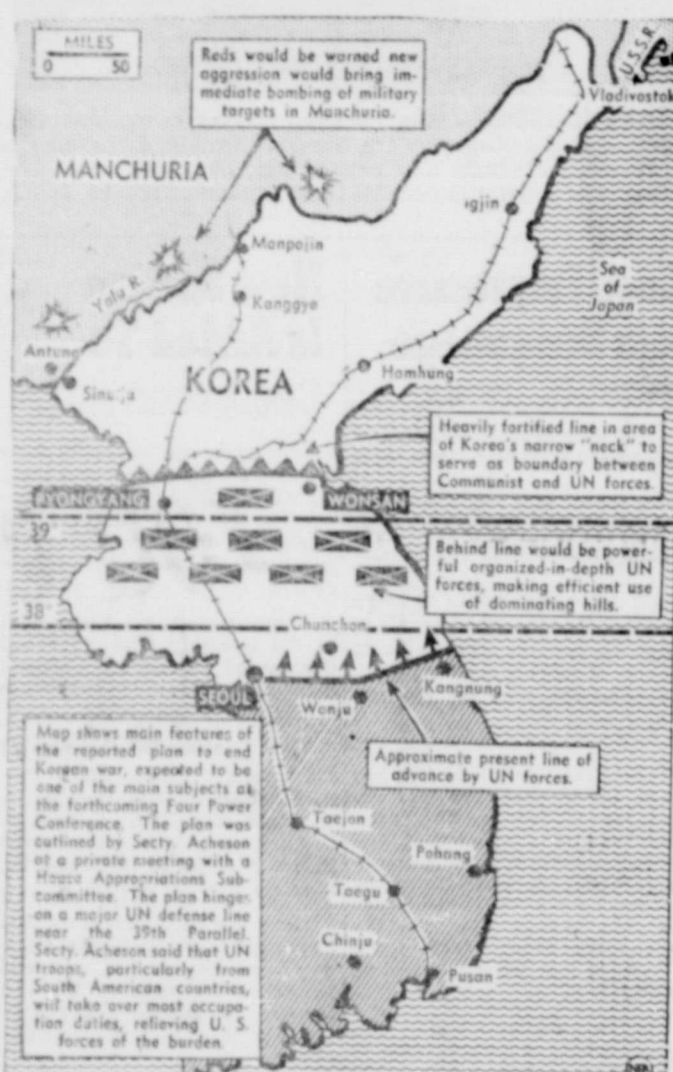

BY HARRY GRAYSON
NEA Sports Editor

SARASOTA, Fla.—(NEA)—It isn't a very pleasant thing to think about, but the surprising showing of Jersey Joe Walcott against Ezzard Charles at the Detroit Olympia the other night might lead to a third match between them. Walcott, the William Jennings Bryan of the heavyweight racket, has gone 0-for-4 in shots at the crown, but it's a good living. Like practically everybody else, the old pappy guy made Charles look bad, and there may be just enough people around willing to pay for tickets for the International Boxing Club to try it again on behalf of the suds dispenser. Charles' ballooned left ear and Joe Louis' demands may deny the old champion the thing he wants most—another crack at the crown. At least until it may be too late for the erstwhile Brown Bomber to do anything about regaining it. Every time you see or hear about Charles you more readily understand why Louis hangs on, insists he can beat him in a second edition. Smoky Joe just can't get it through his head that he could have been bad enough to lose to Ezzard the Gizzard. Anyway, Charles' puffery ear, which will require two months for repairs, at once cancelled his projected April 11 affair with Louis in Chicago. LOUIS, who went to pot faster than any heavyweight in memory, is as sharp right now as he ever will be again. The IBC partner doesn't carry his 36 years nearly as well as Methuselah Walcott stands up under his admitted 37, perhaps 40-odd. Figuring that Charles conceivably could remain away for three months to heal his ear, then take a tune-up or two before Maxim, it could be as far along as fall before, the ex-champion gets another chance. By that time, Louis, so much older, probably would be deep-dish apple pie for Charles, who looked better against the slow-motion old Bomber than he did in any other outing. In the meantime, Louis, even though carefully matched, might have more lusty rubbed off in other appointments. He's got to keep busy to stay in shape. Pappy Walcott is another story. What's a few more months to an old geezer like the Great Father of Camden? He can still drop his hands and walk away when he gets tired. Come to think of it, why not declare Walcott champion on seniority, and call the whole thing off before one of those old blokes gets hurt?

The average weekly earnings of production workers turned down slightly in January to a tentative figure of \$62.97 after having reached \$64.15 at year end. This may be compared with a 1939 average of \$23.86, but expressed in dollars of the same buying power of those in 1939, today's average factory workman would be making slightly over \$35.00 a week. Indications are that the wage figure will rise somewhat, based on recent "thaws" in the wage freeze order.

Fireman Causes Cops To Wreck

FORT WORTH, March 27 (UP)—A Fort Worth patrolman escaped with only a scratched ear today when thrown from his car after an accident and the speeding vehicle hurtled over his body. T. W. (Red) Curtis, 31, was driving the patrol car when he and his partner, R. C. Campbell, 24, spotted a speeder. They gave chase and had reached a speed of 80 miles an hour when a pickup truck pulled in front of them. The patrol car hit the truck, glanced off and struck a concrete street marker post. Doors of the car flew open and Curtis rolled out. The car overturned, hitting on the edge of the open door which helped it vault over Curtis' body. Campbell remained in the car and escaped injury. The speeder, a city fireman, saw the accident in his rear view mirror and returned to the scene to help the officers.

Methodists Provide More Parking Space

The vacant lots, directly east of the Methodist Church are being converted into an attractive parking lot to be used by churchgoers. David Pickrell, Superintendent of the Premiere Oil Co., is in charge of the project. In addition to the bulldozer and crew which were furnished by Premiere, The American Aggregate Co. provided a dirt loader and truck which made the job easier and quicker. The City Commission also furnished two trucks and drivers which very greatly speeded the dirt moving job. Some of the surplus dirt was used for the parsonage yard, while several truck loads were dumped on the football field.

The parking lot will include two 20 foot drives—one off Elm and the other off Martson. The lot will be encircled by a 4 foot concrete walk, and will be covered with 6 inches of chat. This parking space is easily accessible to the High School, and can be used for school activities.

Mrs. J. P. Windham and son Ricky of Sweetwater spent Monday with the Rev. and Mrs. Ralph Perkins and family.

Church Sanctuary Open Thursday

The following article was submitted by Rev. Gariand Lavender, pastor of the First Methodist church.

There is a growing interest among the people of Ranger for a closer fellowship with God.

This new found joy is the result of prayer, meditation, and consecration of their lives to Christian ideals and principles. There is no more appropriate place for one to "examine himself" than at the altar of the church.

Perhaps with very few exceptions, one can talk to God and hear what God has to say, with more ease at the church than any other place. For this reason, the Methodist Church Sanctuary will be open tomorrow and each Thursday from 7 a.m. till 9 p.m. for the public to use in private prayer and devotion.

Regardless of your church affiliation, position, profession, social prominence (or a lack of it), you are invited to come and pray for yourself and your fellowman.

Olive Anderson Circle Meeting

The Olive Anderson Circle of the First Methodist church met Monday with Mrs. T. C. Wylie as hostess.

Mrs. M. L. King was program director in the absence of Mrs. A. W. Robinson. Mrs. G. C. Boswell brought the worship service "He Ye Perfect" and Mrs. Arthur Deffebach gave the lesson "Changing Patterns for Women." Mrs. Boswell gave the benediction.

Refreshments were served to the following ladies, Meses. G. C. Boswell, Arthur Deffebach, T. J. Killingsworth, Lee Dockery, L. R. Cozby, W. J. Van Bibber, L. E. Wolfe, M. L. King and W. C. Garrett.

John J. Osterhout, of Ft. Worth is visiting his mother, Mrs. John J. Osterhout, Sr.

Methodist Men's Fellowship Meet Tonight at 7:15

This evening at 7:15 in the basement of the First Methodist church, the regular monthly meeting of the "Men's Fellowship" will be held. The evening's activities will begin with a dinner, prepared and served by the Woman's Society of Christian Service.

Several musical numbers will be given by EJC music students, after which, games of 42 and dominos will be enjoyed by all.

Family Night Observed Tonite

Family night will be observed tonight at the First Baptist Church. All families are asked to sit together if possible.

There is a growing interest in the Revival service and attendance was doubled last night. A number of additions to the church and rededications have been accepted. The public is invited to hear Bill Bullock as he directs the singing.

Rev. Ralph Perkins will speak on "Jesus and His Family," at tonight's services.

Attention Choir Members

There will be no choir practice tonight at the First Methodist Church as previously scheduled.

Lone Star Ladies Club Meet Thursday

The Lone Star Ladies Club will meet in regular session Thursday, March 29th at 2:00 p.m. in the Production office. All ladies are urged to attend this meeting.

Mrs. H. F. Packwood and Mrs. Arthur Deffebach will be the hostesses.

Martha Dorcas Class Meeting

The Martha Dorcas Class of the First Methodist Church will meet with Mrs. J. A. Johnson Thursday at 12:30 for a covered dish luncheon.

The ladies who have not brought their tea towels are urged to bring them tomorrow.

Alpha Class To Have Coffee

The Alpha Class of the First Baptist Church will have a coffee Thursday morning at 9:00 a.m. in the home of Mrs. James Fowler, 816 Blackwell Road. All members are cordially invited to be present at this time.

Election and installation of officers will be held at this time and secret pairs will also be revealed.

Mr. and Mrs. Wesley Tollett of Ranger had as their guests over the weekend their daughter, Miss Helen Tollett of Midland; G. W. Tollett of Mineola, and Mr. and Mrs. Robert Miller of Eastland.

Hospital News

WEST TEXAS HOSPITAL

Mrs. Ted Sparling was dismissed Sunday. She had been a medical patient.

Mrs. Paul Douglas and son, Paul David, have been dismissed.

Mrs. John Thurman is a medical patient.

J. E. Langford was a medical patient but has been dismissed.

Mr. and Mrs. Bobby Hughes who were injured in the car wreck Monday were released from the hospital Tuesday morning. They have returned to their home in Weatherford.

Mrs. H. B. Wright of Eastland underwent eye surgery Tuesday morning.

Personals

Mrs. J. R. Radford returned recently from Mexico where she has been visiting her son and family.

Mrs. Jack Story of Arlington has been visiting Mr. and Mrs. R. A. Jones.

Mrs. Nettie Sudderth, Mrs. W. T. Johnson and Mrs. Timmie Veal were in Ft. Worth yesterday visiting Mrs. Ruth Shipley, sister of Mrs. Johnson and niece of Mrs. Sudderth.

Houston Southpaw Hasn't Signed Yet

HOUSTON, March 28 (UP)—Howie Pollet said today he certainly has been "traveling a lot" of late not to have even "packed my bag."

That was his reaction to reports out of Florida that President Fred Saigh of the St. Louis Cardinals was trying to trade his ace southpaw holdout.

"I haven't heard a thing from Mr. Saigh or the Cardinals since March 17," said the stylish pollet. "That was when he sent me a telegram inviting me to spring training at St. Petersburg."

Pollet has refused to sign his contract because it reportedly calls for a 25 per cent cut in salary.

"I don't intend to take a cut," Pollet emphasized again. "I'm worth what they paid me last year and I don't intend to play for less."

CARD OF THANKS

We wish to express our heart felt thanks and gratitude to each and everyone who supplied all our needs since our home was destroyed by fire. May God's richest blessings rest on each of you. Mr. and Mrs. Elzo Patterson and family.

VOTE FOR FRANK PENN

For Street Commissioner

The slender southpaw, who is selling insurance, also said it was his opinion that a player should not report for spring training until he has signed a contract.

that Pollet is "being unreasonable" about salary" and that he's willing to trade him.

"I haven't signed one and therefore I'm not reporting," he said. Saigh has been quoted as saying

Mrs. Katie White is visiting her daughter, Mrs. Pete Wright in Kermit.

Marvelous Motorless New Servel guaranteed 10 years

Come a-running to see the amazing refrigerator that makes lots of ice cubes and keeps food cold without wear, without ever making a sound—the marvelous, motorless new Servel!

Because it has no motor to wear, no machinery to grow noisy, Servel stays silent, lasts years longer. Servel gives you all that's new—and silent, long-lasting economy, too. Choose from eight beautiful new Servel models.

- Big new Freezer Compartment! Up to 70 pounds of frozen foods fit into Servel's extra-roomy new Freezer Compartment. It's cold enough to freeze a steak, too. And plenty of ice cubes.
- Even a special "Odds and Ends" Tray! Servel's roomy interior stays clutter-free—thanks to a special tray for jars, packages of meat and cheese—thanks also to big Dew-Action Vegetable Fresheners.
- Quick-Change Shelves! Shelves flip up or down to make room for extra-bulky foods—like a giant turkey or a mammoth watermelon, even a case of soft drinks.

New low prices start at **\$239⁹⁵**

The cost of living, as measured by the Bureau of Labor Statistics' Consumer Price Index, continues to rise to new record highs each month. Government price controllers are hopeful that the figure—announced tentatively as 181.5 on Jan. 15—may soon reach a "plateau." The hope is based in part on the decline of wholesale prices—a cost-of-living bellwether—in late February for the first time in more than four months.

American Aggregate Company, Inc., damages. Lynch, Allen & Company, Inc., et al v. Herman H. Miller, et al, receivership. Ava Eulene Jacobs v. Vivian O. Jacobs, divorce. John S. Hart, et al v. O. K. Henderson, et al, trespass to try title.

From the Seller's Point of View—
... he may earnestly believe that just any kind of an abstract will do, but it makes a lot of difference to the buyer as to the kind of an abstract he gets. There is as much difference in the quality of title information as there is in people and personalities. Most attorneys try to protect their clients against the hazards of irresponsible and sub-standard abstracts, and they should. Waiting for the best, where waiting is required, will pay big dividends in the long run.

ODESSA GAMBLER GIVES NAME OF NEVADA THUG AS PARTNER

AUSTIN, March 28 (UP)—Gambler Paul Harvey said last night that Benny Binton of Las Vegas was a partner in his casino at Odessa, but Harvey admitted that he pocketed all the profits because "I needed it for the house."

Harvey told a Texas Crime Investigating Committee that the casino was located in his plush home, Binton, he said, was a partner until "the first of the year."

The Nevada gambler was supposed to receive a one-third share of the profits, about \$60,000 but Harvey said he kept it for operating expenses. He said Binton called him Monday to ask about the money.

Harvey's testimony came near end of a one-day session by the committee seeking to show a tie-up between gambling in Texas and

organized crime syndicates.

Harvey also said that Los Angeles Mobster Mickey Cohen once approached him about "laying-off" bets for Harvey.

Harvey denied making any agreement with Cohen but admitted that Cohen visited him at Odessa last August.

Cohen, who was subpoenaed to appear at yesterday's hearing, failed to show because of what he called financial difficulties.

The Texas Legislators promptly filed a contempt order against Cohen with Travis county district attorney Bob Long who was expected to present it to a grand jury Monday.

Cohen, informed of the contempt citation at his Los Angeles home, said he might show up in Texas by Friday. Members of the crime committee were scheduled to resume their normal house duties today, though, and no definite date was fixed for another meeting.

MacArthur Still Left Wondering

TOKYO, March 28 (UP)—Gen. Douglas MacArthur will welcome a new United Nations Declaration of policy on Korea, sources close to the supreme UN commander said today.

They said he has been calling for such a statement ever since the Chinese Communists entered the war last November.

U. S. Defense Secretary George C. Marshall's press conference statement yesterday that a general 8th Army advance beyond the 38th Parallel would call for a political decision caused surprise here.

Informants said it appeared to conflict with President Truman's repeated statements that any crossing of the Parallel was up to MacArthur, who is still operating under UN directives that sent the 8th Army almost to the Manchurian border last year.

French Prexy Arrived Today

NEW YORK, March 28 (UP)—Vincent Auriol, president of France, arrived today to the whistles of tugs, the spray of fireboats and the roaring engines of war planes.

The liner Ile De France, carrying the first French President to visit American shores while in office, passed through quarantine and proceeded up the sunlit bay through the ceremonial tumult of a traditional harbor greeting.

Grover Whalen, New York's famous greeter, represented Mayor Vincent R. Impellitteri who is out of the city. But New York's full welcoming ceremonies were deferred until next week when Auriol will return from Washington for a two day visit.

The party will leave New York by train for Washington this afternoon for six days of official visits and conferences to be climaxed by Auriol's address to Congress Monday.

GO TO CHURCH SUNDAY

DALLAS COPS SHOOT EX-CON

DALLAS, March 28 (UP)—Two Dallas policemen shot an ex-convict early today to stop a footrace that began when they surprised him trying to gain entry to a drug store.

The thwarted burglar was identified as Melvin Kelsey, 51. He was treated for bullet wounds in the chest, left arm and left leg. None of the wounds was serious, doctors said.

Policemen D. L. Blankenship and J. F. Tuck fired at Kelsey several times after he leaped from the roof of the drug store and ran. While they were chasing Kelsey, the policemen discovered later, another man with him in the burglary attempt escaped.

Five Injured In Omaha Accident

OMAHA (Morris County), Tex. March 28 (UP)—A freight train collision and explosion here yesterday injured five persons, set the depot ablaze and scattered debris over a wide area.

A local freight ramed into rear of a standing freight at the Omaha depot, causing the moving locomotive to "explode like a bomb." The crash occurred in a heavy rainstorm.

Dan Walker, Omaha bank worker, said the depot area looked like it was bomb hit.

Most seriously hurt was Willie

C. Hewitt of Tyler, a brakeman. He and J. W. Wilcox, also of Tyler, an engineer, and L. E. Williams of Tyler, a fireman, comprised crew of the engine which exploded.

Also hurt were R. L. Vickers, conductor on the standing train, and J. M. Falls, a clerk at the depot. All but Falls were hospitalized.

The explosion set off by the crash knocked down power lines in the area and hurled a pair of wheels from one freight car 100 feet through the air. They landed in center of a highway paralleling the tracks.

Both trains belonged to the

Cotton Belt Railroad which said they were local, operating out of Mt. Pleasant, Tex. The moving freight was bound for Texarkana, about 40 miles northeast of Omaha.

Advice of Her Mother-In-Law Proves Helpful

Mrs. W. O. Jones

There are a lot of jokes about mothers-in-law. In fact, comedians just can't seem to perform without making some reference to them. But there are many, many wonderful mothers-in-law in this old world who have the best interest of their sons-in-law and daughters-in-law at heart. Mrs. W. O. Jones, 7244 N. Bell St., Chicago, Ill., can certainly agree to that for when Mrs. Jones wasn't feeling well, her mother-in-law recommended HADACOL.

And HADACOL seemed to be just what Mrs. Jones needed, and HADACOL may bring you the relief you are seeking if you are weak and run-down due to lack of Vitamins B1, B2, Niacin and Iron.

Here is what Mrs. Jones says: "I am a housewife and mother of three children. I had been feeling very run-down, would tire so easily, and just felt listless. My mother-in-law suggested I take HADACOL, as she had heard of it through friends of hers. I just took it for a few days, when I noticed I was feeling stronger and seemed to have more energy. I continued taking HADACOL and it has certainly built up my strength. I am no longer run-down, don't tire nearly as much. I am now on my sixth large bottle of HADACOL, and intend to continue taking it."

HADACOL can help you if you suffer such deficiencies. Ask your druggist for HADACOL today. Only HADACOL gives you that "Wonderful HADACOL feeling."

Fighting Texans On Casualty List

WASHINGTON, March 28 (UP)—Fourteen Texans, including two killed in action and one who died of wounds, were listed on the Department of Defense Korean casualty list released today.

Texans named were: Killed in action, Army: Sgt. I-C Agapito R. Castaneda, 813 South Kansas, El Paso.

Died of wounds, Army: Sgt. Bernace F. Potts, 915 West Blucher, Fullerton, Calif.

Wounded, Army: Pvt. I-C Ivey L. Buckner, Choice. (Previously wounded and returned to duty.)

Cpl. Thomas H. Day, 109 Price, Waco.

Pvt. George A. Garcia, Poteet.

Cpl. Billy W. Mitchell, 301 East 9th, Borger.

Cpl. Willie J. Price, 1501 Sam Rankin St., Corpus Christi.

Few medium wooled feeder lambs 33-37. Shorn feeder lambs 27-32.50. Some heavy shorn lambs unsold late.

TO THE VOTERS OF RANGER:

I am not prompted by any selfish or ultra motive in offering myself as a candidate for Ranger's Street Commissioner. I claim no superior ability, but do believe that my dealing with the public for more than twenty years in the successful operation of my own business does qualify me to handle the affairs of the Street Department.

If elected I will not be obligated to any individual or group of individuals.

If elected I promise to administer the affairs of the office in an honest conscientious manner, always keeping in mind the fact that I am a servant of the people.

The needs of Ranger are many, but an adequate and wholesome water supply is our greatest need at this time. If there is a way developed by which we can get this water supply and I or my department, can in any way contribute to securing it, I shall be happy to do my part.

It will always be my aim to cooperate with the Mayor and the other Commissioners. And to give a courteous hearing to all complaints and suggestions that any citizen may wish to make.

If you can find it in your heart to vote for me on April 3rd I shall do my very best to merit your support and confidence.

They're Here!

Ford makes the truck news of the year! See, try the new Ford Trucks for '51, and you will find a wealth of step-ahead engineering advancements. BETTER LOOKS with modern, new front end and exterior styling. A still wider CHOICE, over 180 models for any kind of job. MORE DRIVING EASE for the man behind the wheel, in the new 5-STAR Cabs.

They're New!

*NEW HALF-TONNERS have easy new steering column gearshift. *NEW WIDER VISION in all cabs, 50% more rear view. *FOUR-SPEED SYNCHRO-SILENT TRANSMISSION available at extra cost in Series F-4, F-5 and F-6. *NEW CHROME-PLATED TOP PISTON RINGS now standard in all four Ford Truck engines.

They're Thrifty!

Everybody knows Ford Trucks last longer, which means economy for years ahead. Everybody knows Ford power can pack more ton-miles into a working day, on good roads or bad. Now Ford step-ahead engineering gives you more strength reserves, more time on the job, less time in the shop.

FORD TRUCKS for '51

feature **POWER PILOT ECONOMY**

The Ford Truck Power Pilot is a simpler, fully-proven way of getting the most power from the least gas. The Power Pilot automatically meters and fires the right amount of gas, at precisely the right instant, to match constantly changing speed, load and power requirements.

Unlike conventional systems, the Power Pilot uses only one control instead of two, yet is designed to synchronize firing twice as accurately. You can use regular gas... you get no-knock performance. Only Ford in the low-price field gives you Power Pilot Economy!

Ford Trucks cut your expenses through low initial cost, low fuel consumption, minimum maintenance, longer life.

Come in today to get ALL the facts on the Economy Leaders for 1951.

Ford Trucking Costs Less because—

FORD TRUCKS LAST LONGER

Using latest registration data on 6,592,000 trucks, life insurance experts prove Ford Trucks last longer!

SOMEBODY'S BUILT A BETTER PLASTIC LUNCH BOX FOR BING

By Elizabeth Toomey
United Press Staff Correspondent
NEW YORK, March 28 (UP)—
Somebody's built a better lunch box, now that food prices have folks skipping the noon snack.
And the Crosby boys, Everett and Bing, are about ready to put it on the market.
Older brother, Everett, who is Bing's manager and president of the Crosby Enterprises, explained the streamlined plastic lunch box on a business trip here and added that "Bing's Things, Inc.," also has a new pliable metal doll and a razor with a small battery in the handle, capable of generating power for about 300 shaves.
"We're swamped with people

who have invented something and want to help in developing it and getting it on the market, but only about one out of every 500 is good," explained husky-v o i e e d Everett, drawing a picture of the lunch box on the white table cloth of a midtown dining spot.
"The thing that makes this lunch box better is that it allows a child to go to school with a really nourishing lunch," he continued. "There are two round plastic containers for hot or cold food, plus a thermos with a new plastic screw-on cap—no cork to get rancid."
The containers will keep hot or cold for ten hours now, he said, but they're still working on them to try for 12 hours. The outside of the rectangular box comes in various shades of plastic.
"Looks like a makeup box in pastel for working girls," said Everett, who was eating a ham sandwich on rye bread as his lunch. "In fact you can remove the compartments and it is a makeup box."
The pliable metal doll, with lead feet so it stays upright no matter how it's bent, will come in a kit equipped with fabric and sewing equipment. "We may even have a clothes designing contest," Crosby said thoughtfully.
Most of the varied Crosby ventures are handled in California, Everett explained, but he "did a lot of selling here," including television films as well as new inventions.

TEXAS LEGISLATURE OPENS CRIME HEARINGS—At opening session of investigation of crime in Texas Attorney General Price Daniel, left, shows the House Committee a map of the points in Texas where wire services, supposedly controlled by Mickey Cohen, were operated for betting purposes. Members of committee are, left to right: Horace Houston of Dallas; Waggoner Carr, of Lubbock; Chairman Fred Merridith, Terrell; Bill Wood, Tyler and Charles Murphy of Houston. (NEA Telephoto).

GENERAL OFFENSIVE—With an M-1 rifle slung over his shoulder and followed by aides, Lt.-Gen. Matthew B. Ridgway, commander of the 8th Army, slogs through the mud to an observation post during battle in Korea. The general, who has become a familiar figure to front-line soldiers, was visiting the 24th Division area.

"We've got a new series of 15-minute television programs starting two chimpanzees up for sale now," the non-singing Crosby said enthusiastically. "They play two detectives, and we use other animals for other characters. The words are dubbed in."
Those who catch up on conservation when the commercial comes on the T-V screen should enjoy the new series.

Crime Foes To Speak In Austin

Two of the nation's top foes of organized crime will speak at the statewide conference of prosecuting attorneys called by Attorney General Price Daniel in Austin March 30-31.
They are Warren Olney III, chief counsel for the California Crime Commission, and Daniel P. Sullivan, operating director of the Miami Florida Crime Commission. Both have had many years of experience in fighting the organized gambling rackets which invaded their states, Daniel said.
Olney served seven years as deputy district attorney, and three years as chief criminal deputy attorney general of California, beginning under Gov. Earl Warren, while he was Attorney General of California.
Sullivan, a former FBI agent in Texas, has directed the Miami

Crime Commission in its successful campaign to eliminate race horse bookies, slot machines, and other commercial vice from Miami. He will speak on "The Importance of Citizens' Crime Commission."

Daniel said that he was calling the meeting of the state's 315 prosecuting attorneys to consider pending legislation and means of co-operation with law enforcement officers for the purpose of better enforcement of present laws and "to serve notice to the world that Texas will not allow the entry of gambling racketeers who are now being ran out of other states."

SHERIFF THROWS LIGHT ON COHEN AND CHICAGO THUGS

HOUSTON, March 28 (UP)—
Harris County Sheriff C. V. (Buster) Kern offered testimony linking Cohen to the port city of Houston.

The tall, gangling sheriff related an incident early in January when nine persons, most of them from Chicago, were arrested and held briefly for investigation.

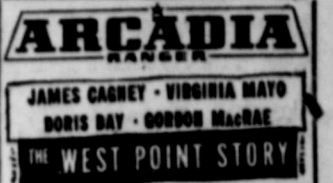

Kern said the group purported to represent a sales promotion firm. However, he said that calls in their behalf were received from Cohen's brother at Chicago, as well as from Cohen himself at Santa Monica, Calif.

"These nine," Kern told the committee, "were field men—they went around feeling out the situation."

"Were they connected with Cohen?" Kern was asked.
"Well, he called about them and so did his brother," the sheriff answered.

Just Sleep-Talking

BINGHAMPTON, N. Y. (UP)—
A frightened woman telephoned police in the middle of the night. She reported someone was screaming for help in an adjoining room. Police sped to the house only to discover that the man she said was screaming was sound asleep. He said he must have been talking in his sleep.

I Am For A Change

Each day for the past two weeks the question has appeared in the newspaper, who filed the names of the new opponents to the present city commission.

If the present City Commission can read, they will see who filed the name of Verne Peterson for Police Commissioner, they have the record before them at all times to reflect the names of citizens who file for places on the coming election.

I, for one of the tax payers of Ranger do not believe that the sole power should be invested in one man or the mayor to have the power to fire any of the City employees. This power was invested in the mayor on November 15th, 1949, did at regular meeting invest this power. The motion was made by Williams and seconded by McCallum and motion carried. I believe in the heads of each department to have the fortitude to stand up and fight for the rights of his department and to fight for his employees who carry on for his department.

Calvin Brown

Paid Pol. Adv.

Mrs. Brown Asked The Question

in yesterday's paper why not have the minutes read so the public can be better informed on what has happened in the past twenty-two months.

This was done and City records show that Crawley Motor Company has received \$4403.53 for gasoline, oil and repair work, this does not include vehicles purchased from the Mayor.

Mr. Garage and Fillingstation man how much have you received??

Do you believe you have had a fair deal? The records show with other Mayors in the past that money was distributed equally.
