Ranger High School Band Named In May Issue Of Music Magazine

Robert Gans and members of his Ranger High School Band were rewarded for their tireless efforts toward perfection in the music field this month when the May issue of Texas Music Educators Magazine carried a full page article and pictures of the band and bandleader.

The article describes the band and all of the activities in which they have participated in the past year. There were two pictures included in the article. One of them was a picture of the concert band and the other of the drum major and twirlers.

To be even mentioned in this noted magazine is a honor. Therefore it is considered a great honor to have had an entire article in that outstanding publication. Gans and his students are to be singled out for the work which led to the article.

What Would You Do?

If you could know that your days were numbered what would you do?

We have just gone through a series of religious revivals here. We have been asked how we would spend eternity. But, since we are making our journey through life now, we ask a different question.

If you could know that your days were numbered what would you do? How would you meet life for the few remaining days, or weeks or months or short year-span that might be yours?

Write it out and send it in to us. We want to publish each day for the next two weeks beginning Monday, May 21st. One contribution a day of the best statement of what you would do with your life if you could know your time was limited. If you do not want your name used we will mark your article "Contributed." But send or bring in your contribution. We want your contribution as an index of how the people of our community are thinking about their lives. We feel these sincerely thought-out statements will be of interest and service in community understanding.

Many authorities today believe that the right of free public expression has lost its earlier importance because the owners and publishers of the press decide which persons, facts and versions of the news and ideas shall reach the public.

Freedom of opinion and freedom of expression is a way of projecting the opinions and attitudes of members in society to one another; of presenting and clarifying the values and aims of society. The press supplies a way of reaching the individual member of society, by trends of feeling, thought, and information. We want our Ranger Times to reach into every home with comprehensive truth in giving an intelligent account of each day's event. We seek to develop the right of free public expression, to have this paper yours, a forum for the exchange of comment and helpful criticism.

California Thugs Will Have Trial

BROWNWOOD, May 17 (UP)—Hillbilly Musgrave, Marvin Johnson will go to trial before District Judge A. O. Newman June 11 on charges of murdering Rookie Dallas Policeman Johnny Sides.

A venire of 200 men has been ordered for possible jury duty. The case was moved to Brownwood this week on change of venue. Johnson is one of four men charged with killing Sides in a gunfight at Dallas Jan. 24.

"Uncle Robert" Johnson, alleged leader of the quartet, is under death sentence for the murder.

J. W. Johnson, 23, and Bill Pomeroy, 18, are also charged in the case and have been moved to Brownwood pending their trial here.

"Sex Stood Out Like Neon Sign" 18-Year-Old Houston Youth Says

AUSTIN, May 17 (UP)—A Senate Sub-Committee today pondered testimony by an 18-year-old Houston youth who describes summer camp "blanket parties" and told of being subjected to books in which "Sex stood out like a neon sign."

A House-Approved Bill providing for state licensing, regulation and inspection of camps for children was sent to the sub-committee later yesterday after a hearing on the measure.

Frank Rice, a Houston high school senior, testified in favor of the regulatory proposal. A delegation of Houston parents also appeared in its favor.

Rice related to senators experiences at an unidentified Texas camp which he last attended four years ago.

Bailey Woods To Graduate

Bailey Woods, son of Mr. and Mrs. D. B. Woods, Route 1, Ranger, will receive a bachelor of science degree from Abilene Christian College at the spring commencement exercises Monday evening, May 28. He is one of the 190 candidates for degrees in the 1951 spring graduating class at ACC.

Commencement exercises will be held in Morris Stadium on the ACC campus.

Woods is a letterman on the conference winning ACC football and track teams.

McKee Bids Low For Project

AUSTIN, May 17 (UP)—Robert E. McKee, Inc., of El Paso was the apparent low bidder at \$393,000 today for a Palisado Drive Viaduct Improvement Project at the Border City.

The Texas Highway Department received the McKee bid yesterday. The El Paso project calls for grading, structures, concrete and hot mix asphalt pavement and drainage structures for 7 miles, running from the main street viaduct in El Paso South and East to Santa Fe street.

Highway Department officials pointed out that the project would require more than 25 tons of steel, but expressed optimism that approval could be gained from the National Production Authority.

DRIVER FOR TRUMAN'S SISTER FINED—Deputy Sheriff Arthur Scamwell, right, and Justice of the Peace Warren Smithem, fill out final papers relating to the arrest and fining of Secret Agent Grady A. Stowe for speeding 70 to 75 miles an hour through Hopewell, N. Y. while acting as chauffeur and personal guard for President Truman's sister Miss Mary Jane Truman. Rep. Kenneth B. Keating (R. N.Y.) has charged on the floor of the House that besides breaking the speed laws it was an "absolutely illegal use of public funds" for a government automobile to be used for a pleasure trip. Justice of the Peace Smithem gave Stowe choice of \$20 fine or twenty days in jail. (NEA Telephoto).

Police Officers Are Hampered By The Lack Of Police Radios

Ed Freeman, member of the Ranger Police Department stated yesterday that he is glad that the Ranger Times has the nerve to stand up and yell for police radios with the loud voice of the press.

Freeman said that the boys in the department believe that the citizens would notice the difference in police tactics, efficiency, and expenses if the radios were installed. The officer was confident that the radios would soon pay for themselves.

A check with Eastland and Cisco Police Departments showed that members of those groups also wanted to see the radios installed immediately. Every one seems to be in agreement with the installation of these radios but for some reason they have not been put in. No one seems to be sure of what is holding them back.

Those who cry that they would cost too much are like a man building a house without a foundation. The radios are as important as anything the officer puts to use. Why give him a gun? He can get killed as quick by not having a radio to call for help if it should be needed. If we are not to have a real police department, why have any at all?

Crime would run wild if there was no department. But crime is still going on without curbs because there are no ways of knowing about the crime. Some officer is going to get killed some night when he stops a big time operator on some minor violation. Stopping a car which is loaded with thugs and not knowing it could easily result in the death of some good police officer. No officer draws his pistol and attacks every car he sees.

Police Search For Two Hoods

HOUSTON, May 17 (UP)—Police today sought two bold and thorough bandits who robbed the Center Pharmacy of \$1,500 in cash checks and narcotics last night.

Investigating officers said their timing was good. They walked in while Druggist Bill Martin was alone and just as he finished putting the day's receipts in a cloth bank sack.

One of the men pulled a pistol and forced Martin to fill a sack with narcotics and then forced him to hand over the day's receipts. They fled in an automobile which had been parked outside the drug store.

Police were of the opinion that the two gunmen are the ones sought for a holdup earlier this week.

Association To Meet At Merriman May 19

The Merriman Cemetery Association will meet at Merriman Saturday, May 19 in an all day session.

A basket lunch will be spread at noon, and all interested parties are requested to be present.

Cattlemen Deny Show Cancelled Over Disalle

WASHINGTON, May 17 (UP)—Cattlemen denied today that their beef carcass demonstration was called off because they feared Price Stabilization Michael V. Disalle would cut up and steal the show.

Plans for both a public exhibit and a public beef-cutting demonstration tomorrow were cancelled after Disalle offered to send a meat cutter to the show to prove his price control order is workable.

The shift in cattlemen's strategy came as other meat industry spokesmen went before the Senate Banking Committee (8 a.m. CST) to oppose extension of existing price control legislation. And the House Agriculture Committee called Secretary of Agriculture Charles F. Brannan for questioning (8 a.m. CST) on production affects of scheduled beef price rollbacks.

Strikes Break Out Up North

PHILADELPHIA, PA., May 17 (UP)—A strike by 750 Western Union Operators at Philadelphia and Cincinnati, O., shut off virtually all telegraphic service today in parts of Pennsylvania, New Jersey, Delaware and Ohio.

Operators remained on the job in main offices throughout the rest of the country, but there were reports that the walkout might spread to Detroit and perhaps other large cities before the day is over.

Thousands of messages piled up in the offices at both cities where supervisors were swamped trying to keep a trickle of traffic flowing.

The Philadelphia Local (No. 23) of the Commercial Telegraphers Union, AFL, described the work stoppage as a "spontaneous demonstration," in protest against the use of supervisory personnel in the traffic department.

Union spokesmen here and at Cincinnati charged supervisors were being taught how to handle the machines in case the 25 cents-an-hour wage increase.

Company officials denied supervisors were being trained to break a strike but were being schooled to take over in case of fire, flood, or a similar "act of God."

Bill Hodges Is Elected

Bill Hodges, formally of Ranger, partner in the Kendall-Hodges department store, Fredericksburg, was elected president of the Fredericksburg Junior Chamber of Commerce at a meeting on the Hoening Farm near Fredericksburg.

Lions Roared At Noon Today

The Ranger Lion's Club met today at a business and dinner meeting in the Gholson Hotel at 12 noon. President Wilson Guest presided over the meeting. Members and guest enjoyed a good meal after which business was taken care of and a program was

Frona Students Get A Holiday

FRONA, May 17 (UP)—Frona students had an indefinite holiday today as the result of a fire which razed their 20-year-old school building yesterday.

The blaze, believed started by lightning, destroyed about two-thirds of the structure. Firemen from Hereford and Frona fought the blaze for three hours before it was brought under control with the help of a rain squall.

Committee members are giving their time, efforts, and brainpower to details of the Sixteenth Annual Invitational Golf Tournament of the Ranger Country Club, which will be held Friday, Saturday, and Sunday, June 1-2-3. Invitations have been mailed to golfers all over Texas.

Defending Champion Buster Reed, Dallas, is one of the leading contenders for this year's championship. Last year's runner-up C. A. DeWees, Fort Worth, who was defeated in a thrilling match by Reed, is another possible victor.

Iran Could Be Hot Bed

The coalition of Anti-Communist nations is like a tire brigade which must be on call day and night to put out a blaze any place in the world.

The five-alarm fire, of course, is in Korea, but bonfires can and do break out elsewhere. There is a good-sized blaze going right now in Iran. In some ways it is more dangerous than Korea. Most of the big nations would get along all right if there were no Korea; There isn't anything in the Korean soil that anybody needs desperately. But the accidents of the geological formation of the earth have placed oil in Iran, and that makes it a big prize in the cold war.

There is enough oil there to make Iran worth fighting for, and the British are walking carefully on eggs. The Iranian government voted to expropriate the Anglo-Iranian Oil Co., thereby cutting off a big source of Britain's petroleum. The simple answer would seem to be for the British to send in some troops and force the Iranians to give back the oil company. But no issue is simple in Iran. It is an oriental nation where people live intensely and become highly volatile over such issues as religion, nationalism and imperialism. One premier has been assassinated recently; the present one has taken refuge in the parliament building and has a pistol in his pocket in case he needs to defend himself.

Will Learn The Cause

WASHINGTON, May 17 (UP)—Army and Air Force Medical Corps Inspectors investigated breakfast food of two nearby military posts today to determine what cause 365 men to be stricken with food poisoning.

In simultaneous but unconnected food poisoning yesterday, 300 men, mostly recruits, reported sick at Fort Meade, Md., Army Reception Center, and 65 enlisted men at the Arlington, Va., Air Force Mess Hall. More than 100 men were reported hospitalized as a result of the poisoning but none was reported in serious condition.

First reports at Fort Meade pinned the blame for the illness on ground beef and potato hash, but some of those made ill reports had not eaten the hash. At the Arlington Mess Hall, medical officers believed the cause may have been tainted canned ham.

Airman Holds 50-50 Chance

EL PASO, May 16 (UP)—Cpl. Richard Fogwell, one of two survivors of a fiery B-36 Superbomber crash at Albuquerque, N. M., ten days ago, was admitted to William Beaumont General Hospital here yesterday for treatment of critical burns.

Hospital authorities said Fogwell, Los Angeles, was in serious condition, but had a 50-50 chance to recover. He received second and third degree burns over 60 per cent of his body in the crash, which killed 23 airmen.

Allied Lines Failed To Collapse Although Allies Were Forced Back

By Earnest Hoberach United Press Staff Correspondent TOKYO, Friday, May 17 (AP)—A force of 96,000 Communists attacked United Nations Forces all across the 120-mile Korean War Front today, but failed to collapse the Allied line.

A dispatch from the East Central Front said a large force of southbound Reds had crossed the Pukhan and Soyang Rivers in a gradual buildup of round two of their spring offensive. They swarmed over mountains and through valleys, the dispatch said. The rest of the dispatch was censored.

Allied troops fell back on the Eastern and East-Central Fronts.

Oklahoma Man Doesn't Think Much Of Mexico

OKLAHOMA CITY, May 17 (UP)—Al Guthrie, Oklahoma City flyer who spent a 14-month enforced "vacation" in Mexico, said today he will stay north of the border from now on.

Guthrie, who arrived here yesterday, ran into trouble with the Mexican authorities in March of last year, when they discovered contraband lace on board his ship.

The Oklahoman said he was carrying the packages for "some fellow in Brownsville, Tex.," and didn't know what they contained. From the customs office at Mexico City, Guthrie was taken straight to prison.

"Their courts are not like ours," he said. "They just send you to prison. It scared me to death."

Later, a Mexican court sentenced Guthrie to 28 months in prison. The case was appealed and sentenced commuted to a 500 peso fine (about \$57) and confiscation of the cargo.

Guthrie paid his fine early this month and headed for home. He said he hasn't made any plans yet but he is certain they won't involve Mexico.

Fighter Wing Coming Home

AUSTIN, May 17 (UP)—The 27th Fighter - Escort Wing will be returned from duty in Japan and Korea to its home base at Bergstrom Field beginning next month, it was announced.

Col. C. T. Edmonson, Commanding Officer of the 42nd Air Division, said the unit will be returned one squadron at a time, with the first starting in June. The 27th Fighter - Escort Wing went overseas with its F-84 Jets last November.

Rites Announced For W. J. Wright

Killingsworth Funeral Home has announced the following men who will be pallbearers at the funeral of William J. Wright, which will be held at Killingsworth Chapel at 2 p.m. tomorrow afternoon. They are C. J. Jones, Raymond Long, Harlin Goodenough, M. H. Hobbs and S. H. Waynard.

Wright, who lived in Ranger for several years was a member of the Church of Christ.

It Takes Hard Work And Time To Put On A Golf Tournament

Ranger Country Club, announces that the committees for this year's tournament have been hard at work to make the tournament a success. Larson said that all details have been worked out.

Last year's tournament saw a total of 140 golfers enter the affair. This year's classic offers another large field of contestants. Around \$1000 in prizes will be awarded this year, according to Jimmy Phillips, chairman of the prize committee.

Friday, June 1 will be the day for the qualifying scores to be turned in. They must be in by 6 p.m. A barbecue and calcutta pool

pool will be held at 7. Match play will begin Saturday with the finals being held Sunday.

"Due to the excellent way the tournament is handled and the entertainment features offered, interest has continually grown each year, and one notable fact is that most of the old golfers continue to return," according to President Larson.

The Country Club members are confident that a large amount of good competitive golf playing will be seen in the tournament. The affair is one of the year's highlights in Ranger and Eastland County.

THE WEATHER

By United Press East Texas—Considerable cloudiness, with scattered thunderstorms in the West and North Central Portion this afternoon, tonight and Friday. No important temperature changes. Moderate to fresh Southeast winds on the coast.

West Texas—Partly cloudy this afternoon, tonight and Friday except scattered showers and thunderstorms in the Panhandle, South Plains and east of the Pecos valley. No important temperature changes.

Max. 78; Min. 55; at 8 a.m. 67.

His Uncle Joe Wants Him To Stay There Too

WASHINGTON, May 17 (UP)—Secretary of State Dean Acheson said today that he has "no intention of resigning."

Asked at a news conference whether he has any intention of quitting his job in the face of demands for his resignation, Acheson said:

"No gentlemen, I have no intention of resigning. My position has always been that I enlisted for the duration and I plan to stay."

Time To Spray Pecan Trees For Number One Enemy Agent Advises

It is almost time to spray pecan for their number one enemy—the nut casebearer, according to reports from the County Agricultural Agent's office.

The casebearer according to him has four stages of development; egg; larvae or worm, pupa and moth or miller stage. Only the worms or larvae of the casebearer feed on the nuts. A single spray of the right materials applied at the right time will do the job unless washed off by rain it was said.

After the worms enter the nuts to feed no spray will control them. A sprayer with from 400 to 600 pounds of pressure is best for spraying the nuts. Enough pressure is necessary to force back the leaves on the tip ends of the branches and cover the small cluster of nutlets with the spray material.

Pecan owners now, through research of state and Federal experiment stations, now have their choice of four materials to use in spraying for the nut casebearer.

One mixture that is more popular and is now commonly used is three pounds of 50 per cent wettable DDT powder, 6 to eight pounds of wettable sulphur to 100 gallons of water.

The old mixture that was used for years and is still applicable is six pounds of arsenate of lead to 100 gallons of water. Because the arsenical used is a deadly poison and extreme safety precautions must be exercised in its use it is not as popular as it was once.

One pint of blackleaf 40 to two quarts of summer oil emulsion and 100 gallons of water is another one and still another one is three pounds of blackleaf 155, one pint of summer oil emulsion to 100 gallons of water.

Bulletins on sprays for pecan insects is available at the County Agent's office.

Card or letters asking for one of the spray bulletins for those who have sprayers will receive prompt attention.

For those who do not have sprayers a custom sprayer is available at a reasonable cost. He can be reached at Phone no. 743

as long as the president wishes me to stay."

J3 in Eastland.

The sprays given above are only for the pecan nut casebearer and for no other insect or disease.

The pecan weevil does damage to pecans but the nuts is perhaps two-thirds grown before he attacks them, usually in late August or early September.

Ohio Thug Finds He Can't Make It

FORT WORTH, May 17 (UP)—A 47-year-old itinerant gambler, intrigued by an Ohio friend's description of greener pastures in Fort Worth, was gone today after telling cowtown police he could barely pay his expenses—by playing bridge.

The man told police he looked high and low for gambling games after arriving in town. As a last resort, he took to playing bridge, but his winning ran only from \$4 to \$10 daily.

Whag, the gambler's Ohio friend didn't know was that the special bribery-probing Fort Worth Grand Jury was in session.

Grand Jury Is Near Its Goal

FORT WORTH, May 17, (UP)—Fort Worth's Special Bribery-Probing Grand Jury stands "very close" to its goal in several phases of gambling and payoff investigations, a spokesman said today.

The statement came as jurors returned to work after an 11-day recess voted to give court reporters time to prepare a record of testimony.

Testimony given since the jury began its investigation last January fills several thousand pages.

The spokesman said the jury planned to study evidence and see what additional evidence was needed to plug gaps and clear the way for indictments.

Reports circulated, meanwhile, that the jury would end its investigation June 30, which is the expiration date of a three-month extension granted it under a special legislative law.

Texan Ready For The Ride

WASHINGTON, May 17 (UP)—Marine Lt. John L. Scott, of Commerce, Texas and five non-commissioned officers took a two-week helicopter maintenance course recently at the Bell Aircraft Corp. Plant in Niagara Falls, N. Y.

When the training was over, a company instructor invited the Marines to dinner.

Cautiously, Scott inquired, "Will this entertainment make the helicopters for the Marines cost any more?"

The Bell man said no. Scott accepted and, according to a Bell spokesman, "ate twice as much as anyone else." Then he shoved off for Korea.

Death by Violence

By Darrell F. Holmes, Jr.

(A Continued Feature Of The Ranger Daily Times)

Chapter 1
 "Now let's start from the beginning," Inspector James Dawson was saying to the excited man who was nervously attempting to tell the officer what had taken place.
 "And there I was trying to get away," the man continued excitedly.
 "Mr. Leonard," the inspector spoke sharply, "Please start at the first of your story. I can't make heads or tails of what has taken place from the way you are telling it."
 The door opened and in walked Jimmy Cassidy and Jack "Scoop" Williams. Cassidy was a detective on the force and "Scoop" was a star reporter for the Daily Blade Herald. Both men were in their late twenties.

"What's up, inspector?" quizzed the reporter.
 "Guy here thinks he saw a murder. Sit down and he will tell you about it."
 Cassidy pushed his hat back on his head and looked straight into the eyes of the man who was talking. The reporter turned his chair around backwards and sat down.
 The man who had given his name as George Leonard started

talking. He apparently was very high strung and scared to death. He was tall, thin, and had long boney fingers. He had stated that he was an artist flown from New York to study local color.
 "Well," he started with a trembling voice, "I paint pictures. There was a girl who wanted me to paint her picture, so—"
 Leonard stated that he had gone to the girl's apartment after making a date to paint her picture. He claimed that the girl was a Dallas model who kept an apartment in Center City. The artist said that he didn't know her name but called her "Bonny".
 According to his story, he had knocked and found no answer, but that he tried the door and that it was open. Leonard said that he walked in and saw the girl fighting with a man for her life. Leonard stated that the man stabbed the woman in the heart with a knife. He said that he broke and ran to the police station.

The three men looked Leonard over carefully while he was talking but some of them asked him a question after he finished talking. The inspector called in the desk sergeant and had him take the man's name, address and phone number. The chief dispatched a car to the location after the inspector had called him into the office. Then the inspector played the recording of the man's story which had been made with-

out the man's knowledge.
 "Scoop rushed out of the office and to the reporter's phone in the outer office. He had written the story down word for word as the man had told it. He called his number and had them hold the press for a scoop. Then roared to the scene of the crime.
 When they arrived on the scene the patrolman who was the first to arrive on the scene had discovered no body. Maybe the guy was just a crack pot. They planned to pick him up again and question him further. Cassidy couldn't understand why the inspector hadn't asked him more questions and why he hadn't been detained.
 Scoop looked at Cassidy with a sharp look on his face.
 "What are you looking at Jackie boy?"
 "What do you make of this?"
 "Not much, probably some crackpot. What did you do hold the presses?"
 "Yes, as a matter of fact I did."
 "Of all the silly guys. Hold a morning newspaper press for some crackpots' story."
 "Why sure," laughed Scoop. "Okay wise guy fess up."
 "Confess to what," Scoop asked puzzled.
 "Why an ace reporter who gets a lot of murder cases with the dope all wrapped up for a scoop, would hold the presses for a wild guess. What do you know that the police don't?"
 "Why nothing, I was with you all the time, remember? Ever since we investigated that bombing down on Star Street."
 "What did you catch in the

guy's talk that I didn't?" the cop wanted to know.
 "Quince sabe?"
 "I'll wager that you know. See anything out of place here?"
 "Yeh, that coffee that's boiling over there. Someone left here in a hurry."
 "Sure, the murder stopped for a cup of coffee and then didn't drink it cause our guys came too fast, huh?"
 "No, the girl could have been fixing coffee for herself and the sad sack when the killer came in."
 "Huh-uh, that doesn't hold water. The sad sack said they were fighting and if so we would have either found a mess or the killer cleaned the place up then he would have cut off the coffee or else—"
 "That's right, 'or else—'"
 "See what you mean."
 (Continued)

Another Great Value—
 ... in the field of many values is the abstract of 100 Years ago when the records were few there was not so much need for an abstract in many cases. But today we have about 700 volumes of 600 pages each. The task of compiling your abstract from this mass of records is not only an undertaking of great responsibility but one which requires that it be fashioned by an institution with all the records and a long history of successful achievement behind it.

Tax-Writers Bite Hard At Bookies Today

WASHINGTON, May 17 (UP)—House Tax-Writers voted today to put a three-way bite on bookies and other gamblers.

Members of the House Ways and Means Committee, voted to:

1. Impose a 10 percent tax on gross receipts of bookies, numbers operators and others who operate gambling pools.
2. Impose an occupational tax, in the form of a \$50-a-year license fee, on persons who hold bets, or who operate a book-making establishment or lottery.
3. Hit with a \$10,000 fine and two years' imprisonment anybody who gives on incorrect name or address in applying for such a license.

These proposals are subject to reconsideration later. If finally approved by the committee, they must be passed by the House and Senate before becoming law. Final action is not likely for several months.

The committee specifically exempted legalized pari-mutuel betting on the theory that this is a field of taxation for the states.

There was no estimate on the amount of revenue the proposed 10 per cent gross receipts tax would yield.

Honorary Degree Will Be Conferred

DENTON, May 17 (UP)—Honorary degrees will be conferred for the first time by North Texas State College at Spring Commencement Exercises June 3. Two honorary degrees will be presented to D. A. Hulcy of Dallas and Secretary of State John Ben Shepperd.

Hulcy is President of the Lone Star Gas Co., and recently was named President of the U. S. Chamber of Commerce.

Twenty-eight fillies have been starters in the Kentucky Derby. Only one, Regret in 1915, has won. Six others have finished second or third.

GOOD LUCK—Lou Boudreau, now playing shortstop for the Boston Red Sox, wishes luck to Al Lopez, his successor as manager of the Indians, at Cleveland's Municipal Stadium. Boudreau guided the Tribe for nine years. (NEA)

Taft And Other Republicans Demand Administration Answer Why We Went To War In Korea

WASHINGTON, May 17 (UP)—Sen. Robert A. Taft, R., O., demanded today that the administration answer specifically "why we went to war" in Korea and who proposed Gen. Douglas MacArthur's discharge.

Taft's demand was made as Republicans on the committee investigating MacArthur's dismissal conceded defeat in their efforts to order Gen. Omar Bradley to disclose private conversations with President Truman on the matter. A vote was scheduled for 1 p.m. EDT.

Taft, Republican Policy Chief, told newsmen that neither Bradley nor any other witness should deny answers to questions "relevant" to the stormy inquiry. He admitted, however, that the present committee crisis was touched off by a Republican question phrased a bit too generally. The committee chair was on whether Bradley, Chairman of the Joint Chief of Staff, should be ordered to reply to a question from Sen. Alexander Wiley, R.,

Fay Mazingo Not Released

AUSTIN, May 17 (UP)—The Court of Criminal Appeals dismissed the appeal today of Loretta Fay Mazingo, seeking release from the State Training School

for Girls at Gainsville. The appeals court said the case was treated as a civil suit in the District Court of Cooke County and pointed out that "the appeal should be directed to the proper court of civil appeals."

Wis., as to what was said about MacArthur's dismissal at a White House Conference April 6, five days before the ouster was announced. History and most legal precedents were in back of Bradley's refusal to do so, but precedents can mean little in the political arena. Committee Chairman Richard B. Russell, D., Ga., has ruled that Bradley needs not answer the question because to do so would violate the constitutional concept of division of powers between Congress and the Executive.

The girl was adjudged a juvenile delinquent and committed to the Gainsville school. She was a companion of Sandra Peterson, who was convicted of the hitchhike slaying of a Brady businessman.

RECIPE

Finer Textured! Guaranteed!

If you don't bake a better cake with Mrs. Tucker's than with ANY other shortening using the same recipe, send the recipe to Mrs. Tucker, Sherman, Texas, telling what you don't like about the cake, and she will pay you the FULL cost of ALL ingredients used PLUS a dollar for your baking time.

Mrs. Tucker's SHORTENING

Mrs. Tucker's Quick-Mix Walnut Chocolate Cake

Sift together... 2 cups sifted cake flour
1 1/2 cups sugar
3/2 teaspoon baking powder
1 teaspoon salt
Add... 1/2 cup Mrs. TUCKER'S SHORTENING
3/4 cup milk

Mix 2 minutes on medium speed of mixer or by hand, counting 150 beating strokes a minute. Scrape sides and bottom of bowl frequently. Then add... 4 egg whites plus milk to make 1/4 cup
1 teaspoon vanilla
Mix 2 minutes at medium speed of mixer or by hand, counting 150 beating strokes a minute. Pour batter into 2 round 8-in. layer pans rubbed with MRS. TUCKER'S SHORTENING and lined with wax paper cut to fit. Bake in a moderate oven (300° F.) 25 to 30 minutes or until done. Frost with Mrs. Tucker's Easy Chocolate Frosting and decorate with walnut halves.

Mrs. Tucker's Easy Chocolate Frosting

Melt over... 3 squares unsweetened chocolate
2 tablespoons MEADOLAKE MARGARINE
Blend together... 5 cups sifted confectioners' sugar
8 teaspoon salt
7 tablespoons milk
1 teaspoon vanilla
Add hot chocolate mixture and mix well. Let stand, stirring occasionally, until of the right consistency to spread.

Youth Rally Attended By Large Group From Local Church Monday

The Young People of the Second Baptist Church attended the Youth Rally in the First Baptist Church of Rising Star Monday night.

A bus was chartered to make the trip, and twenty-two went to hear the Rev. Dub Jackson, a missionary volunteer to Japan and saw the film "Mid-Century Crusade" of the Billy Graham revival conducted in Portland, Oregon.

The Rising Star church has just completed a new brick building. This was the second service since the completion of the auditorium. The main auditorium and most of the balcony was filled with young people and sponsors. The congregation was estimated at 325.

Study Association Installs Officers

The Child Study Association Pre-School held their annual dinner and installation of officers Tuesday evening. The dinner was served at the Regal Cafe, after which the installation of officers was held at the home of Mrs. Allan Smith.

A gift was presented Mrs. Lee Russell, the out-going president. Mrs. Glenn Covington was program leader for the evening and presented Mrs. Ralph Perkins, who very artfully installed the new officers.

Each of the following officers was presented a miniature book as the duties of their office were outlined: Mrs. Allan Smith, president; Mrs. J. W. Elder, Jr., vice-president; Mrs. Alton Redwine, secretary; Mrs. A. G. Koenig, treasurer; Mrs. L. R. Cozby, historian and Mrs. R. V. Robinson, parliamentarian. The installation service was closed with a prayer.

A social hour followed during which games of forty-two and canasta were enjoyed. Refreshments were served to the following members: Mesdames J. H. Fuller, A. G. Koenig, Herman Stroud, Earl Blackwell, Jr., Lee Russell, J. W. Elder, Jr., Alton Redwine, Walter Arterburn, C. L. Beck, A. W. Warford, Glenn Covington, Norman Huffman, R. V. Robinson, Weaver Ashman, L. R. Cozby, the hostess and two guests, Mrs. Jim Houghton and Mrs. Perkins.

Following the "kick-off dinner" of last Monday evening in the basement of the Methodist church, the 2nd in a series of three meetings will be held at 7:30 this evening for the purpose of checking up on the pledges for next year's church budget. With only a small percentage of the membership of the church in attendance for the kick-off dinner, about one-fourth of the total budget was pledged. Vernon Deffenbach and Charles Hummel have the score-board ready and in place, and with this evening's meeting, there should be a fine showing toward the completion of our job.

The names of the seven captains have been placed on the score-board, along with their total pledges. The rallying cry of each of these captains is "Every member pledging some amount." The placards that hang in the vestibules and class-rooms remind each one of us of these truths: "I've Pledged—its my Church too!" "It's enough when you're proud of it." "You can't live if you don't give!"

The ladies in the church will serve sandwiches and Cokes to all who will attend this meeting. Members and friends of the Methodist Church are welcome. The third and final meeting will be held within the next few days in the form of a great "Victory Dinner." Rev. Lavender says. We are asking our Methodist people to support this sane and solid financial program that was adopted unanimously by the Board of Stewards, and that is already meeting with unusual success.

Check-Up Dinner Meeting Tonight

Following the "kick-off dinner" of last Monday evening in the basement of the Methodist church, the 2nd in a series of three meetings will be held at 7:30 this evening for the purpose of checking up on the pledges for next year's church budget. With only a small percentage of the membership of the church in attendance for the kick-off dinner, about one-fourth of the total budget was pledged. Vernon Deffenbach and Charles Hummel have the score-board ready and in place, and with this evening's meeting, there should be a fine showing toward the completion of our job.

The names of the seven captains have been placed on the score-board, along with their total pledges. The rallying cry of each of these captains is "Every member pledging some amount." The placards that hang in the vestibules and class-rooms remind each one of us of these truths: "I've Pledged—its my Church too!" "It's enough when you're proud of it." "You can't live if you don't give!"

The ladies in the church will serve sandwiches and Cokes to all who will attend this meeting. Members and friends of the Methodist Church are welcome. The third and final meeting will be held within the next few days in the form of a great "Victory Dinner." Rev. Lavender says. We are asking our Methodist people to support this sane and solid financial program that was adopted unanimously by the Board of Stewards, and that is already meeting with unusual success.

Rev. Rippetoe To Conduct Service

Rev. Ernest Rippetoe of Stephenville will be with the Frankel Baptist church for services Friday and Saturday nights.

Everyone is invited to attend these services.

THE REBEL YELL

By Darrell F. Holmes, Jr.

"The time has come when all American, not just Democratic, must choose between labels and principles." James F. Byrnes, Governor of South Carolina.

Northern agitators are stirring up the Southern Negro over the alleged lack of improved educational facilities and the "unfairness" of the segregated schools of the south.

The agitators are opposed to better schools or other facilities for the Negro if they are segregated. The Truman administration wants segregation abolished, regardless of consequences. All over the South, the White man is trying to improve the lot of the Negro. We believe in separate but equal facilities. We do not want to force the Negroes into our schools with the White children.

The Truman administration wants to tear down all segregation in all of the schools everywhere. They are not interested in improving the Negro schools. They don't give a hang about improving the schools of the Negro. All they want to do is to force us to accept the Negro as our equal and to have him thrust into every school in the South from the public schools up to the Universities. They want us to mix the schools with both Negro pupils and teachers like they have up North.

The attempt to abolish segregation by Federal coercion would place the Negro in an untenable position in Southern communities, because it is known that the mass of White people would refuse to support such a school.

The radical Federal government cannot force us to accept mixed public schools no matter what the people in the North think. We are willing to pay higher taxes and improve the Negro schools but we are not willing to have the Negro student sit beside our children, attend their dances, and compete with them in athletics. The Truman administration is not the grand champion of the Negro that they would have the Negro believe.

Juarez Business Hurt By The Bill

JUAREZ, MEX., May 16 (UP)—Juarez businessmen threatened today to take retaliatory measures if the Texas Legislature passes a bill in effect prohibiting tourist from importing Mexican liquor into the United States without paying duty.

The measure, an amendment to the Liquor Control Act, was introduced at Austin, by Rep. S. J. Isaacks of El Paso, just across the river from Juarez. It received approval of the House Liquor Regulation Committee about two weeks ago and now awaits lower chamber action.

The Juarez Chamber of Commerce wired Gov. Oscar Soto Maynes to protest to Gov. Allan Shivers of Texas against the proposed legislation.

And businessmen said today the chamber of commerce here had scheduled a meeting to study proposed limitations on Juarez residents buying in El Paso.

At the present time, Juarez residents are allowed by the Mexican government to make almost unlimited small purchases of merchandise in El Paso and import it without payment of duty.

Burley Prices Soar

LOUISVILLE, Ky. (UP)—The 1950 crop of burley tobacco sold at the highest general average price in history. Gross sales amounted to \$26,147,454 pounds and averaged \$48.82 per hundred. The average exceeded last year's by \$3.73 and the previous record high established for the 1947 crop by 52 cents.
