UN Forces Beat Back Communist Drive In Eastern Korean Breakthrough Today

Ranger Retail Merchants Will Bring Price Expert Here Wed.

Retail Mer. Ass'n. of Ranger has announced that the Office of Price Stabilization regulations were extended this week to commercial and personal service businesses.

"Businesses in this category include barber shops, beauty parlors, auto repair shops, laundries, dry cleaners, plumbing service calls, and many others of a like nature," said Ellis H. Boyd, Fort Worth District OPS director.

Although this regulation is not expected to reduce service prices, it will establish ceilings above which they may not rise, according to OPS. Here are the four things service organizations must do to comply:

1. File a statement by June 16 of prices in effect during the base period December 19, 1950 to January 25, 1951. This will be the ceiling price.

2. If pricing is done from a manual—as in the case of some auto repair shops or any other type business—the title and edition of the manual must be given. If pricing is done from a printed list, the date of the list must be given, as well as its origin.

3. By June 16, ceiling prices must be posted, clearly visible to the customer.

4. A duplicate copy of the receipt must be kept by the person making the report.

Here is a roundup of important dates for businessmen under OPS regulations:

Wholesale beef prices went into effect on May 9, while retail beef ceilings were effective May 14. Pricing for standard grocery items under CPR 14, 15, 16 also began on May 14.

Service station reports on prices are due by May 25th.

On May 30, retailers must file price charts and base period reports under Ceiling Price Regulation 7.

Posting of price charts for meat retailers is required by June 4, and for commercial and personal service organizations on June 16.

The deadline for restaurants and other food and drink establishments to file food cost statements is June 16.

James H. Croom Accepts Job Here

James H. Croom, Sr., Fort Worth, is now associated with the staff of the Morris Funeral Home here, it was learned today. He is a graduate of Ranger High School and the Dallas Institute of Mortuary Science.

While a student at the Dallas school, he was employed by Weaver-Ivy Funeral Home there. He recently resigned a position with the Lucas Funeral Home in Fort Worth to accept his present position.

His wife is a graduate nurse who is employed at the Harris Hospital in Fort Worth. She will resign her position soon to join her husband here.

Republicans Shied Away From Supporting Wiley's Charges

WASHINGTON, May 19 (UP)—Republicans shied away from supporting Sen. Alexander Wiley's "whitewash" charge against the Senate MacArthur Investigating Committee, but Democrats were openly hostile.

The Wisconsin Republican's angry denunciation of what he termed "cover-up" tactics by the committee's Democratic majority remained—by the moment at least—a one-man stand.

President Truman and Defense Secretary George C. Marshall, meanwhile, called for national unity despite the hot controversy over Gen. Douglas MacArthur's dismissal. They said in speeches last night that the troops fighting in Korea are buying time for the

free world to rearm.

Truman, apparently referring to MacArthur's demands that the Korean War be carried to Red China, warned that if the conflict spread, present casualty rates would seem like "one small drop in the bucket."

Wiley aimed his blast at chairman Richard B. Russell, D., Ga., and Democratic members of the committee, which for two weeks has been investigating the MacArthur dismissal and Far Eastern problems.

"It is the committee majority which has been partisan in its frantic desire to cover-up and whitewash," Wiley said. He asked Russell to send "this respectful message" to Truman.

Allen Ranch May Get Good Oil Well Soon

D. E. Hughes Drilling Company is drilling 13 miles Southeast of Ranger on the Allen Ranch and have gone down to 2195 feet. Bob Robinson, owner of the rig which was set up on the Allen Ranch first on May 2 and then on the 5th at 9 o'clock at the office of Retail Merchants Association and will consult with any merchant needing further information on OPS.

A representative from the District Office of Price Stabilization, will be in Ranger Wednesday, May 23 at 9 o'clock at the office of Retail Merchants Association and will consult with any merchant needing further information on OPS.

Robinson said that the well looks like it may come in with a good supply of oil. Another well which was drilled nearby produced an average of three barrels a day.

Mexico Will Boost Tire Production

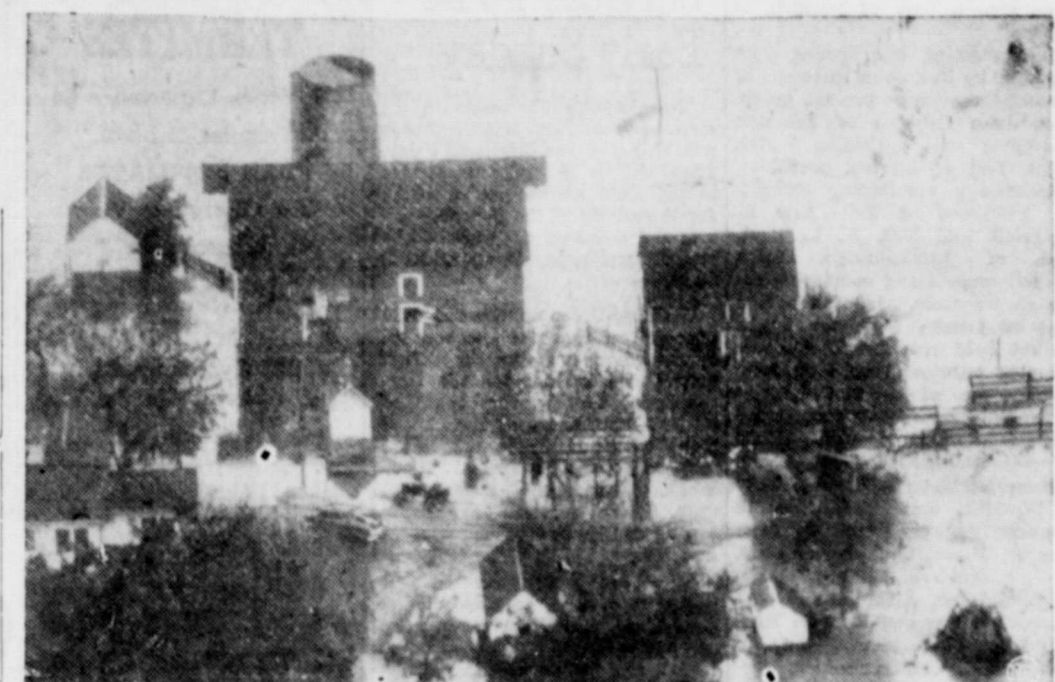

MEXICO CITY, May 19 (UP)—Mexico will boost rubber tire production 38 per cent this year to a total of 800,000 tires in 1951.

Robert F. Labosse, sales manager of U. S. Rubber Mexicana said the country would "become independent" of United States tire shortages.

Phillips Will Be Speaker

FORT WORTH MAY 19 (UP)—Rear Adm. W. K. Phillips, principal speaker today at an Armed Forces Day Program here, said he was "willing to bet" the Navy has its own fleet of Atomic bombers ready to take off "on a moment's notice."

Phillips, Commander of the Eighth U. S. Naval District Headquarters at New Orleans, said his statement was "not from personal knowledge" but a "natural assumption."

FLOOD WATERS STRIKE KANSAS—Farms were completely surrounded by water overflowed from the banks of the Little Arkansas River. A full scale flood alert was issued in Wichita, Kansas forcing the services of the Army, Navy and National Guard in the area. (NEA Telephoto).

Omnibus Tax Bill Would Increase Funds For Rural Roads, City Streets, And The School Fund

AUSTIN, May 19 (UP)—House-Senate conferees on the Omnibus Tax Bill go back into session today with an \$11,000,000 estimated deficit hanging over their heads.

At least one committee member, Sen. Rudolph Weibert of Seguin, has expressed discouragement over the situation.

Rep. Jim Lindsey of Texarkana, Chairman of the House Revenue and Taxation Committee, said the committee would release a statement following this morning's session but he gave no indication that the statement would contain a remedy for the state's financial ills.

The \$11,000,000 estimated shortage over the next two years was \$3,000,000 greater than that foreseen by comptroller Robert Calvert earlier this week.

Weibert said that Calvert was not aware of a \$3,000,000 expanded teacher retirement program passed by the legislature when he made his estimate. Calvert estimated a need for \$60,000,000 in additional tax money for the coming biennium.

The money would be needed to carry out legislative appropriation totaling \$200,000,000 for the next two years.

Meanwhile, Gov. Allan Shivers by the County Judges and Commissioners Association of Texas seeking his stand on several of the more controversial tax measures being studied by the committee.

J. T. Temple, 70, and his 68-year-old wife were fatally injured when the tornado smashed through their house at 3:30 p.m.

Seventeen of the injured were still in Olney hospital today. The 45-bed hospital released 75 others.

Capt. George Roach of the Olney volunteer fire department said the fact that many parents living in the demolished homes had gone to the schoolhouse to pick up their children was all that prevented the death toll from being much higher.

A few minutes later, he said, hundreds of school children would have been out of the school building and on their way home.

School principal A. G. Beene herded 250 high school students into the school basement and had 800 elementary children hide beneath their desks when the storm struck.

The tornado swerved sharply as it approached the school and hospital. Neither structure was damaged seriously.

Cars of many of the parents were bowled over and over down the streets by the screaming winds. The twister tore out the city's power system, and a staff of five

doctors and 35 nurses worked under the glare of an emergency system at the hospital.

National guardsmen patrolled streets of the small town, population 3,753, last night to prevent looting, and emergency canteens were set up to feed rescue workers who toiled under floodlights.

Zwick said that White had been found guilty of disobeying orders from superior officer. His six-month suspension period will be continued from March 22, the date he was dropped from the police force by the board of captains.

Detective Capt. Ralph H. Lessor, acting Police Chief at the time of Cohen's visit to El Paso last March, also came in for sharp criticism from the board.

It said Lessor was responsible for Cohen's visit to El Paso to attend the funeral service of a slain officer and recommended Lessor be "severely reprimanded" for his failure to take positive and affirmative action in the case of the gambler.

Wide spread interest has been shown by city and county businessmen, police officers, county law enforcement agencies, and other citizens in the Ranger Times printed stories which have called for installation of police radios in city and county police vehicles in Eastland County.

A number of officers have voiced their opinions and there is some hope that city and county commissioners will get together in the near future and decide something about this vital need.

A spokesman for a Ranger business said yesterday that the county and city commissioners should meet and get down to business of finding out to exact cost of the installation of these radios and deciding on the cost to each department.

Heavy Rains In Oklahoma Leave Many Homeless

SAYRE, Okla., May 19 (UP)—Heavy rains lashed Oklahoma where flooding streams left 500 families homeless today, but diminished in Texas and Kansas.

A week of violent weather—the southwest felt eight dead, including two killed yesterday by a tornado at Olney, Tex., which injured 75 others and damaged more than 300 homes.

Water from cow creek poured into a large share of Sayre today, chasing more than 200 families from their homes. Officials said it was the worst flood in the town's history.

At nearby Randlett, the stream forced scores of families to flee. Workmen raced to repair a broken water main which left Sayre with only about 1.5 million-gallon reserve supply of water.

The north fork of the Red River, which passes near Sayre, washed out a bridge across U. S. Highway 66, plunging a car into the boiling stream. Two persons apparently drowned in the car.

Loveland, Okla., was isolated by high water. The Chickasha drove more than 100 families from a 30-block section in Blawieville.

In St. Louis, Mo., the Red Cross headquarters estimated that 2,500 families were forced out of their homes in Texas, Oklahoma, Kansas and Colorado since the floods began.

El Paso Cops Status In Doubt

EL PASO, May 19 (UP)—The status of one El Paso Patrolman suspended for allegedly being friendly with West Coast Gambler Mickey Cohen was still in doubt today after the Civil Service Commission reduced the punishment of a similarly-charged officer from indefinite suspension to six months without pay.

Civil Service Commission Chairman Fred Zwick said yesterday the commission would announce next week its findings in the case of Patrolman John Hartridge who, with detective W. D. White, has appealed his suspension to the board.

Zwick said that White had been found guilty of disobeying orders from superior officer. His six-month suspension period will be continued from March 22, the date he was dropped from the police force by the board of captains.

Detective Capt. Ralph H. Lessor, acting Police Chief at the time of Cohen's visit to El Paso last March, also came in for sharp criticism from the board.

Near Seoul But Were Halted There New Red Attacks Broke Out Today

By Earnest Hoberecht
United Press Staff Correspondent
TOKYO, May 19 (UP)—American Dutch, French and South Korean troops halted the Chinese Communist breakthrough in Eastern Korea today.

Troops of the U. S. 2nd Division gave ground only in one sector, where they were forced to fall back to protect their right flank.

The massive human sea assaults of the Reds wavered during the day under terrible pounding of massed Allied artillery, but were resumed near evening.

New Communist attacks broke out around Seoul. Communist troops occupied abandoned Uijongbu, 11 miles North of Seoul, and sent patrols within six miles of the capital. They were stopped by barbed wire entanglements.

Twenty miles Northeast of Seoul the Reds tried again to storm the Pukhan River but were thrown back in a nine hour battle.

The U. S. 2nd Division, killing Reds at the rate of 10,000 a day, stabilized its lines after a 20-mile Communist breakthrough Friday.

The division fought off all attempts at encirclement and took up a new line Southwest, South and Southeast of Hangeye, 16 miles Southeast of Chunchon and 14 miles South of the 38th Parallel.

The Reds threw a series of heavy attacks against the left and center of the line during the early morning hours but all were broken up by artillery and machinegun fire.

One attack by an estimated 1,000 Reds was smashed when Allied artillery concentrated their fire and poured 2,000 rounds into the hunched Communists within eight minutes.

During the day the French and Dutch battalions of the 2nd Division withdrew to points Southeast of Hangeye to protect their right flank.

The flank was thrown open when two South Korean Divisions on the Eastern front fell back 45 miles from their positions 25 miles North of the 38th Parallel.

The U. S. 8th Army communique reported the South Koreans threw back four new Red attacks in the area West of Pungam.

Pungam is 13 miles Southwest of Hangeye and 20 miles South of the 38th Parallel. South Korean units along the coast continued their withdrawal.

The 8th Army communique said a new defensive line was being formed by the 2nd Division.

The 8th Army communique said a new defensive line was being formed by the 2nd Division, which was estimated to have killed 10,000 Reds Friday in a fighting withdrawal from a threatened Communist encirclement.

"We intend to hold this line if at all possible," Lt. Gen. James A. Van Fleet, 8th Army Commander, told correspondents during a visit to the front.

Allied warplanes returned to the fight Saturday morning after flying 1,050 sorties Friday. Cloudy weather was predicted but the day dawned fair.

New Field Office Opens May 28th

DALLAS, May 19 (UP)—Opening of a new field office of the U. S. Department of Commerce at Lubbock May 28 was announced by regional offices here yesterday.

A. C. Jackson of Lubbock will head the office.

The Lubbock office will handle matters relating to priorities, allocations, compliance, small business programs and interpretations of national production authority regulations and orders.

The time has come when the people of this city and of this county will voice their opinion and exercise their right to let majority rule by writing whether they want these radios and then letting the commissioners act accordingly.

Your Ranger Times invites you to write a letter saying what you think about these police radios. The Times will print these letters and let you know, the citizens of Ranger, decide if you want the men who guard your life and property to have the proper equipment to do so.

William O'Dwyer Is Expected To Be Called Soon

NEW YORK, May 19 (UP)—Former Mayor William O'Dwyer is expected to be called to testify on charges of neglect of duty made against a former O'Dwyer protégé, chief magistrate John M. Murtagh.

Murtagh, 40, is under technical arrest in connection with charges yesterday that he failed to report that he knew about graft in the city's police department when he was commissioner of investigation.

A complaint filed by Kings county District Attorney Miles F. McDonald listed 17 purported instances where the chief magistrate had uncovered evidence of widespread corruption in the police department.

"The record does not disclose that any report, as required by law, was made by the defendant," the information charged.

Murtagh pleaded innocent to the charge in a statement issued by his attorney, Lloyd Paul Stryker. He was paroled in the attorney's custody for a hearing May 28.

Mayor Vincent Impellitteri said he had asked Murtagh to take a leave of absence from his chief magistrate's post. Murtagh had declined, saying he had decided not to sit as a magistrate but would continue his administrative duties.

Authorities said O'Dwyer, now Ambassador to Mexico, is almost certain to be called as a witness in the case. The former mayor had ordered Murtagh as investigation commissioner in 1946 to start a full scale inquiry into police graft from gamblers.

Eastland Catholic Women Host District Meeting Of National Council Of Catholic Women

"The most important thing in the world is getting to know God through your religion, and helping others to find him because you know the way," Mrs. A. J. Koriath of Sherman, guest speaker, told a gathering of Catholic women at the Abilene deanery meeting of the National Council of Catholic Women Thursday. Sixty-two women from the Abilene district attended the luncheon meeting on the Roof Garden of the Connellee Hotel in Eastland.

Mrs. Koriath, a member of the National Board of the NCCW and chairman of the Confraternity of Christian Doctrine, was named recently Mother of the Year for Sherman, Texas.

The second most important thing to remember is that when you seek an answer in your religion, Mrs. Koriath told the group, you know you will be satisfied because you know you have the truth. You should be bursting with eagerness to spread the perfection of your religion, to share it with others. It is so simple if you know how, she stated. First you must know and understand your religion thoroughly. There is never an end to the understanding of the love of God.

Confraternity of Christian Doctrine is a long word meaning simply knowing your religion, and sharing it with others, the speaker explained. You can bring respect and understanding of the Catholic faith by filling yourself with knowledge, and imparting it to others.

There is so much to learn, but anyone can start with the Catechism, the basic learning of the Catholic religion. In Texas, she reminded the ladies, it is up to the mothers to keep their own children in the Faith.

VBS Faculty To Meet Monday

A faculty meeting of the Vacation Bible School workers will be held in the fellowship hall of the First Baptist Church at 4 Monday afternoon. All officers, teachers, instructors, helpers, and servers are urged to be present. The VBS at the First Baptist church will begin with a preparation day program and parade Friday, June 1, at 2:00 o'clock. Boys and girls between the ages of 3 and 17 cordially invited to attend the department that has been especially organized for their respective age group.

The three year old group will for the first time have a fully graded and organized program. As far as is known the First Baptist church in Ranger is one of the first in the denomination to attempt an organized VBS for this age group. Teachers with Elementary Public School certificates will be in charge of this group.

Children from other denominations that are not having a VBS are invited to our school.

"It is your job," she told the group, "and you the only one who can do it. The only important thing is for you, personally, to get to heaven." The most wonderful thing you can give a child is the security of a religion he knows is right, and has continued unchanged in its basic doctrine through the centuries.

She stressed the importance of attending study clubs, sending children to Catholic schools when possible, and helping the local pastor in every way possible to preserve the Faith within the parish, and spread it to others.

"A Catholic doesn't fall away—he deteriorates and falls apart," she stated.

"Make your religion a part of yourself," she concluded, "and then give a part of yourself to others."

The meeting was opened with a prayer by Rev. John Duesman of Abilene, moderator for the group. Mrs. John Osborne of Eastland welcomed the gathering. Mrs. Anna Yell of Strawn, president, appointed a nominating committee composed of Mrs. Eric A. Grigolet and Mrs. A. C. Bart, both of Breckenridge. Parish council reports and committee reports were made. Abilene reported that 46 women registered for a retreat held recently in Abilene. Minutes were read by Mrs. John Powers, Jr., of Breckenridge.

Another Great Value—

... in the field of many values is the abstract of title. Years ago when the records were few there was not so much need for an abstract in many cases. But today we have about 700 volumes of 600 pages each. The task of compiling your abstract from this mass of records is not only an undertaking of great responsibility but one which requires that it be fashioned by an institution with all the records and a long history of successful achievement behind it.

"We Believe" Is The Theme

Rev. A. Lynn Robbins, pastor of the local First Christian church is beginning a series of ten sermons dealing with the general theme: "We Believe." The purpose of this series will be to deal with the affirmations of faith contained in the one statement that more Christians agree on than any other: The Apostle's Creed. This creed has been one of the great marching songs of Christendom. It has spoken of happy assurance to hearts eager for some dependable word. It has brought hope and faith and confidence to countless hosts. The sermons then will deal with ten basic doctrines of united Protestantism, the original plea of the Disciples of Christ; known locally as the Christian church.

The first sermon in the series will be preached Sunday morning at 11:00 a.m. in the First Christian Church. The title will be "Let Us Believe." You are extended a most cordial welcome to come and share in this service of worship and communion at the First Christian church, a friendly church serving your community.

The evening service will be dismissed in cooperation with the churches of Ranger so that all may attend the annual High School Baccalaureate services in the High School auditorium at 8:00 p.m.

District 17 Meets At Lueders Sat.

The 17th District of the Baptist work in Texas will convene at Lueders, Texas, Saturday, May 19 for the purpose of fellowship and completing the plans for the general encampment for the District Convention that will be held simultaneously July 9-13 at the Lueders Encampment Ground.

The group going from the First Baptist Church of Ranger inspected their cabins and made definite plans for the various encampments during the summer. Each summer the many members who attend these encampments have the privilege of their own cabin which was purchased by the First church several years ago, which makes it possible for the membership to have their own quarters.

2nd Church Time Changed For Sun.

The Second Baptist Church will have their services early Sunday evening in order to attend the baccalaureate service in the high school auditorium.

The Training Union will meet at 6:30 p.m. and the worship services will be 7:00 p.m.

The East Zone Training Union meeting will be in Eastland at 3 p.m. when Mrs. Pat Crawford will bring the inspirational message of the hour.

There will also be a Vacation Bible School Clinic in the First Baptist Church, Eastland, Tuesday May 22 under the direction of Rev. Joe Self of Albany. This clinic is being held for all Vacation Bible school workers in the Cisco Baptist Association.

Recreation Program Being Planned

The women of the First Baptist Church who are interested in organizing a recreational group will meet at the church at 7:15 Monday evening for their first meeting. This organization will embrace croquet, badminton, volleyball, table tennis, and other games as the necessity will require.

Grounds have been secured for these games, and the equipment that the church has had for both the young people of the community and the adults will be supplemented for the enlarged program. The church has through the years maintained a program for all ages and for those who did not attend any church. Those from other churches are always welcomed.

The Men's brotherhood has a committee that is working with the other churches in the city and will organize soft ball for all age groups for the summer.

It is interesting to note that the churches of the community have for the past several years maintained a full program for both members and non members. These programs have not only been on Sunday but week-day programs. These programs are sponsored by Christian men and women who put their Christ and their church first and are interested in the spiritual and moral welfare of the future "Mothers and Fathers" of our city. The churches of the "Living God" believe in a pure and wholesome program for the young people and adults, the younger groups are always provided for in an adequate manner.

Groups from both the First and Second Baptist churches will attend the meeting Tuesday.

Memorial Services Planned For 26th

Mary Morris of Abilene, Texas, Eighth District President was guest speaker at the meeting of the Ladies Auxiliary of the Ralph McKinley Post 3873 V. F. W. Thursday night. She complimented the auxiliary on its new projects, and stressed the point of caring for children in need.

Ethel Brookes Gilmore, chaplain gave the auxiliary nine by twelve inch gold framed print of the Alamo, as a symbol of courage for the auxiliary members.

Texas wild flowers, including Yucca, Indian-heads and Black-eyed Susans were used in decorating the hall.

The table was laid with a gold and white cloth and Postoria crystal. After the business session, sandwiches, cookies and punch were served to those attending.

Auxiliary members will visit Evergreen Cemetery Thursday and as far as possible tend the graves of veterans who have no relatives in Ranger. Anyone wishing to help in this work will be welcome.

All persons having relatives in the Korean battle area or Europe are asked to send a post card with the name and address of the soldier as the Auxiliary intends to send candy to them. Cards should be addressed to Vivian Butler, Auxiliary president or to Ethel B. Gilmore, Chaplain.

Methodist Services To Be Early Sunday

In cooperation with the baccalaureate service to be held at the High School auditorium Sunday evening at 8 o'clock, the regular Sunday evening service at the Methodist church will be held at 7 o'clock. We assure those who care to attend this service that it will be over by 7:50, which will give plenty of time to get to the high school. The pastor will bring a gospel message, using for his subject: "What does it cost to be a Christian?" based upon Acts 12:1-3.

The Methodist Youth Fellowship will meet at 6:15 to prepare the program for the Sub-District meeting of the M.Y.F. to be held here on Monday evening at 7:30. After the baccalaureate service, the young people will assemble in the basement of the church for fun, food and fellowship. The reception will be in the form of "singing games", conducted by Mrs. Arthur Deffebach. These "singing games" are fast becoming the most popular type of recreation for our youth.

Sandwiches and bottled drinks will be served to the young people by members of the Olive Anderson Circle of the W.S.C.S. Members of the local MYF extend a cordial invitation to other young people in Ranger who do not have similar activities in their own churches.

WHAT a tragic figure this man makes! But he never intended to make this picture. The first mile of this road did not look like this. But a great Teacher in the long ago warned him and us that we must choose the path on which we enter. *There is one way that looks hard at the first but it "leads to life, and those who find it are few."* So many are attracted to 'the other way' that is easy at first, but it *leads to destruction, and those who enter it are many.*

How necessary that we older folk shall guide wisely the young feet! Shall I "go to heaven" as the goal of my living? Look at my feet this very moment. Which way are they pointing? *"Heaven is being on the way to heaven"* and heavenly people are journeying there together now. Will my "last mile" be one of pathetic regrets and of sorrowful steps? Shall I leave grief and sorrow in the hearts of those who love me? Now is the time to answer that question. For *"Despair is being on the way to despair."* Which way did our feet move yesterday? What is the goal we have set before us this day? *Your Church Can Help You.*

THE last drink will not destroy us, if we had not taken the first. The 'last mile' of hatred and malice will not come to us if we do not allow unkindness and jealousy and envy to creep along with us through the first miles. The end of the way will not be vulgar and vicious unless we have forsaken the path of decency and of integrity further back. Every one of us is choosing this day the road we shall take. *"But as for me and my house, we will serve the Lord"* and do His will. May this be our resolve today.

**YOU IN THE CHURCH
 THE CHURCH IN YOU**

Character is a by-product of the church. It is here that young and old alike are showered with benedictions that fortify and influence for a better citizenship and a stronger democracy. In the church the ministerial are molding religious character. Statesmen today declare that the church alone can furnish leadership to handle the affairs of state in these perilous times. Then we with our children should go to the church of our choice on Sunday. "You in the Church and the Church in you" form a combination far good. Be a regular CHURCH-GOER and a daily BIBLE READER.

Death by Violence

By Darrell F. Holmes, Jr.

(A Continued Feature Of The Ranger Daily Times)

Chapter 2
 Jimmy Cassidy looked hard at the reporter. He admired Williams. He knew that Jack Williams was a smart guy. He had grown up with Williams. They had attended high school together and then entered the Navy. Cassidy had been put to work in Shore Patrol duty before going overseas. That was where he had gotten his first taste of police work. Williams had been sent to college for two years and then given a commission and put into investigating work. He had jumped behind enemy lines to do undercover work in Italy. They had grown up in a Mexican border town and it hadn't been hard to learn Italian when he already spoke pelado Spanish.

When they had come out of service, they had gone to Center City together and taken an apartment while they attended college. Cassidy had worked on the police force while going to college while Jack worked for a newspaper. When they had graduated Cassidy had been given a detective's rating on the force and Jack was given a full time job on the paper. In a little over a year, Scoop had come from a cub-reporter to the ace news scribe. He knew his job but Cassidy always had thought that "he'd sure make a darn good cop."

"Why are you staring," asked Scoop.
 "Just wondering how a guy as ugly as you could get a wife as cute as Jean and two kids as Jackie, Jr. and Betty Lou."

Scoop had married his second year in college and moved out of the apartment, leaving it to Jimmy who wasn't married.

"You better worry about this case and not my wife," Scoop told him as he bent over to pick up something off the floor.

"What did you find?"
 "Look sonny, YOU are the soft-heel in this case. I'm just a reporter along for the ride. But if you must know, I found a matchbook cover. Lets see, uh-huh, three matches gone."

"The number of matches used haven't got anything to do with this case although the matchbook may," the cop told him.
 "One never can tell," Scoop kidded, knowing that the officer was right.

"You better call your paper and tell them to release the press. We are picking up the talkative boy and don't want anything released on this until we at least have a body."

"Okay."
 The inspector came in and started talking to Cassidy. He noticed the coffee pot and went over and disconnected it. The veteran officer then caught the handle of the pot lightly with his handkerchief. He ordered the officer at his right to let it cool off and then to check it for prints. He blared an order to find out to whom the apartment was rented and all about the renter. Then he had the rug rolled up to check for blood stains which may have been on the floor. There was a chance that the rug had just been put on the floor. It looked too new for the rest of the things in the room. There was something the case that didn't make sense. He had no body, there was no sign of a fight, there was no blood, and maybe this was a wild goose chase. Yet, there was something about the whole thing... something about the room, the arrangement of the furniture, some-

thing about that darn coffee pot—that made him wonder.

The matchbook which had been picked up by the reporter and come from the Flamage Hotel ball room, a tuggy place which catered to the higher class of criminal.

The reporter had called his paper to let the presses roll and had phoned his wife that he wouldn't be home. Then he went to the bar. He walked in and it appeared that no one noticed him. He saw a pretty girl singer beating her brains out on a love song.

The reporter was tall and would be called good-looking by man or woman. He had black wavy hair and an infectious smile. He was dressed in a nice looking tailor-made gray suit. He tossed his Stetson to the hat check girl and sat down.

He kept his eyes on the singer. She looked his way and threw him a smile. He returned in purely in the interest of maybe gaining some information from her or an associate. When she finished her song, she came over to his table.

New Comedy Comes To Arcadia Theatre Today

What happens when a prudish small-town girl, as played by the lovely and talented Ann Blyth, consents to pose for a city slicker commercial artist, portrayed by handsome Mark Stephens? The amusing and entertaining answer is seen in Universal-International's new comedy offering, "Katie Did It". The new comedy will play at the Ranger Arcadia Sunday and Monday.

"Hello handsome, may I sit down?"
 "Why shore," he drawled.
 "Buy me a drink?"
 "Are you thirsty?"
 "Always."
 "They tell me they have a good brand of water here. Look I'm not one of the suckers who will sit down and pour colored water into a girl all night at a dollar a shot."
 "You are a funny guy."
 "Think so?"
 "What are you doing here?"
 "What does anybody do here?"
 "You aren't like the rest."
 "Maybe you aren't either. Else you wouldn't have recognized that I wasn't."

"Are you from here in town?"
 "I was raised in a small town in South Texas."
 "Are you working here in town?"
 "You might call it that"

"Married?"
 "Look what are you the FBI?"

4 THINGS YOU SHOULD KNOW ABOUT OUR REQUEST FOR AN INCREASE IN RATES

1. The telephone company has spent more than \$350,000 since 1945 to expand the telephone system in Ranger to keep pace with Ranger's growing needs.
2. The telephone company's operations in Ranger are being conducted at a loss. In the first nine months of 1950 expense exceeded revenues by \$9,700.
3. New rates are essential to pay today's higher costs of handling your calls.
4. Even with the increase, telephone service still will be a bargain in terms of practically everything else you buy.

On the telephone above, you see what the new prices requested for telephone service in Ranger amount to for a full 24 hours.

The increases are much less than the increases in prices of most other things you buy today. In fact, even at the new rates, telephone service would still take a smaller share of the average family's budget than before the war.

The few cents a day added to your bill will help to pay today's higher costs of handling your calls.

But these few cents are the necessary price of progress. They are essential to offset losses which the telephone company is suffering in Ranger.

It is important to the people of Ranger that the telephone company be financially healthy, so that it can continue to provide the kind of service that people here need and want.

LETTERS TO THE EDITOR

Ranger Times,
 May I pass these thoughts to you, the American way of life as you go through life, to play my role with a heart that sings to know the richness of simple things, to feel I have paid for what I have won, in the honest coinage of duty done, to seek the weal of our brotherhood, and share in the larger common good, to keep the faith with my race and day, that's what I call the American way, as you travel along in your daily toil keep love in your heart in your eyes a smile, give a word of cheer to those who are blue, a warmhandclasp will help some, to a wave of the hand, a cherry, good day, to those you meet, or pass by the way, as you travel along.
 Start in the day with a word of prayer, as the birds trill their notes to the morning air, let your prayer be to God; like their songs to heaven.
 Thankful for life and the blessings given, thinking those thoughts that are right and good, doing those deeds that you feel you should, as you travel along.
 Katie C. Paschall,
 This is my thoughts of life as I pass in a world of everything to see a beautiful life and enjoy our journey to a happier place to live.

Methodist Services For Sunday Morning

The Rev. Leslie Seymour, Superintendent of the Cisco District, will fill the pulpit at the Methodist Church on Sunday morning at 10:50. Our people will remember the only other occasion this year that this man has preached from our pulpit, and will want to avail themselves of hearing another inspiring message. Rev. Seymour will use for his subject: "The Christian Intention", based on Philippians 2:5.
 Church school will begin promptly at 9:45 with the usual general assembly for all adult, young people, and Intermediate classes meeting in the Sanctuary. The Children's Division will meet at the same time in the basement of the Church under the direction of Mrs. Arthur Deffebach. There were 310 present at our Church School on last Sunday morning, which is a record attendance for this church. Let's keep the good work up, by watching the bulletin board for tomorrow!

Promptly at 10:50, Miss Mildred Balch will begin the organ prelude, which will be the beginning of our worship. The Chancel Choir will sing for an anthem: "The Lord my Pasture shall Prepare", by Narwood Dale. Those who have planned to unite with the church will receive baptism and membership at the close of the service.
 If you are a stranger in Ranger, or if you do not have a church home during your stay here, the people who call themselves Methodists extend you a most cordial welcome to worship at the Methodist church.
 Mr. and Mrs. J. D. Moody, Mrs. E. E. Hadley and Miss Pauline Odum of Ranger attended a birthday dinner for Mrs. Hadley's granddaughter in Stephenville Wednesday.
