US Will Call A Meeting Of NATO

LONDON, July 19 (UP)—The United States will seek an early meeting of Atlantic Pact Foreign Ministers to settle the dispute over Spain's role in the defense of Western Europe, authoritative American sources said today.

The disclosures came as Admiral Forrest P. Sherman, U.S. Chief of Naval Operations, scheduled a meeting in Paris with Atlantic Pact Commander General Dwight D. Eisenhower on his defense talks in Madrid with Spanish officials. He left Madrid this morning.

American officials in Washington reported that a U.S. Mission will visit Madrid "in several weeks" to negotiate a final agreement for use of Spanish sea and air bases despite British and French objections.

U.S. Officials in London said today part of the bad temper shown on the Spanish question might be related to the absence of a meeting of the Atlantic Pact's 12 foreign ministers since the Brussels conference last December.

The call for an early meeting of the ministers council, perhaps in Rome or Canada, was expected to come from Charles M. Spofford, U. S. Representative to the council. He will probably seek a meeting in early September.

Generalissimo Francisco Franco promised Sherman in a private conference last Monday to place his forces beside the western allies in the event of war-provided Spain received military and economic aid in return.

Well-informed sources said Franco also expressed willingness to permit his troops to fight outside of Spain's borders if necessary.

Franco appeared interested in a Bilateral Alliance with the U. S. but not in linking Spain with the North Atlantic Treaty Organization.

Britain has opposed any kind of military alliance with Spain within the NATO framework. A Foreign Office spokesman said yesterday such an arrangement would play directly into the hands of Communist propagandists.

Bus Collision Injures Eleven

HOUSTON, July 19 (UP)—Eleven passengers on a Houston transit company bus were injured late yesterday when it was rammed by a flat-bed truck which was towing another truck.

Police said no one was hurt seriously and only one was admitted to St. Joseph's Infirmary, where all were treated. He was D. A. Parker.

Officers said the truck in tow was responsible for the collision. The bus had stopped to load passengers. Driver of the tow truck, Ervin R. Almond, 32, 34-in low crashed into the truck plied his brakes but the truck pushed it into the bus.

Woman Sues For Damages

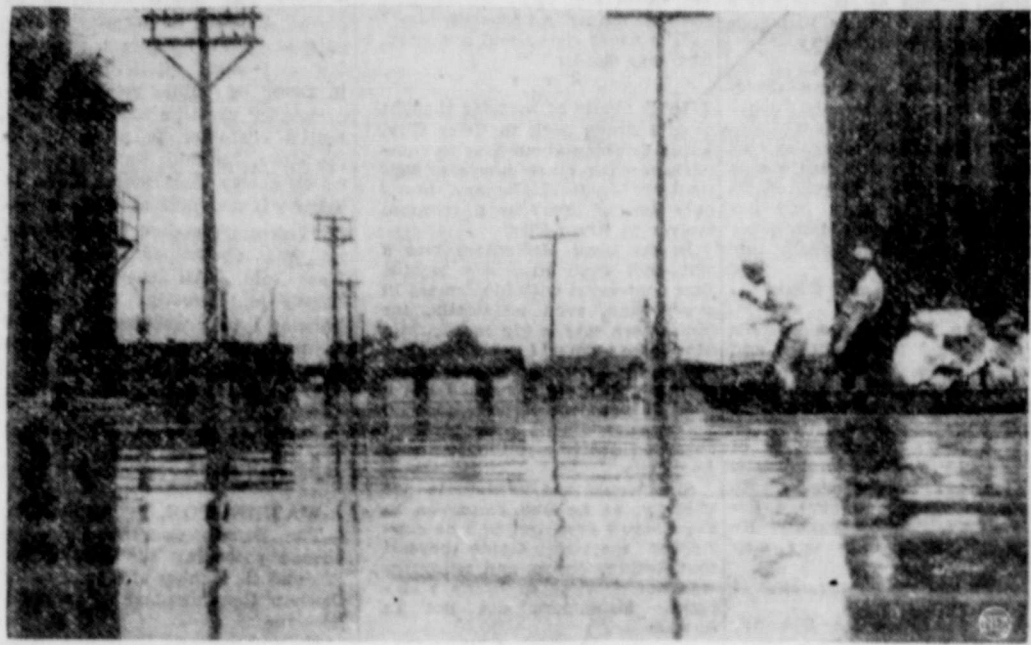

DULUTH, Minn., July 19 (UP)—Mrs. Helmer Johnson blamed a high wind and the city of Duluth today for ruining her garden. She demanded \$25 from the city, charging that high winds carried poisons being sprayed on weeds in the streets into her garden. She said the poison killed 30 tomato plants and three rows of beans and peas.

Queen Juliana Invited To U. S.

WASHINGTON, July 19 (UP)—The White House disclosed today that President Truman has invited Queen Juliana of the Netherlands to visit the United States some time next spring.

Mr. Truman also has invited Princess Elizabeth of Britain to visit here this fall.

For Good Used Cars (Trade-ins on the New Olds) Buick Motor Company, Eastland

INSPECTION PARTY—A rowboat party in St. Louis, Missouri inspects some of the damage along the river front. Estimated at \$750,000, most of the flood cost has been in sandbagging manufacturing plants, moving stock from warehouses, and jacking up equipment. The Mississippi is predicted to crest at 40 feet by Saturday. (NEA Telephoto).

SHORTEST MEETING YET ENDS WITH NO PROGRESS MADE

By Earnest Hoherecht
United Press Staff Correspondent
UN ADVANCE BASE BELOW KAESONG, Korea, July 19 (UP)—Korean cease-fire talks in Kaesong deadlocked today over United Nations refusal to discuss non-military matters and the 7th meeting of the armistice teams ended without progress.

Gen. Matthew B. Ridgway, UN Supreme Commander, rushed back to Korea from Tokyo today as the meeting ended and presumably planned to confer with the Allied armistice delegation over the issue.

"No progress had been made" when the meeting adjourned until tomorrow, the official UN report said. The report said Vice Adm. C. Turner Joy had reiterated the UN insistence that only non-political matters may be discussed at Kaesong in reply to a Communist request for his opinion on their proposed agenda.

The Red proposals apparently contained items considered to be political by the UN, including the Communist demand that all foreign troops get out of Korea as a condition for an armistice.

The Soviet radio indicated yesterday that the troop withdrawal was the "key issue" which the UN said was holding up completion of the agenda. Joy told the Reds at the start of the talks that political matters would not be taken up and indicated then that he had specifically refused to discuss the troop withdrawal.

The Reds were prepared for the Allied turnaround of their agenda proposals.

North Korean Gen. Nam Il, Chief Red Negotiator, announced Joy by reading an 18-minute statement written in advance. When he finished and the declaration had been translated into English and Chinese, it was plain that the Communists had not changed their attitude on "the question under debate," the UN report said.

Joy asked for a 30-minute recess to study Nam Il's statement but after the meeting resumed, the two teams argued the same subject without getting anywhere and the session was adjourned.

Today's meeting opened at 11 a.m. (9 p.m. Wednesday EDT) and ended at 1:22 p.m. The delegates talked for only 1 hour and 43 minutes, their shortest session yet. Total discussion time for the seven meetings has been 18 hours and 31 minutes.

There had been a general air of satisfaction in the UN command which hinted that agreement on the first part of the cease-fire negotiations may not be far off. But apparently the same one point which blocked completion of the agenda at yesterday's meeting was a big obstacle to overcome.

Grand Prairie Man Is Victim Of Heat

DALLAS, July 19 (UP)—The Texas heat wave was blamed today for the death of John Homer Jordan, 62, of Grand Prairie, who collapsed while working in Dallas yesterday.

A Parkland Hospital physician said Jordan died of a heart attack brought on by 99-degree weather.

Another man, Ernest Martin, about 62, suffered a heart stroke and was hospitalized at Parkland in critical condition. He collapsed while delivering handbills and doctors said his temperature was 108 degrees when admitted to the hospital.

Final Date For Filing For Applications

AUSTIN, July 19—Homer Garrison, Jr., Director of the Texas Department of Public Safety, announced today that closing date for appointment as Examiner in the Driver's License Division of the Department is August 1st.

According to Garrison, approximately 40 men will be selected from the applicants who successfully pass the preliminary tests for assignment shortly after Sept. 1st. These will be required to bring the Division strength to the increased level authorized by the 52nd Legislature and to fill existing vacancies, caused by resignations and transfers to other units of the Department.

Applicants must be between the ages of 21 and 35 years, inclusive, with a minimum height of 5 feet, 8 inches, have a high school education or its equivalent, and must meet other physical and character qualifications.

Interested young Texans are urged to apply to their nearest Driver's License District Office or write direct to A. F. Temple, Chief Driver's License Division, Texas Department of Public Safety, at Austin for application forms.

Babe Ruth Left Widow \$447,880

NEW YORK, July 19 (UP)—Babe Ruth left a net estate of \$360,611 when he died Aug. 16, 1948, a tax appraiser said today.

Samuel E. Lepier in approving the appraisal of Ruth's Estate yesterday said gross assets amounted to \$447,880. The home runner king's collection of baseball mementos and trophies, valued at \$1,175, was presented to the Baseball Hall of Fame, Cooperstown, N. Y. The bulk of his estate was left to his widow.

Tell Police To Do Their Best

ATLANTIC CITY, N. J., July 19 (UP)—Mayor Joseph Altman decided the tone of the boardwalk and beach here has "hit a new low" and put police under order today to enforce a 1967 ordinance that bathers must cover themselves "from the shoulders to below the knees" in public places.

Altman was reminded that sweet young things in swim suits could hardly be persuaded they are public nuisances, subject to a \$200 fine.

"Well, at least tell the police to do their best," he said.

Escaped Con Is Captured

DAIHATT, July 18 (UP)—Police Chief Ben Leavell disclosed today he had captured Ray Tabor, alias Raymond Curtis Tabor, an escaped Colorado convict, at a ranch near Dalhart where he had been working for a week.

Leavell said Tabor escaped from the Colorado State Prison at Canon City on June 25.

UN Planes Keep Hitting Targets

8th ARMY HEADQUARTERS, KOREA, July 19 (UP)—U. S. warplanes plastered Red airfield supply lines and front-line targets until dawn today in their third straight night of punishing raids.

More than 100 sorties carried night fighters and bombers over enemy positions.

The bombers left fires raging in the Red east coast port of Wonsan, to follow up yesterday's 153rd consecutive day of Naval shelling of the big supply base. Warships poured more than 6,000 shells and rockets into Wonsan where fanatic Red defenders dug into cliffside holes to survive the sea and air bombardment.

The heavy air-sea attacks pointed up declarations by UN officials at the advance trace camp that the Reds are "getting the worst of this stalemated war and we intend to see that it gets even tougher." They said UN aggressive pressure against the Reds would continue up to the hour of a cease-fire.

Every day's delay in ending the war, UN Officials said "is going to cost us plenty of bombs and shells but it's going to cost the Communists more in lives."

Only light enemy resistance met UN troops probing into Red territory Thursday. One small enemy attack was repulsed southwest of Yonchon and there was a brief fight west northwest of Chon on the central front. North of Inje on the east coast, three Red attacks were thrown back and two attacks were beaten off above Kaesong on the east coast.

Red resistance on the ground melted away Wednesday around the central front's "iron triangle" zone, once a jumping off place for Red attacks but now firmly in UN hands.

The Reds managed to push out overnight probing attack northwest of Kumhwa, on the east side of the triangle, but UN troops threw it back quickly.

Illustrative of the devastating air-ground combination being used against the Reds to tear down their supply system and squeeze front-line troops between supply shortages and increasing attacks, UN patrols called in fighter planes to wipe out one Red group above Yonchon. UN troops spotted a Red battalion in the zone, directed the planes to the attack and saw the enemy flee after losing about 65 men.

South of the conference city of Kaesong, about 100 Reds were spotted dug in and two other Red groups were seen moving to the area. East of the city, outside the neutral zone, a Communist platoon kept a UN patrol back with light mortar fire.

57 Lawmakers Show Interest

AUSTIN, July 19 (UP)—Fifty-seven state representatives have indicated they are "definitely interested" in \$6,000-a-year jobs offered by the home and property owners Alliance, Inc., State Rep. Carlton Moore, Sr., of Houston said today.

Moore said that 64 replies had been received from members of the Texas House of Representatives out of "a little better than 100" letters sent to the legislators.

Of the 64 Moore said that 57 indicated they were definitely interested.

He said the organization's purpose was to "get property owners in Texas organized, just like everybody else in Texas is organized."

"They've got as much right to organize," Moore said, "as labor, teachers, doctors and architects."

The group he said, intends fighting against any type of property controls period.

However, Moore said that the property owners alliance just wanted about 10 or 15 men. The offers to legislators previously had been described as for organizational work in a public relations capacity.

Moore, president of the alliance, said that those selected would help work in opposition to federal controls. He said there was no legislation anticipated in the Texas legislature in which the group would be interested.

Sellout Crowd For First Run Of Roundup

Jimman Robinson Passes Away

Mrs. O. R. Robinson, a resident of this community for twenty-eight years passed away this morning at 9:30 at her home in the Marston Building.

The deceased was born in Athens, Ala., Sept. 23, 1873.

She is survived by three daughters and one son: Mrs. J. W. Stafford, Irving, Tex.; Mrs. Charles Murphy, Sheridan, Texas; Mrs. J. M. Brimberry, Odessa, and Mr. E. F. Robinson of Ranger.

Mrs. Robinson was married in 1890 and was preceded in death by her husband, O. R. Robinson, August 25, 1946.

The Killingsworth Funeral Home will be in charge of arrangements. The funeral will be held in Killingsworth's Funeral Chapel at 2:30, Friday, July 20. Interment will be in Evergreen Cemetery.

Officiating will be Rev. M. W. Wilson, pastor of the Nazarene Church, Rev. Jasper Massee, pastor of the Second Baptist Church and Rev. Ralph Perkins of the First Baptist Church.

Survivors also include 16 grandchildren and 15 great grandchildren.

Mrs. Robinson was a member of the Nazarene Church of Ranger.

Dairymen Ask Federal Help

DALLAS, July 19 (UP)—A hearing has been set for Aug. 14 in San Antonio on a proposed federal milk marketing order for Bexar County, according to the U. S. Department of Agriculture regional office here.

The hearing was called on request of Producers Association of San Antonio, Inc., a dairymen's group.

The organization alleged in its petition that the market was "generally unstable," that processors refused to recognize the association, and indicated producers are dissatisfied with the grading of milk.

THE BOSS OF THE SPREAD DUKE GIBBS, PRODUCER

Here he comes ladies and gentlemen the boss of Triangle Bell Rodeo Ranch, Duke Gibbs on Eagle, famous old parade and pick up horse of the outfit.

Duke purchased all the stock of the Triangle Bell Ranch several months ago and immediately started culling out the ones he thought were not wild enough.

To replace the ones he was selling was the hardest job he had. He travels constantly looking at wild horses hoping to find some rough ones that can be added to his rodeo stock. If opening night here is a sample of Duke's efforts, then he has not wasted his time, because the bucking horses, calves, steers and bulls were the wildest critters ever seen in a rodeo arena.

In addition to producing rodeos, Duke owns a good size trucking business and he and his wife own and operate the leading hotel at Belton, known as the Ranch House.

Duke gets more enjoyment out of watching his stock buck than anything he does. He states that he firmly believes the secret of getting the best performance out of the stock is the way in which he feeds them. And feeding is one

203 RIDERS IN COLORFUL GRAND ENTRY AT RODEO

The Kicker at the Joint Luncheon Wednesday noon sure must have knocked the props out from under everything in this section of Texas.

Starting things off yesterday at 4 p.m. there was the parade that attracted more people than has been seen in Ranger in one time since old Heck was a pup. People lined the sidewalks from the derrick to the other end of Main Street where the parade broke up.

The parade was colorful in every respect. Sheriff's Poses from Parker and Palo Pinto Counties, and the riding club from Graham, the color bearers, cowboys and cowgirls, floats entered by local merchants and local riders from all over this section of the state were on hand to make the parade one of the most successful one seen in this section in many days.

The Ranger High School band under the direction of Bob Gans led the way with plenty of well rendered music.

At 8 p.m. Wednesday night

India Taking Defensive Steps

NEW DELHI, INDIA, July 19 (UP)—Premier Jawaharlal Nehru reiterated to Pakistan today that India wants to avoid war but has been forced to take defensive steps to protect her frontiers.

"My government cannot ignore the continual talk of preparations for war by Pakistan and we would be failing our duty if we did not take effective defensive measures," he said in a message to Pakistan Premier Liaquat Ali Khan.

Nehru admitted that "certain troop movements have been ordered by us for defense purposes," but added:

"There is no intention whatever of any aggressive action on our part but any aggression on Indian territory will be resisted."

THE BOSS OF THE SPREAD DUKE GIBBS, PRODUCER

Here he comes ladies and gentlemen the boss of Triangle Bell Rodeo Ranch, Duke Gibbs on Eagle, famous old parade and pick up horse of the outfit.

Duke purchased all the stock of the Triangle Bell Ranch several months ago and immediately started culling out the ones he thought were not wild enough.

To replace the ones he was selling was the hardest job he had. He travels constantly looking at wild horses hoping to find some rough ones that can be added to his rodeo stock. If opening night here is a sample of Duke's efforts, then he has not wasted his time, because the bucking horses, calves, steers and bulls were the wildest critters ever seen in a rodeo arena.

In addition to producing rodeos, Duke owns a good size trucking business and he and his wife own and operate the leading hotel at Belton, known as the Ranch House.

Duke gets more enjoyment out of watching his stock buck than anything he does. He states that he firmly believes the secret of getting the best performance out of the stock is the way in which he feeds them. And feeding is one

DUKE GIBBS

there was not standing room left in the stands at the rodeo grounds. The crowd was so large that the Volunteer Firemen ran out of parking space for the cars of the people coming to the first performance of the rodeo.

The Ranger High School Band entered the South end of the arena to signal the start of the first performance of the Jaycee Round-up. Then came 203 colorful cowboys and cowgirls riding in the Grand Entry. The Grand Entry in itself was well worth the trip to the rodeo.

After the introduction of the officials of the show the place was turned over to the cowhands and the stock from the Triangle Bell Rodeo Ranch. With all due respect to the cowboys, the stock came out slightly ahead in the night's run.

The first event on the program was the Bareback Bronc Riding, with two cowhand tying for first and second; they were Harold Watson, Belton; and Guy Weiske, Coleman. Third in this event was won by "Booger Red" Nixon of Breckenridge.

The calf ropers turned in some mighty good times and gave a fine exhibition of the skill required in this event. Taking first money for the night was Nolan Fincher, Stephenville, 16 seconds flat, 2nd was Red Nixon, 16.5; 3rd, Elmer Carter, Antelope, 16.7.

Event number seven was the introduction of Tony the Shetland pony that will be given away to the lucky ticket holder tonight during the performance. Tony was ridden around the arena by little Johnny Wayne Stuart of Ranger, Texas; a top rider for anyone's money.

In event number eight, saddle Bronc Riding, Neal Gay of Houston and Harold Watson, Belton; tied for first and second. Dutch Taylor of Ranger Junior College took third.

Donna Faye Carter, Lampasas, made the best time in the ladies barrel race with 16.5. Helen Bradford, Ranger, 2nd, 18.1; Betty Penn, Ranger, 18.5; and Rosa Lee Cravey, Breckenridge, 18.8, for fourth.

The Steer Wrestling event was topped by a time of 4.6 turned in by Whit Keeney of Stephenville; 2nd time was 6.6 by Jack Pendleton, Waxahachie; third was Jack McElreath of Coleman with 10.2.

First in the Cutting Horse event went to Hollywood Snapper, ridden by Jim Trammel, owned by Dr. and Mrs. D. G. Strole, Abilene; 2nd Skipper D., ridden by Homer Dixon, owned by Ray Smith, Aledo; third went to Stormy Conger, rider Sam Watts, owned by Sam Watts, Energy.

One cowhand managed to stay aboard the fighting Brahama bulls that were used in last night's performance; he was Harold Watson of Belton, Texas.

Nine bulls came out of the chutes and only one rider was able to go the limit.

A novel feature of the rodeo was the open bull riding held at the end of the show. Local cowboys and a few from out of town tried their hand at riding the buffalo. One rider rode his buffalo the length of the arena. Two cowboys doubled to ride but lost their seat in a short time.

Tonight will be the second performance of the rodeo and it will in no way be a repetition of the first show. New riders, new stock and a new crowd, bigger and better than the one last night will be on hand.

See Jaycees Ride Buffalo Friday Nite At Rodeo

Satchel Paige Back In Majors

ST. LOUIS, July 19 (UP)—Minus his old teeth but plus a swanky new pitch, ancient Satchel Paige returns to big league baseball tonight to throw for the St. Louis Browns against the Washington Senators.

The American League is 30 years old, and there are some who say old Satch can top that. All he'd say of the subject today, however, was that he "feels like 16."

It's the new pitch that enthuses the famed Negro.

He calls it a "side-arm, cross-

fire curve." He'll use it tonight, and look out Senators! "It looks like it's coming in from third base," Satch warned.

"I still got that for a generation in the negro leagues about the nation, then finally was signed into big league baseball by Bill Veeck for his 1948 Cleveland Club. The team won the pennant, and afterwards Satch lost his stuff—and his job.

Since then Paige has had his teeth pulled, and Veeck has become the boss of the Browns.

Veeck said today, "old Satch can do our ball club a lot of good. He looks better now than he did two or three years ago." Browns manager Zack Taylor said he is starting Paige tonight "to see how far he can go."

Paige won six games and lost one in his season with the Indians. He struck out 45, walked 25 and had an earned-run average of 2.47 in the 73 innings he worked.

In addition to having teeth pulled, Paige has added 15 pounds to his six-foot, four-inch frame, tipping the scales at 190 pounds.

Paige is the first Negro to be signed with any St. Louis major league club since Willie Brown and Henry Thompson were tried out by the Browns and didn't stick in 1947. Thompson later made the grade with the New York Giants.

Hornsby Will Stay In Seattle

SEATTLE, Wash., July 19 (UP)—Rogers Hornsby, manager of the Seattle Rainiers, will not accept the manager's job with the St. Louis Browns of the American League.

"That's definite," Emil Sick, owner of the Pacific Coast League Club said last night.

Sick made the announcement following a telephone conversation with Bill Veeck, owner of the Browns.

"Hornsby will stay right here in Seattle for the balance of the 1951 season and that's definite," Sick said. "He will stay here longer than that if I have anything to say about it."

Sick said he told Veeck it was "out of the question" for Hornsby to go to the Browns immediately.

"I hope Hornsby wants to stay with the Rainiers for several years," said Sick. "We are preparing to pay him a top salary to stay."

Hornsby said, "whatever Mr. Sick says goes."

KILLER'S PACE

BY JULIUS LONG

COPYRIGHT 1951 BY NEA SERVICE, INC.

THE STORY: After Rose Bidault could no longer bear the agony of a murder charge that her story of the slaying was false, J. Jim Marshall, Star Williams' leg-man, goes to see Larry Stone, the man Rose was protecting. The interview ends in a fight, and I get no answer.

AT the Strand Hotel, where I learned that Star Williams had gone to his cottage at Willow Lake to relax after the Bidault trial, I picked up a paper. The photos on the front page caught my eye almost as fast as the headlines which said: "Star Williams Tricks Jury, Magician's Stunt Revealed by Ace Reporter's Camera."

The blown up candid shots told the story all right. In the first you saw Star's fingers slipping a blank cartridge into the chamber of the murder gun. It must have been taken a second after he walked over to the exhibit table and picked up the gun. In the second, you saw Star's finger holding the chamber and the toothpick in still jammed in the works. So there's no chance to charge Ricardo with faking the photos. He sighed. "There's only one way out."

"You're one up on me, Star. I don't see even one."

"I've got to prove Rose Bidault's innocence. By proving her innocence I can take the wind out of Tanner's sails. No judge will disbar me for using trickery, no matter how illegal, if I employed it as the only recourse to save an innocent client. I doubt that even a grievance committee would prefer charges."

I said quickly: "Maybe she really is innocent! Maybe it won't be so hard to prove after all."

"What are you talking about?" Quickly I told him the story Rose Bidault had told me about Larry Stone. Star's eyes narrowed as he listened, taking in every

word, digesting it and placing each fact in proper perspective. "The little fool," he said. "The idea of her holding out on me for a rat like Stone."

"Well, what are you going to do about it?"

"You're the one that's going to do something about it. You're going back to Rose and bring her to the office. I've got to count on her signing an affidavit implicating Larry Stone before the punk gets to her first. He's probably been shaking in his shoes afraid she'll get smart and talk. You're sure she's no longer in love with him?"

"I'm never sure about a woman. She says she isn't."

I HAD plenty of food for thought as I drove back to River City. I was thinking about Star in comparison with other lawyers, particularly J. J. McNamara, Star's only serious rival as a criminal lawyer in River City.

In my book McNamara was a slob, not even in Star's league. Star contrasted with McNamara in every way, even physically, for McNamara was a big man, while Star was small. McNamara's courtroom technique was as crude as Star's subtle and he had lost a good 75 per cent of his cases and his murder clients probably had absorbed nearly a million volts of electricity.

Star would not hesitate to use trickery, as he had employed in the Bidault case, but this he considered sporting. Going beyond that, bribing jurors and witnesses was not sporting in Star's viewpoint. McNamara did not so scruple.

But Star Williams loathed McNamara most of all because the fat criminal lawyer was capable of selling out his clients. That, in a nutshell, was why I wore an automatic under my coat. Too often Star had been warned to lay off a case if an acquittal would prove embarrassing to an underworld big shot. It was after Star had been shot and hospitalized for three months that he had recruited me from a detective agency. Star was not an ordinary criminal lawyer and I was not an ordinary leg-man.

Carbon Marine Commended For Excellent Service In Korea

T-Sgt. Walter Gilbert, Jr., U. S. Marine Corps, husband of Mrs. Mary Lou Gilbert of Carbon, was recently commended by the commanding general of the First Marine Division, (Reinf), FMF, for service in Korea.

Sgt. Gilbert's commendation read as follows:

The Commanding General, 1st Marine Division, takes pleasure in commending T-Sgt. Walter H. Gilbert, Jr., U. S. Marine Corps, for service as set forth in the following:

Citation: "For excellent service in the line of his profession while serving with a Marine maintenance company during operations in Korea from 15 Sept. to 2 October 1950. T-Sgt. Gilbert, serving as a small arms mechanic, displayed great skill and confidence in the performance of his duties.

"He worked long, tedious hours under adverse conditions, with inadequate equipment and lacking

A&M Announces Military Head

AUSTIN, July 19 (UP)—Joe E. Davis, Chief of the ROTC section of the Texas Military District, will return Aug. 1 to Texas A&M College as Commandant of the School of Military Science, it was announced today.

Col. Davis formerly served as assistant commandant at A&M, TMD said. He was a graduate of the A&M Class of 1929.

The TMD said that 87 ROTC units are in operation in Texas High Schools, Colleges and Military Academies with more than 16,000 students enrolled for military instruction.

Hess Defends Advertising

NEW YORK, July 19 (UP)—Newspaper advertising is essential in any retailer's campaign to attract customers into his store, Max Hess, Jr., president of Hess Brothers of Allentown, Pa., told a meeting of the sales executive club of New York yesterday.

Hess took sharp exception to public relations advisers who may suggest trimming direct advertising and sales publicity budgets in favor of public relations programs for prestige alone. The potential customer is attracted to the store, he said, by advertising which shows what merchandise is being offered and at what price.

"You can't afford to cut down on your newspaper advertising," Hess said. "All the pamphlets, charts and prestige and labor policies in the world aren't going to persuade customers to come into our stores."

Senate Confirms John B. Dunlap

WASHINGTON, July 19 (UP)—The Senate unanimously confirmed yesterday the nomination of John B. Dunlap of Texas to be the new Commissioner of Internal Revenue.

He will succeed George J. Schoeneman, whose resignation is effective on July 31.

Girls All-Stars Meet in Whitney

WHITNEY, July 19 (UP) — Squads have been completed for the all-star basketball game Saturday night climaxing the First Annual Texas High School Girls Basketball League Coaching School.

Eighteen girls have agreed to play for the Central Texas All-Stars against an All-Star Squad. Eight of the 12 members of the All State team have accepted invitations to play.

Whitney players will first in should the other four all-Stars fail to appear.

The All-Stars are Lometa Odom and Maurine Smithson of

the State Championship Dimmitt Team; Ruth Cannon and Catherine Shadden or runner-up Cotton Center; Jo Anny Ryan of East Chambers; Patsy Pharr and Vera Patterson of Seagoville, and Millie Bennett of Starford.

The Central Texas All Stars include Nelda Burrell and Evelyn Kolar of Penelope; Margaret Frank, Bynum; M.ram Keeling, Clifton; Eula Ruth Arthur, Itasca; Jo Ann Worley Whitney; Cecilia Gainer, Mt. Calm; Wanda Cowley, Covington, Dorothy Kennedy, Abbott; Mildred Anderson, Meridian, Joyce Lorenz, Midway; Shirley Bettinger, West; Christine Brooks, Kopperl, Alavera; Gregory, Aquilla; Annie Fay Seamus, Blum; Freddie Ray Futch, Forrester and Gloria Ann Dahl of Cranfills, Ga., all guards.

J. W. Blaine of Dimmitt, Sam Shipley of Abbott and Jimmy Phillips of Seagoville will coach the all-staters. The opposing team will be tutored by Harvey Balow of Lampasas, John P. Cox of Aquilla and J. D. Hutson of East Chambers.

Gambling Opens In Galveston

HOUSTON, July 19 (UP) — The Houston Press, in a front page story today, quoted a ranking Maceo empire official at Galveston as saying gambling was reopened there because "we're just trying to make a buck."

The story listed the official as Sam (Book) Szabo, who reportedly holds the financial reins of 23 Maceo enterprises in Galveston county.

Robert Overstreet, press staff writer, said he asked Szabo after getting him on the telephone at the Surf Grill—"Why did you open up gambling in Galveston again?"

He quoted Szabo as saying: "We're just trying to make a buck."

Galveston gambling closed down June 15 a few days before the Texas House Crime Investigating Committee opened public hearings at Austin.

At the hearings, Szabo was quoted as saying the Maceo

Gambling clubs would not be reopened.

Overstreet said when Szabo answered the telephone he told him: "You know I didn't have to come to the phone."

Overstreet said he asked him: "Will you tell us why you have opened up again after the decision to close up for good last month?"

"You know I can't answer that. I just don't know," Szabo was quoted. He also said he didn't know to the question of who made the decision to open up. Later the story quoted Szabo on the "making a buck" statement.

"I'm living here trying to get along," the newspaper quoted

Szabo. "I wish the newspaper would leave us alone."

Overstreet said he asked Szabo if he feared local or state enforcement officers would step in to try to close things up.

To this Szabo was quoted as saying: "We're not immune from an enforcement agency. Those Texas Rangers could come down here anytime and tear things apart."

Buffalo riding proved to be an entirely new and novel event at the opening performance of the Ranger Rodeo Wednesday night. Eight Buffalo were furnished through the courtesy of L. R. Pearson of Ranger. All of the riders were "spilled" early with the exception of Dickie Garrison of Ranger who rode one of the smaller Buffalo to the end. Above is a picture of the Buffalo taken on the Pearson Range.

British Against Franco Pact

LONDON July 18 (UP)—The labor government announced its willingness to admit Turkey and Greece to the Atlantic Pact but insisted on excluding Spain from any defensive agreement.

Foreign secretary Herbert Morrison said in the House of Commons that the labor government now favors the inclusion of Turkey and Greece, the key eastern Mediterranean countries, to the North Atlantic defense treaty.

But at the same time a foreign office spokesman said any kind of Allied military cooperation with Spain would play directly into the hands of Communist propagandists.

Immediately afterward, news reached London that in Washington Secretary of State Dean Acheson said that the United States and Spain are exploring ways to strengthen "common defense against possible aggression" despite British and French opposition.

Adm. Forrest P. Sherman, U. S. Chief of Naval Operations, was in Madrid conferring with the highest Spanish leaders on defense.

After weeks of labor government opposition to the inclusion of even Turkey and Greece in the pact, Morrison said in the house of commons.

"His Majesty's government

have now explained the matter fully and they have come to the conclusion that Turkish and Greek membership in the North Atlantic Treaty organization is, in fact, the best solution."

But the foreign office statement brought Prime Minister Clement R. Attlee and his labor government into a new full-fledged crisis in Anglo-American relations, a headlong clash over cooperation with Generalissimo Francisco Franco's "totalitarian" regime.

Texas Tech Gets Four All-Staters

LUBBOCK, July 19 (UP)—Rick Spinks, the hard-running all state halfback who led Kermit to the class A state championship last fall, announced today he would enter Texas Tech this fall.

Spinks, along with all-stars Mac Taylor of Lubbock and Houston A. (Buddy) Jones of Hot Springs, Ark., will be eligible for varsity competition this season since the Border Conference permits freshman to play.

Spinks scored 301 points for the Kermit champions last season.

Production Rate Is Not Increased

AUSTIN, July 19 (UP)—The Texas Railroad Commission will set the Texas Oil allowable for August after a state-wide oil production hearing.

Predictions were that the production permissive would be left at its current peak level.

As of July 14, the state's allowable production stood at 2,950,829 barrels a day.

Purchasers' nominations for Texas crude in August reflected a small decrease of 548 barrels a day. Total nominations were 2,983,522 barrels daily.

Market demand rose 110,000 barrels over July to 2,690,000, according to the U.S. Bureau of Mines estimate, but was discounted by the commission as "undoubtedly an effort on the part of the bureau to conform its estimate to the experience of the daily runs to stills."

The commission did report, however, a sharp decrease in the weighted average bottomhole pressure of 6.02 pounds per square inch in the East Texas oil field.

The commission said the field's pressure dropped to 1,018.52 pounds as of July 1. The pressure is an important factor in determining safe production of the field.

Refinery Worker Kills Man 60 Lbs. Lighter With Fist

WICHITA FALLS, July 19 (UP)—A young oil refinery worker was charged today with murdering a man who outweighed him 60 pounds by striking him with his fist.

The charges were lodged against Leonard Wayne Manley, 26, who was held on \$2,500 bail. Officials said that Manley, who weighs 155 pounds, got into a fight early today with Charles D. (Rusty) Wetzel, 27-year-old Wichita Falls carpenter, who weighed 215 pounds.

determining safe production of the field.

A waitress with the pair said Manley knocked Wetzel down twice. The second time, the carpenter did not get up. He was pronounced dead a short time later.

Society-Clubs

Jaycees Entertain With Barbecue Wed.

The Jaycees entertained the Sheriff's posse from Parker and Palo Pinto Counties and the Graham Riding Club with a barbecue Wednesday evening.

The feed was held in the Elks Club with Morris Newnam and his staff preparing and serving the food.

These Poses and Riding club added much to the parade Wednesday afternoon. There were one hundred attending the barbecue.

Personals

Misses Jeanene and Martha Jane Redd of Wichita Falls are here visiting their grandmother, Mrs. Allie Faircloth, and aunt, Mrs. George Beighley. Their parents are to come Saturday to attend the rodeo.

Mrs. Jack Donowho left Wednesday afternoon to go to Stanton to visit with her daughter, Opal, for several days.

Mrs. J. R. Crossley has returned from a trip to parts of New Mexico. While there she attended a family reunion. Her sister Mrs. May Sanders accompanied her back home and they both visited in Dallas Wednesday.

The Junior Choir of the First Baptist church will meet in the home of Mrs. Clyde Harris, 605 Young Street, Friday morning at 9 o'clock to rehearse for the program that will be presented in the First Baptist Church, Sunday Evening, July 22 at 8 o'clock.

This choir has been used in many of the churches in Ranger and the surrounding communities. The choir recently sang at the Leuder's Baptist Encampment and is practicing for the State Music Festival that will be held in Waco November 21.

Miss Joyce Barrett is visiting here this week with Mrs. H. B. Larky.

Personals

Mr. and Mrs. Roscoe Hopper have had as their company the last few days Mr. Fred Money of Los Angeles. He left today to return to his home.

Mr. and Mrs. Alton Cherry of Dallas flew to Ranger Wednesday night to attend the rodeo. Mrs. Cherry is the daughter of Mrs. Mollie Gholson.

Mr. and Mrs. Billy Ballock will arrive in Ranger on Tuesday, July 24 to make their home. Mr. Ballock will be Educational and music director for the First Baptist Church.

Mr. Ballock is a graduate of Texas Wesleyan College and has completed graduate work at Southwestern Theological Seminary of Fort Worth.

Bonus Baby Signs As Coach For \$1

LAWTON, OKLA., July 19 (UP)—Dick Wakefield, once a \$50,000 bonus player for the Detroit Tigers, has signed as a \$1 a year coach with the Lawton Giants of the class D minor league.

Giants Manager Ray Baker made the announcement last night, but he would not say if Wakefield would play with the Lawton team but said the deal was "like getting a \$500 bill out of a clear sky."

Wakefield received \$50,000 for signing with Detroit in 1942 but failed to live up to Tiger expectations. He was traded in 1950 to the New York Yankees. Later the Yanks sold Wakefield to the Chicago White Sox, but he refused to report.

After the White Sox deal was nullified, Wakefield was sold to Oakland of the Pacific Coast League. He promised to play for \$1 a year there if he did not hit .300.

The outfielder batted .297 and accordingly inked his 1951 contract for \$1. A short time later he was released.

Early this season Wakefield came to Lawton to confer with Leo Morris, business manager of the Giants. A "Wakefield night" was held and later a telegram signed by 27 Lawton fans was sent to the former big leaguer, urging him to return.

Baker said Wakefield signed his contract at Ann Arbor and will report to the Lawton Club at McAlester, Okla., today or tomorrow.

NEVER A HEADACHE

PHILADELPHIA — "Ample lighting in the office and good eyeglasses are my recipe to avoid eyestrain," Mrs. Mary Genter, a reader with the Mutual Press Clipping Service, said. "The boss provides plenty of fluorescent lighting and I own several pairs of inexpensive ready-to-wear reading glasses. I keep one pair of spectacles in my purse, one in the desk drawer and one at home. Then I can't possibly forget them and always have a pair close at hand."

Mrs. Genter reads hundreds of newspapers daily as she watches for clippings for her employer's clients. She claims she never has a headache.

Ready-to-wear reading glasses can be purchased without an examination or prescription at variety and dime stores. Physicians recommend them for middle-aged farsighted people who need help to see clearly.

Rain Needed In Most Of Texas Areas

AUSTIN, July 19 (UP)—The U.S. Department of Agriculture reported today that rainfall is "badly needed" in all areas except north Texas and the northern high plains.

Soil moisture was reported being "rapidly dissipated" in all other areas and only in north Texas and the Northern High Plains was reserve moisture regarded as sufficient for plant growth.

The USDA said that cotton was deteriorating in south central and southern areas and in some counties of the northern high plains, where hot dry weather held back plant growth and caused excessive shedding of young bolls.

Sorghum harvest was reported active in South Texas and the crop was maturing in central and northern counties. However, as a result of the drought a "considerable acreage" was harvested in the coastal bend area as forage.

Corn was nearing maturity in all important areas of production, the department said, but some late plantings had been damaged by dry weather.

Open weather, the USDA said, favored continued harvest of good quality hay, and combining of wheat was being rushed to completion in the northern high plains.

Movement of commercial vegetables was limited, the department reported, to cantaloups, onions, potatoes and watermelons.

Curing of range and pasture feed was stepped up, the USDA said by hot weather.

This choir has been used in many of the churches in Ranger and the surrounding communities. The choir recently sang at the Leuder's Baptist Encampment and is practicing for the State Music Festival that will be held in Waco November 21.

Miss Joyce Barrett is visiting here this week with Mrs. H. B. Larky.

White Sox Ride In New Cadillac

CHICAGO, July 19 (UP)—Casey Stengel wanted a Cadillac and the White Sox gave it to him.

The New York Yankees' manager had said his relief pitchers wouldn't ride from the bullpen in the Sox station-wagon "Taxi" because "they're used to Cadillacs."

So last night a shiny Cadillac funeral car was at the Yankees' disposal as the Sox licked them, 4 to 2.

King Farouk Gets Palace On Rails

GENOA, Italy, July 19 (UP)—Egyptian King Farouk's new \$1,500,000 silver and green streamlined private railroad train, awaited shipment today to Egypt.

The Royal Palace on wheels is a 150-foot long two-coach train, complete with two shower baths.

Built by the Fiat Motor Company in Turin, the train has a speed of approximately 80 miles an hour.
