## Minor Injuries Reported From Collision Here

The occupants of the two automobiles that collided on Highway 80 yesterday were not seriously injured.

Clyde Hendricks, driver of the Mercury from Bisbee, Ariz., suffered minor cuts and bruises.

The passengers in the other car were Mrs. W. D. Allen, Mrs. C. S. Allen, Billy Allen and Betty Allen, all of Lumberton, North Carolina. They were enroute to Long Beach, Calif. The worst injury was suffered by Billy Allen. The skin covering his forehead was knocked off and will require plastic surgery to avoid leaving the boy scarred for life.

Mr. Hendricks was enroute to Beaumont at the time of the accident.

Mrs. Allen said at the hospital that she and the other members of her party wish to thank the people of Ranger for the kindness they have shown to them when they needed it most.

## Foreign Aid For Flood Area

FRANKFURT, GERMANY, July 28 (UP)—U.S. High Commissioner for Germany John J. McCloy received two marks (47-6 cents) yesterday from a sympathetic Bavarian for a toy for a child in flood-stricken Kansas City.

Paul J. Dahmen of Kempton, in the Bavarian Alps, sent the money with a note expressing regret that "since I am a poor devil myself, it cannot be more."

## Baptist To Build Home For Aged

HOUSTON, July 28 (UP)—Texas Baptists disclosed today plans to build a home for the aged on a 45-acre tract of woodland on Memorial Drive which was purchased yesterday by the Buckner Orphan Home, a Baptist agency.

Robert C. Buckner, general manager of the orphan home, said the proposed home would be called Texas Baptist Haven. He said it will be started when at least \$250,000 has been raised.

"But the need is so great," he said, "that we hope that friends will make it possible to build a \$2,000,000 home."

Dr. Ross E. Dillon, executive secretary of the Union Baptist Association, has been appointed Houston representative of the Buckner Orphan Home to coordinate activities of the Haven.

The proposed Haven will be one of three new benevolent enterprises which were authorized at the centennial meeting of the Baptist General Convention of Texas last November.

## Pia And Father Visit Sweden

STOCKHOLM, Sweden, July 28 (UP)—Hundreds of Swedes gave a rousing reception to actress Ingrid Bergman's 12-year-old daughter Pia and her father, Dr. Peter Lindstrom, upon their arrival at Stockholm airport last night.

Lindstrom, a Hollywood surgeon, told the cheering crowd that both he and his daughter saw Miss Bergman in London earlier this week. No further meetings were planned, he said.

The London reunion marked the first meeting between the blonde actress and her daughter since she wed Italian film director Roberto Rossellini and bore him a son. Lindstrom divorced her in California.

"It was wonderful to see mother again," Pia said earlier in London.

## Odds On World War Are 15-1

NEW YORK, July 28 (UP)—Lloyds of London Insurance Underwriters indicated today they believe a possible third world war is closer now than earlier this year.

Odds against a new war within the next 80 days were set at 15 to 1 in an insurance policy issued to the New York Antiques Fair to cover possible cancellation of the show.

Earlier this year, the odds were 50 to 1 in a policy issued to a gathering of stamp collectors in Canada.

## UN Troops Smash Red Defenses

8TH ARMY HEADQUARTERS Korea, July 28 (UP)—United Nations troops smashed into Red mountain defenses on the east-central front for the second day today, fighting to win key heights protecting the enemy's vast buildup area.

Bombers, fighters and warships kept up the air-sea bombardment of North Korea as ground forces surged into the Red lines.

The limited UN offensive was driving up northeast of Yanggu. A Red battalion dug in on a mountain top fought the Allied troops for about 14 hours yesterday. Inching up the mountain in the face of heavy fire, the UN forces dug in for the night and then drove ahead again today.

Communist patrols launched several light attacks along the central and eastern fronts. On the west, above the conference city of Kaesong, Red forces were quick to meet all probing UN patrols. The brushes, even though light, proved that the Reds were lined up close to UN positions all along the front.

B-29 Superforts poked the biggest air punch against the Reds, blasting the Sariwon and Hwangju airfields in the north and hitting railroad and highway bridges and supply centers in 800 sorties.

U. S. Marine pilots raked east coast installations Friday and one Marine F-4U Corsair was shot down by enemy ground fire.

The U. S. Destroyer Escort Naifeh ran into heavy shore fire off Kosong and was straddled by several Red shells before land-based Marine planes roared in and wiped out the gun battery.

## Two Inch Blade Removed From Negro's Brain

TYLER, July 28 (UP)—A 21-year-old Tyler watchmaking student walked into Gaffney Clinic here last night with a knife blade buried two inches deep in his brain. He complained of a headache.

Surgeons removed the blade today and said the patient, Tommy Mosley, "appears strong—he stands a good chance of recovery."

Officers said Mosley, a Negro, was called from a classroom at watchmaking school and stabbed by a 21-year-old assailant who accused Mosley of "smoking a joint with my wife."

The assailant used a long-bladed, "East Dallas Special" pocket knife. The blade entered Mosley's head two and one-half inches above the left ear and broke off flush with the skull.

Dr. C. D. Ogilvie, who with Dr. George Grainger performed the surgery, said the blade penetrated the brain full two inches.

"He was perfectly rational," said Ogilvie, "and objected to surgery, saying he wanted to go home and talk it over with his wife first. After he had been in the hospital about an hour he complained of a headache and agreed to the operation."

The surgeons removed a small section of Mosley's skull and the knife blade came with it. The operation lasted two hours.

"The blade was driven into the left cerebral lobe of the brain," Dr. Ogilvie said, "and ordinarily there would be paralysis. There was none."

Doctors said Mosley would recover unless there is hemorrhage or infection sets in.

## Relief Due From Public Enemy

COLUMBUS, O., July 28 (UP)—The chigger, public enemy No. 1 of all picnics, is going to lead a harder life as a result of findings disclosed by an Ohio State University bug expert today.

Prof. Dwight M. DeLong, who already had the chigger reeling from his bugkilling lawn sprays, announced development of repellent treatments for the body and clothing. The treatment also will do wonders against the mosquito, the entomologist added.

Prof. DeLong's treatment consists of applying a few drops of a chemical known as "Dimethyl Phthalate" to the skin. The substance, he said, should be spread to make a thin film over the ankles, legs, around the waist, under the belt, or where there are openings in the clothing.

Earlier this month Dr. DeLong reported that control of chiggers in lawns could be accomplished by proper spraying with any one of three chemicals—chlorthane, lindane, or dimito.

## Raining \$10 And \$20 Bills

SYRACUSE, N. Y., July 28 (UP)—Police searched today for the owner of \$530 worth of showered down a street corner yesterday.

The fistful of \$10 and \$20 bills was turned in by Margaret Williams, who said she gathered it up on the corner of East Fayette and South Warren streets.

Others also reaped the currency harvest. Miss Williams said. But she was only one to bring her find to police.

No one in the neighborhood reported any money missing, police said. A nearby bank coldly turned down a suggestion it might have come from the bank building.

"We are not in the habit of throwing money out of the window," a bank official said.

## Bookie Service Right At Home

LEXINGTON, KY., July 28 (UP)—A woman subscriber complained to the telephone company today that every time she answers the phone she got "odds, scratches and results of races at tracks all over the county."

The housewife, whose name was not revealed, said she once put down the receiver to answer the door and the phone barked out loud enough for her caller to hear—"They're off at Narragansett."

All my friends think I'm a bookie," she said.

## Negro Confesses To Rape-Murder

TULSA, OKLA., July 28 (UP)—A 20-year-old Negro recently acquitted of a strangulation murder in Jackson, Calif., today confessed to the rape-slaying of a Tulsa housewife whose body was found on a hillside near her home a month ago.

Police Chief Fred Graves identified the Negro as Eugene Monroe, 20, who had been jailed on a charge of indecent exposure and was found to be on parole from San Francisco court to a relative here.

Mrs. Waltrip, wife of a taxi driver, was found raped and strangled in a neighborhood where other Tulsa sex crimes had occurred.

Monroe was arrested two weeks ago and became the subject of intense investigation after officers intercepted a note he sent to another prisoner describing himself as "the hottest thing in Tulsa."

Graves said the Federal Bureau of Investigation informed him that Monroe's fingerprints match those found on a venetian blind at Mrs. Waltrip's home.

Police Commissioner J. H. Fowler said Monroe will be charged with first or second degree murder today.

Graves said Monroe has a police record of sex crimes in Tulsa and "I'm told he beat a murder rap at Jackson, California. The West Coast case was a strangulation killing, too."

## Dr. Enters Army As Buck Private

FORT SHERIDAN, ILL., July 28 (UP)—A Hammond, Ind., physician chose to enter the Army as a private instead of accepting a commission because he thought it "would shorten my stay in the Army."

Pvt. Robert Beconovich, who was drafted with ten other Indiana doctors, said he would apply for an officer's commission as soon as he ends basic training.

Beconovich, a 27-year-old father of two children reported at Fort Sheridan yesterday and began earning his \$75 monthly private's pay. As an officer he would have been entitled to about \$400 a month plus a \$100 bonus for signing up.

## Girl Bites Dog

CHICAGO, July 28 (UP)—Virginia Brouseau, nine months old, made the news today. She bit her dog.

The dog, Angel, is a boxer about six months old. Occasionally Angel has applied pressure playfully with her mouth to Virginia's chubby wrist.

Virginia objected last night. She leaned over Angel's paw and applied her six sharp new teeth. Angel yelped. Bandaged, Angel has declared a truce.

# Hopes Dimmed For Quick Armistice

## PEACE TEAMS DEADLOCKED ON POSITION OF "BUFFER ZONE"

By Earnest Hoberecht  
United Press Staff Correspondent

UN ADVANCE BASE BELOW KAESONG, Korea, Sunday, July 29 (UP)—The United Nations rejected Communist demands for a truce line along the 38th Parallel yesterday and hope dimmed today for an early cease-fire order.

"There was no indication of the development of an area of agreement," an official spokesman said of the 12th cease-fire meeting held in Kaesong yesterday.

The 13th meeting starts at 11 a. m. today (9 p. m. Saturday, EDT).

It was indicated that a new, if only temporary deadlock had developed over the question whether the demarcation line between the UN and Communist Armies under a cease-fire should be fixed on the present battle front or on the 38th Parallel.

## Dr. Marco Speaks Saturday Night On Palestine

Dr. Harry Marko, Jewish Missionary from Austin, Texas will speak Saturday night at the Second Baptist Church on the recent developments in Palestine and discuss the meaning of these developments in the light of Bible prophecy. In connection with his sermon, the second motion film: "What Next in Palestine," will be shown. The film reviews developments in Palestine leading to the rebirth of the new Israel Nation in Palestine.

Dr. Marko spoke last night on "The Signs of the Times" to a near-filled house. The message was presented in a forceful manner and was truly a Bible-centered message, according to Rev. Jasper C. Massee, pastor. People are requested to bring their Bibles and follow Dr. Marko's message. He will speak at both morning and evening services Sunday.

Dr. Marko will speak at 11:00 a. m. on "The Paschal Lamb" and at 8:00 p. m. Sunday he will speak on "The Passover." This message will be illustrated with the setting up of the passover table showing the manner of its observance among the Jewish people.

## Truman's Buddy Investigated

WASHINGTON, July 28 (UP)—Senate zealots are investigating charges that democratic national committee chairman William M. Boyle, Jr., and E. Merl Young, influential man-about-Washington, helped a St. Louis firm get a \$565,000 RFC loan, it was learned today.

Chairman Clyde R. Hoey of the Senate's Permanent Investigating Committee told the United Press that he has ordered his staff to begin a preliminary investigation of the case.

The North Carolina Democrat emphasized, however, that the committee would not start a full-scale inquiry until a St. Louis grand jury has completed its investigation of the charges.

Hoey's announcement came on the heels of the disclosure by the Reconstruction Finance Corp. and Sen. John J. Williams, R., Del., that Young had intervened with the agency's St. Louis office to get a loan to the American Litho-fo Corp.

The RFC and Williams disclosed almost simultaneously yesterday that Young held Charles G. Alexander, St. Louis RFC manager, that he was acting on behalf of the Democratic National Committee.

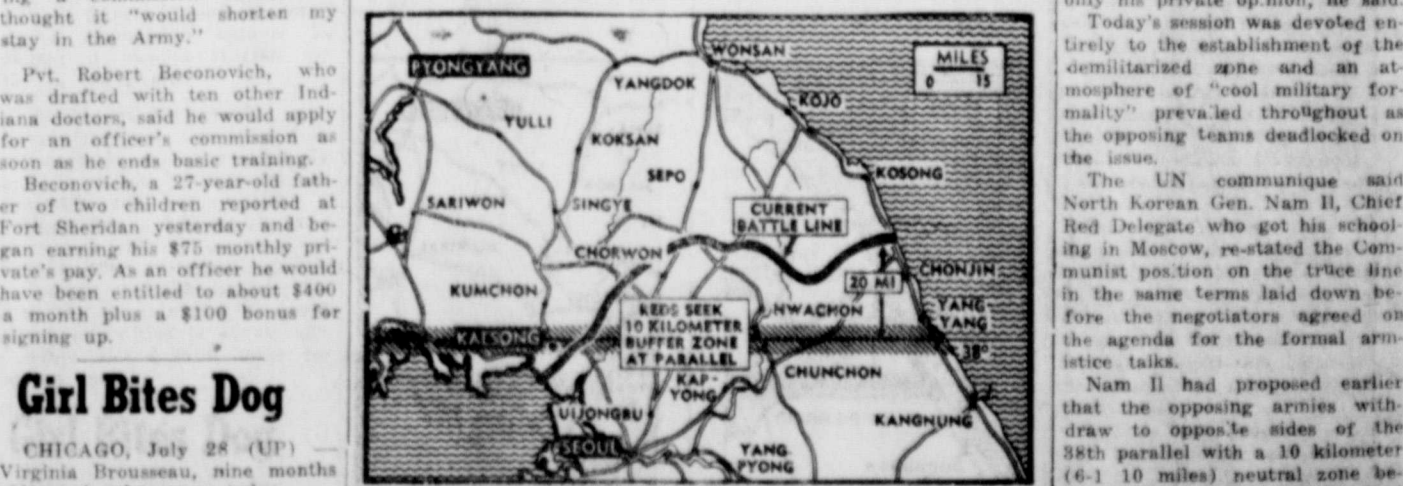

The RFC had rejected three times the company's bid for a government loan, but the firm received a first installment of \$80,000 shortly after hiring Boyle as its Washington agent.

Pfc. Beck is a former graduate of Ranger High School. Prior to entering the Air Force he was with Pipkin Piggly Wiggly Grocery Store. Beck has been in the service since November, 1950.

COMMUNISTS WANT "BUFFER ZONE"—Map shows problem under discussion at Kaesong peace conference. The Communists are known to want a 10 kilometer (6 1/2 miles) "buffer zone" somewhere along the 38th parallel, which would force a UN withdrawal of up to 20 miles. The UN is expected to seek a cease-fire line more related to the current battleline. The present front, anchored along a chain of mountains and the shortest distance across the peninsula, offers UN forces a line easier to defend than the 38th parallel. (NEA Telephoto).

"ROCKET AHEAD" With Oldsmobile Osborne Motor Company, Eastland

Cherry Tea Squares

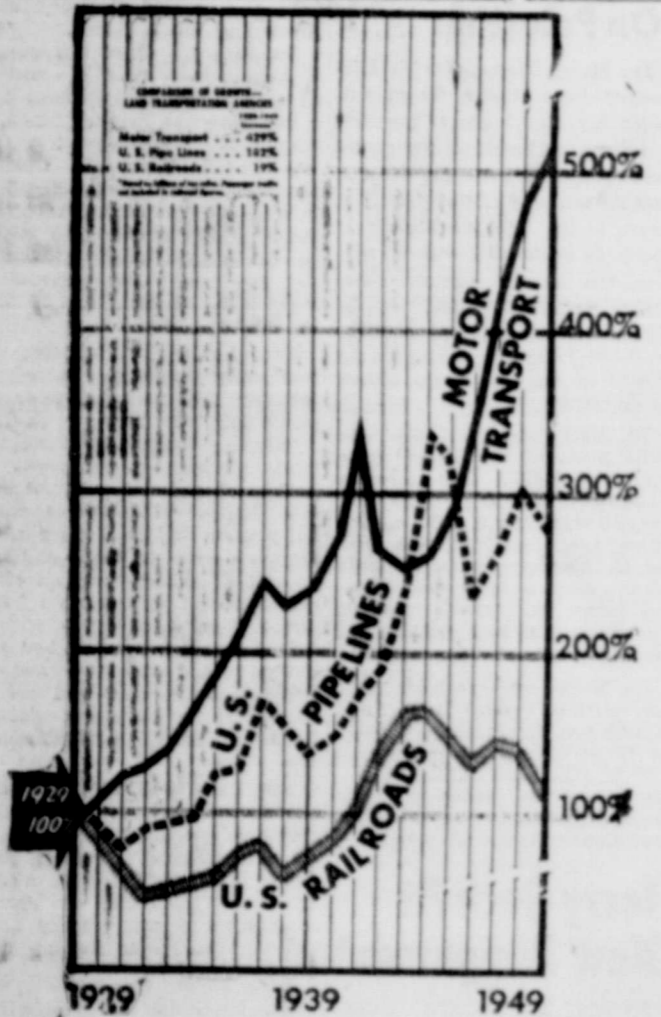

Ruby red cherries are happily employed as the colorful accent to luscious quick coffee cake squares. They're served at breakfast with bacon and eggs.

Those who take time for a good breakfast often say that they enjoy it more than any meal of the day. It's sound planning from a nutritional point of view, too. Like any engine the body needs refueling before work is demanded of it. Food experts say breakfast should supply from a fourth to a third of daily food needs. Enriched breads are always included as a "starter" for the day because they provide food energy, protein for body-building, food iron and essential B-vitamins. With the great variety of plain breads, rolls and coffee cakes offered at bakeries today, breakfast can be interesting, colorful and well-balanced the year around. For example, quick coffee cakes can be changed to suit the season. Fluffy coffee cake squares are delicious flavored with fresh peach slices or raspberries for summer glamor. Often, you'll use spoonfuls of your favorite jam for an easy, colorful topping. In the fall you'll like to use drained canned cherries or pineapple chunks. The result in any case is a breakfast treat, and a happy "prescription" for vitamins and minerals. Complete the breakfast menu with glasses of chilled fruit juice and the sunny-side eggs your man likes, and he'll give you a reputation as a wonderful cook.

CHERRY OR RASPBERRY TEA SQUARES

- 2 cups sifted enriched flour
4 teaspoons baking powder
1 teaspoon salt
1/2 cup sugar
1 egg, beaten
1/2 cup milk
2 tablespoons melted shortening
1 cup drained cherries or raspberries
or 1/2 cup fruit jam
Confectioners' Sugar icing

Sift together flour, baking powder, salt and sugar. To beaten egg add milk and melted shortening. Mix well. Add egg mixture to flour mixture, mixing only enough to moisten flour. Spread in greased 7 x 11 inch pan. With knife handle or teaspoon make hollows in dough 1 1/4 inches apart. Fill hollows with cherries, raspberries, or fruit jam. Bake in moderate oven (375°F) 25 minutes. When cool, drizzle with Confectioners' Sugar Icing. Makes 1 tea cake, 7 x 11 inches.

TRUCKING IS NATION'S NO. 1 CARRIER: This graph illustrates the tremendous growth of motor transport in a 20-year period as compared with other forms of land transportation. The Labor-Management Trucking Industry National Defense Committee, representing all segments of the industry, points out that truck and trailers move 86% of all freight tonnage and provide jobs for more people than all other forms of transportation combined. Over 25,000 communities, says Dave Beck, president of the International Brotherhood of Teamsters (A. F. of L.), and chairman of the Trucking Committee, depend on trucking for their entire commerce.

NEW "LEG"—Taskiki Takness of Tobaru, Okinawa, who lost her leg and her mother during a World War II bombing raid, gratefully accepts a new crutch from M. Sgt. Samuel McLaren of Tampa, Fla., to replace the uncomfortable home-made one she had been using. The sergeant, a member of the 307th Bomb Wing of the 20th Air Force stationed on the island, discovered the girl's plight while touring the village. He and other airmen made the steel crutch at their outfit's sheet metal shop during their spare time.

KILLER'S PACE

BY JULIUS LONG

COPYRIGHT 1951 BY NEA SERVICE, INC.

THE STORY: In order to save Rose Ridgill from the electric chair, Star Williams, her lawyer and my (Jim Marshall's) boss, did some sleight of hand. Now he must avert Rose's innocence or he is disgraced. Can't camera shots taken by a reporter, Nick Ricardo, exposed Star and Jim trying to find out from Nick who tipped him off when Star almost choked a gun so that it would go off accidentally in court.

NICK RICARDO coughed and then said: "You must have figured the Saretta dame was the only place the tip could come from. She phoned me right after Star left her. I thought she was kidding, but she told how she'd taught the trick to Star. She even told me when he was going to plant the blank and the gimmick." "Did she say why she was tipping you off?" "I could add that up. After the story broke she'd get publicity as the gal who taught Star Williams his greatest courtroom trick." "Still she told you to keep her name out!" "Sure. Only she didn't mention how long I was to keep mum. I suppose she'd come out in the open when the time was right." I had Ricardo call Star and tell him what he told me. Nick didn't like the idea, but he didn't use the look in my eyes either. When he had finished I took over: "Well, Star, are you still banking on Madam Saretta?" "I certainly am!" Star answered coldly. "I had a call from her. She's got a date with Larry Stone for dinner and after that he's taking her to La Jolla Club for her first show. How about spending some of your time working for me instead of on me?" So I went to work.

I had driven just three blocks from Fountain Square on Fountain Parkway, the main artery across town, when a tractor-trailer combination made a turn in front of me and stopped dead. I jammed on the brakes, missing the job by less than six feet. I yelled at the driver, telling him what I thought of his ancestry. He ignored me and made no attempt to move the outfit. That warned me. I dropped low just as another car pulled up on my left. The first gun blast came just as the brakes of the other car screamed and brought it to a violent halt. I reached up and opened my right-hand door and pitched out onto the pavement, hoping no other car would fill the space between my own and the cars at the curb. But one did. I just had time to roll under the edge of my machine as the marmot front tires of a semi-trailer rig whizzed by. I rolled out again after the rear wheels cleared the space and I had the 28 out and ready. It was a good thing. The gunman from the other car had come around in front of mine. Surprise and disappointment manifested themselves on his face as he saw I hadn't been ground into the asphalt. This probably accounted for the fact that I shot him twice before he got off a shot of his own, and that was so wild it shattered the glass of a parked car. After that he did no more shooting. I turned, fearing attack from the rear, but the roar of the other car's motor told me that the driver was having none. I crossed to where the fallen gunman lay and a voice said: "Drop your gun and stick 'em up!"

I DID both and turned. The beat cop had me covered with his revolver and he looked so excited I was afraid he meant to use it. "Take it easy, Mac! I've got a permit to carry that gun." I was stretching the truth. My permit called for an automatic, not

a Super .38, but I figured this would cause me only small trouble. The circumstances showed I'd been justified in carrying a gun, and that's a defense in my state for carrying a gun, even without a permit. I made a mental note that cop's shield was No. 6783. The radio crew was there in three minutes, and fortunately I knew one of the Joes by sight. He slowed down gun-happy No. 6783. Traffic was re-routed around the block till homicide could get there and take over. I asked the cop I knew to get Merica, and he did. Merica turned up with his second-in-command, Sergeant Cost. "So you fogged another guy?" said Cost. "This time you going to pull the self-defense gag, too?" "Sure. This time I've got about 50 witnesses."

I DIDN'T have nearly that many. Of course 50 people had seen what had happened, but 48 of them weren't getting themselves mixed up in what they considered a gang war. Believe it or not, only two people were willing to testify that they saw the whole deal. But they were people whom even Cost could not disbelieve, a druggist and an insurance executive, both so respectable they were stuffy.

"You're very lucky," said Merica, eyeing me with mingled envy and suspicion. "Twice today you've come out on top in a gun fight. When you cooled Rod La Grange you were dumb lucky, for Rod was surprised, not really trying to shoot you until he had to. But these boys meant business. This time you were crazy lucky." I nodded. "The timing was off about half a second. If the gunman's car had rolled up ahead of me as the truck blocked me off, I'd have never made it. But there was just enough delay to tip me off. Know the guy I shot?" "Yes. His real name was Theodore Delaney, and I wouldn't be able to tag him if I hadn't ran across his mug when I was looking over the mob that knocked off the Fifth Street National. The caper LaGrange captained. Delaney was one of his boys."

BATHTUB INTO KITCHEN—That modern-looking, tiled kitchen UN cooks in Kaesong are working in isn't a kitchen at all. It's a bathtub—Korean style. When UN cease-fire negotiating party took over the building, Army cooks transformed the one-time tub into a cozy kitchenette. In background, newsmen covering the truce talks are lined up for chow.

ON THE SANDS OF TIME—Recently discovered in the rocky hill country along the Guadalupe River near Kerrville, Tex., were huge dinosaur tracks like that pictured above, dwarfing a man's hand. It was made, some millions of years ago, by a monster called Tyrannosaurus Rex, fiercest and most terrible of the prehistoric animals. From 40 to 50 feet long and 18 feet high, it was a carnivorous killer with a melon-shaped head that was mostly mouth and sharp teeth. As seen in sketch, below, it walked erect, supported by its huge alligator-like tail and used its comparatively small but weak forelegs for grasping its prey.

Tree Grows Out of Clinic

THE TREE THAT GREW IN SHREVEPORT is one up on the tree that grew in Brooklyn. There, rather than destroy a stately oak that stood on the site, the Sanders Clinic was built around it, and the captivating picture was framed for public view through a huge street-side window of insulating Thermopane. The tree seemingly grew right out of the clinic floor and on up through the roof.

The Training Union Department of the First Baptist Church will have their regular monthly planning meeting Monday evening at 7:30. There will be a general assembly of all workers, leaders, sponsors, counsellors, and officers in the main auditorium of the church.

Mr. Arterburn, General Director, and the pastor have challenged the church to reach and maintain an average of 200 per Sunday evening. The monthly planning meetings require the attendance of all officers in order that a complete program may be planned for the month of August.

The theme for August programs: "Uprightness or Wickedness." The writer of proverbs has this to say, "Who leave the paths of uprightness, to walk in the ways of darkness. I have taught thee in the way of wisdom; I have led thee in right paths." Proverbs 2:13, 4:11. The aim is "To help us to live uprightly."

All members of the Training Union are urged to attend this meeting Monday night. Plans will be presented to the Training Union Department for the Church wide Revival that will begin September 2 through the 9. Child Study Association To Host Picnic Friday Members of the Child's Study Association will entertain their families with a picnic on Friday, August 3, at 6:45 p.m. at the Eastland Park. Each member is asked to bring a lunch for her family and cold drinks will be furnished.

## Francis Ruth Hagaman Writes Of Her Work In Bermuda

Francis Ruth Hagaman, daughter of Mr. and Mrs. Leslie H. Hagaman, is a general reporter on the Mid-Ocean News and Colonial Government Gazette in Hamilton, Bermuda. This is the only daily paper on the island and it has a large circulation. Miss Hagaman has been serving on the staff of this paper since February 16. She covers the Supreme Court and the House of Assembly. When the American Consul died recently, she covered the funeral services.

There are several hundred islands in this group but only twenty-four are inhabited. The Bermudas are under the British rule and Miss Hagaman stated that there are no income taxes there. The climate is ideal at all times. Swimming is possible the year round and many tourists from all over the world visit these islands. The population is composed of all races of people. At no point on the island are you ever more than two miles from the sea. Cars are very scarce there, most people own motor bikes. Miss Hagaman has made several excursion trips to the uninhabited islands. She reports that she likes the people and the place very much and is enjoying her work immensely.

## Special Recognition Service For Youth

Some of the young people who attended the Senior Camp at Glen Lake the past week will share their experiences at the evening hour. Other young people will read the scripture, take the offering, serve as ushers, etc. The choir will be made up all together of young people. They will bring the special music on this occasion.

Church School will meet as usual at 9:45, with W. J. Van Hiber in charge of the Adult assembly. After the morning devotion, the classes will assemble in their respective places for the lessons brought by capable teachers. There is a class in our Church School for each member of your family. If you are a new resident of Ranger or do not attend Church and Sunday School somewhere else, then we cordially invite you to visit the First Methodist.

Morning Worship will begin promptly at 10:50 with Miss Betty Rower at the organ. She will use for her prelude, "Prelude Religioso" by Beethoven. The male quartet, composed of Arthur Deffebach, Gaston Dixon, Fred Bonner, and Robert Balch, will furnish the special music for the service of worship.

The pastor will speak on the subject, "The man who knew what he wanted", based on St. Mark 10:46-52. A cordial welcome awaits you at all services at the First Methodist Church. You will meet many of your friends here.

## Tatum Retains Batting Lead

Durable Tommy Tatum of Oklahoma City fanned his average two points, to .322, and held on to the Texas League batting lead in official averages released Saturday night.

He was six points up on Bob Neman, also of the Indians, who climbed four points to .316 from averages of a week ago. But the big gainer for the week was Mickey Livingston, Fort Worth's catcher, who got nine hits in 20 times at bat and jumped into third place, with a .311 average, up 24 points for the week.

This report includes games through Wednesday, July 25. Ford Garrison of Beaumont, Roy Sievers of San Antonio and Bob Cullins of Dallas round out the leading hitters, with identical averages of .308.

John Creel of Oklahoma City led the league in two divisions—runs scored (65) and most hits (129). His average was .304. Ben Taylor, since gone from Ft. Worth to the St. Louis Browns, led in doubles (27), close followed by Jim Frazier of Dallas (.26). Omer Tulson of San Antonio belted the most triples (9), and the Houston Buff's homerun twins, Jerry Witte and Larry Miggins, continued their romp, with 30 and 21, respectively, far ahead of the nearest competitor, Jim Dyck of San Antonio. Dyck had 19 homers, and led the league in runs batted in (88).

John Temple of Tulsa and Bill Sharman of Fort Worth, with 16 and 15, respectively, had the most stolen bases. Dick Bokelman of Houston led the pitchers with a 9-1 record after appearing in 26 games, mostly in relief roles. Bob Turley, San Antonio's brilliant youngster was the practical leader in this department with 17-3. Three other pitchers have won 15 games—Harry Schaeffer, Beaumont, 15-6; Bill McCahan, Fort Worth 15-4; and Al Pappal, Houston, 15-8.

Oklahoma City's Duke Markell worked the most innings (199) and had the most strikeouts (165). Oklahoma City, with .261, boasted the best club batting average. Beaumont, .259, and Tulsa and San Antonio, .255 each rounded out the top four. Paradoxically, Houston, leader in the standings, was at the bottom of the club batting list, with a puny .239.

## Maxwell Going Strong At GG

FORT WORTH, July 28 (UP)—Defending champion Billy Maxwell of Odessa held the favorite's spot today as quarterfinal rounds opened in the Glen Garden Country Club Invitational Tournament here.

## Heaven Helps Yanks Beat Sox

By Norman Miller  
NEW YORK, July 28 (UP)—As one disgruntled White Sox rooster put it upon leaving Yankee Stadium, "how ya gonna beat the Yankees when even heaven's on their side?"

The White Sox had rallied for three runs in the top half of the ninth inning to grab a 4-3 lead last night in the opener of their vital four-game series. But at this point the elements came to the aid of the Yankees, who have been accused of every form of "luck" down through the years.

A torrential downpour, which had suspended play for an hour and 10 minutes, forced the umpires to call the game. The score, naturally reverted back to the end of eight full innings, and what seemed like a sorely-needed White Sox victory turned out instead to be a 3-1 Yankee triumph. The win put New York a full game ahead in the hotly-contested American League pennant race.

Irate Paul Richards, manager of the Sox, said he would protest the game because, "the Yankees failed to put tarpaulins over the infield quickly enough." But his

## CHRISTIAN SCIENCE SERVICE

The understanding of Truth, God, establishes man's dwelling place, heaven, harmony, here and now according to the Lesson-Sermon titled "Truth" to be read in all Christian Science churches on Sunday, July 29. The Golden Text, taken from Isaiah, describes this dwelling place. "We have a strong city; salvation will God appoint for walls and bulwarks. Open ye the gates, that the righteous nation which keepeth the truth may enter in."

This citation to be read from Psalms carries on the theme: "Beautiful for situation, the joy of the whole earth, is mount Zion, on the sides of the north, the city of the great King" (Psalms 48:2). And from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy, will be read this statement: "Mighty potentates and dynasties will lay down their honors within the heavenly city. Its gates open towards light and glory both within and without for all is good, and nothing can enter that city, which 'defleth, — or maketh a lie.'"

The Cleveland Indians remained a game behind the Yankees by beating the Red Sox, 3-2, with the help of Ray Boone's two home runs; Washington blanked the St. Louis Browns, 7-0, and the Philadelphia Athletics beat the Detroit Tigers, 10-6, in other American League games.

In the National League, Roy Campanella's three-run homer in the ninth inning gave the Brooklyn Dodgers a 12-9 victory over the St. Louis Cardinals; the New York Giants beat the Cincinnati Reds, 5-3; the Pittsburgh Pirates trimmed the Boston Braves, 8-4, and the Philadelphia Phillies topped the Chicago Cubs, 2-0, on Bubba Church's five-hitter in the only game of the day.

"This is my Property— . . . and I can prove it" was an announcement displayed on a signboard placed in front of a farm home which all motorists could see as they passed that way. As we read the words we wondered why it was necessary to have such a notice anyway. If this man really owned the place and could prove it, he had a good title, probably a title policy, both based on an abstract. No other proof or notice would be necessary.

A PICTURE strange to modern American eyes! But what a wonderful story it tells of the loveliness and the independence of spirit that marked our women of an earlier day! They were efficient and they were happy as they toiled for those they loved. Young women rejoiced then as now to plan for babies and mothers and husbands and brothers. Toil in behalf of those we love loses its drudgery and takes on a glory that ennobles all who labor with hope and goodwill. Can we look today on the necessary task that falls to our hands with the same high spirit of service?

THE spinning wheel is a treasured symbol of woman's contribution to the good homes out of which we came. Can it recall us all to an appreciation of woman at work in the home? Why should we give greater honor to those who toil in factories or in offices or in schools? There is no higher career for any woman than that of the home. Some states have passed laws which compel the husband to recognize the right of the housekeeper to half of the pay envelope. Everywhere we men should share the money of the family with her as her right. She does a service unequalled anywhere else. Let us, with her, attend church regularly. Let us be spinners of character and morality.
