NARCOTICS RING BROKEN—Waxy Gordon, left, last of the bootleg barons and former public enemy No. 1, was jailed in \$250,000 bail as a big time peddler in a coast to coast "Black Hand" illicit narcotics ring. Gordon and three other men were arrested on a dimly lighted street corner in New York carrying two packages of heroin which would retail at more than \$150,000. Leaving Narcotics Bureau after being questioned are Gordon, Arthur Repola, Sammy Kass, and Ben Kass. (NEA Telephoto).

Suicide Blamed To \$487.50

ANN ARBOR, MICH., Aug. 4 (UP)—A world famed tropical disease expert killed himself by injecting a rare snake venom into his veins because of shame at being fired from the University of Michigan faculty for "mis-handling" \$487.50 in funds, police said.

Dr. Malcolm H. Soule, 54, was found dying last night in the basement of their home here by his wife, Alma.

"It won't do you any good to call for help because there's no antidote for this formula," he told her.

Soule, a faculty member at Michigan since 1919 and head of the bacteriology department since 1935, wrote a suicide note and placed it beside him—along with a copy of the terse University announcement of his dismissal which said he had "submitted his resignation July 13, 1951, and made restitution of \$487.50." That was believed to be the full amount of money missing.

Hoosiers Send For Support

INDIANAPOLIS, Aug. 4 (UP)—Hoosier Yankees on duty with the 45th Division in Japan will soon have something to rally around.

Oklahomans in the infantry outfit heeded eight Indiana soldiers so much that they wrote Secretary of State Leland L. Smith and asked for an Indiana state flag. It's on its way now and the soldiers plan to hoist it in their mess hall because of a "friendly rivalry between the rebels and us hoosiers."

UT Will Start Geology Study

AUSTIN, Aug. 4 (UP)—The University of Texas' off-campus research center will begin a new research project in basic geology for the U. S. Geological survey. The project will involve mapping and study of the oil-bearing Woodhina Sand of Northeast Texas.

ADMINISTRATION RUNS INTO OPPOSITION ON FOREIGN AID

WASHINGTON, Aug. 4 (UP)—A Senate storm built up today over administration plans to send farm machinery and similar equipment to underdeveloped areas throughout the world.

Chairman Tom Connally, D., Tex., of the Senate Foreign Relations committee complained that the administration was embarking on a "broader concept" in its point four program for backward regions than the state department originally had planned.

Sen. Guy M. Gillette, D., Ia., said that the administration's \$8,500,000,000 military-economic foreign aid bill was "very faultily drawn" and would permit President Truman to spend hundreds of millions of dollars at his discretion.

Another democratic senator, who denied use of his name, said the

Ridgway Predicts Sino-Soviet Split

TOKYO, Aug. 4 (UP)—Communist China and Russia may split up because of the "hideous pounding" suffered by Chinese troops in the Kremlin-ordered Korean War, Gen. Matthew B. Ridgway's headquarters said today.

The prediction was contained in a "guidance" statement to Japanese newspaper editors from Ridgway's civil information and education office.

"Letting China take a hideous pounding from the United Nations does Sino-Soviet relations no good at all," the statement said. "It may mean that China eventually goes the way of Yugoslavia's Communist Marshal Tito, if her regime holds up, which is doubtful."

Tito broke with Russia and the cominform in May, 1948, rather than submerge Yugoslavia's national interests to Soviet "internationalism." The statement said Russia's failure in Korea has forced the Kremlin to "make a drastic change in future operations." It noted Russia has already started various moves to ease world tension.

"The people of the democracies will be watched and armed—praying for peace, but they won't count on it because when a Communist changes his mind, it only means that he may change it back again," the statement said.

Ridgway Calls Secret Meeting

TOKYO, Sunday, Aug. 5 (UP)—Gen. Matthew B. Ridgway called a highly secret meeting of his top advisers late last night at his supreme allied headquarters in the Dai Ichi building and it was believed the 10-day deadlock in Korean cease-fire negotiations might be under discussion. The meeting still was in progress early today.

There have been hints for days that a break might be imminent in the deadlock over the fixing of a truce line.

Among those Ridgway called in, apparently suddenly, were Lt. Gen. Doyle Hickey, his chief of staff, and at least two other generals.

The big bill ran into new trouble yesterday when George C. McGhee, assistant secretary of state for near east and African affairs detailed plans to spend \$415,000,000 in arms aid and \$125,000,000,000 for economic assistance in those areas.

Connally reported that the department "now proposes" to send hard goods such as farm machinery to underdeveloped areas, in addition to the expert advice and other technical assistance first envisaged in Mr. Truman's "bold new program."

McGhee also gave the senators a secret briefing on the Iranian-British dispute over Iran's nationalization of oil. There were strong senatorial objections to giving Iran financial assistance which some senators said appeared necessary because of the nationalization program.

Flooded Areas Get Housing

WASHINGTON, Aug. 4 (UP)—President Truman has signed legislation providing emergency housing aid for flood victims in Kansas, Missouri and Oklahoma.

Mr. Truman also associated an extra \$2,000,000 for the housing and home finance agency for relief in Kansas, bringing the \$3,275,000 federal funds earmarked to help Kansas in the current emergency.

The new law authorizes the government to insure mortgages at 100 percent instead of 95 percent and to provide emergency housing facilities.

Junior Rodeo At Post, Aug. 14-18

POST (Special)—The Post Junior Rodeo, Inc., will open the gates on the fourth annual Southwestern Championship Junior Rodeo on August 14th for a five night run through the 18th. The rodeo is the "World's Original All-Junior Rodeo" and is produced by juniors, for juniors. Boys and girls nineteen and under may enter the rodeo which has bull riding, calf roping, flag race, bareback bronc riding, barrel race, calf heeling, and cutting horse contest.

More than three hundred junior cowboys and cowgirls are expected for the show. Goat Mayo of Petrolia, Texas is furnishing the stock for the show. Charlie Schultz of Ponca City, Oklahoma is to clown and present specialty acts, and Alvin G. Davis of Lubbock, will announce. Entries for the rodeo close at 12 o'clock noon on Aug. 13th. A big opening parade will start on the first day at 6 p.m. Another one will be held on the fourth day of the show at the same time.

The third annual Post Quarter Horse Show is to be held in conjunction with the rodeo on August 14th. Entries will close at 8 a.m. on the day of the show and judging will start at 9 a.m. All of the usual halter classes will be held as well as a performance class.

Hunting Rustlers From The Air

ARNETT, OKLA., Aug. 4 (UP)—Sheriff's officers patrolled western Oklahoma and Texas in airplanes today to put down a wave of cattle rustling by thieves using fast trucks.

More than 600 cattle, valued at \$180,000, have been stolen in the area during the past three weeks, officials reported.

Ordinary methods failed to crack the case, so the officers took to the air.

Ellis County Sheriff Perry Town said the outbreak was "the worst in years."

Lou Richards To Be Buried

WAXAHACHIE, Aug. 4 (UP)—Body of Lou Redith Richards, five-year-old daughter of Chicago White Sox manager Paul Richards arrives here tomorrow for funeral services and burial.

The child died at a Chicago hospital yesterday from an undiagnosed ailment. She had been under treatment since midwinter.

Funeral arrangements were incomplete pending the arrival of Richards, his wife and one other daughter, Pauls, 12, at Waxahachie, the family home.

McCallum Resigns City Commission; Election Called

Editors Note: The following letter was submitted by N. M. McCallum to the mayor and commissioners of Ranger as a letter of resignation. After acceptance of the resignation of Commissioner McCallum a resolution was passed for a special election to fill the vacancy created. The election will be held Tuesday, September 4, 1951.

Hon. Price Crawley, Mayor, Fellow Commissioners, City of Ranger, Ranger, Texas:

Gentlemen: As you know in April of this year I asked the City Commission to grant me a leave of absence from my post as Street Commissioner of Ranger to enable me to determine whether I wished to make this move to this city a permanent one.

As it appears at this time I shall continue on here indefinitely and consequently it is with sincere regret that I find that I must ask that you accept my resignation from the City Commission.

Will you please express to the citizens of Ranger my grateful appreciation for their having elected me to a place on their city Commission. I have thoroughly enjoyed my work as a member of the Commission, as well as my association with the individual members of the Commission, and with the employees of the city.

As stated above I sincerely regret that circumstances have made this step necessary. I earnestly wish for you, the City of Ranger, and my successor in office, the very best of luck.

With my personal regards to each of you, I am,

Yours very truly,
N. M. McCallum

Managers appointed for the election to fill the vacancy created by the resignation of Commissioner McCallum are: F. E. Langston, presiding judge; L. L. Bruce, judge; Lee Dockery and W. W. Pachall were appointed as clerks.

Any one may vote that is a qualified voter under the Laws of the State of Texas and has been a resident of the City of Ranger the length of time required by law.

Red Head Still In Austin Jail

AUSTIN, Aug. 4 (UP)—Madeleine Frances Evans, shapely strawberry blonde charged with impersonating a WAF lieutenant, heeding her fourth day in jail today as she hopefully awaited freedom under \$1,000 bond.

The erst former showgirl and erstwhile non-scheduled airline stewardess fretted behind bars in the county jail yesterday as her telegraphed plea to an unidentified "friend" apparently went unanswered.

Her husband of 10-days, Sgt. Rufus Evans of Biggs Field, El Paso, was reported on official leave. However, his whereabouts were not known.

Madelo was asked if she had any message for her husband. "Tell him," she answered, "to get here—and get here fast."

The 26-year-old red head was taken into custody last week as she led away an evening in the officer's club at nearby Bergstrom Field. Earlier, she had thumbed a ride in an air force plane from Biggs Field to Austin.

Braniff Worker Gets 10c Raise

DALLAS, Aug. 4 (UP)—Ten-cent-an-hour pay increases for 650 Braniff Airways maintenance employees were authorized in a new contract signed yesterday by officials of the airline and the CIO.

Negotiations for the contract were concluded 30 days before termination of the current one-year agreement.

Labor Leaders Predict Lax Wage Controls

WASHINGTON, Aug. 4 (UP)—Labor leaders today predicted general relaxation of wage controls as a result of the wage stabilization board's move to the pay boosts of the cost of living.

The new wage formula, still subject to approval by economic stabilizer, Eric A. Johnson, would allow workers to match any rise in the cost of living with a flat wage hike or a boost through an escalator clause, even if the increase picked the 10 percent ceiling on wage boosts.

Labor circles, with evident satisfaction predicted that the fluctuating cost-of-living ceiling would open the door to wage boosts needed to offset the price increases they anticipated under the new controls law.

One labor spokesman said the new formula met labor's demand that "there must be a soft wage policy if we have a soft price policy," he added. However, labor was more concerned on how the wage board interprets the new formula in specific cases.

For this reason, labor leaders were particularly pleased with the first board decision in line with the new formula which granted northern cotton and rayon workers a 6 1/2 percent wage increase—all of it over the 10 percent ceiling. The boost was made to match cost-of-living increases granted other textile workers who have an escalator clause in their contract.

In announcing the new formula yesterday, board chairman George W. Taylor said its effect would be long-range rather than immediate. Wages would go up if prices continue to rise, he said, adding that the cost of living has jumped about 11 percent since January, 1950, the period on which the 10 percent wage ceiling is based.

In a telegram to Chairman Herbert R. O'Connell, D., Md., O'Dwyer charged that the committee participated in its "recent dispute" in its private affairs. He also criticized the committee for sending its chief counsel, Richard G. Mosser to Mexico City.

WTCC Lays Out New Program

MINERAL WELLS, Aug. 4 (UP)—The West Texas Chamber of Commerce has laid down a six point plan to stimulate the area's business.

The program was adopted yesterday to sell "West Texas to West Texas and the other 48 states."

Its principles are: To collect information to attract tourists and conventions; to establish a sub-committee on urgent to begin a wide-spread newspaper and radio campaign; to study the possibility of using billboards to attract people into the area; and to use its own publication, "West Texas Today," as a part of the media to be used in the program.

Some 4 chamber leaders from the 132-county area adopted the program at a meeting here.

Cadets Face Loss Of Football Team

WASHINGTON, Aug. 4 (UP)—Sen. J. William Fulbright, D., Ark., proposed today that the Army and Navy abolish intercollegiate football as a result of the scandal at West Point.

Fulbright, noting that many of the cadets involved in the scandal were football players suggested that commercialization of Army and Navy football teams may have been the cause.

"I think that perhaps is the proper thing for them to do," he said. "This would not do away with sports—they could still have their intramural games."

O'Dwyer Demands Expose On Charge

WASHINGTON, Aug. 4 (UP)—Senate crime investigators today studied Ambassador William O'Dwyer's demand for an "expose" of how he was implicated in a \$1,000,000 bank draft from the Mexican government, but seemed likely to stand on the State Department's explanation.

The former New York mayor, in a telegram from Mexico City, reopened his bitter feud with the crime committee last night by demanding that it uncover the sources which had first "interested" it in the report that the bank draft had been made out to his name in a New York bank.

The crime committee however, appeared ready to close its books on the case and reveal its investigation after the state department said that O'Dwyer's name appeared on the bank draft "in his official capacity."

The committee said that the department appeared to have explained the matter "satisfactorily" when it said that Mexico had made out the bank draft in O'Dwyer's name in payment for lend-lease goods. Later, the department said, the bank draft was cancelled at its request and made out to the U.S. Government in Mexican pesos.

There was nothing "extraordinary or irregular" about the affair, the department said, and "in no way did it deviate from accepted practices in such cases."

Immediately after the State Department explanation, O'Dwyer called upon the committee to reveal "the forces that started this story and interested you in it and procured circulation."

In a telegram to Chairman Herbert R. O'Connell, D., Md., O'Dwyer charged that the committee participated in its "recent dispute" in its private affairs. He also criticized the committee for sending its chief counsel, Richard G. Mosser to Mexico City.

Snake Bites Man; Dies From Poison

SAN ANTONIO, Aug. 4 (UP)—A rattlesnake died after it bit Demetrio Gomez.

Gomez a civilian employee at Kelly Air Force Base, said the rattler struck him on the leg, had convulsions and then crawled 15 feet and died.

Gomez suffered no ill effects. He explained it this way: "I'm head of the plating unit at Kelly and handle a great deal of sodium cyanide, a deadly poison."

"My body is so full of this poison that it has gradually built up a resistance to it, but I guess the snake had not."

REDS HEAVY ARTILLERY FIRE SINCE SPRING, GAINS DEFEAT

8th ARMY HEADQUARTERS, KOREA, Aug. 4 (UP)—The Communists threw the largest artillery barrage since their spring offensive, behind two night attacks on the central front today, only to meet defeat.

Southeast of the anchor town of Kumsong, where UN infantrymen had captured important hill territory, the Reds charged Allied positions Friday night. For more than five hours, UN 430 a.m. Saturday, the Reds pumped artillery shells into the UN lines at the rate of nearly two a minute. Two full enemy companies made the attack.

A smaller force attacked at 3:30 a.m. Saturday in a fight which lasted one hour.

Both Red assault forces were thrown back, advised to headquarters said UN B-29 Superfortresses attacked Communist freight assembly yards and a supply center in North Korea, and 28 Thunderjet fighters divebombed Red troop quarters and warehouses southwest of P'yongyang the Red capital.

An 8th Army communique noted intensified enemy resistance to Allied probing units on the western front, and here again the enemy used artillery as well as mortar fire.

Despite the enemy attacks, UN patrols continued to exploit their newly-won hill positions on the central front.

Sharp patrol clashes were reported along a line running east-west through the old enemy "iron triangle" below P'yongyang to a point below Kumsong, 37 miles to the east.

UN troops knocked the Reds from at least three strategic hills below Kumsong Friday and pushed the Allied line 1,500 north.

In one attack alone, the Allies killed, wounded or captured 156 Communist troops.

Among the hills taken was "million dollar" mountain—so-called because of the wealth of ammunition expended in neutralizing it. The hill lay southeast of Kumsong, the enemy's principal buildup base on the central front.

At least 160 Communist vehicles were destroyed or damaged by 8th Air Force fighters and bombers during the night. More than 800 were attacked.

COMMIES BREAK NEUTRALITY OF KAESONG CEASE-FIRE CAMP

UN ADVANCE BASE BELOW KAESONG, Korea, Aug. 4 (UP)—The Communists today blasted hopes for an early compromise in the deadlocked Korean truce talks by flatly refusing to back down on their demand for a buffer zone along the 38th Parallel.

North Korean Gen. Nam Il, Senior Communist delegate, told Allied negotiators that he "could not depart in any particular" from his demand that the Allies fall back south of the pre-war frontier between North and South Korea.

Nam Il refused even to "examine a map of the area in question," a United Nations communique said.

The meeting carried the deadlock on the second item on the armistice agenda into its ninth straight day, but the delegations agreed to meet for the 20th time in Kaesong at 11 a.m. tomorrow (9 p.m. today EDT).

A UN correspondent asked Nam Il after the meeting whether he thought a truce agreement could be reached.

"I cannot give you an answer now," he replied in a barely audible voice.

Brig. Gen. William Nuckols, Official UN spokesman, said the two delegations were no nearer an agreement now than they were when they first tackled the question of a cease-fire buffer zone on July 27.

He said the UN delegates again flatly stated that they could not accept the 38th Parallel for a buffer zone because it was militarily indefensible.

Nuckols refused to comment on reports that the UN delegation is seeking a cease-fire line north of the present battle line to run between P'yongyang, the Red capital, and the east coast port of Wonsan, 80 miles north of the Parallel.

He said only: "The UN suggestions are very modest ones."

Reliable sources believed the Allies were seeking a cease-fire line north of the battle line to compensate for UN Air and Naval supremacy over all North Korea.

Chief UN negotiator Vice Adm. C. Turner Joy closed Saturday's brief meeting—it lasted only an hour and 10 minutes—with a charge that the Communists had violated the neutral zone around the conference city of Kaesong.

Joy did not enter a formal protest, but noted it only for the record. The Communists promised to investigate.

During the two-hour luncheon recess, Joy said, a company of Communist troops armed with automatic weapons, mortars, grenades, rifles and pistols passed within a few hundred yards of the staff house being used by the UN delegation.

Three Year Old Molested In Oklahoma City

OKLAHOMA CITY, Aug. 4 (UP)—Officers pressed a search today for a khaki-clad man who last night took a three-year-old girl from her father's car, beat her molested her and left her screaming in a high-speed area.

Physicians do not believe that she was raped, but she may have been sexually molested by the man who kidnapped her briefly at the downtown airport here.

The father said he left her about thirty minutes in his car while visiting his brother at the airport. When he discovered her missing, employees at the airport searched 10 minutes and then heard the little girl's screams.

She was found naked in weeds on the north side of the airfield. "She was almost unconscious when I found her," said Mrs. Myrtle Jones, Oklahoma City. "She was bleeding all over."

Hit 'n miss

The high school building will have a new face when the kids make their "joyous" return about September 4. A lot of painting and repair has been going on while the pupils are on vacation. When school turns out the people employed by the school for maintenance really started to work. Lyn Gentry, mechanic and general handyman, takes after the transportation with a complete checkup and overhaul of the buses and other vehicles used by the school for transportation. The other people that are responsible for the repair and upkeep of the buildings and equipment begin their painting and repairing. The children at Hodges Oak Park will have a new auditorium for the band and a place to hold their programs. Part of the band hall at High School will be moved over there. The foundation for the hall is under construction now.

It has been announced by the Texas Game, Fish and Oyster Commission that the mourning dove season has been reduced from 45 to 40 days for most of the state. The opening in the north zone will be September 1, and will close October 10. The South Zone will open November 15. The season in that zone will close December 21, with the season three days shorter than the north zone because south zone hunters in twelve counties will have a special three-day whitewing dove season, September 14, 16, and 18. The daily limit for mourning doves is 10. The possession limit is also 10.

M-G-M's "SHOW BOAT" IS HERE WITH SPECTACLE AND SONG!

Here comes the Show Boat!—The colorful Cotton Blossom, as it appears on the Arcadia screen in M-G-M's lavish new Technicolor production, "Show Boat," based on the immortal musical play by Jerome Kern and Oscar Hammerstein, II. In insert are Kathryn Grayson, Howard Keel and Ava Gardner, who stars in the celebrated story of a Mississippi show boat troupe, with Joe E. Brown, Marge and Gower Champion, Robert Sterling and Agnes Moorehead in featured supporting roles. The new musical was directed by George Sidney and was produced by Arthur Freed, the team which gave you the successful "Annie Get Your Gun."

The only local softball team that Ranger has this year is slated to play King Motor of Eastland, there Monday night. The F&R has played a number of games this year and has suffered only two losses, both were to a team from Baird. In the last game here with King Motor the game was decidedly a pitchers duel with a total of five runs scored by both teams. Three for F&R and two for King Motor.

Today is the last day of the coaching clinic. The Ranger coaches should be returning to town with a head full of new ideas. They will have plenty of chances to use them when fall training opens August 27. That means in approximately a month the Saturday morning quarterbacks will have their favorite topic to hash over and replay.

Ranger was out of the running one year on a suspension. If fans do not release their pent-up energy by means other than trying to change the outcome of the games through violence, we will again be fielding a team that can do nothing but play. The fans do the damage and the boys that play, suffer.

BALANCE SHEET OF COLD AND HOT WARS FOR THE WEEK

Balance sheet for the week between good and bad news in the hot and cold wars:

GOOD NEWS
1. Britain and Iran agreed on a basis for a full-dress resumption of oil negotiations. Britain is sending a government mission headed by a cabinet minister, Lord Privy Seal and Works Minister Richard Stokes, to Tehran in what may be a final effort to reach an agreement that will keep Iran's oil—one-sixth of the world's production—flowing to the west.

2. The Russian people finally got a chance to read and hear an unvarnished version of what the western world thinks of their government and what life in a western country is really like. The official Soviet newspaper Pravda made good on its agreement to publish in full a statement addressed to the Russian people by British Foreign Secretary Herbert Morrison and ran its reply along side. Both statements have been picked up by other Soviet radio stations.

3. Unrest is growing in Russia's satellites. Reliable Yugoslav sources say the Communist regime in Bulgaria has arrested 200 high-ranking Reds in a desperate effort to retain control of the country. Twelve Polish seamen aboard a Polish Naval minesweeper mutinied and brought the vessel into a Swedish port to seek asylum. They said they were fed up with Communist government.

BAD NEWS
1. Cease-fire talks in Korea remained deadlocked. The Communists want us to give up the 2,125 square miles of territory we have captured north of the 38th parallel and withdraw south of that old frontier between North and South Korea before an armistice. We demand that the cease-fire line be along the present fighting front. At the end of today's session, no compromise was in sight.

2. France still is without a government, finance minister Maurice Petasche is the latest to try to form a middle-of-the-road cabinet and fail. Hope was fading that any of the center party leaders can muster enough strength in the French assembly to form a coalition government. The task ultimately may fall by default to Gen. Charles De Gaulle and his extreme rightist rally of the French people party.

3. Blockades are back in the news in Germany. Russian occupation authorities refuse to sign permits for west Berlin to export goods through the Soviet zone to the western zones of Germany. In retaliation, west Germany has

Young People To Have Outing

Members of the Youth Department of the First Methodist Church and their guests will have a spiritual retreat at the State Park on Possum Kingdom Lake Monday evening August 6.

The group with their sponsors, Mr. and Mrs. Roscoe Hopper, Rev. and Mrs. Garland Lavender and Mr. and Mrs. J. D. Johnson will leave the church at 4 p. m. with cot, bed clothing, and a lunch for the evening meal.

The bacon and eggs for the breakfast will be furnished by Mr. Hopper and Rev. Lavender.

A song and praise service will be the highlight of the evening, with Mrs. Hopper, teacher of the youth class, bringing the devotional.

After the early "morning watch" breakfast and a trip over the lake aboard the Seabee excursion boat, the group will return to Ranger.

All young people of the city are invited to go. If you plan to make the trip, please let some member of the Methodist Youth Fellowship know so that necessary arrangements can be made.

Change In Time For Services

The hour for morning services at the First Baptist church have been changed in order to enable the membership to be dismissed before the noon hour.

Rev. Ralph Perkins, announces that the Sunday school hour will remain the same, but the morning worship service will begin at 10:55 a. m.

The hour for Training Union and the evening service will remain the same.

Clothing Drive To End Tuesday

It was reported Saturday that the clothing drive that is being sponsored by the American Legion Auxiliary for the flood relief in Kansas is coming along nicely.

The Auxiliary would like to remind anyone who can contribute to this cause to contact Mrs. Con Hazard or bring the clothing to her home. The drive will close Tuesday.

Sermon Subjects At 1st Christian

Rev. A. Lynn Robbins, pastor of the local First Christian Church announces the following sermon subject for the Morning Worship and Communion Hour at the church: "Plated with Gold." This service will be held at its usual Sunday time of 11:00 a. m. Sunday School, with classes for all ages, will precede the Worship Service at 9:45 a. m. The morning sermon will deal with the building of the temple by Solomon and will be taken from the 13th and 14th chapters of II Chronicles.

At the Evening Fellowship Service, at 8:00 p. m., the pastor will speak on the theme: "If Christ Blessed Us." The text for this sermon will be taken from the New Testament in the gospel of Luke, chapter 24, verses 45-53.

The Christian Youth Fellowship will meet at the church immediately before this service at 7:00 p. m. You are extended a very heartfelt welcome to each and every service held at the First Christian Church.

"We will do our best to make you feel at home and to receive a blessing from your attendance. During the hot summer months our auditorium is air-conditioned and we invite you to come in informal summer attire so as to be completely comfortable during the services. The First Christian Church is a small friendly church where attention is placed upon your individual spiritual needs," stated Rev. Robbins.

Faith Class Met With Mrs. Clem

The meeting was opened with prayer by Mrs. Mary Wheat. The devotional was given by Mrs. M. Wilson on "Prayer" and a short business meeting was held with Mrs. Connie Tankersley, fellowship chairman, presiding in the absence of the president.

Refreshments were served to the following: Mrs. E. L. Harrgrave, Mrs. L. L. Bruce, Mrs. Ross Hodges, Mrs. George Robinson, Mrs. S. T. Williams, Mrs. Isetta Smith, Mrs. Tankersley, Mrs. Wilson, Mrs. R. V. Matheba, Mrs. R. O. Bunkie, Mrs. Wheat, and Mrs. Gorman Morton and the hostess.

Mrs. Morton was co-hostess for the occasion.

Engagement of Miss Powell, Breckenridge To Gene Garner Told

The engagement and approaching marriage of Miss Charlotte Ann Powell of Breckenridge, formerly of Denver City, to Gene Clinton Garner of Eastland has been announced by Miss Powell's parents, Mr. and Mrs. Marvin A. Powell, Breckenridge.

The wedding will be October 6th in the First Methodist Church in Denver City.

Miss Powell attended Texas Technological College in Lubbock for the past two years, where she majored in elementary education and is a member of Las Vivaeschools.

Mr. Garner, son of Mr. and Mrs. Carl Garner, 609 South Seaman Street, Eastland, received a degree in business administration from Texas Technological College last spring. He was a member of the Management Association and of Los Comaeas.

Rev. and Mrs. J. A. Lovell of Fort Worth visited their parents, Mr. and Mrs. F. Lovell, Friday. Their son, Jan, had been visiting with his grandparents for several days and accompanied his parents home.

The new officers will be installed August 9 with Mrs. Hazard as installing officer.

BULB BURNING 45 YEARS INTERESTS ELECTRICIANS

Humboldt, La., (AP) — Miss Elizabeth Burley can't understand why an electric light bulb in her dining room continues to burn. Electricians have tried to buy it to discover why, too, but Miss Burley won't sell.

She bought the bulb when her house was wired in 1906 and it's been burning brightly ever since.

May we suggest a Sitting?

NO doubt about it—you'll make a mighty handsome picture in a strapping new '51 Buick. But it isn't the way you look, but the way you feel that's really important. We'd like you to discover a Buick's ease and comfort, a Buick's power and performance, a Buick's steadiness and control—just to see if maybe you have been missing a travel treat. We'd like you to discover what a valve-in-head engine, as Buick builds it—gingered with Fireball combustion—can mean in pulse-pounding thrill and in big miles-per-gallon figures. We'd like you to learn what coil springs on all four wheels—not just in front—can do in the matter of smoothing a rough road and keeping you on an ever-level keel. We'd like you to see what generous roadweight and a rigid torque-tube mean in solid steadiness of ride—what Dynaflo Drive® does for you in downright comfort and convenience—what a breeze it is to handle so big and roomy and impressive a car. Most of all, we'd like you to note the easy-to-take price tags our cars wear—what a whale of a lot more automobile you get for your money in today's Buicks than you'll get elsewhere. So—come in for a sitting soon, won't you? Whether you try a SPECIAL, SUPER or ROADMASTER, you'll find it the top buy in its field—and a beauty from any angle.

Turley Wins 18th To Defeat Eagles

Big Bob Turley of the San Antonio Missions stood head and shoulders above the Texas League pitching pack today with 18 victories.

The 21-year-old righthander mowed down the Dallas Eagles on four hits last night as the Missions took an 11-to-2 victory. San Antonio smashed 15 hits off a quartet of Dallas pitchers.

Turley's performance raised his season record to 18-3 and boosted the Padres into undisputed possession of fourth place, half a game ahead of the Fort Worth Cats.

Fort Worth tangled with league leading Houston and the game went 11 innings to a 3-to-3 tie. The curfew time ending the marathon was prearranged to allow both clubs to catch trains.

Beaumont, third-place team in the tight race, failed to take advantage of Dallas' loss and the Fort Worth-Houston stalemate. The Roughnecks dropped a 4-to-3 decision to Oklahoma City with the winning run coming in the eighth inning when Frank Kellert singled home Bob Nieman.

Frank Baldwin hit a two-run homer for Oklahoma City, and Frank Mancuso smacked a solo home run for Beaumont.

Shreveport wrapped up another close victory, 3 to 2, over Tulsa by scoring all its runs in the fourth frame. A double by George Kerrville, for six points. Bob Finn of Taft converted.

The pairings shift tonight. Fort Worth is at Dallas; Beaumont at Houston; Oklahoma City at Tulsa; and Shreveport at San Antonio.

Study Called In BB Investigation

WASHINGTON, Aug. 4 (UP)—Rep. William M. McCulloch, R., O., called today for a study of radio and television baseball broadcasts before deciding whether the game violates anti-trust laws.

McCulloch, a member of a House Monopoly Subcommittee investigating baseball, said that a week of hearings has failed to turn up enough facts to determine whether organized baseball is interstate commerce and thus subject to anti-trust law.

The subcommittee seeks to determine whether baseball should be exempt from the anti-trust laws—if it is violating them.

McCulloch said that if he becomes convinced that baseball is violating anti-trust laws, he will press for legislation to allow the game to operate.

Broadcast is one—but only one—of the key factors which may put the game in interstate commerce now, he said.

Minor League President George C. Trautman told the committee yesterday that baseball must find some way to control big league broadcasts if the minor leagues are to survive.

NORTH-SOUTH ALL-STAR GAME ENDS WITH SOUTH VICTOR

SAN ANTONIO, Aug. 4 (UP)—Chagrined coaches said today they will have a hard time explaining to the boys at home just why the South defeated the North 14 to 6, last night in the 17th Annual Schoolboy All-Star football game.

Much of the credit, of course, goes to writhing Frank Eldom of Port Arthur and passer Duane Nutt of Corsicana.

But there is one thing the hundreds of mentors attending the annual Texas High School Coaching Association clinic will find it hard to pass on to their teams—the South took it easy all week during pre-game workouts and coach Paul (Bear) Bryant of Kentucky had no contact work at all for his lads.

"I thought it best to let them play for the fun of it," Bryant said before 10,528 fans at Alamo Stadium. Apparently, they had plenty of "fun."

The North team, in contrast, was worked hard by Coach Frank Howard of Clemons in preparation for the game, and the routine included scrimmages.

The general pre-game opinion of the Texas coaches was that Howard's more serious views would prevail. They also thought that Eldom, Nutt and Larry Graham of Houston Lamar, all single wing products, would have trouble fitting into Bryant's T style.

They were wrong on both counts.

The South struck for its first touchdown with the game less than three minutes old. Nutt passed 25 yards to Morris Stone of Kerrville, for six points. Bob Finn of Taft converted.

The North's leaky pass defense again paid off for the South in the third period as Eddie Hennig of Tyler hit Eldom with a five-yard toss on the South 40.

The Port Arthur flash, who enters Southern Methodist this fall, promptly showed how he earned all-star rating. He snaked past the 50, shook off two would-be tacklers and fought his way to the four before being knocked out of bounds.

Billy Quinn, San Antonio Jefferson fullback, powered across in two smashes for the second South score. Finn again kicked the point.

The North escaped a shutout in the closing minutes when Mac Taylor of Lubbock passed 28 yards to end Ed Bernet of Highland Park for a touchdown. A measure of solace was sal-

vaged by North backers when Tommy Fields of Wichita Falls was voted the outstanding back on the field. The South's Howard Moon, a Houston Reagan end, was named top lineman.

Fields, a spinner specialist, gained 61 yards for top ground-gaining honors. Quinn was next with 44.

The South gained 112 yards on the ground and 113 through the air. The outplayed North had 75 rushing and 82 passing.

Six Batters Top Coast League

A half-dozen batters hold an impressive monopoly on batting leadership in the Gulf Coast Baseball League, with Stan Goletz of Brownsville and Bob Moyer of Corpus Christi the league's aces.

Statistics released by the League headquarters Saturday, covering most games through July 27, give Goletz a .379 batting average, 90 bases on balls, and 159 hits.

Fred Schroeder of Texas City has matched Goletz with a .379 average, and also leads on triples, with 11.

Bob Moyer of the league-leading Corpus Christi Aces is the circuit's home-run leader with 34. Moyer also leads in RBI's, with 132 and in runs scored, with 113.

The other Corpus hitters, Joe Koppe and Mamel Salvatierra, top the league in doubles, each with 30. Rounding out the half-dozen individual leaders is Lamar Cagle of Lake Charles, whose 25 stolen bases is the league's best.

Corpus Christi's Jimmy Heller is the league's pitcher, with 14 wins against two losses for an .875 average. Ramon Salgado of Texas City has the most strikeouts, with 197, and Jesus Valenzuela has won the most games, 18. John Murff of Texas City and Ramon Roger of Galveston have pitched 19 complete games.

Galveston is the team leader in hitting with .362, and Lake Charles leads in fielding.

North Favored Over South In Basketball

SAN ANTONIO, Aug. 4 (UP)—Lengthy pivot men made Northern All-Stars 15 to 20 point favorites today over the Southern All-Stars for tonight's annual all-star schoolboy basketball game, climaxing the Texas High School Coaches Association week-long clinic.

Basis for the edge was in the tallness of Keith Lane, 6-foot 6-inch star from Berger, and of Lloyd Giles, Texarkana, only an inch shorter than Lane.

The play of this pair under the basket pleased Coach Cliff Wells of Tulane, tutor of the North squad, all week.

The South has won only once in the six years the basketball game has been played, nipping the North, 34-33, at Corpus Christi in 1946.

Grain Crops Face Boxcar Shortage

WASHINGTON, Aug. 4 (UP)—Agriculture officials crossed their fingers today as bumper grain crops piled up during a serious box car shortage aggravated by recent Midwest floods.

Marketings have increased slightly in the past few weeks, they reported, but even on July 1, before the floods, wheat arriving at principal terminals was 53,500,000 bushels less than a year ago.

A prolonged wet period before the flood delayed the Southwest harvest with the result that that grain is now moving at the same time as grain harvested in north-

ern states—creating even greater pressure for hard-to-get boxcars.

The defense transport administration reported that 7,000 cars caught in the flood area would have to be cleaned and repaired before they can be used again.

"This is my Property—
... and I can prove it" was an announcement displayed on a signboard placed in front of a farm home which all motorists could see as they passed that way. As we read the words we wondered why it was necessary to have such a notice anyway. If this man really owned the place and could prove it, he had a good title, probably a title policy, both based on an abstract. No other proof or notice would be necessary.

The STRAIGHT and NARROW WAY

A playground does not need a straight path, but the highway which takes men to important goals must be as straight and direct as the engineers can make it. Much of the work of the road makers of our day is consumed in straightening out the winding roads of yesterday. Trucks loaded with milk and food for hungry people, hospital ambulances carrying sick and ailing men, automobiles filled with travelers pointed towards home, all sorts of busy workmen of the world are demanding the straight road. For the most of the way all that we ask is one narrow lane along which the motor vehicles may spin toward their destination.

Great spiritual leaders and teachers have insisted through the centuries that every soul must demand the same sort of *straight and narrow* way along which it moves with directness and devotion toward the *good goal*. The wide roads which are only midways of State Fairs and playgrounds for the immature spirits take us nowhere worth the going; if we tarry too long with the jostling and self-indulgent throng we find the goals that are destructive. The Kingdom of God is not reached in such fashion. If you are bent toward the heavenly goal of the spirit, choose the *straight and narrow* way that leads to life everlasting. "Heaven is not reached by the single bound"; it is the faithful day-by-day movement of mind and heart, in the high company of faithful souls, which will bring us "where the blessed are."

The *straight and narrow road* begins exactly where you are standing today. If you will lift your eyes to the hills of God, the path will be seen shining with the footprints of the good and the noble pilgrims who have gone ahead. Join them.

NEW VITAMIN BOOST
for **PURINA LAYENA**
HELPS Purina Fed Hens
Lay **MORE** Quality Eggs

What goes into the hen determines what comes out of the egg. Purina Layena is already famous for producing eggs with the flavor and uniform color customers like to find.

Now a new vitamin boost in Purina Layena helps get even more quality eggs than last year's Purina.

**Release To Nips
Give New Slant**

TOKYO, Aug. 4 (UP)—A United States army release issued to the Japanese press three days ago said the United Nations would be justified in asking a cease-fire demarcation line half way between the present battle front and the Manchurian-Siberian frontier, it was disclosed today.

As translated from the Japanese, however, the release did not say specifically that such a line had been demanded by UN cease-fire negotiations in Kaesong.

The release was issued by the Army's information and education service.

1—The UN Army now controls the air and sea up to the Yalu River frontier line between Korea and Manchuria. The ground forces control terrain along a line which runs generally from Kaesong in the west to a point nearly 50 miles north of the 38th parallel on the east coast.

2—Therefore the military demarcation line should be midway between the Yalu-Tumen River line and the present battle line. (The Tumen River forms the border between Korea and Soviet Siberia.)

This demarcation would put the armistice line about 13 miles inside North Korea on the east coast and 75 miles inside on the west. It would include in UN territory that North Korean capital of Pyongyang.

HOME HINTS

Make it a habit of cleaning your gas range after every meal. Ammonia added to hot water and soap flakes, helps to remove grease and spillovers. A toothbrush comes in handy and may be used for the hard-to-get-to corners.

Army Cpl. Eldon L. Bridges of Crawford has been injured. Returned to duty were Pvt. Gilbert Cortez of Corpus Christi and Pvt. Joe E. Wallace of Henderson both army men previously wounded.

Pfc. James E. Brunswick, 3520 Ajax, Houston, has been returned to military control.

CHRISTIAN SCIENCE SERVICE

"Owe no man any thing, but to love one another; for he that loveth another hath fulfilled the law" (Romans 13:8). That men are capable of fulfilling their obligation to one another exactly in proportion to their understanding that Deity is infinite divine Love, is the central theme of the Lesson-Sermon on "Love" to be read in all Christian Science churches on Sunday, August 5. This statement from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy further emphasizes the point: "When we realize that there is one Mind, the divine law of loving our neighbor as our selves is unfolded; whereas a belief in many ruling minds hinders man's normal drift towards the one Mind, one God, and leads human thought into opposite channels where selfishness reigns."

The Golden Text for the week is taken from the book of Jude: "Keep yourselves in the love of our Lord Jesus Christ unto eternal life."
