

Government Hunts Way To Lease The Texas Tidelands

WASHINGTON, Nov. 21 (UP)—The government still is studying the legality of issuing federal leases on oil-rich tidelands off the coasts of Texas and Louisiana.

Secretary of Interior Oscar L. Chapman said his department has decided that it does not have authority to issue such leases.

"No decision to proceed under any existing provision of law has been made as yet," he said.

Chapman gave his views on the disputed tidelands issue in a letter to Sen. Tom Connally (D. Tex.), who sent a telegram protesting against "the Interior Department or any other executive agency undertaking to take over the tidelands oil by executive order or otherwise."

Congress has considered legislation giving states title to the land, but has failed to reach a decision.

Connally told Chapman that any scheme "to seize or otherwise control" the submerged lands in the Gulf of Mexico "would be a bald-faced attempt to defy congress and the American people."

Chapman replied that the supreme court decision granting the federal government paramount rights to the tidelands gave it inherent rights to administer the lands.

But Chapman conceded that the federal government cannot proceed with full-scale development of the property—that is, issue leases—without specific legislation spelling out authority for administering the lands.

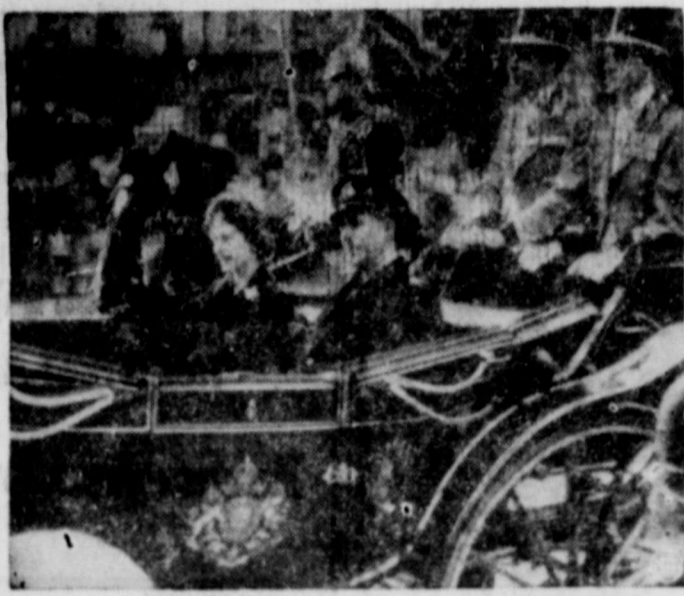

Chapman said it is important that the submerged oil lands be developed now because the United States will fall 788,000 barrels a day short of meeting its demand for oil next year.

Two Deer Bagged By Party From Ranger Vicinity

A deer hunting party consisting of Dr. Calvin Harris, C. R. Nealey, and A. H. Powell of Ranger; Mead Rinard, Jack Merrill, and Weldon Rogers of Breckenridge; along with W. E. Dean of Cisco have returned from a four day hunt in Mason County with two deer.

The scarcity of deer in that vicinity was due to the extreme drought and lack of water. This group of hunters usually bags at least twelve deer on their annual hunt.

Chamber Commerce Members Hear Reports And Representative Cox

The thirty-five members of the Ranger Chamber of Commerce attending the Membership Luncheon yesterday heard reports of the various committees and the well known speaker, State Representative Jack Cox of Breckenridge.

It was reported by the Projects and Planning Committee that a meeting of the service station men here was held, Resident Engineer E. M. Pritchard of the State Highway Department told the group of the plans of the highway department in regard to highway 80 and Ranger.

The Highway Committee reported a conference with the State Highway Department District Engineer, Leo Ehlinger, at Brownwood in regard to getting the highway department to pave from curb to curb through Ranger. The Committee was advised to appear before the State Highway Commission and request that the work be done.

The members were told that on November 14 the Chamber paid the premium award for the first load of peanuts to come to Ranger to Mr. Paul Norris of Carbon.

At a Chamber directors meeting November 6, the derrick was discussed and it was decided to sell the old rig. Also that money would go in a special fund to which the public would be invited to contribute to help build another derrick. This far only \$1.00 has been received on the fund.

The directors also decided at this meeting to have some improvements made at the Chamber office. These improvements will include re-painting the interior of the office, a rail across the front part, in front of which asphalt tile will be laid and the improvement of the show windows.

The Finance and Budget Committee has worked out a much larger budget this year than the one the Chamber had last year. A comprehensive membership drive will be put on early in the year.

State Representative Jack Cox of Breckenridge delivered his well known talk, "Needed—Ten Million Heroes."

Mr. Cox said the American people are not paying for the

Reds Agree In Principle To UN Cease Fire Plans

Dr. Boswell Will Go To State Teachers Meeting At Houston

Dr. G. C. Boswell, president of Ranger Junior College, who is one of the thirty-one delegates to the House of Delegates from District 7 of the State Teachers Association, will attend this meeting.

The House of Delegates is composed of delegates from the different districts of the State Teachers Association.

The House of Delegates has a great deal of power for it passes on measures to be presented to the Texas Legislature, elects its officers for the State Teachers Association other than the president who is elected by the teachers.

This year there are several very important matters to come before the House of Delegates.

President Boswell has missed only three meetings of the Texas State Teachers Association since he started teaching. He is of the opinion that every teacher and especially school administrators should attend this meeting since it is an excellent place to hear the latest and best methods in teaching over a wide area, and it gives an opportunity to meet school men not only from Texas but from other states.

The biggest thing any school can do for its children is to give

500 Bleacher Seats To Be Sold Thursday

Portable bleachers have been obtained that will seat approximately 500 people for the Ranger-Winters bi-district ball game here Thursday, G. B. Rush said this morning.

The tickets for these bleachers will be sold at the ticket windows Thursday.

Mr. Rush also said that people wishing to park in the parking lot at the football field must have tickets ahead of time for all occupants of the car.

No tickets will be sold at the entrance to the parking lot Thursday.

The gates at the football field will open at twelve o'clock noon Thursday.

Reports indicate that sales of the game tickets at Winters are going according to forecast, with a near sellout of their part of the tickets nearly assured.

In case all the tickets at Winters are not sold the ones returned will be sold at the ticket gates Thursday.

Area Scouters To Hear President Tarleton College

President E. J. Howell, of Tarleton State College, will be the principal speaker at the annual meeting of North District Scouters and their wives to be held in Eastland next Monday night, Nov. 26th. The meeting will begin at 7:30 p.m. and will be held in the absence of the Methodist church in Eastland.

The North District of the Comanche Trail Council consists of Stephens and Eastland counties. Scouters from Breckenridge, Cisco, Ranger, Eastland, and other small towns are expected to be present. All persons connected with scouting in any way are invited to the meeting. This includes scout leaders, committeemen, wives, den mothers, and the parents of scouts, cubs, and explorers.

The program for the meeting will begin with a banquet to start at 7:30 p.m. There will be recognition of scout leaders for the work they have done during the year. There will be entertainment by local scouts and an inspirational talk on scouting by President Howell, of Tarleton State College.

Tickets for the banquet are available through all scout unit leaders. All persons intending to come to the banquet should secure their tickets well in advance of the meeting.

Zoologists recognize more than 900,000 species of living animals.

ALLIED HOPES FOR TRUCE BY CHRISTMAS MAY BE DIMMED

By ARNOLD DIBBLE United Press Staff Correspondent PANMUNJOM, KOREA, Nov. 21 (UP)—The Communists agreed in principle today to a United Nations proposal to try to end the Korean war within 30 days.

Several more days of technical arguments on the plan may lie ahead, however, and it was feared that allied hopes for a truce by Christmas may be dashed.

The Communists replied to the UN proposal with a counter-proposal of their own at a two-hour subcommittee meeting in Panmunjom.

The counter-proposal was so close to the original Allied plan, however, that Brig. Gen. William P. Nichols, Chief UN spokesman, said:

"I am more optimistic today than I have been for some time past."

U.S. Maj. Gen. Henry I. Hodges asked — and the Communists agreed — to a recess until 11 a.m. tomorrow (9 p.m. today EST) to study the Communist counter-

Judge Defends Narcotics Cases In San Antonio

SAN ANTONIO, Nov. 21 (UP)—A district judge yesterday answered a federal narcotics officer's criticism that there "are never any narcotics convictions in state courts in San Antonio."

Judge W. W. McCrory charged that narcotics chief F. A. Williams of Houston was "trying to shift for his office" when he asked a House crime committee investigation of narcotics trails in San Antonio.

The answer, said Judge McCrory, is that narcotics cases are taken to federal courts in most instances, not to state courts.

"Federal court affords greater flexibility, greater range of penalties," McCrory said.

John Westbrook, assistant district attorney here, agreed with McCrory.

A federal prosecutor for five years, Westbrook said Williams "apparently doesn't know what every other state and federal officer knows — he doesn't need a crime investigation to tell him... let him ask any U. S. District Attorney..."

LETTERS TO SANTA

Dear Santa Claus I have been a pretty good boy this year and want you to come to see me and bring me a truck, a pair of boots, a ferris wheel, a view master, and whatever else you have.

I am five years old. I live in Houston but I am visiting my mamaw and papa. Thank you, Lonnie Brantley

Fire Chief Asks Observance Of Fireworks Ban

Today Fire Chief Isbell, who is also the Fire Marshal for the City of Ranger, called attention to the fact that it is unlawful to sell or shoot fireworks within the fire limits of Ranger. This law has been increasingly necessary due to the step-up in the power and destructiveness of present day fireworks, which now constitute a hazard to property, but in many cases they are very dangerous to the person handling them as well as bystanders.

The Fire Insurance Underwriters have estimated that the loss of property each year caused from fireworks runs into millions of dollars, and that there are many lives lost, and people crippled every year, is well known to everyone.

Mrs. Johnson's Brother Dies

Mrs. R. E. Johnson received word yesterday of the death of her brother, John Gould, 63 years of age, of Austin.

Mr. Johnson died in Austin November 19 and services were today at the Chapel of the Bells at 2 p.m. in Austin.

Mr. and Mrs. R. E. Johnson and Mr. and Mrs. Donald E. Eaton attended the funeral services.

Ranger Boy To Play In TCU, SMU Frosh Game

DALLAS, Nov. 21—The traditional freshmen football game between the yearling Colts of Southern Methodist University and the Wags of Texas Christian has this year been taken under the sponsorship of the Variety Club Boys Ranch and will be staged with spectacular showmanship.

Scheduled to be played at Owen Stadium in Dallas on Friday, Nov. 30 at 2 p.m. the occasion will be enlivened by the first annual crowning of a SMU Freshmen Queen, with all balloons to be cast by members of the grid squad.

All of the sororities and student organizations have selected nominees to compete for the coronation honors.

Bill Young of Ranger is one of the players on the TCU squad will play in the game.

Volunteers Will Handle Traffic At Ball Game

Chief Virge Johnson of the Ranger Volunteer Fire Department said this morning that the Volunteer Firemen are to report at 6:00 p.m. on Wednesday and 12:00 o'clock noon on Thursday at the Football Field.

It is very important that all firemen be present both days.

PROCLAMATION

WHEREAS, On Thursday, November 22, 1951, the Winters Blizzards High School Football team will meet the Ranger Bulldogs in a bi-district game in Ranger, Texas, and

WHEREAS, The Ranger Bulldogs are a fighting, scrappy, and well trained little team, and deserving of the support of every citizen of Ranger, too which city this team and our coaches have brought the honor of reaching bi-district play for the past three years, and

WHEREAS, The playing of the game on Thanksgiving day, when the majority of our business houses will be closed thus giving almost everyone the opportunity to be present at the game, NOW

THEREFORE, I, Price Crawley, Mayor of the City of Ranger, hereby beseech the Ranger Bulldogs to remove the chill from the "Blizzards", and to send them back to Winters thoroughly de-frosted, and I further beg of every citizen of Ranger to be present at the game to help put the heat on the said "Blizzards".

GIVEN UNDER MY HAND AND SEAL OF OFFICE, this the Twenty-first day of November, 1951.

Price Crawley, Mayor

ATTEST: I. Crossley, Secretary

Bulldogs Meet Blizzard In Bi-District Playoff

A sellout crowd is expected for the first bi-district game to be played in Ranger in approximately twenty years, when the Champion 2A-10 Ranger Bulldogs play the 2A-11 Winters Blizzards.

The Bulldogs came through the conference play with flying colors defeating all their conference opponents.

For the year the Bulldogs have won nine, tied none, and lost one to Stamford.

In ten games this year the Bulldogs have racked up 285 points against 53 for all ten opponents, that gives them a 28.5 point average per game, while allowing their opponents only 5.3 points per engagement.

This is the third straight year the Bulldogs have won their district under the coaching of O. C. Warden and Sam Aills, losing the other two times in the bi-district playoff.

Winters is bringing a team that has been equally good here this year with their defeat of the Blizzards last week giving them the right to be considered as a good runner and a threat to the Bulldogs.

The Bulldogs' first string back field was injured in the Brady game, but it is believed they will see action here tomorrow.

One of their outstanding backs is Johnny Friscion who did the majority of the ball-carrying and punting.

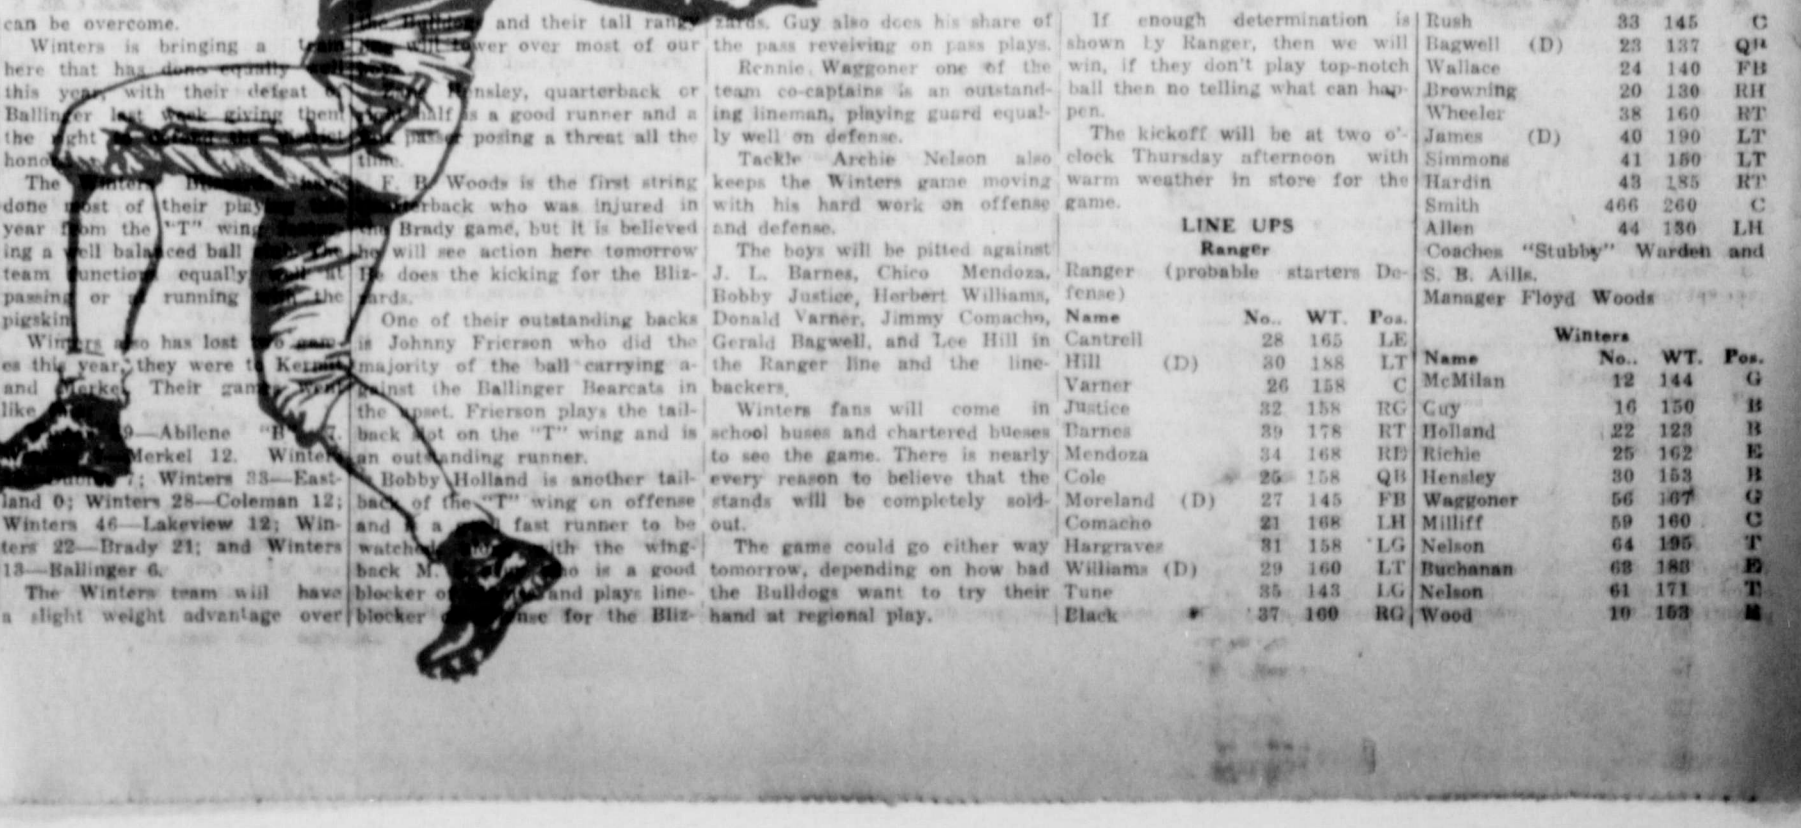

Bobby Holland is another tail-back of the "T" wing and is an outstanding runner.

The game could go either way tomorrow, depending on how bad the Bulldogs want to try their hand at regional play.

If enough determination is shown by Ranger, then we will win, if they don't play top-notch ball then no telling what can happen.

The kickoff will be at two o'clock Thursday afternoon with warm weather in store for the game.

Table with columns for Line Ups, Ranger (probable starters), and Winters. Includes names, positions, and statistics for both teams.

**AN ORDINANCE PROHIBITING THE SALE AND FIRING OF FIREWORKS WITHIN THE FIRE LIMITS OF THE CITY OF RANGER, TEXAS. SETTING OUT THE BOUNDARIES OF THE FIRE LIMITS OF THE CITY OF RANGER, TEXAS. PROVIDING FOR PENALTY, AND DECLARING AN EMERGENCY.**

Section 1. The fire limits of the City of Ranger, Texas, which have been duly set by ordinance heretofore, and which said limits have been incorporated into this ordinance are as follows:—Beginning at the intersection of Elm and South Commerce Streets; thence in a northerly direction along South Commerce Street to the intersection of North Commerce Street and Cherry Street; thence in a westerly direction along Cherry Street to the intersection of North Marston and Cherry Streets; thence in a southerly direction along North Marston Street to the intersection of West Main Street; thence in a westerly direction along West Main Street to the West boundary line of lot 4, in Block 1 of the Hodges-Young-Rawls Addition; thence in a southerly direction along the West boundary line of said lot 4, Block 1 of the Hodges-Young-Rawls Addition to the alley between West Main and Pine Streets; thence in an Easterly direction along said alley between West Main and Pine Streets to the intersection of South Marston Streets; thence in a southerly direction along South Marston Street to the intersection of said South Marston and Pine Street; thence in an Easterly direction along Elm Street to the intersection of said Elm Street with South Commerce Street, the place of beginning. This area to comprise lots 1 to 4 of Block 1 of the Hodges-Young-Rawls Addition, the North One-half of Block 5 of the Original Town, and all of blocks 11, 12, 13, 14, 19, 20, 21, 22, 27, 28, 29 and 30 of the Original Town of Ranger, Texas.

Section 2. Hereafter it shall be a violation of this ordinance for any person or persons, firm, or corporation to sell or offer to sell, or to have stored upon their premises within the fire limits of the City of Ranger, set out hereinabove, any fireworks of any character. The term fireworks within the scope of this ordinance to include firecrackers, torpedoes, pin-wheels, roman candles, sky rockets, screaming minnies, or any fireworks not herein named, save and except that it shall not be illegal to sell caps for use in toy cap pistols.

Section 3. Any person, firm or corporation hereafter offering for sale fireworks from a location outside the fire limits of the City of Ranger, Texas, shall first secure a permit from the City Secretary of the said City of Ranger, Texas, which permit shall state the name and address of the purchaser, the location from which sale or sales are to be made, and shall pay to the City of Ranger, Texas, a fee of \$5.00 for said permit.

Section 3. Hereafter it shall be a violation of this ordinance for any person or persons to throw, light, ignite, or in any manner set off, or help to set off fireworks of any character within the fire limits set out hereinabove.

Section 4. Any person or persons violating any of the provision of this ordinance shall upon conviction thereof, be fined in any sum of not less than one dollar, nor more than One Hundred Dollars.

Section 5. The passage of this ordinance is for the immediate preservation of life and property of the Citizens of the City of Ranger, and there is hereby declared to exist an emergency and it said ordinance shall therefore be in effect from and after its passage.

BE IT SO ORDAINED.  
 Price Crawley, Mayor

**More Common Colds Due This Season**

AUSTIN, Nov. 22 — "At this time of the year health officers and practicing physicians always expect an increase in the common cold," Dr. Geo. W. Cox, State Health Officer, reminds residents of Texas. "Although good personal hygiene—adequate sleep, suitable clothing, moderate exercise and good nutrition—may help the individual to develop resistance to infections, colds frequently de-

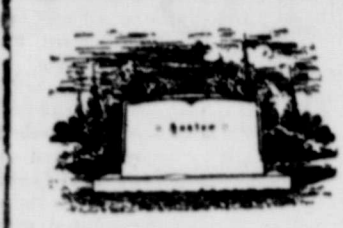

velop in spite of all normal precautions. The seasonal rise in colds and other respiratory diseases during the fall and winter months certainly suggests that the shift to cooler weather is partly responsible for their prevalence.

"The unhappy victim of a cold should make every effort to prevent spreading the infection to others. He can help by covering coughs and sneezes with a disposable paper handkerchief, by staying out of crowds and avoiding close contact with others—especially invalids, young children and old people. Evidence indicates that colds are readily transmitted from person to person.

"For his own sake the patient should rest as much as possible in order to help his body to fight the cold. If there is any fever it is advisable to go to bed and stay there. There is some question as to the effectiveness of the large quantities of water and fruit juices generally recommended in the past, but they can do no harm and may help to some extent.

"If a cold persists for several days the patient should by all means consult his family physician, especially if there is an accompanying fever. Although, as is generally known, there is no specific cure for the common cold the doctor can prescribe medicines that will afford safe relief. Consulting the physician is strongly advised, also, because of communicable diseases have early symptoms similar to those of the cold and only a doctor can decide whether the patient has a simple cold or some more serious disease."

GIB-TOWN THE PHANTOM VILLAGE OF LONG AGO!

What is more fascinating and entertaining than listening to the old folks tell of their early day experiences, the places they have lived and the people they once knew.

We spent last Sunday night in the John Tucker home. Then after supper gathered around the fire for a genuine gab-fest.

In the course of the evening reminiscing, mention was made of Gib-Town, a small country village located once long ago in Jack County. It was the typical trading place, serving the rural folk, including the Tuckers of that day, back in the 1890's.

Gib Town, once a flourishing village, now is just a memory for soil erosion has left its mark on the farms and fields, leaving it a place of deep gullies and washed away top soil.

This same Gib Town was the center of community gatherings, a settlement of people who were famed for the growing of grapes and making of fine wines. The incidents which the imbibing of the fruits of their lands kept us in gales of laughter. It was even better than a western movie.

Some of the names recalled, who were leading citizens of the Gib Town settlement were August Vadt, Paul Snyder, Coorgar Cub Franklin, Lizzie Krum, Charlie Thompson, Nelson Pore, Joe Kenrigers, Dr. Pump, and the machine peddler, Mr. Shawner, from whom the original Tucker Pater families purchased their first sewing machine, more than 50 years ago.

One of the proudest moments in the lives of the Tucker girls was being able to make new dresses from the five cent calico purchased at the Gib Town general store, with its proverbial cracker barrel and pot bellied stove.

At Christmas time it was practical sentimentality to which prompted the gift of new calico dresses for the women folk at the Christmas tree at school house, along with the dolls for the little girls and Barlow knives with a chain for the small boys.

In those days even vied with mules and horses for tilling their fields of corn and grapes. Soil conservation was not practiced and today Gib Town, which was featured last year in a farm magazine remains a memory of the times spent many years ago as residents of a once prosperous community.

**One Million Is Spent Yearly in Polishing Silver**

Pleasantville, N. Y. — American housewives spend a million dollars every year to keep their silver bright — and they must choose among a staggering variety of polishes, cloths, chemicals coatings and wrappings. C. Lester Walker, in a "Report to Consumers" in the December Reader's Digest, presents the findings of the York Research Corporation which tested every type of silver brightener.

Seven leading brands of silver polish passed all tests. All of these removed some silver, but not enough to cause concern, even when used on silver plate.

Detarnish baths are labeled "quick, effective, economical" by the York laboratory. This method requires a large aluminum pot or an enamel pot with a strip of aluminum foil in the bottom. Some cleaners are combined with hot water; the silver pieces are put in the solution so that they touch the aluminum. Within two minutes the silver can be taken out—all tarnish gone. The silver should then be thoroughly washed.

The chemical cleaners contain cyanide—hence must be used with care. The same is true of home-replating compounds, which are "outrageously overpriced," according to York Research.

Although the Mormon pioneers were credited with being the first Anglo-Saxons to practice irrigation in farming, the practice was widespread in western missions and among certain Indian tribes long before the pioneers settled Utah.

**Teachers Open Meeting Today**

HOUSTON, Nov. 21 (UP)—The executive committee of the Texas State Teachers Association opened its meeting here today, a preliminary to the annual convention which gets under way tomorrow.

The three-day meeting is expected to attract more than 10,000 delegates.

The thanksgiving sermon, opening the convention Thursday morning, will be delivered by Bishop A. Frank Smith of the Texas Methodist conference.

Throughout Thursday and Friday, hundreds of sectional and group meetings will be conducted.

The convention ends with a meeting of the TSTA house of delegates and several luncheon meetings Saturday.

James P. Hart, Chancellor of the University of Texas, will address members of the Texas College Classroom Teachers Association at a luncheon meeting Friday.

**MARRIED FOR 71 YEARS, HE OFFERS ADVICE**

Honeoye, N. Y. (UP)—Alfred H. Youland, 93, and his wife Margaret, 89, can give some of the younger folks advice on marriage. They look back on 71 years of wedded life.

Youland said "doing things on a 50-50 basis" was the reason for the long marriage.

"If folks will work together, plan together, play together and always respect one another, 71 years will roll around pretty fast and happily," he said.

## SPORTS EVENTS

### Next Year's Play In Football Is Nearly Complete

AUSTIN, Nov. 21 (UP)—Even though many district titles in the 1951 football race have not yet been decided, planning has already begun for the district assignments. Tentative assignments lists were being mailed out this week by the University Interscholastic League to 720 teams in Conferences B through 4-A. Six-man Conference assignments are not yet ready.

Few changes are proposed in tentative lists for 4-A and 3-A. Total number of teams in the top conference is dropped from 52 to 51, due to Harlingen High School's drop in enrollment. The addition of Harlingen and Snyder, coming up from AA thanks to oil-boom enrollment, to the 3-A roster brings the total in that conference up from 51 to 53. Conference AA has a net gain of one team, with the new total at 166.

Changes in the lower conferences are greater, due to a greater fluctuation in enrollment. Conference A is dropping from 201 to 197 teams; Conference B, by contrast, is climbing from 240 to 253 teams.

In announcing tentative assignments, Dr. Rhea H. Williams, director of athletics for the League, pointed out that the sliding scale of enrollment for automatic membership in the various conferences has been put into effect for the first time. This sliding scale, designed to keep conferences and districts relatively stable, and to avoid congestion in districts, was developed following last year's complete reclassification. For the 1952 season, it raises the automatic membership levels for all conferences. Conference 4-A now will have a 1000 enrollment limit instead of 950, as in 1951. For 3-A the new limit is 500 instead of 450. For AA the change is from 200 to 225; in A the new figured is 125 instead of 115.

In all conferences below 4-A the permissible enrollment top limit is thus a little higher than it was in 1951. At the same time, however, the voting-in limits have not been changed. Conferences 4-A can still vote in schools down to 750 enrollment; 3-A down to 375; AA down to 175; and A

### French Driver Leads Mexico Race 1st Lap

OAXACA, Mexico, Nov. 21 (UP)—French racer Jean Trevoux led 68 stock car drivers through the mountains toward Mexico City today on the second leg of the wreck-plagued Pan American highway race.

Trevoux, driving a 1951 Packard that smashed all road race records on the starting lap of the 1,933-mile speed test in the Texas border, was flagged away at 8 a.m. (CST) ahead of a field of drivers from seven nations. Troy Ruttman, veteran "big car" jockey from Lynwood, Calif., raced across the starting line one minute later, followed at 60-second intervals by the other contenders in the order of their finish on the first leg from Tuxtla Gutierrez.

The competitors for \$68,380 in prize money were scheduled to halt briefly in Puebla before the final 81-mile dash into the Mexican capital.

### Temple Voted Tops In AAA

DALLAS, Nov. 21 (UP)—Mighty Temple has been voted the top Class AAA schoolboy team in Texas for the eighth consecutive week, by the Dallas Morning News' weekly poll of sports writers.

Marshall was the only newcomer to the top ten, moving into eighth. Gladewater, which lost a 29-14 game to Marshall last week end, fell out of the ratings. It had been in the seventh.

Each school and district has until December 22 to accept the tentative assignments or to request any changes desired, to organize the district for competition next fall, and to notify the League office of final organization.

PETER JAMES  
 WITH SPIKE JONES' MUSICAL DEPRECIATION REVUE

SPIKE STAR—Peter James is one of the stars in Spike Jones Musical Depreciation Revue which will play in Rose Field House, Hardin-Simmons, Abilene on Monday night, Dec. 3. The stage show will include the City Slickers Orchestra.

### Spike Jones To Be In Abilene

ABILENE, Nov. 20 — Spike Jones is coming to Abilene for a one-night stand Dec. 3.

He will stage his madcap "Musical Depreciation Revue" at Rose Field House under sponsorship of the Cowboy Club of Hardin-Simmons. The full stage show will play at Abilene en route from Dallas back to the West Coast. Tickets are now on sale at the Melody Shop, Record Shop and the Hardin-Simmons business office in Abilene. Reserved seats will be \$2.40 and \$1.80, and mail reservations can be sent to the H-SU Business Office.

"The Cowboy Club, which sponsors the H-SU athletic program, is delighted to be able to bring a show of this caliber to West Texas for this price," said Harley Sadler, club president. "In larger cities the Spike Jones show

"tops" at \$6. Jones and madmen (and women) will have a flock of new numbers for the Abilene audience those musical acts which delight the eye and startle the ear. Newcomers include "Chinese Mule Train," "Rhapsody from Hunger (y)," "Some Enchanted Evening" and the like. And there'll be such oldtime favorites as "William Tell Overture," "Hawaiian War Chant," — and the inevitable "Chloe."

Along with the City Slickers orchestra there'll be such headliners as Helen Grayco, a beautiful talented singer who is also Mrs. Spike; George Rock who stars in "My Daddy Is a General to Me," "Sir Fredric Gas," the man who is forbidden by contract to get a haircut; and Joe Siracusa the two-headed (count'em) drummer.

The "Musical Depreciation Revue" looks like it was planned in a mad house and put together in a tornado, but Spike says not a single shot or fire siren is ad libbed. It's carefully calculated clamor because, he says, "the discards have gotta be harmonious. Let things get out of hand and

what have you got? Medlam! to the right key." And it takes Every cowen, auto horn and ex- some real "musicians to toot, play, en every flit gun has been turned ring and beat 'em.

IF YOU HIT SOMEBODY WITH YOUR CAR would the law ...

- seize your home?
  - seize your things?
  - seize your income?
- What's your protection?

Mr. and Mrs. Robert Weldon were Eastland visitors Saturday.

Mr. and Mrs. W. H. White of Eastland were visiting with relatives in this community Monday afternoon.

Mrs. Eva Mason and daughter, Mrs. E. G. Henderson of Gorman were guests Sunday in the home of Mr. and Mrs. C. L. Henderson.

The Bonnie Boykin family of Dallas, were guests Sunday in the home of her parents, Mr. and Mrs. J. W. Mounce.

Billie Frank Weldon, son of Mr. and Mrs. Robert Weldon, who recently enlisted in the armed forces, is stationed at Fort Ord, Calif.

The Kentucky fish and game division will have distributed more than 865,000 bass and bluegill fish to farm ponds throughout the state during 1951.

Each ton of newspaper requires 8 1-2 pounds of sulphur in its manufacture.

**Chinese Reds Assault UN Western Front**

8th ARMY HEADQUARTERS, Korea, Nov. 21 (UP)—Chinese Communists opened their fourth attack in five days tonight on

United Nations hill positions on the western front.

Supported by tanks and self-propelled guns, up to 2,000 enemy troops hit the UN lines under cover of a heavy artillery barrage. UN artillery opened counter-fire and at last report the battle continued.

A UN raiding party took a hill northwest of Chonwon on the west-central front in the only Allied advance reported in the 8th

Army's evening communique.

Farther east, the South Korean 6th Division repulsed a Communist attack against its newly-won positions southeast of Kumsong.

The South Koreans had gained another 2,500 yards east of the Pukhan River Tuesday to extend their overall advance since Saturday to five miles on a nine-mile front. The limited offensive has

brought some 36 additional square miles of North Korean territory behind the Allied lines.

UN fighter planes killed or wounded more than 200 Communist troops in close-support raids along the front. Other Allied aircraft cut Communist rail links in 73 places and destroyed or damaged 150 enemy buildings and six gun emplacements.

### The Truth About Fluoridation in Water Systems

What is the truth about fluoride, the substance which when added to municipal water supply partially controls tooth decay?

Some Americans still have some misconceptions about what fluoridation is all about. They think it is a costly proposition to put fluorides in the water supply of city systems.

They think that fluoridated water may be harmful to drink. It is perhaps natural that these misunderstandings should exist. Every one simply can't keep abreast of all the advances in the scope of our knowledge of scientific and natural benefits.

But the fact that about 75 cities in the country already have fluoridated their municipal systems, and that other cities are considering this as a method of insuring better teeth for children seems to indicate a need to end current misunderstanding about what fluoridation is.

The state of New York tested out fluoride in two cities there. For a year period, fluoride was added to the water supply of Newburg, N. Y., and studies were made in that city and Kingston, where no fluoride was present in the water, to see if there was any difference in decay rates.

At Newburg, the rate of tooth decay in permanent teeth of children six to 12 years old dropped 32.5 percent. In Kingston, the rate remained at the same level.

In the first place, dentists throughout the country are backing fluoridation. Last year, at a meeting of its House of Delegates the American Dental Association adopted a resolution recommending "the fluoridation of municipal water supplies when the fluoridation procedure is approved by the local dental society and utilized in accordance with the standards established by the responsible health authority."

Far from discouraging fluoridation, dentists have been its firm backers in many countries as a means of supplementing the dental care which is available.

The American Academy of Pediatrics Study of Child Health Services showed that eighty five percent of the services the average dentist gives to children consist of fillings and extractions. Fluoridation, which can reduce tooth decay as much as 60 percent among children up to the age of eight years, is a valuable addition to this dental service.

Fluoridation has been in use now long enough, and under enough different situations, to get a pretty good idea of its cost range. In Evanston, Ill., for instance, the cost from February 1947 to February 1948 was less than two cents per capita.

The American Dental Association, in a study of fluoridation published earlier this year, estimated the cost range at from 4 to 14 cents per capita per year.

The variation depends on the amount of fluoride in the water before fluoridation, the size of the community and the per capita use of water.

To fill out the cost picture the Wisconsin state dental director reported "the fact that many small communities of less than 1,000 population are accurately and economically adding fluorides to their public water supply should dispel the fear that this public health program can only be had in large communities that employ expert engineering personnel."

The argument that fluoridated water may be harmful to drink can best be answered by studies already made, which show that when the amount of fluoride in the water supply is controlled, it can be kept below the level where it would produce mild, mottled tooth enamel.

The amount of fluoride suggested as proper for putting in

### "Red Badge" Starts Three Day Run At Arcadia

BILL MAULDIN and AUDIE MURPHY are ready for the streak in this scene from MGM'S "THE RED BADGE OF COURAGE"

### CHRISTIAN SCIENCE SERVICE

The blessing of giving will be stressed in the Lesson-Sermon entitled "Thanksgiving" to be read at the special Thanksgiving Day service in Christian Science churches Thursday morning, Nov. 22.

Students of the Christian Science religion consider this observance of special significance because they have learned that the giving of gratitude for blessings already received is not only homage due the Giver of all good, but also further enriches and blesses their lives in His service. Opportunity is thus afforded during the church service for audible expressions of gratitude appropriate to the occasion from Christian Scientists in the congregation. The public is invited.

The Golden Text is: "It is a good thing to give thanks unto the Lord, and to sing praises unto thy name, O most High" (Psalm 92:1).

One of the Bible citations is

from James 1:17: "Every good gift and every perfect gift is from above, and cometh down from the Father of lights, with whom is no variableness, neither shadow of turning."

The Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy, contains this statement used in the Lesson-Sermon:

"God is not moved by the breath of praise to do more than He has already done, nor can the infinite do less than bestow all good, since He is unchanging Wisdom and Love" (page 2).

Maine, containing 33,215 square miles, is the largest of the six New England states.

## JOHNSON APPLIANCE TO HAVE COOKING SCHOOL NOVEMBER 28

Miss Pearly Hughey, Home Economist for Maytag Southwestern Company of Dallas, will demonstrate the Maytag Dutch Oven range at the public Cooking School being held by Johnson Appliance Co., Nov. 28th at 2 p.m. in the Johnson Appliance Company store.

The school will point out the exclusive features of the Dutch Oven range and will show the first major change in the methods of food preparation in twenty-five years. The public of Ranger is warmly invited to attend.

Miss Hughey is one of the recognized authorities in the entire country in using the "heat retaining" method of cooking. She will be able to give you many ideas about how you can prepare better meals at a smaller cost.

Remember, the giant Maytag Dutch Oven Cooking School will be held at Johnson Appliance Co. at 2 p.m., November 28, 1951. You are invited.

Door prizes will be given.

Miss Pearly Hughey

### Report To Parents

By Dr. Martha M. Elliot  
Chief Children's Bureau

Shall I force my child to go to Sunday school and church?

Yes, definitely!

Started? Why? How do you answer Mary when she comes to the breakfast table and announces, "I'm not going to school today!" You know, Mary goes.

How do you answer when Mary comes in besmugged with dirt and says, "I'm not going to take a bath!" You know, she bathes.

How do you answer when Mary threatens with illness, says "I'm not going to take that old medicine!" You know, she takes it.

Why all this timidity, then, in the realm of spiritual guidance and moral training? Going to wait and let her decide what church she'll go to when she's old enough? Don't fool yourself. By that time she'll probably believe that a decision neglected by her parents during her first twenty years might not be necessary at all. You didn't wait until she was "old enough" to decide she should go to school.

Afraid she'll later succumb to the old story about "... too much

religion when I was young—parents made me go?" This tale is obviously false. Just because she takes a bath tonight doesn't mean she'll discontinue them at the age of twenty-one.

What shall I say to Mary when she announces she doesn't like Sunday school and church? That's easy. Be consistent.

By firmness and example you can show her that church-going is a necessity. And in later years, she will thank you for bringing into her life the greatest values a mature person can possess—Christian habits and ideals.

—Beaumont Enterprise, 9-8-51.

### Life In These United States

From Readers Digest

Shortly after noon one sweltering Aug. day, the air-conditioned train in which I was crossing the Midwest stopped at a little town where eight buxom matrons came aboard. They found seats opposite each other, efficiently set out lapboards and playing cards and settled down to bridge. Many hours later they packed up, got off the train and the last I saw of them they were entering an air-conditioned station restaurant. I had noticed that each woman gave the conductor a pass slip, indicating that her husband was a railway employe, so I asked him about the group.

"That's a weekly performance in summer," he said. "They eat lunch at that restaurant, and catch the next train back—goes through there in about 45 minutes and gets 'em home at 5:30. What you saw, was the Thursday Bridge Club keepin' cool."

My daughter's third-grade teacher, "Old Conroy," as almost everyone in town called her, had been the dragon of the school of 20 years. What particularly enraged her was to be called out of the room and return to find her pupils laughing and talking. One

### Life Insurance Collection Up

Texas families received \$44,450,000 in life insurance death benefit payments in the first nine months of this year, compared with \$34,982,000 in the corresponding period of last year, the Institute of Life Insurance reported today. The number of policies becoming claims in the first nine months was 28,625, which compares with 25,531 in the corresponding period of 1950.

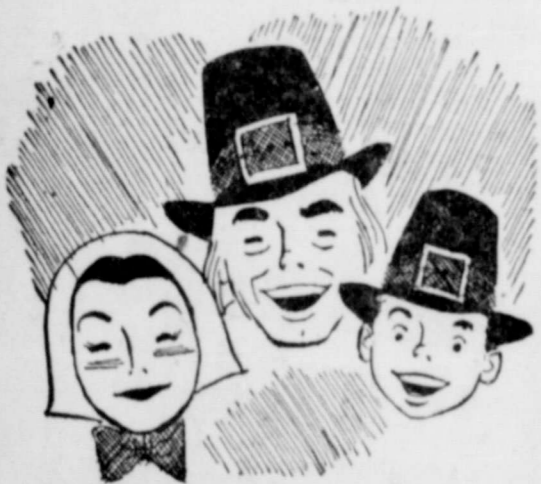

"The increases of the past decade in life insurance ownership are reflected in these current payments," Holgar J. Johnson, Institute president, said in announcing the figures. "For the country as a whole, death benefits paid in the first nine months of the year were \$109,455,000 greater than in the corresponding period of last year and 71 percent more than in the first nine months ten years ago. Life insurance ownership has increased over 160 percent in the last ten years."

Death benefit payments in this state in the first three quarters of 1951 compare with \$20,362,

however, she came back to find her classroom strangely peaceful—the children were sitting erect at their desks, hands primly folded. Miss Conroy's jaw dropped and she demanded, "How did this happen?"

Slowly a impud hand went up. "Well," said an eight-year-old blonde, timidly but expectantly, "you told us that if you ever left the room and came and found us quiet—you'd drop dead!"

### Mrs. McNelly Presides At WSCS Meeting

Mrs. Stanley McNelly, president, presided at the meeting of the Woman's Society of Christian Service of the First Methodist Church which met Monday afternoon at 3:00 to conclude its program of progressive visitation. Mrs. G. D. Nicholson led the group in the opening hymn, "Wonderful Words of Life" with Mrs. C. O. Strong at the piano.

Mrs. A. Deffebach, serving as program leader, introduced Mrs. Shelby Parnell and Mrs. Pat Thomas who presented a skit, "My hobby is humanity." After the program, each woman was given a card and urged to check it according to her status in the WSCS.

Mrs. W. F. Creager, Sec. of publications, announced a skit entitled, "Non-Subscribers." Those taking part were: Mrs. J. Townsend, G. C. Boswell, W. F. Creager, A. Deffebach, Mike Alexander, B. Hopper, G. Lavender and L. E. Wolfe.

A meditation on Gratitude by Mrs. Creager, concluded the program of the afternoon. A second hour was enjoyed by the following: Mrs. R. L. Willis, R. B. Patterson, G. D. Nicholson, M. H. Hagaman, A. J. Ratliff, Roscoe Hopper, J. A. Townsend, M. F. Williams, Pete Cogburn, C. P. Ashcraft, Pat Thomas, G. C. Boswell, G. O. Strong, P. M. Kuykendall, E. L. McMillan, Price Crawley, Mike Alexander, W. F.

## SOCIETY

### Circle Packed Cookies Tues.

Mrs. A. W. Lester was hostess to members of the Julia Alexander Circle Tuesday afternoon when they met for a covered dish luncheon.

The dining table was covered with a lace cloth and centered with a bouquet of mums. Luncheon was served from quartet tables covered with linen cloths.

After a social hour, the members packed a large box of cookies when were sent to the Home for Children and Aged at Sherman.

The next meeting will be a business session at the Odd Fellow Hall on Wednesday, December 5, when all members are urged to come.

Those present were Misses Lee Graham, R. B. Patterson, E. J. Green, A. H. Blackwell, Laura Milton, Joe Calder, Maggie Maston, M. F. Williams, W. C. McDonough, G. O. Strong, E. C. Williamson, W. C. Harris, H. C. Brooks, Jim Young, M. Wilson and the hostess Mrs. A. W. Lester.

### Columbia Study Club Meeting In Gregg Home

The Columbia Study Club met in the home of Mrs. Saunders Gregg on Tuesday afternoon at 3:00.

After a short business meeting presided over by Mrs. David Pickrell, Mrs. J. E. Matthews gave a book review of "Catcher in the Rye."

Mrs. David Pickrell assisted the hostess, Mrs. Saunders Gregg, in serving refreshments to the following: Misses W. D. Conway, M. L. King, Charlie Owens, J. E. Morris, David Pickrell, L. E. Pearson, J. W. Thurman, J. E. Matthews, P. M. Kuykendall, E. Crawford, and the hostess, Mrs. Saunders Gregg. Mrs. B. V. Hanna, mother of Mrs. L. R. Pearson, Jr., of Austin, were guests.

The next meeting will be held on December 3, in the home of Mrs. J. E. McLaughlin. Mrs. W. L. Downtain will give the book review.

### Intermediates Go On Weiner Roast

The Intermediate Sunday school class of the First Methodist church motored to Butler Springs Sunday afternoon for an outing and weiner roast.

Mr. and Mrs. Shelby Parnell were sponsors for the group. After hiking over the grounds and walking across the swinging bridge, the young people enjoyed building a bonfire and roasting weiners.

The group reported a wonderful time and lots of fun.

Those attending were: Mery Ellen and Don Deffebach, Tom and Rose Marie Sawyer, Paul Hines, Kay Vaughn, Polly Rainey, May Lett Wright, Patsy Entler, Gayle Garner, Jeanette Herring, Mr. and Mrs. Parnell and daughters, Duanne and Shelene.

Mr. and Mrs. W. F. Creager are expecting their daughters, La Nita and Melba over the Thanksgiving weekend. Melba will be an attendant in the Elaine Brasda wedding on Sunday morning.

### TEXAS ELECTRIC SERVICE COMPANY \$4.56 PREFERRED STOCK DIVIDEND

The regular quarterly dividend of \$1.14 per share on \$4.56 Preferred Stock outstanding was declared by the Board of Directors Nov. 11, payable Jan. 2, 1952, to stockholders of record at the close of business Dec. 11, 1951.

T. W. KOCKS Secretary

### Royal Neighbors Meeting Monday

The Royal Neighbors of America Post No. 9689 met Monday night Nov. 20, in the Texas building for their regular meeting.

The meeting was opened with Oracle Laura Todd in the Chair. Sick reports were given and talks were made on the good of the order.

Plans were completed for a birthday dinner to be given Monday night at 7:00 in honor of Birdie Shipman. It will be a dinner of Turkey and all of the trimmings. The husbands and children of each member are invited to the dinner.

Those present were: Iestla Smith, Laura Todd, Claudia Campbell, Julia Brown, Eleanor Horton, Claradell Dapree, Lena McDonough, Lillie Anderson, Edna Huffman, Edna Wright, Tillie Hicks, Laura Melton, Lee Graham, Opal Kelley, Ellen Jones and Clara Daniels.

# Thanksgiving

Which means, WE GIVE THANKS  
To Whom and for what?

To our Divine Creator, from whos bountiful hand all blessings come.

Thankful, certainly, for old friends, who, through the years have remained loyal despite our many faults; and for the new friends who make our daily tasks seem easy.

But, above all, we are thankful for a place to serve and be helpful, in the community in which we live, the churches and schools that serve it, and the great state and nation in which we live and to which we have pledged allegiance.

WE ARE THANKFUL
