## "We Must Defend Our Freedom" Lions Told By Eastland Attorney

Speaking before the Thursday meeting of the Ranger Lions Club, Eastland Attorney and civic leader Jack Frost, told the Lions that we must act to curb strong governmental influences that are slowly but surely stealing the basic rights and freedoms from the freedom loving American people.

Frost told the Lions that a government or laws is "a restraint upon the basic freedom of all people" to protect them as individuals from the "will of the strong". And that the government "originally arose to protect the individual" not to deprive him of his rights and freedom.

In his address Frost said there are two kinds of government: People who are governed and dictatorships and that there must be a free government or one is not free. And that our forefathers drew up a document for our protection, but "in more recent years it has become a government of men in which there is no protection for personal rights".

He went on to say that even in our courts the people have been denied freedoms that were originally meant to be their's when this nation was founded; with the right of appeal in some cases denied. He said that the "Supreme Court is made up of evil men who have disregarded their oath of office" and have taken from various groups or individuals various things which have been their's for generations as free men.

The Eastland attorney also said that a long range plan is underway in the United States to gain control of the masses through labor unions and other organizations.

He mentioned various known cases of corruption in government with the high percentage of taxes levied against the people of America.

Frost told the Lions that approximately 30 per cent of the national income goes for taxes to operate the government and that in any nation when the rate of taxation climbs to more than 25 per cent the people as a democratic nation are doomed.

Through various ways and means - the government through the courts and corrupt government officials have gradually gained more and more power that threatens to break down the democratic way of life that has prevailed in this country.

Frost told the Lions that to prevent this the people must make themselves eligible to vote; cast their vote wisely by selecting public servants that are honest; protect the freedom of the press, so that we may remain well informed as to happenings in our government; and demand that all influence peddler and corrupt official be removed from office.

It came to light in the speech Frost made that very few of our official are elected; in fact 435 Representatives, 96 Senators and

## Dr., Mrs. Jolly Will Attend An Optometric Meet

Dr. and Mrs. Marshall Jolly of Ranger plan to attend the West Central Texas Optometric Ass'n meeting in Abilene Jan. 20. Highlights of the meeting will be a series of lectures on the Screening of School-children in public schools for visual defects in which Dr. Jolly will participate.

Optometrists will be present from a wide area including Brownwood, Ranger, Abilene, Snyder, Colorado City, Sweetwater, San Angelo, and Stamford.

## Rangers Meet Arlington In Pioneer Game

The Ranger Junior College Rangers play the second conference game of the year against Arlington State College tomorrow night.

The game will be played in the Ranger gym. The Rangers dropped their first game to San Angelo Wednesday.

the president, the other three million on the government payroll are appointed.

Frost made a summation of the talk by saying that if we want to keep working at what we want to do, living where we so desire, and keep our other democratic freedoms we must start to work now to preserve them.

Mr. Frost was brought before the Lions by Floyd Killingsworth who was in charge of the program Thursday.

Among the visitors at the Club yesterday was the Lions International District Governor from Mineral Wells, Orval Shore.

The district governor was making an informal visit with the Lions here and spoke very shortly about the fine work the club here was doing and the benefits derived from Lions International as a whole.

The Lions agreed at the meeting to give all money derived by the club for the next three weeks to the March of Dimes campaign; heard a report by Morris George on the progress of the safety program; and voted in a new member, Mr. Harry Reeve new officer of the Paramount Hotel.

Lion R. V. Galloway reminded the Lions at the close of the meeting that next week's program will be a field representative of the Social Security agency and he will deal with businessmen problems in social security.

## March Of Dimes Gets Boots From Two Local Men

Mrs. J. A. Bates has elatedly reported that the March of Dimes Drive of her zone has been given a big boost by local sign painters.

Jack Williams and Bill Collet have offered their services free of charge to Mrs. Bates to paint for her part of the drive several large blue and white banners. This will constitute quite a savings for the chapter in this zone though the generosity of Jack Williams, who operates a sign painting business here, and Bill Collet who works for the Dr. Pepper Bottling Company.

As everyone well knows, a sign painter's work is pretty costly on an undertaking of this large and this will save money for work against polio.

## Dallas Collector Received First Gambling Taxes

DALLAS, Jan. 11 (UP)—Ellis Campbell, Internal Revenue Collector in Dallas has received the first tax payments under the federal gambling law.

One Dallas gambler and two from Borger have paid more than \$300, representing 10 per cent of their take for the month of November. One of the gamblers also filed a return for December, according to Joe Hooper, of the wage and excise tax division of the bureau.

A Borger gambler made the largest payment. He paid a total of \$192 for the months of November and December. The tax indicated that the gambler did close to \$2,000 worth of business in the two-month period.

Another Borger gambler, paid a tax of approximately \$100 and the Dallas gambler paid a tax of "less than \$100," Hooper said. No explanation of how the money was earned is required with the tax payments, Hooper said. It was forbidden by the law to disclose the gamblers names, he said.

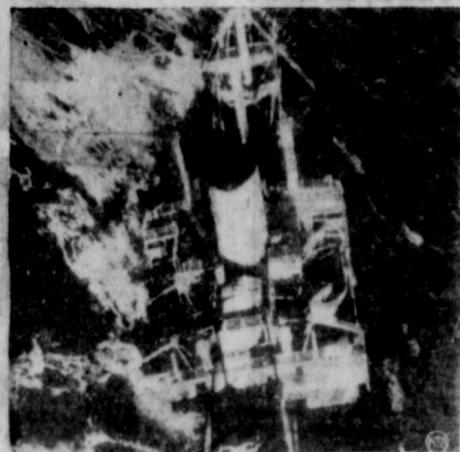

## City Will Collect Dimes For Polio Drive In Parking Meters

The Mayor and the Ranger City Commission authorized City Secretary Lester Crossley to announce that all dimes put in the city's parking meter's will be given to the March of Dimes.

The meters do not operate on dimes but will receive them. In this way the city is doing its part in helping the March of Dimes Drive in Ranger.

Crossley said that the people are to understand that this is just a way of aiding in the collection of money for this worthwhile cause and will not pay for time on the parking meters.

You are urged to put at least a dime in a meter for the March of Dimes as often as you possible can to help Ranger raise money for

## PERCY JONES CASE HEARD IN COURT CIVIL APPEALS TODAY

Hearing of the Percy Jones case, involving settlement of a fifteen million dollar estate, began at 9 o'clock in Eastland this morning in the Eleventh Court of Civil Appeals.

Hearing of testimony from lawyers, in the case, consumed the first hour, and it is not possible at this time to say when the hearing will be completed. Several briefs have been published, and have been considered by members of the court, though verbal testimony may be soon completed it will be some time before a decision may be expected.

The case was sent to the higher court from Abilene, and has attracted state-wide attention.

Gist of it all may simmer down to long drawn-out tax discussion. Percy Jones, before his death wrote his will. This was in 1947. Five codicils were added after that date, and before he passed away.

## Mrs. Vera Patton Be Buried Today

Mrs. Vera Patton, 38, wife of C. O. Patton, 313 St. Charles St., Eastland, who passed away at a Ranger hospital early yesterday, will be buried in Eastland cemetery this afternoon following services at the Morris Funeral chapel in Ranger, Rev. W. C. Emberton, pastor of the Nazarene Church, assisted by Rev. Galloway of the Church of God, will have charge of the services, to be conducted at 2 p.m.

She is survived by her husband, C. O. Patton, six children, Mrs. Ernal Thomas of Midland, Betty, Glen, Elizabeth, Mildred and Carolyn Patton of Eastland; her father and mother, Mr. and Mrs. R. H. Purdon, and other relatives and friends.

## Haircut Causes 35 Minute Traffic Jam

OTTAWA, Ont., Jan. 11 (UP)—Nell Campbell, 19, who parked his truck across streetcar tracks on a busy downtown street holding up traffic for 35 minutes while he went for a haircut, was fined \$4 today.

## Three Americans Among Dead In Irish Plane Crash

CARNAVON, Wales, Jan. 11 (UP)—Searchers removed today the bodies of most of the 23 persons who died last night when an Irish Airlines transport plane crashed on a mountain-top bog during a wind and rainstorm.

All aboard were killed. A passenger list recorded three Americans aboard—W. A. Lynch and Thomas J. Carroll, both of New York City, and an unidentified person. The airline said it had given the latter's passport to American embassy officials for identification.

The airliner, en route from London to Dublin, plunged into the mountain bog and exploded shortly after 7 p.m. (2 p.m. EST) during a 50-mile-an-hour gale.

The crash and explosion were heard 12 minutes after the plane radioed, "all well and on course." Flames lit up the valley below the mountain, Moei Saibod.

It was the first crash in the Irish line's 15 years of operation.

## Truce Teams Will Continue Work Toward Armistice

PANMUNJOM, Korea, Jan. 11 (UP)—United Nations negotiators determined today to "keep trying" to resolve deadlocks over armistice supervision and prisoner exchanges in a split Communist double-talk.

"Previous deadlocks at the time seemed just as insurmountable as the current one," Brig. Gen. William P. Nuckols, official U. N. spokesman, said. "And they have been resolved."

U. N. members of the armistice supervision sub-committee demanded that the Communists give them a simple answer to the question the allied team has repeated again and again—"Do you or do you not intend to strengthen your military capability during an armistice by airfields?"

## Very Active Ulcers

CHICAGO, Jan. 11 (UP)—Edward Smith has ulcers. His wife charged in a divorce suit yesterday that he broke 60 dishes, more than 30 glasses and a number of windows to stave off his ulcer attacks.

Smith told Judge John T. Dempsey he thought his method of easing tension was "better than taking it out on my wife."

## Broiler Growing To Be Discussed Tuesday Meeting

The broiler industry will be discussed in this city Tuesday afternoon at 2:30 o'clock in the county court room, when farmers, poultry growers and other interested parties, meet with County Agent, J. M. Cooper, who has called the meeting.

That Eastland County's climatic and soil conditions are ideal for the production of poultry is known far and wide, but only the select few know that already enormous shipments of dressed broilers are being shipped from Eastland almost each month. During the past summer one local produce concern shipped on an average of 10,000 broilers per month.

Poultrymen, poultry processors, feed men, agricultural teachers, bankers and lumber men have been invited to attend this meeting which will be open to the public.

Despite high feed prices many Eastland farmers have found broilers profitable even with the prevailing medium low prices.

Poultry has always been a popular dish on American tables, and with prevailing meat prices, which poultry is lowest in price, it is more popular than ever.

If you can manage for the chicks and take care of them, it is an easy matter to finance feed.

## Fort Worth Detectives Believe "Mystery Car" Owner Is Dead

FORT WORTH, Jan. 11 (UP)—Fort Worth detectives advanced the theory today that George Emerson Houser, California owner of an abandoned, blood-stained car found here Monday, may have been murdered.

Detective A. C. Howerton said he believed Houser, 29, of Rosamond, Calif., may have been bludgeoned or shot to death by hitchhikers while driving along the highway.

Houser was last seen Saturday when he planned to make a short trip from Rosamond to Lancaster, Calif. When he failed to return, his brother reported him missing.

Blood found on and in the car was being examined in state laboratories at Austin to determine if it is human.

Howerton said blood spots were found from the outside of the door on the driver's side to the left rear fender, indicating the automobile was being driven by

# UN Passes Western Disarmament Plans

## Russian Bloc Voted Against Western Plan

By Richard Witkin  
United Press Staff Correspondent

PARIS, Jan. 11 (UP)—The United Nations gave final approval today to negotiation of a world arms control and reduction by the new UN Disarmament Commission.

The vote was 42 to 5, with seven abstentions. The arms study plan previously was overwhelmingly approved in committee.

The five-nation Soviet Communist bloc voted against the proposal, largely because it instructs the new commission to base its work on the Baruch blueprint for atomic controls.

However, Russia has promised to take its seat on the 12-nation body which must begin work within 60 days.

Today's action climaxed a campaign by the western powers at this UN session to seize the peace initiative which the Russians have virtually monopolized in previous years.

The Soviet bloc lost a last attempt to knock out the clause instructing the commission to use the Baruch plan as a starting point. A Czech amendment which could have eliminated the clause was beaten, 41 to 6, with eight abstentions.

The Baruch plan calls for free inspection of atomic stockpiles and production as a pre-requisite for international control. The Russian demand that first of all there be an immediate and unconditional ban on the atom bomb.

UN observers had no illusions that Russian agreement to participate in the commission means any concrete progress toward disarmament.

In earlier committee debate and in secret big four parleys both sides made it plain that they are far apart on basic issues.

The new commission is expected to start functioning here before the current UN session ends and then switch its activities to the UN's permanent headquarters in New York.

Its first report is due by June 1. It will call a world disarmament conference as soon as it considers its work has progressed far enough to submit any agreements to ratification.

## Junior College Radio Program For Saturday

## EASTLAND COUNTY POLIO FUND IN DEBT; YOUR HELP NEEDED

Mrs. J. A. Bates, who is the zone chairman of the March of Dimes in which Ranger is included, stated that due to the enormous debt of the county and national foundation that care for polio, we will have to give generously if we make the drive successful here.

While no dollar or cents quota is set in the MOD drive for this year, Mrs. Bates said that at least one dollar per person in her zone would be the desire.

"While there are some families that are unable to contribute one dollar for each member of their family, there are many more that are able to give much more than

that," Mrs. Bates said, "and they must give generously in order that we make a successful drive in our county."

The chairman was of the opinion that if the people knew more about the operation of the Polio Foundations they would be more willing to help support their work.

Last year in Eastland County alone, \$10,575 was spent in aiding polio victims. The county fund is in debt a total of \$5,964 from last year's operation. They owe \$2,250 of this to the national foundation; and owe another \$3714.25 on payments or money borrowed from other sources.

Therefore it is very urgent that Eastland County go all out in the support of the March of Dimes. The indebtedness must be overcome that we still have from last year, before any of the funds can be used to aid polio victims here. Above this the National Foundation, of which Eastland County is a member, is approximately five million dollars in debt. The tremendous expenditures show the increase of polio and increased cost to aid in fighting it.

Although there has been no serious outbreak of polio reported in Eastland County in the past few years there has been and is now, a case reported over scattered areas that take all and more than you have donated in the past. When the county chapter runs out of money they are rescued by the national foundation. As things stand now both of them are in debt and are badly in need of aid.

In Ranger you can put a dime in a parking meter and it will go to the March of Dimes, make a donation at any business place with containers for that purpose. Contact Lester Crossley or Mrs. J. A. Bates, at the Chamber of Commerce, and on the last day of the national drive your home will be visited by the Mothers March on Polio between seven and eight o'clock in the evening.

CAA authorities at Texarkana declared they didn't "know what to think. It doesn't seem that anything happened."

The plane was described by witnesses as a four-engine transport type. One said it wore the blue and white star insignia of the Air Force. But there were no reports of missing or overdue aircraft, either military or civilian.

The search began at dusk on reports which circulated through Paris, and Hugo, Okla., across the river.

The plane was seen about 5:30 p.m. flying low over the river. Witnesses' estimates put the big craft as low as 100 feet. Pete Renfro, 45, of Arthur City said one of the four engines was stopped and another was "sputtering."

## Police Search For Attacker

AMARILLO, Jan. 11 (UP)—Police continued a search today for a khaki-clad man who Wednesday night abducted a 16-year-old Okmulgee, Okla., girl and attempted to rape her.

The girl escaped by running from the man's car.

She told officers she was enroute from Okmulgee to Roswell, N. M. She said the man got her purse containing \$15 and her

Two Favorites In SW Conference Race See Action

The Southwest Conference's two unbeaten title contenders—Texas Christian and Texas A&M—lay their records on the line tonight.

TCU, championship favorite and winner of three straight loop games, to date, entertains the luckless Baylor Bears at Fort Worth, while Texas A&M plays host to oft-beaten, but dangerous Rice at College Station.

The Frogs by winning tonight can assure themselves of holding onto the lead at least until Feb. 2 because that will be the date of their next conference game—against Arkansas.

Mid-term exams interrupt the schedule after the Baylor game and the Frogs will not return to action until Jan. 26 when they play Oklahoma City University a practice contest on the latter's court.

Looser only to Manhattan in 14 starts so far, the Frogs are heavily favored over a Baylor team that's managed to win only one of 12 games. The game will mark Baylor's debut into title play.

The Aggies have won only four of 12 starts this season, but one of those was last week's victory Arkansas in the only title start.

Rice has won five and lost nine, including conference games to TCU and Southern Methodist.

Golf's Top Names Tee Off In Bing Crosby's Open

PEBBLE BEACH, Calif., Jan. 11 (UP)—The elite of golfdom, plus some of the world's best-known hackers, teed off today in Bing Crosby's annual charity affair, the \$10,000 National Pro-Amateur Tournament.

Headlining the golfers will be defending champion Byron Nelson; Tommy Bolt, winner of the recent Los Angeles Open; colorful Jimmy Demaret, Los Angeles runner-up Jack Burke, veteran E. J. Harrison, Cary Middlecoff, Jim Ferrier, and former national amateur champion Mark (Bud) Ward.

The hackers are even better known than the golfing stars—but they won't share in the \$10,000 prize money for the pro-fogies. These include bandager

UT Swimmers Open Their Season Sat.

AUSTIN, Jan. 11 (UP)—University of Texas Tankmen open their 1952 season tomorrow against SMU, Baylor and Texas A&M in the third annual Southwest Conference relays at Gregory gym.

Swimming splashes into the limelight with the opening event of the four-team relay at 3:30 p. m.

Coach Chapman's Longhorns, winners of the relays for the last two seasons, go into competition as the ranking favorites.

The strongest bid to bounce Texas from the top rung of the relays was expected from SMU, led by Arden Ameringer and Bill Farrell, two of the conference's top swimmers a year ago.

The Aggies will enter the meet boasting a great individual star in Van Adamson, Conference individual Medley holder. However, neither Baylor or A&M was rated as having sufficient team strength to be ranked as a first place contender.

The leading feature of the six-event program will be the diving relay in which Texas' Skippy Brownning, NCAA and National AAU dive champion, will team with Boby Brednax and Milton Black.

The Longhorns will also field aggregations in the 400-yard free style and breaststroke relays.

Other relay races will include the 50-yard backstroke relay, distance medley relay and double mixed relay.

Earl Harris, who paired with Harrison last year to win the pro-amateur crown, Bob Hope, former football star Ernie Nevers, actor Johnny Weismuller, singer Gordon MacRae, baseball players and many others.

Bob Lemon and Vern Stephens. Promoters hope to gain at least \$20,000 for charities from the all the expenses, including the \$10,000 prize money for the pro-fogies.

Looking Back on 1951—

... the inventory shows that the scales weighed out a good portion of the best things for us to enjoy. While the mistakes we made stand out like a sore finger and our failures almost overwhelmed us, yet these discouragements are small indeed when compared to the unhappiness and tragic experiences of some who happen to live in other countries. We are glad we live in our land of Texas where we have had the opportunity to see a host of loyal customers for more than a quarter century.

NEWS FROM CHEANEY Mrs. Bill Tucker

Ho Hum! New Year resolutions They are almost always broken before the year gets started—so we are glad we didn't make any to be broken.

Mrs. D. C. Weeks was ill and unable to attend Church Sunday.

R. D. Hart is home again after a three week stay in a Fort Worth hospital. He is recovering from injuries sustained in a car accident near Snyder before Christmas.

Alameda Church of Christ folks regretted that G. Stanley DeVall family have moved to West Texas. He will continue preaching for small congregations while in that section of the country.

The young preachers from Abilene, Brother Grisham, who preached the morning sermon at Cheaney Church of Christ, and a schoolmate, Brother Anderson, were both dinner guests of Mr. and Mrs. John Love.

Mrs. Alma Bratton of Ranger and Lanham Lemley of Odessa were both visitors Monday in the Sanford Lemley home.

Mrs. Cynthia Echols, Mrs. Arlie Echols of Gorman were callers Tuesday in the Idus Echols home.

Mr. and Mrs. Charlie Miller of Black, Texas came Tuesday for a short visit with the John Tucker family. We fairly begrudge all the snow, rain and mud which they have been having in the Hereford area. We could use that surplus moisture here.

Junior Love, son of Mr. and Mrs. A. H. Love reported Monday January 7, for his preinduction physical to the Abilene office.

The generosity of neighbors, Mr. and Mrs. Wilbur Overstreet in lending their pickup to Mr. and Mrs. Frank Poteet permitted them to spend Christmas with her grandparents, Mr. and Mrs. Wallace, in Sipe Springs.

And we would not forget to mention that dazzling diamond being worn on a certain finger on the hand of Miss Alice Rogers—who said there is no Santa Claus.

This egg story is true, even if it does sound like "can you top this".

Mr. and Mrs. J. W. Case have a flock of Production Red Hens which have been very proficient in the days of good prices, but one hen out did all the others.

Her egg measured 8 3/8 inches by 6 7/8 and when broken contained another complete egg, surrounded only by egg white. This

Blood Donor? Eat The Right Kind Of Food

A plea has gone out for American blood donors. Those persons who generously give blood must pay special attention to their diet. This is in light of a newer knowledge of nutrition in which it is now understood that the right kind of food is important for the formation of high quality blood, points out Reba Staggs, home economist.

Miss Staggs calls attention to information coming from a Red Cross blood transfusion center in London, England, revealing a reduction of about 10 per cent in blood quality of their blood donors at the present time. Authorities in England believe the reason for this reduced blood quality is the long period of scarcity of meat in British diets.

Following research, a direct relationship has been discovered between the amount of protein and one measured 6 3/8 by 4 4/8 inches and was a brown shell, like the outer shell. Is this sort of an unusual record?

Miss Betty Forest of Desdemona and her escort Junior Love who has recently been employed in Odessa attended the Alameda church services Sunday.

Now they tell me that the Henry Perrin well produced salt water. Not a sign of oil to date.

Farmers are at a standstill with their farming operations. Cover crops are at low ebb—everything dormant but the sand and dry leaves. They move at the merest breath of air.

**Lloyd Capps  
Honored On  
8th Birthday**

Lloyd Capps was honored on his eighth birthday Thursday afternoon at 3:30 until 5:30 p. m. with a party in his home at 805 S. Austin by his father and mother, Mr. and Mrs. Delbert Capps.

The guests gathered at the home and were entertained with a number of games and also several comedies were shown on the screen and brought joy and delight to the group.

The refreshment table was covered with a beautiful cloth carrying out the birthday motif and the napkins were in matching designs. The cake was iced in snowy white with yellow and silver trimmings, and displayed on a silver platter with miniature candelabra holding tiny yellow candles on either side. Favors were miniature candle holders made of gum drops and life savers holding a candle. Fruit punch, candy and cake was served by Mrs. Capps to the following guests and the honoree:

Mary Masseege, Billie Jo Johnson, Mike Herrington, Mike Elder, Carroll Jane Smith, Louise Friley, Ginny Phillips, Jimmy Boone, Thomas Comacho, Charolett Rose, Terry Townsend, Phillip and Phyllis Basham, Richard Guest and Lloyd Capps.

After the refreshment were served the group enjoyed playing with the gifts that Lloyd had received.

**Dorcas Class  
Met Thursday**

The Dorcas Sunday school class of the First Baptist Church met with Mrs. W. W. Mitchell at 3 p. m. Thursday for a business meeting and social hour.

The opening prayer was led by Mrs. Lula Powell and the devotional was brought by Mrs. Lilly Applegate. Her theme was "Living One Day at a Time" based on Phil. 3:13-14; Ex. 16:4 and Titus 2:13. The next meeting will be in the home of Mrs. Lula Powell February 7.

Sandwiches, cake and coffee was served to Mrs. J. F. Byas, Shirley, Applegate, Mat Robinson, Lee Mitchell, A. A. Daniels, Hugh Dawley, Lula Powell, Verna Long, O. L. Robinson, Amy Brown, Miss Ethel Adams and the hostess, Mrs. Mitchell.

**Planning Meeting  
For TU Tonight**

There will be a general meeting for the General and Departmental officers of the Training Union at the First Baptist church this evening at 8:30 p. m. in the East Wing of the Fellowship hall.

A waffle supper will be served and at 7 p. m. the meeting will begin with a general assembly, after which there will be departmental meetings, according to Walter Arterburn, Training Union director.

Departmental directors and their officers along with the union leaders, counselors and presidents of the unions are urged to be present.

**HOP 4-H Club  
Met Monday**

The 4-H Girl's club at Hodges Oak Park school met Monday afternoon.

They studied about planning a garden. Some rules to follow were discussed as to the first things to do in gardening.

Miss Evelyn Bigby gave each member a pamphlet to assist them in their study.

After the discussion, the club joined in a sing-song and also a period of games.

Mrs. Calvin W. Harris underwent major surgery in the Ranger General hospital and was reported Thursday afternoon as doing fine.

**Waffle Supper  
For Couples**

The young couples of the First Baptist church met in the home of the pastor, Rev. and Mrs. Ralph Perkins, Thursday evening at six o'clock for a waffle supper and the organization of a Training Union for the younger couples of the church and community and for the members of the business men and women Sunday school classes.

Waffles were served to the following: Mr. and Mrs. Dwaine Dennis, Mr. and Mrs. Jimmy Martin, Mr. and Mrs. H. L. Coody, Mr. and Mrs. C. F. Briggs, Mr. and Mrs. Bob Finley, Mr. and Mrs. Keith Langford, Walter Arterburn and Rev. and Mrs. Ralph Perkins.

During the business session, the following officers were elected to serve for the time being for the new union that was organized: C. F. Priggs, president; Jimmy Martin, vice-president; and Keith Langford, group captain. The first program will be presented Sunday evening, January 13, at 6 p. m. in the church.

All young couples are invited to attend this union. It was reported that the nursery will be open for the children.

**Last Lesson  
Of The Week**

New Testament teaching concerning the nature and work of the church has been the theme of Bible study at the Second Baptist church each night this week. Another of these studies will be held tonight beginning at 7:00 o'clock. Bring your Bible and study this important teaching.

His Dice Back**

GALVESTON, Jan. 11 (UP)—Deer Sammy Habeeb wants his dice back, all 508 pairs of them, and is now up to the Galveston Court of Civil Appeals to decide whether Habeeb or Police Chief L. D. Morrison shall have them. Morrison seized the dice a year ago in Habeeb's car, which had been seen in Houston.

The Houston grocer instituted suit in court claiming he collected the dice as a hobby. Morrison contended 322 pairs of the 508 were "loaded," and that he had confiscated the lot as gambling devices. Judge John Snell of Harris Court of Law No. 2 ruled that Habeeb should have back his dice, but Morrison appealed the decision and the case yesterday went before Galveston Court of Civil Appeals.
