

33RD YEAR

RANGER, TEXAS, MONDAY, JANUARY 14, 1952

PRICE FIVE CENTS No. 193

SEEN OR HEARD

We've heard quite a bit of comment of recent on the efforts underway trying to get a quarter-back club active in Ranger. We had one here, but somehow the other operations just tapered off until there were no meetings and no active interest. Most people seem to think if we had a good club here it would help a lot in the improvement of athletics. They are not trying to get your money to build a new ball park or any other project—all they want is all the football minded people of Ranger to get in there and show the teams that we are behind them one hundred per cent, win or lose.

Along with the fellowship you'll have in the club you'll be showing the athletic participants of Ranger that the townspeople are interested in them all year. With a new year bringing added obstacles to both Ranger's teams now is the time to get in there and start pitching.

Tomorrow night they are going to try to sponsor an intr-squad banquet of the Ranger Junior College and Ranger High School teams. In most cases the only money needed is what you will need in the way of a ticket for you and a football player who will be your guest of the evening. If your son is a player then you already know who that will be.

"We know a bunch of the "Monday morning quarterback" that used to meet with us at the football field should be there with colors flying.

Ever evening when we would repeat for our coaching duties with the team, from one to a dozen local fans would be out there. "Doc" Rueser, Allen Full, "Dago" Varner, T. R. Craig, Bob Lester, Bob Patterson, Raymond Lingle, and a whole slew of others. These Quarterback Clubs can do a lot of good for the town as well as the football team.

This meeting is open to everybody. If all the people that follow the two teams to football games will just be on hand Tuesday night at 7:30 the club will be assured of a success.

One lady here in Ranger sure has a wonderful attitude toward the March of Dimes.

Mrs. Bates told us this morning that she was making substantial donations for her own family and had "adopted" a family of four that are unable to give and will make a donation for them.

If each and everyone of you could talk to Mrs. J. A. Bates about the seriousness of monetary problems for the Polio Foundation in Eastland County we believe you would be very generous with your money to the MOD.

We notice that there is a five gallon water bottle sitting in the Commercial State Bank with a polio banner draped over it. The people here should give it. They can't run that thing over a couple of times between now and the 31st of January.

Don't forget about the parking meters taking dimes for the March of Dimes and each time you park drop one in after you put your penny or nickel in for "time". A dime in the window of the parking meter in front of your car is proof that you are pitching in and helping the fight against polio.

Navy Patrol Bomber Lost

TOKYO, Jan. 14 (UP)—A four-engine U. S. Navy patrol bomber with 12 men aboard crashed and burned today near Yokohama.

Authorities refused to identify the type of plane further. The plane was still burning three hours after it crashed in open country six miles southwest of Yokohama and there was no official count of casualties. The Navy believed some of the crew possibly parachuted safely before the bomber hit the ground.

Earlier, Japanese reports said all 12 crewmen were killed. A Navy announcement said the plane apparently developed engine trouble as it was returning to Atsugi Naval Air Station, 30 miles south of Tokyo after a routine reconnaissance mission that began at 6 a. m. shortly before the crash, which occurred about 5 p. m. The pilot radioed the field that at least one engine was not working properly.

Polio Hits All Ages; All Are Given Help

They're neither too young nor too old to get polio. But Dr. John S. Anderson was a little skeptical when he was called to treat a spry gentleman of 86—Mr. Even Williamson of Dannebrog, Nebraska—for polio.

On August 27, 1949, Nebraska was in the midst of a hot spell. Mr. Williamson went for a refreshing swim. Later in the day he had chills and that evening he really felt sick. He was taken to the St. Francis Hospital at Grand Island, Nebraska, where several doctors made a number of tests and established the fact that Williamson had polio. He is the oldest person on record to get the disease.

The Howard County Chapter of the National Foundation for Infantile Paralysis financed the necessary treatment for its oldest patient. Unlike most adults who get polio, Mr. Williamson had a very light case, which left him only slightly paralyzed. Still doing his exercise to keep in trim, Sven Williamson today is as fit as ever and looking forward to his eighty-ninth birthday.

At the other extreme, Wendy Woods of Long Island, N. Y., is the youngest patient to have had polio. A few weeks before Wendy was born, her mother felt ill, but there was nothing to indicate that Mrs. Woods had polio. When little Wendy was only five days old, however, she got infantile paralysis. For a month, Wendy was in New York Hospital under the care of Dr. William Laupus, resident in pediatrics.

A year old on October 14, 1951, Wendy still has a weak arm from her attack of polio but she's following a course of physical therapy to minimize it.

Since the National Foundation for Infantile Paralysis was established in 1938, some 184,000 children and adults have received March of Dimes funds to help them in their fight against polio. Sven Williamson and Wendy Woods are examples of polio patients at the extreme ends of a long age scale. Sven and Wendy know that polio viruses respect neither the very young nor the old. And Sven, at least, knows that March of Dimes funds are always ready to assist polio patients of all ages who need help. That is why you are being asked to give voluntarily—now—to the 1952 March of Dimes.

Texas Leads In Sheep Growing

Texas farms had nearly one-fifth of the nation's sheep at the beginning of 1951, discloses a statistical analysis compiled by the research staff of Capper's Farmer. Sheep in Texas numbered 7,119,000 and had a farm value of \$154,962,000.

USDA estimates placed the total sheep and lamb population on the nation's farms at 31,505,000 on January 1, 1951, an increase of 762,000 head over 1949. Texas alone accounted for nearly 50 percent of the gain.

The U. S. sheep crop brought \$390,000,000 in cash receipts from farm marketings in 1950, scoring a 10.7 percent gain over the previous year. Mid-America accounted for \$226,883,000 or 58.2 percent of the total. In 1951 there was a smaller slaughter of sheep and lambs, but cash receipts averaged 5 percent above 1950.

Cash receipts from shorn wool last year jumped 18 percent to \$126,171,000, and mohair gained 63.4 percent for a total of \$11,049,000. Almost 53 percent of the wool receipts and more than 96 percent of the mohair receipts went to Mid-America.

British Press Has Princess Margaret Just About Married

LONDON, Jan. 14 (UP)—Red-haired "Johnny Dalketh," 28-year-old Earl of Dalkeith, was visiting Princess Margaret at Sandringham today under circumstances remarkably similar to those preceding the engagement of Elizabeth and Philip.

The British press quickly seized the opportunity to engage in a little matchmaking—the favorite national sport—for the pretty, 21-year-old princess.

Sources close to the royal family said they did not believe an engagement announcement was imminent "although it will probably be true some day."

Four years ago Princess Elizabeth was preparing to accompany

THE JUDGE GETS FIVE—Justice of the Peace Yates Hamm of Antioch, Calif., found these five youngsters, complete with clothing and toys, in his chambers shortly after he had fined their parents \$20 for refusing to send one of their daughters to school. Mr. and Mrs. Amos Barton told the judge they were giving him five of their nine children "to raise, feed and educate." The youngsters are: Doreen 11; John 8; Tommy 7; Cheryl 6 and Timothy 3. The Bartons' quarrel with the law began when school authorities sent an older daughter home for wearing pin curls. (NEA Telephoto).

U. S., Britain, And Canada May Trade Crucial Defense Material

OTTAWO, ONT., Jan. 14 (UP)—The United States, Great Britain and Canada have agreed on the terms of a barter deal involving American steel, Canadian aluminum and Malaysian tin, sources here said today.

The deal resulted from the conferences last week between Prime Minister Winston Churchill and President Truman in Washington and a formal announcement is expected from the American capital Tuesday or Wednesday.

There also was a possibility Churchill might touch on the subject generally when he speaks here tonight on the international situation.

In his address to a state banquet given by the Canadian government, the British Prime Minister was expected to describe how the future looks in the light of his conferences with Mr. Truman and with Canadian Prime Minister Louis St. Laurent.

Tonight's address will be the first major public statement the 77-year-old Churchill has made since he arrived in New York Jan. 5. He will return tomorrow to Washington where, on Thursday, he will address a joint session of congress.

Details of the barter deal involving metals still remain to be worked out, informants said. This is being done by a group appointed by Mr. Truman and Churchill to consider defense production problems, with specific references to raw materials.

The group is headed by U. S. Defense Mobilizer Charles E. Wilson and British Paymaster General Lord Cherwell.

Discussions have continued since Churchill and his party left Washington. It was to report on the results of these conversations that Viscount Knowlley, chairman of the central group of the international materials conferences, flew here Sunday.

Britain has been asking the United States for 1,000,000 tons of steel so she can continue her rearmament program. The United States needs more aluminum and tin.

Britain had loaned the Aluminum Company of Canada \$25,000,000 to help finance expansion plans and in return she was to receive 200,000 tons this year and 220,000 tons next year.

Sources close to Churchill said the barter deal would loan some of this aluminum to the United States to receive the immediate shortage. It would be made on the understanding that in future years, the United States would ensure that Britain's needs were filled.

Record rainfalls—in some cases the worst in 50 years—brought flood conditions which forced 2,500 persons from their homes in the San Francisco area.

Western Nevada was buried under a snow storm which all but halted rail and motor traffic.

Thousands of persons were stranded in mountain resorts in the Rockies.

Communications except by radio were cut off along the northern coast of California.

And the weather bureau said a new "intense" storm was bearing down on the region from the Gulf of Alaska.

To the east, however, temperatures well above normal covered most of the nation except for portions of northern New England and some sections of Minnesota and the Dakotas.

How long the balmy weather would last was hard to predict, forecasters said. A "severe" cold air mass was poised just north of the border above Montana which might move south at any time, they said.

A fog so heavy it reached drizzle proportions at times hung over a vast area of the Great Lakes region.

At Vinton, Ia., 19-year-old Donald C. Hootman was killed and Frank Dulin, 17, was injured when their car smashed into a Rock Island Freight train hidden by the heavy fog.

Down in the southwest, the Gulf States, the Southeast and the Atlantic States, the same warm spell prevailed with temperatures averaging 10 to 15 degrees above normal.

West Coast Hard Hit By Rain; 2,500 Homeless

By United Press  
The West Coast, stungged by a week-end of rain, wind and snow, caught a new onslaught of rough weather today as the rest of the nation generally enjoyed a prolonged spell of topcast temperatures.

Record rainfalls—in some cases the worst in 50 years—brought flood conditions which forced 2,500 persons from their homes in the San Francisco area.

Western Nevada was buried under a snow storm which all but halted rail and motor traffic.

Reds Charge UN With "Deceit"

UN Suffering Setback On Counter Attacks

8th ARMY HEADQUARTERS, Korea, Jan. 14 (UP)—Waves of counter-attacking Chinese smashed a United Nations attack on "Christmas Ridge" today, but it cost them at least 100 men.

An 8th Army spokesman called the action the "heaviest and bloodiest" of the new year despite its relatively small scale.

The Chinese also repulsed a UN attack northeast of the cease-fire conference city of Paomun-jun last night and, pursuing, drove the Allies from two advance positions. However, the UN troops rallied and recaptured one of the positions in a counter-attack early today.

On the other side of Korea, the 45,000-ton U. S. Battleship Wisconsin blasted Communist east coast positions in the Kamsong-Kosong area with at least 90 tons of its 16-inch shells.

Troops of the South Korean 1st Division launched a new attempt to drive the Chinese Reds from two hill positions on "Christmas Ridge" in the Sasi Bulje west of Korangpo on the western front at 4 a. m. (2 p. m. Sunday EST).

Both the two main attacking forces and a screening detachment ran into almost immediate stonewall Communist resistance. The Reds stopped the South Koreans cold, then bounced back in a counter-attack that sent the Allies back to their original positions.

South Koreans counted at least 20 Chinese dead during the four-hour battle and estimated they killed at least 80 more enemy troops. Allied losses were believed to have been relatively light.

Thirteen Communists captured "Christmas Ridge" last Dec. 28 and the South Koreans have been trying to re-take it ever since.

Captain Carlsen Awarded Medal By Denmark

LONDON, Jan. 14 (UP)—Capt. Henrik Kurt Carlsen was decorated with the Order of the Dannebrog—the Danish flag—by his native Denmark today as he prepared to fly to New York for a ticket-tape welcome.

"Good Old Carlsen," "Well Done, Carlsen," "Good Show, Carlsen," and "We Want Carlsen," Londoners shouted while the heroic skipper of the Flying Enterprise entered the Danish club to receive the award, made by Denmark's King Frederik.

Still modest, even shy—and dreading the prospect of his New York reception Wednesday—Carlsen said as Danish Ambassador Count Edvard Reventlow gave him the order that he was very happy to receive it and did not know how to express his thanks.

"But please accept from me as a simple sailor my simple thanks to all of you," Carlsen said, first in English, then in Danish.

Unless he alters his plans, Carlsen will leave by Pan American Airlines flight 101 at 7 p. m. tomorrow (2 p. m. EST) and arrive in New York at 9:55 a. m. EST Wednesday.

COMMISSIONERS GRANT REQUEST TO ALLOW EASTLAND TO JOIN RANGER DISTRICT; ELECTION JANUARY 31st

A petition signed by 140 property owning taxpayers was presented to the Eastland County Commissioners Court this morning at 10:00 a. m., asking that Eastland be allowed to join the Ranger's Water Conservation District.

The petition was granted and an election was called for January 31.

The calling of this election is very important in that it may be responsible for settling our water problems for all time to come.

Should it carry, and there is little doubt but that it will, Eastland will become a part of the County organization which at this time includes only Ranger.

There is a very strong feeling that Cisco will take similar action and that the Eastland County Water Improvement District will really be a county-wide organization.

Admiral Libby Demands An Immediate Apology From Reds

By Robert Vermillion  
United Press Staff Correspondent  
PANMUNJOM, Korea, Jan. 14 (UP)—Communists almost broke up the Korean armistice negotiations today with a charge that the United Nations command was lying.

"You cannot intimidate us," Admiral R. E. Libby angrily told the Reds.

He denied the Communist charge, demanded an apology and finally proposed a recess until 11 a. m. tomorrow (9 p. m. today EST).

"You cannot intimidate us," Admiral R. E. Libby angrily told the Reds.

Petit Jurors To Appear Wed. 16th

The following list of petit jurors have been summoned to appear in the 91st District Court, in Eastland, Wednesday, January 16 at 9:30 a. m.

F. E. Ferrell, Ranger; M. H. Perry, Eastland; Aubrey Shafer, Eastland; Henry Gurney, Cisco; Alpha Elder, Cisco; Cecil Stewart, Ranger; Bill J. Collins, Eastland; E. E. Crawley, Gorman; Chas. Clark, Cisco; W. H. Mitchell, Strawn; Melvin L. Bailey, Cisco; John L. Ernest, Eastland; A. D. Sterling, Cisco and Wilson Guest, Ranger; Frank Penn, Ranger.

I. R. Birlisson, Damselona; Frank Aycock, Cisco; Adrian R. Allen, Cisco; Bill Ralwater, Ranger; C. D. Fuller, Gorman; Lane Gilmore, Cisco; Lane Ready, Ranger; Ronald Pruett, Ranger; R. L. Kinser, Gorman; John Love, Ranger and C. T. King, Cisco, Rt. 4.

Doy Reynolds, Gorman; Keith Witt, Gorman; J. D. Harrell, Oiden; Sid White, Cisco; J. M. Sauls, Cisco; H. G. Hines, Carbon; I. J. Renee Cisco; Frank T. Crowell, Eastland; J. O. Jackson, Gorman; J. A. Clements, Gorman; Perry E. Vinson, Ranger; Don Butler, Ranger and N. A. Moore, Eastland.

W. D. Thurman, Cisco; L. Jay Shurman, Gorman; Henry Alvis Shurman, Gorman; D. B. Morgan, Ranger; C. C. Greenhaw, Cisco; R. V. Mathena, Ranger; Jake Lee, Damselona; W. L. Dalton, Eastland; L. D. Holiday, Gorman; James Calvert Ranger and W. F. Deaton, Ranger.

It was then that Libby said he would "not sit here and listen to unfounded charges that the U. N. command is . . . lying."

"You will therefore go over our proposal and the explanation we made this morning in detail and please point out any instance where the proposal is deceitful in any way or any way in which it approaches a lie," Libby said.

"If you can find one, our side will withdraw it with apologies. If you cannot, you will retract your ill-considered remarks."

General Lee snapped back: "Is it possible that you as a belligerent can give us any advantages without betraying the interest of your state? Therefore, it is a lie that you can give us a special advantage."

Clayton Rand Says

HUSBANDS AND WIVES

A recent poll by the American Institute of Public Opinion endeavored to answer the age-old question of what husbands and wives admire most in each other, if anything.

It is not surprising that 32 percent of the husbands who were polled put good homemaking first. An even disposition ranks next, then comes understanding and loyalty.

But 19 percent of the wives polled in the survey said the qualities they admired most in a husband were faithfulness and loyalty—a wife wants to be sure her husband's undivided love and attention. After that she wants a husband to be kind. Only 11 percent of the wives said they preferred a husband to be first a good provider, a money maker.

Isn't it fortunate that the qualities husbands most seek in wives and the attributes wives most want in husbands require no unusual talent? Maybe most of the marriages that go on the rocks break up there because some men and women don't know what they want, so never find it.

Fortunately, love is blind to begin with, and then as wives and husbands grow older and their eyes get dimmer, they don't see each other's flaws. Or, maybe, love gives one a deeper vision with which one sees with the poet what other eyes have not the power to see. Certainly the happiest marriages are those in which neither looks around too much and each overlooks a lot.

This would mean a great deal to all of us. It would mean payrolls and employment, even independence for scores and hundreds of families in the area.

Cancer Not Incurable Disease If Arrested In It's Early Stages

AUSTIN, Jan. 14 — "While the span of human life has been lengthened 10 years during the last four decades, the disturbing fact remains that there has been a marked rise in death from cancer during the same period," declared Dr. Geo. W. Cox, State Health Officer, and urged that the public be on the alert to detect this disease.

"Cancer is not a hopeless, incurable disease. It is not contagious or in itself hereditary. There are thousands of men and women in this country who have been successfully treated for cancer. The great hope of cancer patients lies in their having treatment during the first stages of the disease. Cancer announces itself by symptoms that are frequently painless and apparently trivial, thus giving the disease an unseemly advantage. Early diagnosis is the one powerful antagonist.

"The danger signals can be classified as follows: Any lump in the breast or other part of the body; any persistent sore, particularly on the face or mouth; any unusual discharge or bleeding from any part of the body, such as vomiting of blood, passage of blood from bowels, or unusual bleeding of any bodily passage, especially after middle-age. These symptoms may be from some other cause but should be diagnosed by a physician.

"Two main rules should be followed in cancer treatment. First, have an annual physical examination by a reputable physician. In this way incipient cancerous con-

FORT WORTH LIVESTOCK

By United Press

FORT WORTH, Jan. 14 (UP)—Cattle 2,600. Slow; steers and yearlings weak to lower; cows weak, 50c lower; spots off more; bulls steady; stockers steady; good choice slaughter steers and heifers, 28-33; utility and commercial, 21-28; beef cows, 20.50-26; canners and cutters, 14-20.50; Bulls, 19-28; medium and good stocker steer yearlings, 25-31; few choice, 32; good stocker heifers, 28-30; several loads low grade cows sold on stocker account around 21-22.

Calves 900. Slaughter calves slow and weak; spots lower; stockers active and steady; good choice killers, 30-33; utility and commercial, 21-29; culls, 18-21; medium and good stockers, 25-32; choice scarce.

Hogs 2,000. Butchers and sows mostly 50c higher than on Friday; few lots up more; feeder pigs steady; choice 180-270 lbs., mostly 18.50; a few lots for 18.75; choice 160-175 lbs., and 270-330 lbs., 17-18.25; sows, 15-16; feeder pigs, 10-14.

Sheep 4,200. Market slow; nothing sold early; most bids on slaughter lambs unevenly low; choice shorn slaughter lambs held above 17; few common feeder lambs, 18.

T. L. Farmer New T&P Attorney

DALLAS, Jan. 14—Former Dallas prosecutor in the District Attorney's office, Tom L. Farmer, becomes attorney for the Texas and Pacific Railway Co., on Jan. 14, according to an announcement by J. T. Suggs, general counsel for the railroad.

Farmer is a native of Henderson, Texas, and is the son of Garland Farmer, publisher of the Henderson Times. He received his law degree from the University of Texas in 1949. Shortly thereafter, he joined the staff of former district attorney Will Wilson, now Justice of the Supreme Court of Texas. He was in charge of all misdemeanor prosecutions and was retained by the present district attorney Henry Wade before resigning less than a year ago to accept a position in the legal department of the Dallas Office of Price Stabilization.

During World War II, Farmer was a rifleman in the glider troops, participating in two airborne attacks in the European invasion. He was captured and spent eight months in a German prison camp after fighting in the particularly violent battle of the Remagen bridgehead.

Pretty Slick

DALLAS, Jan. 14 (UP)—An 18-year-old Dallas girl wondered today just how skillful—and how fresh—a "pickpocket" can get.

She told police she danced with a strange man in a downtown night club and found after they stopped that he had taken her \$30 while they danced.

She said it was pinned inside her dress.

Coffee Brings Cheer To Many Working Abroad

American workers engaged on construction projects around the world can take a lot of homesickness and a lot of inconveniences, but a second-rate cup of coffee brings a spark of mayhem to their eyes, a touch of torpor to their minds, and a load of lead to their feet.

Such is the studied opinion of Construction Men's Association, a mutual welfare organization of thousands of skilled specialists and technicians.

The importance of good coffee to the rapid completion of American foreign bases in the rearmament program came to light when a flood of "coffee" complaints poured into the association's office.

President James A. Dillon, who led an immediate investigation into the matter, had good cause to lend a sympathetic ear to the hue and cry. With the background of a personnel manager who has spent many years on projects of all kinds in all parts of the world, he personally knew what good coffee means to the morale of working men away from home.

So he looked into the quality of American blends and brands of coffee being used by work camps aboard and same to the conclusion that the brew of which the men were complaining was the fault of the camp managers. Knowing that good roaster coffee and workable brewing equipment coupled with a little knowledge and care can produce a full-bodied, savory brew, he said: "There is no excuse for poor coffee."

If a man doesn't get a good cup of coffee to top off his meal, Mr. Dillon continued, the entire meal is ruined for him. "Poor coffee is one of the quickest morale destroyers I know."

The conclusions reached by Mr. Dillon may not guarantee better coffee for the 180,000 American civilians working on foreign jobs, but one thing seems fairly certain. If their favorite drink doesn't start tasting more like its old self, the men undoubtedly will look forward to an early return home where U. S. industry by and large reached the same conclusion long ago.

More plant managers today will tell you that to serve employees poor coffee—at worst yet, to deprive them of their time out for coffee—can be about as crippling to production as a monkey wrench tossed into the gears of a vital machine.

Wherever you live in Texas, the oil industry is your neighbor.

For the Texas oil industry is the bread-and-butter, the opportunity, the daily work of some 190,000 Texas men and women.

The girl who sits next to you in the bus; the hearty-looking man who waves as you pass on the highway; the family behind you at the PTA; in Texas, they all could be, some certainly are oil workers. Bookkeepers, stenographers, executives, drillers, roughnecks, stillmen, geologists, salesmen, pipe liners, petroleum engineers—the oil industry supplies the livelihood of all, and many more.

Neighbors of yours, these people are, folks who pay taxes like yours, spend their money in the stores you patronize, drive the same kind of automobile, send their children to the same schools.

... The oil industry is more than a balance sheet, a set of statistics, an investment in derricks and pipe-stills. In Texas, it's the family next door.

**Annual Statewide Evangelistic Conference Convenes Tonight**

Texas Baptist pastors, evangelists, singers, and lay people will gather in Fort Worth tonight, January 14-16 for their annual statewide evangelistic conference.

Ten thousand Baptist are expected to attend the meeting, according to Dr. C. B. Jackson, associate secretary of evangelism for the Baptist General Convention of Texas. Headquarters will be the Will Roper Coliseum in Fort Worth.

Denominational leaders from Texas and three other states will address the conference crowds on some phase of the general theme, "The Bible Speaks..."

Among speakers are Dr. Robert G. Lee, Memphis, Tenn.; Dr. J. D. Grey, New Orleans, La.; Dr. Forest C. Peezor, Waco, and Angel Martinez, Fort Smith, Ark.

Dr. Lee, past president of the Southern Baptist Convention, will bring messages Monday and Tuesday evenings and Wednesday morning. His Tuesday evening address will be his famous sermon "Tay Day-Someday," which he has preached in 40 of the 48 states.

President of the SRC, Dr. Grey will speak Wednesday morning. Martinez, youthful Southwide evangelist will be among speakers Tuesday evening.

Dr. Freezer, Monday evening speaker, is president of the BG

CT and pastor of the Waco First Baptist Church.

Other speakers include Dr. J. Howard Williams, Dallas, executive secretary, BGCT; Dr. E. S. James, Vernon, executive board president and Dr. T. L. Holcomb, Nashville, executive secretary, S. B. C. Sunday school board.

Laymen will be in charge of the opening session of the conference Monday, evening January 14. L. H. Tapscott, Brotherhood secretary, and William Fleming, 1951 president of the BGCT, will be among laymen on the program.

Seven seminars will be conducted during a conference period Tuesday afternoon on phases of evangelism including prayer, praise, program, pastors, prospects, publicity, and evangelists.

W. P. Martin of New Orleans Baptist Seminary will be song leader.

The conference will close on Wednesday night with simultaneous evangelistic services in Tarrant County Baptist churches.

The pastors of the local Baptist churches left today to attend the meeting and a number of members will be attending.

Anyone desiring to go and needs transportation may call the office of the First Baptist church, 179.

**Ambassadors To Meet To Visit**

A special emphasis on visitation will be stressed at a meeting of the Ranger Methodist Ambassadors tonight at 7:30 in the basement of the church.

Members of this group and all others who are interested in this effective ministry of the church are urged to come together for a brief devotional, after which they will go out two by two to visit in the name of Christ and His church.

The church has no greater mission than to keep in contact with its own members and to seek to save the lost in the community where it is, and in every mission field across the world. If the church fails at these points, it has no right to exist, states the pastor who is asking that as many as possible give two hours this evening to this most important work.

C. L. Shaefer and Mrs. Lucille Gray.

Sunday Miss Marge Sadver and Mrs. Lucille Gray visited their brother, Gray Sadver-of Post who is in the hospital in Stamford where he has been confined since an auto accident on December 7.

He expects to be dismissed in a week or two and plans to visit with his sisters until he is able to return to his employment at Post.

Second Lt. Lloyd M. Huffman is home on a fifteen day furlough visiting his parents, Mr. and Mrs. Albert Huffman.

Mr. and Mrs. C. C. Bearden had as their guests Sunday Mrs. W. H. Bearden, Mrs. Mattie Glover and son, Freddie of Aledo, and their daughter, Mrs. Carl Taylor and son, Travis Lynn, of Snyder. Mrs. Taylor and son plan to spend several days with her parents.

**Personals**

Mr. and Mrs. Earl Horton moved Saturday to 420 N. Austin. They had been living in the Young addition. Sunday they had as their guests, Mr. and Mrs. A. C. Kunkle, parents of Mrs. Horton from Weatherford; Mr. Horton's sister and family Mr. and Mrs. Renney, Rickey and daughter, Elsie of Woodson, and her fiancé, Sgt. J. D. Ince, of Fort Worth, and Mrs. Lena McDonough.

Mr. and Mrs. Allan Smith and family will be moving Wednesday to their new home in Austin. The offices of the Aggregate Corporation are being centralized in Austin and Mr. Smith will be employed there.

Mr. and Mrs. Henry Walton, Mrs. Mike Fron, Mrs. Willie Joyner and daughter, Joyce and Mrs. E. F. Freeman attended funeral services in Stephenville Sunday afternoon for R. B. McAlpine. He was a former neighbor of their near Thurber.

Mr. and Mrs. G. F. Landtroop visited in Abilene Friday night and Saturday with their son and family, Mr. and Mrs. Raymond Landtroop and Larry.

Miss Marge Sadver visited over the week end with her sisters Mrs.

**Larger Farms In This County, But Number Reduced**

One of the most significant agricultural changes in Eastland County the past few years has been the decrease in the number of farms according to a report from the County Agent's office.

The 1950 Agricultural Census Report shows a decrease from 2,945 farms in 1945 to 1,929 farms in 1950, a loss of 416 farms caused by consolidations and increasing the farms size. The average

size farm increased from 216 acres to 259 acres during the five year period.

Electric and telephone service to farmers increased during the past few years. In 1945 only 230 farms reported telephone service whereas in 1950 service had been increased to 357. Electric service increased from 883 to 1,326 during this time also. The census showed a total of 117 home freezers, 136 electric hot water heaters, 332 electric water pumps, 547 electric washing machines and 165 electric chick brooders on the farms over the County by 1950.

Mules on the farms over the county decreased from 281 to 89 and surprisingly cattle did also. Cattle and calves decreased from 31,258 in 1945 to 28,810 by 1950. Out of the number reported in 1950, 4,214 were milk cows or calves. The number of tractors increased.

The hog and sheep numbers remained fairly constant with around 10,000 head of hogs including pigs and a little over 8,000 head of sheep.

Poultry numbers decreased also from 154,596 to 98,056 in the five year period.

The number of farm tenants dropped from 710 to 434.

Turkeys and alfalfa increased in numbers and acreage whereas corn and sorghum acreage decreased.
