

3RD YEAR

SEEN OR HEARD

We are of the opinion the new ordinance passed by the city commission requiring long desired information submitted to the city secretary as a sworn statement from the president of the telephone company will aid this commission in setting fair rates for the telephone company.

Until yesterday neither the city commission nor the telephone company had budgeted on their stands on the increases in rates.

The city, on its own and the advice of their attorneys, gave Southwestern Bell Telephone Company an increase less than called for in their suit in the 91st District Court.

What effect this will have on the hearing Friday at 1:30 p.m. is not known, nor how the telephone company has reacted to this action.

The ordinance required an exacting report of their operations for a year's period as required by the newly passed city ordinance will give us an insight into many questions heretofore not answered, especially the income here from long distance rates.

The suit filed by the utility company has served its purpose, it has brought the city commission a new outlook on their regulatory powers over companies of this type operating within the city under a franchise.

We hope the telephone company realizes the city fathers are working toward arrangements agreeable to all. The one thing they are most strongly against is allowing the telephone company to charge rates that are unreasonable and they are taking action toward that end under these new ordinances passed Tuesday.

This morning we thought we were about to get a rain or be blown away. Preferably the rain. The weather bureau has warned of tornadoes for north central Texas. Whether we come under that geographical location we don't know, let's hope not.

We sincerely hope each and everyone of you are talking with your friends and neighbors about the coming water bond election. Seek out the truth about this matter. Listen to no one who is not entirely capable of explaining the facts to you, and who is not well acquainted with what the bond issue and water reservoir will mean to this area.

At the Lions-Rotary joint meeting held last week a responsive vote was called as a test of how the men there had reacted to the issue. When they called for all in favor to stand—not one person remained seated. The response was immediate and with no hesitation.

We believe your response when exercise your privilege of voting on April 22 will be the same as those leaders of the community displayed there last week.

Patsy Wallace Chosen As NTSC Delegate To Tour

DENTON—Patsy Wallace, daughter of Mr. and Mrs. Buck Wallace of 713 Cypress St., Ranger, is one of four North Texas State College students who have been selected to represent the NTSC School of Business Administration at the Alphonso Johnson Memorial Student Tour in Dallas on May 1 and 2.

Under the sponsorship of the Dallas Advertising League, the Tenth District of the Advertising Federation of America, and Alpha Delta Sigma, national advertising fraternity, the tour will be integrated with the ADS spring conference convening at Dallas at the same time.

Miss Wallace is a senior student majoring in business administration.

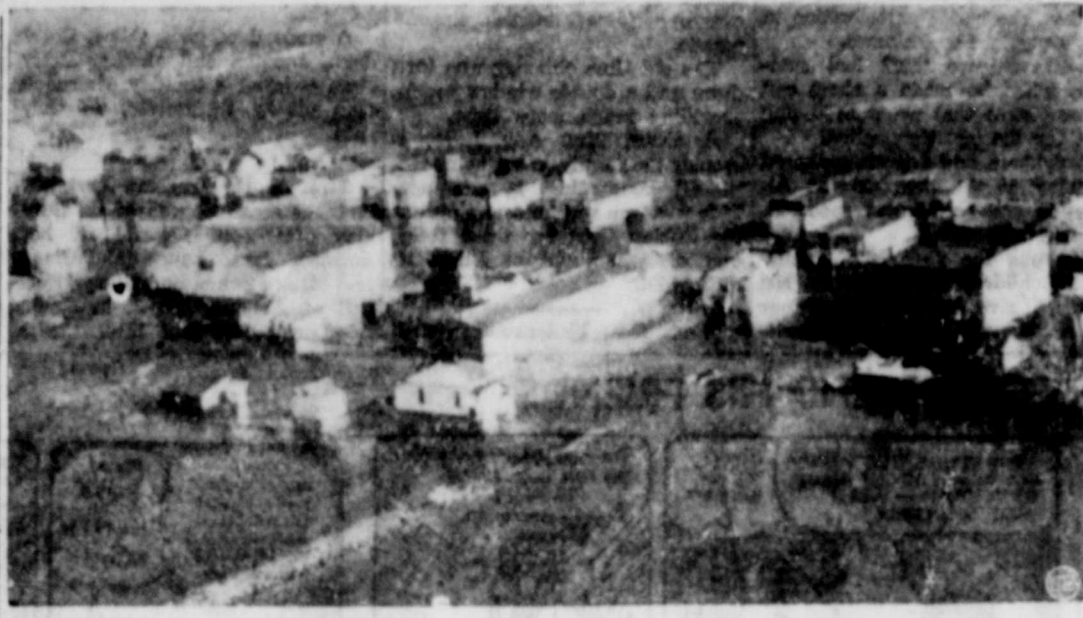

Alexander Funeral Services Set For Thursday 3 p.m.

Funeral services will be held Thursday afternoon at 3:00 p.m. in the Killingsworth Funeral Chapel for Mrs. W. W. Alexander who passed away in a local hospital Tuesday morning.

Interment will be in the Evergreen Cemetery. Reverend Ralph Perkins, pastor of the First Baptist church, will officiate.

Callbearers are Talmadge Craig, L. J. Jacob, Lyonel Cloyd, Doug Franklin, Jim Young and Roy Crawford.

For Good Used Cars (Trade-ins on the New Olds) Osborne Motor Company, Eastland

ISOLATED—Flood waters of the Big Sioux River have completely isolated the little town of Renner, S. D. All 75 of the hamlet's residents have been evacuated. The Big Sioux also has forced hundreds of families from their homes in Sioux Falls, South Dakota's largest city. (NE ATCphoto).

Water Bonds Discussed At Joint Meet Eastland Lions-Rotarians

Complete harmony prevailed at the joint meeting of the Lion-Rotary luncheon Tuesday noon. Attendance was representative from both clubs, and interested visitors from Ranger seemed to approve of everything that was said or done.

Dr. J. C. Whittington of Eastland served as chairman, and after short speeches made by Jack Frost of Eastland and C. B. Pruet of Ranger, the group entered into an "open forum" meeting. Questions were asked and answers were given.

It was explained that the directors understood the plans, but that they could not build the dam without the aid of others. They were present at the meeting for the purpose of teaching "us" to "teach others" facts about the bond issue and the dam. What directors are interested in is the passage and sale of bonds at the best possible rate of interest.

It was pointed out that the firm of Freeze and Nichols of Fort Worth, had been employed to care for our interests. This firm is one of the oldest and best in the state, and has handled at least 75 per cent of the engineering work done in West Texas. They are considered as most competent.

Water is one thing that all Texas has always needed, one speaker said, and the cities that offer water get attention. Our neighboring city, Coleman, has just passed through a town-killing water shortage, it was pointed out, but Coleman voted bonds and built a dam. Their lake is not full yet, though the city has an ample supply to care for the city's needs for three or four years to come. Also since the dam's completion more than 125,000 out-of-town visitors have seen the new lake.

During the round robin the question of who may vote was brought up. Our attorney answered this question. Property owners with property listed with the county assessor and subject to taxation, who have lived in the state one year and the county six months, and have a poll tax may vote in the bond election. If you will not be in town on April 22, election day, you may go to the county clerk's office, get an absentee ballot, and vote before you leave. Ballots have been printed and boxes have been placed in both cities—just vote.

There are to be two additional elections before actual construction will begin, it was pointed out, both after the bond issue has been approved.

Barring mishaps and unforeseen delays, actual construction work might begin as early as August of this year, and it will probably take two years to complete the dam, pump station, filling of chapter funds at national headquarters.

National Foundation Infantile Paralysis Sends \$5,500 Check To Supplement Work In County

A check for \$5,500 to help pay for care for local polio patients has been received by the Eastland County Chapter of the National Foundation for Infantile Paralysis, it was announced today by Sgt. Hendrick, Chapter Chairman. When March of Dimes funds are raised, Sgt. Hendrick explained, half stays here with the local Chapter and half goes to national headquarters for research, professional education and emergency aid to chapters whose own funds have been exhausted by the demands of patient care. The check just received comes from this pool.

Secretary State Shepperd Will Speak To Judges

Secretary of State John Ben Shepperd of Gladewater will be one of the speakers at a meeting of the West Texas County Judges and Commissioners Association in the Hotel Brownwood April 11-13.

Shepperd is scheduled to address the Association at 1:35 p.m. Saturday, April 12.

Other speakers during the three day meeting will include President Joe W. Anderson of Seminole; Rev. H. D. Seago of Abilene; Mayor A. N. Thomson of Brownwood; District Attorney Bill Allcorn of Brownwood; County Judge Jeff Dean of Coke County; County Judge Choice Moore of Fannin County; Colorado County Commissioner Alfred J. Kainer; U. S. Rep. Omar Burleson; S. L. Bellamy, superintendent of the State School for Boys at Gatesville; Association vice-president George C. Brown of Otton; County Judge Arrie L. Kirk of Gains County; George Frowse, president of the State Association; E. H. Thornton, chairman of the Texas Highway Commission; County Judge Otha F. Dent of Lamb County.

Dr. Hayden Donahue, Former Attorney General Bill McCraw; Association Secretary-Treasurer Ira Galloway, county judge of Coleman County; County Judge M. O. Goodpasture of Hall County; State Agricultural Commissioner John C. White; State Attorney General Price Daniel; W. N. Williamson, assistant director of the State Extension Service; and Dolph Briscoe, state representative from Uvalde.

Good Showing Oil Found In M. E. Moss No. 1

With the Jack Chamberlain, Mrs. M. E. Moss No. 1 setting casing at 3213 feet, this test gives more promise of developing into a good producer than any other well within a radius of several miles. Pay sand was found at 3213 feet and the drill has gone through about six inches of pay with a heavy showing of live oil.

Pipe is being set at this time in order to make it possible to complete the well at an early date. Individuals who are in position to know feel that the well will be a fairly heavy producer, probably making as much as a hundred barrels per day.

The test is being closely watched by members of the oil fraternity, who insist that a real discovery has been made.

Get Castor Bean Seed Now; Same Plan As In Past

The Castor Bean seed for 1952 are now ready for distribution. The program is the same as that in 1951. Seed will cost 15 cents per pound and the Commodity Credit guarantees ten cents for the market for shelled beans at the hulling center.

Three Lost Planes Hunted Here And In Japan Today

Ships and planes are searching this morning for a Japanese airliner which went down at sea with 34 Japanese and three American aboard.

Taft Wins Easily In Illinois Vote

AN ADEQUATE WATER SUPPLY KEFAUVER TAKES MAJORITY OF DEMOCRATIC VOTES TUESDAY

Editorial

Eastland is not the only dry county in Texas, but Eastland few counties that is doing something about it.

On April 22, voters in the Eastland County Water Supply district will go to the polls and vote \$1,500,000 in water bonds. This issue, if it carries, will mean the construction of a large dam, with a capacity of 28,000 acre feet of water. This is an enormous supply, and one that will solve the water problems for the county for all time to come, it is thought.

So far this district is composed of the cities of Eastland and Ranger, though the town of Olden will be served. At the present time, with water restrictions, less than two million gallons of water are being consumed daily, though considerably more would be used if the water was available.

With the erection of this super dam we may expect an ample supply of water for all purposes. Engineers say the lake created will be sufficient in size to care for the needs of 100,000 people, or ten times as many people as are living in the area today. It means that at the end of a ten year drought we would still have ample water in the lake. This really means a great deal.

Not only would there be water for commercial purposes, for our lawns, trees and gardens, but there will be water for industry. Manufacturers will not locate plants in arid sections. They want and must have water, and the cities that can supply the water will be the cities chosen.

Both Ranger and Eastland have ideal setting for small factories. We have ample supplies of cheap fuel, and when we may offer water in unlimited quantities we may expect manufacturers to begin giving us serious consideration.

Twenty eight thousand acre feet of water is quite a bit of water. Lake Worth is very little larger and a third of a million get water from Lake Worth. Fort Worth has many large industrial plants, and there is ample water for all.

With the completion of the Eastland County lake we may expect to enter an era of prosperity. Everything to gain and nothing to lose if we vote for the bonds.

Chicago where the GOP organization is at its weakest.

The Eisenhower write-in was far from sensational. No formal bid was made for Eisenhower write-in votes. Nevertheless Gov. John Lodge of Connecticut stumped the state in the general's behalf. Popular backing for the general on the scale of Minnesota or New Hampshire failed to show. In the Chicago Ninth Congressional District where Eisenhower supporters made their greatest effort, Taft also won easily.

The most that can be said of the Stassen showing is that it keeps the former Minnesota governor in the dark horse category. As between Stassen and Eisenhower, Illinois is almost a duplicate of the primary situation in Minnesota. There, Stassen, was on the ballot and came out ahead of the general's write-in support by a few thousand votes. It's about the same in Illinois.

The Taft popular victory is matched by the delegate votes he picked up in Illinois. Fifty of the 60 Republican delegates who will go to the GOP national convention were selected yesterday. Taft apparently won 48 out of the 60. And he apparently is a cinch to get the 10 delegates at large who will be selected later at a state convention.

For the Democrats, the Illinois primary gives added meaning to a bit of advice from Democratic national chairman Frank McKinney. McKinney said last weekend that no one would win the Democratic nomination without working for it. He pointed his remarks in the direction of Gov. Adlai Stevenson, who is supposed to have been offered the backing of President Truman, but who is holding back on a definite announcement.

The governor's home state of Illinois is telling Stevenson he can't count upon a draft. He's got to get in and fight for votes to have any hope of getting the nomination.

Mrs. Grace Reed Appointed Head E. M. Hospital

Mrs. Grace R. Reed of Stephenville has been selected by the hospital board of the Eastland Memorial Hospital as the superintendent.

Mrs. Reed is a native of Eastland County and is presently employed as superintendent of nurses at the Stephenville Hospital and Clinic in Stephenville.

Mrs. Reed comes well qualified for her post. She is a graduate of Johnson and Beall's School of Nursing at Fort Worth and had post graduate work in anesthesia at Charity Hospital in New Orleans, La., and at the U. S. Marine Hospital at Staten Island, N. Y. She had post graduate work in nursing education at Feabody College, Nashville, Tenn.

She has since been anesthetist at Corwin Hospital, Pueblo, Colo., has had several years with the State Department of Public Health and was a commissioned officer in the division of Hospital Mental Hygiene and Department of Anesthesia and at that time, was instructor of supervision and ward teaching.

She is affiliated with the Texas State and National Nurses Association, is a member of Daughters of American Revolution, the Fort Worth Mental Hygiene Society and is eligible for membership in the American Legion.

Short Circuit In Water Pump Bland In Death

MARBLE FALLS, April 9—A short-circuit in a water pump is blamed for the death of a 25-year-old Marble Falls, mother who was electrocuted yesterday in the bathtub of her home.

The victim is Mrs. A. J. Wall of Fairland, a rural community about seven miles from Marble Falls. Her body was found by her husband, a teacher in the Marble Falls Junior High School. Their five-year-old daughter, Virginia, was asleep in an adjoining bedroom. A doctor summoned by Wall was floored by the electric charge when he accidentally touched one of the bathtub faucets.

Dead Man Elected GOP Ward Man By Chicagoans

CHICAGO, April 9 (UP)—Residents of the 31st Ward in Chicago elected a dead man as Republican Ward committeeman. The voters picked Charles Green, who was shot to death last February, allegedly by gangsters seeking control of the ward.

Green's name was left on the ballot because there was no time to withdraw it. The Ward post now will be filled by a man selected by the regular GOP county organization.

More Workers Are Needed By The Government

The U. S. Civil Service Commission today announced an examination for filling positions of Chemist, Physicist, Biologist, and Biochemist in the field of Radiology. These positions, which pay from \$4,205 to \$9,600 a year are in Veterans Administration hospitals and centers throughout the country.

Applicants for this examination will not be required to pass a written test. To qualify, they must have completed appropriate education, or education and experience, in the physical or biological sciences. In addition, they must have had appropriate professional experience, part of which must have been concerned with radioactive materials or with the instrumentation involved in the detection and measurement of radiation. Appropriate graduate study may be substituted for all or part of the required experience, depending on the grade of position.

Detailed information about the examination as well as application forms may be obtained from the Civil Service Commission representative, located at the local post office, from Civil Service regional offices, or from the U. S. Civil Service Commission, Washington 25, D. C. Applications should be sent to the Executive Secretary, Central Board of U. S. Civil Service Examiners, Veterans Administration, Washington 25, D. C. They will be accepted until further notice.

Also, every member of the armed forces is being indoctrinated with the need to conserve everything he used, including paper clips and stationery. The theory is that if he knows the cost of individual items of equipment he can better appreciate the importance of their proper care. And as a taxpayer himself, the American fighting man has a definite interest in saving the government money.

RJC Holidays Start Thursday

Ranger Junior College students will begin their Easter Holidays Thursday afternoon at 3:00 p.m. Friday and Monday no school will be held. The classes will resume Tuesday morning at 8:00 a.m., according to Dr. G. C. Boswell, president.

Army Seeking Cause Of Mix-Up In Yesterday's Airborne Jump

By United Press

An old GI expression is undoubtedly making the rounds at Exercise Long Horn today, somebody didn't get the word. But high Army and Air officials are not blaming a general and a colonel who ordered a paratroop drop yesterday which had been cancelled some hours before.

Lieut. Gen. William Hoge, who is in charge of the gigantic maneuver, says he will investigate the drop of three thousand men of the 508th Regimental Combat Team. But he isn't blaming Brigadier General Lacey Murrow, commander of the 18th (Troop Carrier) Air Force, nor Colonel Joe F. Lawrie, commander of the 508th, who ordered the men out of their planes. Hoge says he is primarily interested in finding out where his liaison and message information fell down yesterday. He says he is sure it all is a personal error and not one inherent in his communications operations.

Two men were killed, one paratrooper and a pilot, in the missing signal operation. And 221 paratroopers were injured, 196 of them seriously enough to be admitted to a hospital.

General Hoge cancelled the jump because of exceedingly high winds . . . stronger than 15 miles per hour which is supposed to be the maximum for a paratroop jump. But apparently Hoge's orders never reached Murrow and Lawrie and the jump proceeded as planned. And high Army and Air Force officials who went to Fort Hood especially to see the operation weren't in the vicinity and missed the jump.

Doctors Enjoy Eastland Meet

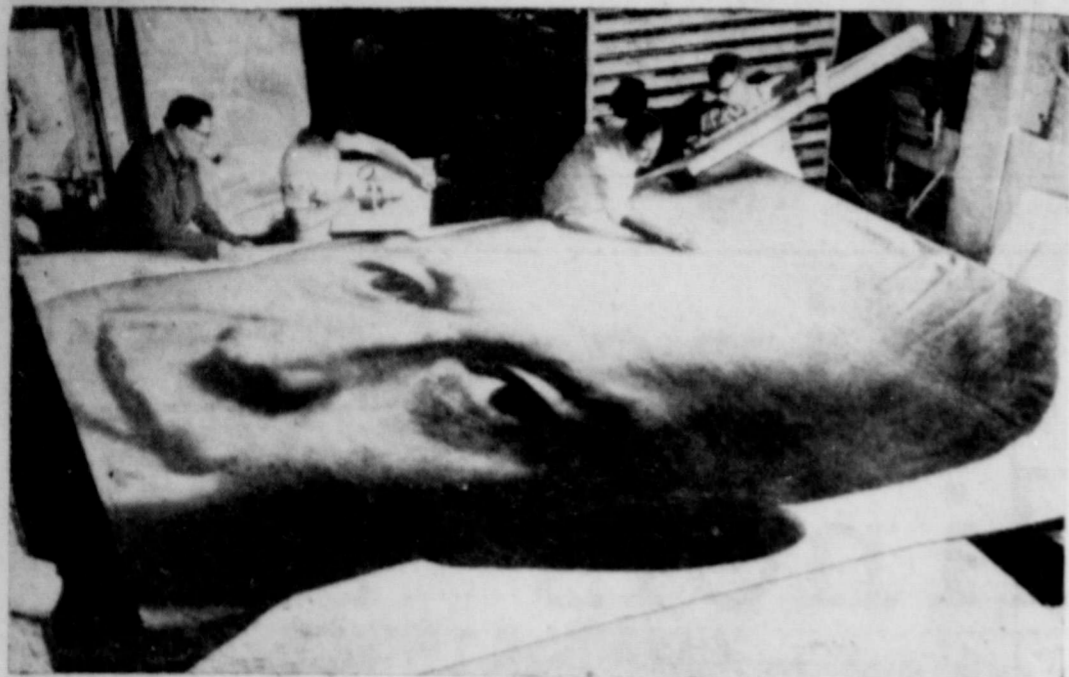

Members of the Eastland, Callahan, Stephens, Throckmorton and Shackelford counties Medical Association, enjoyed a splendid Telephone broadcast program at the Connellie Hotel Roof Garden, in Eastland Tuesday evening. The program originated in Galveston, and a group of doctors headed by Dr. Ford, rendered the program.

It came by telephone to Eastland, as well as in many other Texas cities, and was then heard over a public address system. Attendance was exceptionally good even many doctors from remote points were in attendance.

Overthrow Government Of Bolivia Is Reported

La Paz, Bolivia, Apr. 9 (UP)—Reports from La Paz, Bolivia, say that the military government has been overthrown in a revolution. The National Revolutionary Movement claims control of Bolivia. And the party says that it has arrested all but one member of the Military Junta which formerly governed the South American nation.

Ride The "ROCKET" And Save Osborne Motor Company, Eastland

BIGGER THAN LIFE-SIZE—General Dwight D. Eisenhower will loom over Times Square, in New York, when craftsmen at this Miami mural firm complete work on a 48-foot picture of the general. The portrait will stand four stories high.

STEEL COMPANIES PROTEST FEDERAL SEIZURE OF INDUSTRY

By United Press
The steel dispute will be fought in the courts instead of on the picket line.

Two major steel companies are going into federal court at Washington this morning to try to end government seizure of most of the nation's mills. President Truman announced a few hours before some 65,000 C-I-O steelworkers threatened to strike last night that the government was taking over the mills to prevent the walkout. The steelworkers immediately called off their midnight strike deadline.

Republican steel corporation and the Youngstown sheet and Tube Company then filed a petition declaring the seizure of the companies illegal. Federal Judge Alexander Holtzoff of Washington will hold a hearing on the petition at 7:30 o'clock E-S-T (10:30 C-S-T).

Bethlehem Steel joined in the petition and other companies are expected to follow suit.

The companies maintain the seizure violates the constitution by depriving a person of property without due process of the law.

President Truman said he took the action under his inherent rights to maintain the national security, which depends on the flow of steel to the defense industry.

Steel mills throughout the nation are virtually idle. Some companies say it will take several days to revive the production which was cut off in the face of the face of the threatened strike. Other companies are waiting for the outcome of the court test of President Truman's seizure order.

At Chicago, a union official charges that 125,000 workers in the area have been "locked out" at Republic and U-S Steel plants.

Republic says it is waiting for clarification of the situation.

U-S Steel denies the lockout charges, saying that maintenance crews are retreating to start operations.

NEWS FROM CHEANEY

Mrs. Bill Tucker

We think it fitting that the Community leaders and the Home Demonstration leaders be commended again for their splendid cooperation and genuine enthusiasm in helping exceed our rural quota of \$30,000 for the 1952 Red Cross Drive.

On Friday the total had reached \$563.79, and as Rural Chairman I really do appreciate every person who gave the time so generously to help put the drive over.

Broken down into groups the contributions stand like this: Corinth, \$119; Howard \$61.06; Carbon \$52.07; Union Center, \$48.15; Word, \$40.00; Cheaney, \$37.55; Pioneer - Gann, \$32.48; S. L. & F., \$28.60; Kokomo, \$25.93; Lake Cisco, \$20.85; Flatwood, \$19.25; North Star, \$19.00; Nimrod, \$15.00; Pleasant Hill, \$14.36; New Hope, \$9.00; Colony, \$7.00; Sabanno, \$4.00.

To date Olden, Okra, Salem H. D. Club and Seranton contributions have not been received, but the drive is closed, each community leader and each club leader will be given an award of merit in recognition of their services and we take this means of thanking each one for helping.

Mrs. Bill Tucker
Rural Chairman

We were told one time at a reporters meeting in Comanche, that to be a good reporter, one must see all, hear all, tell all, and we will confess we fall by the way-side at times. No wonder how many people have observed "old rip" imprinted in the border frize in the court room at Eastland? Our attention was called to it last Friday as we sat in the Red Cross office with Mrs. Perkins, Mrs. Jameson, and Mrs. Love.

Life is filled with many interesting incidents, but some of the smallest escape our attention altogether, if we are not mindful.

When tragedy strikes it is sometimes a person who is well known in our own community. Such was the case, last Saturday, when word came of the death of Alton Pilgrim when a transfer company pick-up in which he was riding overturned and crushed him.

NEWS FROM MORTON VALLEY

Recent visitors in the home of Mr. and Mrs. L. J. Baggitt were Mr. and Mrs. Jack Greenfield of Snyder, Ok., and Mrs. Lewis Greenfield of Midland, Mrs. Paul Langford of Acker, and Mrs. Mattie Dobbe of Post.

Mr. and Mrs. W. E. Barron Wichita Falls, visited Mr. and Mrs. J. W. Harrison last week.

Mrs. Connard Ellis and Mike of Odessa, spent last weekend with Mrs. Boyd Hazard.

Mrs. Alton Burns and Nancy of Odessa, visited Mrs. Cecil Miller last weekend. Mrs. Burns and Mrs. Miller are very close friends.

Mr. and Mrs. J. W. Harrison visited Mr. and Mrs. Sam Jones in Rising Star Sunday.

In case you haven't heard Mrs. John Nix has a new granddaughter, an exact nameake, Julie K. Nix is the name of the baby girl of Mr. and Mrs. Bill Nix who was born Monday.

The meeting which has been held at the Harmony Baptist Church closed Sunday evening with very satisfactory results.

Mrs. Johnny Jarret and J. C. from DeLeon, visited Mr. and Mrs. Raymond Beck and Tobe Morton Sunday.

Mr. and Mrs. Gibson of West Texas, visited Mr. and Mrs. Lowell Coggin Sunday.

Mrs. A. J. Ratliff is at the bedside of her sister in San Angelo who is very ill.

OLD PILOT, NEW THRILL—James W. Montee, 89, of Los Angeles, Calif., the nation's oldest licensed airplane pilot, will get the thrill of his life when he is taken up for his first ride in a jet fighter plane. Montee, who first soloed at the age of 60, has flown 41 types of aircraft, including an ancient Jenny. He wrote to the commanding general of El Toro Marine Air Station at Santa Ana, Calif., requesting the ride, and Defense Department officials gave their o.k.

ASTHMA

Don't let coughing, wheezing, recurring attacks of breathless asthma ruin sleep and energy without trying MONTAGU, which works thru the blood to reach bronchial tubes and lungs. Clears inflamed, swollen passages, stops attack quickly. Tonsillectomy, pneumonia, hay fever, sinusitis, and other ailments relieved. Free literature and sample. Get MONTAGU from drugists. Satisfaction or money back guaranteed.

How to Treat Painful Piles

For fast, permanent relief from sore, burning, itchy piles, get CHIRAZOID from your druggist. See how fast it specially makes away pain, soreness, itching, irritation. See how it soothes, burns and helps shrink and heal swollen tissues. Water-resistant CHIRAZOID must prove a blessing to you of money back a guarantee.

Mrs. Raymond Beck and Tobe Morton Sunday.

Mr. and Mrs. Gibson of West Texas, visited Mr. and Mrs. Lowell Coggin Sunday.

Mrs. A. J. Ratliff is at the bedside of her sister in San Angelo who is very ill.

ATTEND CHURCH SUNDAY

Easter Bunny's Not So Dumb!

NOT SO LONG AGO it was generally believed the Easter Bunny spent most of his time dyeing eggs for youngsters. He still does, of course. But the 1952 Easter cards reveal another, unsuspected side of his fun-loving nature. He can double as a model for the latest Spring fashions, play a piano with the best of them, and even writes his own Easter verses. You'll see and hear a lot more about the lippy-eared Easter Bunny on Sunday, April 13. Easter card designers report he's our most popular holiday figure, next to Santa Claus—and a sure sign that Spring is really spring!

ATTEND CHURCH SUNDAY

He only lived about forty minutes after he was carried to a San Angelo hospital.

Afton is the son of Mr. and Mrs. Grover Pilgrim who resided here several years ago before moving to Dumas, their present home.

Afton was a veteran of World War II with several months service overseas, the most notable of that, the heroic participation in the struggle for Okinawa.

Little did we think last summer, when he made a short call in our home that we were seeing him for the last time, alive.

Neighbors and friends gathered Monday at the graveside at Alameda and paid last respects as he was laid to rest.

He was the first of a family of 10 children to pass away. His parents, five brothers, and four sisters survive. Part of his elementary schooling was here at Alameda.

All the neighbors gathered at the John Tucker home Thursday and began work of remodeling the home for them. Sheetrock on walls and ceiling for living room and kitchen was provided by contribution from various relatives and neighbors. The Cheaney Church of Christ provided the paint and everyone joined in the cleanup parade.

The old time chimney was torn down and a double window set in, providing much more light.

A sister, Mrs. Ann Love, is keeping the family in her home until all renovating is complete. This was our way of carrying out the Golden Rule for these folks, one of whom (Aunt Ellen) is an invalid.

Mrs. Eva Underwood visited Saturday in the "Choc" Underwood home. We even enjoyed a morning cup of coffee with them on Monday morning. Their household furnishings have come all the way from Oregon, their former home, and she is enjoying home life tremendously again even if this Texas sand does blow. We are looking forward to another cup of tea with her.

A carload of girls, Alice, Betty Jean, Janette, and another Betty Jean enjoyed a Sunday afternoon spin all by themselves, so they said.

Mrs. J. H. Freeman certainly had her share of callers on Sunday afternoon. Several of her cousins, Mrs. Laura McFarland and Misses Zehna and Gladys Buttrell of Abilene, Mr. J. F. Nevin of Lawn, Mr. and Mrs. Carles Clayton and their children, Linda and David of Jacksboro.

Other visitors in the B. B. Freeman home were Mr. and Mrs. Tom Kimbrough of Grayford.

An item of interest which came to our attention the other day is about Neal Woodard of Fort Worth who is now a member of the House of David basketball professionals. Neal is the son of Mrs. Milton Underwood and husband of Lynette Shook Woodard, who was an Alameda High School student, once upon a time. She is the niece of Ira Wilson and Mrs. Leis Melton of this community.

Mr. and Mrs. Bob Revels came home for a week, but will be moving soon to make Odessa their home. The Clinton Revels of Gorman visited them and the parents, Mr. and Mrs. Jack Revel, Sunday.

LEGAL NOTICE

REQUIRING A REPORT BY THE SOUTHWESTERN BELL TELEPHONE COMPANY

WHEREAS, by Charter and Statute it is the power of the City Commission of Ranger to determine, fix, and regulate the charges to be made, and to prescribe the kind of service to be furnished, the equipment to be used, and the manner in which service shall be rendered by the Southwestern Bell Telephone Company, a Missouri corporation, within the limits of said city, and to change such regulations from time to time;

WHEREAS, the following reports are determined to be necessary to said Commission in the exercise of said power for a proper understanding of what is or should be reasonable rate regulation:

NOW, THEREFORE, BE IT ORDAINED BY THE CITY OF RANGER:

Section 1: That on or before the 15th day of May, 1952, and thereafter annually on or before the 15th day of May, the Southwestern Bell Telephone Company shall file with the City Secretary of Ranger a written report sworn to by the President of such corporation which shall show:

1. An itemized list of the physical properties of said company within the limits of the City of Ranger, together with the actual original cost, itemized item by item, of the physical properties, date when each installed, term for which depreciated item by item, and the present value of each item on the books of said corporation as it has listed each item on its computation of the fair value of that item.

2. The annual cost of operating such plant, showing by separate items the amount paid for actual salaries, amount paid for labor of all kinds, fixed charges, including interest, taxes and insurance, giving each separately, amount paid for fuel, for extension and repairs, giving each separately, the cost of maintenance, amount paid for damages, claim or suits for damages, identifying each claim or suit, amount paid for miscellaneous expenses, and, if any machinery or equipment is abandoned, worn out or its use discontinued within the preceding year, the same shall be stated item by item, giving the original cost of each item, and the present value thereof.

3. The report shall give gross earnings from revenues from every source whatever, stating items separately, and giving the gross amount of receipts from long distance calls placed with such local exchange in Ranger, or placed in other points and directed to such local exchange in Ranger as collect calls.

Section 2: Penalty: If said corporation shall wilfully refuse or fail to report at the time and in the manner provided by this ordinance, then it shall be fined and shall pay to the City of Ranger the sum of \$100.00 per day for each and every day during which it shall continue in default.

Passed and approved this 8th day of April, 1952. Price Crawley, Mayor

Attest: L. Crossley, Secretary

Capital Punishment Is Losing Popularity In United States

NEW YORK N. Y.—Capital punishment is infrequent in the United States, according to the statisticians of the Metropolitan Life Insurance Company. During the eight year period (1941-1948) for which data are available, there were 851 legal executions.

Each year about 7,500 cases of murder and negligent manslaughter are reported to the local police in the United States, the statisticians pointed out. The actual number of such killings is even larger, since undetected slayings may be listed in the official records as accidents, suicides, or a deaths of unknown origin.

According to Department of Justice and the Bureau of the Census reports analyzed by the Metropolitan, arrests are made in about 9 out of 10 cases, a higher ratio than for any other serious examinations. Of those brought before the felony courts on murder charges, one fifth are released for lack of evidence or other reasons, one fifth are acquitted by the court or the jury, and three fifths are convicted.

Of those convicted of murder, only about 5 per cent are sentenced to death. Most of the sentences, 70 per cent, range from 20 years to life. About 3 per cent are sent to prison for terms of less than 5 years.

"The prison sentences actually served are much shorter than those given," the statisticians pointed out. "Of the men imprisoned for murder who were released in the period 1944-1946 (the latest data available), barely 6 per cent had served 20 years or more. Almost a quarter were in prison less than five years before they were released. However, most of those released were placed on parole or had other conditions attached to their freedom."

Household Hint You can speed up your ironing by placing aluminum foil neatly between the ironing board cover and the pad. You'll find the result also look more professional. Another ironing tip—iron into tucks and gathers, not across them.

Your Tax Burden Still Climbing The federal personal income tax was adopted in 1913, with rates ranging from 1 to 7 per cent. Today rates range from 22.2 to 92 per cent. The corporation tax, when adopted in 1909, amounted to 1 per cent. Today it averages 60 per cent of corporations' earnings. The total tax burden—direct and hidden, federal, state and local—now is approaching 35 per cent for the average American. Those in the \$2,000 to 3,000 income group pay almost 50 per cent of their incomes. These facts

Willing Workers S. S. Class Met With Mrs. Brown

The Willing Workers Sunday school class of the First Methodist Church met in the home of Mrs. W. M. Brown, Tuesday evening, April 8, at 7:30 for an enjoyable social hour. Mrs. W. C. Garrett and Mrs. W. C. Palmer were co-hostesses for the occasion.

Twenty-nine members and guests heard Mrs. Leslie Hagaman as she gave the book review "My Cousin Rachel" by Daphne Dumasaurier.

The color scheme of purple and orchid was carried out in the flower arrangements on the mantle and also in the centerpiece on the lovely tea table which was laid with an imported lace cloth. Orchid candles lighted the table and the appointments were crystal. Mrs. Palmer poured tea as Mrs. Garrett assisted Mrs. Brown in serving.

SOCIETY

Candlelight Communion Service At 1st Christian Church Thurs.

The second of the Easter Week Services at the First Christian church will be held this Thursday evening at the local church at 7:30 p.m. in observance of the traditional Maundy Thursday celebration in Christian tradition, a candlelight communion service will be held. This service is for all of the community and affords an opportunity for you to renew your dedication to Christ and a preparation for the approaching Easter Sunday morning. This service will not be a preaching service; but will be a distinct worship experience centered around the Lord's Table.

Rev. A. Lynn Robbins, pastor of the First Christian Church, will lead in the worship and will be assisted by the elders and deacons of the congregation. In past churches serve by the local minister, this yearly observance has drawn on several occasions 100 per cent of the resident membership; and it is hoped that this year every member of the church will be present for this time of Holy Communion. However, the meeting will be designed so that all communicants, members and visitors alike, will have opportunity for a great spiritual refreshing, says Rev. Lynn Robbins.

You are thus extended a very cordial welcome to attend this high point in the church year and to take advantage of the beautiful communion service in memorial of our Lord and Savior, Jesus Christ. You'll find a real Christian fellowship at the First Christian Church in Ranger this Easter season, states the pastor.

Burney Tea Held By The WMS Of The First Baptist Church Monday

The Woman's Missionary Society of the First Baptist Church met Monday afternoon at 3 p.m. for their regular monthly business meeting and Burney Tea.

Mrs. J. L. Clem, president, presided over the business meeting Mrs. J. B. Houghton, Sr. led in the opening prayer with Mrs. Ralph Perkins acting as secretary pro-tem. Reports were made by the circle and standing committee chairmen.

Mrs. R. E. Barker gave the devotional on "Righteousness" using as her scripture Matt. 5:20 and Dan. 12:3. She concluded her devotional thought with an original poem on treasures in Heaven.

Mrs. Ralph Perkins explained the meaning of the Burney Gift before the group was dismissed in prayer by Mrs. Homer Sumerall and the tea followed.

The Burney Tea was held in the Fellowship room of the church with the Carolyn Bell Circle in charge. The tea table was laid with a green scarf down the center and an arrangement of purple Iris in a gold bowl as the centerpiece. Gold candle holders and purple candles flanked the centerpiece. A beautiful bouquet of bronze gladioli and snapdragons were on the piano.

Mrs. J. B. Houghton, Sr. labeled the punch from the crystal bowl and Mrs. R. F. Webb assisted with the serving.

Those attending were Meses. Clem, Perkins, Mamie Ruth Hamrick, R. F. Webb, L. D. Tankersley, Joe Tullio, R. E. Barker, J. B. Houghton, Sr., A. Kirk, Earle Pittman, P. C. Long, F. E. Langston, C. B. Pruet, J. W. Dillard, Homer Sumerall, Lee Mitchell and Mrs. Roy McCleskey.

Easter Party Fun For Youngsters

Wondering what to do with the youngsters during the spring vacation? Why not let them have an Easter party and let them make their own invitations? It will increase their pleasure and anticipation immensely, and also help to occupy the restless hours that inevitably come with vacation.

For a pretty Easter party invitation, follow these directions from Jerlyn Madison, consumer consultant of the Sheaffer Pen Company.

Using yellow or pale green ordinary drawing paper, measure and cut out an oblong that is 7 inches across the top and 9 inches long.

Draw a line across the top one and one-half inches down. Then draw lines along each side one inch from the edge, and draw another line across the bottom three and one-half inches from the edge.

The invitation itself can be written or printed in the center section (which should measure 4 inches by 5 inches). To make the writing job easier and less messy for your youngster, Miss Madison suggests using a fountain pen filled with purple or emerald green ink. For decoration the youngster may want to draw pictures of Easter eggs or a border pattern in a contrasting color. For this, simply flush out the old ink in cold water and fill the pen with the contrasting color. Washable ink is best, because it can be easily washed out in case of accidents, and because gayer colors are available in this type of ink.

The next step is to fold in the edges and make the envelope: fold in the sides first, along the one inch lines already measured out, then fold the bottom up and the top down. For a final gay touch, you can fasten the top flap down by pasting on one or two of the bright Easter decals left over from Easter egg decorating.

The last step is to write the address on the reverse side, using

Mr. and Mrs. W. N. Fox

Eastland Couple Observe 50 Years Marriage With Home Celebration

Mr. and Mrs. William N. Fox of Eastland celebrated their golden wedding anniversary recently during the afternoon and evening with an open house at their home 112 New Street, attended by many out-of-town guests. They were married in Callahan County, the bride of 50 years ago being Miss Emma Wright, who was 15. The bridegroom was 20.

For the occasion a register made of gold moire taffeta with "Our Golden Wedding Anniversary" was embossed in gold letters. The table was accented with an arrangement of gold carnations. Lilies and poppies decorated the entertaining rooms at other points.

White lace ever gold, covered the table, which was centered with a three-tiered off white wedding cake on a large round mirror reflector. A cluster of gold wedding bells topped the cake with miniature matching bells decorated each tier. All appointments were in china.

Sooner Netmen Will Engage UT At Norman

NORMAN, Okla., April 9 (UP)—A University of Oklahoma tennis team clashes with the University of Texas at Norman today, weather permitting.

The Sooner netmen bowed to Texas A&M College yesterday, 4 to 3.

Today's matches are scheduled for 2 p.m. but the weather man has predicted thundershowers and heavy wind storms for Oklahoma. The Oklahoma team has lost three of its seven matches this season.
