

Telephones Silent As Workers Strike

SEEN OR HEARD

Tomorrow at 1:30 p.m. the telephone company and the city meet in the 91st District Court on their rate case whereas the telephone company wants more money.

You won't be calling your neighbors and talking about it over the phone. In fact it seems as if an operator or two are missing from the exchange here. At least we can't get one.

It sure has been a peaceful morning.

Major Hoople McCorkle, editor of the Eastland Telegram, was over here yesterday among the while people.

Mac was trying to sell us on voting the bond issue in for the dam of the water district.

Poor fellow, we know he has a sore throat, he is just about tall enough to reach the top of a short table. And we wouldn't let him crawl upon the furniture to talk to us, so we imagine he has a sore throat this morning.

We see where he invited us over to get a plate of red beans to put some meat on our bones. We'll gladly take him up on that with beans being the price they are today.

Mac said something about a T-bone steak, faintly we can visualize what one looks like, but then he first said he would buy us one if we would come over, later he was talking about "out fumbling" us when it came time to pay the check. You have to watch these people working for newspapers, you can never tell what they'll pull on you.

We imagine that hearing tomorrow will be open to the public. The time again is 1:30 Friday afternoon and its the hearing on the Ranger rate case.

You might learn something you don't already know about both sides of the picture if you want. There may be some new developments crop up at the hearing.

Local Schools To Close Two Days Starting Friday

Public school students in Ranger will go two days off from school for Easter which in combination with the week end will give them a four day holiday.

Today will be the last day school will be held this week. And the students will return to their studies Tuesday.

Ranger Junior College students are getting little holidays for the Easter week end. The holidays start for the college at 8:00 p.m. today.

Fort Pierre South Dakota 80% Flooded

FORT PIERRE, S. D., April 10 (UP)—Flood waters are sloshing over 80 per cent of Fort Pierre, S. D., this morning, and the flood crest of the Missouri River is still to come.

In the midst of the creeping, muddy tide of water, 40 men are barricaded in the telephone building trying to keep lines open, lines that serve as the city's last source of communication.

Across the Missouri, things are not much better. In Pierre, a 25-foot flood crest is approaching and is expected to strike today.

The rampaging river already has topped its banks, burst through levees, put a 34-block area under water, forced nearly 1600 persons to flee their homes.

Mayor Ralph Henderson of Sioux City urged residents to make every effort to protect themselves and property because of what he calls the "unprecedented threat of floods."

In South Sioux City, Neb., the main dike on the west edge of the city collapsed this morning, a flood crest of about 19 feet.

The dike had been holding back Police say some water is pouring into the residential area of town, although an auxiliary dike is expected to hold off some of the flow.

The entire upper Midwest in the states of Minnesota, Nebraska and the Dakotas either is flooded already or is threatened in the river valleys. The total number of homeless approaches the 3000 mark and thousands of acres of farmland are under water.

4-H Clubs Will Hold Rally In Eastland Sat.

Eastland County 4-H Club Boys and Girls are holding their Annual Rally Day in Eastland on Saturday, April 12, says Sandra Herrell, chairman, Eastland County 4-H Committee.

The morning program will be in the Lyric Theatre at Eastland starting at 10:00 a.m. At this time County Judge, John S. Hart, will present the awards for 4-H achievement for last year. The Club members will then stage a Talent Show. Stanley Webb, Tax Assessor and Collector will attempt to lead the group in some singing.

A picnic lunch will be spread at the Eastland City Park at noon with drinks being provided by the Eastland National Bank. The afternoon program will consist of some folk games.

Everyone is invited to attend any or all of the program.

WATER SALES (Editorial)

Water sales will be emphasized by the Eastland County Water Supply District.

Not only to the two towns presently forming the district, but other towns and for industrial uses. The adequacy of water from the proposed reservoir will make what is now impossible—an abundance of water for any use purchasers may want.

You will be urged to make your town more beautiful. Possibly, the women of your town, active in civic clubs promoting beautification, will be able to carry out their dreams and ideals upon which their clubs are founded.

Industries will be enhanced here by a supply of water on a twelve month per year basis. Numerous articles have appeared in some of the nation's leading magazines and trade publications about towns no larger than ours growing to additional water supplies they have made available to industry.

The more water sold by the Eastland County Water Supply District—the lower the cost will be to the purchasers. The water district is not an organization whose intentions are profit for the district, but is a separate political subdivision that has taken on the responsibility and work of building this area through new water supplies.

The directors of this district have asked for a bond issue of \$1,500,000 to finance this project on the strength of the water sales paying for the dam and its facilities of delivering water to purchasers.

The dam that would create this reservoir is to cost somewhat over six hundred thousand dollars. With the cost of the land being included in that figure. Last cost has been estimated at sixty dollars per acre for farmland, and thirty-five dollars an acre for pasture land.

"A town is no larger than its water supply." Vote for the bond issue April 22.

Queen Elizabeth Will Make First Appearance

LONDON, April 10 (UP)—England's new sovereign, Queen Elizabeth, performs an ancient ceremony today, and thereby takes part in her first public engagement.

The ceremony goes back to the days when Great Britain's kings washed the feet of the poor to commemorate Christ's washing of His disciples' feet. Through the years the ceremony has changed, today Queen Elizabeth will hand out what is called the silver "Maundy Pence" to 25 aged men and 25 women, one for each of Elizabeth's 26 years.

KNOW THESE MEN?—The Commercial Travelers Casualty Company will have the above enrollment officers in Ranger for about three weeks to enroll you folks in their new health plan. They are (left to right): Horace Nahah, Dewitt Crawford, and John Peck. Their headquarters will be at the Gholson Hotel.

Third Grade Hodges Oak Park Proud Owners Easter Picture

The third grade class of Hodges Oak Park has an Easter scene poster on the north wall of room number one, which in size and beauty, and its effective way of conveying the story of Easter is magnificent.

Jesus is portrayed standing in the garden after his resurrection from the tomb. Mary Magdalene, one of Jesus' disciples, is bowing before him. She had come early to the tomb and had seen a vision of angels who said that Jesus was risen.

A little distance from the tomb Jesus appeared to Mary but she supposed him to be the keeper of the garden. Jesus spoke to her.

Mrs. Walter Daniels teaches the third grade at Hodges. Most of her pupils are of the eight and nine year-old age group.

The teacher stated the children had gotten tremendous enjoyment from the scenes on the poster and its relation to their Sunday School lessons and the Easter holiday. She has 25 youngsters in the class.

The poster was ordered from a Methodist organization in Fort Worth. Its immense size makes it the most striking thing in the room. The picture covers the side of the room it is on, from wall to wall, and extends about halfway to the ceiling.

At the time we saw the poster the members of the third grade were going to presenting a travelogue program, in another room. The program had not yet begun, awaiting the arrival of some of the pupils, who had been invited to the program.

In the travelogue program a slide projector and view slides of various geographical locations would be shown, and pupils would tell the audience what they know about the places.

When ever an emergency arises, everyone joins hands to help out and to restore things to normalcy, as much as possible.

ONLY EMERGENCY CALLS TO BE ACCEPTED; SERVICE IN COUNTY REDUCED TO ZERO

Telephone service in this area is practically nil. Work stoppage by local and long distance operators of the area telephone exchange in sympathy with the striking CIO Communications Workers, which includes Western Electric employees is the cause.

Skeleton crews of supervisory personnel are on duty at the exchanges to accept emergency calls for long distance.

Work stoppage in the county began at 7:30 a.m. this morning. Wire service for newspapers has not been impaired, though general news obtained from various sources, has been reduced to the zero point.

W. H. McAnally of Cisco, group manager of eight exchanges, stated early today that is not an all out strike, and that only real emergency calls will be accepted. His statement follows:

"There is no dispute of any kind between the Southwestern Bell Telephone Co., and the Union representing the employees in Texas, and we have a contract with CWA, CIO, which remains in full force and effect.

"It is the responsibility of the telephone company and its employees to furnish telephone service to the public on a continuous basis. We are doing everything we can to meet our responsibility through the use of every available person to man the switch boards."

In large cities, where the dial system is used, people will not be inconvenienced to any great extent, but in smaller cities and towns, and rural areas, telephone service is practically paralyzed, it is thought.

Just how long present conditions will exist can not be said, though it is unlikely that they will improve materially before the strike is finally settled.

All switchboards in this county are idle, it is thought. Long distance calls will be accepted only in cases of extreme emergency.

By United Press

The telephone strike called yesterday has hampered service in at least 29 Texas and Oklahoma towns, and 5000 non-striking telephone operators and maintenance workers are staying off their jobs in sympathy with striking employees.

Ticket lines have been set up by CIO communication workers which includes Western Electric installers and salesmen in Texas and Oklahoma. El Paso is the only city with normal service in Texas where Western Electric employees are on strike. The El Paso exchange, served by Mountain States Telephone and Telegraph Co., has Western Electric employees of a different local than the one that is striking. Pickets were withdrawn from the El Paso exchange yesterday.

At Dallas, and other major cities, supervisory personnel has been called on to handle long distance calls. Chester Cole, division commercial superintendent for Southwestern Bell Telephone Co., said long distance calls are only curtailed and not on an emergency basis in Dallas.

Some 1500 operators are off their jobs in Dallas, 1800 walked off in San Antonio and 600 at Amarillo.

Korean Truce Issue Same

KOREA, April 10 (UP)—One Korean truce issue may be back where it was last week.

Several days ago, Allied and Communist subcommittee delegates took back the truce supervisory issue from staff officers who had been trying to work it out.

In a brief meeting at Panmunjom last night, both sides indicated they might be willing to let the staff officers take over again.

The Reds also flatly rejected renewed Allied demands that Russia be withdrawn as a "neutral" nation for the inspection team. And the Reds again refused to accept a ban against airfield construction during any truce.

Local Guard Unit Enlists Three In Week Recruiting

Jesse C. Tankersley, Olin D. Gentry and Floyd A. Woods became the first recruits to join Service Battery 648th Armored Field Artillery Battalion in the two month recruiting campaign that seeks to bring the National Guard unit to full authorized strength. Capt. R. Harris, commanding officer, announced today.

The campaign started April 1. Captain R. Bruce Harris invites all young men between the ages of 17 and 18 1-2, and war veterans to follow the example of Jesse C. Tankersley, Olin D. Gentry and Floyd A. Woods and join Service Battery 648th Armored Field Artillery Battalion.

A full day pay at regular Army rates for two hours training each week free, specialist schooling social and sports activities, and the opportunity to advance according to ability and ambition can be had by all recruits, "Captain Harris said.

Lost Japanese Transport Is Found On Island

By United Press

A Japanese transport plane has been found smashed to pieces on Oshima Island—just 200 feet below the crest of a volcano, United States paratroopers who jumped to the disaster scene report that all 27 persons, including four Americans, aboard the twin engine plane are dead. The plane apparently struck the volcano during an overcast.

County Has 16 Car Inspection Stations Now

Eastland County has sixteen state approved Motor Vehicle Inspection stations to take care of the 9,682 registered vehicles in the county before next September. Three thousand one hundred and thirty-two of those vehicles have been inspected. Some of the 3,132 having been inspected may be out-of-county registered.

Cisco has two stations, AG Motor Co. and Nance Motor Co.; Eastland has six, Munirhead Motor, Pullen Motor, Blevins Motor, McGraw Motor, Rushing Motor, and King Motor Co.; Gorman has one, the Smith Bros. Chev. Co.; Ranger has five locations that can inspect cars, they are Clarke Motor, Mission Garage, Crawley Motor Anderson Chevrolet, and Leveille Motor Co.; and Butler Chevrolet, and J. W. Roach Motor Company are the two in Rising Star.

Motorist have been warned to take advantage of two slack periods in inspections to get their automobiles ready before September. Beat the rush. Take your car to your choice of inspection station in your town and have it checked now.

\$9,250,000 Check Will End Lawsuit

An official of the Ford Motor Co. is ready to write a check for nine and one-quarter million dollars today, marking the end of four years of litigation over a patent infringement suit.

The sum is in settlement of a 142-million-dollar suit brought by Irish-born tractor inventor Harry Ferguson. It represents royalty payments in Ferguson tractor patents since 1947 when Ferguson, who called himself "Henry Ford's only partner," broke with the auto pioneer. Ferguson claimed that Ford copied his "Ferguson System" of tractor attachments.

In a consent judgment signed yesterday by Federal Judge Gregory Noman in New York, both parties agreed to throw 90,000 pages of proceedings and more than one million documents into the trash barrel.

Henry Ford, II, said that in normal times, Ford would have carried the suit to a final conclusion in the courts. "But," Ford added, "these are not normal times."

Ferguson, in England at the present time, issued a statement calling the judgment a "great victory for inventors."

STEEL COMPANIES BITTERLY FIGHT GOVERNMENT SEIZURE

By United Press

The steel industry has taken its case to the people and today it makes a new appeal for a hearing before a federal tribunal.

Last night, Clarence Randall, president of Inland Steel, acted as spokesman for the industry in a biting rebuttal to President Truman's announcement 24 hours earlier.

He called the seizure "a corrupt political plot" that "discharged a political debt to the CIO." He stipulated that his remarks were addressed not to the president, but to "Harry S. Truman, the man." Mr. Truman, he said, had committed "an evil deed, without precedent in American history." And, said Randall, the president had acted "without the slightest shadow of legal right."

Randall criticized Mr. Truman's figures on steel profits, saying that the government takes two thirds of it in taxes. And he said that, before the Tuesday midnight deadline, the companies increased their offer by three cents and proposed a 12 and a half cent wage boost, plus fringe benefits, only to have the CIO steelworkers refuse.

Randall challenged the president's so-called "inherent powers" For Good Used Cars (Trade-ins on the New Olds) Osborne Motor Company, Eastland

Eventual End To Children's Diseases Seen

The head of the National Children's Bureau sees an eventual end to most of the contagious childhood diseases.

Dr. Martha Elliot, director of the government agency, predicts that by 1952 most of them will be "out of date." Already some of them, whooping cough, scarlet fever, smallpox and typhoid, are under control.

During the next 40 years, she looks for the same results in the fight against tuberculosis, pneumonia, polio and rheumatic fever.

New Safety Law Will Get Test In Court Today

RAYMONDVILLE, April 10 (UP)—The new driver responsibility law is undergoing a test in Raymondville in the lower Rio Grande valley today.

A district judge is expected to hand down a decision on whether it is constitutional.

The suit was filed by Alexander Durate, a victim of the new legislation. Durate lost his driver's license after he was involved in a traffic accident which caused one death. He was cleared of blame in the death but lost his license since he had no insurance and couldn't meet requirements for proof of responsibility.

Lt. Gen. William M. Hoge, director of the exercise, called a cease fire at 4 p.m. yesterday after the 1st. Armored Division pushed the enemy 82nd Airborne Division across the Colorado River for a premature U. S. victory. And troops and vehicles were bogged in mud as the men were shivering in sub-freezing temperatures.

The maneuver critique, a review of the exercise involving 115,000 men and two Air Forces, will be held at 11 a.m. tomorrow. The real casualty toll for the

maneuver which started March 25 stands at 11 today. The latest deaths are Pfc. Clement Hooper Arvizon of Los Angeles who was killed when his parachute failed to open in Monday's jump, and the other is 1st. Lt. Robert R. Mayford of Wood River, Ill., who killed Monday when his flight plane collided with another plane in the area.

The gigantic maneuver was supposed to determine whether a defending force, flown halfway across the country, could repel an enemy invasion of the United States.

LEGAL NOTICE

NOTICE OF HEARING TO APPROPRIATE PUBLIC WATERS OF THE STATE OF TEXAS

No. 1753

Notice is hereby given, to whom concerned, that Eastland County Water Supply District, the post-office address of which is Ranger, Texas, on the 21st day of March, A. D., filed its application in the office of the Board of Water Engineers for the State of Texas, in which it applies for a permit to appropriate of the unappropriated waters of the State of Texas, from the Leon River, a tributary of the Little River, which is a tributary of the Brazos River, in Eastland County, Texas, not to exceed 12,000 acre-feet of water per annum, by impounding 28,000 acre-feet of water, for municipal and industrial uses. The proposed dam is to be located at a point which bears North 31 deg. 45 min. East 4167 feet from the southwest corner of McLennan County School Land, Original Survey No. 368, on the south bank of the Leon River, in Eastland County, Texas, and is distant in a southeasterly direction from Eastland, Texas, ten (10) miles.

A hearing on the application of the said Eastland County Water Supply District will be held by the Board of Water Engineers for the State of Texas, in the office of the Board at Austin, Texas, on Monday, May 12, 1952, beginning at ten o'clock A. M., at which time and place all parties interested may appear and be heard. Such hearing will be continued from time to time, and from place to place, if necessary, until such determination has been made relative to said application as the said Board of Water Engineers may deem right, equitable and proper. Given under and by virtue of an order of the Board of Water Engineers for the State of Texas, at the office of the said Board at Austin, Texas, this 21st day of March, A. D., 1952.

Billy Maxwell Will Play In USGA Tourney

DALLAS, April 10 (UP)—Billy Maxwell, National Amateur Golf Champion, is invited today he would enter the 1952 U.S.G.A. Open Golf Championship here with considerable trepidation.

The open will be played June 12th through the 14th on the 6,511-yard Northwood Club course and Maxwell agreed that the course is quite worthy of the nation's top tournament.

"It's particularly tough on a little guy like me," the 22-year-old Maxwell says. "The greens are tricky and its long. Eighteen of those long holes begin- elling pretty quick when your legs are short."

Maxwell, a student at North Texas State College, also said his name has been hurt lately because he "worries about classes."

The amateur champion has shot several practice rounds at Northwood and said his best card was 70-par for the course. But he declared he would get in plenty of practice before June 12th and

Dallas Girl Dies From Fall Over High Cliff

DALLAS, April 10 (UP)—An 11-year-old Dallas girl has been killed apparently from a fall of a 100 foot cliff. The victim, Shirley Swift, was found lying face down in a shallow stream at the bottom of the cliff near Dallas city limits.

THE NATIONAL GUARD

Civilian in peace, soldier in war--of security and honor, for three centuries I have been the custodian. I am the Guard.

I was with Washington in the wilderness, fought the wily warrior, and watched the dark night bow to the morning.

At Concord's bridge, I fired the fateful shot heard 'round the world. I bled on Bunker Hill. My footprints marked the snows at Valley Forge . . .

I pulled a muffled oar on the barge that bridged the icy Delaware. I stood with Washington on the sun-drenched heights of Yorktown. I saw the sword surrendered . . . I am the Guard.

I pulled the trigger that loosed the long rifle's havoc at New Orleans--these things I knew - I was there! The hill at San Juan felt the fury of my charge. The far plains and mountains of the Philippines echoed in my shout . . . I am the Guard.

The dark forests of the Argonne blazed with my barrage. Chateau Thierry crumbled to my cannonade. Under the arches of victory I marched in legion - I was there! . . . I am the Guard.

I bowed briefly on grim Corregidor then saw the light of liberation shine on the faces of my comrades. Through the jungle and on the beaches. I fought the enemy, beat, battered and broke him. I raised our banner to the serene air on Okinawa - I was there! . . . I am the Guard.

Soldier in war, civilian in peace . . . I am the Guard.

I was a Johnstown, where the raging waters boomed down the valley. I cradled the crying child in my arms and saw the terror leave her eyes.

I moved through smoke and flame at Texas City. The stricken knew the comfort of my skill.

I dropped the food that fed the starving beast on the frozen fields of the West and through the towering drifts I ploughed to rescue the marooned.

I have faced forward to the tornado, the typhoon, and the horror of the hurricane - these things I know - I was there! . . . I am the Guard.

I have brought a more abundant, a fuller, a finer life to our youth.

Wherever a strong arm and valiant spirit must defend the nation, in peace or war, wherever a child cries, or a woman weeps in time of disaster, there I stand . . . I am the Guard.

For three centuries a soldier in war, a civilian in peace - of security and honor, I am the custodian, now and forever . . . I am the Guard.

WSCS Annual Conference Reports Heard At Business Meeting Monday

The Woman's Society of Christian Service of the First Methodist Church met Monday afternoon, April 7, at 2:30 p.m. for a business meeting.

A program on "The Christian Family" had been planned and announced, but was postponed until a later date because of the urgency for the business meeting.

Crucifixion Memorial Service Held Friday At First Christian

A special and type of Good Friday services will be held in the First Christian church on Friday night at 7:30 p.m. This date has been incorrectly designated as Good Friday when actually the day was the darkest in Christian history because of the Crucifixion of the Lord.

In memory of this fact, the special service at the Christian church will be a striking worship experience making use of twelve blood red candles representing the twelve apostles and one large candle representing Christ. As appropriate Scriptures are read each of the candles will be extinguished until that representing Christ will be the only light remaining. At the moment of the crucifixion the light of Christ will also go out, and the congregation will leave the church in darkness and silence. This will continue, as symbol, until Sunday morning, when the Easter Morning Worship Service at 11:00 a.m. will be a celebration of the Risen Lord.

It is the hope of the local pastor, Rev. A. Lynn Robbins, and the members of the First Christian church, that you will accept their invitation to attend this impressive religious and Christian Crucifixion Memorial Friday evening. The service will be short and will provide a sincere spiritual experience of the real meaning of the day of the crucifixion.

Your attention is also called to the Candlelight Communion Service to be held at the church to night at 7:30 p.m. Announcement was made in this paper last night concerning this service, and you are reminded that you are wel-

come to this special Easter service at the First Christian church on Friday night at 7:30 p.m. This date has been incorrectly designated as Good Friday when actually the day was the darkest in Christian history because of the Crucifixion of the Lord.

In memory of this fact, the special service at the Christian church will be a striking worship experience making use of twelve blood red candles representing the twelve apostles and one large candle representing Christ.

As appropriate Scriptures are read each of the candles will be extinguished until that representing Christ will be the only light remaining. At the moment of the crucifixion the light of Christ will also go out, and the congregation will leave the church in darkness and silence.

This will continue, as symbol, until Sunday morning, when the Easter Morning Worship Service at 11:00 a.m. will be a celebration of the Risen Lord.

It is the hope of the local pastor, Rev. A. Lynn Robbins, and the members of the First Christian church, that you will accept their invitation to attend this impressive religious and Christian Crucifixion Memorial Friday evening.

The service will be short and will provide a sincere spiritual experience of the real meaning of the day of the crucifixion.

Your attention is also called to the Candlelight Communion Service to be held at the church to night at 7:30 p.m. Announcement was made in this paper last night concerning this service, and you are reminded that you are wel-

Mother Honors Daughter With Birthday Party

Mary Helen Koenig was honored on her fourth birthday Wednesday, April 9, at 9:30 to 11:30 by her mother, Mrs. A. G. Koenig, with a party in the basement of the First Baptist Church.

A number of games were played before the group enjoyed a few movies.

A beautiful pink and white birthday cake was served with punch to the following: Miriam Milmo, Kay Aishman, Bobby Glenn Carver, Terry and Jerry Arterburn, Pat and Kay Perkins, Roy Chandler, Cathy Covington, Bob McCleskey, Regina Fawcett, Glenn Thomas, Jane Blackwell, Jill Guest, Alex Brasher, Keith Beck, Jerry Bob Warden, Larry Harris and the honoree, Mary Helen Koenig.

Mrs. David Fawcett, Walter Arterburn and Carvis Beck assisted Mrs. Koenig with the games and serving of the refreshments.

S. S. Goal Of 600 Set For Sun.

Plans were completed last night at the teachers and officers meeting of the First Baptist Church Sunday School for the reaching of the goal for Easter Sunday. Last Sunday the school had 411 and the goal for next Sunday is 600.

Instructions and plans were handed to the teachers, officers and departmental superintendents to contact all their members and prospects before Sunday. A great day and service is being planned for Sunday morning.

If you are not a member of a Sunday School in this community, you are invited to attend the school at the First Baptist Church, as stated Wilson Guest, Sunday School Superintendent. Come and help us reach this goal for the Lord.

Mrs. Lottie Davenport, Mrs. John Haggard, Mrs. Norman Davenport and daughter Jan drove to North Fort Hood Sunday and had dinner with Capt. Norman Davenport and Warrant Officer, John Haggard. Both men are in the exercise Long Horn at Fort Hood.

Child Study Had Egg Hunt Tuesday

Members of the Child Study Club had a regular monthly luncheon Tuesday at the Wilcox Park Tuesday afternoon.

After the lunch hour, a short meeting was held with Mrs. J. Vay Harrison presiding in the place of the president, Mrs. W. C. Harris, who is ill.

Those present were Mrs. E. I. Greer, A. H. Blackwell, Joe Calder, M. P. Williams, J. Way Harrison, J. W. Gideon, T. J. Melton and Mrs. W. C. McDonough.

Mrs. Dan Butler and son Bob visited in Cisco Wednesday in the home of Mrs. Bonnie McCleskey and Georgia Kay.

They reported that Georgia Kay, who has been confined to her bed for sometime, was doing fine and the doctor had dismissed her.

Mrs. Butler also reported that her mother, Mrs. Julia McCleskey was improving slowly but still had to remain inside.

Revival Services To Continue At 1st Baptist

The revival services at the First Baptist Church will continue to night with Rev. Tilson Maynard bringing the message.

Reverend Maynard has been bringing fine messages on the scripture from the new testament.

You are cordially invited to hear him at one of the two services daily, either at the early morning devotional hour beginning at 7:15 in the morning or at the evening hour beginning at 7:30, says Bill Bullock.

Brother Maynard has stated that he desires to speak to the young people of the community on Friday evening when he brings a message especially designed for the young people of the church and any other young persons in this community who will attend the service.

Come and hear these gospel messages each service.

Easter Egg Hunt Saturday At 2:30

The Primary and Beginner departments of the Second Baptist church will meet at the church building Saturday afternoon at 2:30 for an Easter program and egg hunt, it has been announced by the superintendents.

Each child is asked to bring six eggs, and Mothers of the youngsters are invited to accompany their children.

County H.D.C. Holds Monthly Meeting Wed.

Twenty five members representing eleven of the 14 Home Demonstration Clubs answered roll call Wednesday afternoon at the regular monthly Council meeting held in the Commissioners Court Room, in the Court House.

Mrs. W. W. Fewell, president presided over the business session during which the group voted to sponsor two 4-H club girls to the Round-up June 9, 11 at A and M College.

Mrs. Ernest Quaster of the Word Club and Mrs. G. G. Crowell of Union Center were appointed reporter and assistant reporter.

Plans were completed for sending the delegates to the district meeting being held April 28-29 at Meika, at which the Eastland County group will be in charge of the recreation.

Announcement was made of the dress review of the 4-H club girls which will be April 26th at West Ward School under the direction of Mrs. R. L. Justice of Lake Cisco Club.

The Council was invited to an encampment, June 9th and 10th in Brown County, at the Baptist Encampment.

FLASHBACK

Sometimes it's a fleeting moment—sometimes weeks, months and years in the headlines.

Then they drop from sight—For instance, whatever happened to Ralph De Palma, called the "motor motor," raced for 26 years.

He first won honors as a bike racer, then captured national Motorcycle titles in 1903, 1904 and 1905. Turning to automobiles, he had a number of "Grudge" races with Barney Oldfield. De Palma raced in the Indianapolis Memorial Day Classic 12 times, won it once. He retired in 1934, and since then little has been heard of Ralph De Palma.

Where is he now?

De Palma now is automotive consultant for the General Petroleum Company, with headquarters in Los Angeles.

IT'S THE LAW in Texas

A public service feature of the State Bar of Texas

COURT RULES PROTECT RIGHTS AND INSURE FAIR TRIALS

Many people regard rules of legal procedure as mere tools of delay, of concern only to lawyers and judges. Far from this, they are instruments of justice, and of real significance to all of us. Procedure is the lubricant which makes the machinery of uniform run smoothly.

The law is composed of two parts—the substantive and adjective law. The substantive law defines rights, duties and remedies; it enforces contracts and rights wrongs; it describes crimes and sets penalties. People can usually see the value of substantive law. Adjective law deals with legal procedure and describes the steps a person must take to invoke the substantive law.

Some of our most important rights are to be found in the body of procedural law. For example, as a people who want justice to

prevail, we like to think that every man, rich or poor, shall have his day in court. This is an important right, for a day in court implies more than merely the rights to have your say before a judge and jury.

Your day in court implies that you shall have the right to be properly represented, to have your case presented before an impartial jury and an unbiased judge, and to have a reasonable time to prepare for the trial. It holds that you shall have proper notice of the action against you; that the complaint or indictment shall state a clear cause of action. It means that you shall be confronted by your accusers; that you shall have the right to cross-examine them; that you shall be able to present evidence in your own behalf.

Finally, the law governing procedure tells you how you may appeal your case to higher courts when you feel that you have not had a fair trial or that a prejudicial error has been committed in the trial court.

Much of our procedural law comes down from centuries of experience in the courts of other lands. It was inevitable that though the centuries some of the procedure would become cumbersome, obsolete and difficult. For this reason the history of procedure has been characterized by great periods of reform. In America we have experienced many advantageous changes in our laws

Earthquake Felt From Texas To Nebraska

By United Press

Southwesterners are recovering from the shakes today . . . earthquake shakes. And they are asking what caused ground tremors yesterday that shook the mid and southwestern part of the United States, all the way from Nebraska to Texas.

The answer has been provided by seismologists. They say the quake was caused by a massive underground mountain range. The Nemaha, shifting itself about four inches. The vast Nemaha Range extends from Nebraska to Oklahoma and the men who study earthquake phenomena say it shifted from one end to the other.

The Reverend Joseph Downey, seismologist of Regis College in Denver, Colorado, says the area actually was lucky. He estimates that the epicenter of the quake probably was north of Oklahoma City. Downey says it was a seven intensity earthquake, violent enough to have done serious damage if its epicenter had been in a city.

The earthquake was reported

governing the procedure of courts and administrative agencies. There is a growing custom in the United States giving the courts the power to revise their rules in certain fields.

Our Texas rules of civil procedure are made by our state Supreme Court. The Court is constantly striving, with the recommendations of the practicing lawyers, to improve these rules. The aim of the Supreme Court is to provide a uniform and relatively simple set of rules for dispensing justice with a minimum of delay.

(This column, based on Texas law is written to inform—not to advise. No person should ever apply or interpret any law without the aid of an attorney who knows the facts, because the facts may change the application of the law.)
