VOLUME XXVI

## City Resident Dies Suddenly

John Bunyon Traylor, 72, of Dimmitt, died here suddenly Thursday noon in Plains Memorial Hospital where he had been confined since Tuesday. Funeral services for the retired businessman will be held Saturday at 10 a. m. from the First Methodist Church with the Rev. Raymond Van Zandt, pastor, officiating. The Rev. Russell Wingert, minister of the Hereford Presbyterian Church, will assist at services. Interment will be in the cemetery here.

Most of Mr. Traylor's youth was spent at the place of his birth, Daingerfield, Texas. He was married to Margaret Ida Dumas of Rockwall, Texas, October 14, 1903. They moved to Dimmitt in recent years.

Mr. Traylor was a member of the Presbyterian Church and was an elder in the church for 19 years. He helped build the church of which he was a member.

Prior to coming to Dimmitt, Mr. Traylor and his wife resided in Waco for 20 years. From Waco they moved to Dallas and resided there until four years ago, when they moved here.

Besides his wife, he leaves a daughter, Mrs. Allen Webb of Dimmitt; two granddaughters, Kristi and Allan; two brothers, Virgil of El Paso and Raymond of Daingerfield; also one sister, Mrs. Joe Bradford, Daingerfield.

Mr. Traylor was well known here and leaves behind a host of friends who will always remember his kindness and courtesy.

Active pallbearers are: Don Gladman, L. G. Manning, J. B. Blackwell, A. J. Kemp, Jack Miller and G. L. Willis.

Honorary pallbearers are: E. C. Caudle, Carl Kemp, Bob McLean, John Nichols, Reuben Mayfield, John Wood, A. O. Gregory, O. B. Winkle, James Burnam, R. J. Ramey, Raymond Wilson and Edgar Ramey.

Ushers will be Bob Estes, Bill Kirkpatrick, Sam Gilbreath and Russel Moran.

## Chamber Luncheon Held Wednesday

The fine cooperation extended the West Texas Chamber of Commerce by the Castro Chamber and its members was pointed up at a joint meeting of representatives of the two organizations, Wednesday at noon.

The meeting, held here in Fellowship Hall of the Methodist Church, was highlighted by addresses given by Tom McFarland, manager of the High Plains Underground Water Conservation District, and Ralph Duncan, community service manager of the West Texas Chamber of Commerce. McFarland pinpointed some of the accomplishments of the West Texas Chamber made possible through the cooperation of all local chambers of commerce.

Duncan outlined the West Texas Chamber's fight for the Gilmer-Aiken bill in order to get West Texas area an equal share of funds. He pointed out that the West Texas Chamber also led the fight for more rural roads based on needs.

A number of new members were accepted in the organization.

Joe Cowen, local businessman, introduced both speakers. Food for the occasion was prepared and served by the women of the Wesleyan Guild.

## Bettors Any Previous Mark for Same Period

## Construction Costs Here for Past 3 Months Exceed \$300,000 Mark

Permits for commercial and residential building totaling \$59,475 were issued by City Secretary E. B. Noble during the month of October. The total construction cost figure for the last three months is now slightly in excess of \$300,000, bettering previous mark for the same period.

Two office buildings currently under construction on the southside of the square accounts for \$24,000 of the total October building figure. Harold Gladman is serving as contractor for both of the projects which will be built of brick and tile construction. Each office building will cost \$12,000 and will have dimensions of 25 feet by 45 feet. Harrison Insurance Agency will occupy one building and Scoggin Real Estate the other.

Heading the residential construction list are homes being constructed by Robert Estes and Troy Langford. Estes is building in the Sheffy Addition on lot three at a cost of \$8,500. E. L. Calhoun is contractor for the 6-room home which measures 38 feet by 46 feet. Langford is building an \$8,000, six-room home on lot 12 of block 140. Calhoun is

## '54 Outlook Considered Favorable, However

## No Immediate Solution Seen To City Housing Shortage

Dimmitt businessmen, meeting in the court room of the Castro County Courthouse Tuesday night, held a "round table" discussion on a problem that has long existed and at present threatens the growth and economy of the city and its trade territory. This problem, the problem of insufficient low cost housing to care for a rapidly increasing population, was thoroughly aired at the meeting and those present saw little hope for any immediate solution.

As the important meeting adjourned, Castro Chamber Manager Bill Davis concluded, "We should exercise every effort to find that private investor who we can sell on Dimmitt, and call another meeting soon as we have something tangible to work on."

## 20,000 Acres Infested With Destructive Rodent

## Prairie Dogs Lay Waste To Many Acres of Castro Pasture Lands

Castro County farmers suffer heavy financial losses each year from hail and dry weather. Insurance partially offsets some of these losses, but nothing is done to avert another loss which poses more and more as a serious problem as many acres of good range

## Two Dimmitt Men Named to Posts At Convention

Two prominent Dimmitt businessmen were named to important posts during a recent meeting of the Baptist General Convention of Texas which attracted over 7000 Texas Baptists. Three thousand of the 7000 present for the annual convention, which was held in San Antonio, were serving as registered messengers.

Elmer Youts, well-known farmer and businessman, was elected to the executive board of the Baptist General Convention of Texas and will serve as a member for two years. The executive board is composed of 175 leading pastors and businessmen of the state.

Elected by the convention to the board of directors of Wayland College was W. E. Kirkpatrick, Jr. He is currently serving as a member of the Mexican Mission committee of the local Baptist Church.

Youts is Sunday School superintendent for the Dimmitt church and has been active in church work for over 20 years.

## Polio Victim Released From Plainview Clinic

Zella Vee Smith, 16-year-old daughter of Mr. and Mrs. Leland Smith who farms west of Dimmitt, has been released from the Plainview Polio Center after receiving several months treatment.

The polio victim was stricken with the dread disease during the summer but has made rapid recovery. She reportedly is doing fine and is able to be up on crutches. Physician say she will need to wear leg braces for a while, however.

## F. E. Coan Engaged As County Auditor

F. E. Coan, Amarillo public accountant, has been engaged by Castro County Commissioner to serve as county auditor. Coan was hired for the job at the regular Monday meeting of commissioners.

The new auditor has been in the business for some 20 years, most of which time has been spent auditing county records. He also serves as auditor for several other counties in the North Plains.

Coan was employed on an annual basis and will audit records of Plains Memorial Hospital as well as county records. The new auditor's salary is \$600 per year.

## Rev. Garcia To Preach At Joe Bailes Mission

The Rev. Lazro Garcia of Plainview will be in charge of services at the Joe Bailes Mission, Sunday, Morning services will be held at 11 o'clock and Sunday School at 10 a. m.

Training Union will be conducted at 5:30 p. m. and the evening sermon will be brought at 6:30. Rev. Garcia will preach at the evening service at the First Baptist Church Sunday night. This service will begin at 8 o'clock.

Some of the ideas and opinions set forth at the meeting follow: Joe Cowen—"They're not even making FHA loans in Lubbock but I expect a change by January of 1954—a little loosening up on credit. I talked with officials of two leading lending agencies in Lubbock and find that for the present that the outlook is not good for a town this size. United States Senator Lyndon Johnson will be in Amarillo in December. It might be good for a local group or delegation to talk with him and find out what the possibility is for getting FHA here. We must contact every available resource."

Woodrow Killingsworth—"We need to build a housing project and then see Johnson and tell him that's what we want here."

In regard to local businessmen building houses it was brought out that this would probably be agreeable if the person building a house knew he could sell it and wouldn't have to handle any loan papers on it or rent it.

Some businessmen were of the opinion that low cost rental housing fails to bring enough return when the headaches involved are taken into consideration. Others felt that the critical housing shortage could and would be remedied in a matter of time.

Cowen explained that Dimmitt is definitely feeling the effects of a housing shortage as numerous prospective renters and buyers are being turned away from his office from day to day. Just how damaging the effects are was pointed up when one businessman estimated that the city has lost several hundred population this year alone due to inadequate housing facilities.

Davis indicated that another meeting would be called as soon as the group has something to work on. He expressed the hope that the problem would be alleviated soon.

## Lice Threat To Castro County Cattle Breeders

The presence of lice among cattle in Castro county poses an economic threat to dairymen as well as beef cattle producers, particularly during the fall and winter months.

Cattle lice, according to County Agent Charlie Hudson, are easily controlled but may cause considerable damage and loss of flesh in milk production if allowed to go unchecked.

There are several species of lice which attack cattle. Some of the species are blood suckers and one is a biting louse. Cattle infested with lice bears a rough, course appearance. These insects are usually more abundant during the winter and spring when the hair is long. The best time to treat cattle for them is in the fall. A thorough wetting with spray or dip bearing an insecticide is essential for good control.

In treating dairy cattle for the control of lice 0.5 percent methoxychlor or 0.03 percent lindane is recommended either as a spray or in a vat. If lindane is used a second application in two weeks may be necessary for complete control.

For control of lice in beef cattle 0.5 percent DDT or 0.03 percent gamma benzene hexachloride may be used as well as the foregoing materials for dairy cattle. Two applications may be needed at two-week intervals if lindane or gamma BHC is used. One application of the other materials is usually sufficient.

Hudson emphasized that control should be initiated before lice have an opportunity to build up large numbers, in order to prevent losses.

## Mrs. Benson Improved

Mrs. Joe Benson of Dimmitt underwent major surgery Tuesday at the Lubbock Clinic and Sanitarium. She is reported convalescing nicely following the operation, but will be confined to the hospital for some time.

## Hance Home On Leave

Harry J. Hance F. N. recently returned to San Diego, Calif., for a new assignment with the U. S. Navy. He spent a convalescent leave from the U. S. Naval Hospital in the home of his parents, Mr. and Mrs. C. A. Hance.

Mrs. W. O. Laurence and Mrs. Elizabeth Huckabay are visiting relatives in Oklahoma this week.

Lois Cleavinger was here from Texas Tech last week-end for a visit with her parents.

## Dimmitt Faces One Of Worst Rainfall Years in History

Unless Dimmitt receives over two more inches of rainfall during the remainder of 1953 this year will be the worst in 18 years from a standpoint of total annual rainfall.

Thus far this year the city has received a meager 9.55 inches of rain. This could be the smallest measurement since 1935 when 11.68 inches fell unless an appreciable amount of moisture is recorded during the next two months.

The best month this year for rain has been October. A total of 2.15 inches of rain has been measured during October; all of this amount falling within the last week. July proved to be the second best month for the vitally needed moisture as 1.79 inches fell. Close behind July was August which accounted for 1.78 inches. A total of 1.28 inches was recorded in May while the lowest figure recorded is in September, .3 of an inch. Other rainfall figures for the current year are: April, .89; and March, .68.

The lowest temperature of the year was registered Tuesday morning when the mercury plunged to 34 degrees. Previous lows had been 38 and 40. Thin sheets of ice were reported in Dimmitt early Tuesday and some frost over the county.

## Castro Pioneer Dies At Nazareth

Herman Lange, Nazareth farmer and pioneer county resident, passed away Wednesday morning after being confined to his bed for sometime with pneumonia. Funeral services will be held Friday at 9 a. m. in the Holy Family Church in Nazareth and interment will be in the Holy Family Cemetery, Father Peter Morsch will officiate.

Mr. Lange came to Nazareth from Indiana in the early nineties. He had been engaged in farming operations all of his life. Well-known in the Nazareth area Mr. Lange was a member of the Catholic Church.

He leaves a brother, Joe, of Happy; and two sisters living in Fort Smith, Arkansas and Jonesboro, Arkansas.

## Bowser Addresses City Garden Club

"If you have a small house and garden, do not treat it like a big estate." This statement was emphasized by Harry Bowser, former landscape artist for the late Henry Ford, as he delivered an interesting address before the Dimmitt Garden Club Tuesday.

Bowser told the 50 Garden Club members present for the occasion to plant a few good shrubs that you enjoy. He added that one or two trees with similar leaf texture are more impressive than too many trees.

The Plainview speaker recommended the sowing of "Forgotten" seeds now with Daffodils and Tulips in order to assure oneself of having a beautiful spring arrangement.

Mrs. Buster Cooper, Mrs. Homer Newton and Mrs. M. E. Cleavinger served refreshments to those present from a table covered with yellow linen and decorated with fall flowers arranged by Mrs. J. O. Seale. The chairman's table was centered with a small driftwood and orange berry arrangement made available by Mrs. T. A. Singer.

## Bureau Convention Set Tuesday Night

County directors for 1954 will be elected and a number of important resolutions will be voted on at the annual convention of the Castro County Bureau which convenes in the local high school auditorium Tuesday at 7:30 p. m.

Directors will be elected to represent Dimmitt, Cleo Community, Bethel Community, Flag Community, Nazareth, Mulkey, Jumbo and Erio Communities. A report on last year's work will also be given.

All resolutions to be voted on will be forwarded to the state convention, slated to be held in Mineral Wells, November 9-10-11.

A good attendance is expected as this will afford the farmer an opportunity to voice his opinion on the various farm problems that have arisen in recent months.

## Bridges Sells Champion Lamb For Top Price

## Castro Dairyman Enters Louisiana Fair After Fine Showing At Dallas

Leo Witkowski, Castro county livestock breeder and dairyman, is in Shreveport, Louisiana this week to exhibit his prize show herd after capturing numerous honors at the Texas State Fair in Dallas.

In addition to showing the grand champion bull and female in the Milking Shorthorn Show at the State Fair Witkowski was named both premier exhibitor and premier breeder of the show.

Harold Tyner, show judge, praised the Castro dairyman for the high quality of his stock. Tyner showed the bull that won the grand champion banner at both Des Moines, Iowa, and Chicago, Ill., and said Witkowski's bull would have rated about as well as the two top shows. Tyner is an Indiana livestock breeder.

John Bridges, Hart 4-H Club member showed the grand champion fat Southdown lamb at the State Fair, sold his prize animal for \$3.25 a pound to Safeway Stores. The animal weighed 114 pounds and sold for \$375.50. This is over \$3 apound above market prices. Bridges' other Southdown lamb placed seventh at the fair.

Witkowski's champion bull is named Wheatland Adair and is out of a cow which was a three-fourth sister to the grand champion cow at the fair, "Harriet of Hermes." This same bull placed first in its class at the Lubbock and Amarillo fairs in 1952 and was a junior champion at the Louisiana State Fair last year.

During the current year the prize bull was first in its class at San Antonio; first at the Louisiana State University Show in Baton Rouge; first at the Tri-State Fair; and grand champion at the South Plains Fair in Lubbock.

The cow, Harriet of Hermes, was grand champion at the Texas State Fair in 1952-53; grand champion at the Louisiana State Fair in '52; grand champion at the LSU Livestock Show in Baton Rouge in '53; grand champion at the Tri-State Fair in '53; and was used as a representative of the breed on the Texas herd at the Dairy Cattle Congress in Waterloo, Iowa, in 1952.

Ironically, Witkowski's grand champion cow calved last Saturday while at the show at the State Fair. The new calf was sired by "Wheatland Adair," also the grand champion bull at the State Fair this year.

## Bobcats Better Rating; Happy Next on List

Dimmitt football stock received a boost over the week-end despite the team's narrow margin of victory over a lowly rated Amherst club. The Bobcats advanced from fourth to third place among Panhandle class "A" teams, according to a poll taken by Amarillo Daily News sports writers.

The Cats replaced the New Deal Lions, a team that moved into the second place spot. Memphis' Cyclones, loser of two games, but undefeated in conference play, climbed into fourth place while the mighty McLean Tigers tumbled from second to fifth after losing to a good Canadian team. Still on top and undefeated are the Springlake Wolverines. The Wolverines boast seven wins and no losses. This victory streak will be threatened Friday night, though, when the Springlake team takes on potent Sudan, a team that's always dangerous despite their record of four wins and two losses. Sudan ranks seventh in the standings.

The Bobcats with five wins and one loss face Happy's Cowboys Friday night. The Cowboys on paper appear to be a pretty tame outfit but are capable of giving the best teams a good workout. The ever dangerous Happy club held Olton's mighty Mustangs to a two touchdown victory and did the same to Springlake, another highly regarded team. "Red" Weller, snappy Cowboy quarterback, will be watching as he has accounted for most of Happy's scoring. The Cowboys are very unhappy over their record this season and will be at full strength both in players and determination.

Don Johnston, capable Bobcat lineman, may miss the Happy game. Richard Wood will still be out of action, too, but otherwise the team should be in good shape. Friday night's battle at Happy may be just as thrilling as the Amherst game and a good crowd should be on hand as the Cats seek their third conference win of the season.

## Former Dimmitt Man Is Honored

A former Dimmitt resident was honored recently for heroic action during the fighting on Pork Chop Hill, a key position in the Korean War.

Captain Thomas L. Stovall, whose parents are Mr. and Mrs. J. T. Stovall, former Dimmitt residents, received the Bronze Star Medal with the letter "V" for heroic achievement in connection with military operations on the "Chop." His unit was also recommended for the Presidential Unit Citation.

Stovall's father served as Castro County Agent for about five years. The 28-year-old captain attended junior high and high school while here. The Stovalls moved from Dimmitt to Tullia in the late thirties and now reside in Mesilla Park, Colo. Capt. Stovall later attended Texas Tech.

Stovall was on duty with a smoke screen outfit with the Chemical Corps of the US Army when he rendered the heroic service. The Reds had overrun US troops, killed off all in command, Stovall, a member of the 71st Chemical Smoke-Generator Company, reorganized the men—who were "disorganized—and without the will to fight," according to the government citation. After dispatching the walking wounded to the rear, and giving aid to those more seriously wounded, Captain Stovall moved the men through heavy enemy small arms and mortar fire, formed a defensive screen across the valley, and helped collect and return the wounded to safety. "The heroic actions of Captain Stovall reflect great credit to himself and the military service," the citation reads.

Mr. and Mrs. Sam Cooper and Mr. and Mrs. Earl Cooper and daughter returned home Tuesday from a visit with their daughter and sister, Mrs. Cecil Dearman, and family at Beaumont.

## Scout Honor Court To Be Held Here

Scouting in Dimmitt will swing back into action Thursday night, November 12 when the first Court of Honor held here in over a year will bring troops together from Hart, Tullia and Dimmitt. The time and place of the event will be announced in a later issue of the News.

The local Boy Scout Troop has been doing commendable work under the capable direction of Scoutmaster R. D. Rogers and his assistant John Hardy Woods. A number of troop members are expected to be in line for the merit badge awards and other honors.

Members from all troops that have completed prescribed Scouting requirements will be eligible for awards and advancement.

Herman Honea and son, David and Chuck Lay returned home Tuesday from a hunting trip near Pagosa Springs, Colorado. The three nimrods bagged an Elk and two deer.

State Fair, sold his prize animal for \$3.25 a pound to Safeway Stores. The animal weighed 114 pounds and sold for \$375.50. This is over \$3 apound above market prices. Bridges' other Southdown lamb placed seventh at the fair.

Witkowski's champion bull is named Wheatland Adair and is out of a cow which was a three-fourth sister to the grand champion cow at the fair, "Harriet of Hermes." This same bull placed first in its class at the Lubbock and Amarillo fairs in 1952 and was a junior champion at the Louisiana State Fair last year.

During the current year the prize bull was first in its class at San Antonio; first at the Louisiana State University Show in Baton Rouge; first at the Tri-State Fair; and grand champion at the South Plains Fair in Lubbock.

The cow, Harriet of Hermes, was grand champion at the Texas State Fair in 1952-53; grand champion at the Louisiana State Fair in '52; grand champion at the LSU Livestock Show in Baton Rouge in '53; grand champion at the Tri-State Fair in '53; and was used as a representative of the breed on the Texas herd at the Dairy Cattle Congress in Waterloo, Iowa, in 1952.

Ironically, Witkowski's grand champion cow calved last Saturday while at the show at the State Fair. The new calf was sired by "Wheatland Adair," also the grand champion bull at the State Fair this year.

## Mrs. Robb Is Band Booster President

Mrs. P. P. Robb is the new president of the Dimmitt Schools Band Boosters Club. Mrs. Robb was elected to the post at a recent meeting in the high school auditorium.

Other officers elected are: Mrs. Henry Cooper, vice-president; Mrs. Floyd Smith, secretary; and Mrs. Delmond Neumayer, treasurer. The outgoing president is Mrs. Margaret Wilson.

The club completed plans for a pancake supper which will be held in the Cafeteria, Saturday night, November 7. Proceeds from the supper will be used to send band students to Carlsbad Caverns in New Mexico. The public is invited to attend the supper.

## Carnival Promises Lively Program

"Trick or treat!" That familiar expression will be heard at many front doors in Dimmitt Halloween night as the brewers of witch craft and evil spirits renew their traditional practices.

And the only sure way to keep from getting "stuck" is to attend the Halloween Carnival at the high school Saturday night. Plenty of thrills and chills will be in store for residents, and there won't be any pranksters around to spoil the fun.

The senior class plans a short skit, pantomime and several popular musical numbers. Voice impersonations of popular "Hit Parade" singers will be the order of the night for the junior class. A miniature carnival will be the feature of the sophomore program while the frosh will stage a blackface show in the high school cafeteria.

A number of the grade school classes will stage Halloween programs, too. These will be held in the grade school cafeteria. Plenty of games and refreshments will be available to those attending.

The climax of festivities will come, however, when the Halloween Queen is crowned. The queen will be elected by popular vote and the coronation will take place in the high school auditorium at 10 p. m. A small fee will be charged for the program.

Proceeds from the carnival will be used to help pay for the new band uniforms and a proposed trip to Carlsbad Caverns. The PTA is sponsor of the event.

## Scout Honor Court To Be Held Here

Scouting in Dimmitt will swing back into action Thursday night, November 12 when the first Court of Honor held here in over a year will bring troops together from Hart, Tullia and Dimmitt. The time and place of the event will be announced in a later issue of the News.

The local Boy Scout Troop has been doing commendable work under the capable direction of Scoutmaster R. D. Rogers and his assistant John Hardy Woods. A number of troop members are expected to be in line for the merit badge awards and other honors.

Members from all troops that have completed prescribed Scouting requirements will be eligible for awards and advancement.

Herman Honea and son, David and Chuck Lay returned home Tuesday from a hunting trip near Pagosa Springs, Colorado. The three nimrods bagged an Elk and two deer.

**about dimmitt and castro county**

(Continued from page 1)

may require the cooperation of a large number of local people if it is to be a success, and it could be tragic so far as the growth of Dimmitt is concerned if that cooperation is not forthcoming. Dimmitt must grow, in order to grow we must have more housing facilities, in order to get those facilities somebody may have to make some sacrifices. I predict that the housing situation in Dimmitt will be solved.

—adacc—  
If you have any doubt as to the need of more housing units in Dimmitt you should spend some time around the real estate office, the chamber of commerce office, and the newspaper office, and hear the requests for information about places to live by people that are trying to locate here. Everyone of the agencies and businesses mentioned do their best to find accommodations for rooms, apartments or houses, usually in vain.

**CARD OF THANKS**

I wish to take this means of expressing my sincere appreciation to my many kind friends and neighbors for the cards, flowers, expressions of encouragement and other acts of kindness since my confinement to the hospital with injuries suffered in a recent accident. Your kindness shall never be forgotten.

Mrs. J. R. Gollehon.

Mr. and Mrs. Melvin Summers and boys were shopping in Hereford Friday and then visited Mr. and Mrs. Virgil Lamb and family in the evening.

**FB Takes Reduced Cotton Acreage Issue to Farmers**

The Texas Farm Bureau Federation is taking the issue of reduced cotton acreage directly to the farmers in an effort to obtain according to President J. Walter Hammond.

Pointing out that the allotted acreage for 1954 will mean a drastic reduction in producers' income, the state farm leader announced that special meetings were held Oct. 26-27 in 11 cities over the state.

The 1954 cotton allotment of 7,304,000 acres for Texas represents about a 40 percent reduction from the 1952-53 planted acreage, and will mean a decrease of some \$350 million for Texas producers, based on average yields and present prices.

Stressing the seriousness of the acreage reduction, Hammond stated, "There are about 150,000 cotton farmers in the state. If 40 per cent of their income from cotton is taken away, the result will be disastrous, not only for agriculture, but also for the rest of the economy. Farmers have experienced a drop in income for the past two years, and they can ill afford such a sharp decline now."

The state Farm Bureau is advocating the compromise plan of the American Farm Bureau Federation which would raise the Texas allotment to 8,939,600 acres, an increase of 1,635,600. This would amount to a savings of about \$100 million for Texas producers, based on an average yield of 200 pounds per acre at a price of \$150 per bale.

The Farm Bureau has taken the position that such a drastic reduction in cotton acreage at this time would seriously affect the whole agricultural picture. The farm organization favors spreading the reduction over a two-year period.

County Farm Bureau officials and cotton producers in all 13 of the state Farm Bureau districts are invited to the special meetings. The county leaders will be informed by state directors from each district of the probable effects of the announced acreage reduction. The county officials will then be able to take the issue back to the farmers in their respective counties.

President Hammond emphasized that this action will in no way circumvent the regular Farm Bureau resolutions process. He stated that the state board of directors, after carefully analyzing the reduction situation, decided to take the issue directly to the farmers before the individual allotments are announced. Each farmer will be informed by the U. S. Department of Agriculture of his own allotment before the referendum is held Dec. 15.

Farmers will be able to make their opinions known through the county Farm Bureau resolutions. These resolutions will be voted upon by delegates to the 20th annual state convention to be held Nov. 9-11 in Mineral Wells.

**Karen Sue Gamblin Observes Birthday**

The Tuesday birthday celebration of Karen Sue Gamblin of Hart attracted a number of kiddies and their parents.

The party, held in the little girl's home, began promptly at 3 p. m. Balloons and horns were given to the little guests. Pictures were made of the group as they ate ice cream and cake. The honoree observed her second birthday.

Attending the party were Joan Land, Dean Wall, Harold Bennett, Vicki Hankins, Creag Hankins, Brenda and Mike Armstrong, Mike Godfrey, Roni Cox, Gaylene and Quincy Hawkins. Refreshments were served to the parents.

**Texas Pastures Bring Questions**

Three factors of prime importance determine how long overgrazed south and west Texas ranges will take to recover from drought.

According to A. H. Walker, extension range specialist, research conducted by Leo B. Merrill at the Sonora Experiment Station shows it depends upon the drain of pasture grazing, the kinds of grasses on the pastures and grazing management after rains. These factors were recently concluded following grass survival tests to determine the effects of three years' severe drought on native grass cover.

After the application of 4 1/2 inches of moisture to designated test plots, grass plants which did not green up after three weeks were considered dead. A check of the plots showed bunch grasses withstood drought condition much better than other grass types. Sideoats grama suffered only 3 percent loss while silver bluestem and wright threeawn showed a loss of 15 and 55 percent, respectively. No loss of little bluestem was observed. Curly mesquite in pure stands suffered 88 percent loss for all stocking rates.

These tests emphasize that grazing and deferral must be followed several years if ranges are to recover their former grazing capacity, Walker says. Ranchmen should let the plants make some top growth and increase crown size before they are heavily grazed. This will also deepen the root system, the specialist says.

The goal for helping grasslands recuperate should be to have a good cover of the best kind of grass, Walker added.

STATEMENT REQUIRED BY THE ACT OF AUGUST 24, 1912, AS AMENDED BY THE ACTS OF MARCH 3, 1933, AND JULY 2, 1946 (Title 39, United States Code, Section 233) SHOWING THE OWNERSHIP, MANAGEMENT, AND CIRCULATION OF The Castro County News published weekly at Dimmitt, Texas, for October, 1953.

1. The names and addresses of the publisher, editor, managing editor, and business managers is: B. M. Nelson, Dimmitt, Texas.

2. The owner is: B. M. Nelson, Dimmitt, Texas.

3. The known bondholders, mortgagees, and other security holders owning or holding 1 percent or more of total amount of bonds, mortgages, or other securities are: News Publishing Co., Dimmitt, Texas.

The average number of copies of each issue of this publication sold or distributed, through the mails or otherwise, to paid subscribers during the 12 months preceding the date shown above was: 1,350.

B. M. Nelson, Signature of editor, publisher, business manager, or owner.

Sworn to and subscribed before me this 19th day of October, 1953. (Seal) Katy R. Burkett

(My commission expires June 1, 1955.)

**CLEO NEWS**

Mr. and Mrs. Trellis Summers were shopping in Amarillo Monday.

Mr. and Mrs. Tom Perry and their son and wife from Floydada visited Mr. and Mrs. H. H. Houtchens last week.

Mr. and Mrs. Lester Dowell and children visited their son, Royce Dowell, and family in Ballinger, Texas, over the week-end. Royce is choir director in the First Baptist Church there and attends school in Fort Worth.

Troy Jean Stafford and Doyle Houtchens are in Colorado deer hunting this week.

Mrs. Raymon Preston and Jennelle were shopping in Amarillo Saturday.

Richard Popchoke spent Sunday night with Gerald Summers. The good rains that have fallen the last week measure 3 inches; some hail fell in places.

The Cleo Club meeting was called off due to muddy roads. The next meeting will be Thursday, Nov. 5, with Mrs. Roy Smith. Clint Summers missed school Monday on account of sickness.

Mr. and Mrs. Weldon Bradley and children ate dinner Thursday with the Dents.

Mr. and Mrs. Bill Summers and Debra visited relatives in Lockney over the week-end.

Mr. and Mrs. Lilburn Arnold and girls visited in Abilene, Texas, over the week-end.

Mr. and Mrs. Joe Barber from Canyon visited in the H. H. Houtchens home.

Mr. and Mrs. H. H. Houtchens visited her mother in Canyon Sunday.

Mr. and Mrs. Archie Lamb were in Plainview Tuesday.

Mr. and Mrs. Melvin Summers and boys visited Mr. and Mrs. Shortie Oldham and children Tuesday night.

Mr. and Mrs. Elmer Dixon were in Amarillo Saturday.

Mrs. Sadie Helsep from Jal, New Mexico, visited her sister, Mrs. A. A. Dodd, Sunday.

Mr. and Mrs. Raymon Preston and Mr. and Mrs. Melvin Summers were in Lubbock Wednesday.

**John Abernathy Circle Meets**

The John Abernathy Circle of the Baptist WMU met in the home

of Mrs. J. L. Compton Monday morning with 13 members present. Mrs. Deroey Cates, chairman, presided.

Devotional was given by Mrs. T. S. Buckmaster and the mission study was taught by Mrs. J. E. Burch from the book, "Let's Lis-

ten." All circles will meet together at the Baptist Church Monday, Nov. 2, at 9:30 a. m. for Bible study. A business session will also be held with Mrs. Lester Dowell presiding. Present for the Monday meet-

were Mesdames Cates, Compton, R. L. Beavers, Andy Nelson, Fannie Shive, and Onita, John Broadstreet, Fannie Copeland, Ward Golden, R. L. West, T. S. Buckmaster, J. E. Burch and one guest, Mrs. George Ray.

**WALTER ROGERS' WASHINGTON NEWSLETTER**

**THE DROUGHT:** Although we have had spotted rains and some gully-washers the Panhandle section is still in the devastating grip of the drought. One has only to travel over the District as I have in the recent past to appreciate the tremendous damage wrought by this disaster. Actually we received the full impact of a dry spell that has been developing for the past three years.

In the spring, I discussed the matter at length with weather experts in Washington who have spent their lives studying weather conditions. The picture then was not good. These experts told me that the drought would spread. It has. They also told me that they would not undertake to estimate or foretell the length of the drought or when some precipitation might be expected. They did say, however, that present trends measured by experienced tables from a historical standpoint indicated a continuation of dryness for two or three years. They, however, pointed out that this was not an official observation, as all official observations are confined to approximately 30 days in the future. There have been several recent releases from weather observers that much moisture is expected during the next few months. We all hope that these observations will come to pass.

Moisture in November, December, and January will not be of any help to the cattle people. No doubt this is what prompted the Secretary of Agriculture and the President to allocate \$10,000,000 out of the President's emergency fund for drought relief this winter. They indicated that hay would be made available. Hay was not included before the Government Relief Program or the Reduced Freight Rate Program. The Government confines its relief to disbursing commodity credit surpluses. Commodity credit

**Motorists Asked To Have Vehicles Checked Soon**

Automobile Safety inspection stations in Texas are going to be jammed unless motorists begin having their vehicles inspected within the next few weeks.

This warning was issued this week in Austin by G. C. Morris, executive director of the Highway Safety Council. He said a cross-section survey of inspection stations, including those in the Austin area, indicated only four cars of every hundred had been inspected.

The inspection period, under the new law, began Sept. 15 and will end April 15.

There are more than 3,000,000 vehicles to be inspected, and during the first 30 days of the seven-month period only a fraction of that number, roughly 125,000, were checked, Morris said. The proportion of cars inspected in this area is about the same as statewide, he said.

"There is almost certain to be a last-minute rush unless there is a speed-up in inspections," he said, urging motorists in this section to avoid the rush by having their cars examined now.

Morris said there was also the safety precaution to be considered.

"Most cars have not been inspected in more than a year and may have developed some mechanical defect," he said.

"You may be gambling with your life if you are operating a mechanically unsound vehicle. Accident figures show that one traffic death in every ten is caused by faulty mechanism."

The new law, Morris said, calls for the inspection of brakes, lighting equipment, horns, rear view mirror and windshield wipers.

corporation does not own the hay. The reduced freight rates applied only to commodity credit surpluses; there fore, hay could not be shipped at the reduced rate. Under the new plan, the Government proposes to pay a part of the freight rate so that the cost of the hay to the rancher will be reduced sufficiently to permit the rancher to obtain it and feed it. I have sought to have hay included in the program since its inception. Although its present inclusion will help a great deal, it comes too late for many who could have been saved during the early summer months.

**How Important is Water:**

One acre foot of water is required to produce 200 lbs. of beef, 10,000 lbs. of oranges, 15 tons of synthetic rubber, 40 tons of raw sulphur, 200 lbs. of cotton lint, 22 tons of chlorine, 36 tons of petro-chemicals, tonement just a few things. We in this section have always appreciated the need of water, but the drought has pointed up the problem. Our efforts should never be relaxed until we obtain facilities for capturing surface water so that it can be utilized for the betterment of mankind rather than permitting it to go unused into the sea. Few realize that approximately 85 per cent of the surface water is not and has not been utilized; it flows into the sea.

**The Superior Efficiency of American Industry:**

Output per capita in the United States is twice as large as in Britain, three times as large as in France, and nine times as large as the average of the rest of the world.

Did you know that from 1946 to 1952 this country exported in value dollar sources of investments goods \$45 billion more than it imported. Thirteen billion dollars of this amount was paid through the International Bank, the International Monetary Fund, private dollars sources of investments, and hard currency reserves of importing countries. This left a balance of \$32 billion to be paid by these countries from some other source. It is interesting to note that during that 7 year period the United States furnished foreign aid in the amount of \$36 billion. It isn't easy to guess where the \$32 billion came from.

**Hart HDC Elects Officers For '54**

The Hart Home Demonstration Club met recently in the home of Mrs. T. U. Smith with Vice-President Mrs. Fred Hamm presiding.

Following a business session the following officers were elected: president, Mrs. Jimmie Davis; vice-president, Mrs. D. D. Myrick; secretary, Mrs. Shirley Garrison; council delegate, Mrs. Percy Hart; alternate, Mrs. Buster Avens; recreation leader, Mrs. George Kidd; and recreational leader, Mrs. Fred Hamm.

Mrs. G. G. Gallion gave a demonstration on butter milk using the following recipe for favorite waffles as an example, three eggs, 1 1/2 cups buttermilk, one teaspoon soda, one and three-fourths cups of sifted flour, two teaspoons baking powder, one-half teaspoon salt, one-half cup shortening. Beat egg yolks well, add buttermilk and soda. Sift dry ingredient and melted shortening. Fold in stiffly beaten egg white last. Amount 8-10 waffles.

Refreshments were served to the nine members attending the meeting.

**Farmers Urged To Enter Labor Wages**

Castro County cotton farmers participating in the prevailing wage survey were asked this week by J. D. Jordan, Littlefield Office Manager of the Texas Employment Commission, to enter actual wages received by domestic workers in the field. It should not include fees and charges for crew-leaders, or weighing or hauling.

Jordan further stated that if such charges are shown on the card which is returned every other week to the TEC office, a distortion of actual wages might result and that the wages paid to Mexican Nationals might be influenced as a result.

Mrs. Stephens and grandson, John, from Frederick, Okla., are visiting her daughter, Mrs. Clyde Dameron, and Mr. Dameron.

Results of the mailing program so far have been below expectations, Jordan said. He urged all farmers who receive the survey cards to return them on Wednesday of each week in order that the sample will be big enough to actually reflect the wages being paid to domestic workers.

**Learn While You Can**

Have you ever wondered what will become of you after you finish high school? If you have not, it is about time that you started thinking pretty seriously about it. Take advantage of getting an education now. The day you become a senior, if not before that time, you will begin to wish that you had paid a little more attention to your books the first few years of high school. When you begin to think about going to college you will realize just how little of the material which you have been exposed to that you have actually learned. Too many of us get our lessons for the grade alone and not to learn and remember.

This is the best opportunity that you will have to receive an education. Take advantage of it.

**Striking Senior**

Ahh-ha-ha. If you hear this unusual laugh in the hall, it's most likely to be Bennie Gollehon. He has brown natural curly hair and brown eyes. He stands 5' 11" in height and is 17 years old. Bennie has attended Dimmitt schools for 12 years. He is a member of the Band Council and plays solo chair clarinet. He is an outstanding student in the senior class. He must be because he is taking chemistry, plane geometry, English III, band, and plays guard on the football team. The subject he enjoys most is chemistry. Some of his favorites are:

Food—Enchiladas  
 Actor—Gregory Peck  
 Actress—Piper Laurie  
 Pastime—Playing music  
 Pet Jeeve—Girls wearing boys levis.

**King For A Night**

Fifteen students of D. H. S. moved silently but freely among kings and queens Thursday night. This was the regular meeting of the Chess Club in Mr. Newman's room. There were many interesting games. Mr. Newman served refreshments to the group. Those present were: Gerald Aldredge, Clarence Rogers, Gale Sadler, Lawrence White, Bruce Faust, Faith Faust, Wilma Noble, Jerry Noble, Harold Waggoner, Winston Waggoner, Van Conard, Soyna Lowe, Thurman Morris, Jimmy Butler, Billy Gafford, and Mr. Newman. The Chess Club will have a domino hall at the Halloween Carnival.

Reporter—Ivan Sinclair.

**Pep Rally**

A fast moving pep rally in the high school auditorium Friday, October 23 featured Russel Moran in a short pep talk and the introduction of visitors who are backers of the Bobcats.

Down town visitors were Buck Cleavinger, Jack Zeigler, Ray Bearden and a rapid succession of yells and band members kept the school spirit at a high pitch. Corsages were presented to team mothers, Mrs. Ray and Mrs. Stafford. The meeting was closed by the traditional singing of the school song.

**Meet The Bobcats**

Name: Bennie Gollehon  
 Position: Guard  
 Weight: 150  
 Years Lettered: :Up from the "B" Team  
 Age: 17  
 Classification: Senior  
 Remarks: Bennie plays guard and is a hard worker.

Name: Jimmy Cole  
 Position: Center  
 Weight: 192  
 Years Lettered: None  
 Age: 16  
 Classification: Sophomore  
 Remarks: Jimmy plays defensive tackle and he plays it well.

Name: Joe Nelson  
 Position: Center  
 Weight: 171  
 Years Lettered: Reserve Letterman  
 Age: 17  
 Classification: Junior  
 Remarks: Joe is one of the hardest working boys on the squad. His blocking is his greatest asset.

Name: Don Johnston  
 Position: Tackle  
 Weight: 158  
 Years Lettered: Two  
 Classification: Senior  
 Remarks: Don is a fine blocker with a lot of spirit and hustle.

**Carnival Season Draws Near**

Everyone who wishes to spend a night packed with entertainment come out and attend the annual Halloween Carnival at the high school Saturday, October 31.

A well rounded program has been planned by the senior, junior, sophomore, and freshman classes as well as various clubs and organizations. The grade school classes will also sponsor booths and programs throughout the halls and classrooms.

The senior class will feature something new in the way of entertainment this year when they present a variety show. This show consists of a short skit, a pantomime, and various musical numbers. This show is to be presented in the auditorium.

The junior class is presenting the ever popular "Hit Parade". This attraction will take place in the study hall with members of the class pantomiming to the records of popular singing stars. This should prove to be a very interesting show to all attending.

The sophomore class has come up with something new this year with their production of a miniature carnival. There has been a large amount of hard work turned in by class members this year to make this program a success. The place for this small carnival is the high school gymnasium.

Last but certainly not least for the high school classes come the freshmen. They have chosen to put on an old-time Negro Minstrel in the high school cafeteria. Everyone attending is guaranteed a good show.

Those clubs sponsoring entertainment for the night are the Chess Club which is sponsoring a domino hall in room 15 and the F. H. A. Club which sponsors a food booth in the Home-ec department. If you enjoy eating and playing dominoes, be sure to patronize these clubs.

Highlight of the night will be the crowning of the Halloween Queen. This event is sponsored by the senior class in the auditorium at 10:00 p. m. An admission price of ten cents will be charged. Those clubs and classes which are sponsoring queen candidates are as follows: F. H. A. Club—Carolyn Rothwell; junior class—Darlene Cates; sophomore class—Sharon Wesson; freshman class—Wilton Ivey; eighth grade—Omeda Bradley; seventh grade—Norma Battles; sixth grade—Sandra Leeth; and fifth grade—Mary Behrends. Votes may be cast at a penny apiece until 9:15 p. m. when voting closes.

There is some well planned entertainment in store for those who attend the carnival Saturday night.

**Grade School News**

**8th**  
 The eighth grade football squad will play Hereford Tuesday, October 27, at 4:30 in Dimmitt. They are hoping for a victory.

We were very glad that we were turned out at 2:00 o'clock Thursday evening because it was raining very hard.

We have just finished taking achievement tests. Some of the pupils thought them very hard. Some of the teachers think that the pupils have more ability than they have been using.

**7-A**  
 7-A has elected Sandra Leeth for the Halloween candidate. They are making posters to put down town.

The room mothers are: Mrs. Renfro, Mrs. Hendrix, Mrs. Gregory, Mrs. Williams, Mrs. Honea, Mrs. Maples, Mrs. Beecher, and Mrs. Hance. We are happy to have all of them to be our room mothers.

The 7th grade has decided to have a pie walk and soft ball throw in part of the old gym the night of the Halloween carnival on Saturday, October 31.

**7-B**  
 The 7-B room has two new pupils. They are: Glenn Skulley from Panhandle and Challey Gregg from Littlefield. We are happy to have them in our room. Our books came that we ordered from the Tab Book Club. We were happy to get them. We will be able to order some more in Nov.

**Striking Senior**

If you see a boy with two black eyes and a skinned nose, it's DeWayne Brown, an outstanding student in the senior class. He has blond hair and blue eyes, when they aren't black. He stands 5 ft. 11 in. in height, and is 17 years of age. DeWayne attended his first five years in Hart schools and has attended school in Dimmitt for the past 6 years. He plays left guard on the football team. DeWayne was a regular on the Bobcat basketball team last season. The subjects he is taking are Journalism, Chemistry, Typing II and English IV, but he enjoys typing most. He is business manager for the annual, and is vice president of the senior class. Some of his favorites are:

Food—Fried chicken  
 Actor—Robert Mitchum  
 Actress—Marilyn Monroe  
 Pastime—Sleeping  
 Pet Peeve—People who ask too many questions.

**Bobcats Take Second Conference Game Friday**

The Dimmitt Bobcats slid by a surprisingly strong Amherst team Friday night 20 to 12.

Amherst, a team that had previously won only one game this season, held the cats to 6 points the first half, while they racked up 12.

Amherst brought first blood in the early minutes of the game on a drive that began on the middle field stripe and didn't end until they crossed the Cat's goal line. The point after touchdown failed.

Amherst, determined to lengthen their lead, scored again in the first quarter on a pass from Porter Nuttall to the right end. This conversion also failed.

The Bobcats, trying desperately to get back into the ball game, could not hold to the slippery ball and time and time again lost it on fumbles.

The Cat's finally got the break they were looking for when Clark Dobb's intercepted a pass on the Amherst 30 yard line. From there the Bobcats finally pushed across the goal with Fullback Edgar Dennis carrying the ball. The conversion failed.

The half ended with the Bobcats trailing 12-6.

The third quarter was scoreless with neither team able to do much on the sea of mud.

Four minutes deep in the final quarter the Cats finally set their potent scoring machine to running. On a pass from Quarterback Maxie Warren, End Clark Dobb's went over standing up. Warren scored the extra point.

The Cat's final score came when Halfback Jack Dye intercepted a pass and ran it back to the Amherst 40. On straight line plunges by Dennis, Brock, and Dye the Cats moved the ball to the 10. On a run around left end Dennis went over standing up. The try for extra point was good and the game ended 20 to 12.

Most of the game was played in a light drizzle that made the ball slick and hard to handle.

This win was the Cats 6th against one defeat. It was their second conference against no defeat.

Next week the Bobcats take on another strong conference foe, Happy. The game is to be played at Happy. Game time 8:00.

**Ventriloquist Presents Assembly Program**

Mr. George Pitts, star of the stage, television and radio, gave a program in the high school auditorium Wednesday morning, October 21.

His program was varied and interesting. He showed some tricks done with newspaper and did a ventriloquism act. Mr. Pitts then took the audience on an imaginary trip to England, using sound effects which he did with his voice and mouth.

ORDINANCE NO. 124

AN ORDINANCE ASSERTING THE CORRECTNESS OF PRE-AMBLE, CLOSING HEARING IN CONNECTION WITH CORRECTING THE ASSESSMENTS ON LEE STREET IN MYRTLE WRIGHT SUBDIVISION OF CLIFTON HEIGHTS ADDITION TO DIMMITT, CASTRO COUNTY, TEXAS, FROM THE EAST LINE OF WEST TENTH STREET THENCE EAST TO THE WEST LINE OF FRONT STREET, STATING THE FINDINGS OF THE CITY COMMISSION OF THE CITY OF DIMMITT, CASTRO COUNTY, TEXAS, IN REGARD TO SUCH IMPROVEMENTS, CANCELLING THE PRIOR ASSESSMENT AGAINST SUCH PROPERTY AND LEVYING AN ASSESSMENT AGAINST THE OWNERS OF THE PROPERTY ABUTTING UPON SAID STREET, BEING A PORTION OF THE COST OF THE IMPROVEMENTS OF SAME, CLARIFYING THE SITUATION WITH REFERENCE TO UNITS, SPECIFYING THE NATURE OF ASSESSMENTS, LIENS AND PERSONAL LIABILITY THEREFOR, AND FIXING THE TERMS AND CONDITIONS OF PAYMENT OF SAID ASSESSMENTS AS WELL AS PROVIDING THAT THE CITY OF DIMMITT, CASTRO COUNTY, TEXAS, SHALL NOT BE LIABLE FOR THE PAYMENT OF ANY SUM ASSESSED AGAINST ABUTTING PROPERTY AND THE OWNERS THEREOF, PROVIDING FOR THE PROVISIONS THEREOF AND THE ISSUANCE OF ASSIGNABLE CERTIFICATES IN EVIDENCE OF THE ASSESSMENT OF COSTS, AND PROVIDING FOR THE CORRECTION OF MISTAKES AS HEREIN SPECIFIED, AND DECLARING AN EMERGENCY.

WHEREAS, the City of Dimmitt, Castro County, Texas, by Ordinance No. 122, has heretofore determined that public necessity exists and requires that the following property within the City of Dimmitt, Castro County, Texas, shall be improved as therein provided, to-wit: UNIT 2: Lee Street in the Myrtle Wright Subdivision of Clifton Heights Addition to Dimmitt, Castro County, Texas, from the east line of West Tenth Street east to the west line of Front Street; West Seventh Street from the center line of Lee Street in Myrtle Wright Subdivision aforesaid to the south line of existing pavement on Belcher Street in Clifton Heights Addition, except existing pavement in front of Lots 1 and 2 in Block 8 of said Clifton Heights Addition; and Stinson Street from the Center line of West Seventh Street to the West line of Front Street; and

WHEREAS, the City of Dimmitt, Castro County, Texas, by Ordinance No. 122 aforesaid, has determined that said portion of said streets, alleys and avenues shall be improved by raising, grading and filling same, by installing concrete curbs and gutters, and by paving with the following type of materials on specified foundation, to-wit: triple asphalt surface on caliche base, all details of the nature of said improvements being set out in advertised proposals and contract documents on file with the City Secretary of the City of Dimmitt, Castro County, Texas, between said City and L. A. Purcell and Bryan & Hoffman; and

WHEREAS, by Ordinance No. 123, the City of Dimmitt has heretofore entirely ratified, approved and adopted the estimates, rolls and statement of the City Engineer prepared and filed with the City showing the cost of the specified improvements of the Unit hereinabove designated, together with a description of abutting property on said Unit, the names of the owners of said property and the amount proposed to be assessed against each such parcel of property in said Unit, and all other matters and things required by law in connection with the proposed assessment; and

WHEREAS, by Ordinance No. 123, the City of Dimmitt, Castro County, Texas, has heretofore ordered that hearing be given and held by the City Commission of the City of Dimmitt, Texas, to the owners of abutting property, or the owners of any interest therein, in said Unit here designated, at which hearing they should have a right to be heard on any matter which is prerequisite to the validity of the proposed assessment and to contest the validity of the amount of said proposed assessment, the lien and liability therefor, the special benefits to the abutting property and the owners thereof by means of the improvements for which the assessment is to be levied, the accuracy, sufficiency, regularity and validity of the proceedings and the contract in connection with such improvements and proposed assessments; and

WHEREAS, by said Ordinance 123, said City provided that such hearing should be held in the City of Dimmitt, Castro County, Texas, on October 23rd, 1953, at ten o'clock a. m., to be continued from time to time until the purposes hereto necessary and in said notice and provided for were fully accomplished; and

WHEREAS, the City Secretary of the City of Dimmitt, Castro County, Texas, gave Notice of such meeting by notice duly published in the Castro County News, a newspaper of general circulation published in Castro County, Texas, and did give notice of time and place and purpose of such hearing, such notice being published three times prior to said hearing in said newspaper, the first of said publications being on October 8, 1953, the second on October 15, 1953, and the third on October 22, 1953; and

WHEREAS, all persons interested were given hearing from day to day in the Council Rooms of the City Commission of the City of Dimmitt, Castro County, Texas, and said hearing was held open and continued from time to time until October 27, 1953, when the purposes of said hearing were fully accomplished, and no valid reason exists why said property should not be assessed.

NOW THEREFORE, BE IT ORDAINED BY THE CITY COMMISSION OF THE CITY OF DIMMITT, CASTRO COUNTY, TEXAS:

I. That all matters asserted in the preamble to this Ordinance are hereby declared true and correct.

II. That the assessment against the abutting property on the above portion of Lee Street and the owners thereof, and all others claiming any interest in and to said property, as evidenced by Ordinance No. 116, is hereby cancelled.

III. That the hearing heretofore ordered by Ordinance No. 123 of the City of Dimmitt, Castro County, Texas, in connection with the specified improvements on the following Unit is hereby closed, to-wit: UNIT 2: Lee Street in the Myrtle Wright Subdivision of Clifton Heights Addition to Dimmitt, Castro County, Texas, from the east line of West Tenth Street east to the west line of Front Street; West Seventh Street from the center line of Lee Street in Myrtle Wright Subdivision aforesaid to the south line of existing pavement on Belcher Street in Clifton Heights Addition, except existing pavement in front of Lots 1 and 2 in Block 8 of said Clifton Heights Addition; and Stinson Street from the Center line of West Seventh Street to the West line of Front Street;

IV. That the City Commission of the City of Dimmitt, Castro County, Texas, from the evidence finds: (1) That the assessments herein levied shall be made and levied against the respective parcels of property abutting upon Lee Street herein set out and against the owners of such property; (2) That such assessments are right and proper and establish substantial justice and equity in uniformity between the respective owners of the respective properties in Unit 2; and this correction of Unit 2 as here designated in the City of Dimmitt paving program of 1953, considering benefits received and burdens imposed, between all parties concerned; and (3) That in each instance and case the abutting property assessed specially benefitted in the enhanced value thereof by means of the improvements in said Unit, upon which the particular property abuts and for which assessment is levied, in a sum in excess of the assessment levied against same by this Ordinance; and (4) That the apportionment of the costs of the improvements is in accordance with the proceedings heretofore taken and had with respect to such improvements, and is in all respects valid and regular.

V. That the assessments on the property abutting on the portions of Unit 2 herein named (other than those abutting on that part of Lee Street herein described in said Unit 2), and the assessments against the owners and the parties claiming any interest therein as set out in Ordinance 116, is hereby in all things confirmed.

That by way of correction, there shall be and there is hereby levied and assessed against the parcels of property abutting on Lee Street in said Unit 2 hereinbelow set out, and against the real and true owners thereof, whether such owners be correctly named or not, the sums of money below mentioned and itemized and shown opposite the description of the respective parcels of property; the description of such property and several amounts assessed against same and the owners thereof being as follows, to-wit:

LEE STREET IN MYRTLE WRIGHT SUBDIVISION OF CLIFTON HEIGHTS ADDITION TO DIMMITT, TEXAS, A PART OF UNIT NO. 2

Mr. and Mrs. Conrad Dyer and Tommy of California are visiting friends and relatives here. Mrs. Dyer is the former Vernell Teague.

Elmo Blackwell, a student at Texas Tech College, visited his parents over the weekend.

VI. That the assessments so levied are for the improvements on Lee Street as herein set out upon which the property herein described abuts, together with the other portions of Unit 2 of the 1953 paving program of the City of Dimmitt, Castro County, Texas, and that the assessments for the improvements in said Unit 2 are in no wise related to or connected with the improvements in any other Unit; and in making assessments and in holding said hearing, the amounts so assessed for the improvements in one Unit have been in no wise affected by any fact in any wise connected with the improvements or the assessments therefor or any other Unit, this Ordinance being concerned with correcting the assessments on Lee Street in the Myrtle Wright Subdivision of Clifton Heights Addition, and the balance of Unit 2 of the 1953 paving program.

VII. That the several sums above assessed against said parcels of property, and against the real and true owners thereof, and interest thereon at the rate of six per cent (6%) per annum, together with reasonable attorney's fees and costs of collection, if incurred are hereby declared to be and made a lien upon the respective parcels of property against which the same are assessed, and a personal liability and charge against the real and true owners thereof, whether or not such owners be correctly named herein, and such lien shall be and constitute the first enforceable claim against the property assessed, and shall be a first and paramount lien, superior to all other liens and claims except State, County, School District and City ad valorem taxes; that the sum so assessed shall be payable as follows:

In four (4) equal installments, one-fourth (1/4) of the principal amount in ten days after the acceptance of the improvements by the City of Dimmitt, Texas, and the balance in three (3) equal installments on or before one, two and three years after acceptance, with interest thereon at the rate of six per cent (6%) per annum, payable annually with each installment, so that upon completion and acceptance of the improvements on Unit 2 assessments against the property abutting upon such completed and accepted Unit shall be and become due and payable in such installments, and with interest from the date of such completion and acceptance, provided that any owner shall have the right to pay off the entire assessment, or any installment thereof, before maturity, by payment of principal and accrued interest, and provided further that if default shall be made in the payment of any installment promptly as the same matures, then the entire amount of the assessment on which such default is made shall, at the option of the holder of the same, be and become immediately due and payable, and shall be collectible with reasonable attorney's fees and costs of collection, if incurred.

VIII. That the City of Dimmitt shall not in any manner be liable for the payment of any sums hereby assessed against any property and the owners thereof, but the holder of the same shall look solely to said property and the owners thereof for payment of the sums assessed against the respective parcels of property.

IX. The City shall, however, exercise all its lawful powers to aid in the enforcement and collection of said liens and assessments, and if default shall be made in the payment of any assessment, collection thereof shall be enforced either by sale of the property by the Tax Collector and Assessor of the City of Dimmitt as near as possible in the manner provided for the sale of property for the non-payment of ad valorem taxes, or, at the option of the said holder or assigns, payment of said sums shall be enforced by suit in any court having jurisdiction.

X. That for the purpose of evidencing the several sums assessed against the said parcels of property, and the owners thereof, and the time and terms of payment, and to aid in the enforcement thereof, assignable certificates shall be issued by the City of Dimmitt upon the completion and acceptance of the work on said Unit 2 as the work in such Unit is completed and accepted, which certificates shall be executed by the Mayor in the name of the City, attested by the City Secretary with the corporate seal, and shall be payable to L. A. Purcell and Bryan & Hoffman, paving contractors, or assigns, and shall declare the said amounts and the time and terms of payment and rate of interest and date of completion and acceptance of the improvements for which the certificate is issued, and shall contain the name of the owner as accurately as possible, and the description of the property by lot and block number, or front feet thereof, or such other description as may otherwise identify the same, and if the said property shall be owned by an estate, then to state the description thereof as so owned shall be sufficient, or if the name of the owner be unknown, then to state state shall be sufficient, and no error or mistake in describing any property or in giving the name of any owners, shall in anywise invalidate or impair the assessment levied hereby or the certificate issued in evidence thereof.

The said certificates shall further provide substantially that if default shall be made in the payment of any installment of principal or interest when due, then at the option of the holder of same, the whole of said assessment evidenced thereby shall at once become due and payable and shall be collectible with reasonable attorney's fees and costs of collection, if incurred. And said certificates shall set forth and evidence the personal liability of the owners of such property and the lien upon such property, and shall provide in effect if default shall be made in the payment thereof the same may be enforced either by sale of the property by the Tax Collector and Assessor of the City of Dimmitt, as above recited, or by suit in any court having jurisdiction.

The said certificates shall further recite in effect that all proceedings with reference to making said improvements have been regularly had in compliance with the law in force and proceedings of the City of Dimmitt, and that all prerequisites to the fixing of the lien and claim of personal liability evidenced by such certificates have been regularly done and performed, which recitals shall be evidence of the matters and facts so recited, and no further proof thereof shall be required in any court.

The said certificates may have coupons attached thereto in evidence of each or any of the several installments thereof, or they may have coupons for each of the first three installments, leaving the main certificate for the fourth.

Said certificates may further provide substantially that the amounts payable thereunder may be paid to the Collector of Taxes of the City, who shall issue his receipt therefor, which receipt shall be evidence of such payment upon any demand for the same, either by virtue of the said certificate or any contract to pay the same entered into by the property owners, and that the Collector of Taxes will deposit all sums so received by him forthwith with the City Treasurer, and upon the payment of any installment with interest upon the surrender of the coupon therefor, receipted in full by said Contractor, or other holder of said certificate, the City Treasurer shall pay the amount so collected and due thereon to said Contractor or other holder, which coupons so receipted shall be the Treasurer's warrant for payment. And the said City shall exercise all of its lawful powers, when requested so to do by the holder of said certificates, to aid in the enforcement and collection thereof, and said certificates may contain other and further recitals pertinent and appropriate thereto. It shall not be necessary that said certificates shall be in the exact form as above set forth, but the substance and effect thereof shall suffice.

XI. That the assessments levied by this ordinance for the improvements in said Unit are altogether separate and distinct from assessments in each and every other unit of the 1953 paving program. The assessments for improvements in one Unit are in no wise affected by the improvements in any other Unit, and in making and levying assessments the cost of the improvement in each Unit, the benefits by means of the improvements, and all other matters and things with

reference to the improvements in each Unit, have been considered and determined all together without reference to any such matters in any other Unit, and the omission of the improvements in any Unit shall in no wise affect or impair the validity of assessments for the improvements in any other Unit. The omission of improvements in any particular Unit in front of any property exempt from the lien of such assessments shall in no wise affect or impair the validity of assessments against other property in that unit.

XII. That no mistakes, errors, invalidity or irregularity in the name of any property owner, or the description of any property, or the amount of any assessment, or in any other matter or things, shall in anywise invalidate or impair any assessment levied hereby or any certificate issued, and any such mistake, error, invalidity or irregularity, whether in such assessment or in the certificate issued in evidence thereof, may be corrected at any time by the City.

XIII. That all assessments levied are a personal liability and charge against the real and true owners of the premises described notwithstanding such owners may not be named, or may be incorrectly named.

XIV. That the fact that specified improvements of the specific Unit 2 as herein designated are in such urgent need of such improvements while the condition of the weather will permit such improvements, creates an emergency and imperative public necessity for the immediate preservation of the public peace, property, health and safety, requiring that any rules that an ordinance be read at more than one meeting of the City Commission of Dimmitt, and all rules prohibiting the passage of the same on the date of introduction and passage, be, and the same are hereby dispensed with and suspended, and this ordinance shall take effect and be in force from and after its passage.

PASSED AND APPROVED this 27th day of October, A. D. 1953.  
(SEAL)  
ATTEST:  
E. B. NOBLE  
City Secretary

**BETHEL NEWS**  
Bethel W. S. C. S. will meet with Mrs. Kay Roberts November 9 at 2:30 p. m.  
Mr. and Mrs. Ira Brown spent Wednesday night with their aunt, Mrs. B. C. Taylor, and family in Canyon.  
Mr. and Mrs. Kay Roberts made a business trip to Amarillo Monday and visited Mrs. Robert's sister, Mrs. W. A. Jinks, and other relatives.  
Mrs. Ira Brown, Mrs. Harry Rothwell, Mrs. J. C. Williams, Mrs. Earl Lust, Mrs. Wes Anthony and Mrs. Vern Lust were those of the Bethel Circle who enjoyed the joint meeting with the Dimmitt ladies for the week of prayer program Monday evening at the church.  
In spite of the rain we had a big crowd for dinner and social hour at Bethel Sunday. We surely enjoyed having so many from Dimmitt.  
Mr. and Mrs. Ira Brown were Sunday afternoon callers of Mr. and Mrs. C. B. Finch in Dimmitt.  
Mr. and Mrs. Ivor Bagwell and Mr. and Mrs. George Bagwell were Saturday Amarillo visitors and attended the ball game in Canyon Saturday night.  
Mr. and Mrs. Byron Sinclair and Ivan Earl were business visitors in Hereford Saturday afternoon.  
We are happy to report that Albert Sinclair has just returned from spending a few days in the Plains Memorial Hospital from cold complications.  
We have good news from Zella Vee Smith, she is to come home in a few days.  
Mr. and Mrs. Ira Brown were recent Sunday visitors of Mr. and Mrs. Earl Lust.  
Harry Rothwell and Junior Wolfington were business visitors in Clovis Friday.  
Mr. and Mrs. Junior Wolfington and children left Saturday for a few days visit with his parents, Mr. and Mrs. L. B. Wolfington, at Maud, Okla.  
Mr. and Mrs. Moss Howell visited his sister, Mrs. Witty, and husband in Lubbock one day this week. Mr. Witty has been ill for several weeks.  
Mr. and Mrs. Earl Lust were Hereford visitors Thursday.  
Mr. and Mrs. Houston Lust and Mr. and Mrs. James Bradford attended the homecoming and ball game at Canyon Saturday.  
Bethel W. S. C. S. met in the home of Mrs. Vern Lust Monday afternoon. We had a very interesting program in finishing the book, "That the World May Know." Delicious refreshments were served to Mmes. Earl Lust, Ira Brown, J. C. Williams, Roy Haberer, Kay Roberts, Harry Rothwell, Raymond Van Zandt, and our visitor, Mrs. J. A. Hamm.

**Dimmitt Undefeated in Conference Play**

# Inspired Amherst Team Loses Close Game To Cats, 20-12

Playing on a muddy field in Amherst Friday night the Dimmitt Bobcats slid to a 20-12 victory over the Amherst Bulldogs to post their second conference win of the season. The Cats now have a season record of six wins and one loss.

stunned Dimmitt team on more than even terms for the first three quarters as the Cat offense failed to click. The Amherst grid-ders blocked with savage fury and threw the Dimmitt backs for losses as they gained prestige even in defeat.

Cats took to the air in an effort to crack the strong defense thrown up by the fired up Bulldogs. Quarterback Maxey Warren hit end Dobbs on the 20 yard stripe with a pass that covered about 25 yards and Dobbs evaded tacklers for the remainder of the distance to put Dimmitt out

front, 13-12 for the first time in the ballgame. Later in the final quarter with only three minutes of playing time left the Bobcats with Dennis carrying the pigskin scored an insurance touchdown on a 16-yard play around left end.

After the Bulldogs, still clicking on pass plays, ran out of time and the game ended with Dimmitt gaining an 8 point victory.

Quarterback Porter Nuttall and Fullback Martin Hardwick carried the load for Amherst, each turning in a superb performance. Backs Dennis, Warren and Brock showed spurts of greatness for the Bobcats. Dobbs, Witt and Johnson were among linemen turning in creditable showing for the locals.

Brock got the game underway by booting to the Bulldog 33. After failing to gain and suffering a 15 yard penalty Nuttall dropped back to punt. The elusive quarterback was swarmed by a host of would-be Dimmitt tacklers but managed to break loose for enough yardage to make a first down. On the next play Delvin Nuttall, brother of Porter Nuttall, caught a pass good for about 45 yards and the Bulldogs began to march. A series of line plays moved the ball to the Cat two and Hardwick plunged through center for the first score of the ballgame. The try for extra point failed and the Amherst squad led 6-0.

Late in the first quarter the resourceful and hard charging Amherst grid-ders turned a Dimmitt fumble into a score. The Cats lost the football on their own 43 and on the second play from scrimmage Nuttall faded back and gave a mighty heave to end Donnie Bowman on the Cat 255. Bowman pulled the ball in and ran the remaining yardage for a TD unmolested. The Bulldogs failed to make their second try for extra point and the score read, Amherst 12, Dimmitt 0.

In the second period Dimmitt managed to muster a scoring punch after traveling to the Amherst 25 and losing the ball on downs. After an exchange of fumbles the Cats took possession of the slippery oval on the Bulldog 24. Brock moved the ball to the

11 yard line and Warren carried to the five, Brock picked up another yard and then Warren handed off to Dennis who plowed through the middle for the initial Cat score. The locals failed to make the extra point and the halftime score was 12-6, Amherst leading.

The third period, marred by penalties, developed into a saw-saw affair with both teams penetrating into each others territory but failing to score. The Cats came to life in the early minutes of the fourth quarter, however, after maneuvering the pigskin beyond the midfield stripe into scoring position. The payoff came when Warren tossed a pass from his own 45 to Dobbs who was waiting on about the 20. Dobbs ran the ball across and Dimmitt took a shaky one point lead as Warren succeeded in running the extra point over. The final score of the game came when Warren and Jones moved the ball to the Amherst 16 after the Bulldogs had been penalized for off sides. Dennis went around left end for 16 yards and a touch-

down. Bobby Brock bulled his way through center for the extra point and the Cats made it 20-12, which turned out to be the final score.

Dimmitt will go into their next conference tilt against Happy with a 2-0 record in district play. They now have District 2-A wins over Kress and Amherst. The game will be played at Happy and promises to be one of the better games of the season.

### LEGAL NOTICE

THE STATE OF TEXAS

TO: Perry G. Cox, and if he be deceased, to the unknown heirs and legal representatives of Perry G. Cox, and to Mrs. Perry G. Cox, and if she be deceased, to the unknown heirs and legal representatives of Mrs. Perry G. Cox. Defendants, Greeting:

You are hereby commanded to appear before the Honorable District Court of Castro County at the Court House thereof, in Dimmitt, Texas, at or before 10 o'clock A. M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 7th day of December, A. D. 1953, there to answer Plaintiff's Petition filed in said Court, on the 20th day of October, A. D. 1953, in this cause numbered 2152 on the docket of said court and styled Howard Scoggin Plaintiff, vs. Perry G. Cox, et al, Defendants.

The party plaintiff in this cause is Howard Scoggin, and the parties defendant are the parties to whom this writ is directed.

A brief statement of the nature of this suit is as follows, to-wit: Trespass to Try Title for the title and possession of Lot 3, Block 85, of the Original Town of Dimmitt, Castro County, Texas. Plaintiff is also suing for title and possession of the above described premises by virtue of the ten and twenty-five year Statutes of Limitations. as is more fully shown by Plaintiff's Petition on file in this suit.

The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.

Issued and given under my hand and the Seal of said Court, at office in Dimmitt, Texas, this the 20th day of October, A. D. 1953.

Attest:  
Neva Hastings, Clerk,  
District Court, Castro County, Texas  
(SEAL)

## Its V8 puts new ROAD MASTERY at your hand

You must have heard about it.

But have you tried the greatest Buick yet built?

Have you sat behind the wheel of a 1953 ROADMASTER and felt the wondrous new road command that is yours?

If you haven't—if you have yet to know the rich exuberance that flows through you when a toe touch releases just a fraction of the velvet power-Niagara of the world's newest V8 Engine—then you are cordially invited to be our guest at this new experience.

We promise you these:

A new and wonderful mastery of hills, of distance, of traffic tangles—from the almost effortless power of this master Buick's advanced new V8 Engine—the highest horsepower and compression ratio in Buick history.

A new and instantly responsive getaway—with new quiet and completely infinite smoothness—from the drive magic of Twin-Turbine Dynaflow.

A new and exquisite handling ease—from the superb ride-engineering of this automobile, and the as-needed hydraulic assistance of Power Steering, standard equipment here at no extra cost.

A new and gracious luxury of interior styling and comfort—from a tasteful blending of deep foam rubber, lustrous nylon, rich broadcloths, sparkling colors.

But you need to experience firsthand the performance and the pleasure and the abiding satisfaction you will find here.

So we repeat a most cordial invitation to you—to drive a 1953 ROADMASTER—to prove to yourself that new motoring thrills come to flower in the greatest Buick in fifty great years.

## Individual's Role In Health Program Is Cited by Cox

Note to hunters: Deer season opens November 16. That gives you eighteen days to resolve to take it easy this year with the 30-30 or the shotgun. Look before you shoot, and shoot where you look.

State Health Officer Geo. W. Cox checked statistical tables today and announced that shooting accidents had claimed the lives of 187 people last year. That's more death than was dealt out by typhoid, scarlet fever, small-pox, diphtheria, whooping cough, measles, typhus, malaria, pelagra, and encephalitis combined for the same period of time.

"It's getting so that the hunting seasons are almost as hard on the hunters as they are on the game," the health official com-

mented.

How many of those 187 deaths occurred during the hunting season he didn't say. But with thousands of Nimrods talking to pastures for deer and turkey, it's safe to bet the number was needlessly high.

So why not agree with yourself or other members of your hunting party this year you will: Never carry a loaded gun in your car.

Never lay a gun aside unless you personally unload it.

Never carry your gun with the safety catch off.

Never let your finger rest on the trigger, or even inside the trigger guard—until you take aim at the target.

Never point the gun at anything you don't intend to shoot.

Never mix firewater with fire-power.

Never drag a gun through a fence. Put it over before you climb through.

Never shoot a gun without first checking to see if the bore is clear of obstructions.

## Sunnyside News

Mr. and Mrs. John Bridges and Eddie Savage returned from Dallas on Friday night. "Congratulations John" for showing the Grand Champion lamb.

Rev. George Brittain returned home Friday night from the Baptist Convention in San Antonio.

Mr. and Mrs. Milburn Conard and Mr. and Mrs. Roy Lilley were shopping in Plainview on Friday.

Russel Ewen, son of Mr. and Mrs. Buck Ewen, is ill in the Littlefield hospital.

Mrs. Herbert Lilley and Jean, Mrs. Loyd Davis and Lonnie were guests of Mr. and Mrs. J. P. Armstrong on Saturday night.

Never shoot at noises in the brush. Remember that when wildlife is being stalked it seldom makes a noise that you can hear. Remember, too, that guns can become toys of death for inquisitive youngsters. Unload yours before you get home.

Mr. and Mrs. Raymond Lewis visited in the home of her parents, Mr. and Mrs. Raymond Lilley over the weekend.

### Traveling Texas

Since Congress adjourned and I came back to Texas, I have done a lot of traveling. I have visited in literally hundreds of towns and have talked with thousands of Texans.

I really enjoy this part of my job. It is a great pleasure to travel over our wonderful State. It is a genuine privilege to talk with so many of my fellow Texans.

Before the next session of Congress begins in January, I hope to have spent some time in every congressional district.

### Sound Sense

I find that Texans generally have their traditionally sensible attitude toward problems facing our Nation.

They want no backing down from the Communists.

They uphold a strong national defense program.

They want United States aid to foreign countries sharply curtailed.

They favor a non-partisan approach to our international and domestic problems.

They want and need an early lightening of their tax burdens.

They oppose weakening the Taft-Hartley Act.

These are among the subjects on which most Texans have very definite opinions. It helps me greatly, during this between-sessions period, to get their views.

### Farm Problem:

My travels have taken me through many important agricultural areas of Texas. In all of them, I have found a deep uneasiness on the part of the people about the future of agriculture.

Drought and falling prices have put the farmer and rancher between a rock and a hard place. They need help.

The future agriculture program is one of the most important matters that will come before the session of Congress beginning next January. Between now and then, I would like to hear from

as many of you as care to write me about the kind of program you think will best meet the situation.

**Cost of Living**  
Unfortunately, the fall in farm prices has been of little or no help to the consumer.

An official Government report says living costs are now at an all-time high. The food price index is up. One factor behind the increase is said to be higher prices for beef and veal.

The farmer gets less. The cattleman gets less. But the consumer pays more.

### Sales Tax

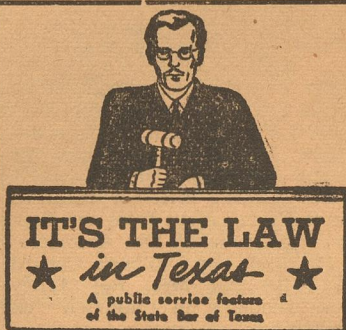

It looks as if the Administration is backing away fast from the idea of trying to get a sales tax through the next session of Congress. The President has said he opposes a sales tax. He left the way open, however, for possible support of a "manufacturer's excise tax."

I personally think we must make further cuts in Government spending. Economy is not easy for a government or for an individual. But sometimes it is necessary. This is such a time.

### Thrifty Meat Meals

The Department of Agriculture has published a booklet containing over 100 recipes and suggestions for the selection, preparation, and serving of the cheaper grades and cuts of beef, pork, veal and lamb. Name of the booklet is "Meat for Thrifty Meals." If you would like to have a copy, write my Washington office and say so. It will be sent promptly.

Be SEEING YOU: I hope to see many of you in person within the next few weeks. It's great to be home. And rubbing up against so much good Texas thinking is going to be very helpful to me when Congress meets again.

### CITIZENS RIGHTS IN COURT EXPLAINED

Unless you have a close relative who is a lawyer, your opinion of our courts probably is a mixture of hearsay, rumor, mystery and awe. The average citizen has had little experience with the courts, and is apt to view with a sinking feeling some document requiring his presence in court.

Most criminals have a good idea of their rights in court, but the average citizen, confronted with a traffic ticket or court summons, has little knowledge of the protections provided him. If you are innocent of the charge and know your rights as a citizen in court, you need have no fear of your appearance before the jury and judge.

Probably the most fundamental and important right is summarized in the well-known adage, "Every man is innocent until proven guilty." It is up to the prosecuting authorities to prove that the person on trial is guilty—and not the obligation of the person accused to prove that he is innocent. The prosecution must prove your guilt beyond a reasonable doubt, or you will be acquitted. The mere fact that you have been

promptly.

Be SEEING YOU: I hope to see many of you in person within the next few weeks. It's great to be home. And rubbing up against so much good Texas thinking is going to be very helpful to me when Congress meets again.

### Prompt Pump Repair Gearheads A Specialty

What can you gain by waiting? If you have gearhead trouble, or a faulty pump, it won't get better until someone fixes it. You'll have to fix it before you can pump, so why not call Kenny right now. If you've taken work to Kenny before, you know he gets it done right. Ratio changes and gearhead

repair are done right in Kenny's well equipped, well staffed, shop. Call Kenny for pump repair, too.

## It's *WHERE* you buy a used car that counts!

When you can trust the dealer who sold you a used car, you can trust the car.

We're businessmen! Our reputation depends on every transaction—a new car sale, a used car sale or a service job.

We want your new and used car business now and in the future! And we want your service business, too!

We handle used cars and trucks as a service to customers who trade them in for new cars. Sometimes we get overloaded with these trade-ins and our capital is tied up. Like everyone else, we have bills to pay. So we must always offer used cars at rock-bottom prices to keep our inventory moving.

Drop in soon and let's talk about a deal. We know you'll agree that the place for you to buy is at your Ford Dealer's.

You can trust your **FORD DEALER'S** USED CARS and TRUCKS

given a ticket or accused of a crime is not even evidence of guilt.

Another important protection is the right to have a witness whose testimony you may need subpoenaed to appear in court and testify. Many people are reluctant to go to court when their own rights are involved, and unless you had a means for compelling their attendance and testimony, you often would be unable to prove the facts necessary for success in your case.

It is the duty of every citizen to testify if he has information important to a law suit and is called upon to do so. The courts can and do enforce attendance in court and the giving of testimony.

Certain other safeguards are valuable to you. A person may refuse to testify in any proceeding if he has a reasonable belief that his testimony could be used as a basis of a criminal proceeding against him. This does not mean that a confession given freely and voluntarily cannot be used in evidence. But it does mean that an accused cannot be compelled to take the witness stand, nor can his failure to testify be commented upon by the prosecution.

Our courts provide many safeguards for the innocent against false accusations of crime. But many of these rights would be valueless without the assistance of a lawyer, who has been schooled in legal principles and rules of statute or decision involved, to invoke these rights. The "Right to counsel" must be granted to every accused person brought before any court in the state. The law provides that if any accused person cannot afford to pay for legal counsel and desires it, the court must appoint a lawyer to assist him in his case.

Every person charged with an infraction of the law has the right to consult counsel before making any plea. This applies to cases in every court—including justice of the peace courts, municipal courts, traffic courts and district courts. It does little good to consult a lawyer after you have pleaded guilty and paid the fine, for then the damage has been done.

The courts are open to you any time one of your legal rights has been denied or any of your property has been unlawfully taken. This is one of your most precious rights. The courts are the only peaceful means of enforcing your rights.

(This column, based on Texas law, is written to inform—not to advise. No person should ever apply or interpret any law with-

out the aid of an attorney who knows the facts, because the facts may change the application of the law.)

## County Agents To Attend Conference

Castro County Home Demonstration Agent Sybil Stinger and County Agent Charles Hudson will leave their offices over the weekend to attend the state extension agents conference at College Station, Texas. The conference is scheduled for November 2-6.

Although both agents will be out of town their offices will remain open the usual hours.

The conference is designed as a workshop on extension methods and subject matter in the agricultural field for the purpose of giving in-service training to the county agents.

Mrs. Gatewood of Hereford visited her daughter, Mrs. Jess Birchfield, and Mr. Birchfield last week.

### Hay Storage Urged As Winter Nears

With the first blue norther on a short time away, the production of many Texas dairy herds may be vitally affected by the amount of feed put into storage before "Jack Frost" makes his official appearance.

In citing management practices that may mean success or failure for some milk producers, R. E. Burleson, extension dairy husbandman, urges dairymen to lay in an adequate roughage supply. Two tons of good quality hay or one ton of hay and three tons of silage should be in storage for each cow in the herd, Burleson says.

Take steps to conserve food. A little time devoted to repairing managers, hay racks and feed troughs will save feed stuffs that

most likely will be welcomed before spring. Even the best hay, the specialist points out, loses its attractiveness to dairy cows after being trampled and kicked around in the sand, dirt and mud. Palatability can be maintained and waste losses prevented by using a good hay rack.

And finally, horns have no place in dairy herds, regardless of the season. Not only can dairy animals be handled easier, but dehorned cows can be housed and fed in less space, Burleson adds.

## HART NEWS

Mr. and Mrs. A. L. Aven and Maurice and Miss Molly Harris of Plainview spent Sunday with their son and brother, Mr. and Mrs. Hillary Aven and family in Hereford.

Lois Carrol Futrell had her tonsils removed at the Amherst hospital on Friday. She hopes to be back in school the last of this week.

Young Bob Kelley of Petersburg is spending this week with his aunt, Mrs. Chas. B. Martin and family.

Mr. and Mrs. T. B. Cox spent Wednesday thru Friday at their ranch near Portales.

Miss Barbara Sue Jackson is very ill of meningitis in the Plainview hospital. Her sister, Mrs. Arno Cox of Hobbs, is here to visit the parents, Mr. and Mrs. Oliver Jackson and to help nurse Barbara.

Mr. and Mrs. Robert Lewis Hawkins and David with her mother, Mrs. Roy Moss of Plainview spent the week end visiting relatives in Fayetteville, Ark.

Mr. and Mrs. Worth Jones and baby daughter were in Seagraves on business on Thursday. They report heavy rain past Brownfield.

Mr. and Mrs. C. S. Harris and son of Plainview had supper with the A. L. Avens.

Homer Hill and Loyd Farris were in Pie Town, N. Mex., on business on Saturday.

Mr. and Mrs. Claude Jackson of Edmondson spent Sunday in the Roy Wall home.

Mr. and Mrs. Easton Wall, Mr. and Mrs. Willis A. Hawkins, Jr., and Herbert Williams attended Home Coming at W. T. S. C. on Saturday.

Robert Tyler and family visited near Kress on Saturday.

Mr. and Mrs. Worth Jones and children attended funeral services for the infant son of Mr. and Mrs. Winfred Roussier in Plainview on Saturday afternoon. Mr. Roussier is a brother of Mrs. Jones.

Mr. and Mrs. J. W. Dale and Gerald attended church in Hart on Sunday morning and had dinner with Mr. and Mrs. Elmer Scott.

Mesdames Eugene Ball, Jim Height and T. U. Smith shopped in Lubbock on Wednesday.

Roy Ward received a head injury on Friday when he slipped and fell from a box car. He received treatment at the Olton Hospital for minor cuts and bruises.

Mr. and Mrs. Ray Axtell visited friends in Hart on Monday afternoon.

Mr. and Mrs. Roy Pyeatt and children visited the Carthell family in Lockney Sunday afternoon.

Jim Height with Dr. Gayle Ziegler and Dr. McCarthy of Plainview are hunting near Lake City, Colorado this week.

Hart has received wonderful rains during the last 8 days. I can't report an official amount but hearsay has it over 4 inches altogether. It has been very gen-

eral. While we are rejoicing to know that it can rain again, we must report that the cotton and grain sorghum farmers are eager to see some dry weather.

The annual school carnival will be held at the school building on Friday night, Oct. 30th. The Parent Teacher Association invites the public to have supper with them at the lunch room. Bring the family and eat and enjoy the carnival fun. A turkey or ham supper will be served from 6 p. m. on. Plates will be \$1.00 for adults and 50c for children. Let's be there folks.

### News of Our Neighbors

**TULLA**—(from the Tulla Herald)—O. J. "Jud" Bales was named president of the newly-organized West Texas State College ex-students of WTSC now living in the Tulla vicinity. A banquet will probably be staged for all exes later this winter.

**OLTON**—(from the Olton Enterprise) Robert L. "Bob" Kirk, new Lamb county judge, first began practicing law in Olton in 1939 following a short stint as assistant city attorney in Waco. Kirk is a graduate of Baylor University in 1938 and holds a L. B. degree. He will assume his duties as county judge, November 1, the day Judge Otha Dent's resignation becomes effective.

**CANYON**—(from the Canyon News) Fort Worth oil man Jack Danciger started a fund several months ago to keep buffaloes in Palo Duro State Park by contributing money for hay. Due to the drouth the grass could not hold its own and the buffaloes ran out of feed. The park had a problem on its hands and looked as if the only solution was to get rid of the animals whose ancestors once roamed the plains freely. Last week another ten dollar check was added to the buffalo grocery fund. The money will be used to keep feed avail-

able for the buffaloes.

**LOCKNEY**—(from the Lockney Beacon) The Lockney High School auditorium is almost complete and workmen were busy this weekend putting down the seats. New opera type seats totaling 440 were being installed on the lower floor of the auditorium and old seats from the city auditorium totaling 160 were being put in the balcony. The auditorium, to be completed within the week, will house offices, classrooms, rest rooms, storage rooms and book rooms.

**WELLINGTON**—(from the Wellington Leader) Ross A. Swift, commander of the Glynn Moore Post of the Vetreans of Foreign Wars No. 6439, has been appointed national aid-de-camp to the commander-in-chief, Wayne E. Richards, the post was notified by letter recently. Swift was recommended for the appointment by the Department of Texas Commander Justin M. Morrow. The appointment is considered a high honor among Legion circles.
