

RANGER DAILY TIMES

West Texas—Partly cloudy through Wednesday. Scattered afternoon and evening thundershowers. Not much change in temperatures.

34TH YEAR

RANGER, TEXAS, TUESDAY, AUGUST 12, 1952

PRICE FIVE CENTS No. 51

SEEN OR HEARD

Bootlegging must have been a lucrative business over the week end. It took "Pop" Pounds twenty minutes to tell us about the jailbird he had Saturday and Sunday for drinking.

At least one of his reluctant boarders was a DWI case and was turned over that night to the sheriff, who took him to the county hotel. He'll probably help pay the county's bill with a fine and a possible loss of driver's license.

The others who are more lucky, and were just charged with being drunk, will make payment to the city if found guilty and pay city expenses.

All we can say is that's a lot of trouble and a high cost of getting a headache.

Good news for the ladies—they're working on dentless fenders for automobiles.

For the men—a chemical to retard the growth of lawns to cut down on mowing.

These are only two of the countless projects that scientists are working on to make life richer for this push-button generation.

This article, in speaking of these developments, said that it cost \$500,000 to bring the first can of frozen orange juice on the market, \$5,000,000 to produce the first pair of nylon hose, and hundreds and hundreds of thousands of dollars to bring the first cellophane wrapped cigarettes to the tobacco stand.

It goes on to say that they are working on everything from paint to bug killers at enormous costs with no assurance of results.

Everyone who has seen Eastland Lake lately remarks about what they are going to do when it dries up. I imagine they are pondering the same question.

They were restricted long ago, and then more restrictions put on within the past few weeks. We are lucky in that we had a full lake to begin with this summer.

If you want to draw a crowd—blow the siren on the fire station and send a truck out with its siren blowing. Everyone in town will follow the truck that isn't supposed to do so.

Yesterday evening an alarm was turned in for a fire on Sinclair Avenue which was actually on the airport, and had been set and was being watched with a fire truck at hand by city employees.

Half the town dropped what they were doing to follow the trucks, and get in the way of Volunteer Firemen who were going to the supposed fire.

F. Sgt. Jess Cole at the National Guard Armory and T. Sgt. Pat Moseley were eagerly hunting for enrollment blanks to try and enlist some of the fire followers before they escaped their minute of excitement over the thought of a fire.

You might think before following the fire department too closely to avoid hampering progress of firemen from their jobs to the fire, and holding up the preparations necessary before water can be brought into action against the blaze.

Local Team Will Play Two Games Here This Week

The local Eagles have two games scheduled this week with Breckenridge and Stephenville. They play both of them under the lights. The first game is Tuesday night with Breckenridge, who defeated them 15-5 at Breckenridge last week. The game starts at 8 p.m.

The following night (Wednesday) they play a return game here with Stephenville, who defeated them in the last inning at Stephenville last week, 7-6.

Manager Joe Angel will start Jerry Vaughn on the mound throwing to Jim Littlefield; Dickie Jenkins at first; Junior Angel at second; Paul Hinds at short; Bill Herington at third; Dave Wharton in right field; Paul Mendoza at center; and Bobby Weeks in left field.

Observers say the team of boys 15 and under is shaping up good and is playing some pretty fast ball with opponents that opened the season long before the Eagles got the team underway.

There is no admission price to the game at the local softball field.

PEACE PIPE FOR IKE—Beulah Melvin, a pretty Indian maid, presents Gen. Dwight Eisenhower with a peace pipe at the Exhibition Building Hall as the General makes a sight-seeing tour of Gallup, N.M. In Gallup to address the thirty-first inter-tribal Indian ceremonial, Eisenhower said he is "anxious that full justice" be done for them as the original inhabitants of this great land. (NEA Telephoto).

BELL TELEPHONE CONTINUES FIGHT FOR HIGHER CHARGES

DALLAS, Aug. 12 (UP)—City councils of 83 Texas cities have approved increased telephone rates since Jan. 1, W. L. Prehn, general manager of Southwestern Bell Telephone Co. said Tuesday.

Requests for higher rates are pending in 23 other Texas cities, including Dallas, Houston, Fort Worth, Austin and Tyler.

Prehn said higher costs of its operations—materials and labor—have resulted in the requests for increased telephone rates.

"The continuing effect of inflation is making it necessary for us to continue to increase rates for our service," Prehn said.

"With our operating costs continuing to go up we have no choice but to adjust our prices, as has been necessary in most businesses," Prehn said.

Wages Form Half Of Cost
Wage costs constitute more than half the costs of furnishing telephone service, Prehn said, and added that three general wage increases have been granted telephone employees in the past three years, the last effective on July 6.

The utility has met its principal resistance to its proposed rate increases in Denison, Tyler and Austin, a company spokesman said. The case at Denison reached the courts where it rests.

Prehn explained the requests for increased rates by saying "the rapid growth of most Texas cities intensifies the need... because it is necessary to make major additions to the telephone systems at present high costs."

He said the company's "investment in most cities in Texas is more than twice as high as before the war."

Typical Rate Hikes
Here are some examples of telephone rates approved by Texas cities this year:
Corpus Christi—business \$10.99, residence one-party \$4.75, two-party \$4, four-party \$2.75.
Huntsville—business \$9.50, residence one-party \$4.50, two-party \$3.75, four-party \$3.
El Campo—business \$10, residence one-party \$6.25, two-party \$4.25, four-party \$3.50.
Waxahachie—business \$10, residence one-party \$4.50, two-party \$3.75, four-party \$3.
Brownsville—business \$10, residence one-party \$4.50, two-party \$4, four-party \$3.50.

Texas cities in which applications for higher rates are pending (Continued on Page 3)

Wooten Services Held Monday At Second Baptist
Funeral services were held Monday afternoon in the Second Baptist Church for Mrs. Hester Wooten of the Maroon Home, Arlington, who passed away in the Masonic Hospital, August 10.

Mrs. Wooten was a past resident of Ranger, having lived in this vicinity since 1889. She was born in Bell County, February 6, 1881. She married M. A. Wooten on Oct. 7, 1907 and he predeceased her in death in 1949.

Reverend Charlie Hergroves and Rucker of Strawn officiated at the services. Interment was in the Evergreen Cemetery.

Mrs. Wooten is survived by one son, M. A. Wooten, Jr., of Stephenville; a brother, John Hobo and a sister, Mattie Aycock both of Ft. Worth; and three grandchildren.

Funeral services were T. C. Weaver, R. V. Gallaway, Wilson Guest, Frank Hicklin, Leston Bell, and Elmer Gailey.

Morris Funeral Home was in charge of arrangements.

Fire At King Home Damages House, Contents
A fire a little before 10 p.m. last night badly damaged the home of Mrs. J. E. King on Eastland Hill. Volunteer firemen were able to save the frame structure from complete loss, but the interior and furnishings were badly burned or damaged by smoke and water.

Cause of the fire was undetermined, but Mrs. King was quoted as saying that she had been ironing and just put the iron down to rest shortly before the fire started. And this was mentioned as a possible cause of the fire.

The firemen used the new tank-pumper in fighting the fire until lines could be hooked up to the nearest fire plug and additional water secured.

Burning mattresses and blankets caused heavy smoke that hampered the firemen's work in quenching the blaze.

A n adjoining residence some thirty feet away was not endangered.

Army Restores "Truman Hall" For Margaret

BERLIN Aug. 12 (UP)—The U. S. Army hurriedly restored the name "Truman Hall" to its shopping center Tuesday, just in time for a visit by Margaret Truman.

A painted wooden sign reading "Truman Hall" was posted at the entrance and a photograph of President Truman replaced in the lobby.

Two metal plaques bearing the legend "Truman Hall" were removed without explanation from either side of the entrance several months ago. The President's photograph disappeared from the lobby at the same time.

But the Army did a quick about-face when Miss Truman arrived in Berlin Monday and expressed two wishes—to see the house her father lived in during the Potsdam conference and to visit "Truman Hall."

The workers demanded higher pay and shorter work weeks. Mayor C. M. Warren called an emergency meeting of the city commission because of the walkout, which began Friday.

Water and sewer workers left their jobs Friday. Monday garbage and street department employees joined in the work stoppage.

Warren has threatened to discharge the men if they didn't return to work, but the warning apparently had no effect.

Some Tulsa officials feared a serious sanitation problem would develop from the strike. So far no major problems have arisen.

Garbage men have demanded a 40-hour week with the same pay they receive for 44 hours. Street department men had virtually the same demand.

Earl Whittaker Of Sweetwater Buried Sunday
Earl Whittaker, 46, of Sweetwater, who died of a heart attack, was buried at Sweetwater Sunday.

Mr. Whittaker, formerly of Strawn, is a nephew by marriage of the J. F. Donleys.

Those from Ranger attending the funeral were Mr. and Mrs. J. F. Donley, Mr. and Mrs. L. L. Guiley and Mrs. Tom Ivy.

Mrs. Varner To Be Buried Today, Sayre, Oklahoma
Mrs. Mary Belle Varner, 79, passed away August 9 in a local hospital. She had lived in Ranger with a daughter, Mrs. Bonnie Patterson, for about five years.

Survivors are her daughter and a son, W. B. Varner of Shamrock. The body was taken to Sayre, Oklahoma where funeral services will be held today.

Morris Funeral Home handled arrangements in Ranger.

Sparkman Says Foreign Policy Can't Be Issue

SENATOR SAYS IKE PLAYED IMPORTANT ROLE IN POLICY

Mrs. Herring, 61, Be Buried Cisco This Afternoon

Mrs. Madge Herring, 61, died in a Ranger hospital Sunday evening, August 10, at 8 p.m. following an illness of some 18-months duration. Services will be conducted at 5 p.m. today, from the Thomas Funeral Chapel in Cisco, with Rev. F. C. Brudley, pastor of East Cisco Baptist Church in charge. Interment will be in Oakland cemetery, Cisco.

Mrs. Herring was born in Corsicana, Texas, January 19, 1891, but later moved to Dallas. She has lived in Eastland for four years, and is well known here.

Survivors include two daughters, Mrs. Joe Gallagher of Cisco and Mrs. A. S. Zackry, Jr., of Denton. One sister, Mrs. I. E. Sauer of Dallas, and six grandchildren.

Funeral services will be held by Brady Herring, Putnam; Ralph C. Bailey, Dallas, and R. H. Cutting, Harry Corna, Donald Kent and Ray McEachern, all of Cisco.

Eight Members Attend Farm Bureau School

The Eastland County Farm Bureau had eight members attending the four-day training school last week at A&M College.

Those attending were Mr. and Mrs. John Love, Jimmy Sparks, Howard Ingram, Joe Bob Brown, Mrs. C. G. Stubblefield, Ray Norris, and Mrs. Bill Tucker.

Each student selected four courses from the ten offered. Some of the best instructors of Farm Bureau in the United States taught the class. All phases of Farm Bureau was taught including Public Speaking, Office Procedure, Technical Farming, Membership Acquisition, County and Community Farm Bureaus, Public Relations, Service Program, Recreation, Farm Bureau Philosophy.

Housewives ... More Higher Prices Are Due

WASHINGTON, Aug. 12 (UP)—Housewives, already aghast at the highest food prices in history, were forewarned Tuesday to brace themselves for worse.

The Agriculture Department reported that this year's production of 23 popular food crops is lagging behind 1951 output.

Most of the foods for which reduced supplies are in prospect were fruits and vegetables, which are exempt from price controls. They rose sharply in price last month, and officials can find nothing in the latest crop report to indicate that the trend will be reversed.

There were some bright spots, however, to the statistic-laden report which the Agriculture Department issued late Monday. Despite widespread drought, farmers are expected to turn in a bumper wheat crop and the fourth largest corn crop on record.

That means that the livestock feed situation, while it may be tight, at least won't be desperate. Here are the food crops that will be in shorter supply this year than last:

Apples, peaches, dried beans, dried peas, grapes, pecans, sweetpotatoes, plums, watermelons, onions, tomatoes, cabbage, celery, sweet corn, snap beans, cauliflower, cucumbers, beets, green peppers, spinach, lima beans, eggplant and milk.

Murder Ends Auto Chase

AUSTIN, Aug. 12 (UP)—A. C. Gatlin, 55-year-old carpenter was shot three times and killed Monday night on busy Lake Austin Boulevard.

A 52-year-old man who awaited arrival of police and gave them a .38-caliber automatic pistol was being held for questioning.

Witnesses told police the shooting ended an apparent chase between two automobiles. As the cars screamed to a stop, Gatlin approached the second automobile. Witnesses said sounds of an argument could be heard. The shooting followed.

Odd fellows will have charge of the graveside service.

RANGER JUNIOR COLLEGE COACHES

Boone Yarbrough Dick Henderson

RJC IN HOPES FIELDING BIGGER AND BETTER TEAM

Coach Boone Yarbrough is assuming an optimistic outlook of the football future at Ranger Junior College for this fall. Progressive material for the team appears to be good and with one shortcoming of last year, that lack of weight in the line, seemingly overcome.

Coach Yarbrough and Dick Henderson will have a nucleus of seven lettermen to build this year's Pioneer Conference squad around, and two returning squadmen from this past season. In those line men he will have at least one man with experience in every position in the line-up to guide the newer candidates for gridiron honors through the breaking in period.

If all of the 27 men show on the first day that they have signified their intentions to do so the team should be loaded with talent.

Take the tackle position. At tackle you may see letterman Gene Gilley of Weatherford weighing about 220, a former all-district performer, Iron Electra, Floyd Gore, who rocks the scales, at 250. The big boy of the line, Ross Nail who will tip in at 264 and bring with him experience gained on a service team in Japan, and a boy from Cairo, Illinois, who has been staying at Fort Worth, Carlos Upshaw, will bring 217 pounds into

(Continued On Page 4)

Comanche Co. REA Planning Its Annual Meeting

Plans have been completed for the annual meeting and electric fair of the Comanche County Electric Cooperative which consists of Comanche, Eastland, Brown, Mills, Callahan, Stephens, and Shackelford Counties, in Comanche on August 22.

The business to be acted upon during the meeting includes revision of the cooperative's by-laws reports of officers and manager; election of directors for the coming year, and membership participation. The election of the new directors will be held shortly before noon.

A program of entertainment has been planned which has some of the top entertainers featured. An electrical show from Texas A&M will be seen at the meeting.

Nearly every major electrical appliance line will be represented at the Electrical Fair. And several Home Demonstration and Boy Scout groups will have demonstrations. Anyone wanting exhibition space free should contact the Comanche REA office.

An electrical appliance company is sponsoring an amateur talent contest and offering a prize to the winner.

Hugo Werner, 77, Buried At Carbon

Funeral services for Hugo Werner, 77, of near Carbon, were conducted from the First Methodist Church in Carbon at 2 p.m. this afternoon, with Rev. J. W. Tichner in charge. Interment was made in Carbon cemetery.

The body of Mr. Werner was found about 2 p.m. Sunday afternoon by a neighbor. Apparently he had left his home, where he was alone, and had started to a neighbor's home. Whether he died from sun stroke or an heart attack is not known, though an insect cordist states he died from natural causes.

Funeral arrangements were made by the Hamner Funeral Home in Eastland. Survivors include four daughters, Mrs. G. C. Grogan, of Olney; Mrs. Charles Pence of Cisco; Mrs. J. W. Bolls, Enid, Okla.; and Mrs. Mildred Miller of Detroit, Mich. One brother, J. W. Werner of Hamlin, and a sister, Mrs. Diantha Williams of Oklahoma. Seven grandchildren and five great grand children.

Odd fellows will have charge of the graveside service.

Ranger Girl Be Buried Eastland This Afternoon

Funeral services for Miss Bertha Juanelle Sharp, 15, of Ranger, will be conducted at the Hamner Funeral Chapel in Eastland at 4:30 p.m. today. Interment will be made in Eastland cemetery following the services.

Miss Sharp died Sunday afternoon at about 4 p.m. in a Dallas hospital following surgery at that institution, and her body was brought to Eastland for burial.

She has been suffering for some time, though her illness became more serious only a few days prior to her death.

She was born August, 30, 1936, and was the daughter of Mr. and Mrs. L. D. Sharp of Ranger. She was quite well known to many residents of Eastland.

Survivors include parents, Mr. and Mrs. L. D. Sharp of Ranger, and a sister, Christine Sharp, also of Ranger.

Funeral services for Miss Bertha Juanelle Sharp, 15, of Ranger, will be conducted at the Hamner Funeral Chapel in Eastland at 4:30 p.m. today. Interment will be made in Eastland cemetery following the services.

Bids Be Asked For Eastland-Ranger Highway

Minor details that have been holding up action of the Ranger-Eastland highway, seem to have all been ironed out, and bids for this work will be accepted on either the 15th or 16th of September.

U. S. Forces in Germany Increase FRANKFURT, Germany, Aug. 12 (UP)—Army Secretary Frank Pace Jr., said Monday he was "most impressed and heartened by the growth of the defensive capabilities and the efficiency" of U. S. forces in Germany.

What New GI Rights Mean to Korean Vets

HERE'S HOW TO GO ABOUT GETTING BENEFITS PROVIDED IN BILL

By Douglas Larsen
NEA Staff Correspondent
WASHINGTON, (NEA)—Calling all Korean veterans—here's how to go about getting the benefits provided in your new GI Bill of Rights.

First, you are considered a Korean vet if you were on active duty after June 27, 1950, if you were discharged under conditions other than dishonorable and if you served at least 90 days—unless you got out sooner for a service-connected disability.

If you qualify, you have coming to you from Uncle Sam an education and training program, a guaranteed loan, unemployment compensation, mustering-out pay, and help in finding a job.

The education and training offer is worth most in dollars and cents. First step is to decide your educational or vocational goal. It can be getting a specific diploma or degree, graduation from a professional school or learning such trades as steamfitter or carpenter.

Next you must make sure that you will be accepted by the high school, college, professional school or vocational school which you plan to attend. You should also make sure that the school you select has been properly accredited by the State authorities. Most public institutions and established schools will be automatically approved for several months.

Some schools might not be approved at all. Approval for World War II veteran training does not constitute automatic approval for Korean vet training. Standards are more rigid under the new bill and all schools have to reapply.

When your goal is decided and your school is selected you must fill out an application blank which you can get at any VA office after the middle of August or from the schools, veterans organizations or Red Cross office. Form is self-explanatory. Copy of your service record or photostat must be sent along with it. For most Army vets the information is on the back of your discharge papers. For most Navy vets it's a special paper which has been given to you.

When your course is approved and your eligibility is established VA sends you a Certificate for Education and you are ready to go.

Getting a loan guaranteed is probably the easiest process to start, although it might be diffi-

cult to get. You can get one to buy or improve a home, farm or business. In most cases if a lender can't be found, VA will provide a loan direct.

Home loan maximum is up to 60 per cent of a loan with the guaranteed portion not exceeding \$7500. Other real estate loans may be guaranteed up to 50 per cent with a \$4000 maximum.

Non real estate loans may be guaranteed for up to 50 per cent with a \$2000 ceiling.

All you do is decide what kind of loan you want and go to the lender. He does the rest, including the paperwork.

Your unemployment compensation—\$676 maximum—and job-finding assistance are found at the same place. Go to the nearest state employment office. Unemployment pay doesn't start until after Oct. 15, but you are urged to get this immediately.

This office will explain your legal rights to your old job or start helping you to get a new job immediately.

Take with you to this state employment office your discharge papers, social security card if you have one, your mustering-out pay records and your work record for 18 months prior to entering the service.

Mustering-out pay of \$100 to \$300, depending on length of service, is due you if your rank was below major in the Army and lieutenant commander in the Navy.

There are no official forms but applying for this benefit. But one that is satisfactory can be found at any veterans organization or at most newspaper offices. This form must be accompanied by the original copy of your separation papers. Put your return address on the back so you will get it back. Mail these two papers to the following depending on your service:

Army Finance Center, U. S. Army, St. Louis, 20, Mo., Attention: MOP Branch.

U. S. Navy Field Branch, Bureau of Supplies and Accounts, Cleveland, 14, Ohio.

U. S. Marine Corps, Washington, 25, D. C.

U. S. Coast Guard Headquarters, Washington, 25, D. C.

EAST LANSING, Mich. UP—Jack Heppinsfall is the only athlete trainer Michigan State College has ever had. He assumed the

Application for Mustering-Out Payment

I enclose my Report of Separation (DD Form 214) from the _____ and request the mustering-out pay authorized by law

(Name your Service)

* I was not discharged or released from active service on my own request to accept employment; or if I was discharged and released for that reason I served outside the U. S. after June 26, 1950. I am not now on active duty and have not made and will not make any other application for mustering-out pay.

I (have, have not) served outside the continental limits of the U. S. or in Alaska since June 26, 1950. (If you have, state date or arrival in the U. S. _____)

Return my Report of Separation and mail check to me as follows:

Print (First Name) (Middle Name) (Last Name) (Service Serial No.) _____

(Number) (Street) (City) (Zone) (State) _____

I certify that the above information is true and correct.

(Signature) _____

TO APPLY for mustering-out-pay, the armed forces say a certificate like this will be O.K., or you can type out your own form from this sample. No official forms are provided for this benefit.

Safety Moves Save Thousands

CHICAGO—Death and taxes may be inevitable—but the experts are beating the former.

Since 1913, the year of the formal organization of the safety movement, about 500,000 persons have been saved from accidental deaths.

From 1900 until 1913 an average of nearly 75,000 persons were killed in accidents each year—a

rate of 85 deaths per 100,000 population. The toll would have reached \$4,000 persons in 1914 if this rate had continued, but it was reduced to 70 and the death toll to 77,000—a saving of about 7,000 lives. Similar comparisons based on rates for succeeding years show that about half a million lives were saved by 1951.

Despite those accomplishments, "Accident Facts," the National Safety Council's statistical yearbook, just off the press, shows that one home in every five is touched by a serious accident each year.

By United Press
WASHINGTON, Aug. 8 UP—Chairman Tom Connally of the Senate Foreign Relations committee left Friday on a 11-nation tour of Europe after expressing belief World War III can be averted. The Texan is retiring from the Senate in January.

Screen Writer's Son Safe

HOLLISTER, Calif., Aug. 12 (UP)—Screen writer Niven Busch said Tuesday he has received a letter from his son Britton Cooper Tony Busch, 16, who had been missing on a European hitchhiking trip since July 19. Busch said the letter was postmarked London, England, Aug. 7, but contained no return address.

One of the big surprises on your birthday morn is opening a package and discovering it isn't what you knew it would be.

It is usually a bundle of nerves that is all wrapped up in worry.

Vic Vet says

VETERANS NOW RECEIVING COMPENSATION OR PENSION FROM VA DO NOT HAVE TO APPLY FOR THE INCREASED PAYMENTS RECENTLY VOTED BY THE CONGRESS... VA WILL MAIL THEM AUTOMATICALLY BEGINNING WITH THE JULY, 1952 CHECKS

TALL CORN—Seven-year-old Bill Jim Marshall has to stand on the shoulder of his uncle, Joe Marshall, to look out over the Marshall brothers' 300 acres of corn near Koping, Mo. They're seeking a bumper corn crop to compete in the Missouri Farmers' Association's annual corn yield contest. In 1949 they averaged 114.4 bushels per acre; in 1950, 123 bushels and in 1951, 126.6 bushels.

Disease Control Based On Known And Proved Facts

The control of any disease must be based upon facts and not theory, asserts Dr. Geo. W. Cox, State Health Officer. The reason for this statement is based on the numerous theories sent the State Department for the cure or prevention of polio, diarrhea and dysentery.

The spread of polio, for instance, has been blamed on weeds, air, bananas, milk, atomic radiation and many other items. All of these are theories and have to basis fact. Facts in disease are arrived at in the laboratory, the sick room and the environment of the patient. Facts are necessary and must be the guidepost for the control of disease.

Dr. Cox is authorized by law to accept gifts and contributions for public health. The first gift to aid in research on the part played by flies and cockroaches in the spread of polio is two monkeys from Belleaire. Others will be needed to complete the study. Any contribution will be appreciated.

Education work is dysentery and diarrhea—which kills far more children than polio—is being hampered by lack of personnel to do the work. Cox said Texas has six times more dysentery and diarrhea than the national average. There were 1995 infants under one year of age who died of this cause in 1951.

"When we get rid of these two fifth borne diseases, we will have done the best thing in the world to get rid of polio," he asserted. "But it takes resources to do it."

Fund and equipment shortages have been a stumbling block to the whole research program in Texas, Dr. Cox said. Despite the fact that the State Bureau of Laboratories has consistently won top honors in national competition for accuracy in disease identification.

Airmen's Body Found
WIESBADEN, Germany, Aug. 12 (UP)—The U. S. Air Force reported Monday that the body of an American airman had been recovered 10 miles down the Rhine from where his B-26 bomber plunged into the river last week. Of four men aboard the plane, the pilot and co-pilot escaped while a third man was drowned.

Unusual Will Filed
LOS ANGELES, Aug. 12 (UP)—A will written by a blind woman with a pen that ran out of ink was on file for probate Tuesday in superior court. It belonged to Mrs. Beth A. Baer, 59. Handwriting expert Clark Sellers was able to make out the words she wrote from the indentations left on the paper.

Sign Post Went Thataway

LYNCHVILLE, Me., Aug. 12 (UP)—Motorists heading for Norway, Paris, Denmark, Naples, Sweden, Poland, Peru and China will have to find their own way from now on. A signpost that marked roads to the eight Maine towns was swiped by vandals.

Crash-Resistant Tanks In Offing For Air Liners

By CHARLES CORDDRY
WASHINGTON—Civil aviation officials disclosed that marked progress has been made toward developing crash-resistant fuel tanks to reduce fire hazards in airline accidents.

They also cited imposing evidence that rearward facing seats, bracing the whole body against impact, would be safer for passengers in crashes than conventional forward-facing seats.

These were the highlights of a government industry labor conference here studying the need for revisions in federal air safety regulations.

The conference also heard new arguments on the AFL Airline Pilots Association's long-standing demand for more adequate safety precautions for passengers involved in emergency water landings.

Pan American World Airways Capt. John C. Burn, who has survived two "ditchings," put in a

plea for pre-flight briefing of passengers as a means of averting panic in emergency landings. Briefing on emergency procedures just after take-off is common-place on international flights, and airline officials resisted as impractical Burn's idea of doing this before boarding a plane.

Burn is the pilot who saved and later married singer Jane Forman in a "ditching" near Lisbon in 1943. Last Spring he "ditched" a Pan American plane off San Juan, Puerto Rico, with 52 fatalities.

Rearward-facing seats, which the Military Air Transport Service and the Navy are installing on a large scale, have been consistently opposed by commercial airlines.

W. E. Koneczny, chief of the CAB's airworthiness division, told a reporter the subject was so controversial that this year's revision of the safety rules would probably not include any regulations requiring airlines to seat their passengers.

READ THE CLASSIFIEDS

Prison Without Walls Is Popular

NEW YORK, Aug. 12—Prison riots can be averted if the government will establish more jails like the Federal Correctional Institute at Seagoville, Tex., says the issue of Look Magazine out Tuesday, August 12.

Seagoville, a prison without walls and without locked cells, has had no riots and enjoys remarkably small escape rate. The account, says Look, is on trust and maximum freedom within a penal setting.

This prison, which is very like a college campus, is the direct opposite of strongbox jails like Alcatraz, which operates on the basis of fear. Alcatraz, says Look, is the most colossal failure in American institutional history. Seagoville is a "haven of hope," says Look. The inmates walk to meals; they do not march. They do not wear uniforms. They are trusted men and they act like trusted men. It is simple to escape, but once an inmate leaves he may never return. This says the article is deterrent enough.

Plenty Forage For Dairy Cow Most Essential

COLLEGE STATION, Aug. — The hot, dry weather has upset hay and silage plans on many dairy farms, and dairymen will lose efficiency in production if they fail to supply these basic feeds. According to Richard E. Burleson, dairy husbandman for the Texas Agricultural Extension Service, every effort should be made to obtain one or two tons for each cow in the herd.

He reports that, Texas A. & M. College dairymen got good results from seeding a silo of immature Atlas sorghum which was ensiled last summer before it had headed. Although no preservative was added, the silage proved to be of excellent quality and cows pushed aside good leafy alfalfa hay in the feed troughs to get it.

This appears to be conclusive evidence that there is little to gain by allowing sorghums to make seed before ensiling except to get increased tonnage and grain.

When drought conditions cause the sorghum crop to burn before reaching the soft dough stage, the crop should be ensiled promptly. Much better quality silage is obtained by ensiling green material without adding water than is obtained by ensiling dry material and addition water.

Water should never be added to silage unless the material is too dry to pack without it, Burleson advises.

May Be Cleaning Too Much Rather Than Too Little

COLLEGE STATION, Aug. — The linoleum in the kitchen floor is more likely to get too much cleaning than too little. This information comes from Minnie Bell, home management specialist with the Texas Agricultural Extension Service.

To keep linoleum bright and shiny, Miss Bell points out that a mop or soft brush is better than a broom. Oil mops should never be used because they leave an oily coating that catches dirt. To oil, discolors linoleum. Alkaline soap abrasive cleaning compounds tend to soften scratch and roughen the surface of linoleum.

It is a good idea to remove surface spots immediately, especially grease. The specialist suggests to clean linoleum with a damp mop with a solution of warm water and mild soap. This removes dirt, grease and old wax. Then use clear water for rinsing. After the linoleum is thoroughly dry, several thin coats of self-polishing, water-emulsion wax should be used. Paste wax is less satisfactory because it is difficult to get an even coat on the linoleum and once on it is more difficult to remove when time comes to re wax.

Manufacturers warn that plastic finishes, lacquers and varnish will dim or yellow the colors in linoleum. To insure the best care, Miss Bell says ask the dealer for printed instructions that manufacturers prepare for the care of their products.

Mexicans Asking Better Treatment

ABILENE—Chambers of Commerce in 24 West Texas counties blacklisted by Mexico for alleged discrimination against Mexican nationals have been given suggestions by the West Texas Chamber of Commerce on how to go about getting their counties removed from that category.

They were advised to have county judges, sheriffs, and church, educational and civic leaders write letters to the nearest Mexican consul declaring they do not sanction discriminatory practices and will seek to correct or eliminate them when they are called to their attention.

The WTCC also suggested that each community chamber of commerce ask Mexican consuls what other requirements must be met to make possible employment of Mexican citizens in their counties. Counties of the West Texas Chamber of Commerce territory currently on the so-called blacklist are Bosque, Brown, Burnet, Comanche, Coleman, Clay, Coryell, Denton, Eastland, Ector, Erath, Gillespie, Hamilton, Hockley, Lampasas, Llano, McLennan, Menard, Mills, San Saba, Somervell, Tarrant, Winkler, Wichita and Young.

Russian Car Brought to U. S. LOS ANGELES, Aug. 12 (UP)—A brand new Russian four-door sedan that a Los Angeles businessman slipped from behind the Iron Curtain as a "gag" arrived here Monday, but owner Stanley F. S. Slotkin said the U. S. government "might take it away from me for awhile." The car, a Pobeda, obtained at Helsinki, Finland, was believed to be the first ever shipped from behind the Iron Curtain.

Two Americans Accused Of 1944 Italian Murder To Be Tried

ROME, Aug. 12—Two Americans accused of the 1944 slaying of their commanding officer in the Alps of northern Italy probably will be tried in Absentia shortly, an Italian government spokesman said Tuesday.

The spokesman disclosed this after a federal court judge in Buffalo, N. Y., turned down Italy's plea to extradite Carl G. Lodolce, a former sergeant in the Office of Strategic Services, now living in Rochester, N. Y.

Lodolce, a tool engineer, and former Lt. Aldo Icardi of Pittsburgh, have been charged with the killing of Maj. William V. Holohan behind German lines on Dec. 6, 1944. He was poisoned and shot and his body was thrown into a lake, according to a confession by two Italian partisans charged with complicity in the case.

Two Partisans To Be Tried

The government spokesman said

TERRIFIC—

(Continued From Page 1)

one to the movies, and one out driving one day," said Holzman, "then I would alternate the entertainment the next day and so on." This had been his pace since last June when he married Miss Palmer, using the name Mitchell. Last February he married Martha Jo Myers, 27, as Leroy Braddock.

"Martha Jo was the only one he really supported," Nolan said. "The rest supported him. He made them feed him roast beef and potatoes." Holzman worked mostly guiding tourists through the French Quarter, but said he liked most driving limousines at weddings because "it was a wonderful thing when two people got married."

He Wants Some Rest Holzman called quits with Cecilia, whom he married last November under the name of Elwood Braddock, but was still the fond husband of slim, gray-haired Clara, 40, his wife since 1947.

"Lover boy!" smirked Ernestine, when she arrived at the police station. "That's what they should call him all right—lover boy!"

But Clara, whom Holzman called "the one I really love," took his hand and talked earnestly with him, and refused to talk to newspapers.

"I'd like to go back to her—if she'd have me," Holzman said afterward. "But first I'd like to get some rest."

BACK BREAKING—Soaking wet, Pfc. Lee Stillwell, attached to the 25th Infantry Division, places a sandbag into position as he helps reinforce a collapsing creek bank. Keeping heavy rains and flash floods from ruining precious supplies and equipment is but one of the many backbreaking jobs required of UN forces in Korea. (NEA Telephoto).

More Suspects Sought In Sex Ring Round-up

CHICAGO, Aug. 12 (UP)—Police Tuesday sought seven young men and six girls after arresting three men and three girls believed involved in a sex ring which engaged in intimacies in parked cars and tourist cabins.

One of the three girls seized told officers she had relations 10 times with one youth and five times with another.

The six young persons arrested Monday admitted they were part of a group of 11 youths and nine girls which had held "several" sex parties in darkened lanes near Dolton and Riverdale, Ill., police said.

Assistant State's Attorney Arthur Ahern said the girls were from "good homes." Officers said they expected to make additional arrests.

Farm Bureau To Sponsor County Wide Farm Tour

The route of the Second Annual Eastland County Farm Bureau tour to be held on Thursday,

Aug. 21, has been designated and the different farm stops named according to a recent announcement by officials of that organization.

Nonmembers of the Farm Bureau as well as the members are cordially invited to attend and participate on the all day tour which will begin from the J. E. Spencer peach stand on the Abilene Highway at Cisco at 9:00 a.m. on that day.

The group will visit and inspect a grade A Dairy and cows, a flock of turkeys, a large apple orchard, and a new farm home before a picnic lunch at the B. C. Ingram farm between the Scranton and N. road communities.

In the afternoon they will inspect another new farm home, castor beans and a large peach orchard.

The route of the tour includes stops in the southwest as well as the central portion of the county.

Stops are to be made at the farm of A. Z. Myrick, Cisco, president of the Eastland County Farm Bureau, W. B. Starr, Mitchell; H. A. Bible, Mitchell; Howard Ingram and B. C. Ingram, Scranton; Herman Schaefer, Nimrod and J. E. Spencer, orchard in the Longbranch community.

Those planning to attend the all day tour are asked to bring a picnic lunch and jug of ice water.

Anthony Eden To Marry Niece Of Winston Churchill

LONDON, Aug. 12 (UP)—Foreign Secretary Anthony Eden was being congratulated Tuesday on his wooing and winning of Winston Churchill's niece between international crises.

The 55-year-old diplomat and 32-year-old Clarissa Spencer-Churchill, a blue-eyed blonde who was Britain's "most beautiful debutante" of 1938, announced their engagement Monday.

They made it official by inserting a paid engagement notice in the "forthcoming marriages" column of Tuesday's Times and the Daily Telegraph. The marriage is expected to take place in the next few days.

Society was surprised on two counts by the brief announcement. The handsome foreign secretary had been regarded as too busy a man for romance. And on the few occasions he did get out socially, he seemed to have a preference for the company of the widowed Duchess of Kent, and an aunt of Queen Elizabeth II.

He also had infrequent dates with film star Paulette Goddard and one or two others.

Two From Olden Graduate From Hardin-Simmons

ABILENE (Sp.)—Two persons from Olden will be among the 225 students who receive degrees from Hardin-Simmons University during the sixtieth annual summer commencement exercises, Aug. 24-25.

They are Eunice Rebecca Hamilton, master of education degree, daughter of Mr. and Mrs. L. S. Hamilton; and Richard Stephens Wynne, bachelor of science, son of Mr. and Mrs. C. B. Croft.

Baccalaureate speaker will be the Rev. L. D. Fall, pastor of the Lamesa First Baptist Church. Commencement speaker will be Dr. John W. Inzer, Sylacauga, Ala., Southern Baptist evangelist and past national chaplain of the American Legion.

Degrees will be conferred by Dr. Rupert N. Richardson, president of the university. Baccalaureate services will be held in the evening in Parramore stadium, on the campus.

CALL 224 FOR CLASSIFIED AD SERVICE

TIED UP—Cary Middlecoff, left, and Julius Boros check a score card after the two golfers placed first and second in the World Championship of Golf at Tam O'Shanter Country Club in Chicago. Boros won \$25,000, Middlecoff, \$12,500.

Safe Bent But Not Broken
CHICAGO, Aug. 12 (UP)—Battered but not unopened. That is the case history of a safe at the Hill-Behan Lumber Co. Bur-chars Monday attempted to open the safe with explosives but failed. It was the fifth attempt recently.

Namesake Is Sentenced
TOPEKA, Kans., Aug. 12 (UP)—Judge Harry Snyder sentenced Harry Snyder of Lawrence, Kans., to 30 days in jail on a drunk charge. Snyder then paroled Snyder on condition Snyder get out of Topeka. The two men are no related.

East-West Teams Face Rough Week Camacho To Play

CHILDRESS, Aug. 12.—A Little rough work was on tap Tuesday for the 48 Greenbelt Bowl football players in training for Friday night's all-star game here.

Twice daily drills are planned for the squads who Monday just limbered up. Tuesday, they'll be mixing it up as coaches pick their starting lineups.

The West squad is being coached by Jack Mitnell and Lobby God of Texas Tech and the East team by Dixie White and Prince Scott of Midwestern University.

Players who participated in last week's all-star game at Fort Worth held in connection with the Texas High School Coaches Association reported in top physical condition.

Coaches hoped for a break in the 'torrid' weather before the Friday night kickoff.

Ranger has a part in the game to be played at Childress Friday night in the form of Jimmy Camacho, who will help do the honors for Dixie White's East All-star team.

Camacho left Sunday morning to go into training with the 21 man squad.

RJC —

(Continued From Page 1)

play this fall at the tackle slot. At end letterman Leon Jones of Woodson at 200 pounds; Bobby Skipwith of Wiley at 200 who is said to be able to move himself around with amazing speed for the weight; an all-city choice from Carter Riverside of Ft. Worth, David Anderson will be here; and Harley Odum of New Castle the least one at 175.

Mack Fikes of New Castle weighing 170 will be the only returning letterman in the guard slot, but will be backed up by Bobby Keih, Graham, 185; an all-star in 1947 from Mineral Wells, Jimmy Long at 180, Eddie Watson, Iowa Park, 170; and Franklin Foster of New Castle at 185.

Dickie Smith of Sundown a non-letterman from 1951 will be back trying for the center slot helped and competing with John Connor of Jacksonville at 180, and Bobby Stoneking of Electra at 185.

The running department of the Purple and White will be the strongest in returning lettermen with Walter Matthews of Electra, 170; Kenneth Burton of Albany, 185; "Rusty" Talbot, Electra, 170; and Buddy Hamrick of Ranger, 170.

First year backfield candidates are:

Three years choice for all-district at New Castle, Floyd Gibbs, 165; James Caton of Wiley 190; Jimmy Cole, 165 a former Bulldog; Dickie Everett of Eastland; 155; Freddie Sanders of Ft. Worth, 160; and last but not least in size or ability is Ranger's own flashy little football product, Jimmy "San-

to' Camacho, who will enliven the Pioneer Conference gridirons this fall, much to the delight of most Ranger fans.

Yarbrough said Monday morning that he felt these 27 men were the makings of a good football club if they all come out and show as they have in the past.

He was especially pleased with the possibility of having quality in the line-weight with other Pioneer Colleges. In which the Rangers have been recently lacking.

The coaches plan the "T" and Spread offensive formations as the backbone of their attacks this fall.

Among the new candidates for the backfield is a boy that is rated an efficient passer and punter from the Spread formation. And if he pans out the Purple and White may use this attack more than ever against their competitors.

September 43 the Rangers open their season against Decatur Baptist College at Decatur. A possible addition to an open date is a contest with the "B" team of NTSC on Sept. 18 in Ranger.

A guest in the home of Mrs. Dee Anderson last week was Mr. Gene White of Amarillo, uncle of Mrs. Anderson.

Hero Captain Breaks Bone On Motorcycle

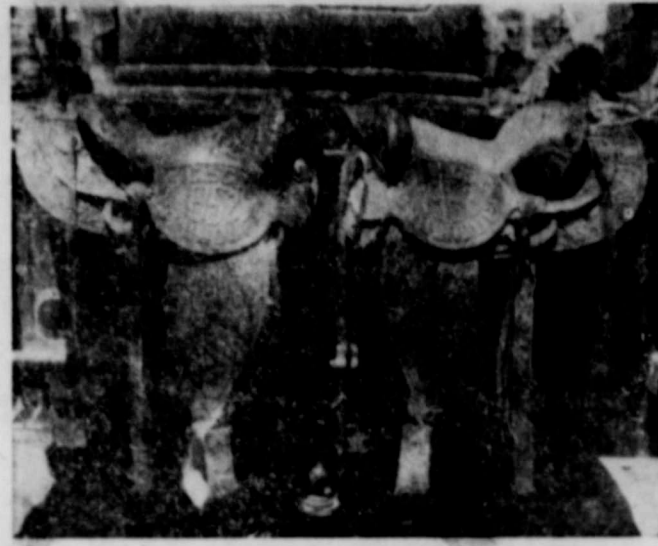

KIEL, Germany, Aug. 12 (UP)—Capt. Kurt Carlsen of Flying Enterprise fame fell from his motorcycle and broke his collarbone near here Monday night.

The Woodbridge, N. J., skipper spent the night in a Flensburg hospital, where a special cast was applied to the collarbone. He left by train Tuesday morning for Rotterdam, Holland, where his new Flying Enterprise II is anchored.

He won world-wide fame last winter for sticking with his sinking ship, the original Flying Enterprise, until it went down off the southwest English coast.

Wooten Resigns As Constable Cisco Precinct

H. G. Wooten, constable for the Cisco Precinct, submitted his resignation to the Commissioners' Court Monday, and we have been informed it was accepted. Wooten has a reputation for being one of the most efficient officers in the county, and fellow officers regret to see him go, it was stated following his resignation.

First Annual Cisco Roundup Has Been Scheduled For This Weekend

Friday and Saturday, August 15 and 16, will mark the beginning of a series of highly competitive cowboy and horse events in the arena of the Cisco Roundup Club. Here, at the two big night performances of the first annual Cisco Roundup, the ranch horse will be king!

Unlike the familiar rodeo, the Cisco Roundup will feature contestants simulating actual ranch work with cattle, where each horse entered will be highly trained in that particular line of ranch work. There will be no rough tack events that typify the regular rodeo. But the Cisco Roundup will be wild and woolly as any rodeo and bull show!

The Cisco Roundup Club went a great pains to secure uniform, out wild and rough stock, for the in-down and double nagging calf roping events. Cowboys who compete for the beautiful hand carved Ledy trophy saddles to be given to the top roper and cutting horse rider of the show will certainly have earned them. The saddles are pictured here.

The first of Cisco's planned annual working horse competitions will start at 6:00 p.m. on Friday the 15th with a big parade. Be-

Labor Endorses Stevenson, But Not Officially

ATLANTIC CITY, N. J., Aug. 12 (UP)—The American Federation of Labor will not publicly endorse Gov. Adlai Stevenson for the presidency although "95 per cent of the AFL political education group is for the Democratic nominee," a top official said Tuesday.

"The political education group will not break its 28-year tradition of silence in regard to choice in the presidential campaign," the spokesman said.

However, the sentiments of various groups and committees within the AFL indicated overwhelming support for Stevenson, he added.

The AFL executive council is holding its regular quarterly meeting here.

In the opening session of the five-day meetings Monday, the policy-making group charged "profiteering" had put the nation in grave danger of runaway price inflation. The executive council urged that President Truman take prompt action—although it did not specify calling a special session of Congress—to halt the rise in the cost of living.

One of the principle items on the agenda of the 15-man council was the long awaited report of a subcommittee which has been investigating reports that AFL charters

were issued to racketeers, in New York and other big cities, who had no legitimate ties with the AFL. The racketeers allegedly control some of these locals and are using their charters to shake down workers and employers.

Argument Over Streetcars Is Suddenly Over

EDINA, Minn., Aug. 12 (UP)—Minneapolis streetcars lurched to a stop at the Edina city limits Tuesday and discharged their passengers.

The streetcars used to go right on into this small village until Edina declared war on the metropolitan Monday and ripped up the streetcar tracks.

For Edina city fathers it was a simple, forceful solution to a 10-year-old argument between Minneapolis and its little neighbor.

Edina wanted to take the street car tracks off bumpy France Avenue and substitute shuttle buses for streetcars. Minneapolis officials preferred to keep the street cars.

Monday workmen set out red lanterns and sawhorses and ripped up the 10 blocks of streetcar tracks along the south side of the street, which separates Minneapolis from Edina.

Streetcar traffic came to a sudden halt.

FOR SALE

3 bedroom house, paved street, close in, partly financed.

4 room house, Hodges Oak Park Addition, several lots.

2 bedroom house, paved street, G. I. loan available.
