Is police protection passing Ranger by? Or is it only that we are not aware of the trend of equipping police depart-ments with radios?

Ranger is the only large town in Eastland county not having a radio equipped police force for the protection of its citizens.

There has been some discussio on the matter of getting radios for Ranger, but nothing has ever come of them to date. Cisco and . Eastland residents

are protected by the latest radio equipment available, as well as the sheriff of Eastland County having radios in his cars and a

Apple Pie—served warm.

Serve the all-time favorite, Apple Pie, for dessert tonight when hungry children trip in from school. It doesn't take long to make—and how pleased your family will be.

The recipe for the crust makes golden color and tenderness as easy ... well, as easy as pie. The pretty design is no trick at all. Make one like it or draw upon your imagination plus a cookie cutter for your own version. Be sure, though, that there are openings in the top of the crust to let out flavor-laden steam from the baking apples. Press the top and bottem layers of pastry together and there'll be no spilling over of savory juices.

If you are hurried, order a baker's pie and pop it in a low-heat oven just before dinner is called.

Everyone is convinced that Apple Pie is good eating. Ever consider, though, that it has important nutrient contributions? The enriched flour in the crust contributes extra B-vitamins, food iron and protein. The apples add more vitamins and minerals.

Feature Apple Pie at your next dessert party. Trim the pie with wedges of sharp Cheddar cheese and serve along with a bowl of grapes and a dish of salted mixed nuts.
