## Comanche Stuns Ranger Bulldogs, 13-0!

### Yellow Jackets Win Toss For District Title

The Stephenville High Yellow Jackets were awarded the 1952 District 10AAA schoolboy grid title in Ranger Saturday morning at 10:15.

During a meeting of representatives of Stephenville, Comanche and Ranger High Schools, the highly-touted Yellow Jackets, emerged on top following a brief coin-tossing ritual.

The District, by virtue of Comanche's stunning 13-0 upset triumph over the favored Ranger High Bulldogs at Comanche Friday night, was in a three-way tie.

The Jackets will meet the Winters High Blizzards of District 9AA for the bi-district title on Thanksgiving Day—next Thursday. Site of the contest was to be determined Saturday afternoon by the flip of a coin.

Ranger's 1952 Bulldogs hold victories over both bi-district participants. Early in October they upset the Blizzards, 13-7, and a week they upset Stephenville, 14-13.

3	for 15 penalties	6 for 70

It wasn't an upset—it was a smashing upset!

Over at Comanche Friday night before an awe-struck crowd of 3,000 fans including 1,000 lusty Maroon & White cheerleaders from Ranger, Coach P. T. Gallego's gold-en-helmeted Comanche High Indians, performing their best of the year, completely stymied Ranger's high-driving 1952 Bulldogs with a tight, stony defense and exploded with an amazing 13 to 0 triumph to throw the four-team District 10-AA loop into a three-way tie.

The Rangerites needed but a tie to coast away with the 1952 loop title and were odds-on favorites to cop the championship after having pounded Cisco, 28-14, and a week prior having upset the mighty and highly favored Stephenville High Yellowjackets, 14 to 13.

A fumble and a pass interception paved the way for the Indians' upset win. They blitzed both their tailies in a hectic third quarter.

But the first, second and final cantos were close, evenly played, hard-fought periods.

Despite the statistical showing, the Comanche warriors won their victory through defensive strategy which put the choker on Ranger's ground attack and usually potent aerial offense.

**KEYED TO WIN**

The highly-keyed Indians, drilled and prepped up to game-winning pitch during the week, were fast and alert. They batted down six Ranger aerials, intercepted two (one for a touchdown) and recovered three costly Bulldog fumbles.

Their running game was impressive despite the fact that they were unable to gain in the clutches. They were unable to successfully score on sustained drives, always chilled at the danger point by the hard-playing Rangerites. Both their counters came on "breaks" which occurred as a result of their tactical defensive play.

Midway in the third quarter, with the battle still scoreless, Lloyd Biggs, one of Comanche's big guns, brought the 3,000 spectators to their feet when he intercepted a pass, pitched by Bulldog Quarterback Gerald Bagwell, and raced 40 yards down the left sideline to score. Weldon Hicks, the outstanding backfielder on the gridiron, added the extra point with a perfect kick from placement.

Only a few seconds later, two plays before the third cano died, the Bulldogs were on their own 15 after the return kickoff when Charles Messinger, Ranger half-back, fumbled and the oval was recovered by the Indians on the Ranger 5-yard stripe. Two plays later Calvin Lee, another stellar Indian ground gainer, pounded over from the 3-yard stripe. Hicks attempted kick to convert the extra point, however, was wide.

**MISS FIELD GOAL**

Midway in the initial quarter, after driving down to the Ranger 10 and meeting stonewall resistance for three downs, the Indians attempted a field goal with Hicks doing the booting. His kick, however, was wide.

The Indians held an offensive edge in the ground game, piling up 168 yards net rushing. They gathered a total of 191 yards, but lost 28, on 41 ground plays for a 4-yard plus average. The Bulldogs amassed only 57 net yards on running plays losing 22 while gaining 84. The Rangerites on 24 ground plays averaged a lesser 2-yards per try.

In the punting department, Ranger's Tommy Hinds held a wide edge. He booted six times to total 211 yards and average 35 yards. One of his punts was good for 52 yards. Comanche punted five times for 119 yards and an average slightly under 24 yards.

## Union Thanksgiving Rites Sunday At First Methodist

### Funeral Rites For Anita Watson, 15, Held Saturday

Funeral services for Anita Fern Watson, 15-year-old Kansas City, Kans., resident and cousin of Mrs. Marvin Edwards of Ranger, were held Saturday afternoon at 2 o'clock at the First Methodist Church in Gordon. The Rev. Alfred Woodward of Gordon and the Rev. W. H. Rucker of Strawn officiated and interment was in the old Gordon cemetery.

Miss Watson died in a Kansas City hospital Tuesday following a three-month illness. She was born September 25, 1937 in Kansas City and had been a student up until the time she became ill.

Survivors beside Mrs. Edwards include her mother, Mrs. Etta Watson of Kansas City, her father, Wilton W. Watson of Kansas City and two sisters, Mrs. Florine Danner of Mobile, Ala., and Mrs. Mary Rose Davis of San Angelo, her maternal grandmother, Mrs. E. O. Segars of Gordon and her paternal grandmother, Mrs. Alice Watson of Mineral Wells.

### Bulldog Mothers Meet Is Called For Tuesday

A special meeting of the Bulldog Mothers is scheduled for Tuesday afternoon, Nov. 25, at 4 o'clock, it was announced Saturday.

The session of mothers of RHS grid squemen was called by Mrs. A. W. Braza, president of the group, who announced that chief business of the meet will be to make plans for the annual football banquet.

All mothers of Maroon and White gridmen, Mrs. Braza said, are urged to be present at the meeting which will be held at Ranger High School.

### Stuarts' Terms Are Reduced By Federal Judge

The penitentiary sentence of Joe H. Stuart and Judd R. Stuart, former president and vice president respectively of Strawn's First National Bank, were lowered from 18 to 6 months Friday by Federal Judge Whitfield Davidson in Dallas.

The cut in their sentences was made after the ex-bankers' attorney, Percival Rice, had asked for reduced terms because they have repaid all "loans" and have "suffered enough."

The Stuart men entered a plea of guilty during a trial in Fort Worth on Nov. 4. They had admitted embezzling \$149,544 from the bank, a pleasantry transaction which had been operated by the Stuart family since its foundation in 1912. Last April the Federal Bureau of Investigation had reported that the bank's officers had embezzled the funds by sending dummy statements to relatives who had accounts with the bank.

However, full restitution of the funds had been made even before the brothers' first arraignment back in April.

Judd R. Stuart formerly was secretary of the State Democratic Executive Committee. He resigned the post, however, prior to the original arraignment hearing.

Federal Judge Davidson, during the hearing in Dallas Friday, observed that there was no excuse for juggling the funds since a banker "like Casca's" wife might be shown reproach. However, he reduced their terms to six months.

### MORE RAIN, COLDER WEATHER FORECAST FOR WEEKEND

Old Mother Nature beat the weatherman to the punch early Saturday. Because even before weather predictors had officially forecast that "light rain is likely" for the Eastland County area, the skies had already opened up and mercifully shed welcome tears on the area's dry acres.

And—more good news —more precipitation was forecast for Saturday and Sunday.

The U. S. Weather observers announced that a cold front early Saturday was approaching the Eastland County area from the direction of the Texas Panhandle.

The mercury Sunday is slated to hover in the coolish lower 50s. It was scheduled to reach 70 Saturday prior to the entry of the cold wave.

Saturday night's low, weathermen said, would be in the upper 30s and lower 40s.

### Engineers Are Needed By U. S.

Engineers and Engineering Draftsmen are needed immediately by Federal agencies in many sections of Texas, Paul H. Figg, Director, Fourteenth U. S. Civil Service Region, announced today.

The majority of the vacancies for Engineers are in positions paying from \$3410 to \$5060 per annum, however, occasionally job opportunities exist in positions having an annual salary of \$7040.

The salary range for Draftsmen is from \$2500 to \$4205 per annum.

Persons qualified in these professions who are interested in securing employment should obtain an application from their post office, complete it, and mail it to the Fourteenth U. S. Civil Service Region, 1114 Commerce St., Dallas, Texas.

## Cost Of Living Shows Increase In October

### Enlistments In Air Force Will Be Taken

Effective immediately applications will be accepted for enlistment in the US Air Force through the Eastland Army and Air Force Recruiting Station, it was announced today by T-Sgt. James Hendrick, Eastland recruiter.

General qualifications are: mentally, physically and morally acceptable, between the ages of 17 and 34, and have not more than one dependent.

After acceptance at the Eastland Recruiting Station, applicants will be forwarded to the Examining Station at Abilene for physical examination. After a short waiting period they will be forwarded to the Air Force indoctrination center at Lackland Air Force Base in San Antonio.

All persons interested in joining the Air Force in the immediate future are urged to contact T-Sgt. Hendrick in the County Court House in Eastland, as soon as possible.

**HOLD THAT LINE**

**EVERETT, Mass.**—Not many U. S. college football teams will match Everett High School in the weight department this season. Six linemen weigh a total of 1,424 pounds: Mario Valeri, 268; his brother, Tino, 260; Joe Herlihy, 236; Joe Barilane, 233; Orlando Grande, 229; and Bob Marquez, 223.

Eastland Counties and other Texans and Americans received gloomy news early Saturday.

It was about a usually gloomy subject—the spiraling cost of living.

The government's cost of living index, despite slight declines in the prices of food and clothing, inched upward again in the month ended Oct. 15, it was announced in Washington.

The change was one-tenth of a point, from 190.8 on Sept. 15 to 190.9 on Oct. 15. The all-time high of 191.1 was reached in July. The figures compare with average prices in the years 1935-39, which are used as a base of 100.

What this means is that for each \$10 an average family spent in 1935-39 on its budget, in mid-October it had to spend \$19.09 for similar items.

The tiny increase in the 30 days before Oct. 15, coupled with drops in August and September, means that about a million workers in the automobile and aircraft industries will take a pay cut of a cent an hour, effective Dec. 1. Their wages are tied to the index, which is computed by the Labor Department's Bureau of Labor Statistics.

Under their work contract, these workers' wages are revised every three months. Salaried workers of General Motors will also take a 35 cent cut in their quarterly cost of living bonus.

The Oct. 15 index was 1.8 per cent higher than that of a year ago, and 12.2 per cent above that of June 15, 1950, just prior to the outbreak of the Korean War.

The slight drop reported for food and clothing prices was more than offset by higher cost of fuel, electricity, rents and miscellaneous goods and services to send the index up slightly.

The bureau also computes an "old series" index, which on Oct. 15 stood at 191.5 as compared with 191.4 a month earlier. The "new series" index reflects a revision of the formula to take account of changed buying habits. Some labor contracts are tied to the old index, so the bureau continues to compute both.

### Crow Takes Course In State College

A crow at Ohio State University Columbus, O., may have something to talk about when he finishes a course in speech.

Called Maxilian, the crow is the subject of experiment by Dr. Philburn Batesch, assistant professor of psychology, to see if the bird can learn to read and comprehend.

After six months, the bird has learned to choose a card marked "yes" or "no" in answer to a question and is expected to progress further.

### THAT'S GRATITUDE

**ROYAL OAK, Mich.**—Mrs. H. J. Pinkerton had a soft spot in her heart for wayward dogs until she provided shelter for a vagabond Boston bull. She was forced to call police the next day when the dog bared its teeth and refused to let her enter her house.

Eliza McCordie was only 17 years old when she married Andrew Johnson, who later became president of the United States.

## RANGER LEGION AUXILIARY ASKS FOR CHRISTMAS CARDS

Mrs. James Ratliff, chairman of the Card Committee of the Ladies Auxiliary of the American Legion, has announced that members of the Ranger Auxiliary have been asked by the state Auxiliary president at Austin to send Christmas cards to the Auxiliary representative at the Veterans Hospitals in Marlin and Waco. The chief of the social service workers at Marlin have asked the Ranger unit No. 69 for two hundred cards which will be distributed to the veterans and then mailed to their families and friends.

A spokesman for the local unit has asked that the people of Ranger donate Christmas cards to be used for this purpose. The cards should be stamped and ready for mailing except for the addresses which will be added at the hospitals.

Those interested in donating Christmas cards should contact Mrs. Ratliff or any member of the Ladies Auxiliary. Cards may also be left at the Ratliff Feed Store or the A. H. Powell Grocery and Market at 901 Pershing Street, Young addition.

This is a very worthy cause and these cards are given to the boys in the hospitals who are not able to shop for themselves. Some veterans are unable to address their own cards, the spokesman said at conclusion.

The deadline on mailing the cards from Ranger is December 9.

### A Man For Every Girl Is Now Seen

Good news, girls! Texas may have enough men to go around by 1950.

Robert H. Ryan, writing in the Texas Business Review (monthly publication of the University of Texas Bureau of Business Research), says it this way:

"Perhaps a marked insurance of men workers seeking jobs in Texas industry during the present census period will be found to have balanced Texas' male-female ratio in 1950."

Ryan said "states are slightly more male than females, but on the other hand the female population of Texas now slightly outnumbers its male, and for the first time in Texas history."

The researcher's analysis of the 1950 census also notes growth of Texas cities, caused by industrialization; development of suburban shopping cities; movement from the central-western section of the state to West Texas and the Gulf Coast; and other 1948-50 population trends.

### Hints Offered On Saving Deer Meat; Hunting Should Be Fairly Good, Say Experts, Despite The Long Drought

Between 30 and 40,000 legal deer normally are harvested in Texas yearly. Although weather conditions haven't been favorable for deer, E. E. Challender, wildlife conservation specialist for the Texas Agricultural Extension Service, says hunting this year should be fairly good.

The specialist counsels hunters to observe rules of safety not white traveling to hunting areas, but especially while hunting. Most hunting accidents, he adds, can be prevented.

Taking care of the kill is listed by Challender as a highlight of the deer hunting trip. He says experienced hunters go prepared. Minimum equipment comprises a good hunting knife, 15 to 20 feet of very small rope or fish cord, a pad of clean white cloth, and a deer sack seven or eight feet long of lightweight unbleached domestic. Of course, he adds, each hunter will use the type of gun best suited to the section in which he is hunting.

Proper care of the meat begins immediately after the kill. A good job of bleeding improves its keeping and quality. Next, he says field dress the carcass by removing all viscera and use the clean cloth to wipe the body cavity dry. Then slip the deer sack over the carcass and tie it securely around

the base of the antlers to prevent damage from flies or other insects. The carcass should be hung in the shade of a tree or placed in a shady spot on the ground until it is taken into camp.

In camp the carcass should be hung in a cool place with the chest cavity open to facilitate cooling. If the animal was badly shot up, especially in the abdomen, it may be necessary to rinse out the body cavity. When this is done, Challender says to wipe out the cavity and keep the carcass dry from then on.

He says the carcass should be hung outside during the night and if the day time temperature is warm, it should be wrapped in blankets or tarps and placed in the shade. He doesn't advise tying the deer on the fender for the trip home unless the weather is cool or the trip is made at night. It's better, he says, to get the meat away from the hot car motor and out of the sun.

Now for saving the meat after it reaches the home. The faster, and a good means of preservation is freezing. The shoulder, neck and lower portion of the ribs, when boned, make good sausage. Grind the meat and use three parts deer meat to one of pork back fat. For a drier product, he says, make it four to one. Season with one and a third cups of salt and three-fourths cup black pepper to 50 pounds of meat. Sage may be added if desired.

For curing the thicker, plumper muscles, he likes to use one and a half pounds of salt, a quarter pound of sugar and an ounce of salt peter dissolved in one gallon of water. Weigh the meat in the container so it will be fully covered with the brine. For best results leave the meat in the brine for two days for each pound of meat per piece and do the drying at temperatures of 36 to 38 degrees F. The meat may be eaten at once or smoked and held for later use.

Regardless of how the meat is preserved, Challender says, save it.

### Watchman Saves Starving Dogs

An Athens, Texas, night watchman is a dog's best friend. Bonnie Gilliam makes his nightly watching rounds, he often is followed by a whole pack of dogs of varying sizes and varieties.

It started three years ago when Gilliam first took a night watchman's job at Athens and, on his first round, discovered an abandoned puppy shivering in a doorway.

Brownie fed the dog and next day found it a home. Since then, he has "adopted" scores of abandoned dogs whose fate, otherwise, might be death from starvation. Athens restaurants and food markets donate food and bones to the night watchman to feed his charges.

### Old Fashioned Ribbon Cane Is Now Available

At this season of the year, the sugar cane begins to ripen. In the old days, this was a busy time in the bottom lands where the best sugar cane is grown. Everyone was busy hand-cutting and stripping the leaves from the ripened sugar cane; it was a familiar sight to see the old-fashioned mills, powered by mules, crushing the juice.

Evaporating this juice to make the old-fashioned, highly prized ribbon cane syrup was indeed an art—many said it had become a lost art. And they had reason to think so—especially since the last war when production of cane on small farms decreased materially. Now most sugar cane is mechanically harvested and used for production of sugar in the large commercial mills of Louisiana and Florida.

Back in Civil War days, the people of Eastland County looked forward to cane grinding time. They knew it meant ribbon cane flavored syrup for their hot breads and biscuits.

Now, after many years of experiment, the packers of Brer Rabbit Syrup have been able to recapture this highly prized ribbon cane flavor. The new Brer Rabbit Syrup is so like "country syrup" that most folks declare it must have been made from ribbon cane. Lighter and milder than ever, Brer Rabbit Syrup is perfect for table use—for hot cakes, biscuits, pancakes and waffles. This new fine energy food is now available with the familiar Brer Rabbit Label (Brown Label - light and mild; Blue Label - rich and full-flavored) at no increase in cost.

### Hike In Carton Price Of Fags Is Authorized

The Office of Price Stabilization has issued an order which has the effect of slightly raising cigarette ceiling prices from one to three cents a carton.

Frank C. Tomlinson, OPS regional administrator and food chief, announced in Dallas that his agency did not expect the authorized ceiling price adjustment to have any effect on the price of an individual pack of cigarettes. Mr. Tomlinson declared that a recently completed OPS survey indicates it is necessary for cigarette distributors to include the November, 1951 excise tax increase as part of their cost if they are to realize their "customary" 10 percent margin as required by the Herlong amendment to the Defense Production Act.

Accordingly, the OPS action allows wholesale and retail cigarette distributors to include all the Federal excise tax as part of their cost in applying customary percentage markups to determine their ceiling prices.

Under the new order, distributors are now permitted to include the ten-cent a carton increase in the Federal excise tax which went into effect November 1, 1951, as part of their cost before applying their markups. Heretofore, they have been permitted merely to tack on the exact amount of this increase after the markups were computed.

Finland became a republic in 1919. For a century or more before that, it was an autonomous grand duchy of the Russian empire.

**Thanksgiving Rites Set Sunday At First Methodist Church**

Special Thanksgiving services are scheduled at both the morning and evening hours at the First Methodist church, Sunday, Nov. 23. Regular services will be held at 10:30 a.m. with the pastor in the pulpit. He will use for his sermon subject, in keeping with the occasion, "The True Spirit of Thanksgiving." The Chancel Choir with the minister of music, Fred Baumgardner, directing will sing the anthem: "O God, Beneath Thy Guiding Hand", arranged by Shaw. At the evening hour (7:45), the annual Union Thanksgiving service will be held, sponsored by the Ranger Ministerial Alliance. The Rev. James Ward, pastor of the Second Baptist church, will preach the sermon. The combined senior and junior choirs of the participating churches will furnish the special music and will also lead the congregational singing. The ministers of the various churches will participate in the service of worship.

This is a very special invitation to the Methodists to join with your friends and neighbors in Ranger in the observance of this annual occasion. "This is the one occasion during the year when a special emphasis is placed on get-together for a union service," states the pastor. Let us attend this service in the true spirit of Thanksgiving. Church School will meet at 9:45 a.m. with Frank Deaton in charge. Gaston Dixon, attendance chairman, is doing a fine job as we watch the attendance chart steadily rise. Last Sunday, we saw our highest attendance mark reached for the past several months. Mr. Dixon states however, "that we are still far below what we should be in efficiency and attendance."

Other things being equal, the person who attends public worship

on the Lord's Day gets along better than the one who does not have time, or does not take time for God and the church. We urge you to attend the church of your choice Sunday, in keeping with the spirit of the Thanksgiving season. If you do not have a church home, then worship with your friends at the Methodist church.

**Dr. Strickland Is Speaker For Annual Banquet**

Dr. Otis Strickland, president of Decatur Baptist College will be the speaker for the Annual Banquet sponsored by the Adult Department and the Brotherhood of the First Baptist Church, on November 25, at 7:00 p.m., in the lower auditorium of the church. Dr. Strickland has spoken to the Ranger congregation on several occasions and is no stranger. He is an excellent speaker and always has a vital message that is timely, spiritual and challenging. Special music is being arranged by Bill Bullock, and the program will be presided over by Wilson Guest. Turkey and all the trimmings will be the menu, according to Mrs. R. J. Rains, general chairman, who is assisted by Mrs. Glenn West, and Dr. Marshall Jolly. The lower auditorium will take on the appearance of "family table" all laden with foods for and of Thanksgiving.

All of the Adults in the Sunday School department, and those who work in other departments of the Sunday School and all adults who are members of the church and the members of the Brotherhood are invited to this annual program. The nursery will be open for the children. For many years this Thanksgiving banquet has been traditional and except for last year has been held during Thanksgiving week. Last year due to remodeling of the lower auditorium the banquet was postponed until in the early part of this year. The committee has completed plans whereby not any of the adults of our church need hesitate in being present, for adequate provisions have been made, and all will be welcome.

**What's the Use of an Abstract—**  
... if it doesn't cure the title? is another puzzling question to some abstractors, but we have never worried much about this one. Neither does the doctor's prescription cure human ills in all cases, but it may help. The abstract never was designed to cure anybody's title, but the better type of abstract will reveal the condition of the title and place it in position where it may be perfected, if necessary, by the examining attorney.

**Christian Science**

Christian Science reveals Soul as a synonym for God, and asserts that man is the expression of Soul, in the Lesson-Sermon titled "Soul and Body" to be read in this Sunday, during the church service.

John, the Revelator, glimpsed that man is not material but is the expression of God's being, and said, "Beloved, now are we the sons of God, and it doth not yet appear what we shall be; but we know that, when he shall appear, we shall be like him; for we shall see him as he is" (1 John 3:2).

Mary Baker Eddy says in "Science and Health with Key to the Scriptures": "Soul is the substance, life, and intelligence of man, which is individualized, but not in matter" (p. 477).

The desire to know God and our real selfhood may be expressed in these words from Psalms (84:2): "My soul longeth, yea, even fainteth for the courts of the Lord: my heart and my flesh crieth out for the living God."

**Laymen's Week Opens Sunday At Ranger's First Baptist**

Laymen's Week will be in effect during the Sunday morning services at the First Baptist Church, Walter Arterburn, Sunday School superintendent for the day, will be in charge of a Sunday School that is pretty well manned with the men of the church. Men will teach all the classes now being taught by women from the Adult department through to the Primary, and in the lower three departments there will be enough men to see to the importance of teaching and training of the little ones.

Mr. W. A. Lewis, educational director for the day, will give general supervision to the entire program. Mr. Lee Russell will direct the choir during the morning services. Mr. G. B. Rush, lay pastor, will speak at the 11 o'clock hour. "Pastor Rush" will deliver a message with the theme, "The Prescription for Fear." Mr. Rush is well known as a forceful and challenging speaker who has the ability to clarify his subject and make it interesting for all his hearers. The entire city has an invitation to hear this great message.

Rev. Perkins will serve as usher during the morning services, assisted by Mr. Bill Bullock, and Mr. Morris Jefferies, and Mr. Carl Eakin. Bill Bullock is chairman of finances for the day.

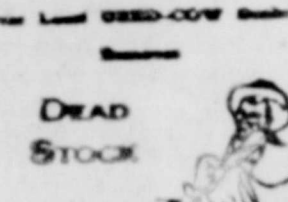

Training Union will begin at 6:30 and will continue through the regular time or until 7:30. The evening worship hour will be dismissed for the Annual Thanksgiving service to be held this year in the First Methodist Church at 7:45, and sponsored by the Ranger Ministerial Alliance.

## Baptist Training Union Meeting Monday, Nov. 24

The Training Union department of the First Baptist Church will meet on Monday evening, Nov. 24, at 7:00 p.m. for their monthly planning program meeting, according to Mr. Walter Asarburn, director.

The meeting will embrace plans for all seven departments for the programs for the month of December. The Training Union department sponsors each December two special programs, one is "Students' Night" and the New Years Eve match party. These two programs during the past have been: spiritual memories that continue to give guidance through the years to come, according to director Arterburn.

The First Church Training Union has been asked to cooperate in "M Night" that will be held on Dec. 8, in Cisco. Monday night is an important night and both members and officers are expected to be present.

## Special Thanksgiving Service At Christian Church Sun. Morning

As today is the Sunday prior to Thanksgiving Day, a special service of praise will be held this morning at 11:00 a.m. in the Ranger First Christian Church. At the worship service Rev. A. Lynn Robbins will preach on the theme: "Praise the Lord." In following the regular custom of the church the service will afford the congregation an opportunity to center their thoughts around the Lord's Table and to express their thankfulness in communion with others of like mind. It is hoped that the congregation will be present 100 per cent for this service, and that visitors will feel welcome to come and participate.

The Church School, with classes for all ages, will meet at 10 a.m. and the Christian Youth Fellowship will meet at the church at 6:30 p.m. You are extended a cordial welcome to these and any services of the First Christian church. We will do our utmost to make you feel welcome in a spirit of genuine Christian fellowship. We are a small, friendly church where individual attention is given to each person in the congregation. Remember to attend the church of your choice today, Thanksgiving Sunday.

## Circle To Meet In Brazda Home

In that the First Christian church will be participating in the annual Union Thanksgiving Service tonight in the First Methodist church at 7:45 p.m., the regular evening service will last for only 30 minutes at which time the pastor will speak briefly on the subject: "Strictly for the Birds." This popular evening service meets at 7:00 p.m.

Mrs. A. W. Brazda will entertain members of the Lula Cooper Circle of the First Methodist Church in her home Monday afternoon at 3:30 p.m.

A spokesman for the circle urged that all members be present.

## Circles To Meet Mon. Afternoon

According to an announcement received today, members of the Marion Walker Circle of the First Methodist Church WSCS will meet at 3:30 p.m. Monday in the home of Mrs. Gaston Dixon with Mrs. M. L. King as leader.

The Lula Cooper circle members will meet in the A. W. Brazda home with Mrs. Price Crawley as leader.

Mrs. P. M. Kuykendall will be leader when members of the Stella Stafford Circle meet in the Stanley McAnelly home.

Mr. and Mrs. J. D. Johnson were in Stephenville this afternoon to attend the Tarleton-Arlington football game. They were accompanied home by their son, Billy Frank and a friend, Shirley Jones, both of Arlington State College.
