TEACHERS MUST STUDY TOO—Jim Dowty (left) and J. O. Seale, both vocational agriculture teachers in Dimmitt High School are using some of their summer vacation time to increase their knowledge about electric motors. They are shown here taking part in a Motor Lesson Workshop in Amarillo, being sponsored by Southwestern Public Service Company. It is being held to acquaint teachers with the more efficient and economical usage of electric motors in agriculture.

Sorghum Producers Part of New Grain Selling Combine

The entire feed grain industry including corn producers, the grain seed industry, export firms and cooperative and independent grain dealers, are mustering forces behind the foreign market development program which the Grain Sorghum Producers Association initiated and has been administering the past two years.

It is expected that this new and broadened interest in financing and directing the export promotion program will increase activities in this connection as much as five times over the present program.

The announcement about the expanded program was made after an area Directors' Meeting of the Grain Sorghum Producers Association in Tulsa, on July 6. The Board acted on the recommendation of

R. G. Peeler, director of Hereford, and Bill Nelson of Amarillo, the Association's Executive Officer who have been negotiating with the other grain interests, the past several months.

Organizations joining with the Grain Sorghum Producers Association are the Hybrid Corn and Hybrid Sorghum Divisions of the American Seed Trade Association, Chicago, Illinois; the National Corn Growers Association, Boone, Iowa; The North American Export Association, New York City; Farmers Grain Dealers Association of Des Moines, Iowa; Continental Grain Company, New York City and Cargill Grain Corporation, Minneapolis, Minnesota. All of these grain industry groups are combining forces for this effort through a newly formed organization which is to be known as the U.S. Feed Grains Council. The expanded Council program is to remain under the administrative direction of Bill Nelson who is to serve as the Executive Director.

It is expected that this Council approach will provide for an increase in the exchange of county agents and other agricultural leaders in potential U.S. grain market areas, as well as allow for the bringing of an increased number of foreign feed grain users and processors to the area to study grain sorghum and other feed grains, and provide greater understanding of our grades, standards and trading practices.

In addition to Frank Moore of Plainview, Elbert Harp of Abernathy, R. G. Peeler of Hereford and Sam Glibreath of Dimmitt, who will represent the Grain Sorghum Producers Association on

County Had Four Rural Accidents During June

The Highway Patrol investigated four rural traffic accidents in Castro County during June, according to Sergeant Roger W. Sosebee, Patrol Supervisor of this area.

Property damage wrecks accounted for two of the total, personal injury for two and none were fatal accidents. These wrecks caused a total property damage of \$5,930.00 with two persons injured.

Sergeant R. W. Sosebee pointed out that this brings the total for the year in this county to two killed, 20 injured and property damage in excess of \$18,810.00. This compares with one killed, 13 injured and property damage of \$13,385.00 during the first six months of 1959.

"Prior to July 1 there had been a total of 784 fatal accidents in Texas," Sergeant Roger W. Sosebee said. "From these accidents, 962 persons have died needlessly," he added.

During the summer months thousands of motorists are on the highways, and too many of them are intent on cramming as much activity as they can into one brief vacation, and the result is often tragedy. In appealing for increased vigilance to cut down accidents, the Sergeant cautioned vacationers to be on their guard against speeders, drinking drivers, and drivers who disregard traffic laws. Above all, he warned them to make sure they are not guilty of such offenses themselves.

Many vacationers get into trouble by not allowing enough time to cover the trip comfortably, the Sergeant pointed out. Then they try to make up time by driving too fast for conditions, by driving too far, or by disregarding traffic laws.

"Traffic accidents take no vacations," Sergeant Roger W. Sosebee said.

Step up your vigilance in order to stay safe on the road, and enjoy your trip or vacation without an accident.

New Law Says No Livestock On Highway

The Texas Department of Public Safety reminded Texas cattle owners today that a new law went into effect July 1 aimed at controlling livestock on designated US and state highways.

The new law makes it illegal for a person knowingly to permit his domestic livestock to roam at large and unattended on state and federal highways. It applies regardless of whether or not the highway right-of-way is fenced. Maximum fine for such violation is \$200, and each day the violation occurs may be considered a separate offense.

Farm to market roads are excepted from the law. The new law also gives law enforcement officers the authority to have such livestock picked up, when unable to locate the owner, and turned over the sheriff or constable in the county.

The law does not prohibit the driving or herding of livestock across or along the highways. It gives peace officers the authority to enforce provisions of the act without a warrant.

Col. Homer Garrison, Jr., director of the Texas Department of Public Safety, said state patrolmen will enforce provisions of the law in an effort to reduce the US highways. He said that during the year 1959 a total of 1406 rural traffic accidents occurred in Texas involving animals of all types. In these accidents 216 persons were injured and 4 persons were killed.

Sixty Blocks in City To Receive Seal Coat

The Dimmitt City Commission decided Wednesday night to have a seal coat of gravel and asphalt put on about 60 blocks of city paving.

Bids for this repair work will be received at the City Manager's office until August 8. The winning contractor will have about ten days to begin work.

Cub Pack No. 67 Plans Jubilee Celebration Here

Dimmitt's Cub Scout Pack Number 67 will join with other packs all over the nation in celebrating the annual Jubilee this month.

The Dimmitt pack will hold their celebration at the City Park beginning at 2:30 p.m. Saturday. Both parents and scouts will take part in the celebration, which will consist of pack meetings, competitions, merit badge awards, entertainments and finally a supper to wind up the days activities. Several firms and individuals, who will be named next week, are donating and preparing the supper.

Plans for the activities are still in the formative stage and they are being made by the program committee.

The Cub Scouts range in age from 8-10 years and there are about 50 in the Dimmitt pack. Cub Scoutmaster is Jimmy Singer.

Heavy Damage In Collision Sunday

An accident about 6:30 p.m. Sunday at the intersection of state highway 86 and FM 1305 six miles west of Dimmitt resulted in almost total damage to two vehicles.

The accident occurred when Charlie Flores of Dimmitt stopped at the south side of the intersection. A 1964 Ford driven by Will Norman, also of Dimmitt, was traveling north behind Flores and it crashed into the rear of Flores' Ford pickup.

No one was injured and damage was estimated at better than \$500.

Local Man Becomes Practicing Physician

Dr. Bill D. Murphy is now working as a physician at Littlefield Hospital Clinic.

Dr. Murphy was graduated from Dimmitt High School and took pre-medical courses at Abilene Christian College. He is also a graduate of Southwest Medical School at the University of Texas in Dallas.

St. Joseph Hospital in Fort Worth is where he served internship.

Business in Wheeler

Glen Rendoer is in Wheeler on business this week.

Scouts Plan Trip To Camporee At Lubbock Park

The Dimmitt Boy Scouts will attend a Camporee at MacKenzie State Park in Lubbock this week end.

One feature of the Camporee will be a drawing by the scouts for a pup that will be the son of Lassie, the TV performer. Jon Provost, the "Timmie Martin" of the Lassie Show, will make the award.

About 20 boys from Dimmitt will attend. They will return Sunday afternoon following a tent-securing contest between all the troops attending.

Alternate county winner was Lou Ann Witkowski.

Seven From Here At Youth Assembly

Seven students from the Dimmitt area registered for the Northwest Texas Methodist Youth Assembly, held on the McMurry College campus, July 4-8. Featured speaker was the Rev. Glen Mingle-dorf of Smyrna, Tennessee.

Attending from the Dimmitt area were Jean Hilburn, Keitha Davis, Jim Ratcliff, Judy Bock, Mary Helen Behrends, Tommye Allen, all from Dimmitt and Mary Graham from Hart.

Rev. Mingledorf is now a Methodist pastor at Smyrna, and for five years was with the Methodist Church's Youth Department in Nashville. He is known as one of the outstanding youth workers in Methodism.

Director of the assembly is the Rev. Charles Lutrick of Lubbock, executive secretary of the board of education of the Northwest Texas Conference.

Other featured speakers and teachers included Alena Ford of New York City, secretary of youth work for the Women's Division of Christian Service and former director of Christian education at Bethany Methodist Church, Houston.

The week's activities provided training for the 414 high schoolers in Bible, worship, singing, recreation and program planning.

TONY EVANS

DON SCHMELTEKOFF

Youth Revival Set For July 24-31

Rev. M. A. Smith of the First Baptist Church announced the fourth coming youth revival beginning July 24, 1960. A young team has been selected for the revival. Both young men are college students who are spending the summer in evangelistic work.

Tony Evans of Piggott, Arkansas, will serve as youth pastor. Tony, who is 22, is in his second year at Southwestern Seminary of Fort Worth, Texas. While in high school at Piggott, Arkansas, he was a member of Who's Who. Student Body President, Boy's State, played football for four years and was Salutatorian of his graduating class. At East Texas Baptist College he was a member of the Student Government, Sophomore class president, B.S.U. president, and Alpha Chi, a national fraternity. Tony was also a campus favorite. Tony, who plans to be a teacher in a college or seminary, has had much experience in youth work. He spent one summer in Hawaii as a missionary.

Don Schmeltehoff, 20, of Kyle, Texas, is acting as song leader for the revival. Don, who is a Junior at Southwest Texas State College, has a great deal of experience in this field. He has had many different positions in his home church and has acted as song leader for revivals, also as music director for the First Baptist Church in Martindale and Calvary Baptist in San Marcus, and as assistant pastor and music director in Lansing, Michigan.

While in Kyle High School, Don was very active in sports playing football, basketball, track and baseball for four years. During his college years he has played football and basketball and served on the religious council.

Many activities have been planned throughout this period. Everyone is invited to attend the revival.

Average Farm Workday was 10.1 Hours on June 1

Texas farmers and ranchers had an average workday of 10 hours, 6 minutes on June 1, according to the U.S. Department of Agriculture.

That's half-hour less than the average for farmers in all states of the nation, more than two hours less than the Wisconsin farm workday, but a full hour more than Nevada and Florida farmers put in.

This was brought out in the farm labor report issued by USDA's Agricultural Marketing Service, based on reports from federal-state Crop Reporting Service offices in each state.

The national average was 10.6 hours. Wisconsin led with 12.2 hours, while Nevada and Florida were lowest with 9.1 hours; Colorado farmers averaged 11.2 hours; Kansas, 10.9; New Mexico, 10.7; Oklahoma, 10.2; Texas, 10.1; Arkansas, 9.8; and Louisiana, 9.3 hours.

Farm operators in the nation average about an hour more each day than their hired hands.

Seasonal length of the farm workday has changed very little in this area during the last three years, although a slowdown in the crop season was evident in some locations when the June 1 survey was made. The June 1 average for Texas in 1950 was 11.6 hours. In the war year of 1943, it was 12.8 hours.

Weather at this season seems to have little effect on the amount of time the farm operator works, even when he can't be in the fields. The number of seasonal hired workers is more sharply influenced by weather conditions, but the workday length for regular hired help is more consistent, even in undesirable weather.

MISS DIMMITT—This is Mary Helen Behrends, daughter of Mr. and Mrs. Andy Behrends of the Big Square Community, who was selected as "Miss Dimmitt" Friday night as the finale of the Lions Club Variety Show "Those Wonderful Years." Miss Behrends is a senior in Dimmitt High School and was sponsored in the contest by Dimmitt Wheat Growers Elevator. She was selected from a field of nine entrants. The Lions Club made about \$500 on the show, which was produced by Dimmitt school drama instructor James W. Bates. Proceeds will go to help finance the city's sponsoring of a foreign exchange student here.

"labor dispute." Mitchell agreed with labor organizer Smith who said of the labor secretary: "Despite the fact that the Republican Administration has been big business, Mr. Mitchell has done more for the agricultural workers than any Secretary of Labor we ever had. He recognized that they are human beings, which is more than any Democrat ever did."
All of the union efforts so far are aimed at seasonal, drifting groups of workers. Tradition and common sense will probably serve for many more years to keep permanent, year-round workers off of union rolls. A permanent farm worker probably has more fringe benefits than he could find in any other trade and would likely be taking a cut in real wages to join a union.

It is a simple truth that rural electrification has been the most important program inaugurated during the past quarter century for the rural areas of Texas—and America. And as the nation celebrates the joining of the fiftieth state to our Union, the Electric Cooperatives of Texas pay homage to the democratic principles which fostered the birth and growth of rural electrification.

Our rural areas, once deaf to the hum of electric energy and blind to the marvels it produced, are now ablaze with the efficient dependable electric service provided by the electric cooperative.

With pride in the past and confidence in the future, the Electric Cooperatives of Texas truly provide Partnership Power for Progress!

Baptist Intermediates Attend Glorieta Camp

Mr. and Mrs. C. W. Boothe had six intermediates from the First Baptist Church as their guests in Glorieta; New Mexico last week. Each year Mr. and Mrs. Boothe rent a cottage at the Baptist Assembly and invite people from all over the United States. Also as guests he had Mr. and Mrs. Robby Hobbs, a pastor of Vernon, Florida and their son, Brent. Spending a few days with the group were Mr. and Mrs. Lon Boothe, Janie Mae and Rex Guinn of Cheyenne, Wyoming.
The young people from Dimmitt were Laurel Ivey, Janice Curry, Carole Norris, Mac Strother, Susan Youts and Ronnie Buckmaster. Mr. and Mrs. Stanley Schaeffer accompanied the young people as sponsors. The group were very active throughout the week attending seminars on teen-age problems. Also Bible classes were held each morning, followed by special features of interest to Baptist Sunday Schools.
Leading the special service each day was Lenard Sanderson of Louisiana who preached on the world crisis and the Bible. Fritz Smith, of Garland, Texas, lead the singing. Jerry Hitt, a college student from Hardin Simmons, played the piano and Dale Bench of Hardin-Simmons at the organ. The group participated in many programs and Carole Norris sang a solo for an adult class on Sunday.
The group also found time to visit the state capitol in Santa Fe. On Saturday afternoon the young people journeyed to the ski-lift north of Santa Fe and saw New Mexico from a mountain top in the rain. Before returning home a trip to Taos was made.
Plans are being made for a trip in 1961 to Glorieta during Training Union Week.
