34TH YEAR

RANGER, TEXAS, FRIDAY, AUGUST 21, 1953

PRICE FIVE CENTS No. 63

**The Best of Texas
is My Best**
**BETWEEN
US...**
Joan Lee

"How did you get that black eye?"
"Kissing the bride after the ceremony."
"But that's the usual custom."
"Yes, but not two years after the ceremony."

In today's oval: "Russia is settling North Koreans and Chinese in East Germany. What does this mean? France faces nationwide strikes because it wants to economize. The Reds would rather take aid from Uncle Sam Santa Claus than to economize. Of course. The more Uncle Sam gives away the less he has left, so he is nearer the crash the Reds fervently predict." Signed by Howard Perkins of Houston, Texas. Hmmm...

Flood damage, becoming more and more costly each year, is estimated to have cost five billion in the last 50 years. Fully one billion of the total damage was caused since 1951! Our son, Skip, tells us that a soda jerk is a licensed fizzi-kan... Rep. Omar Burleson of Anson makes his first address in Abilene (to the Key City Kiwanis Club) since returning from Washington. Rep. Omar Burleson arrived at Anson Tuesday from the nation's capital and will spend all but two weeks of the time between sessions of Congress in this area. He told this reporter he is planning a tour of Ranger, Eastland, Cisco and other towns and communities in this area. He said he plans to spend Monday of each week at his office in the basement of the Anson post office and the remainder of the week out among his constituents... Of interest to you folks who aspire to win a contest: A \$307,500 cash prize, described by the sponsor as the largest ever awarded in a contest, was handed Thursday (yesterday) to a Chicago waterworks employee, Herbert Idle, who apparently was "at" got a check for winning the 1951 puzzle-quiz contest sponsored by the Unicorn Press, distributors of the New Funk & Wagnalls Encyclopedia... The 1953 Ranger Junior College Rangers open their coming grid campaign against the Wharton Junior College Pioneers down at Wharton on Saturday, Sept. 12. Coaches Dick Henderson and Sammel Aills and their "ig Purple & White clad crew of husky hearties will make the Wharton jaunt, a long un, by plane.

Waitress: "Are you sure you're the gentleman who gets this order? I thought you were a much younger man."
Diner: "I was much younger when I ordered it!"

H. T. (Dub) McClure reported Thursday that he had about five miles of fencing on his large ranch seven miles north of Pioneer washed out during the 5.50-inch rain which fell there Tuesday night and Wednesday morning. "It was the heaviest rain I've ever seen there," he declared. He said several of his large stock tank dams were partly eroded by the sweeping water. He didn't lose any livestock... When a man tells a gal he's nuts about her she usually makes him shell out... More about rains: Moisture totaling around three inches in the Rising Star area Wednesday practically assures a bumper peanut crop, according to A. D. Jenkins, Rising Star C of C manager. "The rain fell just right," he said. Late feed-stuffs, including maize, sudan and begira will make a large crop. Johnson said the fruit and melon crop has been large and growers are realizing considerable cash from sales... Coffee was the leading commodity imported from abroad for consumption during 1951, representing 12 1/2 per cent of all imports. The 2,693,000,000 pounds brought in were valued at \$1,300,000,000... This a. m. at the Paramount Coffee Shop A. W. Warford and Jim Ratliff were discussing the dismal feed biz. "It's rough having the government as a competitor," said the Purins Kid. "It must be," commented Warford. "Lee Everhart told me the other day that business was getting so tough, he was going to have to start eating some of his dog biscuits..." Coach Dick Henderson and Ranger Junior College football prospects for 1953 were

Telephone Strike Far From Settled

Fish Biting In New Lake; Dam Not In Danger

The new dam now under construction in the Staff community, is more than a mere dam at this time—it is a lake.

Heavy rains earlier this week made this lake possible, yet people are not sure they want a lake at this particular time. Work is well under way and no serious damage or set backs have been reported, though another heavy rain might work havoc.

Already the lake affords good fishing, and a few people are out there at this time trying their luck.

Construction work is in progress at this time.

Future Farmers, 4-H Members Invited to Waco

WACO — All the many thousands of Texas 4-H Club boys and girls, Future Farmers and Future Homemakers are invited to attend the Heart O' Texas Fair on opening day, Saturday, Sept. 26, which has been designated as the special day honoring these organizations.

The officials of the fair are extremely appreciative of the importance of every farm youth program in effect in Texas, said M. D. Corbin, executive vice president, "and complimentary tickets to the grounds will be furnished those who desire to come. The tickets are to be requested by the vocational agriculture teacher, county agent or home economics teacher."

Corbin expressed the hope that the request will be made soon to Livestock Superintendent, Heart O' Texas Fair, PO Box 3005, Waco, Texas.

This is the first year of the exposition in Waco and dates are Sept. 26 through Oct. 4. An especially strong appeal is being made to the interest of Texas' youth through a junior show presenting steers, lambs, pigs, dairy calves and broilers and through many amusement features.

ATTEND THE CHURCH OF YOUR CHOICE EACH SUNDAY

Today and Saturday—

It'll Be Cool

Cooler weather and possible showers. That was the U. S. Weather Bureau's forecast for the Eastland County vicinity today.

The post-rainy heat wave, scheduled to arrive with a warmup over the area today, won't get into high gear for several days, according to weathermen.

EASTLAND COUNTY FARMERS AND STOCKMEN OKAY WHEAT MARKETING PLAN FOR 1954

Eastland County farmers and ranchmen, following a state and nationwide trend, voted overwhelmingly in favor of cooperating in a government wheat marketing program for 1954, it was revealed Thursday by Emmett Powell, Eastland County FMA administrator, following a final tabulation of the results of the referendum held in this area and over the nation Friday.

The setting up of the program for 1954 required a two-thirds majority of votes of wheat farmers who have been assigned a quota of 15 acres or more for 1954. As a result of the election all wheat will be planted on a quota basis and the price will be supported at 90 per cent of parity. Had the issue failed to carry the support price would have been set at 80 per cent of parity, Mr. Powell said.

It was pointed out that farmers who plant more than their assigned number of acres of wheat will receive no benefits from the marketing program, and will be subject to a penalty.

Striking CIO telephone workers in Ranger, Eastland, Cisco, Breckenridge, Mineral Wells, Weatherford and other cities covering a six-state area were preparing today for a lengthy walkout.

The phone company employees began a widespread strike Thursday morning at 6 a.m. And although local dial service continued in operation as usual in major cities and at Strawn and Gordon in this area, cities with manually-operated exchanges remained without the use of phones.

Ranger, Eastland, Cisco, Breckenridge, Mineral Wells and Weatherford are manually-operated Southwestern Bell operations.

As few as 300 and probably not more than 500 emergency telephone calls were handled by Southwestern Bell's three Eastland County exchanges—Ranger, Eastland and Cisco—during the first day of the newly-begun six-state strike of telephone workers yesterday.

Present wire traffic being handled by skeleton crews of supervisory personnel in the three cities is limited only to emergency calls—both local and long distance.

Normally, the three Eastland County exchanges handle around 25,000 local calls. That was whittled to between 300 and 500 during the initial days of the big walkout.

Long distance calls also were deeply slashed. Normal volume of long distance calls runs between 1200 and 1500 daily.

In Dallas, T. E. Webb, Texas director of the Communications Workers of America Union, said: "Effectiveness and participation is well above 90 per cent over the state. The walkout went off quietly and smoothly."

"We hope there will be a settlement soon, but we are prepared for a long strike if that's what it takes."

The strike involves some 53,000 Bell workers in Texas, Oklahoma, Missouri, Arkansas, Kansas, and parts of Illinois.

In St. Louis, where negotiations started June 3, both the company and union awaited a call from federal mediators for further meetings.

Meanwhile, the first violence was reported at San Antonio, where police said a union member was cursed and knocked down when he tried to cross a picket line. Local union officials said a committee would investigate and take disciplinary action, if necessary, it was reported.

U. S. Dead And Disabled Total Nearly 50,000

Estimates based on the Pentagon's final casualty report for Korea Thursday place the U. S. toll of dead and permanently disabled at between 45,000 and 50,000 men.

The known deaths total 25,094, including 22,731 killed in action, 2,469 fatally wounded and 404 who have died in Communist prisons.

There has been no evidence in the prisoner exchanges indicating that more than a tiny percentage of the 8,529 men still "missing and unaccounted for" will be recovered, although another 2,219 missing are now known to be alive in prison camps.

Of the 103,492 wounded during the three-year conflict, 84 per cent have been returned to some form of military duty and 6 per cent have been discharged with permanent disability. This leaves just over 10,000 men still hospitalized under military care.

Army medical experts said that although discharges for permanent disability totaled 18 per cent of the wounded in World War II, the final figure for Korea will not be higher than 12 per cent.

The discharges so far have involved approximately 1,500 amputation cases. Another 650 paraplegics, involving paralysis of one or more limbs, have been transferred to the care of the Veterans Administration.

The final total of casualties recorded at the Pentagon was 142,277. Spokesmen said there will be little change in the total and said the practice of issuing weekly summaries is therefore being discontinued.

The task still remains, however, of determining the fate of the missing and this will continue over a period of months or years.

Information obtained from prisoners being returned in Korea so far has enabled the Defense Department to add 35 names to the number known to have died in prisons and 25 to the list of killed in action.

Club Boys Will Meet In Cisco On August 28

A 4-H Club Conservation Field Day will be held on Friday, August 28, at Lake Cisco, announced County Agent J. M. Cooper and his assistant Bob Williams. The Field Day will begin at 10:00 a.m. and will end with a swim in the pool at 3:15 p.m.

E. E. McAllister, with the Soil Conservation Service in Eastland, and other Soil Conservation officials will appear on the program and will be in charge of the soil conservation demonstrations and grass identification. There will be a grass identification contest, and appropriate prizes will be awarded to the high scorers.

Officials of the State Game Department will appear on the program and discuss fish and wildlife conservation.

All 4-H boys and their Dads are invited to come and bring a picnic lunch, says the agents.

It is felt that such a Field Day will be of benefit to the boys and their Dads, especially during the current "drouth."

Bulldogs Battle In 7-A—

5 Home Tilts On RHS Slate

The 1953 Ranger High Bulldogs, competing in the District 7-A schoolboy grid loop this fall, will play five games at home during their coming pigskin campaign. O. C. (Stubby) Warden, RHS football chief, announced today.

Pricing of the tickets for the five home contests has been completed, and the ducks will go on sale in the near future, the RHS coach said.

Being important to the announcement was the fact that four of the five grid clashes to be unrolled on the turf at Bulldog stadium will be District 7-A conference affairs.

Only inter-sectional battle is the "Dogs" dual with Colorado City—their '53 opener—which is scheduled for Friday, Sept. 11.

The other home games: Bulldogs vs. Ranger on Friday, Oct. 2; Bulldogs vs. Dublin Lions on Friday, Oct. 30; Bulldogs vs. Cross Plains on Friday, Nov. 6; Bulldogs vs. De Leon Pearkats on Friday, Nov. 13.

Opening kickoffs for all games are scheduled for 8 p.m. sharp. Coach Warden and his assistant, Boone Yarbrough, will assist leading their Maroon & White charges through stiff pre-season drills on Sept. 1.

Game specifications of PONY are a modified version of Little League. The standard Little League game (6 innings) is lengthened to 7. Base lines are stretched to 75 feet, and the pitching distance increased to 52 feet. The minimum home run distance is stretched to 200 feet, but restrictions are eased to 34 inches, with a 2 1/2-inch diameter, and the ban against metal spikes (Little Leaguers use sneakers with molded rubber cleats) is up to the discretion of each PONY League.

Likely Abandon Short Rail Line

An average of half a passenger per trip in the operation of a Santa Fe motor train from Brownwood to Menard and an average "heavy load" of a passenger and a half on the return trip over a four month period are reasons why railway officials today are asking the State Railroad Commission to abandon the 85 mile passenger operation.

J. P. Cowley, vice president and general manager, said that on sunny days, trains Nos. 81 and 82 do not carry a single passenger. These figures were taken from the first four months of operation this year and reflect an annual loss of \$10,130 per year.

The trains consist of a motor car and baggage compartment and chair car.

Removes Excuse

DANBURY, Conn.—Police Chief F. J. Mazza got tired of hearing motorists' excuses that they "didn't see the light." He sent two patrolmen out to paint the traffic light stanchions bright yellow.

RESUMES VACATION — With a sly smile on his face and a box of golf balls in his hand, Pres. Eisenhower leaves plane upon his arrival in Denver from New York to resume his vacation. The President registered for New York mayoralty election Nov. 3 and attended dedication of a housing development.

New Test For Rising Star Is Reported Today

Little new activity was reported on the Eastland County area oil front Friday morning.

Only new development announced was location of a new test in the Rising Star area.

Jack Halley of Cisco has staked his No. 3 R. A. Some as a 1,995-foot venture two and one-half miles northwest of Rising Star.

The test has been spotted 150 feet from south and east lines of Section 40, Block 2, ETRR Survey.

Introducing... THE 1953 RANGERS

(This is the first in a series of pre-season newspaper sketches of members of the promising 1953 football squad of Ranger Junior College.)

Charlie Brazil

Step up, grid fans, and meet big Charlie Brazil, gauging 200-pound wingman and veteran of last year's turbulent Pioneer Conference grid campaign who'll be one of the fiery sparkplugs of Coach Dick Henderson's rugged 1953 crew.

Brazil, who performed stellarly as a wingman on the Rangers' better-than-average 1952 machine, is a native of Jacksonville and prior to enrolling at Ranger Junior College he blazed out a very impressive high school athletic career.

An all-around athlete, the 6-foot 3-inch speedster starred in football, basketball, tennis and track. In addition to his prowess in sports, Brazil, a husky and hard-nosed brown-haired and brown-eyed gent, won the coveted title of "Mr. Jacksonville" during his senior year at JHS. Other prep school honors garnered by the athlete included junior class officers, and freshman favorite and frosh class officer.

His hobbies, he says grinning, are "eating and sleeping." During his last year of grid competition at Jacksonville High, he and his JHS teammates had one fairly successful season with a six win, four loss record under the tutelage of Coach Osborn Arbure.

Brazil is, like all other RJC '53 squadmen, really hyped up over prospects of the Purple & White Rangers for their coming Pioneer Conference campaign.

The son of A. J. and Elsie Brazil, popular Jacksonville couple, Charlie spent the summer in the employ of the Hillencamps Engineering Company and has kept his well-muscled physique in top trim for the rigors of the coming pigskin season.

A devoutly religious youth, Brazil is a member of the Baptist church.

Fan followers of Coach Henderson's 1953 Rangers will be seeing plenty of Charlie in action this fall.

CHARLIE BRAZIL
He Oughta Sparkle for RJC Rangers This Fall...

TO SPLIT UP—Dionne quintuplets will split up in September for first time when Marie, standing left, enters Roman Catholic order of the Sisters of the Holy Sacrament at Quebec City, Int., to become a nun. Cecile, Emilie and Annette will return to studies at Institute Famila in Quebec and Yvonne will study art at the Notre Dame Congregation in Montreal. Left to right, standing: Marie, Emilie, and Annette. Seated, Cecile and Yvonne.

SOCIETY

Mrs. J. Rayfield Entertains Son On 5th Birthday

Mrs. Jack Rayfield entertained her son, Paul, on his 5th birthday, Monday, August 17 from 2 until 4 p.m.
Individually decorated cup cakes with plastic cowboys and horses forming a merry-go-round made up the centerpiece for the table. The center cake held the candles.
The children played games then all gathered around as Paul opened his gifts. Refreshments of ice cream cones and cake was served. The cowboy theme was carried out in the favors, which were cowboys and horses and balloons.

Those attending were: Terry and Gary Bradshaw, Ru Lonna Ruffner, Helen, Charlene and Jimmy Blackwell, Teresa and Sandy Huling, the honoree, Paul, and his little sister, Ginny Jo.
The mother and friends attending were: Mrs. Jack Rayfield, Mrs. A. G. Langley, Mrs. Ben Howard, Mrs. Bill Bradshaw, Mrs. Jack Blackwell and Mrs. T. J. Huling. Those sending gifts were: Mrs. J. B. Rayfield and Linda White.

OES Will Have Special Program On Monday Nite

The Ranger Chapter of the Order of the Eastern Star will meet at 8 o'clock Monday, August 24, at the Masonic Hall, for their regular meeting and the annual Rob Morris program.
All officers are requested to wear formal. All members are urged to be present and visitors are welcome.

Duke and Ayres Employees Have Skating Party

The employees of Duke and Ayres were entertained Tuesday evening with a skating party at Lake Cisco. Afterwards the group had hamburgers and cold drinks.

Those attending were Harry Barnes, manager of the store, Mary Jo Stis, Jenna Vee Hutton, Imogene Lopez, Evelyn Obel, Barbara Mills, Eugene Wilson and Doris Highsmith.

Child Welfare Club Will Meet Next Wednesday

Members of the Child Welfare Club will meet next Wednesday afternoon, August 26, at 3 o'clock in the home of Mrs. M. L. King. All members are urged to be present.

Hospital News

Patients admitted recently at the Ranger General Hospital include Mrs. Leona Jenkins, of Dallas, surgical; E. H. Bernie, Cisco, surgical; H. L. Quins, Ranger, medical; Mrs. T. E. Bell, Gordon, medical; Mrs. Gus Cooper, Ranger, medical; Tom Stovall, Ranger, medical; Joel Johnson, Cisco, medical; M. L. Sullivan, Eastland, medical; N. F. Markham, Eastland, medical; and Mrs. O. M. Chestnut, Ranger, medical.

PERSONALS

Mrs. Cecil Meadows and daughter, Connie, have returned from a vacation trip to California.

Mr. and Mrs. Dee Joseph have returned from a business trip to Dallas.

F. N. Hassen, who is well-known in Ranger as well as Eastland and Cisco, is critically ill in the Graham hospital in Cisco. The Dee Josephs have visited him several times this week.

Mr. and Mrs. E. W. Wilson are in Hot Springs, Ark., attending the funeral of his uncle.

Sharon and Jimmy Horton, of Tulsa, Okla., are visiting their grandparents, Mr. and Mrs. V. V. Cooper, while their parents are vacationing in California.

Mr. and Mrs. T. J. Anderson are spending the week-end in San Angelo where they are visiting relatives.

Nolan Lee and son, Gary, of Ft. Worth, Tex., are spending a few days here visiting his mother, Mrs. Callie Lee, and brothers, Mr. and Mrs. Jerald Lee, and Mr. and Mrs.

Miss Mary Boyd (Polly) Ricks

Miss Ricks, Charles Lane Nuptial Plans Announced By Parents

Dr. and Mrs. Glenn Hall Ricks of Brady have announced the engagement and forthcoming marriage of their daughter, Mary Boyd (Polly) Ricks to Charles Justus Lane.

Mr. Lane is the son of Mr. and Mrs. Roy L. Lane, 811 West Commerce Street.
Vows will be exchanged at 9 a. m. Saturday, September 12th, in the First Christian Church of Brady.

Miss Ricks is a 1952 graduate of Brady High School. She attended Ranger Junior College last year. She was a member of the college band, Debs Club, and Phi Theta Kappa (Junior College Honor Society). She is at present a

student in Texas Technological College, Lubbock.

Mr. Lane, a graduate of Eastland High School graduated with high honors from Ranger Junior College, in June. While there he served as drum major of the College band and was president of Phi Theta Kappa.

He is presently employed as cashier in Furr Food Stores in Lubbock. Both the young people plan to continue their studies at Texas Tech in the fall.

Heavy's it's-a-cinch dept. Have trouble getting to sleep? It's simple. Just get into bed, close eyes, then remove all thoughts from your mind so that unconsciousness results. Nothin' to it!

Now the villagers are looking for a new blacksmith!

More American lives were lost in home accidents in the past year than were lost by our Armed Forces in the first 1,000 days of the Korean War. The 1952 home-accident figure was 28,000 killed and four million injured.

Chief danger spot is the bedroom, followed by stairs, hallways, cellar and outside steps. Surprisingly enough, the bathroom seems to be a relatively minor danger area, with comparatively few deaths caused by slipping in the tub. Say statisticians, who make an exhaustive study of home accidents, "most of them can be prevented."

A village blacksmith was instructing his apprentice: "When I take this shoe out of the fire and lay it on the anvil," he explained, "I'll nod my head and then you hit it with a hammer."

The following list gives room-by-room tips on how to cut down on home accidents.

NEWS FROM OLDEN

(By Mrs. Dick Yielding)

Recent visitors in the home of Mr. and Mrs. Clarence Brock were Mrs. Marie Waincott of Weatherford, and Mrs. Veta Powell and son, of Hobbs, N. M.

Mr. and Mrs. E. T. McKelrain and J. W. of Cisco, were Olden visitors Monday evening.

John Jones of Rochester, Tex., is assisting Walter Colburn in the building of a second story to his home.

Mrs. Pauline Norton spent the weekend in Kerrville with her husband.

Last week's visitor in the home of Mr. and Mrs. W. L. Baker, was Mr. Shafstall of Oklahoma City.

Mrs. Willie Beckman and Mrs. Lennie Coleman, were in Stephenville last week to see an optometrist.

Mr. and Mrs. Dick Yielding, Wanda and Connie, left Friday afternoon for Shreveport, for a visit with their daughter and family. Mr. and Mrs. G. T. Nabors, they will visit Fred Yielding at Kilgore, enroute home.

Recent visitors in the Lee Williamson home were Mrs. Gerald Boyle and children of Houston, and Jack Owens, a brother and family of Abilene.

The fall and winter school term in Olden will start Aug. 31. The primary building is being repaired at this time, but will be completed

of pots so that they won't accidentally be knocked off stove.

2. Check all gas jets after cooking.

Bedroom — 1. Install light switches near door to eliminate falls caused by entering a r k room.

2. Smoke before you go to bed, not afterwards.

Bathroom — 1. Place rubber mat in bathtub to prevent slips.

2. Install L-type grab rail as brace against falls.

Stairs, Porch, Cellar, Outside—

1. Open garage door and windows when running car engine in garage.

2. Get rid of rubbish, paint-soaked rags and other inflammable material promptly.

Living Room — 1. Use a step ladder instead of a chair when fixing things above reach.

2. Remove children's toys so they won't be tripped over.

Electric Hot-beds Better, Cost Less than Old Type

Either Electric Cable, or Lamps Can Be Used to Heat Hot-bed

Because of the small expense and greater efficiency of an electric hot-bed, few are now heated by stable manure, as in the past. Among the many advantages of the electric kind are cleanliness, lack of unpleasant odor, even and lasting heat.

By equipping a cold frame with an electric heating cable or heating it with lamps, the amateur obtains most of the benefits of a greenhouse at a fraction of its cost. It can be placed close to the house, where attention during cold weather will involve a minimum of discomfort.

So small a quantity of heat is necessary to keep temperatures in a hot-bed above the danger point in spring, it is usually less expensive to use electricity for this purpose, than the traditional manure.

With an inexpensive thermostat, the heat is turned on or off according to the need, and the plants growing in the hot-bed enjoy an even range of temperature, without the extremes which were common where manure was used.

Plants can be started earlier, and kept protected for a longer period, without danger of the heat source becoming exhausted before danger of frost outdoors is

for the opening of school.

Mr. and Mrs. D. L. Moffett, accompanied their grandson, Mike, to his home in Rochelle last Sunday. Mike had spent several days here while his parents were in Houston.

Mrs. Stella Jarret has returned from Valley Mills, where she spent a two-week vacation with her mother, Mrs. H. J. Gibbs.

T. B. Marlow has been ill at his home, but is recovering.

Mrs. Sallie Lee is spending this week with her daughter, Mr. and Mrs. Carl Fricky in Cisco.

Mr. and Mrs. Bob Sellers and children have returned home from a vacation in New Mexico, and Arizona, where they viewed the Grand Canyon, Painted Desert and Petrified Forest.

J. C. Jarrett returned home Saturday from Meridian, where he attended a baseball school.

Visitors in the Truman Bryan home last week were her brother, Darrell Nickles and daughters of Wichita Falls.

The annual Butler-Duncan reunion was celebrated the second of August, at the Youth Center in Weatherford. Several relatives from California and Arizona attended.

Auto Drivers Should Know Traffic Signs

"Know their shapes, and be safe."

Col. E. B. Tilley of Houston, President of the Texas Safety Association, and Services Advisor for the Gulf Oil Corporation was referring to traffic signs when he offered this advice to motorists today.

"Traffic signs," he explained, "really can be 'signs of life' to motorists who heed them. Sign locations are determined by careful engineering studies, to guide and protect users of our streets and highways."

"These signs are designed in five basic shapes, and each shape carries a different type of message," he said.

Motorists should learn to recognize the shapes, Col. Tilley pointed out, so that they can tell at a glance what type of problem they are about to meet on the highway. This will prepare them in advance

CHOKED with GAS?

THANK HEAVENS! Most attacks are acid indigestion. When it strikes, take Bell-and-wildon's known to doctors for the relief of heartburn, gas and similar distress. 25c.

ONCE AGAIN LITTLEJOHN GIVES YOU 8 x 10 PORTRAITS FOR ONLY 95c

Portraits will be taken by a nationally known photographer who will make several poses and have the proofs ready for you the following day.

PARAMOUNT HOTEL

Monday, August 24th

FROM 11 A. M. TO 7 P. M.

No appointment necessary

As a special offer to you, we will HAND OIL COLOR your 8x10 portrait absolutely free if you bring three other people to have their portrait made. (One of the three can be from your family.)

TWO PORTRAITS TO A FAMILY (Bring This Advertisement)

act on the sign's message when they get close enough to read it.

Col. Tilley listed the five basic sign shapes and their meanings, as follows:

1. Eight-sided, painted yellow and black or red and white. This sign means STOP—one message, one requirement—never anything else.
2. Diamond, also yellow and black. This sign indicates danger ahead, carries such messages as Slow-Speed, Narrow Bridge, Men Working, or the directional symbols describing curves, intersections, side roads, etc. They mean: slow down, stay alert.
3. Rectangular, painted white with black or colored lettering. These tell of speed limits, mark no passing zones, give other regulatory information such as parking rules. Obey their messages.
4. Round, yellow and black, signs warn of a highway-railroad intersection 300 to 500 feet ahead. These signs call for reduced speed and extra caution, so the driver can make sure no train is coming before he drives across the tracks.
5. Railroad Crossbuck marks the intersection of highway and railway. Cross only when the way is clear.

"These signs, and traffic signals and pavement markings for both motorists and pedestrians, deserve the same attention as is given a traffic officer," he said.

Many traffic accidents would not happen if people using the streets and highways obeyed the signs, signals and pavement markings put there for their guidance and protection, according to Col. Tilley.

He called special attention to the slogan, "Signs of Life—Know Them, Obey Them," which is featured in this month's traffic safety program by the Texas Safety Association and the Department of Public Safety.
