34TH YEAR

RANGER, TEXAS, FRIDAY, SEPTEMBER 11, 1953

PRICE FIVE CENTS No. 77

We like these lines by the one and only Ogdan Nash — Children aren't happy with nothing to ignore And that's what parents were created for!

This is the first of a string of football Fridays. And just a few short hours from now — depending on what time you picked up your Times off the porch for perusal — Ranger football fans will have an opportunity to see their first game of the year. It'll be our Ranger High Bulldogs going against favored Colorado City's Wolves. Let's all go out and back our Maroon & White on to Victory No. 1 . . . Out-of-town press agency expected by yours truly in the press box at Bulldog Stadium tonight include Joe Bostright of the Colorado City Record, a n d Fred Sanner, one of the Abilene Reporter - News top sports scribes. In an episode to the walking meat shortage, Joe writes: "I understand Ranger is ranked as one of the strongest class A teams in the state." But in sharp contrast, Sanner in his a. m. blurb today predicted bluntly: "Colorado City's Wolves will edge Ranger, 19 to 15, at Ranger." Your Ranger correspondent has no statement, but we are confidently keeping our fingers crossed. We said confidently . . . The American Legion Auxiliary of the Carl Barnes Post is still collecting books to send to GI overseas. Home town boys. Ha, you a volume or two you'd like to donate? . . . Nothing can turn a woman's head faster than a mink coat going by on another woman . . . The revival at Ranger's First Baptist Church is progressing splendidly, according to Rev. Ralph Perkins, pastor. Many folks are being baptized and re-dedicating their lives to the Lord. What an inspiration — these soul-stirring revival meetings! . . . And while on the topic of the church, Rev. Curtis Simpson, formerly pastor of Harmony Baptist Church, Morton Valley, is continuing his phenomenal growth as a clergyman. He's now pastoring a large Baptist church down in Corpus Christi. Recently accepted the call after having served at Strawn for a year . . . As ye smoke, so shall ye reek . . . About the happiest folks in these parts of late — the A. H. Powells. The son, Dr. W. J. Powell, serving as an Air Force medical practitioner over in Saudi Arabia, recently returned to the United States from overseas to enjoy a 30-day furlough visit with his wife down at Houston and with his parents here in Ranger. He brought about 1500 pictures taken overseas, including a photographic record of his journey through the Holy Land. He gave his mother two olive leaves and a pair of olives from one of the 3,000-year-old trees in the Garden of Gethsemane and a limb from an olive tree growing atop Mt. Olive, just above the Garden of Gethsemane . . .

The couple have been happily married for years — not for them the quarrels a n d boredom that often beset man and wife. But one morning at breakfast she was cross and irritable.

"What's the trouble?" he asked.

At first she refused to tell, but she finally turned to him with tears in her eyes and sobbed: "If I ever dream again that you kissed another woman, I'll never speak to you as long as I live!"

The black market in stolen cars is the most lucrative and safest

lucrative in the United States today. Although reports rarely get in the papers, in 1952 more than 200,000 autos were stolen and resold at a net profit of \$100,000,000. Each year, since World War II, the number of cars drained off the legitimate market has increased. The '52 rate was up 9 per cent over '51.

Faulty car registry systems are mainly responsible for the constant increase in auto thefts. The hot car ringleader gets a stack of auto application forms free at the motor vehicle bureau. He prepares a bogus rubber stamp to "vail-

Bulldogs Battle C-City Tonight

TURKEY GROWERS WILL SEE LARGE FLOCKS OVER AREA

Wylie Thumps South Taylor Eleven, 25 to 13

District 7-A's Wylie Bulldogs, first member of the nine-team loop to see action during the now-opening 1953 schoolboy grid campaign, pounded out a 25-13 win over the South Taylor Flying Tigers at Wylie Thursday night. It was a non-conference tussle. The losing Tigers are members of the lower District 8-B circuit. Eugene (Genkie) Beyer paced the Bulldogs and figured in all the scoring for the Wylie eleven. The 140-pound dynamo tossed three passes, all good for touchdowns, scored the final Wylie counter on a four-yard sprint, and passed for the lone extra point chalked up by the 7-A club. The Bulldogs, who'll battle Eastland County's three 7-A grid aggregations (Ranger, Eastland, Rising Star) this fall, scored their four TDs in a wild second quarter. South Taylor piled over their 13 points in the third period.

Oil Leader Is Named To U. S. Senate Group

M. D. Bryant, president of the Texas Independent Producers and Royalty Owners Association, was appointed Wednesday by Senator Homer Caphart (R-Ind.) to serve on an advisory committee of the U. S. Senate's Banking and Currency Committee. Purpose of the advisory group, as stated in Caphart's letter to Bryant, is "to make a thorough study of the operations of the Export-Import Bank and the International Bank for Reconstruction and Development and their relation to expansion of international trade." In accepting the appointment, Bryant, for many years an independent oil operator and rancher, pledged the full facilities of TIPRO's extensive research in imports issues as they affect the oil industry. The 84-member committee will meet for the first time on Sept. 15 in Washington.

Retired Farmer Is Laid To Rest At Rising Star

B. Hicks, 88, retired farmer, who died late Tuesday in an Abilene hospital, was buried in Rising Star Cemetery after funeral services Wednesday afternoon in the Okra Baptist Church. Hicks was a native of Arkansas and lived at Okra, northeast of Rising Star, for 45 years. Survivors include a son, Rufus Hicks of Rising Star, and three daughters, Mrs. Mada Upton of Clovis, N. M., Mrs. Carl Wolf of Rising Star and Mrs. Lula Mae Hill of Odessa.

Partly cloudy with no important temperature changes. That was the word from the U. S. Weather Bureau today. Maximum mercury readings for Friday and Saturday—in the low 90s. The nights—cooler, with t h e

Deep Wildcat Test Spotted Near Mangum

A completion and three new locations for the Eastland County area were announced today. One of the new tests, a deep 5,200-foot rotary wildcat, will be drilled one mile southwest of Mangum by Clark P. Chandler et al of San Angelo. It'll be the No. 1 Ethel Hittson Center. Drill site is 2,294 feet from south and 330 feet from west lines of Section 9, Block 3, H&TC Survey. A conglomerate discovery well has been completed two miles northeast of Ivan, Stephens County, at The Hunter Co., Inc., of Shreveport, La., No. 1 A. Rieklies Estate, Section 8, Block 2, SP Survey. During the daily potential test the well gauged 121 1-8 barrels of 44 gravity oil. Flow was through a 16-64-inch choke with 1,200 pounds casing and 650 pounds tubing pressures. Production is from 48 perforations at 3,996-4,001 feet with the casing set at 4,123 feet. Having a gas-oil ratio of 1,500-1, the well is bottomed at 4,553 feet. Chester Innes, Abilene, staked location for No. 4 Robert Jackson in the Jackson Strawn Field eight miles south of Caddo. Site for the 1,900-foot rotary project is 610 feet from the south and 710 feet from the west lines of Section 77, Block 4, T&P Survey.

Rains Benefit Texas Farms

Two thirds of Texas was vastly benefited by slow soaking rains last week, the United States Department of Agriculture said. Ranges and feed prospects were boosted in the area east and south of a line from Wichita Falls, San Angelo and Del Rio. While the rains halted field work and hurt cotton prospects in the area, there will be heavy planting of oats when fields are dry enough to work. The drought-breaking rains in South Texas two weeks ago have already brought greening pastures as weeds and grass begin coming up. It will take thirty to sixty days for the growth to develop, the USDA range and crop survey said. Planting of wheat continued in the high and low rolling plains, but more moisture will be needed to keep the grain growing and produce needed early fall pasture. The outlook for fall and winter vegetables grew brighter. Some planting and transplanting of vegetables for late fall and winter harvest started as South Texas fields dried. Seed beds made a good growth. In replacing a window pane, householders should apply insect oil to that part of the window frame which touches the putty, to prevent later cracking and loosening.

FAIR, WARM WEATHER

Rangers Open Saturday Night—RJC SQUAD LEAVES RANGER EARLY TODAY FOR WHARTON

Coaches Dick (Chub) Henderson and Sam Aills and a traveling squad of 30 Ranger Junior College Rangers left Ranger early this morning for Wharton where they'll tangle with the Wharton Junior College Pioneers Saturday night. Bill Howard, team manager and Max Dillard, statistician for Pioneer Conference, accompanied the Purple & White warriors to the site of their initial battle of the 1953 campaign. Due to start against the Pioneers will be John Wilson, 180, left end; George Scott, 215, left tackle; Wayne Hargrave, 185, left guard; Joe Angel, 190, center; Bobby Boyd, 235, right guard; Dallas Mosker, 208, right tackle; Lee Oie Clayborn, 185, right end; Tommy Wood, 180, quarterback; Sonny Blanton, 170, left half; Bobby Pharis, 160, right half; and Raymond Gilstrap, 185, fullback. Coach Henderson, beginning his first year as head RJC mentor, said his Purple & White squad is in fair shape for the opener. A few of his lads, however, are troubled with minor aches and injuries after two weeks of stiff pre-season drilling. The Rangers are scheduled to arrive in Wharton this afternoon at 4:30. Shortly after arrival they will be passed through a light-brush-up drill. Then that'll be all until kick off whistle time Saturday night when they meet the Wharton aggregation in a non-conference contest. The Ranger offense moves off the straight and the split-T—with no flanker movement at present. However, there'll be some flanker plays deeper in the fall campaign, the RJC mentor said. In addition to the starters, these other Rangers are on the travel list: Ends, Brazil, Foster and Beard; Tackles, Vinson and Nelson; Guards, Allen Gibbs, Palsion, Center, Roberts. Quarterbacks, Cole, Bagwell and Hulsey. Halfbacks, Sanders, Floyd Gibbs, Halenack. Fullbacks, Hudson and Harvey. The Rangers are due to arrive back in Ranger early Sunday morning.

DOYLE (TOM) HUDSON — 205-Pound Powerhouse Is Valuable Addition to RJC Squad . . .

INTRODUCING . . . THE 1953 RANGERS

THEY're another in a series of pre-season newspaper sketches of members of the winning 1952 football squad of Ranger Junior College.

Doyle T. Hudson

Dagle Thomas Hudson, who's simply "Tom" when his mouster is holed down to a more intimate setting, is likely to see his first action as a fullback for the Ranger Junior College Rangers Saturday night when Coach Dick (Chub) Henderson's Purple & White open against the Wharton Junior College Pioneers. A three - sport athletic star at Throckmorton High School, t h e first year RJC back is 19 years of age, stands 5 feet 11 inches in the stance and weighs a pile-driving 205 pounds. He's brown-eyed, brown-haired. Hudson, playing fullback for Throckmorton last fall, had a great season and won all-district honors. In addition to his prowess on the gridiron (he lettered three years), Hudson was also a stand-

WARDEN'S T-POWERED RANGER HIGH SQUAD RATED AS UNDERDOGS

Doped as underdogs, Coach O. C. (Stubby) Warden's 1953 Ranger High Bulldogs get their first test of the new grid season tonight at Bulldog Stadium when they collide with the highly-rated double A Colorado City Wolves in a non-conference scrap. Opening kickoff whistle is scheduled for 8 p.m. sharp and school officials are expecting a capacity crowd of enthusiastic fans to jam Bulldog Stadium for the initial set-to of the autumn pigskin season. Both clubs were reported in top condition today by Coaches Warden and Dillard Adair, the latter the well known Colorado City mentor. Both schoolboy machos are T-powered. According to the starting lineup listed on the official program, the Maroon & White RHS Bulldogs will hold a substantial weight-advantage over their foe. Ranger's seven starting linemen average 185 pounds, the quartet of backfield starters, 159 1/2 pounds. Average of the Bulldog starting eleven, 176 pounds. The Wolves' forward wall averages 171 pounds, and their four starting backs, 149 pounds. Colorado City's overall average, 163 pounds. The starting lineup: RANGER — Tommy Hinds, 185, left end; Jimmy Wheeler, 190, left tackle; Gary Patterson, 195, left guard; John Boyd Rush, 163, center; Bobby Justice, 170, right guard; Eddie Jones, 210, right tackle; Chico Mendoza, 185, right end; Scott Forney, 163, quarter; Billy Broening, 145, left half; Charles Massee, 145, right half; and Bill Brazda, 185, fullback. If the Bulldogs are on the receiving end at kickoff time, the lineup will be judged to include three defensive starters — Benny Robinson, 140, back; Jim Nall, 160, tackle; and Dan Mitchell, 180, end and center. Reservists include Johnny Graves, 200, Archie Robinson, 180, and Pete Jameson, 170, tackles; Jerry Cantrell, 165, end; Tommy Young, 170, Tommy Sutton, 165, Crus Vasquez, 140 and Dan Cruise, 115, guards; Jim Littlefield, 150, and Johnny Swinney, 120, backs. COLORADO CITY — Don Florin, left end; Billy Simmons, 165, left tackle; Joe Shumaker, 150, left guard; Arlis Parkhurst, 176, center; Weldon Ennis, 169, right guard; Jimmy Cavethorn, 221, right tackle; J. B. Padgett, 163, right end; Billy Williams, 146, quarter; Charles Small, 150, left half; Hollis Ganey, 142, right half; and Bud Windham, 158, fullback.

Some children die and others suffer permanent damage to their health. The really tragic part of this situation is that it is, in a large measure, preventable. If all parents would change their indifferent, negligent attitude toward diseases such as measles, whooping cough, scarlet fever, and chicken-pox, and would cooperate with school and health authorities, these common communicable disease epidemics could be reduced.

Dr. Cox says these are the important ways to protect the health of our school children; immunize every child against diphtheria and small pox, have daily inspection of school children, with isolation or separation of the suspected case of disease, sending home any child showing signs of illness, such as pneumonia, sore throat, skin rash, fever or any other that apparently needs the attention of a physician; keep at home who show signs of illness. Call the physician and let him interpret the symptoms. Readmission to school should be based on permission of the family physician or health officer. Inspection should be made at the beginning of school and at mid-year for minor skin infections and head lice, with exclusion of all infected children from school. The development of good personal habits in every child is very essential to the control of all contagious diseases.

For the sake of our children — their physical health and progress in school, let's stop the inroads of needless illness, and give them a fair chance for normal development, physically and mentally.

RHS Bandsters Need Trousers And New Hats

The members of Ranger High School's band are direly in need of new hats and trousers, Fred Steffy Jr., RHS band director, announced lamentingly this morning. Tonight during the Ranger-Colorado City football opener, t h e bandsters will be unable to wear hats, because the present head gear are too worn and frayed to be presentable in public, the band director revealed. "We feel that Ranger appreciates its band," he said, "and I feel sure that many folks will be more than happy to make donations or contributions to a fund to purchase new hats and trousers for our members."

The Band Boosters Club, headed by A. G. Koenig, will accept contributions for the purchase of new trousers and new hats, Steffy announced.

Rummage Sale Here Saturday

The women of Ranger's First Christian Church are sponsoring a rummage sale all day Saturday — tomorrow — in the building at the corner of Main and Marston Streets, it was announced today. A large quantity of children's clothing is being offered at very reasonable prices, sponsors said.

PATRONIZE YOUR HOME TOWN MERCHANTS

School Health Alert Is Asked By State Head

Communicable diseases common to children reach their low point, as to number of cases, late in the summer. Then, when school opens, and children are closely grouped together, in classrooms, germs begin to spread, and the increase runs to thousands of cases of illness causing much time lost from school, discomfort for the children, and untold hours spent in nursing them back to health, declared Dr. Geo. W. Cox, State Health Officer.

Some children die and others suffer permanent damage to their health. The really tragic part of this situation is that it is, in a large measure, preventable. If all parents would change their indifferent, negligent attitude toward diseases such as measles, whooping cough, scarlet fever, and chicken-pox, and would cooperate with school and health authorities, these common communicable disease epidemics could be reduced.

Dr. Cox says these are the important ways to protect the health of our school children; immunize every child against diphtheria and small pox, have daily inspection of school children, with isolation or separation of the suspected case of disease, sending home any child showing signs of illness, such as pneumonia, sore throat, skin rash, fever or any other that apparently needs the attention of a physician; keep at home who show signs of illness. Call the physician and let him interpret the symptoms. Readmission to school should be based on permission of the family physician or health officer. Inspection should be made at the beginning of school and at mid-year for minor skin infections and head lice, with exclusion of all infected children from school. The development of good personal habits in every child is very essential to the control of all contagious diseases.

For the sake of our children — their physical health and progress in school, let's stop the inroads of needless illness, and give them a fair chance for normal development, physically and mentally.

855 Students Are Enrolled In City Schools

Total enrollment of Ranger's public schools totals 855 students, Supt. G. B. Rush, head of the local school system, reported early today. Tabulations completed late Thursday show largest enrollment for the 1953-54 session is at Hodges Oak Park Elementary school which leads the city with 279. Young Elementary School has an enrollment of 213 students. For the high schools, senior high's total is 209, and 140 students are enrolled at Ranger Junior High.

The city's colored school has an enrollment of 14, Supt. Rush reported.

date" the forms, then he's in business — ready to furnish an auto and passable title papers on 24 hours notice. Of course, the thief operates only in states where proof of ownership is not required as a condition of maintaining property rights.

Sometimes forgeries are discovered by alert clerks, but most go undetected in the year-end renewal jam. The thief knows that to check registration records for a stolen car is almost impossible. In states where cards are filed on stolen cars, the smart operator, using the counterfeit system, turns in a fictitious renewal stub before disposing of the hot car. When this is surrendered it shows a transfer to a non-existent person. New registration papers and license plates are then obtained.

To help car owners protect their autos against theft, Lee Boardman of the FBI's New York office offers the following list of rules:

1. Make a personal check of the motor and serial numbers of the car you buy, especially when an unfamiliar dealer is involved.
2. When you leave car, lock ignition and doors. Recheck to be sure.
3. Avoid parking in unlighted areas or overnight on street.
4. Do not leave a parked car for an extended period of time without making a periodic check.
5. Do not leave any article of value in a parked car where the article may be seen by passers-by.

NEXT?—Lazar Kaganovich, a deputy premier in the Soviet Union, is reported on his way out as a member of the Presidium of the Central Committee. His dismissal would leave four vacancies on the Presidium, the seat of power in the U.S.S.R. He is the father-in-law of the late Premier Josef Stalin.

90,000 Young Folk Expected! At State Fair

Seven and one-half tons of king-size hot dogs will go into the world's biggest picnic lunch Saturday, Oct. 17, when 90,000 Texas farm and ranch boys and girls visit the 1953 State Fair of Texas on Rural Youth Day.

The youngsters will also consume approximately 11,250 gallons of lemonade, 17,000 pounds of potato chips and 7,500 boxes of candy bars. Ray W. Wilson, manager of the fair's youth activities program, has calculated.

Rural Youth Day is one of the fair's top annual events, Wilson said. The farm boys and girls are guests of the fair on that day. Dallas business leaders underwrite expenses for the picnic lunch.

The 90,000 Rural Youth Day guests will represent 4-H Clubs, Future Farmer and Future Home-maker chapters in at least 225 Texas counties. The annual gathering is the largest assemblage of farm and ranch youngsters in the world, Wilson said.

"The purpose of Rural Youth Day is to bring as many farm and ranchboys and girls as possible to the State Fair so they can profit from the thousands of agricultural, livestock and educational exhibits," Wilson said.

"One of the biggest attractions for them usually is the huge farm implement show, which covers 75,000 square feet and features more than \$1,500,000 in modern farm machinery."

He said the 1953 Agriculturama, Pan-American Livestock Exposition, Texas Research Foundation's grass nursery, Aquarium, Hall of State and the Museums of Natural

VETS GET INSTRUCTIONS FOR SCHOOL ENROLLMENT

Eligible Eastland County veterans who plan to attend school under Public Law 550 (Korean GI Bill) must obtain an application blank from the nearest Veterans Administration office, fill it out completely, attach photostatic or certified copies of both sides of his discharge or separation paper and send it to his nearest VA regional office.

Upon approval of the application the veteran will be sent a certificate of eligibility to present to the school in which he will enroll.

It is estimated that 75 percent of the veterans contacting the VA office here are planning to attend school.

The VA has prepared a pamphlet to answer questions most asked about the education and training program.

A veteran may choose any school he wants to attend so long as it will accept him and as long as

History, Fine Art and Health would draw thousands of the youth.

"We started Rural Youth Day in 1946 with 30,000 youngsters. The number has grown steadily each year and we had over 80,000 last year," Wilson said.

Rural Youth Day will be preceded Friday night, Oct. 16, by the annual State Fair Honor Awards dinner at which 44 outstanding boys and girls will be recognized for their accomplishments in leadership, livestock, agriculture and home-making.

his course has been approved for Korean GI training by an appropriate state approving agency.

Veterans who served any place in the world after June 27, 1950, may be eligible for Korean GI Bill benefits, not only those serving Korea.

Under the Korean Bill a veteran in training receives an education and training allowance for each month from the government. The VA does not pay for tuition and fees separately to the school. The veteran must meet all his own training expenses.

Veterans are not paid for periods when they are not in training.

Effective beginning date for payment of allowances will be whichever of the following dates is the latest: The date the VA receives the application; the date the veteran enters training as certified by the school; or the date the course is approved by the state approving agency.

Some veterans may file the application with their schools and in that case the starting date will be the date the school certifies that the veteran entered training. This applies only if the VA receives the application within 15 days from the time he begins training, he said.

TRANSPARENTLY, IT'S FOR PLEASURE—Jacques Jahan, of Paris, paddles his homemade plastic canoe on Lake du Bourget, Aix-les-Bains, France. The craft, which Jahan claims is the only one of its kind in the world, is 13 feet long, weighs 390 pounds, and is sturdy enough for use with an outboard motor.

AMERICAN SOCIETY

American Legion Auxiliary Launches Membership Drive

Members of the American Legion Auxiliary met for a regular business meeting Thursday evening, September 10 at the hall.

Mrs. Howard Elwood, chairman of the sick committee reported Mrs. G. O. Kimbrough and Mrs. Ethel Wright to be ill.

A bazaar is planned for November 1 with the money raised to be used for activities of the local unit.

A membership drive was launched by the membership chairman, Mrs. Gertrude Gideon who appointed Mrs. Barney Salter and Mrs. Ed Greer as team captains. The member who collects the most dues will be crowned queen of the auxiliary when the drive closes in December.

A letter of thanks from Mrs. J. B. Heister, charter member of the local unit, was read.

The Auxiliary gave a vote of thanks to everyone who has donated books to be sent to servicemen overseas. More books are needed and anyone having books to donate should give them to an auxiliary member at once.

The next meeting will be held on September 24 at the American Legion hall.

PERSONALS

Mrs. Gorman Merton has returned from a visit in the home of her daughter and husband, Mr. and Mrs. John L. McKeivain in Waco.

Dr. and Mrs. Frank Haggard of San Antonio visited Mrs. May Whaley and Mrs. Jim Miller Sunday.

Mrs. P. M. Kuykendall is attending an all-day meeting of the State Executive Board of the Texas Medical Auxiliary in Austin today.

Mr. and Mrs. J. Floyd Killingsworth and daughter, Carolyn, were in Dallas the first of the week attending the fall gift show which was held at the Adolphus Hotel, the Baker Hotel and the Santa Fe Building.

Mrs. P. C. Long and Clayton Long have returned from a week's visit with Mr. and Mrs. Rex C. Outlaw and family in Dallas and Mr. and Mrs. J. P. Speer in Fort Worth.

Baker Hotel In Special Class

A representative of the Baker Hotel has just returned from the annual scientific conference of the American Congress of Physical Medicine which met in Chicago August 31 through September 4.

The BAKER is one of only 8 accepted institutions by the Advisory Committee on American Health Resorts of the Council on Physical Medicine and Rehabilitation of the American Medical Association.

High standards maintained by the Baker in its bath and hydrotherapy department are appreciated by the many people of the Southwest who patronize this popular institution.

Reason For Strong Observance of Americanism Week Is Explained

WORHAM, Sept. 8 — To many GI's don't know what they are fighting for, Mrs. Van Hook Stubbs of Worham, State President of The Texas Federation of Women's Clubs, explained the why of her organization's 100,000-woman strong observance of Americanism Week.

"We feel that is emblematic of a country that no longer appreciates what it stands for," the TFWC head explained. That is why 1,200 Texas Clubs belonging to the organization she heads are backing state-wide observance of Americanism Week, Sept. 13-15.

Gov. Allan Shivers will join Texas Clubwomen heading the Americanism emphasis on Saturday, Sept. 12, at 1:30 p.m. on a radio broadcast over the Texas Quality network that will initiate Americanism Week.

Faith in God is the foundation from which respect for the rights of the individual and democracy's boundless opportunities for achievement rise, the clubwomen sponsoring the week, point out. Altogether, 6 million American clubwomen are mobilizing to back the week-long stress on a new awareness of America's heritage.

Each local club will sponsor assembly programs in the public schools and provide speakers to stress the basic tenets of American democracy and acquaint today's children with their heritage.

Mrs. Florence Johnson Scott of Rio Grande City, TFWC Americanism chairman, seconded the appeal for participation by clubs. She emphasized "We cannot afford to rest in smug self-assurance while Communism wages an active campaign for the minds of the world's young intellectuals."

Either by school programs, club forums, or civic activities, every federated club in the state will share in the educational program on what America stands for, and its advantages over Communism.

H-SU President To Visit Area

Dr. Evan A. Reiff, Hardin-Simmons University President, will address three Baptist Association Meetings Sept. 14 and 15.

The Permian Basin Baptist Association, meeting at Odessa, will hear Reiff speak on "Christian Education in the Kingdom of God," in the Belmont Baptist Church at 8:45 p.m., Sept. 14. He will also attend the Midland H-SU Ex-students Club meeting the same afternoon.

Dr. Reiff, who took office as

H-SU's president July 1, will speak to the Runnels Baptist Association at the First Baptist Church of Bronte the afternoon of the 15th and the Sweetwater Association in Sweetwater the same evening.

Dr. Reiff came to Hardin-Simmons from Sioux Falls College, Sioux Falls, South Dakota, where he was president for three years.

An ordained minister, Reiff has held pastorates in Oklahoma, Kansas and Iowa. He received his Bachelor's degree from Oklahoma Baptist University and his Master's and Doctorate from State University of Iowa.

Mr. and Mrs. Maurice Owen had as their guests several days ago her cousin, Archie Satterwhite and a friend, of Columbus, Ohio.

BARBS

BY HAL COCHRAN

GOING down to work with a bad cold is a very easy way of getting others down.

An Oklahoma man who never drank, smoked or swore, celebrated his ninety-eighth birthday. We wonder how long it really seemed.

If you have a new rod, a box full of fancy flies and a sporty outfit, you're an angler. Otherwise, a fisherman.

The closer you get to your relatives, the quicker you really get next to them.

An orator is anyone who can explain to a barber exactly how he wants his hair cut.

UNUSUAL BLOOM—A lotus bloom isn't unusual in itself, but this one drew the attention of visitors at the International Flower Show at Hamburg, Germany. It grew on a plant fostered from a 2000-year-old seed found during excavation operations in Japan. The Japanese Horticultural Institute donated the plant to the show.

"The wife makes me wear it while she's on vacation—says I'd break too many dishes!"

"THE PRODUCTION LINE" 7-11 J. WILLIAMS

Lysey, another Cowboy end who drops back to safety on defense. Baugh plans to keep in touch with his Double Mountain ranch as much as possible during football season. He'll stay in the Cowboys' athletic dormitory when he isn't commuting. His ranch is located 78 miles from the Hardin-Simmons campus.

Baugh thinks that helping coach a college team will be as much of a challenge as that of playing pro ball. "I saw that the college coaches really have to work when I worked with the Cowboys last spring. In pro ball if your coach tells you to button for a pass after you've gone down the field ten yards, he expects you to do it," Baugh explains. "But a college player just out of high school needs quite a lot of coaching before he runs his signals properly."

Baugh likes the Wing T formation that Coach Murray Evans uses. "It's made for passing."

Silver Threads—WORCESTER, Mass.—Back in 1917 Ed Bodge, then a young clerk, was given a silver dollar that

Baugh Begins Unique Career — On Sidelines

The 1953 Hardin-Simmons University Cowboy football season will mark a new sports era for Slingshot Sammy Baugh.

It will be the first time in nearly a quarter of a century—counting his time with the Washington Redskins, Texas Christian University, and Sweetwater High School—that Baugh will not be playing football.

But Baugh, who smashed 16 records in a like number of years with the Redskins, will still be engaged in football as a full-time assistant coach with the H-SU Cowboys, who are members of the three-state Border Conference.

Baugh, who inked a contract with the Baptist school soon after he played his last professional game for George Marshall's Redskins, admits that missing practice sessions with the Washington team this summer made him a "little nervous."

Baugh's valedictory came in Washington on Dec. 14, 1952 when the Redskins—the team that Baugh built—knocked the Philadelphia Eagles out of a National Football League playoff spot, 27-21.

Baugh, who is also recognized in this part of the Southwest in the radio circles—he is also associate coach for the Cowboy rodeo team, which won the World Intercollegiate title last spring—says that the opening game with Oklahoma A&M, Sept. 19 in Stillwater, can't come too soon for him.

Baugh won't make a prediction

as to how the Cowboys will fare with their opponents this fall.

His reason for not going out on a limb is that he has been away from college football for "pretty good while." Baugh says that he will have a better picture of what the Cowboys will do when they

play a couple of games.

Baugh will tell you in a hurry though that D. C. Andrews, 6 foot, 150 pound double end, who is being boned around this cattle and oil country as the best football player the Cowboys have had since the days of two H-SU stars, Bulldog Turner and Ed Sprinkle, is a

pro prospect.

Andrews, incidentally, played his high school football for Sweetwater.

Baugh is also obich on Rodney Williams, a junior two year letterman left-halfback from Austin who ranked seventh in the nation last year in rushing, and Chester
