NEWS FROM STAFF

By Mrs. M. O. Hazard
Mr. and Mrs. Lonnie Crosby of Abilene were visitors in Mr. Crosby's parents home, Mr. and Mrs. Allen Crosby, from Wednesday until Sunday.

Mr. and Mrs. M. O. Hazard were guests Tuesday afternoon of their son, Maurice Hazard and a n d family in Eastland.

Mr. and Mrs. Weldon Hilliard and family and Rev. and Mrs. Ellis Hilliard and son of Comanche had supper with their parents, Mr. and Mrs. W. E. Downing, Thanksgiving Day.

Farmers of the community have just about finished harvesting their crops.

A large number of people from Staff attended the funeral of W. H. White at the First Baptist church in Eastland Thursday afternoon. Mr. White lived in this community for a number of years before moving to Eastland and has a host of friends here who mourn his departure and extend sympathy to the bereaved family.

Mr. and Mrs. J. C. Foreman, Kenneth and Allen of Olden were guests of Mrs. Foreman's parents, Mr. and Mrs. Allen Crosby on Thanksgiving evening.

Mr. and Mrs. William Hazard of Morton Valley were callers at the home of his grandparents, Mr. and Mrs. M. O. Hazard, Friday afternoon.

Rev. and Mrs. Jack Wester of Rule were the overnight guests Thursday of Mr. and Mrs. Allen Crosby.

J. W. Meines was a business visitor in Eastland Friday.

Mr. and Mrs. Maurice Hazard and Don of Eastland were guests Thanksgiving Day of her parents, Mr. and Mrs. R. A. Parker.

Mr. and Mrs. R. C. Reeves went to Wichita Falls Sunday to attend the funeral of a cousin.

Mr. and Mrs. M. L. Brashears of Lubbock were visitors in the Allen Crosby home on Friday.

Mr. and Mrs. Walter Duncan had Thanksgiving dinner with Mr. and Mrs. Buck Myrick in Cisco.

Mr. and Mrs. A. G. Crosby and Judy Beth of Burk Burnett spent the holidays with their parents, the Allen Crosbys, and Mrs. Bonnie Bennett.

The Maurice Hazard family of Eastland were visitors in the home of his parents, the M. O. Hazards, Sunday afternoon.

Mrs. Zona Griffin was able to leave the hospital in Ranger last week and is spending a few days with her daughter, Mrs. Slim Adams in Deadwood.

Wisconsin 'Union' Is 125 Years Old

MADISON, Wis.—A 149-ring "circus" has been performing here continuously for 25 years. The "circus" as officials like to call it, is a mixture of concerts, plays, social and square dancing, sports events and dozens of other activities all housed in one building on the University of Wisconsin campus.

The building is the Wisconsin Memorial Union, and the performers are students, faculty members and alumni who spotlight it by a 7-3-1 record, has played far better ball against far rougher opponents. Look for the Memphis-Ranger quarterfinal tilt.

Then comes our own Ranger-McCamey game. McCamey will have the advantage of a home field (including their own special yard) but we feel Coach Stubby Warden's eleven is a two touch-down favorite. We expect each team to hold the lead part of the game. We could be wrong, but we are putting it down, Ranger 27, McCamey, 13.

Pudack's (9-2) is our choice over unbeaten, untied Clifton. Clifton has a 10-0 record, but Pudack has the best team. We expect Pudack to be Ranger's semifinal opponent.

Lewis' (10-1) is our choice over White's (9-2). We can't see that either team is as strong as their records indicate.

The Leverett's Chapel-Cedar Bend game—in the lower bracket—pits two first rate eleven's. The game will be a close one. We see Cedar Bayou by one touch-down.

Then comes the Franklin-Luling affair. Luling is our pick without too much trouble.

We will string along with Deer Park (overrated) to knock off Palacios in a closer than anticipated match.

In the final tilt we go with Lyford over Crystal City by two touch-downs.

One suggestion on the above predictions. We won't bet the same way we predict. Wouldn't be smart of you to either.

See you at the ball game. Don't forget to plug Ranger on your trip. The Bulldogs are doing their part to make a name for the city, won't you?

By a 1644 order of the Massachusetts general court, workers at America's first successful iron works at Saugus, Mass., were exempted from military training and "watching for Indians."

Let's take a look at the Class A play-off games. We rank the Ranger tilt the most important and the Pudack-Clifton match—to be played Friday in Abilene—as the second most important.

Ranking next in line is the Lyford-Crystal City affair.

Sticking our necks out, we will pick winners in each of the Class A play-off games. Some are easy (or should be), and others are like the Ranger-McCamey game, rough.

In the upper bracket, which by the way is far rougher than the lower bracket, we pick Memphis over Sundown in a game being played at Plainview. Sundown has the best record, having won nine and lost two, but Memphis, with a 7-3-1 record, has played far better ball against far rougher opponents. Look for the Memphis-Ranger quarterfinal tilt.

Then comes our own Ranger-McCamey game. McCamey will have the advantage of a home field (including their own special yard) but we feel Coach Stubby Warden's eleven is a two touch-down favorite. We expect each team to hold the lead part of the game. We could be wrong, but we are putting it down, Ranger 27, McCamey, 13.

Eastland County Agent's Annual Report, Home Demonstration Clubs

By MRS. MILDRED CROW
Home Demonstration Agent
Eastland County

Eleven clubs with more than 190 members have participated in and encouraged the progress of Eastland County Home Demonstration Club work in 1953. The Morton Valley HD Club has increased its membership from 8 to 23, and the Pleasant Hill club has increased from 10 to 15 this year. Other clubs have also increased their membership.

The County HD Council met in regular session 11 times with an average attendance of 27. Mrs. H. C. Fridge has served as chairman after the resignation of Mrs. W. W. Fewell in April. There were 20 visitors at the November meeting.

Other council officers were Mrs. Bill Tucker, vice chairman; Mrs. Marshall Berry, secretary; Miss Willie Word, treasurer. Chairman of standing committees were: Mrs. M. W. Greiger, finance; Mrs. Carl Burns, EEE; Mrs. G. G. Crowell, yearbook; Mrs. Bulah Turner, recreation; Mrs. R. L. Justice, 4-H; Mrs. Bill Tucker served as marketing chairman until elected as vice chairman.

Nine of the eleven clubs have adopted patients at the Mexia State School and have sent boxes to them. Five clubs have packed boxes with clothing and food and given other assistance to local unfortunate families. Six clubs have had programs given by local 4-H Club girls. All clubs have sponsored several family or community nights, and four of them had demonstrations on artificial respiration at these meetings.

Thirteen HD Club women attended the Tri-County HD Camp at Lake Brownwood in July. All the clubs had Christmas parties and there were 80 members present at the Council Christmas Party. In observance of National Home Demonstration Week and the 50th Anniversary of Demonstration Work, the clubs had a county-wide picnic in which about 30 families participated.

Home gardens and living room improvements were the two major demonstrations carried this year. This was the second year of a program which will be completed next year. Thirty-six living rooms were substantially improved and 120 home gardens were planted by HD Club women.

One of the outstanding events of the program was Annual HD Achievement Day at which clubs and individuals entered exhibits based on the year's demonstrations. Ribbons and cash were awarded the winners.

Sawdust Shortage Leads To A Business

AKRON, O. — Lewis Miller's father-in-law ran out of sawdust for his meat market, so the 25-year-old man went into business.

Miller was surprised when he found that his wife's father Bernard Darago Sr. had to go to suburban Hartsville for his sawdust. He designed and built a machine to reduce wood shavings to sawdust and went into business in a barn. Trade was so good he soon left that building and set up a small factory.

He gets the shavings from lumber yards throughout the city. They are shoveled into the mouth of the machine after which they are passed automatically through row after row of knives.

The following clubs and council officers will guide the Home Demonstration work in Eastland County in 1954:

Council—Chairman, Mrs. H. C. Fridge; vice chairman, Mrs. Bill Tucker; secretary, Mrs. Marshall Berry; treasurer, Miss Willie Word.
Cheaney HD Club—President, Mrs. Bill Tucker; vice president, Mrs. Gene Ferrall; sec-trea., Mrs. Thelbert Jones; council delegate, Mrs. R. W. Gordon.

The building is the Wisconsin Memorial Union, and the performers are students, faculty members and alumni who spotlight the Union's halls with 149 varied recreational programs each year.
The Memorial Union, housed in a building originally costing more than \$2,863,000, is now worth \$8,000,000 as it moves into its silver anniversary year.
Alumni, faculty members and friends will gather in Madison to help the younger student generation light the gigantic 25th birthday cake.
While the current student body takes the building for granted, the older guests will spend a good part of their reunion reminiscing about the building and how it began.
The Wisconsin Union started out to resemble what a former university president, Charles Van Hise, called the "cradle of the British parliament."
Van Hise wanted to plan the union after the Oxford and Cambridge meeting halls. There future British statesmen were able to meet with their instructors in an informal atmosphere to discuss problems of the day.
Van Hise didn't have the remotest idea what his plan would lead to. For today the union has grown to be the fifth most valuable public building in the state, and it includes everything from a \$1,000,000 theater to an old-fashioned German rathskeller where beer and other refreshments are served.
The Wisconsin Union, the third oldest in the nation, has served as a model for similar buildings at other colleges, and for the many who used it during the past quarter of a century it will always remain "the living room of the campus."

Three Army Officers—Lt. Col. Joseph Siler, Major Milton Hall, and Major Arthur Hitchens—proved in 1924 that dengue, or break-bone fever, is transmitted by the mosquito.

One of the outstanding events of the program was Annual HD Achievement Day at which clubs and individuals entered exhibits based on the year's demonstrations. Ribbons and cash were awarded the winners.

Under the garden program demonstrations were given in how to plant gardens, seed treatment and seed boxes, cultivation and insect control, cooking and using green and yellow vegetables, and canning the right quantity of quality vegetables. Club women reported that they canned a total of 1,468 quarts of vegetables this year despite the drought.

The agent gave demonstrations on comfort in the living room, cleaning and care of the living room, storage in the living room, a background for the living room, and a good lighting demonstration was given by the home economist for a local power and light company. Two furniture refinishing workshops were conducted at which 16 pieces of furniture were refinished. One county-wide basket weaving workshop was conducted by Mrs. H. C. Fridge from Pioneer and Mrs. D. Ball from Cisco.

Council sent Mrs. M. P. Farnsworth, Mrs. John Love, and Mrs. John Nix to district THDA meeting in Brownwood. To the State THDA Convention they sent Mrs. Buck Maples, Mrs. Bulah Turner, and Mrs. M. P. Farnsworth as delegates.

One local leader and 3-4-H club girls attended District 8, 4-H Girls Camp. Barbara Moore, Gold Star Girl, and her mother attended Round-Up at A&M. Mary Carolyn Berry and her brother, Ralph, were district winners in the electric contest and attended state contest at A&M. There were a total of 460 girls enrolled in 4-H clubs last year in Eastland County. Their two major demonstrations were dairy foods and kitchens. 4-H Rally Day was held in April and there were 400 boys and girls present. County Judge John S. Hart presented county medals to deserving boys and girls. There was a picnic lunch in the park followed by a "Share the Fun Festival" in the afternoon.

There were over 500 girls enrolled in 4-H clubs this year and they are in the second and last year of the dairy foods and kitchen demonstrations. Their aim is to continue to "Make the Best Better."

The following clubs and council officers will guide the Home Demonstration work in Eastland County in 1954:

For His Christmas Stocking

Judy Lynn, lovely television singing star, knows one sensible answer to a woman's annual problem—what to get a man when gift-giving time comes 'round. Conventional things—shirts, socks, neckties—come quickly to mind but reveal no special thoughtfulness. On the other hand, good grooming articles are important accessories a fellow doesn't always remember to buy for himself. So Judy feels sure her young man will be pleasantly surprised when he finds this original and useful hairbrush for men in his Christmas stocking. Flexibility—the newest thing in hairbrushes—permits the brush to conform to the shape of the head with the slightest pressure.

New Era Club Program Honors Mrs. Hagaman

The New Era Club met Wednesday, Dec. 2 in the home of Arthur Deffebach. Mrs. E. Green, president, presided over business meeting.

Mrs. Howard Oliver opened the program with a poem honoring M. H. Hagaman and presented her with a corsage of pink carnations. Mrs. Hagaman then gave a most interesting report on the State Convention of the Federal Women's Clubs of Texas, the theme of which was "Free Enterprise."

In the course of the talk Mrs. Hagaman pointed out that free enterprise is the privilege to develop things which are worthwhile to the individual in any place and anytime the individual so desires. Mrs. Hagaman has attended three state conventions of the Federation. The New Era Club honors Mrs. Hagaman, annually, with Emma Whittington Woman Day in the early part of December.

The program closed with a rousing musical given by Jill Watkins, Anna Beth Deffebach and Susan Williams. Sixteen club members were present.

CHURCH NEWS

First Baptist Announcements

The "Great Commission" of the Lord Jesus Christ is "Go Ye", which is a personal message to each of His children. This text will form the basis of the message delivered by the pastor of the First Baptist Church Sunday morning at 11:00 o'clock. The Lord has commissioned each of his children to carry the message of "good tidings unto all the world." Come worship with us this Lord's day and see what the Lord has called you to do.

The Sunday school will be ready again at 9:45 for a large enrollment that has been continually growing these past few months. Scores of teachers and officers will meet in eight different departments to take care of the various age groups and public school grades for the convenience and spiritual growth of the individuals.

Training Union is growing and averaged 164 during November, an all time high for the year. Walter Arterburn and his workers are to be commended. Sunday night will find two adult departments assembling to study and to be trained in church doctrine and membership. The meeting begins at 6:30.

The evening worship hour begins at 7:30, with the pastor bringing a message based upon the "Religion during the Day of Jesus." Has Christianity changed? Has the New Testament Church changed during these 2000 years? Has the plan of morality, salvation, and social reform been lifted by the Spiritual power of God, or merely relaxed by the society of mankind? When the judgment comes and man is to appear before the throne of mercy, will man today be forgiven for more than he was 2000 years ago, or will the same principles of Jesus be used now as then. Come worship with us and you will receive a spiritual blessing.

Living Stones Topic At Rusk Church of Christ

The second lesson in the series on the subject of "Living Stones" will be discussed at the morning assembly of the Church of Christ, 225 South Rusk St., Sunday.

The assembly, which begins at 10:45, is preceded at 9:45 with Bible study classes for all ages. The evening worship assembly begins at 7. Another simple Bible lesson will be discussed at that time. This assembly is preceded at 6 with a Bible study for men and boys.

On Wednesday morning at 10, a Bible study for women is for all ladies. Like all other classes in the church, this is strictly a study of the Bible although an outline is used. The outline is for orderly study purposes only. It, in no way, is used to dictate the teachings of the Bible to produce predetermined doctrine of origin outside the Bible itself. This is followed by another assembly Wednesday evening at 7. Songs, prayers, and Bible study occupy this hour of work.

The Bible, as the only authority for worship and living, is stressed in every assembly of the church. Christ, and Christ alone, is honored as the head of this church. These assemblies are in worship to God and according to Bible instruction.

You will find a warm welcome when you attend the worship of these people. C. R. Mansfield, evangelist, said.

Third Week Of Prayer Session Second Baptist

The third in the current series of Week of Prayer programs was held Wednesday night at 7:30 at the Second Baptist Church.

The devotional period entitled, "We Have Come to Worship" was conducted by Rev. D. D. Brian.

The theme was "His Star Overcoming Godless Communism." The topic "Christ Overcoming Communism" was given by Eddie Squyres; "In Japan and Korea" by J. D. Nichols; "Throughout Southeast Asia and China" by Gene Falk; "In Latin America, Africa and Europe," by A. B. Avinger.

The closing meditation was given by Rev. Brian.

Women's Day At Christian Churches Sunday

Sunday, Dec. 6, will be observed as Women's Day in the Christian churches of the nation. At the 11 a.m. Morning Worship and Communion Service, Rev. A. Lynn Robbins, pastor of the local First Christian church, will bring his sermon upon this special theme. This day is set aside annually in recognition of the great service rendered to Christ and His church by the women who are active in the church's regular program. In Sunday's service several women from the Ranger congregation will take special part in the worship program. The service will have as climax the observance of Holy Communion to which all are invited. Every woman and girl in the congregation should make every effort to be at church this Sunday morning, said Rev. Robbins.

"The Trademarks of a Christian" will be the pastor's sermon topic for the Evening Church Service at 7 p.m. A regular part of these evening meetings is given over to the singing of the favorite hymns of the congregation and the evening meditations. The Lord's Supper is also offered for those unable to attend a morning service in the community.

The Church School, with classes for all ages, will assemble promptly at 10 a.m., and the Christian Youth Fellowship will meet at the church at 6:30 p.m.

A most cordial welcome awaits you and your family at the First Christian Church in Ranger. We are a small, friendly church whose main wish is to render a service of Christian fellowship to the community. Remember to attend the church of your choice this Lord's Day.

Brotherhood, First Baptist Meets Monday

The brotherhood of the First Baptist Church will meet Monday night at 7:00 in the lower auditorium and a supper will be served to all who attend, according to the president, Pete Brasler.

Morris Jefferies, program vice president has arranged a special program and will be of unusual interest to the men of the brotherhood. Corvis Beck will have several activities to report on the next several months.

This is a regular meeting and with the some 14 table captains a great attendance is expected according to Lewis Thomas, membership and attendance vice president.

Commitment Day for First Methodist Sunday

Sunday, Dec. 6, is Commitment Day for the Methodists of America. At First Methodist Church the morning topic will be: "What the Record Show." The evening topic is: "The Marks of a Christian." Sunday School at 9:45 a.m. Frank Deaton, superintendent. Senior and Intermediate Fellowships meet at 6:15 p.m. Evening service at 7 p.m. A cordial welcome to all to all of these services.

Plans are going forward for the rendering of a beautiful pageant on the night of Dec. 20. First Church has an abundance of splendid talent and a most interesting pageant is assured. The Sunday School is being assisted by both choirs in staging this Christmas pageant. Put this on your calendar now and plan to be with us on that date, says Rev. Finis Crutchfield, pastor.

The Women's Society of Christian Service will meet Tuesday morning Dec. 8, at 9:30 at the church for the Public Relations program with Mrs. James Townson as leader. Then on Monday, Dec. 14th, the society will have its annual Birthday Party at the church at 3:30 p.m.

Catherine Howell Circle To Meet

Members of the Catherine Howell circle of the WMU of the First Baptist church will meet at 2 o'clock Monday afternoon, Dec. 7 in the home of Mrs. Walter Baker, Jr.

All members are urged to be present.

Mother Defers To Daughter In Politics

Voters in Esperance, N. Y., narrowly missed the chance of having to choose between a mother and her daughter for the office of town clerk.

Mrs. Alice Markle, town clerk for the past eight years, declined the Democratic nomination for reelection because her daughter, Mrs. Esther Brown, was running for the office on the Republican ticket.

Mrs. Markle said she felt competition between mother and daughter is not justified in politics. "So, I stepped aside."

NEWS FROM CHEANEY

Mrs. Bill Tucker

Funeral services were held Friday afternoon, Nov. 27, 1953, for Ellen Tucker, age 73 years, seven months, who passed away at her home, Thursday evening, after a long illness. Aunt Ellen, as she was called by everyone, was one of the pioneer citizens of the Cheaney Community, having lived on the homestead, since 1900.

She was a member of the Church of Christ, obeying the gospel early in life, and her more than a half century of faithful service has been an inspiration to all who knew her.

Friday services were in charge of Pro. Max Crumley, minister of the Church of Christ, Ranger, with Morris Funeral Home of Ranger, directing the interment at Alameda Cemetery.

Her nephews were pallbearers and are Dave, Johnny and Herbert Love, Chris, Richard and Claude Tucker.

Survivors of her immediate family are one brother, John D. Tucker; one niece, Betty Tucker, who has been a constant companion through the years; another niece, Mrs. Rosa Love Miller of Muleshoe, Tex., whom she helped to rear from babyhood; a sister, Mrs. Ann Love; a sister-in-law, Mrs. Mary (Joe) Tacker; numerous nephews and nieces, including the above named, also survive.

The many beautiful floral tributes and the tender offerings of sympathy and understanding of friends and neighbors, in a living testimony of their esteem for her. Dearest gratitude to all, is extended.

Mrs. Ethel Rouch and Freddie spent four days with the Gene Rouch family in Holiday last week.

Mr. and Mrs. Marvin Hutton were in Odessa visiting relatives over the holidays.

Mr. and Mrs. James Roberson and son have returned to Olden after spending two years in the Far East. They are visiting Mr. Dave Vermillion, and Mrs. Young, her mother, in Ranger.

ed for such kindness in our hour of sorrow.

The Monroe Ainsworths had as their guests over the weekend, her brother, Mr. and Mrs. Fred Goswick and their granddaughter, Deannie Hughes, whose mother, Mrs. Margaret Hughes is a patient in the Ranger hospital.

Others were Mr. and Mrs. Vergil Goswick, Miss Bonnie Goswick of Ranger, and Mr. and Mrs. Lee Morgan of Odessa.

Mr. and Mrs. Hollis Snell of Carbon, were visitors Sunday in the home of her mother, Mrs. J. P. Strickler.

Mr. and Mrs. Don Kincaid of Cisco were Sunday afternoon callers in the John Love home.

Mrs. Bonny Highsmith visited recently in San Angelo, with her son, Carl Highsmith and wife, Pearl. She tells us that Billy Anthony Highsmith is now stationed at Camp Kilmer, New Jersey.

Mr. and Mrs. Dick Weekes of Comanche, and their children, Ann, Sue and Dickie, were supper guests of the Ben Freemans, on Saturday night, this included a visit with Mr. and Mrs. Hatley Dean, also.

Mrs. Minnie Walton of Brownwood visited her brother, W. E. Walton and family in Ranger for Thanksgiving, and with other relatives at Cheaney. She also attended funeral services of Aunt Ellen Tucker.

Visitors in the Sanford Lemley home for Thanksgiving were Mr. and Mrs. Heinz of Clarksville, Tex. Mrs. Heinz will be remembered as Martha Jarrett, and lived near Alameda.

Mrs. Lamar Perrin visited her parents, Mr. and Mrs. Jno. Shook in Rancier Sunday. Barbara, the small daughter, is reported feeling much better, after her visit to the doctor, who suggested having her tonsils removed, when she is older.

Drinking Cause Of 23% of Traffic Mishaps

"Drinking plus driving equals disaster."

This statement was made by Col. E. E. Tilley of Houston, president of the Texas Safety Association, as he discussed the holiday hazards program which is being conducted this month by the Texas Safety Association and the Texas Department of Public Safety.

"If anyone doubts the truth of this equation, I invite him to visit the local traffic court and look at the records," he said.

Col. Tilley said, "National Safety Council figures show that in 23 out of 100 fatal accidents occurring in the United States during 1952, a driver or a pedestrian had been drinking."

"Drinking is a big traffic safety problem at Christmas time," he said. "With all the parties and celebrations that take place around this time, there is much more drinking. And the trouble starts when people who have been drinking venture out in traffic."

He pointed out that it takes maximum alertness to stay safe in today's hazardous traffic. He said, "that since alcohol slows reactions and impairs judgment, it reduces alertness."

"And I want to make it clear,"

he said, "that pedestrians, as well as motorists, should not venture into traffic after they've been drinking. A pedestrian needs clear head every minute to protect himself from injury by cars. The slightest befuddlement can cost him his life."

Col. Tilley appealed to all citizens to protect themselves this holiday season by making arrangements beforehand for transportation to and from parties at which they know they'll be drinking. "Those planning office parties and other large gatherings," he said, "should be especially careful to make provision for transportation if alcoholic beverages are to be served at the affair."

STEP UP BEDROOM LIGHTING WITH ATTRACTIVE wall lamps

Do your bedrooms need more light? Then just pin a lamp on the wall to get the light you need for better seeing, and a handsome decorative effect as well. These easily installed lamps add the proper light for the personal make up, letter writing or reading that you do in your bedroom. And with your light pinned on the wall in attractive lamps, just think of the space atop desks, vanities and dressers that you can use for other purposes. Give your bedroom the better lighting it deserves, and add to the decorative scheme with room-brightening, pin-to-the-wall lamps.

For best results when using wall lamps, be sure lamps are placed 30" apart and 15" from top of desk, vanity or dresser.

KNOW YOUR WATERWAYS

What Is Economy?

THE PORT OF HOUSTON, SECOND LARGEST IN THE NATION, 50 MILES FROM THE GULF. VISION INITIATIVE. RESOURCEFULNESS.

A greater America tomorrow depends largely upon continuing harbor and channel development—but according to George H. Palmer, Publisher of The Marine News of New York, during the past two years such work has been allowed to dwindle to almost nothing.

For the fiscal year ending June 30, 1954, only \$3,144,000, a little less than three-fourths of one per cent of the Army Civil Functions Appropriation Bill is provided for actual harbor and channel widening and deepening in only eight states. The Nation has a coast line of some 30,000 miles (Great Lakes included) along which are more than 200 harbors with many of them needing more depth and area. Many channels need straightening, widening and deepening; many cannot be maintained for maximum use with the amounts being appropriated for that purpose.

Palmer says that real federal economy is efficient management, waste avoidance and spending that adds to assets and productivity. Waterway development of the past contributed tremendously to the America of today through its fine ports, harbors and channels. They are tremendously important in the economic progress of the Nation, vital both during peace and war.

Who knows what future harbors and channels may become indispensable to the Nation, and when? The Marine News says many of present cannot take care of modern deep draft vessels; those that can might not be strategically located or available at a critical time. More adequate harbors and channels and adequate maintenance are not only security safeguards; they are needed to care for the Nation's expanding industry and commerce and to accommodate larger and deeper vessels.

The natural harbors and channels of America are unrivaled in all the world. They are yet largely undeveloped. Unless it is realized that development and expansion have been almost completely abandoned and that a reasonable program must be resumed immediately, great potential benefits will not be available for many years.

Aline Goshell v. Troy Goshell, judgment.

West Texas C-C Sponsors Chemical Talk

A two-day conference on agricultural chemicals will be conducted at Texas Technological College January 13-14, 1954, according to a joint announcement by sponsors of the event.

The conference, which will include discussions on the use and effectiveness of fertilizers, herbicides and insecticides, is to be sponsored by Texas Tech, the Texas A&M College System, the Lubbock Chamber of Commerce and the West Texas Chamber of Commerce.

"We believe the conference will be valuable to agricultural interests of the entire region," R. M. Fielder of Abilene, chairman of the West Texas Chamber of Commerce agriculture committee stated. "We are going to urge that agricultural chemical retail dealers, county agents, vocational agriculture teachers, newspaper and magazine farm editors, chamber of commerce managers and agricultural representatives of banks, utility companies and railroads make special efforts to attend."

Dr. W. L. Stangel, Dean of Agriculture at Texas Tech, is chairman of the committee planning the event.

Christian Science

That the universe in its grandeur and order testifies to the harmonious control of God—a God who is Principle—is brought out in the Christian Science Lesson-Sermon for this week entitled "God the Only Cause and Creator." The Golden Text from Psalms declares (75:1): "Unto thee, O God, do we give thanks, unto thee do we give thanks: for that thy name is near thy wondrous works declare."

Mary Baker Eddy, the Discoverer and Founder of Christian Science, says of God: "He is divine Principle, Love, the universal cause, the only creator, and there is no other self-existence. He is all-inclusive, and is reflected by all that is real and eternal and by nothing else" (Science and Health with Key to the Scriptures 331).

This verse from Jeremiah also be included (10:12): "Hath made the earth by his power, he hath established the world by his wisdom, and hath stretched out the heavens by his direction."

Government of Law Is American Ideal and Practice

Nowadays we hear the term "Government of Law" from time to time. Few of us stop to think that this phrase means just what it says and that it is especially important to us as American citizens.

Judges get the law by which they decide the legal questions arising in a lawsuit from three sources: federal and state constitutions; federal and state statutes; and from previous judicial decisions and legal writings.

Lawyers say that if judges and juries were not bound by law and precedents—if in each lawsuit, the judge or juror could set up a private standard of rights and duties as a basis for deciding that case—no one would know in advance of the decision how he should have acted in a particular situation.

Because cases must be tried and determined on established and recognized public standards of right and wrong, we call ours a government of law and not a government of men.

Judges have access to statements of the law and know which apply to the situation involved in the lawsuit. So that justice may be done according to the law, it is imperative that the jurors in each case accept the law as the judge gives it to them.

For somewhat similar reasons there are rules governing the way a case is to be tried in court. These rules prescribe what must be stated in the pleadings, in what order evidence must be presented, what evidence is proper, what form questions must take, in what order lawyers are permitted to argue, what is permissible and what is not permissible argument.

If it were not for these rules no one could foresee what would happen during a lawsuit. It would be impossible to prepare properly for trial. No one would know, until the judge had ruled, what he should be permitted to say or do, or in what order. Such a situation would inevitably result in confusion and injustice.

The whole purpose of laws and rules is to insure equal justice by providing a single standard of rights and duties, applicable to all persons similarly situated.

(This column, based on Texas law, is written to inform—not to advise. No person should ever apply or interpret any law without the aid of an attorney who knows the facts, because the facts may change the application of the law.)

New Program For Nurses At TSCW In 1954

DENTON — An important development in the Texas State College for Women's program in the preparation of professional nurses in Texas has been announced by Dr. John A. Guinn, president.

The expanded program, to become effective in September, 1954, will for instructional purposes in the field of nursing education combine the extensive resources of TSCW with those of the new \$11,000,000 facilities of Parkland Memorial Hospital of Dallas.

"The proximity of the new Parkland facilities in northwest Dallas to the campus of TSCW will offer a complete integration of academic and professional studies and will provide for the continuous participation of students in campus affairs," Dr. Guinn said.

"This highly integrated four-year degree program of the TSCW School of Nursing will be inaugurated on the TSCW campus next fall. The present diploma course of the Parkland School of Nursing will be discontinued after a three-year period of transition beginning with the 1954-55 session.

Dr. Guinn pointed out that the charter of TSCW, written in 1901, listed the preparation of "trained nurses" as one of the prime duties of the college, but the development of this phase of instruction has been handicapped in the past by lack of an adequate hospital for teaching purposes.

As a result, the college has given preparatory academic instruction to its majors in nursing, transferred them to various hospitals for their professional preparation, and then completed their degree program in a fifth year at TSCW.

"Those who have been consulted in the planning stage believe that the proposed program represents an ideal in nursing education," Dr. Guinn said.

Special values are seen in the fact that TSCW, as the only state-supported college for women in Texas, draws students from the entire state, and will have the ability to direct many students into nursing in a time of desperate need.

Test Shoot Set On Doe

AUSTIN — The Director of Wildlife Restoration for the Game and Fish Commission said plans have been completed for the limited experimental harvest of doe in parts of Gillespie and Mason counties.

The season is from December 1 to 15, both dates inclusive. Between one thousand and eleven hundred antlerless deer have been earmarked for harvest in the two areas. The Commission is setting up the experiment allowed for taking of "antlerless deer" to cover unintentional shooting of young bucks whose antlers are not visible.

The Director of Wildlife Restoration said persons interested in the harvest should contact the Chambers of Commerce in either Fredericksburg for Gillespie County, or Mason in Mason County, since final arrangements are strictly on the local level.

Permits which will be issued directly by land owners restrict the harvest to one antlerless deer per permit.

The census leading up to the special season was supervised by Eugene Walker, Wildlife Biologist with the Game and Fish Commission.

Excitingly New — Enchantingly Novel HOLIDAY EGGNOG CAKE

Mrs. Tucker's "ummm—ahh—more, please!" Christmas inspiration. Lighter, richer, more moist and mellow with a piquant whisper of make-believe rum caroling "Merry Christmas" at each enticing bite.

- Mrs. Tucker's EGGNOG CAKE: 2 cups sifted cake flour, 2 1/2 teaspoons baking powder, 1 teaspoon salt, 1 teaspoon nutmeg, 1 1/2 cups firmly packed brown sugar, 1/2 cup MRS. TUCKER'S SHORTENING, 2 eggs plus enough milk to make 3/4 cup, 3/4 cup milk, 1 teaspoon vanilla.

Combine No. 1 and No. 2. Beat for 2 minutes at medium speed of mixer or by hand, counting 150 beating strokes a minute. Scrape bowl and beaters frequently. Then add No. 3, and beat as before. Pour batter into 3 round 9-inch cake pans rubbed with MRS. TUCKER'S SHORTENING and lined with wax paper cut to fit. Bake in a moderate oven (360 degrees) 18 to 20 minutes or until done.

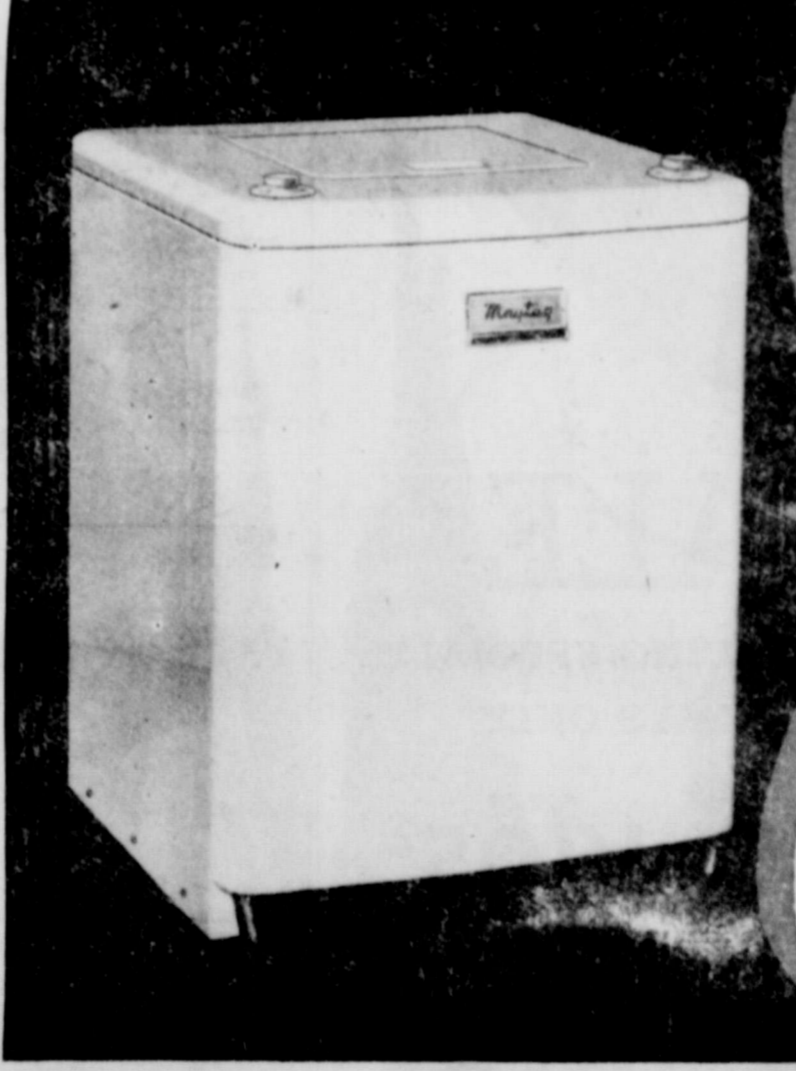

Spread cooled layers with custard filling in which about 2 1/2 to 3 tablespoons of rum flavoring has been substituted for vanilla. Frost with Seafoam Frosting or slightly sweetened whipped cream to which 1 to 1 1/2 teaspoons of rum flavoring have been added. Decorate top with crystallized red and green cherries and citron.

Completely Automatic Operation

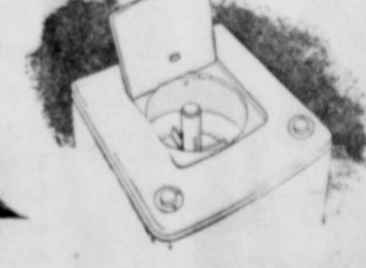

All your work is done for you! Just set two simple controls for time and water temperature. Your time is your own until you're ready to take out your clothes.

Gets Clothes Really Clean

Maytag's famous Gyrafoam washing action—the same action that has sold millions of standard Maytag washers—washes everything from lingerie to overalls with complete safety.

And It's So Easy to Operate

Top loading eliminates bending. When Safety Lid is raised, operation stops at once; starts again when lid is closed. Clothes can be added or removed at any time.

Pat's Patter

By PAT FERRIN

Hi, kids!
Oh! Oh! Girls, you had better be careful — chasing boys can be dangerous. There are "sailors on every port."

A big hearty congratulations goes to the Ranger Bulldogs for 1953 for breaking the Jinx. This was the first time that the Bulldogs have won Bi-District. (Some people may say we have won it before, but it can't be remembered.) Just because we won Bi-District is no sign we are stopping — It is On To State For The Bulldogs.

It was a great surprise when a former RHS student, Helen Keener, now of Jacksboro dropped in to spend the Thanksgiving holidays with Dia Ervin and myself.

During half-time Friday night of the Ranger — Albany football game, the RHS band presented the marching that won them First Division in the Marching Contest. It was good, Band.

The powerful Bulldogs will leave Friday morning for McCamey where they will attempt to trample them Saturday afternoon. We are with you all the way boys. The Bulldogs will stop in Midland and work out for the next days game.

The FHA is still in need of Christmas cards to send to the hospital in Austin. Come on, one and all and help the FHA out on this wonderful project.

Yes, Miss Mc, you had better see the Saturday afternoon game since you missed the Bi-District game. Goodness me — Teacher!!!

I see Mary Jo Sue survived the six-weeks test... I'm really glad — cause we will need all of you to yell Saturday afternoon. Thanks, Teachers for those "easy" tests!!!

The bookkeeping class is going in business for themselves. I'm afraid some of us will go broke, don't you Ralph Frank???

Thanks, Mr. Coody for the talk you gave us Wednesday in assembly. Some of us needed it! Kids, come on and yell — just don't sit there with your mouth SHUT!

The HE classes are cooking Christmas candies and cookies this week — uh, and maybe they will sell some — that is if they are "good" — we wouldn't want to get poisoned.

Seems like everyone is getting ready for McCamey with a "Paintbrush". The town will soon be painted with "Beat McCamey" signs!

See that Ann Wolford is sporting around a big diamond. That is a-goin' Ann.

What is this I hear about Eva Nell Harris and all of her boy-friends? It is quite a charm to have so many that you don't know what to do with all of them.

Corene Sutton, just because you used to live at McCamey no sign you have to sit on their side! If we catch you on that side — RANGER will be waiting for you with a paddle. How could you do such a thing, much less think about it!

See Maudie Smith's sailor is back in town AND up at school. Wesley what are you trying to do — fix up a broken romance?

Dorothy Joyner, did you enjoy Mary Keener's visit over the

Thanksgiving holidays?
ATTENTION: To All Band Kids, the band will be on their way to McCamey "early" Saturday Morning — 4 a.m. So get up and get goin'!

There will be no love-makin' on the band bus — get this kids!

There will be a student bus to McCamey Saturday so you had better get your ticket in a hurry — \$1.00 a round trip.

There was a pep rally Wednesday morn at 10:30 a. m. in the RHS auditorium.

There was a pep rally this morning at 8 a.m. before the Bulldogs left for McCamey. Another pep rally will be held later in the day in the RHS auditorium.

Dorothy Joyner will entertain some of our kids tonight with a TV party. Boy — there will be food, candy and drinks. What a time we will have!

Paul Hinds won the FHA "Beau" title. There was quite a bit of embarrassment about it — because it was the first time to have an FHA sweetheart. But now since it is started maybe we will have something new each year.

Plenty Of Holiday Birds At '52 Prices

NEW YORK — There are turkeys galore for the holiday season, at prices about the same as last year.

The National Poultry and Egg Board estimated the 1953 crop at 55,746,000 birds, compared with the 1952 crop of 60,657,000 an all-time high.

"Even with a smaller crop, there are turkeys galore," said Fred Smith, eastern manager. Twenty-three per-cent of this year's crop is of the small size bird, four to eight pounds, ready to cook.

Ring Found In Sewer Proves To Be Valuable

Eight years ago city employee James McLendon of Jacksonville, Fla., gave his wife a ring he found while cleaning out the city sewage system.

His wife, Victoria, wore it until the band broke recently. When she took it to a jeweler for repairs he looked at the ring and called police. The diamond and platinum ornament was worth at least \$1,000 he said.

Detective Lieut. R. A. Strickland checked Mrs. McLendon's story and told her to keep the ring. "Looks like her old man finally hit the jackpot," he said.

Three Brothers Meet After 20 Years
PAMELIA, N. Y.— The fall hunting season in the Adirondacks brought together three brothers who hadn't seen each other in 20 years.

The brothers, Ed, Eimer and John Davis, were hunting with separate parties when they met by chance near Indian Lake. Ed, 52, lives in Watertown. His brothers are residents of Brewerton.

The trio ended hunting temporarily and travelled to a hotel for a reunion celebration.

Either Way These Australian
SYDNEY, Australia—Nurses at the ex-servicemen's hospital at Concord can't say they have not been warned, if there's ever a fire. Notices in the girls' quarters carry detailed fire emergency instructions, ending with a grim: "Anyone failing to comply with this resignation will be burnt to death or discharged from the staff."

Quipped the national Australian Post magazine: "In a nutshell, any offender will be fired, one way or another."
