Louis, will arrive home Dec. 23 to Kate Cramer and Mr. and Mrs. ployees, which was held in Breckpend Christmas with his parents, Jack Mace and children attended enridge Tuesday evening. About He will be here until January 10. the annual Christmas party for 200 guests attended.

PRICE ISN'T ALWAYS THE DIFFERENCE IN FEED

Neither Is Protein Always The Difference

Production results in feeding depends on maintaining a strong, healthy body which is most essential in producing weight. Properly balanced feed keeps your flocks and herds strong, healthy and hungry. Quick development and production is a natural result.

UNIVERSAL RED CHAIN FEED

. . . is scientifically and practically proven superior—with properly proportioned protein, fats, minerals and vitamins.

Get your Maryland Club Economy TEST MIT

IS THE MOST ECONOMICAL FOR YOU TO USE . . .

No two people have exactly the same idea about the strength, or richness, of coffee. What may be a "strong" cup of coffee to one person may be a "weak" cup to another. But everyone can tell the comparative richness of brands of coffee simply by testing them to determine the degree of strength which each brand gives when prepared with an identical amount of ground coffee.

MAKE THIS EASY TEST

Step 1: Prepare a pot of coffee using Maryland Club and the Special Coffee Measure enclosed in this kit. For each cup, fill the measure only to the top of the yellow bowl but use the same

amount of water you ordinarily use.
 Step 2: Prepare a pot of any other brand of coffee. Use the same amount of coffee (up to the top of the yellow bowl only) and the

same amount of water you used in testing Maryland Club.

O Step 3: Compare the two cups of coffee, side by side. Note the richer color and aroma of Maryland Club. . . taste its richer, more full-bodied flavor. Now you know, as a result of your own tests, why Maryland Club is more economical to use . . . why you can use less of it than of ordinary brands to make a truly delicious cup of coffee.

One Ib. MARYLAND CLUB with Economy Test Kit

93c

Use Maryland Club with the special measure and get up to 15 more cups per pound . . . A saving of 26c to 37c per pound

LIKE MERCURY IN SUMMER—FARES KEEP COING UP—Newsmap shows another aspect of the high cost of living: the increasing cost of public transportation across the nation. Most systems find they are unable to make a profit with present fares even though most have doubled since the end of World War II. Many have been forced to increase prices in the face of considerable protest from the riding public.

Christian Science

That God, good, is the only power governing and protecting man and the universe is pointed out in the Lesson-Sermon to be read in Christian Science churche this Sunday, "Is the Universe, In cluding Man, Evolved by Atomic Force?" This is the question which comerises the subject of the Lesson. The Golden Text is from Hebrews: "Thou, Lord, in the beginning hast laid the foundation of the earth; and the heavens are the works of thins hands" (1:10).

The amnipotence of God is en phasized in various selections to he read from the Bible such a this one from Psalms (24:1): "The earth is the Lord's and the fulress thereof; the world, and they that dwell therein." The following statement by Mary Paker Eddy, the Discoverer and Founder of Christ an Science, will be included the correlative passages to be read from the Christian Science text book: "A material world implie mortal mind and man a creator The scientific divine creation de clares immortal Mind and the uni Mind creates and governs all, from the mental molecule to infinity (Science and Health with Key to

Gift Suggestions for Your Christmas Shopping List

GETTING your Christmas shopping done via a definite list is still the best method known. The worst (or most exhausting) way to shop is that of wandering into crowded stores with a list of names but no definite idea of what to buy.

If, for instance, you've the name of a college girl on your gift list, have an immediate look at this year's pretty costume-knit gloves. Some of these have trim in form of gay, floral designs. (Career girls wear them, too.) Other gloves have angora trim or glitter in form of pearls and brilliants

Little girls love dolls. When you can hand them dolls that both teach and entertain, you've chosen well. This year, you'll find available an eight-volume album of Americana that holds eight olls, each representing a tamous American heroine in an authentic estume of her era. Inside front covers of the albums contain ographical sketches. These albums are sold in supermarkets The men on your list will appreciate one of the new camera

flash outfits containing everything that's needed for indoor and outdoor pictures. At a small price, you'll get a flash model camera, lashholder with flashguard and batteries, eight flash bulbs and two rolls of film. The camera will make full-color pictures either by with flash The color pictures either by mlight or with flash. The set is packaged in a gift box.

You can combine a jewelry and perfume gift in one by buying for the glamor girl on your list a gilded perfume ball that pins to lapel or collar. It's filled with long-lasting solid perfume in a choice of seven scents: White Lilac, Tapestry, Strategy, Carnation, Gardenia, Yram or Song. And it comes luxuriously packaged in a Christmas list, there's this fillgold foil and ivory velvet box.

Measuring Values is Good Business-

The average American like you and me drifts along from day to day without giving much concern to the question of values. We buy anything, go where we please (sometimes too fast), and enjoy an almost unrestricted freedom unknown in any other land, without thinking. But the folks who are getting somewhere today are beginning to consider a n d measure values for what they are. Modestly, we suggest you do this before buying real estate without an abstract. It's a step in the right direction.
