### Homespun

By UNCLE BOB

Don't ever go in a Ranger restaurant and complain about the service. If you get tea instead of coffee, DRINK IT! I know, because I complained and here is what the consequence was:

I was dreaming about the hidden rivers of Canada where fish live, that have never been teased by a plug or fly when all of a sudden I awoke with a start, to find someone beating my door down. I raced to the door and there stood the management and staff of the Paramount Hotel demanding that I wait on the customers at the 5:30 bus and the 5:45 bus so that I would know how it feels to have people demanding for service. It was either I go or never go back to sleep so I put on a table cloth for an apron and slid behind the counter.

The waitresses for the morning posed on the stools and slowly drank coffee as I tried to wait on 25 customers at the same time and all of them trying to eat in the five-minute bus lay-over, My first customer asked for bacon and eggs and then changed it to scrambled eggs and when I raced back to Carl Barnes Post Number 62 of

with scrambled eggs he turned the American Legion has reached the 100th mark for new members and sideways and remarked changed my mind, I want them sunny side up". Once again I raced down the isle and into the kitchen filling up cups of coffer as I ran. Back with the eggs this time sunny-side up. Did he thank me? Why No! He was mad because I wasn't faster.

Carl Barnes Post Number 62 of the American Legion has reached the 100th mark for new members and still going strong.

During his administration, Commander Butler has stressed new members for the post and to lead the way, he personally signed up 100 new members and at once set a new goal for 120.

The 100th member was Charles I wasn't faster.

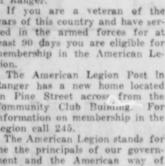

wasn't faster.

I made the first bus with one Milliken, manager of C. D. Hartleg dragging and braced myself nett Wholesale Grocery Company for Bus number 2. In they came like a bunch of cattle out of a chute. I fumbled for glasses of water turning over half of the ones that I had previously filled and glanced around the screaming men by largered out a protest. ing mob. I picked out a pretty little old lady with white hair, dressed neatly, sitting down at the Ranger has a new home located dressed neatly, sitting down at the end of the counter with an old fashioned purse in her lap. I ran up to her with a smile across my face (Strained) and asked her in a nice tone "what will you have mam?". With a sophisticated look (at 5:45 in the morning s h e whispered "Young man bring me a large howl of chili, leave off the members of the Legion are men who have protected the conshock to me, due to the hour of gressors. If you are a veteran you the morning and the person placing the order that I almost lost all of the food that I had consumed for the last six weeks.

With both hands on the counter to hold me up the bus finally pulled out. The old Lady? Believe it or not, she skipped out the door like a teen-ager.

The tire sensation in 1953! Now Goodyear

announces still greater

improvements!

## New 1954 All-Nylon Cord Costs only a few

dollars more than a standard tirel

Even more mileage

than last year!

No other tire at or near its price can match it!

- 1. Hits test curb at 55 mph! Not a cord broken! This is just one of the punishing tests this All-Nylon Cord Super-Cushion has taken! In fact impact blowouts are almost unheard of with All-Nylon Cord Super-Cushions.
- 2. Up to 12% more mileage! This mileage boost comes right on the heels of a 21% increase in 1953. Total . . . almost 1/3 more safe mileage than most motorists ever experienced before! That's a real saving in your

driving costs.

- 3. Quieter ridel 15% greater traction! That squeal on turns has been practically eliminated by a new anti-vibration tread design. And this new tread has 1806 inches of nonskid edges, 880 deep-cut safety slots for 15% greater skid resistance.
- Quieter ride less squeal on turnsl
- Much greater skid protection.

#### There's a big difference in Nylon cord! Only Goodyear has Triple-Tempered 3-T Nylon!

Nylon is the best tire cord - if the stretch can be controlled. To control the stretch in Nylon cord, Goodyear has developed an exclusive process of chemically treating the cord and then putting it through a triple tempering process involving Tension, Temperature and Time. The result — Goodyear's Triple-Tempered 3-T Nylon Cord — the Nylon cord that is fully controlled at its point of maximum strength and resiliency.

Get your All-Nylon Cord Super-Cushions now -see us for a liberal trade-in-deal!

## "A BRIGHT SPOT

IN TODAY'S COST-OF-LIVING"

There IS a bright spot in the cost of living-your electric service. For while the price you pay for almost everything you buy has gone up and up, the price you pay for electricity is about the same as 1940.

You've helped make this possible. Most folks have added many new appliances for better living. The average household today uses much more electricity than a few years ago.

Your increased use of electricity, our modern power system and the "know how" of the men and women at Texas

Electric Service Company are the biggest reasons we've been able to keep the price of electric service down.

The price you pay for electric service hasn't gone up like other living costs. If your electric bill is higher, it's because you're using more electricity to save time and effort and enjoy new comforts.

That's why your electric service, which does so much to make living more convenient and comfortable, is a bright spot in today's cost of living.

The Biggest Bargain In Your Family Budget

#### Festival Will Be **Held At Cisco**

A Share-the-Fun Festival will be held April 8th at 7:30 p.m. in the Cisco Junior High School gym with all acts staged by 4-H boys and girls from Eastland County, according to an announcement by Bob Williams and Jimmie D. Sturvant, Assistant Extension Agent. Purpose of the festival is to select the best number to participate the District Festival at Hamilon May 1. District Winners then compete at a Statewide festival at the Texas A&M College. The state winners may be awarded a trip to the National 4-H Congress Chicago by the United States Rubber Company, sponsors of the program.

A special 4-H Club committee met March 6 to make plans for the event. The program was dis-cussed and the group decided to hold the event in Cisco. Those pre-sent were Dan Jobe, Ralph Berry, Robert Bell, Bob Leveridge, Douglas Walker, Knicky Arthur, Billy Turner and Jerry Anderson rep-resenting the boys clubs. Representing the girls were Sue Stoker, Patsy and Cindy Fox, Shirley Fow-ler, Mary Caroline Berry, Janice Justice, Martha Walker, Charlot-te Hilley, and Jamie Stamey. Adults present were Mrs. Justice, Mrs. Walker, Miss Sturdivant and

Mr. Williams The Share-the-Fun Festival is a part of the overall recreation program sponsored by the rubber ompany. The program has been

### Iwo family cars are better than Onel

Over 400,000 families own two Fords and enjoy all the practical advantages and conveniences of two quality cars at costs not too much different than those of one expensive car. Yet in feature after feature Ford

NEW 130-H.P. Y-BLOCK V-8 It has a new deep-block Ydesign, a 5-bearing crankshaft and low-friction efficiency for . greater economy

Like the new V-8, it's of overhead-valve, high-compression, low-friction design. And its deepblock design gives smooth, que power and long engine life!

duplicates these expensive cars . . . as thousands know who have already joined the 2-Ford family fold.

Just think! . . . for the price you pay for just one car of some makes you can have two 1954 Fords. Whether you choose the new I-block Six or Y-block V-8, you get the last word in highcompression, low-friction power. And you get the greatest advance in chassis design in 20 years-new Ball-Joint Front Suspension. In Ford you get a new Astra-Dial control panel too, Center-Fill Fueling, suspended clutch and brake pedals and hull-tight Crestmark body, all exclusive with Ford in the low? price field. With this host of fine car features and many more, Ford offers you a car that's worth more when you buy it . . . more when you sell it.

Now more than ever THE STANDARD for THE AMERICAN ROAD
