The Weekly

WINDBAG

By The Office Loafer

To all who may have over-extended themselves in having a grand and glorious Fourth of July holiday, it is reported that Ranger drug stores have a good supply of medical preparations for the treatment of sunburn, bruises, chigger bites, wasp stings, poison ivy, headaches, and the dozen or so other after-holiday ailments.

Personally, I am afraid Police Chief W. G. Founds is headed for trouble. All indications are that he is about to get "took," and by a woman as that, and furthermore she is in England. At least she wants him to give her his badge. I sneaked in and listened a few minutes to gossip around the police station long enough to find out that something was amiss. Finally, I cornered the Chief and he broke down and confessed he did have a letter from a female, and to come clean with it all, he let me read it.

This gal who represented herself to be 20 years of age, (her handwriting looked older—that's the detective in me just creeping out), gave her name as Linda Betty Evans, with an address that will slay you — Hudwick Farm, Monkhopton, Bridgnorth, Shropshire, England. The excuse she gave for wanting the Chief's best Sunday badge, was that she is ill and makes a hobby of collecting policemen's badges in almost any way she can get them, and that her collection would be far from complete if she didn't get the Chief's badge. She wrote on fancy paper and really sugarcoated up her letter with sweet talk like Churchill would want another loan from the U.S. At last reports the Chief was still wearing his favorite badge.

Should you have any good books which are in the way around the house, why not donate them to the Ranger Community Library? Few people ever want to get rid of good books, but so often there is a problem of storage space, and they can be put to good use at the library. Mrs. Jameson, the librarian, reports that quite frequently someone thinks of the Ranger Community Library when they want to dispose of books and these gifts are always welcomed.

And, too, here's an idea of how to get rid of those favorite magazines of yours when you have finished with them. Why not call one of the ladies of the American Legion Auxiliary and get them to pick up the magazines for shipment to the Veterans Center at Temple? The Veterans Center is always asking for magazines of almost every type, and they are gladly received. You can call Mrs. Don Butler, president of the Auxiliary or Mrs. A. H. Powell, who has been a leader in the program of assistance to those at the Veterans Center.

It is too gosh awful hot these days to think of much else besides ice water and a cool shady spot, let alone think of football. It does, however, appear that some folks in Ranger are already looking forward to the approach of fall and football. One of these in particular is Mrs. Mae Belle Oyster, secretary-manager of the Retail Merchants Association. While making the rounds trying to pick up a little news the other day, I stopped by her office, and from her remarks she is already beginning to wonder what kind of teams are in prospect for the Bulldogs and the Rangers.

Definition of a landlord—one who is always calm and collecting. Yeg, that's what happens to me, cousin.

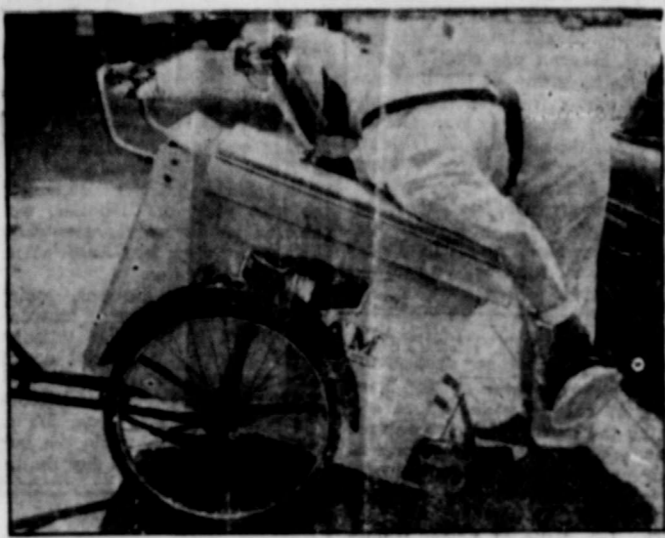

SEE DON PIERSON—Olds - Cadillac Before You Trade Eastland

WEATHER REPORT

WEATHER REPORT
SLOW DOWN and Live

GENERALLY FAIR AND WARM through Wednesday.

Beating The Heat

WHEN COOL HEADS ARE NEEDED—Frank Muss, ice cream vendor, has the solution. As the thermometer registered an appetizing 98 during a nine-day heat wave in Chicago, Ill., Muss often took a moment off for a deep-frozen moment of meditation while making his rounds.

HOT COOLING AID—Coolest place in Chicago, Ill., during a recent heat wave was near a sweltering-hot stockyard fire. Juanita Luna, 6, took advantage of a leaky hose connection for a cooling shower.

HEAT-HAVEN — There's no heat wave beneath the cooling waters of a lake near Excelsior, Minn., and Gene Lowell, member of the Minnesota Skin Divers Association, has donned helmet and breathing apparatus to go on a carp-fishing expedition in the soothing depths.

TOO HOT FOR SANTA — Dunder and Blitzen, heat-struck, veered way off their course and deposited Santa Claus in Chicago, Ill., right in the middle of a heat wave. While the deer are recuperating at an air-conditioned animal refuge, Santa spends his time fishing in Lake Michigan.

EASTLAND COUNTY RECEIVED SHARE IN TEXAS' GREATEST ROAD CONSTRUCTION PROGRAM

During the past five years, 52,560 miles of roads have been built in Eastland county, according to figures of the Highway Department, which were released today. The past five years, the Department reports, represents Texas' greatest period of road construction history.

The breakdown by counties as well as state totals prepared by the department showed that \$2,757,795.54 was spent in Eastland county for maintenance of present roads and for its share in the gigantic construction program.

Meanwhile in Austin Governor Shivers cited the impressive figures "as evidence that the state's construction program is giving Texas motorists the best roads that engineering can provide."

The report showed that 14,726.10 miles of roads added to the state highway system over the period covered cost \$575,158,577.32, more money spent for construction than in any other comparable period.

Figures also showed that Farm-to-Market roads came in for a lion's share of the total. The roads were named a priority because they give farmers needed routes

Georgia Man Injured Near Ranger Monday

The condition of B. J. McMurray, 44, of Alamo, Ga., was reported to be good this morning, following injuries received in an accident about 8:10 p.m. Monday, at Colony Creek, on highway 80 west of Ranger. He was carried to Ranger General Hospital with a compound fracture of the nose, head laceration, and bruises, and two broken ribs.

McMurray, a retired army man was reported to be enroute to Haskell, Texas, to visit relatives, and was driving a light pickup truck. It was reported to State Highway Patrolmen and local officers investigating the accident that McMurray was forced from the highway and down an embankment at the creek by another motorist.

His pickup truck he was driving is reported to have been badly damaged. It was taken to Eastland by a wrecker from an Eastland garage.

The person alleged to have been responsible for the accident, but unidentified was apprehended by officers near Abilene, but it was stated that McMurray declined to press charges against him.

Ranger Woman Hurt In Auto Accident Sat.

Mrs. C. S. Maddux, 403 N. Marston, Ranger, today remained in the Ranger General Hospital suffering from injuries she received in an automobile accident shortly after noon Saturday, July 3. Her condition is not critical.

The accident in which she was injured happened at the intersection of North Marston and West Walnut streets, when the automobile she was driving and one driven by Joyce Dempsey, daughter of Mr. and Mrs. E. L. Dempsey, 102 Lawrence street, Ranger, collided.

As a result of the impact of the two vehicles, Mrs. Maddux was thrown from her automobile, and the wheels of it passed over both legs, but no bones were broken. She also sustained a head injury. She was carried to the hospital in an ambulance from Killingsworth Funeral Home.

Both automobiles are reported to have sustained considerable damage.

CANDIDATE FIGHTS LOWER COURT RULING

The Eleventh District Court of Civil Appeals this morning began hearing C. H. Dawson's appeal of a lower court ruling which would strike his name from the ballot. Dawson is a candidate for Representative of the 74th Congressional District.

Judge Clyde Grissom, M. S. Long, and Cecil Collins will hear the appeal.

Last Thursday, 42nd District Court Judge J. R. Black ordered Dawson's name taken off the ballot. His decision came following a complaint filed by A. H. Powell charging Dawson had failed to file expense accounts with the Democratic Executive Committee of Eastland, Shackelford and Callahan counties. Dawson immediately filed an appeal.

Bell's Young Moderns Store Here 17 Years

Wednesday, July 7, will mark the opening of a sale at Bell's Young Moderns of Ranger, to celebrate the firm's 17th anniversary in Ranger.

Mr. and Mrs. Aaron Bell owners of the store, which has been serving this area for the past 17 years, have announced that they are offering a variety of money saving values as an expression of their appreciation for the splendid patronage they have received.

Mr. Bell points out that the business had its beginning at a time when goods were hard to obtain, but through the years they have been able to broaden their service to Ranger area by adding some of the nation's top lines and brands of merchandise. The sale will continue through July 17.

Kokomo Sets Homecoming

KOKOMO (TNS)—The annual all-day homecoming will be held Sunday, July 11 in Kokomo.

In addition to the regular homecoming, the Eastland County Singing Convention will meet that day here.

Lake Naming Contest Getting Favorable Publicity For Area

While Only Visiting—

"Tuffi," Mascot of Ranger High's Championship Team Was Object Of Early Morning Police Search

"Tuffi," the reddish-brown Bulldog, who last year was mascot for the Ranger High School State Championship Football team, was early today the center of a police search in Ranger.

Mr. and Mrs. H. P. Flowers, who just a few days ago moved to a new address, 314 South Hodges, shortly before 6 a.m. this morning reported that "Tuffi" was missing from his new quarters.

However, an hour or so later, he was found visiting in the neighborhood, apparently becoming acquainted with his canine neighbors in the vicinity of the new surroundings.

Mrs. Flowers reported that Mr. Flowers had constructed a pen for "Tuffi" which they thought would prevent him from leaving his new home until he became familiar with the change in residence. He pulled a "Houdini" act during the night.

"Tuffi" did not appear to be unduly disturbed over the fact that he had been tabbed on the police blotter as "missing."

MID-YEAR BANK STATEMENT FOR RANGER BANK REFLECTS UPWARD TREND IN BUSINESS

A favorable upward trend in business in this area is reflected in the mid-year financial statement of the Commercial State Bank of Ranger, following the State Banking Department call for an report of business as of June 30, 1954.

The statement reflects an improvement over business of three months ago, and is very favorable with the bank's statement of a year ago.

Deposits at the Commercial State Bank as of June 30 totaled \$2,296,603.86, reflecting an increase in deposits of \$112,054.78 above the report of April 15, 1954. The deposits at the bank on June 30, 1953, were above those of this year, but bank officials reported that this time a year ago a large amount of the funds for the building of the new Eastland County lake were on temporary deposit. The regular run of commercial and individual deposits, bank officials indicated, are higher today than they were a year ago.

Another favorable business trend is indicated by the loans and discounts shown by the comparison of the three statements. The current statement shows \$589,534.17 in loans and discounts, while in April this year, the bank carried an item of \$604,060.43 for loans and discounts, and in June of 1953, the amount was \$608,951.57. It is pointed out that the decline in loans reflects a better business condition whereby there is less need for assistance through bank loans, as well as previous loans have been repaid.

Published reports from other banks in this area reflect a similar condition as shown by the Ranger Bank's statement. Business men have hailed the improved financial conditions as favorable in the face of conditions which have plagued this section of Texas for a period of several years.

Importance Of Junior College Told By Ashton

Dr. Price R. Ashton, president of Ranger Junior College, as guest speaker before the Breckenridge Lions Club in Breckenridge, Friday, July 2, discussed the important part that junior colleges play in the educational system in America.

Dr. Ashton stated that the junior or two year colleges take high school graduates and condition them for higher academic work at the schools that offer the B. A., B. S., and other degrees.

He told how the junior college was able to give more personal supervision to its students than the large schools.

He declared that many of today's schools are not teaching the student the essentials that he needs to use for tools after his graduation. He said that everyone can have a part in improving the nation's educational standards and he urged each individual to support school programs.

The teaching profession has been under-rated in previous years he said. The nation needs more and better teachers today.

Firemen Have 'Hot' Hour Mon. Got 3 Fire Alarms

It was a "hot" hour for Ranger firemen Monday, when they answered three alarms within the space of 60 minutes.

The first call was a grass fire on Eastland hill at the edge of the city limits. No damage was reported.

The Name of the Lake Contest offering \$100 cash for the name to be chosen for the new lake of the Eastland County Water Board, currently sponsored as a joint project of the Chambers of Commerce of Eastland and Ranger, has produced a number of surprises, all of which are favorable, R. V. Galloway, Ranger manager, said today.

The contest will not end until July 15, but already both Chambers of Commerce have begun to catalog the entries which have been received to date, so that it will reduce the work of the committee of judges when the real task of selecting a name for the lake is undertaken.

Suggestions submitted are showing a lot of originality and certainly a wide variety. It appears that the judges will have anything but a limited field from which to select the name for the new lake.

The suggested names are being separated into several categories. It is found that there are a number of duplications of names submitted, and under the rules of the contest the entry bearing the earliest post mark will be the winner, in case two or more persons submit the same suggested name. The

post mark is carefully kept on each entry, and every precaution is being taken to avoid an error in the handling of the entries in the contest.

Among the surprises which have developed in the contest is the wide-spread publicity the contest has received. Entries have come from every section of Texas, from Louisiana, Oklahoma, New Mexico, and one from Fairbanks, Alaska.

When originally considered, it was thought that 500 entries would be a good return on a publicity program, but now both Herbert Tabner of the Eastland Chamber of Commerce and Galloway of the Ranger organization, predict that the entries may approach the 1,500 mark before July 15.

At noon today more than 1,000 letters had been received from over 200 cities and towns. It is noted that some of the letters have two or more suggested names for the lake, although the rules of the contest limit only one suggestion from each person.

It is being found that about 75 per cent of the persons who have submitted names have placed emphasis in their comments on either or both of two factors in connection with the building of the new lake. These are, the unusual cooperation between cities where competition is keen in civic rivalry, in working out a solution to their mutual problem, and the fact that these two cities, Ranger and Eastland have done it at home, without the solicitation of either federal or state funds.

In some letters, unusually strong emphasis is being placed upon the fact that the Eastland County Water District has accomplished a magnificent feat in building a lake and thus establishing an abundant storage place for water to supply present needs and insure future growth and development of the two cities involved.

Unfortunately for some contestants, their entries will have to be cast aside for the rules of the contest point out that no name will be considered if the name of either

(Continued on Page Two)

'Miss Ranger' Is Second In Cisco Contest

Miss Dorothy Dell Beck, who on June 26, won the title of "Miss Ranger of 1954" placed second in the "Miss Eastland County" contest held at Lake Cisco Monday night.

Miss Carol Deen of Rising Star was named "Miss Eastland County" before an audience of several thousand and estimated to be one of the largest groups ever to attend a similar show in Cisco.

Several hundred Ranger citizens attended the bathing review and water carnival in Cisco.

Score by Innings:

Team	W	L	Pct.
YANKEES	7	4	.636
GIANTS	7	4	.636
DODGERS	6	5	.545
INDIANS	2	9	.182

LITTLE LEAGUE TEAMS PLAY TONIGHT; YANKEES, GIANTS ARE TIED FOR FIRST PLACE

The three-way tie for first place standings in the Ranger Little League was broken Monday night, but the Yankees and Giants still remain deadlocked for the top position, as they won their games.

In the first game the Indians fell before the Yankees by a score of 15 to 10. In the second game the score was identical, 15 to 10 in favor of the Giants over the Dodgers.

The four teams play again tonight and again Thursday night, to wind up the three-a-week schedule of games, and next week will return to the two-a-week schedule.

The Indians started the game with a first inning rally that gave them four runs. The Yankees countered and tallied eight times getting most of their help on walks. Robert Ferguson of the Yankees hit a home run in the fourth inning.

In the second game, a heavy second inning drive of the

Diving Lessons To Be Offered At City's Pool

A new class in diving will begin at the Municipal Swimming Pool in Willow Park, on Wednesday, July 7, it was announced today. City Manager Les Crossley, said that the diving lessons would be conducted by Ralph E. Brooks, a new lifeguard at the pool. Brooks replaces Twister Polson, a lifeguard, since the current season opened.

The diving lessons will be free and only regular pool admission prices will apply. A beginner class will be held an hour each day beginning at 9 a.m. and an advanced class will be held from 10 a.m. to 11 a.m. daily.

A schedule of regular swimming classes was announced recently. John "Hoot" Gibson is pool manager, and Seldon Wood is lifeguard and swimming instructor.

Brother of Ranger Man Died July 2; Buried Saturday

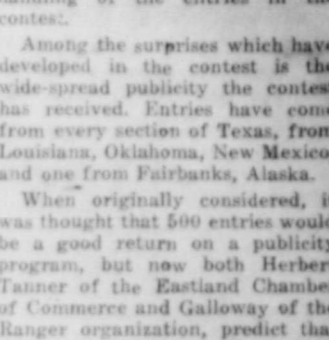

A former Baptist minister and brother of a Ranger resident, died Friday, July 2, at his home in Breckenridge. Funeral services were conducted Saturday at the First Baptist Church in Breckenridge by Byron William Goss, 66, who was born in Stephens county and spent his life in the county. His wife died in January 1953.

Survivors include one son, Homer A. of Fort Worth; three daughters, Mrs. William Kelly of Breckenridge, Mrs. J. L. Durbin of Post, Mrs. A. E. Bray of Odessa; his mother, Mrs. G. T. Goss of Muleshoe; three sisters, Mrs. Gene Guy of Houston, Mrs. Cecil A. Davis of Muleshoe, and Mrs. G. P. Russell of Alamogordo, N. M.; five brothers, John of Weatherford, Austin of Ranger, Carl of El Paso, Oran and Damon of Sandoval, N. M.; 8 grandchildren and one great-grandchild.

The election of all officers of the American Legion, Carl Barnes Post 69, is scheduled for the regular meeting of the Legion, Thursday night, July 28, at 8 p.m. Don Butler, post commander said today.

All members of the Legion are urged to be in attendance, Butler said.

WHO IS THIS?

From files that we have had in storage we found this picture that appeared in the Ranger Times at one time. Do you know who it is? Watch each Times issue for a new picture.

ANSWER: The picture which appeared in Sunday's edition is that of Richard Holger.

NAME--

(Continued from Page One)

er, or both Eastland and Ranger or any coined word based on the names, or parts of names of the two cities, is incorporated in the suggested name.

Despite the fact that some of the entries are disqualified because they do violate the rule against identifying it with either or both Ranger and Eastland, some of the suggestions are found to be interesting, as well as the comments, accompanying them.

East Range has been submitted several times but it incorporates parts of the names of both cities. Another is **Lake Texas Ranger, Raland Lake** is taking Ra from Ranger, and land from Eastland. **Telanger Lake** picks up eight letters from the names of the two cities. Another combination is **Ra-Eas.** A contestant suggested **Ranger Lake**, which is Ranger spelled backward. **R & E Lake** has been suggested. **Lake Rangeland** is another combination of parts of both city names.

A behind-the-scenes look into other letters finds many interesting and unusual suggestions, and comments. Many of them are centered on the theme of close cooperation between the two cities.

Lake P-therhood is suggested because "the two cities are so closely united in a common interest." **Good Neighbor Lake** has been submitted, because "both cities have demonstrated a wonderful good neighbor policy." **Lake Harmony** is another suggestion based on mutual cooperation. **Friendship Lake** is another on the same theme, as is also, **Lake Good Will.**

One entry read, "Ranger and Eastland need water; the lake needs a name. I need the \$100, and therefore suggest **Lake Necessity.**"

Lake Triumph is a suggestion because "this lake is a triumph—a magnificent triumph of man over nature, over barren and unprofitable acres. A dramatic triumph, too, over Uncle Sam's bizzare, endless and disquieting spending and meddling, indeed over man's insecurity."

One entry was not only for the

County Pecan Growers To Appear On Show

Four Eastland County pecan growers, together with the J. M. Cooper, county agricultural agent, have accepted an invitation to appear on the program of the Texas Pecan Growers' Association meeting at Fredericksburg on July 13 to discuss "County Pecan Shows and their value."

The first annual Eastland County Pecan Show, held at Cisco last December, attracted wide attention among growers, it was said. The Cisco Chamber of Commerce cooperated in sponsoring the show. It was believed to be the first county pecan show in the state in several years.

Cooper said that the dates for the 1954 show had been set for Dec. 11, 12 and 13 and that the show would again be held in Cisco.

Those to appear on the program with Cooper include H. A. Bible, Cisco; Lee Leake, Nimrod; B. B. Freeman, Ranger; and C. D. Simmons, Gorman. Simmons, incidentally, had the grand champion entry of nuts in last year's show with his exhibit of Western Schley pecans.

The county agent said a pecan tour is being planned in the county for the last week in August. The 1950 census shows that there are 1,200 acres of paper-shell pecans in the county.

Guests in the home of Mr. and Mrs. E. J. Noth over the holiday week end were Mr. and Mrs. Robert Weisen and children, Vicki, Brenda and Janice of Odessa; and Mr. and Mrs. E. W. Williams of Ivan. The Noth children, Jack and Linda returned to Odessa with the Weisens for a visit.

Mr. Tony Lewis, of Brownfield, is visiting his parents Mr. and Mrs. W. A. Lewis.

300 Attend Reunion At Thurber 4th

MORE than 300 persons, many of them former residents of this once booming city, were in Thurber Sunday for the annual reunion of ex-Thurberians.

Old settlers from as far away as Illinois, Kentucky, Virginia and Oklahoma attended. Oldest settler present was J. Y. Jordan of Eastland, a native of Thurber. The Texas and Pacific Coal and Oil Co. furnished cold drinks and lunch was served to all.

B. O. Morgan was elected president of the group at the business session which followed the luncheon. E. B. Morgan was elected vice president and Mrs. B. O. Morgan secretary-treasurer. All are from Weatherford.

C. H. Spencer of Breckenridge, J. R. Boggus of Eastland and Frank Arrendale and J. E. Tullos of Ranger were named on a special committee.

A host of resolutions, including one calling for a statutory amendment to establish uniformity of terms in district courts, were approved.

At present many small counties allow only two days for appeals of decisions, while the larger counties have a 10-day limit.

Seaberry To Head State Bar

SAN ANTONIO (Spl.)—Virgil T. Seaberry Sr. of Eastland was named chairman of the state bar's board as the 72nd annual convention came to an end over the weekend.

Seaberry is a prominent Eastland attorney.

Cecil E. Burney, past president, Corpus Christi; J. Glenn Turner, former president, Dallas and R. L. Kilpatrick, chairman of the unauthorized practices committee the past year, of Cleburne, were selected as Texas representatives in the American Bar Association's house of delegates.

A host of resolutions, including one calling for a statutory amendment to establish uniformity of terms in district courts, were approved.

At present many small counties allow only two days for appeals of decisions, while the larger counties have a 10-day limit.

Carbon Class Annual Reunion

CARBON (TNS)—The annual reunion of the 1933 Carbon Senior Class will be held at Eastland Park August 1 from 2 until 10 p.m.

W. C. Jordan of Imperial, Calif., spokesman for the group, said "Last year's reunion turned out very good and we wish to make it even better this time by having it on Sunday, as many could not make it due to their other engagements last year."

Exes who are expected to attend are Abe Hall, Dean Martin, Raymond McMillan, Bess Guy, Arline Pierce, Woodrow Mangum, Darrell Moore, Merlin Harris, Gay Everett, Maxine Fite, Veneta Mitchell, Virgie Jarrett, Pierce Scott, W. C. Jordan, Maynel Gilkey, Lucille Hagler and Edison Speer.

The families and friends of the ex-students are also urged to attend, Jordan said.

PRUNE YOUR HEDGES WITH CHEMICALS

If you are tired of the hard work of cutting your hedges and taking the time to make them look neat, you may have the answer to your problem soon. A commercial chemical preparation to "prune" hedges has been developed.

The July issue of Better Homes & Gardens magazine reports that the chemical includes maleic hydrazide, a growth regulator. So, the chemical actually cuts down growth, which eliminates some of the need for pruning.

Tests of the idea showed that plants sprayed produced less than one shoot for each square foot of top area. Hedges which were not sprayed with the chemical produced up to 40 shoots a square foot, 12 to 15 inches long.

Research indicates that a single spraying of the chemical will retard growth of the hedge for about two months.

INGROWN NAIL HURTING YOU?
Immediate Relief!
A few drops of **OUTGROW** bring instant relief from burning pain of ingrown nail. **OUTGROW** softens the skin underneath the nail, allows the nail to be cut and then grows further pain and discomfort. **OUTGROW** is available at all drug counters.

Now we enjoy summers at home... with our REFRIGERATED ROOM AIR CONDITIONER

...and her 3/4 ton unit costs less than 3¢ an hour for Electricity!

FREE Booklet

Answers questions about refrigerated air conditioners and evaporative coolers. Gives approximate operating costs — tells how to get the most economical service from cooling equipment. Come in or write for your copy — or get one from your air conditioning dealer.

"IT'S WORTH PLENTY TO US to be able to relax in a cool room when it's boiling hot outside. And we've found the cost to be surprisingly reasonable. Only about 50 cents a day when we run our air conditioner all day and part of the night in hot weather... less when we use it fewer hours. Believe me, I wouldn't go through another summer without my refrigerated room air conditioner."

YOU'LL AGREE that refrigerated room air conditioning is a real buy in comfortable living. The 3/4 ton unit has the cooling capacity of 12 household electric refrigerators. Yet operating cost averages less than 3¢ an hour. It's one of your biggest values in summer comfort

NEWS FROM DESDEMONA

By Mrs. Ethel Keith

DESDEMONA (TNS) — Tuesday night, July 6, at eight p.m. is the date set for a meeting of all officers and anyone who is interested in the annual homecoming to be held at the tabernacle August 10. Everyone interested is urged to come and make the homecoming long remembered.

Mitch Bailey remains a patient in the Strawn Hospital.

Mrs. Lora Abel was called to Valley Mills Sunday afternoon to be at the bedside of her mother who is reported quite ill.

Gene Lewis, son of Mr. and Mrs. Jode Lewis, returned home Saturday from a few days stay in the Gorman hospital.

Mr. and Mrs. Anse Brown visited Sunday evening in the Gorman hospital with Mrs. Clarence Jones.

Miss Nettie Lee Carls spent the weekend with Miss Lounelle Allen.

Miss Annette McMasters returned home Monday afternoon following a week's visit in Lamesa with relatives.

Linda Greenhaw returned home Monday after spending two weeks with her uncle, Ford Greenhaw, and family in Larenza.

Mr. and Mrs. B. E. Belyeu drove to Abilene Sunday to take a granddaughter, Sharon Grisham, home and another granddaughter, Joyce Grisham, returned home with them for an extended visit.

Irvin Fuqua and family of Corpus Christi visited Sunday with his aunt, Mrs. H. C. Abernathy.

Mr. and Mrs. C. M. Bratton of Henderson, accompanied by Mrs. Nora Robert Carnell of Odessa, visited Sunday afternoon with Mr. and Mrs. W. H. Davis.

The John Arnolds spent part of last week at Humble with a daughter, Mrs. Thomas May and family.

Visitors recently in the Troy Ash home were Mr. and Mrs. Leland Lane of Burkburnett, Clyde Ash and son of Bishop, Mrs. Eunice Moore of Corpus Christi and Mr. and Mrs. Dee Howery of De Leon.

Mr. and Mrs. Kenneth Wittie of Kermitt and Mr. and Mrs. Jim Doudlerstadt of Colorado, are visiting this week with their mother, Mrs. Lillie Wittie.

Mr. and Mrs. Tony Ash and Clyde Ash visited Sunday in Rochelle with Uncle Billy Stevens.

Julia Ash visited Sunday in De Leon with the De Howerys.

The J. J. Sparkmans purchased a new car last week.

Mrs. Ruth Craig spent a few days last week in the Gorman Hospital.

Mr. and Mrs. Kenneth Tate and sons and Mr. and Mrs. L. Z. Tate, all of Hobbs, N.M., spent the weekend here with their parents, Mr. and Mrs. Gordon Tate.

The Max Baileys have been visitors here with the Mitch Baileys.

Mr. and Mrs. Robert Abel and son Larry Bob and Mrs. Robert Miers of Oil Center, N.M., left for home Tuesday after a two weeks visit here with their parents.

The T. R. Wilcoxson family of Odessa spent the week here.

The Junior Echols baby who was stricken with polio several weeks ago is reported not much improved.

The J. F. Craigs family of Arizona is visiting here.

The Jiggs Rainey's have a new addition to their family. It is another boy.

Mrs. Hardy Tidwell honored their youngest son with a birthday party on Monday night. Little Guy

Tidwell was the honoree. Games were played and refreshments served to a number of youngsters. An enjoyable evening was reported.

Mr. and Mrs. Roy Ayers of Andrews visited part of last week with Mr. and Mrs. H. T. Eand.

Mrs. Nora Lane spent the weekend in Big Spring and Stanton with relatives.

Summer Thought

If you buy a puppy, plan now to spend amount of time with him, during the first few weeks. The July issue of Better Homes & Gardens suggest that you should be sure to have someone at home to house break him. Your dog should be aired five or six times a day, too, so he will learn the proper habits.

Here's a quick, summre salad from the July Better Homes & Gardens: Cut red-ripe plums, in six sections, not quite through. Spread open just enough to remove pita. Fill centers with cottage cheese. Serve on crisp lettuce. It's called Plum-blossom salad.

One out of every four cancer patients is saved now, says the July Better Homes & Gardens. And with the knowledge that specialists have today, that number could be doubled by early diagnosis and prompt, proper treatment. This indicates the importance of knowing cancer symptoms.

You don't have to do without pork, in order to stick to your diet, but you should be sure that it is trimmed very lean. Then, try to have a lower calorie meat at the next meal, suggests the July Better Homes & Gardens magazine.

Here's a summer salad idea from the July Better Homes & Gardens. It's called, "Two-tone Tomatoes": Turn tomatoes stem end down. Cut each from top, almost to bottom, in three slices. Insert one-fourth inch slice of smoked cheese in each cut.

Keep several cans of lemonade concentrate on hand for a speedy cool-off this summer. Try this recipe from the July Better Homes & Gardens: Use one six-ounce can frozen lemonade concentrate. Pour mixture over ice cubes and garnish with fresh mint and maraschino cherries.

PINK PARTY PUNCH Here is a recipe for cool refreshment from the July issue of Better Homes & Gardens.

The ingredients are: four cups of cranberry juice cocktail; two cups of unsweetened pineapple juice; one cup of lemon juice, fresh, frozen, or canned, eight seven-ounce bottles (seven cups) of chilled ginger ale. Lemon slices (to float on top of bowl).

Combine the juices and chill (in the punch bowl, if you have room in the refrigerator). Just before you serve, add ice cubes or an ice block and pour ginger ale slowly down the side of the bowl. Garnish with lemon slices. This recipe will make about three quarts.

BETTI'S BUDGET of HELPFUL HINTS

Nothing beats Grandmother's old-fashioned way of polishing mirrors and glass covers of framed pictures. Whatever preparation you may wish to use to wash these surfaces is okay, but Granny used either vinegar or ammonia in the water and then did her drying and polishing with crushed newspaper — yes, crushed newspaper. Try it!

Here's a Sunday morning specialty that makes an event of the sausage and egg course. Broil link sausages until brown, turning once. Meanwhile, remove crusts from thin slices of white bread, allowing one slice for each sausage. Roll browned sausages in buttered bread, fastening with wooden picks. Arrange on broiler pan and place under broiler flame just long enough to toast the bread a golden brown. Serve with fried egg.

It's important to keep flower containers clean. Use hot sudsy water to wash the bacteria away that accumulate in every vase. This should always be done before putting the containers away.

If tarts are your family's favorite dessert, why not give them a few surprise flavors? Cover bottom of baked tart shells with raspberry jam. Fill with vanilla ice cream and pile meringue on top. Sprinkle with chopped almonds. Set tarts on pan covered with four layers of heavy paper; brown in very hot oven one to two minutes. Serve immediately.

Use a quart milk bottle to mash berries and grapes when making jellies or jams. The bottle is easy to grip and it does not become stained.

Wedding Tip — Bridesmaids always meet at the home of the bride before going to the church. If they are from out of town, the bride's mother must find them accommodations either in her own home or with friends. They receive their bouquets at the bride's home.

Mrs. Murray Is Hostess To Child Welfare

The Child Welfare Club met Wednesday, June 30 in the home of Mrs. Blanche Murray for a regular business meeting.

Following the business session refreshments were served from a table covered with a maderia cloth and centered with an arrangement of pink maroon daisies and other cut flowers.

Guests attending were: Meses. J. E. Matthews, E. E. Crawford, M. H. Hagaman, Leslie Hagaman, W. D. Conway, W. A. Hotman and W. C. Palmer.

There were sixteen members present.

Elite Study Club To Meet Thursday Noon

Members of the Elite Study Club will meet at noon Thursday, July 8 at the I.O.O.F. Hall for a covered dish luncheon.

All members are urged to attend.

PERSONAL

Mrs. H. O. Woods and Mrs. Earl Brown have returned from a week-end trip. They first went to Midland where they visited Bobby L. Woods. After leaving Midland they went to Hobbs, New Mexico and visited the H. O. J., and family.

Barbara, Mrs. Woods granddaughter, Elizabeth, came home with Mrs. Woods.

Hot Weather Means Careful Food Handling

AUSTIN (Spl.)—Dr. Henry A. Holle, State Health Officer, warns that now hot weather is here, everyone should be careful in handling and storing food to prevent food poisoning. The organism grows best in foods that are quite fatty, such as ham, pork, salads or sandwiches with rich dressings, cream pies, cream puffs, or any food with custard filling. Keep this in mind when you prepare a picnic lunch or when anyone in the family takes a lunch to work during the hot months.

Symptoms of food poisoning usually strike quickly and explosively, and those who do not eat the contaminated food do not become ill. Usually from one to four hours after eating contaminated food, victims feel ill. If it is a mild case of food poisoning, recovery usually begins in eight to 12 hours, but victims may feel the

ill effects for several days. Usual symptoms of food poisoning are diarrhea, nausea, vomiting, abdominal cramps, and weakness. Whenever you feel these symptoms, be sure to call your physician. Do not wait, hoping it will wear off. Sometimes food poisoning causes death.

Careless handling of food before cooking or serving, improper home canning, storing food too long at room temperature, and improper heating of leftover foods are the main cause of food contamination. So, in order not to endanger your family's health, be especially careful in preparing and storing food. Never let a cut or sore place on your hand come into contact with food. Remember, don't take on a picnic or pack in a lunch, fat meats, salads with egg dressings, cream pies, cream puffs, or any food with a custard filling, unless you can keep them properly chilled until serving.

New admissions at the West Texas Hospital include: Mrs. A. A. Bowen, Snyder; J. F. Byas, Mrs. Carrah Norton and Albert Young, of Ranger; and Mrs. LaQuinta Ashcraft of Ft. Worth.

New Plastic Accessories Keep Kitchen And Bath Sparkling

It's difficult to keep the bathroom sparkling clean during hot summer weather when the youngsters all too frequently are running into the house for a drink of water or a quick wash-up.

It's difficult, that is, unless you keep the children out of the bathroom. Just equip your kitchen sink with a handy plastic tumbler holder and soap dish and let the young 'uns stop there to get a drink or wash their face and hands. You'll find it's much easier to keep the kitchen sink presentable than to constantly clean the bathroom.

The plastic tumbler holder and soap dish are amazingly inexpensive and easy to put up. They simply

stick to the wall and require no nails, screws, tools, or special glues. Here's how you apply these accessories, which are known as Selfix:

Moisten the adhesive-coated wood insert on the back of the accessory with a few drops of water. Then work the adhesive into a gluey consistency and place the accessory into position on the wall, pressing it firmly for one minute. Let the adhesive "set" for 24 hours and the accessory is ready for use.

These unique new tumbler holders and soap dishes will adhere firmly to any smooth wood, plaster, or tile wall surface because of their patented backing. They are

designed in a variety of five popular kitchen colors — white, red, yellow, green, and black. Other plastic accessories available with the same adhesive wood insert include one, two, and three-prong hooks, 12 and 18-inch towel bars, three-arm towel holders, toothbrush holders, and toilet tissue holders.

Vacation Motto 'Home safe Home'

"Home safe home," is not just a take-off on a well known cliché but a good common sense motto for vacationers.

A few pre-vacation precautions suggested by Norris W. Parker, manager of the Texas Insurance Advisory Association, may save home-owners both money and worry.

Vacations require a great deal of planning but your home deserves preparation for your absence as well — much more than putting the cat out. Remember a vacant house is a constant temptation to fire and theft!

A thorough job of housecleaning is number one on the list of safety preparations. A clean house, garage and yard can greatly reduce the possibility of fire. Such dangers as using water heater closets as storage places should be checked and corrected.

Outside doors as cabinet and closet doors on the inside should be locked. Then if a fire should start, it may be confined to one

room until it is discovered and extinguished.

Leave window shades up and blinds open so that a fire may be quickly observed by neighbors or passersby, Mr. Parker explains.

All appliances such as radios, television sets, toasters, lamps, etc. should be unplugged and refrigerators and home freezers turned down to vacation level.

Burglaries are almost as common as fires. According to national statistics, a burglary occurs somewhere, about once a minute, so make your home burglar-proof as well as fire-safe.

Accumulated milk bottles and newspapers are sure-fire tip-offs that the house is vacant. Notify your milkman and newsboy by letter or telephone and not by note.

Tell your neighbors when you leave so that they can keep an eye on your place and report immediately any trouble. The appearance of any strangers or suspicious persons should be reported to the police.

Don't tell strangers that you are leaving town. Ask your neighbors not to advertise your absence, either. Never allow strangers without proper credentials to enter your home. Many times thieves pose as salesmen or repairmen in order to "case" your house for future operations.

Follow these simple rules, Mr. Parker advises, and your home will be less likely to fall prey to one of these vacation day hazards.

PERSONALS

Mrs. Saunders Gregg has returned home after visiting her sister Mrs. Kelley of Waco. Mrs. Kelley has been ill.

Mrs. E. L. McMillan has had as her guest for the past week her grandson Danny Hinson of Strawn.

Miss Jo Ann Dennis, of Lubbock, is visiting her grandparents Mr. and Mrs. Joe Dennis and Mr. and Mrs. C. F. Jones.

Mrs. Walter Murray had as her guests last Wednesday, Mr. and Mrs. W. A. Holman of Ft. Worth.

Mrs. Walter Murray spent the week-end in Mineral Wells with her children Mr. and Mrs. Bill Houghton, Mr. and Mrs. Bobby Hickey. Another daughter, Mr. and Mrs. William Rawland, of Cleburne, will meet her in Mineral Wells.

Mr. and Mrs. Willis Clarke, Jr., Kay and Cynthia, and Willis Clarke, Sr., spent the holiday weekend in Snyder visiting the Horace Bosticks, Mrs. Clarke and Linda, who have been visiting there, returned home with them.

Mr. and Mrs. Billy Wayne Reid left this week-end for a vacation trip to Colorado.

Hospital Report

New patients at Ranger General Hospital are: B. J. McMurrey, Alamo, Georgia, medical; Mrs. G. S. Maddux, Ranger, medical; Mrs. Clyde Reid, Ranger, surgical; and John Hagar, Ranger, medical.

PROOF POSITIVE
MANCHESTER, Conn.—An insurance adjuster, John Van Housen, became convinced while investigating a dog bite claim. The dog bit him.
