

## Water Use In Ranger Drops During August

Water consumption in Ranger for August was over four million gallons under the peak period during the month of July, records at the City Hall show.

## Director Seeks Help In Finding Missing Music

Ranger High School's new band director, Sam Houston, today reported that he was in need of assistance in trying to locate missing parts of musical scores for some of the music for the band.

Houston said that in checking the library of music for the band it was found that a number of parts missing had one or more copies of parts missing. As there is a different arrangement of the musical score for each instrument the missing parts make music for the entire selection useless.

The band director appealed to former band members, and parents of former band members to advise him of any hand music sheets which they might find in their homes.

## March of Dimes Fund Receiving Late Donations

Prospects today indicated that the Emergency March of Dimes drive might exceed the \$500 mark. M-Sgt. Jess Cole, Eastland County Chairman for the National Foundation of Infantile Paralysis, said.

Cole reported that the sale of cold drinks downtown Wednesday at a stand operated by Dillard Jacoby in front of E. L. Martin & Sons netted about \$15.00 for the March of Dimes.

## 1954 Graduates - RANGER STUDENTS MAKING PLANS TO ATTEND COLLEGE

A check of the activities of the 1954 graduates of Ranger High School shows that the majority of them are going to continue their educational pursuits by attending college. Some have elected to begin business careers, now, or already have started during the summer but by far the most of them are seeking additional educational advantages.

As the opening dates for colleges and universities across the country approach members of the 1954 class will become widely scattered in a few days.

Many of the 1954 graduates of Ranger High School have chosen to attend Ranger Junior College, right in their own home town. They are Jimmy Arrendale, Roy Beahm, Ronald Carroll, Sue Carroll, Roddy Carter, Donnie Dooley, Diane Ervin, James Falk, Ralph Frank, Jenna Vee Hatton, B. H. King, Jr., Jimmy Long, Billy Mac Nichols, Pat Perrin, Cecil Lynn Robinson, Mary Ann Wallace, Farrell Buchanan and Pat Williams.

## Quarterbacks Get Several New Members

With the approach of the opening games of the fall football season, additional interest is being shown in the activities of the Quarterback Club, officials reported today.

More than 770 in membership dues have been reported to E. F. Arterburn, club treasurer, this week. The club has outlined a program of further assistance to the local football teams for this season and in order to accomplish this it will need the help of all old and many new members, Arterburn said.

## Former Ranger Resident Dies In Fort Worth

Word has been received here of the death of Mrs. R. C. Sudham, a former Rangerite. She died at 9:30 p.m. Tuesday in Fort Worth, where she made her home.

Funeral services will be held at 2 p.m. Thursday at Owen-Brumley Funeral Home in Fort Worth. Mrs. Sudham is survived by one son, Phillip and one daughter, Mrs. Raymond Steels, formerly of Ranger. Mr. Steedham died several years ago.

## McCotter Service Set For Monday

Funeral services for Mrs. Mamie McCotter, who died at 8:30 a.m. Monday following a long illness, will be held at 10 a.m. Monday in the Methodist Church in Olden. The body will lie in state at the church one hour preceding the services.

Rev. Alfred Nelson, pastor of the Olden Baptist Church will officiate. She was a member of the Methodist Church.

Mrs. McCotter was born in Lee Center, Mich. April 24, 1879. She was married to the late William McCotter in 1903. She was at the home of her son Max McCotter in Olden and had been ill for about four months.

Survivors include her son, Max; three grandchildren; two brothers, Howard D. Wood of Denver, Colo. and Louis D. Wood of Colorado Springs, Colo.

Burial will be in the Eastland Cemetery under the direction of Hamner Funeral Home.

Hardin - Simmons University in Abilene and Dan Mitchell has enrolled at Rice University of Houston.

Chico Mendoza and Tommy Hinds will grace the gridiron of Texas Christian University in Fort Worth.

Bobby Justice and Jimmy Wheeler are both going to Midwestern University at Wichita Falls, while Jerry Simms has enrolled at Texas University at Austin.

Bill Brazzo is attending Southern Methodist University in Dallas, where he is studying medicine.

Melba Burkin is planning to attend Texas State College for Women in Denton and Nelda Lou Caraway is going to Draughn Business College in Abilene.

## Lions Picnic Set For Lake Leon On Friday

Members of the Ranger Lions Club and their ladies have planned for Friday evening an outdoor picnic at the dam of Lake Leon. Members are requested to meet at 7 p.m.

This will be the first outing of any nature held at the lake since the dam was completed and the road to it finished.

Pete Brasher, program chairman for the club, said that the program tomorrow night would feature Mrs. David L. Norton, who with her husband, Dr. Norton are new faculty members of Ranger Junior College. Mrs. Norton will head the Speech and Dramatics department of the college.

The committee in charge of the arrangement for the ladies night picnic is composed of Ronald "Doc" Floyd Killingsworth and Rip Galloway.

The regular weekly meeting of the club scheduled for noon today was not held, with the picnic tomorrow being substituted as the meeting for this week.

Dr. M. E. Jolly, club secretary, said today that all members are requested to bring card tables and silverware to the picnic.

## HUNTING GOOD FIRST DAY IN COUNTY AREA

Eastland County hunters got off to a good start Wednesday with most of them reporting good luck. Thursday found the hunters waiting for the noon go-ahead signal for another shot at the gun-shy doves.

No accidents were reported in this area opening day to make the record even better.

Many of the hunters came back home with their limit the first day. Several could hold up all their fingers when asked how many they got. Others complained that there might be a lot of birds this season, but they couldn't find them.

Apparently there are a lot of native birds in the county and others have moved into the state enroute to their wintering grounds in Mexico and Central America.

Experts say the best time to hunt mourning doves is late in the day when they are moving to and from feeding and watering areas. They point out that the birds "load" in the shade in the heat of the day and do not move about much.

The favorite feed of mourning doves is grain seed, weed seed and seed of domestic grain such as red top cane, legari and other kind of small grain, according to the boys who say they know.

The daily limit is ten doves. Possession limit is the same. Daily shooting ends at sunset. Shotguns must be plugged to three shots and rifles are prohibited.

## IN HOMETOWN AMERICA

## Labor Day Highway Deaths May Be High

Labor Day, Monday, Sept. 6, will be observed as a general holiday in Ranger. This is one of the regularly scheduled city wide holidays, Mrs. Mae Belle Oyer, secretary-manager of the Retail Merchants Association has announced.

The long weekend of the final holiday of the summer season, usually is officially begun late Friday insofar as the counting of highway fatalities is concerned.

Both state and national organizations concerned with the reduction of highway death tolls, have issued appeals for safe driving on the long holiday period.

Advano's predictions place the estimated death toll in Texas during the three-day period at 30. It was pointed out that the chief statistician for the Texas Department of Public Safety had predicted the death of 31 Texans for the three-day July 4th holiday, and the final count was 22.

Nationally one public estimate has been 250 persons who will be killed in highway accidents between Sept. 4 and Sept. 6. Another estimate gives an even higher estimate, that of 450. Last year the estimated death toll was 449 for the Labor Day week and the final count was 495.

On the basis of past records and if statistical probabilities held true, this would mean about 12,600 persons will be injured. Ordinarily, the council said, there are about 35 injuries for every fatality.

The council's estimate covers the period from 6 p.m. Friday to midnight Monday. The council of the Texas Department of Public Safety, said in Austin today that the Public Safety Commission has officially set the dates for the new inspection period for autos under the provision of the State's Motor Vehicle Inspection Act.

Texas motorists must secure the annual inspection of their cars between Sept. 15, 1954 and April 15, 1955, according to the Commission Order.

At the same time George Busby, Chief of the DPS Motor Vehicle Inspection Division, said that the inspectors from his office have filed 106 cases against car owners who failed to have their cars checked during the current inspection period. These, he said, are in addition to those cases filed by members of the Texas Highway Patrol and by various local police departments throughout the State.

Unable to give an estimate of the actual number of violations for which arrests have been made during the 1953-'54 period, Busby said that he "believed the figure to be comparatively low" due to the fact that frequent spot checks indicate that Texans have conformed with the law "almost 100 percent."

A second bale from the Penn farm was delivered to the gin on Wednesday.

ferred eight "tips" for motorists who want to escape death or injury.

Stay close to home if you can. Extensive trips on high-speed rural roads increase your risk.

If you do go somewhere, start in plenty of time so you won't be tempted to hurry and take chances.

Keep your speed about the same as other cars on the road. Passing and being passed is one of the most dangerous highway maneuvers.

Don't try to pass a line of cars all at once.

Avoid sudden stops and lane changing.

Don't follow the car ahead too closely.

If you are returning from a vacation or resort with a heavily loaded car, remember that the extra weight may require more acceleration time and stopping distance.

Use extreme care if you are pulling a boat trailer. Drive slowly enough to keep it from whipping.

## Ranger Schools Begin Regular Session Today

### Football Forecast

### Huntsville Gets Favorite Vote To Repeat Title Grab In Class AA

The first annual Texas Football Guide, covering the activities of the 897 Texas high school football teams, reveals a prediction that Huntsville will repeat to take the Class AA title. This is the class into which Ranger was elevated after taking the state championship in Class A for 1953.

The new guide, published by Sports Publications of Lubbock, and compiled by Darrel Freeman, reveals the vote of over 400 coaches who answered the question "What school do you pick to win the state championship?"

In Class AA Huntsville got the nod by 20 per cent of the voters; Terrell was second with 13 per cent and 11 per cent of the coaches voted Comanche as a favorite.

Despite the fact that Ranger is out of Class A, 15 per cent of the votes favored Ranger to repeat its championship run in that class. However, for Class A, Wink was

### Bill Yung Back On Horned Frog Squad for 1954

According to reports from Texas Christian University, the Horned Frogs are expecting to see a lot of action from a Ranger guard during the 1954 football season.

He is Bill Yung, son of Mr. and Mrs. Ben Yung, who live on Highway 80 east.

Bill is a senior at TCU and is listed on the 1954 Frog roster as being six feet in height and weighing 210 pounds. The pre-season sketch on him states that he was a star lineman in high school and star of freshman team in 1951. He did not play in 1952 but lettered as substitute guard in 1953. "Big and agile, very good blocker."

The Frogs began drills Sept. 1, with 51 men reporting to Coach Abe Martin. This was five short of the expected squad of 55.

### Jim Carter Funeral Set For 10:30 Friday

Funeral services for Jim Carter, long time Eastland resident who died at 7 p.m. Wednesday at his home following a long illness, will be held at 10:30 a.m. at Hamner Funeral Home in Eastland.

Rev. J. C. Oglesby, pastor of the First Methodist Church will officiate.

Survivors include his wife, Jewel Carter and one son Jim Ed. Mr. Carter was the son of the late Dr. and Mrs. Charles P. Carter.

### Connellee Hotel Is Purchased By Dr. Claude Reeves

It was learned today that Dr. Claude L. Reeves of Oklahoma City, owner of the Victor Hotel in Cicero, has purchased the Connellee Hotel in Eastland.

### Mrs. Louise Dabbs Wins Clerk's Race For Crane County

A former Rangerite was elected to the office of County Clerk in Crane County as a result of the Aug. 28 run-off primary election.

Mrs. Louise Dabbs, daughter of Mr. and Mrs. Clyde Bond of Ranger, defeated her opponent, Mrs. Dorothy Pettit for that office.

Mrs. Dabbs was reared in Ranger and is a graduate of Ranger High School and attended the Ranger Junior College.

Crane is the county seat of Crane County.

### New Home Demo County Agent In Eastland

Eastland County has a new County Home Demonstration Agent. She is Minnie Mae Billingsley, a recent graduate of North Texas State College in Denton.

Miss Billingsley majored in vocational home economics, and is a graduate of Tuscaloosa High School. Having lived on a ranch most of her life, she is well suited for the job, county officials believe.

Her work in the county will deal with Home Demonstration Clubs and 4-H club work.

Miss Billingsley, the daughter of Mr. and Mrs. G. S. Billingsley of Tuscaloosa, said, "I'm really pleased with my new job. I've found Eastland to be a real friendly and cooperative place."

### Oral E. Davis Named Member of Eastland County FHA Committee

Oral E. Davis of Rising Star is the newly appointed member of the Eastland County Farmers Home Administration committee.

George I. Lane, the agency's county supervisor announced this week. The appointment became effective August 27. Davis operates a general farm.

The other two members of the three member committee are Leslie H. Hagaman of Ranger and Ewing Baker, Jr., of Eastland.

Each member is named for a 3-year term, and one appointment expires each year. No member completing a 3-year term can succeed himself.

Every agricultural county in the country has such a committee to help the Farmers Home Administration county supervisor adapt the agency's loan policies to local conditions including farm credit needs.

### Livestock Sale Will Be Held In Ranger Mon.

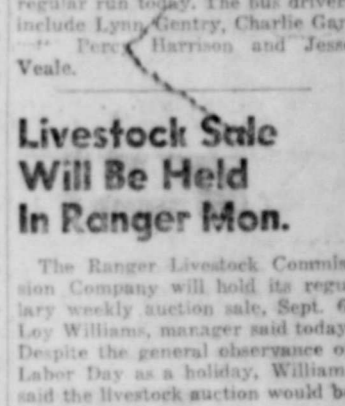

The Ranger Livestock Commission will hold its regular weekly auction sale, Sept. 6, at 10 a.m. at the Eastland County Fairgrounds. The sale will be held in the afternoon of Labor Day as a holiday. Williams said the livestock auction would be held as usual.

Before any money can be borrowed through the agency, an applicant must have the approval of the county committee. In the case of a farm ownership loan, the farm to be purchased, enlarged, or improved must also be approved by the committee, the county supervisor explained.

From files that we have had in storage we found this picture that appeared in the Ranger Times at one time. Do you know who it is? Watch each Times issue for a new picture.

ANSWER: The picture which appeared in Tuesday's edition of The Times was that of Bill Payton.

## Sports News

### Schreiner Institute Will Depend On New Material For Grid Team

KERRVILLE — Eight lettermen will form the nucleus of Coach John Hamberger's 1954 Schreiner Institute grid machine, with a number of promising prospects expected to round out the squad into a strong junior college contender.

Wednesday, September 1 is the day when scores of hopefuls will first show their wares to the Schreiner coaching staff, although some of them will start arriving on the campus this weekend.

Hamberger and Assistant Coach Mal Fowler expect to lean heavily on backfield leftmen Gene Leach and Jerry Sam Clifton of Wichita Falls; Pinkie Brown of Kerrville; Jon Harrell of Uvalde, and squadman Jarvis Wilson of Wills Point.

Four South Texans who will contribute their 332 pounds to the Mountaineer forward wall again this year include lettermen Ramon Ruiz of Kingsville; Harold Coates of Taft; Joe Marche of McAllen, and Bob Mangiberger of San Antonio.

Thirteen other linemen who will vie for starting positions at Schreiner are Bob Eddings and Carlos Rodriguez, Freer; Wallace Sloan, Taft; Bobo Wiegand, Edna; Jerry Flores, Raymondville; Charles Truitt, Larry Louis Kerns, Lloyd Hebert and Henry Waldren, Pflug Artur; Bob Freeman, Brazosport; Duke Braselton, Nacogdoches; Don Sachse, Wichita Falls, and Ray Fraser, Abilene.

Schreiner's backfield will be strengthened by newcomers Don Dodd, all-district quarterback from Port Arthur's AAAA Thomas Jefferson High team; Joe Glenn Williams, another Port Arthur quarterback who doubles at halfback; Joe Rimes, fullback from Lake Charles, La.; fullback Jimmy Robinson from Wichita Falls; Dick Stanford, all-district honorable mention quarterback from Dallas' Hillcrest High; Walter Schullie, halfback from Karnes City; Harold Turner, all-district halfback from Melvin, and Harold White,

another promising Melvin gridders who played on the freshman team at SWTSTC, San Marcos, last season.

The Mountaineers open the season this year with a home game in Autler Stadium against the Navarro College Bulldogs from Corsicana. They close the season with Ranger Junior College at Kerrville on Nov. 20.

### Longhorns Expect Tough '54 Season

AUSTIN — In less than a week the University of Texas Football squad starts preparations for what appears to be the toughest undertaking attempted by the Longhorns since they first went in for this rugged recreation 61 years ago.

Since that Nov. 30 inaugural in 1893, the Longhorns have played 545 football games and have compiled an all-time winning percentage of 72.2. They have not fared that well, however, against the opponents who will face them this year, nine of whom have been met previously.

The only newcomer on the schedule is Washington State. Texas has made 316 appearances against the other nine. There have been 204 victories, 97 losses and 15 ties for a winning percentage of .669.

Louisiana State and Notre Dame have been constant nuisances, while Oklahoma, the fourth non-conference foe, has been an irksome nemesis in recent seasons. Texas owns a 7-6-1 won-lost-tied record with LSU, a 1-3-0 mark with Notre Dame and a misleading 30-16-2 standing with Oklahoma.

The Sooners' current stature is much better represented by the fact that Oklahoma has won five of its last six meetings with the Longhorns.

Ed Price's defending Southwest

### NEWS FROM STAFF

By Mrs. M. O. Hazard

Rev. Jack Wester and wife from Rule were dinner guests of Mr. and Mrs. T. E. Pope Thursday.

Mrs. O. T. Hazard was the guest Saturday of her mother, Mrs. M. H. White in Eastland.

Mr. and Mrs. T. E. Pope and Mr. and Mrs. M. O. Hazard were in Ranger Friday evening, where they attended the Baptist Revival.

Mrs. M. A. Abel visited in Fort Worth over the week end.

The A. E. Fox family were Eastland visitors Saturday.

Friends here attended the funeral of J. W. Horn at the Church of God in Eastland, Monday afternoon.

### County Labor Day Golf Tourney Set

Qualifying rounds in the Eastland County Labor Day Golf Tournament will get underway Saturday at the Lakeside Country Club in Eastland.

A Pro-Am Tournament will also be held that day. Matched play will begin Sunday and continue through Monday.

Approximately 80 area golfers are expected to participate in the annual affair.

A barbecue is planned for Saturday afternoon.

### Humble To Give State Live TV Grid Telecasts

Addition of the American Broadcasting Company's program of live NCAA football telecasts to the 1954 football coverage by The Humble Company has been announced in Houston.

Humble has arranged to sponsor the games in Texas.

The scheduling statewide of an outstanding live telecast each Saturday will be stopped. In no case will men be enlisted for platoon football broadcasts on Texas radio networks.

The program will include 12 weekly games, starting with the Oklahoma-California meeting on Saturday, September 18, plus a Thanksgiving Day telecast.

Games involving Southwest Conference teams will include the Rice-Wisconsin, Texas-Baylor and SMU-Notre Dame contests. Other top football powers to appear include Michigan State, Ohio State, Illinois and Michigan from the Midwest; Georgia Tech, Maryland and Alabama from the South; Southern California, Oregon and Stanford from the Pacific Coast, and the colorful Army-Navy game.

The Humble Company's weekly statewide television program, "Texas in Review," will also show film highlights of the previous Saturday's outstanding Southwest Conference games.

The complete schedule:  
Sept. 18 California vs. Oklahoma

### West Texas Army Platoon To Be Formed

Captain Don L. Stewart, commanding officer of US Army Recruiting Main Station at Abilene announced today that he had received authority from Headquarters Fourth Army to enlist 40 men for the month of September 1954 as an Army Platoon.

These men will be enlisted on Sept. 27 in Abilene, placed on a chartered bus for El Paso and complete their entire basic training at Fort Bliss in the same platoon.

This authority is a guarantee that all persons enlisted for the platoon will remain together during training except in case of prolonged illness and other unusual circumstances.

Eligibility for the West Texas platoon is as follows: Male, age 17 to 35 without dependents and be mentally and physically acceptable for military service.

First come, first serve, will be the basis for selecting men for the platoon.

At such time that 40 men are qualified, enlistment for the platoon will be stopped. In no case will men be enlisted for platoon football broadcasts on Texas radio networks.

The program will include 12 weekly games, starting with the Oklahoma-California meeting on Saturday, September 18, plus a Thanksgiving Day telecast.

Games involving Southwest Conference teams will include the Rice-Wisconsin, Texas-Baylor and SMU-Notre Dame contests. Other top football powers to appear include Michigan State, Ohio State, Illinois and Michigan from the Midwest; Georgia Tech, Maryland and Alabama from the South; Southern California, Oregon and Stanford from the Pacific Coast, and the colorful Army-Navy game.

The Humble Company's weekly statewide television program, "Texas in Review," will also show film highlights of the previous Saturday's outstanding Southwest Conference games.

The complete schedule:  
Sept. 18 California vs. Oklahoma

Sept. 25 Iowa vs. Michigan State  
Oct. 2 Stanford vs. Illinois  
Oct. 9 Wisconsin vs. Rice  
Oct. 16 Oregon vs. Southern California  
Oct. 23 Pittsburg vs. Northwest-ern  
Oct. 30 Pennsylvania vs. Penn State  
Nov. 6 Baylor vs. Texas  
Nov. 13 Georgia Tech vs. Alabama  
Nov. 20 Ohio State vs. Michigan  
Nov. 25 Maryland vs. Missouri  
Dec. 4 SMU vs. Notre Dame

### Norman Durham Receives Doctors Degree From TU

AUSTIN (Spl.)—Norman N. Durham, son of Mr. and Mrs. Harold H. Durham, 909 South Seaman, Eastland, has been awarded the degree of Doctor of Philosophy in bacteriology with a minor in biochemistry at the University of Texas' August commencement exercise.

Dr. Durham will take over his new duties as assistant professor in the Department of Bacteriology at Oklahoma A&M College in Stillwater in the near future.

Mr. and Mrs. T. E. Pope were in Ranger Sunday where they went to hear Capt. Jasper Massagee, who brought the messages at both the morning and evening services at the Second Baptist Church.

Mr. and Mrs. M. O. Hazard attended the revival services at Mangum Baptist Church Saturday evening.

Mr. and Mrs. Maurice Hazard and Don from Eastland were the guests Monday evening of Mr. Hazard's parents, Mr. and Mrs. M. O. Hazard.

Mr. and Mrs. T. E. Pope were in Ranger Sunday where they went to hear Capt. Jasper Massagee, who brought the messages at both the morning and evening services at the Second Baptist Church.

Mr. and Mrs. M. O. Hazard attended the revival services at Mangum Baptist Church Saturday evening.

**Edification Hour  
Wednesday At  
Church of Christ**

The "Hour of Edification" at the Church of Christ, Mesquite and South Bush, was under the direction of O. G. Lanier, Wednesday at 7:30 p.m. The song service was directed by Pat Moseley. Morris George offered the opening prayer. Brother Crumley directed the study of the eleventh chapter of the book of Proverbs. The devotional period was closed with a prayer by Holcomb Greer.

Following the devotional period, a Teacher's Meeting was held under the direction of Bro. Crumley, who serves as director of the local Bible School. A review of the past year's work in the church school was given. The teachers were commended for their profitable work. A discussion was held concerning the promotions to higher grades which took place last Sunday. It was pointed out that the first Sunday in September marks the beginning of a new school year in the local Bible School. Teachers were informed of their new duties and responsibilities and the gravity of their work. New Goals were set before them and plans were discussed for a new campaign for an even higher enrollment for the new school term. The meeting closed with a high note of enthusiasm and spiritual fervor.

**First Baptist  
Business Women's  
Circle To Meet**

The Business Women's circle of the First Baptist Church will meet at 7:30 p.m. September 2, at the church.

All members are urged to be present.

**NOW YOU CAN LICK  
ATHLETE'S FOOT WITH  
KERATOLYTIC ACTION**  
T-4-L, a keratolytic fungicide, SLOUGHS OFF the tainted outer skin, exposing buried fungi and kills on contact. Leaves skin like baby's. In just ONE HOUR, if not pleased, your 40c back at any drug store. Today at Swaney's Pharmacy.

**Mister Peepers Goes to the Farm**

Wally Cox—TV's Mister Peepers—found a cross-section of his public on hand to welcome him when he visited his Michigan farm to take delivery of a new tractor. Fans who turned out included C. E. Krause (center above) general manager of Harry Ferguson, Inc., Jack Reese, president of Continental Motors, whose engines power Ferguson equipment, and the Dryden Outlaws, junior baseball team from the nearby village, who arrived complete with canine mascot. Cox has a herd of 30 Herefords on his 306-acre farm, and is collaborating with Michigan State College in experiments with bird foot trefoil on a 10-acre tract.

**Mid-Week Service Bible Comment:  
At First Baptist The Bible  
Reflects All Eras of History**

Wednesday night the regular schedule will be followed for the First Baptist as they return to normal. The covered dish supper will be served at 5:30 in the lower auditorium. Every one is invited to attend and bring a dish.

At 7 p.m. the departmental meetings will be held and by 7:30 the Hour of Inspiration will be conducted by the pastor. The message will be Conservation on Cynicalism. The mid-week prayer services are well attended and should be the object of each loyal and faithful member who can attend. Mrs. Geo. Robinson will teach the lesson during the departmental period.

The choir will have their regular rehearsal at 8:20. Mr. Lee Russell and Keith Langford direct the music of the church.

Everyone is invited to these services. The nursery is open.

**The Bible  
Reflects All  
Eras of History**

For Sept. 5

One of the things that has made the Bible's Old Testament so vitally related to human experience, and so persistent in its symbolism, is the fact that every phase of what has happened, and what is happening, to humanity is somewhere found in the record.

Periods and episodes of greatness, prosperity and splendor are interspersed in that history with periods of depression, deep suffering, and utter destruction.

What is amazing is that that ancient history, surveyed against present-day events and conditions, often reads very much like the Twentieth Century. The oppression of the Jews by a hostile

Pharaoh in Egypt can be compared with Hitler's attempt utterly to annihilate the Jews in Germany, and to extend that annihilation to every part of the world that he hoped to conquer.

So the Old Testament Scriptures have interest, vividness and significance for discerning readers today, that escapes those who have read them only as records of the past.

What is most deeply significant in those Scriptures, however, is that out of it, and in a world of slavery and bondage, they not only contain the essential idea of freedom, but they reveal the hope, power and persistent spirit of survival.

Not only is it significant that the spirit of freedom persists in a world of bondage, but religiously there is the miracle of the survival of faith, and the aspiration for truth and righteousness.

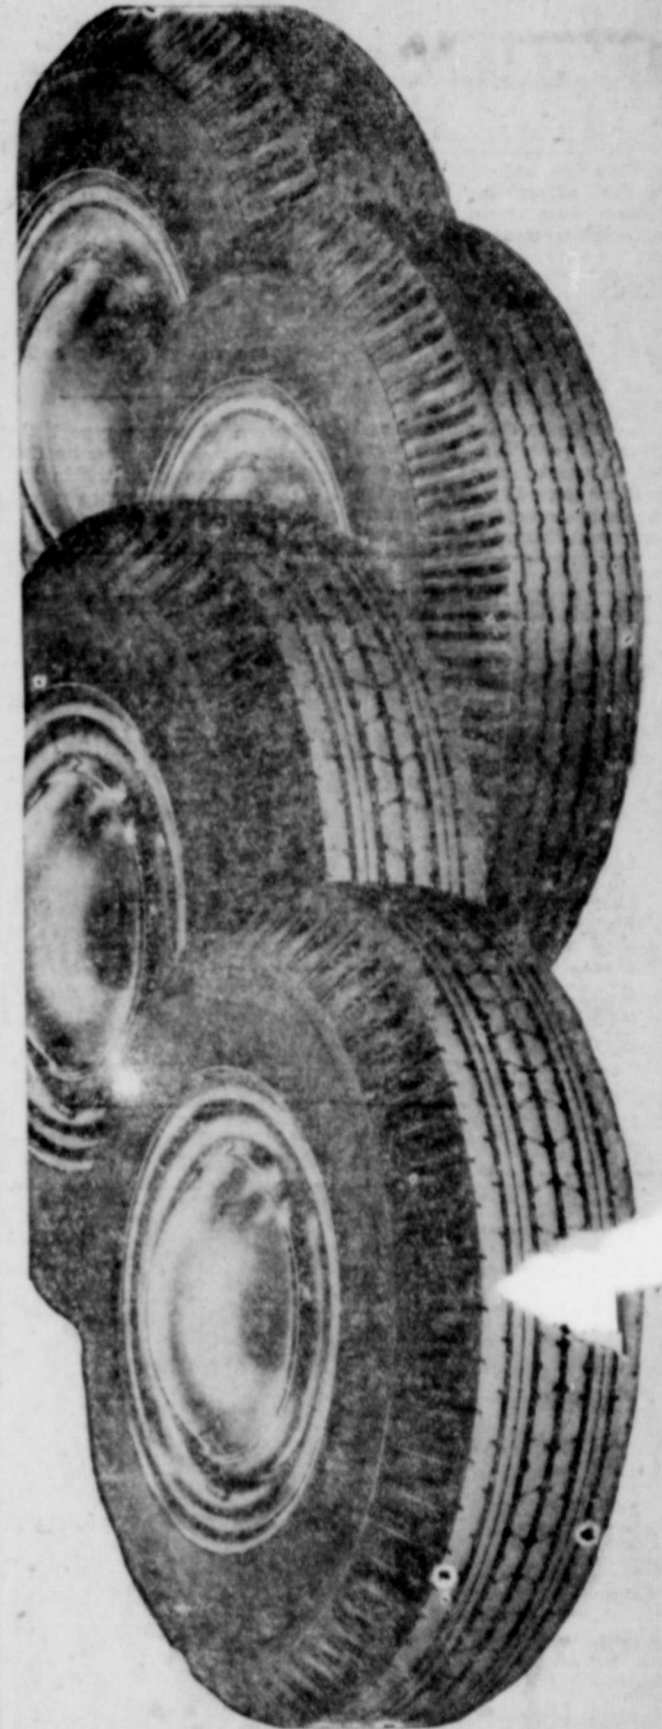

Despite the deep-dyed sins of nation and individuals, what shines forth is a pure and perfect aspiration for God, and a sublime devotion to the commonweal.

Air Force Major Arthur Murray recently broke the world's altitude record flying a Bell X-1A rocket plane to a height of about 90,000 feet. Exact height is a classified secret.

Mrs. Roscoe Hopper, C. W. Harris and J. E. Morris spent Tuesday in Fort Worth.

Mrs. Daisy Motley is back on the job at Motley's Grocery after an operation some weeks ago.

**First Baptist Adds Fifty New  
Members During Recent Revival**

The Big Tent Revival, sponsored by the First Baptist Church, closed Sunday night with a record attendance for a 15 day meeting.

Many thousands of people listened to Evangelist Clinton Brannon quote from memory hundreds of verses from the Holy Bible, each time he preached.

There was added to the church fifty members, twenty-six coming by baptism and twenty-four by letter. There were some twenty professions of faith who united with other churches in the city or

in other communities.

The total additions to the church this church year, September 1 to September 1, has been 185, ninety-three for baptism and 92 by letter. During the four years that Rev. Perkins has served as pastor there have been 560 members joining the church, 301 by letter and 259 by baptism.

The success of the recent revival has been due to the fine cooperation of the people of Ranger and of the pastors and other churches. Each church has in some way been benefited by the two weeks services.

The entire church organization has had a share in the program. The Sunday school departments, the Training Union departments, the Brotherhood and the W.M.U., all have made definite contributions.

"I have never found," the pastor stated, "A more loyal and faithful group of Christian citizens than we have in our fair city. Members of all faiths have attended, supported, and prayed for the success of the meeting. We bless God for each of our fine churches and pastors in our city. I love every one of them and want their continued support they certainly have mine. Evangelist Brannon won the hearts of hundreds of citizens of our city, by his forceful, dynamic, and spiritual preaching."

A statue, "Christ of the Depths" has been lowered to the floor of the Mediterranean at San Francisco, on the Italian Riviera. It marks the site of a century-old shipwreck, and mariners cruising past will be able to see it through the crystal-clear waters.

### At Bastrop State Park Outstanding Carbon 4-H Girl Tells Of Leadership Training

Editor's Note: The following story was written by Nancy Norris, daughter of Mr. and Mrs. G. A. Norris of Route 1, Eastland. Nancy was one of six county youths who won trips to the Texas 4-H Club Jr. Leadership Training Lab.)

By Nancy Norris

I would like to tell you a little about my trip to Bastrop 4-H Junior Leadership Training Laboratory at Bastrop State Park.

When the Eastland County group arrived at the park our cabins were assigned to us. The registration time was between two and four p.m. Monday. At four we had a lab meeting. The meeting was to tell us what all we were to do while in the Training Lab.

Each morning at nine we had a meeting to discuss how to better ourselves as Junior Leaders in our county. This discussion usually lasted two and a half hours. Dr. Dildine (a professor from Ohio) conducted this class.

In the afternoon we had a choice of two group classes. They were creative arts and nature study. In creative arts we drew pictures of different scenes around the park, also ash trays were made. Dr. Airman (another professor from Ohio) conducted this course.

In nature study we studied the soils of Texas. We took a tour to find fossils. There were some fossils found that were millions and millions of years old. They were found on the banks of the Colorado River some 12 miles from the park. Everyone enjoyed the tour.

In our next class at four we were

divided into groups. Some were in citizenship, ceremonial and night program. In citizenship we learned about the flag and took it to the group. In ceremonial we planned the inspirations for the group. In night program we planned the entertainment. In this way everyone participated in making it a more enjoyable camp. We also learned a lot of folk dances. These were very appropriate for an ex-campment such as this. We also had a talent show. Robert Bell and Robert Bostich participated in this for Eastland County.

Our swim time was at five each afternoon.

We had a flag raising ceremony at 7:30 each morning and our flag lowering ceremonies at 6:30 each afternoon.

Breakfast was served at 7:30, dinner at 12:30 and supper at 6:45. We had one cook out supper and one book-out breakfast. Both were enjoyable. When we ate in the mess hall, we had one jumper from each county that waited on one table.

I learned a lot from this camp to bring to my 4-H Club in Carbon, and I am sure everyone else did. Every minute of it was very wonderful and I would like to thank Mr. Cooper and Mr. Higgins, along with United Gas and Mr. G. G. Givson for giving me such a wonderful opportunity.

Western observers report that Communists are stepping up their antireligion campaign within Russia to discourage young people from embracing Christianity.

### Air Force Recruits For Month Of August Released

The Air Force Recruiting Station in Eastland announces the following enlistments for the month of August.

J. M. Bush of Ranger re-enlisting. He served formerly with the US Army. Leslie U. Haie re-enlisting. He was returning to AF duty.

James D. Jessop of Eastland; Don K. Wilks of Breckenridge; R. G. Gandy of Breckenridge; Lonnie Jordan of Graham; R. C. Thetford of Graham; Floyd R. Burgess of Graham; Robert Layman of Comanche; L. C. Stanley of Comanche; all of these men will go to Lackland AFB to begin the first of their AF career. Some of the changes that went into effect for AF personnel were 1. Two pay-days monthly; 2. A buddy system of enlisting; 3. and a much larger re-enlisting bonus.

For men interested in an AF career the Eastland Recruiting office is open from 8 till 5 Monday through Friday and from 8 till noon on Saturday. Sgt. Hoyle is on duty to guide and counsel any one interested in the Air Force.

### Develop Vaccine For Bluetongue Disease of Sheep

COLLEGE STATION (Spl.) — A vaccine for bluetongue is now in production in four commercial laboratories. In addition to some deaths, this sheep disease results in severe loss of weight, impairment of fleece quality, stiffness or lameness, and screwworm infestation.

Workers of the Texas Agricultural Experiment Station have made several contributions to the basic research on this disease. These include: (1) the first description of the disease in the United States in 1952, when it was called soremouth, (2) multiple isolations of the virus from Texas sheep, (3) preparation of an experimental vaccine against Texas strains, (4) confirmation of the South African work which incriminated the *Culicoides* gnats as a transmitter or vector, and (5) discovery that a certain new antibiotic renders the bluetongue virus ineffective when studied in test tubes and chicken embryos.

This work has been centered at the Sonora Station and directed by Superintendent W. T. Hardy and D. A. Price, associate veterinarian.

According to Dr. C. M. Patterson, Extension Veterinarian, the vaccine now available commercially is a cooperative development by the USDA, the state of California, and private companies based on earlier work done in South Africa. Although it contains the live virus, it is intended to be harmless to sheep but should immunize them against the known strains in both Texas and California.

Now that a vaccine against bluetongue is in use, it will be important for the Texas workers as well as others to watch for the appearance of any strains against which the vaccine fails to protect. If such strains appear, they can then be isolated and incorporated in the vaccine for the following season.

### NEWS FROM CHEANEY

Mrs. Bill Tucker

The Cheaney and Alameda neighbors and friends were saddened at the passing of Mrs. Galloway of Ranger, mother of Olive Galloway, of this community. Mr. and Mrs. Galloway moved to Ranger a number of years ago, but occasional visits were made back to Cheaney, where the family once operated a farm and sent the children to school.

Mrs. Galloway was laid to rest in the Alameda cemetery, Sunday afternoon, Aug. 29, following funeral rites at the Killingsworth Chapel in Ranger. She had not been too well for a number of years, but her sudden demise Saturday morning, of heart attack, was unexpected.

All Alameda-Cheaney community extends sympathy to the Galloway family.

Mr. and Mrs. J. B. Blackwell and family, and his mother, Mrs. Jess Blackwell who resides with the family, moved to Ranger the past week, to make their home. The elder Mrs. Blackwell states that she will look after the children while their mother is employed during the day. Cheaney will miss this family from church services and community, also.

Mrs. Bill Tucker attended the district eight 4-H Dress Revue, Friday Aug. 27, at Stephenville. Eleven county winners from district 8 were presented in a style parade at the Tarleton Agricultural auditorium, by the county home demonstration agents of the various counties, under the supervision of Miss Annie Lucy Lane, district 8 agent. Winners from five counties, Bosque, Hill, Burnet, Hamilton, and Milam, will model their garments at the state finals soon.

The girls are Elaine Huse, Bosque Co.; Dorothy Hlavaty, Hill Co.; Linda Edminston, Hamilton

### Texas Boy Designers Win

WINNERS in the annual model car competition of the Fisher Body Craftsman's Guild are Bobby Martinez (upper right), of Waco, who took first state honors in the Junior Division (ages 12 through 15), and Anthony K. Mauldin of Fort Worth, whose beautiful model car won first in the Senior Division (ages 16 through 19). Each received a cash award of \$150. Both boys' models went on to take regional honors and a chance to win a university scholarship in the national competition.

Co.; Betty Sue Alexander, Burnet Co.; and Bernice Fischer, Milam county.

### Mangum Baptist Church Celebrates 50th Anniversary

MANGUM — The Mangum Baptist Church will celebrate its 50th anniversary with a homecoming Sunday, Sept. 5.

A basket lunch will be served at the noon hour and a full days program has been planned.

The sermon will be at 11 a.m.

### Okay To Wash Permanently Pleated Skirts

COLLEGE STATION — Wash permanently pleated skirts without working if the skirt contains 50 percent man-made fibers. Drying is the key to sharp, firm pleats!

Most permanently pleated skirts are made of blended fabrics—such as cotton and wool blended with man-made fibers. If the skirt contains 50 percent man-made fibers, it's washable says a report from the United States Department of Agriculture.

Hot water and mild soap or detergent won't harm plants or fabric. Laundering may be done by hand or machine.

But do not spin-dry or wring the skirt by hand!

Two ways of drying are effective. Let the skirt drip-dry and finger-press pleats after some of the moisture has dripped out. The other way will prevent water from stretching or pulling the skirt out of shape. Lay the skirt flat on a towel and pat out excess moisture before hanging the skirt straight for final drying.

Follow the manufacturer's label on skirts or material as a guide to care and washing of the fabric.

SHE STILL SHINES—Esther Palston, blonde beauty of the silent screen, who was known as "the American Venus," is now Mrs. Esther Lloyd, a grandmother, and the one-woman office force of the Seventh Church of Christ, Scientist, in New York City.

### Hospital Report

New admissions at the Ranger General Hospital include Mrs. M. G. Smith, surgical, Ranger; J. O. Harris, Cisco, medical; and Mrs. H. D. Royce, Gordon, surgical.

New patients at the West Texas Hospital are Mrs. Ann Basham and Mrs. Santos Martinez.

This young gentleman smiles over his breakfast of orange juice, whole wheat flakes with prunes and milk, buttered French toast and honey, and hot milk beverage. A month of breakfasts like this and his report card will be better. A new scientific study of boys 12 to 14 years of age, made at a distinguished medical school of a leading mid-west university, has shown that boys get better grades, do better work, and have better attitudes from better breakfasts.

Of special interest to mothers who are re-establishing eating habits and regular meals after the vacation period are these conclusions from the experiments:

1. Maximum work rate and maximum work output were significantly less in the late morning hours during the period when breakfast was omitted.
2. It was the consensus of the school authorities that the omission of breakfast exerted a significant detrimental effect both on the attitudes and scholastic attainment of the boys who followed this practice during the time they were in school.
3. The subjects showed no significant change in body weight whether they ate no breakfast or a basic cereal breakfast, so long as their total caloric intake per day was not changed.

The conclusions drawn from the study of boys 12 to 14 years of age not only confirmed many of the findings which applied to young women and young and old men, but demonstrated that, for the most part, the good breakfast habit is a sound nutritional principle that applies to teen-agers and the young and old alike.

A basic breakfast pattern, readily adapted to individual and family needs, provides 1/4 to 1/2 of the day's total food requirements and makes a good contribution of most essential nutrients. It includes the basic foods—fruit, breakfast cereal, milk, bread and butter. These foods form a nutritional basis for an adequate breakfast.

### Shade Trees Need Help In Dry Weather

Shade trees sapped by another summer of sparse rainfall need a little help from their owners.

An ailing tree's condition can be improved greatly with water and fertilizer, says G. M. Watkins, extension pathologist at College Station. To accomplish this, build a circular dike around the tree to hold water four inches deep in the basin. The diameter of the basin, says Watkins, should approximate the size of the tree's shade canopy.

A dike six foot in diameter is suggested for very small trees and shrubs.

Spread a commercial fertilizer over the soil within the dike. The formula and application rate depend upon the inherent fertility of the soil. As a starter, one pound of 3-10-5 or 8-8-8 to every 100 square feet of surface is recommended.

Fill the basin to a depth of four inches and allow to soak in. During the hot, dry part of the year repeat the waterings at seven to 10 day intervals but discontinue during the seasons.

Fertilizer every 30 days during the growing season and withhold fertilizer as the tree goes into dormancy. Water well every time fertilizer is applied.

### BETTI'S BUDGET of HELPFUL HINTS

A favorite in most homes is a casserole of macaroni and cheese. If you want to pep it up, add a topping of toast cubes dipped in garlic-flavored butter. Mix this through the macaroni at the table, just before serving.

When it's time to switch over from warm weather clothes to fall and winter clothes, it's a good time to clean clothes closets thoroughly. First remove all the contents; then wash all interior walls, shelves, floors and rods with hot soapsuds and rinse. This not only removes loose dirt, but also reduces the subsequent damage from moths and mildew. Be sure to let the closets air and dry well before stocking them again with clean clothes.

Here's an idea for a lunchroom dish—three salads in one. Make it this way: fill three lettuce cups with a fish, a vegetable and a fruit salad each. Fresh fruit in season and lime juice makes an interesting combination. Serve with buttered toast rounds.

September school days mean extra laundering and ironing for that special starched finish. But to make wash-and-ironing day easier, try using a "cosmetic" blue starch. To each quart of hot starch add a small section of blue wax ironing aid. Ironing becomes so easy, and the results are so satisfying.

Do you know how to melt chocolate squares without running the risk of scorching them? (Chocolate scorches easily, because it contains fat and starch but little water.) Here is a sure method: Place as many unsweetened squares of chocolate as your recipe requires

### On Your Ranger Drive-In Screen

Lovely and charming Eleanor Parker portrays the role of a mail-order bride and Charlton Heston is the groom in Paramount's brand new action-loaded Technicolor suspense drama, "The Naked Jungle," which is playing Friday and Saturday at the Ranger Drive-In Theatre. Set deep in the heart of the South American jungle, the George Pal, produced film tells a strange tale of a destructive force that threatens to devour everything in its path.

### Jesse Smiths Return From Vacation Trip

Mr. and Mrs. Jesse Smith returned Wednesday from a vacation trip to Beaumont, High Island and Levelland.

In Beaumont they visited their daughter and family, Mr. and Mrs. Rene Garza and Gwena Faye; in High Island they visited their granddaughter and her husband, Mr. and Mrs. J. Wilton Hurky; and in Levelland, they visited their son and family, Mr. and Mrs. LeRoy Smith and children.

### ACHING MUSCLES

Relieve pains of tired, sore, aching muscles with STANBACK, tablets or powder. STANBACK acts fast to bring comforting relief... because the STANBACK formula combines several prescription type ingredients for fast relief of pain.

How Long Has it Been— since you had your abstract brought to date or your title checked for possible flaws? High prices, cheap money and inflation stimulate sales, especially real estate sales. Do you want to buy or sell? In either event, the seller will be called on to furnish an abstract and the buyer will surely want one. Whether buying or selling, remember this: A defective title depresses value—a good title adds to it.

**WOMEN AND WHEELS**

**Four Checks When You "Fill 'Er Up"**

By Mary Lou Chapman

A "dip-stick" is not a new type of ice cream cone. It's that gadget under the hood of your car that shows you how much oil is in the engine. And if you have anything to do with cars—even if your husband generally takes care of such things—you should be familiar with it.

There are actually four other items besides gas that ought to pop into your mind every time you drive into a gas station. They are: checking the oil, the water in the radiator and in the battery, and taking a look at your tires.

Just because you may not understand the engineering intricacies behind these items, don't be intimidated. Get out of your car anyway and watch what the attendant does.

**IT'S FLATTERING**

He'll probably be flattered to have you watch him do his job, and will do it better—and maybe you'll learn more about your car in the process. Lots of men we know get out every time that hood goes up. There is something fascinating under that metal canopy. Of course you don't have to carry this motor-peering to extremes and start your own repair shop. But bear the following in mind when you go gasoline trotting in the future:

**Check the oil.** This is where the dip-stick comes in. Your gasoline attendant should show you the car's oil level on the dip-stick. This is how you read it: The level should be between the "add-oil" mark and the "full" mark. If the level drops below the "add oil" mark, add only one quart of oil.

**OIL'S EXPENSIVE**

The level should be watched quite closely, because if it goes over the full mark, the oil is likely to be wasted. It churns around in there and leaks out. Oil is just too expensive for that sort of thing. Yet too little is dangerous, because the function of the oil is to keep the wearing surfaces of the engine smoothly lubricated, and lack of oil may ruin it. You should see that the oil is kept clean, too. A filter is helpful for this. If your car has one, remember that these filters also need periodic changing (every 5,000 miles) as they become filled with the dust and dirt they remove from the oil.

**Check radiator water.** This is important. The water is circulated from the radiator through a "jacket" surrounding the engine. It keeps the engine (which often gets as hot as 2,000 degrees in the combustion chamber) cooled down to a mere 180 degrees or so. That is, as long as you keep enough water in it.

**Check the battery.** This one too is primarily a water problem. Each cap should be removed to see that the water is at the proper level. Normally, the battery should be checked about every two weeks, but in hot weather or while you are on a long trip, have it checked every week.

**TIRES TIRE, TOO**

Check the tires at least once a week for signs of small breaks and for proper pressure. Your dealer will tell you what pressure is best for your particular tires, but it averages out in most to about 24 pounds when they are cool and 27 pounds after they have been rolling awhile. Never let air out of tires immediately after a long journey, though, as tires are built today to stand expansion. Just be sure that they are properly inflated when moderately cool, and you'll be safe.

Periodic rotation to different wheels helps all four tires plus the spare to wear evenly. This should be done at every 3,000 miles.

More complete servicing of your car is done when it is lubricated. This is every 1,000 miles or once a month.

(Fashion writer, artist and TV personality, Miss Chapman is a native of Detroit, and has spent the last several years working with automobile stylists, designers and engineers at Chrysler Corporation.)

**Clear Thinking Symbolizes The Sapphire, September Birthstone**

Clear thinking is symbolized by September's birthstone, the sapphire. The roster of September-born notables, entitled to wear the sapphire as a good luck emblem, includes author William Faulkner, tennis star Alice Marble, actress Greta Garbo and cowboy hero Gene Autry. From the pages of history there is England's Queen Elizabeth I, also born in September.

Imaginative legends from many cultures and ages surround the sapphire. The Jewelry Industry Council reports. The Persians believed the color rested on a giant sapphire, whose color was reflected into the sky to give it a clear blue color. It was the Stone of Stones for ancient Orientals, who thought it would prevent capture by enemies and win favor with princesses. A gem highly esteemed by many religions, a sapphire is said to have been engraved with the Ten Commandments and, according to

tradition, Solomon's Seal was a star sapphire.

Most sapphires are found in Burma, Australia, Siam and Ceylon, and steel-blue sapphires have been found in Montana. Either the plain or starred sapphire is traditionally worn by the September-born. The star in a sapphire by the way, is an optical effect formed by bands of light reflecters from within the stone when it is seen in sunlight or a bright light. This star appears when a rough star sapphire is cut into smaller pieces, if each piece is properly cut cabochon.

Sapphire jewelry for women—rings, pins, earrings, bracelets and necklaces—blends or contrasts beautifully with virtually any color. Sapphires are often seen in combination with diamonds or other colored stones. Especially popular and practical for men are sapphire rings in platinum or gold settings.

**New Figure Line Prompts Hairdo Changes Says Beauty Experts**

Headlines about M. Dior's figure lines will be a lively topic of conversation for all girls headed back to school. But it stands to reason, says Katherine Potter who heads the beauty and grooming department for Procter & Gamble, that if a girl decides in favor of this little boy look and little boy figure, her little boy haircut has to go.

Young men we've talked to, reports Miss Potter, are divided on the style issue. They seem to think that a girl knows best how she wants to dress, and if she looks smart in new fashions, they're all for them. But hair is a different story. Men, both young and not so young, like it long. Butch and very short Italian cuts are all right for the beach, but look out of place with date or dance clothes they say, and they say it emphatically. Soft, shiny coiffures, long enough to bounce, when you walk or dance, are the men's choice.

This brings up a question of how long is long, and what can you do when your hair is growing out. The first consideration, Miss Potter says, is to keep your hair scrupulously clean—so it shows off to advantage no matter how long it is. Detergent shampoos give it an extra polished look you can't get with other types of hair cleansers.

Then, if your hair is very short, and cut in uneven lengths, try rolling it over mesh rollers on top and turning pin curls around the side and back. If it is too short for rollers, cover the ends with a small strip of cleaning tissue to hold them together, then use the rollers. When dry, brush your hair straight back from your face and hold it with one of the new flat

metal or tortoise shell clips. The ends will have just enough wave to give width to your hairdo. This makes it look longer, and gives it style.

Modify the style to fit new lengths as your hair grows. Then you'll never have a droopy, growing out look, you'll always look fashionably coiffed. And if your hair grows at a normal rate, it will be long enough to cover your ears and reach your collar in time for Christmas parties.

**Business Leaders Advocating More Advertising Now**

WASHINGTON, (Sp) — Why should business advertise during a recession? That, the Chamber of Commerce of the United States contends, may seem a strange question nowadays when business conditions are steadily improving and confidence in the future is firm.

Even in good times, however, some individual businesses find their markets falling away. And there is always a possibility of general recession. Often, in these circumstances, business will cut advertising and other sales expenditures. There are good reasons, the Chamber points out, why this is the exact reverse of sense.

Some of these reasons are: Advertising preserves brand names and their reputation. Unless a business advertises regularly, buyers may shift to competitive brands.

Even during a recession, there is a new generation of buyers in the making that needs to be told about products. Once the public is allowed to forget a product, years may be needed to reestablish it.

World War II provided a perfect laboratory for the testing of arguments for and against advertising when normal buying habits are interrupted. The arguments in favor of advertising won hands down.

For example, car and truck makers kept pounding away at advertising even though they had little or nothing to sell. One manufacturer told of the joy of owning a car. Another talked of putting America on wheels. When cars were again available, sales were tremendous.

Some companies, on the other hand, stopped advertising during World War II and later regretted it. In one case, the maker of a nationally known product suddenly found a brand new competitor filling the advertising vacuum. Shortly after the war, the new company's sales ranked third in a closely competitive field, even though it had just begun to make the product.
