

Shrine Talent Show Coming Here November 2

A Variety Show to beat the drums for one of the world's greatest indoor events, Moshah Temple Shrine Circus, will come to Ranger on Tuesday, November 2. Moshah Temple's Circus will play in Fort Worth's Will Rogers Coliseum, November 19-28.

The variety show, which will play at the High School Auditorium at 7:30 p.m., November 2, consists of a traveling unit under the guidance of R. M. Stovall, chairman of The Shrine Circus of 1954.

Herschell Gibbs is producer of the show and Ken Vaughan will direct the 16-piece Moshah Temple orchestra. Its cast boasts stars of stage, radio and TV such as Nan Roy, vivacious blond songstress; Marvin Montgomery, bajo artist supreme; and the Hancock-Hutcherson Girls, a famous line of dancers under the leadership of Pat Hutcherson, famous impressionistic dancer.

Also featured will be Bill Wright with his imitable ukulele novelties. This star is currently appearing with the Russ Morgan Orchestra in New Orleans and was formerly with Paul Whiteman's band.

Other attractions of the star-studded variety show will be Rex, the performing Chihuahua dog; Bob Bohn, accordionist; Cherry Maddux, "Miss Magic"; Joe Felix, boogie-woogie piano player; Harvey and Bob, clown deluge; and Janet McEntire, wonder acrobat.

The 16-piece orchestra's closing number on the show will be a rousing Dixieland version of one of jazzdom's greatest songs, "South Rampart Street Parade."

Fort Worth's Moshah Temple feels that it is bringing one of its best shows to Ranger with this pre-show attraction for the Shrine Circus of 1954. The date of the variety show is November 2, the place, the high school auditorium, and the time, 7:30 p.m.

The show is coming to Ranger under the auspices of the Cross Timber Shrine Club which serves Ranger, Eastland, Cisco, Rising Star, Gorman, Strawn, Carbon, De Leon and Moran.

Committeemen appointed to handle the arrangements of the program are Shriners Dr. M. E. Jolly, T. C. Wylie, Joe Dennis, Floyd Killingsworth, Dr. Calvin Harris and Pete Brasher.

There will be no admission charge.

35TH YEAR RANGER, TEXAS, SUNDAY, OCTOBER 24, 1954 PRICE FIVE CENTS

BULLDOGS BITE LOBOS 28-6

The Pathfinder

by Lee Harr

The end of summer brings Fall and Fall brings football and new cars. New versions of the car industry we mean. I have seen advance pictures of some of next year's offerings and it is something to behold. I do not believe that we have ever experienced such a complete change in the entire field.

I own a car of the '54 vintage that was new in my eyes until these changing changes came about. The difference in styling, power, and accessories as well as have a model.

Car manufacturers have really attempted to outdo one another as the battle for the post-war market goes into full swing. There is no longer a waiting list for automobiles as they arrive in the dealer's shops and the industry has to make use of their first production styling to tempt the public.

West Texas Chamber of Commerce certainly has an outstanding representative in their Frank Melton, one of the most personable fellows in the entire state.

Doctors have a running fight going with the tobacco industry these days. The medics claim that tobacco leads to all kinds of diseases and the cigarette people claim that their products relieve nervous tension among a great deal of other things.

Both sides are able to put out just enough publicity to cause you to wobble one way and continue the habit the other.

The Junior college rolled out their homecoming mats in honor of all the ex-students who have come to Ranger, for the celebration. A homecoming always tends to bring back a certain amount of nostalgic memories, — to what we now refer to as the good-old-days.

Memories of what was called hard work when the phrase midnight oil, was a common expression but very seldom applied. Memories of professors and instructors who just wouldn't come across with that C in that course we despised so. Of course, it was his inefficiency to properly indoctrinate us in preparation for that long grueling final exam. But then wouldn't it have been nice in that very first job after graduation to have known just a little more about what he was teaching? On second thought, maybe it wasn't entirely his fault. Maybe we didn't avail ourselves as much as we could have.

FHA Chapter Plans H'ween Play

The Ranger F.H.A. Chapter is planning a one-act play, entitled "Homet'wn Halloween," in the High School Auditorium, Thursday night at 7:45 or right after the pep rally. The play brings out the importance of constructive activities instead of destruction for Halloween.

The charge is only 25c for adults and 10c for students.

The cast includes:
Vera Brown, Mother; LaQuanda Wortham
Tom Brown, Father; Geraldine Sledge
Johnnie Brown, Seventeen; Betty Green
Sue Brown, Sixteen; Betty Wells
Lucy Brown, Nine; Helen Carroll
Mary Fisher, Seventeen; Dorothy Beck.
Everyone is urged to come!

Woman's Group Plans Childs Plays Series

The Ranger branch of the American Association of University Women has arranged to bring the Penthouse Children's Theatre company to Ranger.

Produced by Reed Lawton in Hollywood and New York, this series of plays have gained national fame in their production of familiar children's plays.

The series include Pinocchio, Hansel and Gretel and Toby Tyler. The story of Pinocchio of the long and short nose, who becomes a rascal, but ultimately changes to a lovable boy, still commands the attention of the younger audience several decades after its origin.

The oft told tale of Hansel and Gretel begins in the woodcutter's cottage and the action moves rapidly through the succession of adventures experienced by the children.

Toby Tyler runs away with a circus, convinced that selling refreshments will be a much better life than living with Uncle Dan'l. But such travel with his hard boss, Mr. Lord, proves much less attractive. After 10 weeks with the circus, Toby decides home and school are not so bad after all, and sails away home with his favorite monkey, Mr. Stubbs.

Dates of the plays are: Pinocchio, October 28; Hansel and Gretel, November 23; Toby Tyler, February 7.

Each play will be presented in the High School auditorium at 1:00 p.m. and children will be excused from their regular classes to attend.

Tickets are priced to sell for \$1.25 for the season of 60 cents for each single play.

Cars Collide At Railroad Crossing

Two automobiles, driven by Richard F. Vann of Ranger, and Presley C. Stark of Hobbs, N. M., were damaged extensively when involved in a collision about noon Friday at the Main street railroad crossing.

Vann, who was driving a 1949 Chevrolet, was traveling east on Main and stopped suddenly at the track when he heard the train whistle. The Stark vehicle, a 1953 Buick, was turning right from Commerce onto Main, and struck the right side of the Vann car, according to investigating officers.

Jim Thompson Spends Rest Leave In Japan

KOBE, JAPAN (Spl.) — Army Cpl. Jimmy M. Thompson, 21, son of N. O. Thompson, 114 N. Daughtry St., Eastland, recently spent a seven-day rest and recuperation leave at Camp Kobe, Japan, from his unit in Korea.

Sight-seeing and entertainment facilities at Camp Kobe provided Cpl. Thompson with a welcome break in the task of maintaining security in Korea, where he is a member of the 11th Field Artillery Battalion.

Miss Ann Day Junior Senator

DENTON (Spl.) — Miss Ann Day of Eastland has been elected junior senator at North Texas State College.

Miss Day, the daughter of Mr. and Mrs. Neil M. Day, 911 S. Daugherty, is a member of Alpha Phi sorority.

Heralding the approach of the annual Moshah Shrine Circus in Fort Worth (November 19-28) the Shrine Circus Variety Show is coming to town with an array of big acts. Cast of top entertainers will include: Cherry Maddux, "Miss Magic of 1954"; Marvin Montgomery, banjo artist, TV-Radio and Recording star; Pat Hutcherson, dancer, "Blues and Modern"; Rex, the performing Chihuahua dog; Ken Vaughn, leader of the 16-piece Moshah Variety Orchestra and soloist; Janet McEntire, "Acrobatic Supreme" and the Hancock-Hutcherson line of dancing girls under the leadership of Pat Hutcherson.

C-C Banquet Draws 300

"Seek ye first the Kingdom of God," E. G. Le Tourneau, industrialist of Longview told an overflow crowd of some 300 persons at the Chamber of Commerce's banquet in the Recreation Building in Ranger Thursday night.

The internationally famous benefactor, Christian layman and builder of earth-moving equipment interchanged the problems of his exploitations in Iberia and Peru with enough humor to keep the audience spell-bound for an hour and a half.

Only recently Le Tourneau explained, he agreed to construct approximately 31 miles of highway in Peru in trade for a million acres of their land which will be cleared with the heavy equipment for which he is noted and huge farms will replace the tangled underbrush of the land located near the headwaters of the Amazon River.

A similar project is being organized in Iberia, on the western coast of Africa. This land, a half million acres, was acquired on a lease basis from the African government.

The men who operate the machines "also act as missionaries in carrying the word of the Lord," thus making the projects business-mission combinations.

Le Tourneau, author of "Morning Heaven and Earth", told the audience that he was saved at the age of 16 and 16 years later gave his life to God and that yet, he was still trying to be "God's businessman."

He heaped praise on the citizens of Ranger and Eastland on their unified effort in bringing about a joint water supply, but sounded a note of warning as to the type of people that would be allowed to organize here — especially those unions of communist domination.

Le Tourneau was introduced by G. B. Rush, superintendent of Ranger schools.

Oil News Regular Field Project Staked Near Eastland

Another regular field project four miles south of Eastland has been announced.

It will be "C. U. Norton and Clyde Tate of Coleman No. 1 L. L. Hartman, et al., 150 feet from the north and 1,050 feet from the west line of the southeast quarter of Section 26, Block 2, R&TC Survey.

Porter and Hafner, et al., of Olney No. 3-A Guy Parker, regular field project six miles south of Eastland, has been completed as a producer. It is in Section 30, Block 2, ET Survey.

Daily potential was 36 barrels of 44 gravity oil, on pump from 27 perforations at 1,314-22 feet. Total depth was 1,368 feet, with casing set at 1,363.

Seven miles northwest of Gorman, J. E. Connally and Ernestine Callahan of Abilene spotted their No. 2 S. L. Snider as a new venture in the Walton (Marble Falls) Field.

Slated for 3,400 feet with rotary, it will be 883 feet from the north and 600 feet from the west lines of H. F. Smith Survey, Abstract 867.

FFA Voting For Sweetheart Begins

Students at Ranger High School began casting votes yesterday to select this year's FFA sweetheart.

Representatives from each class are: Freshmen, Kay King and Charlotte Rose; Sophomores, Dorothy Beck and Helen Carol; Juniors, Donna Blackwell and Kay Vaughn; Seniors, Betty Melton, and Barbara Flowers.

Ground Game Leads Dogs Conference Win

Ranger's football weekend got off to a merry start last night as the Bulldogs, unleashed a powerful ground attack to grind out a 28-6 victory over the Lobos at Cisco.

Operating behind a ferocious and deathly efficient line, the Lobos were never allowed sustained drives after their Benji Lipsey garnered in the opening kick-off and raced 82-yards for their only score.

The Bulldogs' forward wall could not have been more determined as they tore huge holes in the Cisco line allowing their runners to collect 397 yards: net rushing and 29 first downs and allowing the Lobos only 22 offensive plays in the first half.

With the scoring divided almost evenly between the four regular backfield starters, aerial warfare was virtually ignored the entire session.

Cisco attempted five passes one of which was intercepted and another attempt resulted in a 14-yard loss, without any completions. Ranger completed three of four passes good for 24 yards.

Before the first half ended Ranger had rolled to an amazing 210 yards rushing from the line of scrimmage and collected 12 first downs as compared to Cisco's 44 yards rushing and one first down.

There was no individual stars for the Bulldogs but the skirmish from beginning to end, was a team effort as time consuming yard eating drives of 42, 58, 59 and 61 yard drives kept control of the ball and furnished the winning combinations.

After Lipsey scored on the opening kickoff, fullback Jim Littlefield took the Cisco kick on his 25 yard line and blasted his way to his 41. On the first play from scrimmage, Littlefield followed an opening over his right tackle good for 12 and a first down on the Lobo 47. Jerry Wharton got two around right end, but a 15 yard clipping penalty nullified the play and the ball went back to the Ranger 41. Scott Forney triggered a 12 yard pass play, and Littlefield added 16 more on a pitchout.

Bennie Robinson, left halfback, collected eight more on two burks over right guard. Forney on a quarterback sneak failed to gain and Wharton swept over left tackle from the 12 yard line for the Bulldog's first score.

Forney converted. After Eddie James kick into the end zone, Cisco operating from their 20 failed for a first down on three running plays and kicked out to the Ranger 45 and the runback moved the ball back to the Cisco 42. Littlefield ripped right tackle for eight-yards, a Forney pass added another 10, Wharton added 29 with end sweeps, and Robinson plunged over from the eight yard line. Forney again converted.

Ranger's touchdown in the second period and again in the fourth after a scoreless third quarter were almost exact replicas of the two first quarter scores—a mixture of plain brute power, tricky options and pitchouts and spiked with an occasional pass.

In the second period, the Bulldogs needed only five plays to grind out their third tally from their 42-yard line. Wharton picked up 22 yards on a pitchout around left end, Robinson added 8 over right guard, Forney, on a keeper around left end paced for 29, Littlefield added six over center and Littlefield provided the scoring punch with an eight yard blast over left guard.

The last tally of the contest saw Ranger take possession of the ball on the 29-yard line in their end of the field, and in their longest sustained drive of the night, marched the 61 yards for another six points. Forney added the final score when he popped into scoring territory on a keeper. He also added the extra point.

Services For John R. Moore Held Friday

Funeral services were held Friday afternoon for John R. Moore, 85, at the First Baptist Church in Eastland with Rev. Lee Fields, pastor of the Carbon Baptist Church, officiating.

Mr. Moore died at his home, 413 West Plummer, Thursday. He had been a resident of Eastland for 12 years.

Born Feb. 8, 1869 in Nashville, Tenn., Mr. Moore married the former Mary Jane Latham Oct. 13, 1895 at Dallas. He has been a deacon in the Baptist Church for 46 years.

Survivors include his wife; six daughters, Mrs. Mattie Cook of Eastland, Mrs. Lettie Latham of Dallas, Mrs. Ruth Shelton of Long Beach, Calif. and Mrs. Marie Williams, Mrs. Edith Sigler and Mrs. Evalena Coffee all of Oklahoma City; four sons, Berry of Weatherford, Elmer of Ontario, Calif., Warren of Fort Worth and Monroe of Grand Prairie; 37 grandchildren and 19 great grandchildren. Burial was in Eastland Cemetery with Hamner Funeral Home in charge of arrangements.

Cover Crop Program For County Okayed

Eastland County's application for a cover crop program has been approved by State headquarters of the Agricultural Stabilization and Conservation, a branch of the U.S. Department of Agriculture. The announcement was made today.

Cover crop practice 25 will be put into effect in the county. It calls for seeding a cover crop in the fall of 1954 for the protection of farm land from winter erosion.

Hairy Vetch, seeded with nurse crop of small grain except wheat, will have a cost-share of \$1.20 per acre. Minimum seeding rate will be 10 pounds an acre.

A 40 pound per acre minimum seeding rate on oats, barley, spelt, and rye, seeded with legume, was announced in the program. The cost-share price per acre is 70 cents.

One hundred and sixty pounds of 0-20-0 or its equivalent applied to winter legumes will be available at \$1.85. A 160 pounds of 0-20-0 superphosphate per acre must be applied except in those cases where the County Committee determines that no fertilizer is needed.

The cover crop must be seeded before Dec. 1 of this year. The crop or its residue must be left on the land until seed are normally formed. The crop must not be harvested for grain or hay, but may be harvested as a seed crop.

Legumes must be inoculated with fresh inoculant. Grazing consistent with good pasture management is permitted.

Approval of the County Committee must be obtained before the practice is begun. Emmett Powell, county office manager, said.

Powell said funds for this practice are limited and in order that as many producers as possible receive benefits, the committee had to limit this practice to one fifth of the cropland or 30 acres per farm, which ever is smaller.

Application for the practice can be made through the County ASC office the same as other practices.

Salk Vaccine To Lead '55 March Of Dimes Drive

"It's a bigger job now," declared M-Sgt. Jess W. Cole, Eastland County March of Dimes Leader, today on returning from a conference at Austin, where polio volunteers from Texas mapped plans for the 1955 drive to finance the fight against polio.

More polio patients are receiving help from the March of Dimes this fall than ever before in the long history of the polio program, Sgt. Cole said. "The year 1954 was one of the heaviest polio years on record, and it is anticipated that many thousands more americans will be stricken during the year ahead."

"Millions of dollars will be needed during the coming year to care for these thousands of individuals who were stricken in the past and who will become ill in the future," he said.

Medical authorities of the National Foundation for Infantile Paralysis told those attending the meeting that the new SALK Vaccine, tested last summer on half a million school children, gives great promise of proving an effective preventative against paralytic polio.

The National Foundation has decided to take a "calculated risk" and purchase 25,000,000 cubic centimeters of the vaccine before the 1955 polio season. This "calculated risk" decision was necessary as it takes two to four months to manufacture and test the vaccine. Plans are being made to offer vaccine to 9,000,000 individuals next spring. "Eastland County March of Dimes leaders already have begun plans for the 1955 appeal next January," Sgt. Cole said.

RHS Observes Courtesy Week

We heard an unusual number of "no ma'am" "yes ma'am" "please" and "thank you" last week at Ranger High School.

The students observed a week of courtesy, October 11-15, sponsored by the Ranger F.H.A. Chapter.

"Courtesy Week" was established as a new and better form of initiation for the new members of F.H.A. The new members were required to say "The Creed" by memory. And they also had to place vases of flowers on each of the teachers' desks.

The plan of the week proved to be a successful one. Posters on courtesy were placed in each of the teachers' rooms and on the bulletin board. The F.H.A. Chapter had the cooperation of all the students and teachers.

Eighth Of A Series Passage Of Eighth Amendment Would Double Officers Terms

(Editor's Note: This is the eighth in a series of articles prepared by the Texas League of Women Voters.)

Doubling the term of county, district and precinct officers by effecting by passage of amendment eight.

This amendment would provide four-year terms for elective district, county and precinct officers instead of the present two-year term. If it is adopted, the following officials will serve for four years: district and county clerks, county judges, treasurers, criminal district attorneys, surveyors, hide and animal inspectors, justices of the peace and commissioners of precincts two and four. Sheriffs, tax assessors-collectors, constables, and commissioners of precincts one and three will be elected for two year terms.

An amendment was offered in the 1953 Legislature to include members of the House of Representatives but was voted down; this proposal evidently would not include them, and since it refers to the particular section of the Constitution naming the officers covered, it seems that the terms of only those officials listed above would be affected.

It is not fair to make these officials run for office every two years because of the time and expense involved in a campaign. No sooner does an official get settled in his job than he has to start running for re-election.

A four-year term would be to the advantage of the public since officials could devote more time to the duties of office.

A shorter ballot would result from these staggered elections and the voters would be able to

John Samuels McMurry College Fall Student

ABILENE (Spl.) — John D. Samuels, junior son of Mr. and Mrs. D. Samuels, has enrolled in McMurry College for the fall semester, according to Jerome Vannoy, registrar.

Samuels is a 1948 graduate of Eastland High School. He was a member of the choir and the Speech Club. Before enrolling in McMurry, he served with the U.S. Army.

At McMurry he is a member of Circle K, Forum, Christian Foundation, and the German Club.

The McMurry registrar reported that more than 615 students registered for the fall semester, representing a sizeable increase over last year's enrollment. Forty-two students are studying toward the master's degree, Vannoy said.

Texas Review To Feature Grid Highlights

Carefully edited highlights from three games played last Saturday by Southwest Conference teams will be shown this week on Texas in Review. Kern Tipton, head of The Humble Company's football announcing staff, will describe the highlights.

The program will also include films taken at the State Fair of Texas in Dallas, and a feature story about hay fever.

Texas in Review can be seen Monday on KRBC-TV, Abilene, 8:00 p.m.; KRLD-TV, Dallas, 7:30 p.m.; and WJAP-TV, Ft. Worth, 8:00 p.m.

New York Man To Speak Sunday At Kingdom Hall

Grover C. Powell of Brooklyn, New York, Watchtower Society representative and traveling minister of Jehovah's Witnesses, arrived in Eastland Tuesday.

Mr. Powell will address the local congregation Saturday evening at 8 o'clock. Sunday at 3 p.m. he will speak on the subject "Preparing Now to Live Forever." These meetings will be held at the Kingdom Hall of Jehovah's Witnesses, 209 Neblett St. in Eastland. The public is cordially invited to hear these lectures.

The guest speaker has traveled widely at home and abroad, including Europe, in his capacity as a traveling representative. He visits most of the states in the union. "Man's hope of relief," he said, "is back to God and the Bible."

Texas, the largest state in the nation, embraces more than one-twelfth of the total area of the continental United States.

Christian Science

"Probation After Death" is the subject of the Lesson-Service to be read at Christian Science church services Sunday. It is noted the fact that purification of thought and action are necessary for individual progress is the Golden Text from James (1:12): "Blessed is the man that endureth temptation; for when he is tried, he shall receive the crown of life, which the Lord hath promised to them that love him."

One of the selections from "Science and Health with Key to the Scriptures" which will be read is the following: "If the change called death destroyed the belief in sin, sickness, and death, happiness would be won at the moment of dissolution, and be forever permanent; but this is not so. Perfection is gained only by perfection. . . . Universal salvation rests on progression and probation, and is unattainable without them." (pp. 290, 291)

From the Bible the following selection will be read (Psalms 139:23, 24): "Search me, O God, and know my heart: try me, and know my thoughts: and see if there be any wicked way in me, and lead me in the way everlasting."

3 MINUTES LEFT

Time flies. It's later than you think. The egg glass here gives us only three minutes. It is time for serious thought, final preparation. Neither your station in life nor your bank account will exalt you to God. *This is inventory time, Mister.*

When have you been on your knees, or to church, or helped those in need? All the cattle, oil wells, uranium mines in the world won't put you on good terms with the "Man Upstairs."

When time is running out, when the end draws nigh, worldly goods won't mean a thing. Then you'll want what the church stands for, your family, and things eternal... you'll want God. Why not let Christ captain your soul? *You may have three minutes left.*

Miss Jo Kathryn Dobbs

Former Ranger Man To Wed Corpus Christi Girl Soon

Mr. and Mrs. Pierce F. Agnew of Birmingham, Alabama, have announced the engagement and approaching marriage of their daughter, Jo Kathryn Dobbs, of Corpus Christi, to William Worth Carlin, son of Mr. and Mrs. Hal Lavery, of Cisco.

The wedding is planned for October 30th, in Saint Patrick's Church in Corpus Christi.

Miss Dobbs is a graduate of the

University of Alabama and attended Vanderbilt Medical College of Virginia—School of Physical Therapy. She is a member of Pi Beta Phi Sorority.

Mr. Carlin graduated from Ranger High school in 1946 and Saint Edward's University, in Austin, Texas, and is presently employed as a research chemist at Columbia Southern Chemical Company's Corpus Christi plant.

First Baptists To Hear Sermon On Satisfaction Of Christians

The spiritual part of life is the only satisfying reality that leads not to dust and ashes. The physical ends in futility, disappointment, and dissatisfaction arises when the outlook is upon the material. There is a warm and personal invitation to the folk in this area to attend the First Baptist Church this Lord's day and hear the pastor bring the message on the theme "The Satisfaction In The Christian Soul." The scope of this message will gladden the heart of the believer and bring him into the perfect realization that "Christianity is the only security remaining and the only attachment for mankind in this atomic-age."

The Sunday school department is growing and new members are coming each Lord's day and adequate preparation is being made to care for an increased attendance. Sunday school begins at 9:45. There is a class with a spiri-

tual teacher prepared to bring a Bible lesson on the theme: "Guidance For Family Living." Not a family in Ranger ought to miss this lesson.

Training Union begins each Sunday evening at 6:30. This part of evening service is for the entire membership, and visitors who are interested in Christian growth.

The pastor will bring the message at the evening worship hour on the theme, "A Speck of Dust," based on the first chapter of Genesis. There is an interesting development of this theme and will prove interesting to the scientific and analytical mind as well as the heart and soul of man.

A modern Nursery department is at the service of children in this age group, germicidal lamps, disinfected equipment, year round air conditioned rooms, "steam laundered" linens. Beds changed after each service.

Neighbors, and visitors are always welcome at these services.

Monthly Training Union Meet To Be Held Monday At Church

The regular monthly planning meeting for the Training Union department of the First Baptist Church will meet Monday, Oct. 25 at 7 p.m. in the lower auditorium of the church, according to Director W. J. Arterburn. The eight departmental directors are Adult 1, Mrs. Wilson Watson; Adult 2, Mrs. W. J. Arterburn; Young People, Charles Layton; Intermediates, Keith Langford; Juniors, Mrs. J. C. Carter; Elementary, Mrs. Corvis Beck with Primary, Mrs. Albert Koenig; Beginner Mrs. O. C. Warden; Nursery, Mrs. Earle Pittman.

These directors with departmental officers, and Union officers, together with counselors, sponsors, and leaders, and all members are needed in these planning meetings.

Plans for November will be made and arrangements for the State Training Union Convention that will be held in Corpus Christi, Nov. 25-27. The growth of Training Union these past twelve months may be attributed to well planned

programs, visitation, a felt need of personal growth and responsibility to all the Church program and the Lord's day.

The First Baptist Church is recognized as having one of the best Elementary Departments in the entire state, there are three fully organized departments. Their work is outstanding. Children under 9 are losing a golden opportunity in learning to work with other children, to have a basic foundation in the most important phase of life, that is Christian living, as well as songs, scripture, and the art of holding office and the drills and programs that they are led in. Each department is fully organized and before the year is out the Training Union Department ought to reach the Standard of Excellency. An invitation is open to every one to attend both Sunday evening at 6:30 and the planning meeting on Monday night.

Church of Christ 225 So. Rusk To Begin Broadcasts

Beginning Wednesday, Oct. 27, the Church of Christ which meets at 225 S. Rusk will present a 15 minute program over KERC, 4:15 to 4:30 p.m. Thomas F. Shropshire, minister of this church, will do the preaching on the program. A cordial invitation is extended to all to listen to the program and to attend the services of this church.

The schedule of services are: Sunday, Bible Study 9:45 a.m., Worship 10:45 a.m. and 7:00 p.m. Wednesday, Ladies Bible Class 9:30 a.m., Radio program 4:15, Mid-week service 7:30 p.m.

calves on the ground are like MONEY IN THE BANK

It costs a lot of money to keep a cow. A lot of that money is lost if she fails to settle or drops small, weak calves that die or develop into "tail-enders."

BIG CROPS of husky calves are a must, if a fellow is going to make money ranching. This is especially true when the price of cattle is off.

Your range needs help. It takes more than grass alone to give your cows what they need to grow and drop the kind of calves that will bring top prices next fall.

PURINA RANGE CHECKERS have proved their worth in research tests and on thousands of ranches. This favorite range supplement has what it takes. Cattle love Checkers, do well on them. Cows stay up in good shape at calving time, have lots of milk for the calves, too.

More and more Southern cattlemen are planning their breeding program so that calves come in the late fall. These calves are ready to eat early grass—hit the early market, which is usually best.

Feed for big calf crops the Purina Way. Purina Range Checkers can help you keep your operation on the profit side of the ledger.

COME IN. We'll visit about Purina Range Checkers and profitable ranch management. Make it soon!
