One man was overcome by smoke Friday night when fire caused an estimated \$3,500 damage to the Cozy Apartments on North Seaman Street in Eastland. Injured was Harold Manke.

The Pioneer Conference, the athletic group in which Ranger Junior College participates, soundly slapped the face of the local school last week when a list of the all-conference team was announced.

Ranger was the only school which did not list a single man on the first team. There could be many reasons for the screaming shot which bounded around the five team conference, and all the reasons could be sincere and unbiased.

However with the material and talent that the Rangers exhibited in their first three and last three games of the season, there seems to be a discrepancy somewhere along the line.

Before the November 4 game against the Rangers, Arlington was only untied and unbeaten in the season, but was also the high and mighty of the Southwest and the second highest team in the nation according to the football polls of the "men who know," and were scheduled for an appearance in the Little Rose Bowl Dec. 2.

However, Arlington fell and fell so hard that they were not able to recuperate from the tumble in time enough to stage off the Tarleton State Plowboys, when the two teams battled it out for the conference crown.

No offense was taken of the Tarleton win. For the Rebels had been kicked and ground into the very earth they stood on first by the Rangers who inflicted their first defeat in 14 games. It was a tarnish on their ivory record.

A little weeping here and great amount of waiting there, could not regain the Rebels might, but that once was instilled in the hearts of every Pioneer conference player before the whistle ever sounded signalling the beginning of each individual contest involving the Rebels.

Nor could it regain the national prestige that was so haughtily neglected by the Rangers on the fateful night of Nov. 4 in Arlington.

A Ranger victory over the Rebels would have never shattered the dreams of the college's first trip to the Rose Bowl and more than likely they would have never suffered at Stephenville.

True, two last game wins for the Rebels would have sent them off to the Little Rose Bowl and would have gained much recognition for this conference and the coaches and players who make up the conference alike.

There is one possibility. Their remains others. One other could well be the showing the Rangers made in San Angelo. With only four conference games for each team, every appearance entails quite a lot of importance when the time comes for all-conference selections. Possible the reasons fall right back into the laps of those who formed the Ranger squad.

an occupant of the apartments. He was rushed to the Eastland Memorial Hospital, where a spokesman said Saturday morning that his condition is not serious.

Fire Chief Billy Jack Johnson said cause of the blaze is believed to have been a cigarette on a mattress in one of the rooms. Johnson said three rooms were destroyed by the blaze and the rest of the hotel was smoke damaged.

Nineteen volunteer firemen answered the call and approximately 12 others assisted in bringing it under control. The blaze was reported at 12:43 and firemen were at the scene until 2:15.

Manke, whose apartment was destroyed by fire, was overcome by smoke as he went through the building warning other tenants. He is not believed to be seriously injured.

Funeral services will be held at 2 p.m. Sunday, Dec. 5, at the First Baptist Church in Ranger, by William L. Fannin, who succumbed after heart surgery Wednesday in Washington, D.C. Rev. Ralph Perkins, pastor, will officiate.

Mr. Fannin had journeyed to Washington two weeks ago for the operation which was performed the day before his death.

Mr. Fannin, 50, was born Jan. 5, 1904 in Big Spring. He lived in Jal, New Mexico from 1935 to 1950. He had owned and operated Bob's Place, a boat dock and fishing camp at Possum Kingdom, for three years prior to his death.

He was a member of the Masonic Lodge No. 65 in Jal, New Mexico.

Mr. Fannin was married to the former Miss Elizabeth Elizabeth Fisher in Ranger, Sept. 12, 1930. He is survived by his wife of Grapard; his father, Sam Fannin of Big Spring; 4 sisters, Mrs. Emmett Keenan of Ordway, Calif., Mrs. S. O. Carpenter, Santa Paula, Calif., Mrs. William Cuthbertson, Long Beach, Calif., and Mrs. Frankie Deocio, Jr., Sacramento, Calif.; and 3 brothers, D. F. Fannin, Odessa, Harold Fannin, Arvin, and Erben Fannin of Ft. Worth. A number of nieces and nephews also survive.

## Deputy Sheriff Tracks Down Youth; Recovers Stolen Goods

A youthful would-be desperado found out the hard way Tuesday that stealing from a deputy sheriff isn't the best way to get into the top ten most wanted badmen in the nation. For in the case of Herman Lee Jones it was just a matter of hours before he was apprehended and indicted by a 91st District Court grand jury.

Jones made the mistake of taking a saddle owned by Eastland County Deputy Sheriff Lee Horn, according to the complaint. He also managed to get his hands on a small arsenal of weapons including two .22 caliber rifles, a .22 caliber pistol and a .30-40 Winchester rifle. The two .22 rifles belonged to Frank Hallmark, and the Winchester was owned by Joe Gregg.

Jones' story starts out several weeks back. The youth was hitchhiking from Abilene to Eastland when he was given a lift by Hallmark. Hallmark offered him a job staying on his ranch and feeding his cattle for him. Jones took him up on the offer and for several weeks did a fine job for Hallmark.

Then one day the youth decided he needed a saddle. Hallmark borrowed one for him to use from the deputy sheriff. Later he borrowed a rifle for the youth to use and then returned it to Gregg, who he had borrowed it from.

Early this week Jones appeared at Gregg's house again and asked to borrow the rifle to go deer hunting. Gregg agreed and Jones went away with the rifle. Next day the youth disappeared. With him had gone Horn's saddle and the four guns.

Horn got word that Jones had headed for Abilene, and with Sheriff Frank Tucker and Ranger Jim Riddle he traced him to a filling station where Jones had sold the guns for \$30. From there they learned he had headed for one of Abilene's best hotels with the saddle. The officers checked and found Jones in his hotel room, saddle intact.

When asked what he planned to do with the saddle, he told Horn, "I won't gonna keep it. I planned to send it to you for a Christmas present."

The grand jury indicted Jones on two counts of theft.

## Ranger Pastor To Assist In Jamaica Revival

Rev. Ralph Perkins, pastor of the First Baptist Church has been invited by the Evangelistic Department of Baptist Work in Texas to participate in Simultaneous Evangelistic Revival in Jamaica January 2-9.

This honor comes to the pastor and the Church for the great evangelistic and missionary program carried on in recent years. Texas pastors have been invited to participate in the Jamaica Crusade by Missionary Charles W. McCullough. The Texas pastors will leave Dallas Thursday morning December 30th, and will arrive in Jamaica Friday the 31st. English is the language spoken, and there will be no difficulty in speaking to the people.

The pastors invited to preach in this Crusade have been men who have had a large number of baptisms and additions during the recent years. The First Baptist church has had 586 additions the past four years, 322 coming by letter and 264 for baptism. Last year there were 93 for baptism and 84 by letter.

Missionary McCullough said that churches with strong missionary programs would always have a progressive evangelistic program. Rev. Frank Weeden, who preached in a revival in Ranger a few years ago, will direct the Evangelistic Crusade in Jamaica.

## Win Gives Howard County Tourney Nod

Ranger Junior College opened their eight team basketball tournament Friday afternoon with a one-point loss to a strong Howard County unit, who established themselves as the tourney favorite.

The loss threw the Rangers into the consolation race. The Rangers dumped 11 points in the opening minutes of play before the Howard County team pulled away.

With the clock again in motion, the Rangers moved the ball back down court, and Guard Raymond Gilestrap tried a long shot that saw the ball hit one side of the bucket, roll over the top and fall off the other side as the final buzzer sounded.

In another of the tourney contests, Tarleton State nipped the Hardin Simmons Buttons 66-55, in one of two overtime tilts. Weatherford followed with another overtime win against Cisco, 91-86, and Arlington ended Friday's play by blanking the Decatur Baptists 44-32.

Prior to the Arlington and Decatur contest, of the three games played, one had been won by a one-point margin and two had gone into overtime play.

High point scoring honors for the day went to Cisco's Guard Burrell Stevens, who meshed 12 field goals and 10 free tosses for 34 points.

Weatherford Guard Woodruff followed with 31 markers, and Jimmy Page, Tarleton guard placed third with nine field goals and nine free throws for 27 points.

Games today will pit the Rangers against Hardin Simmons Buttons, and Weatherford against Decatur. The winners of these two contests will meet tonight at 7:30 for the consolation prize. Howard County Junior College will meet Tarleton and Weatherford will tangle with Arlington to determine the playoff team, who will meet in the tournament finale tonight after the consolation game.

score the Jayhawks could put their scoring machine into motion. It was not until mid-way in the third frame that Howard County could overcome the deficit and from that point forward it was a see-saw battle that saw the lead changing hands every few seconds.

The game was not won until the last three seconds of play. With the Rangers trailing 64-63, a double foul was called by the officials. Forward Lloyd Cogburn, who led the scoring parade with 21 points, missed his first toss and meshed his second gratis shot to pull into a tie. However, the Jayhawk free thrower basketed his attempt for the win.

## Second of a Series SNAPSHOT OF HOUSE ASSISTS IN CHOOSING CHRISTMAS TRIM

Editor's Note: This is the second of a series of ideas that we wish to pass along for those contemplating residential decorations for the Yule season and as entries for the Chamber of Commerce's home decoration contest.

There's no time of year when your house can look prettier than when it's lighted up for the holidays. Most of us would say, on first thought that most houses put their best foot forward during the summer when grass is green and flowers blooming. Compare the pictures above of a house as it looks in all its mid-summer beauty and then, see how it dresses for the holidays.

Actually, no one would really choose between summer beauty and holiday festivity but, the summer picture does offer a practical lighting suggestion. Use a snapshot of your house to help guide you in putting up Christmas decorations. Look over the wide variety of ready-made lighted decorations and, as you study your house, visualize the items in your setting. It's much more comfortable than standing out-doors while you gaze at your abode.

Lighting specialists point out that following the architectural lines of your house is one good guide to follow in placing outdoor Christmas lights. When the lights are few and far between, naturally the effect will be less spectacular than when they are placed closer together.

The home pictured above has Christmas lamps in outdoor-type sockets. These new bulbs which can't fade, peel or chip have a newly designed filament which

## Christian Science

The Lesson-Sermon to be read in Christian Science churches this Sunday explains that creation rests on a spiritual basis and is subject only to God's law, which is always good and eternal; and the belief that life is dependent upon matter is a false concept of creation and existence. The subject of the Lesson-Sermon is "God the Only Cause and Creator." The Golden Text is from Genesis (1:1): "In the beginning God created the heaven and the earth."

The following passages from the Bible and from the Christian Science textbook will be read: "Know ye that hath made us: God: it is he that hath made us, and not we ourselves; we are his people, and the sheep of his pasture. . . For the Lord is good; his mercy is everlasting; and his truth endureth to all generations" (Psalm 100:3, 5).

"Searching for the origin of man, who is the reflection of God, is like inquiring into the origin of God, the self-existent and eternal. Only impotent error would seek to unite Spirit with matter, good with evil, immortality, and call this sham unity man, as if man were the offspring of both Mind and matter, of both Deity and humanity. Creation rests on a spiritual basis" (Science and Health with Key to the Scriptures by Mary Baker Eddy).

place lights closer together. Just as no cake looks festive without decorations, the lighted plastic outdoor lamp posts extend an old fashioned greeting at the doorway. An outdoor weather-proof spotlight concealed in the shrubbery adds highlights and shadows to the doorway.

A jolly illuminated walking Santa complete with top pack adds his own merry touch to the setting.

As pretty as it is practical is the tinsel tree in the picture window. Pretty from outdoors as well as indoors this "flat up against the window" tree saves precious space in the small living room. Simply string strands of colored tinsel over a hook at the center top of the window and fasten each strand to the floor. Secret of its three-dimensional effect is a pair of 150-watt pink color reflector bulbs in holders on the floor beneath the tree. Place the holders in the middle of each half section of the "tree" and aim the bulbs upward. Holders are completely wired and can be plugged into nearest electrical outlet. For another interesting effect, entwine strings of Christmas lights into the tinsel strands for a lighted "tree" effect. Of course, you can always use your regular Christmas tree in the center of the window.

We Like To Talk About Abstracts—

... because making abstracts has been our job for many years. Every day people come to us with their title problems. Some cases are tragic. Take the example of the couple who have put their life's savings into a home to find out later they have no title. But most title problems are simple and the abstract helps to make them simple. So before buying real estate better talk to us about the title.

# A Lesson In FORGIVENESS

## 70 X 7 Equals HIS PLAN

How often shall I forgive? Peter thought he was generous when he forgave three times, since that is what the Jewish clergy required. But when Jesus said "seventy times seven," it exploded like a bomb-shell. Peter thought God should be proud of him. Seven is 233% of three. But Peter didn't know God; nor do we. Most men cannot believe how far the love of God will go. *Seventy times seven means there is no end to God's forgiveness.* As often as we sincerely confess, God will fully forgive. Little narrow souls can't realize how generously God forgives. "Forgive us our debts as we forgive our debtors," is a dangerous prayer unless we forgive as Jesus did. He who forgives is victor. *Seventy Times Seven, means the best way to "get even" is to forget.*

# Crawley-Miliken Vows Read By Candlelight

Miss Jeane Crawley became the bride of Charles Milliken Friday evening, December 3, in a candlelight ceremony at 7:30 o'clock at St. Rita's Catholic Church in Ranger.

The bride is the daughter of Mr. and Mrs. A. E. Crawley of Ranger, and the bridegroom is the son of Mr. and Mrs. C. B. Milliken of Weatherford.

The ceremony was read by the Very Rev. Msgr. Donald A. Hartnett of Fort Worth, who is a cousin of the bridegroom.

Arrangements of white mums and white candles were used on the altar, and single candles lined the altar rail. Floral baskets of the mums, flanked by seven-branch candelabra, were placed at the center of the rail as a background for the ceremony. The pews were marked with single candles tied with white satin ribbons.

Miss Mildred Balch, organist, played "Ave Maria" preceding the ceremony and the traditional wedding marches.

Miss Judy Alexander of Fort Worth attended the bride as maid of honor. Miss Alexander wore a waltz-length gown of mint green brocade satin. The princess-style dress had a deep V-neckline. The bodice was fashioned with a cuff across the front and a flat bow at the center of the back neckline. The bouffant skirt had gathered fullness at the back and was worn over crinolines. Her shoes and velvet headdress were forest green and she carried a cascade of holly leaves.

The bride, given in marriage by her father, wore a gown of white Chantilly lace and tulle over satin. The figurine bodice had a scalloped bateau neckline and short sleeves complimented with lace gauntlets. The bouffant skirt was designed with a lace skirt over a flounce of tulle ruffling and was worn over crinolines.

Her elbow-length, triple-illusion veil fell from a lace shell cap outlined with pleated tulle and detailed in seed pearls. The bride carried a bouquet of lilies of the valley and a white orchid with white satin streamers.

Sam Carter of Weatherford attended his cousin as best man.

The candle lighters were Dan Crane and Bob Downtain of Ranger.

Ushers were Pat Hartnett and Bill Smith of Weatherford, and Deane Crawley of Ranger.

A reception following the ceremony was held at the home of the bride's parents. The bride's table was covered with a ruffled white net skirt over a white cloth. Christal appointments and an arrangement of poinsettias and candles were used. White mum bouquets were placed throughout the house.

Those in the house party were Misses Forrest Maulsby of Weatherford, sister of the bridegroom; Price Crawley of Midland; Charles V. Brown of Fort Worth and Miss Nancy Phillips also of Fort Worth; Misses Deane Crawley, W. F. Cressler, Nicol Crawford, and Calvin Lipkin, and Miss Melba Cressler, all of Ranger.

Following the reception the couple left on a trip to New Orleans.

Mrs. Milliken wore a powder blue wool suit and matching hat. Her other accessories were navy blue, and her corsage was a white orchid.

The bride attended the Ranger schools, was graduated from Ranger Junior College, and received a bachelor of arts degree in speech from Texas Christian University. For the past two years she has been teaching in the Fort Worth Public School system.

The bridegroom, who is a manager of the Ranger branch of C. D. Hartnett Company, attended the Weatherford schools. He has a degree in aeronautical engineering from the University of Texas where he has also done graduate work in the School of Business Administration. He is a member of Delta Tau Delta Fraternity. The couple will make their home in Ranger.

Thursday evening, preceding the wedding rehearsal, members of the wedding party and families of the bride and bridegroom were entertained at a dinner given by Mr. and Mrs. C. B. Milliken.
