

Exams Stall Activity In Pioneer Loop

Final examinations replace the competition in the Pioneer League for the next ten days. Ten teams have six non-conference titles scheduled for this week and two non-league games set for next weekend. League play will be resumed at San Angelo on Feb. 1 with San Angelo playing the Schreiner Mountaineers. Ranger's next conference game of the season will be played here against Tarleton State Feb. 8.

Significant developments last week were in the virtual elimination from the title chase of the Ranger Junior College Rangers and the ASC Rebels — each of whom lost their second league contest in an eight-game loop schedule. Ranger bowed to San Angelo 84-70 and to Schreiner, 80-52. The Rebels, who had previously lost to Ranger, were downed by Tarleton State, 75-69.

A three-way deadlock for the loop leadership now exists among Schreiner, San Angelo, and Tarleton State. Each of these quintets has one league victory and no defeat in the conference campaign. Downing Del Mar and Ranger, the Schreiner Mountaineers rolled to their sixth, consecutive victory last week and have averaged 82 points per contest thus far in a

ten-game schedule. They are now favored to battle it out with San Angelo, defending champions, for the league title this season.

In the scoring column, Lloyd Cogburn of Ranger, narrowed the margin between himself and pacesetter Donald McDonald of San Angelo. Cogburn has scored 281 markers while McDonald has bucketed nine more for a total of 290.

MOD Gains Staunch Supporter

Possibly no one knows any better than Mr. and Mrs. Walter Jacoby of Ranger, what comfort and aid the funds collected in this year's March of Dimes campaign will bring for some families within this area.

This particular family has learned first hand how the 'dimes' program operated for those who have required services of the organization.

Mr. and Mrs. Jacoby's son, Dillard, was stricken with polio in June, 1948. From that time to the present, he has been required to undergo continuous treatment of various types, even though the frequency has now been reduced to each three months.

Mrs. Jacoby said that during the entire six year period, she has not been required to pay for anything except her transportation to and from Fort Worth where Dillard was hospitalized during the first months of his illness.

It was not difficult to notice the admiration in her voice for the organization, as she said, "During the first two weeks of Dillard's illness, when we did not even know if he would ever walk again, we were not only concerned with his health but also of the great financial burden that amounts at a rapid pace for treatment as this."

"Within a very few days, we were contacted by the local MOD chapter and since that time, they have paid all bills with the exception of transportation costs. We didn't even have to sign any papers and have never been asked for a dollar in return," she continued.

Dillard's entire story from the beginning of his sickness to the present, where, that with MOD aid, he is enrolled in the fourth grade at school, borders near the realm of fantasy in the mind of Mrs. Jacoby.

Taken ill in mid-June, 1948, Dillard was treated for tonsillitis at home. Local doctors, upon examination, discovered symptoms of polio and he was taken to Fort Worth where he remained in critical condition for ten days, before improving.

After remaining in the hospital for nearly three months, Dillard, then four, was allowed to return home. He was not ambulatory and Mrs. Jacoby recalls that he had to be carried everywhere he was taken.

Even after returning home, he was taken back to Fort Worth each week for special treatment for a period of four years.

However, as time progressed and the bone and muscle in his right hip and leg grew stronger, the return trips were reduced to once a month and now finally once each three months.

The latter process is expected to continue until he is 16 or 17 years old or at the time his legs will

reach maturity, as is natural in human growth.

During this lengthy period, Dillard has twice undergone surgery on his leg, once in June, 1952 and another in June 1954. Both operations were also possible through the March of Dimes.

Mrs. Jacoby said that his only defect now was a slight limp, which is caused partially by his having to learn again the use of the leg.

Dillard's quarterly visits to the Fort Worth hospital now are not for the purpose of treatments, but rather for observation. Chances remain that in the process of his growth, the bone could possibly turn.

All checks are still picked up by the March of Dimes and other funds will be made available for him as they are needed.

Mrs. Jacoby again praising the "dimes" campaign said that in the case of absolute necessity, she would have sold some property,

but even with that, which would have left the family without future income, she could not have met all the financial obligations.

She added that there are those who have nothing to sell and could not possibly receive any type of assistance or treatment without the March of Dimes chapter in their district.

As last year's campaign began, Dillard, now ten, had saved his spending money for several months and on the first day of the campaign, his contribution was the first in Ranger.

Formal Opening Scheduled For Sinclair Station

The grand formal opening of Clifford Floyd's new Sinclair Service Station will be held Saturday, Floyd and Pat Thomas, local Sinclair distributor, announced today.

On the day of the formal opening, every person filling up his car with gas will receive a free two pound bag of sugar. Also, each customer will get a can of household oil or lighter fluid and candy will be furnished for the children.

On hand for the opening will be C. W. McFarland, area manager from Fort Worth, and O. F. Burkett, district manager of 14th Southwest District, also of Fort Worth.

Warm Air To Bring Showers

Warm southerly winds coming in today were expected to bring the temperatures up in this area before a cold front scheduled to arrive here around 7 p. m. strikes.

The Weather Bureau says that some scattered showers are possible as the cold and moist air currents collide.

The new front moving in on this area has brought snow in other regions in the nation but none was expected to fall here.

Following Wednesday, somewhat similar to an Indian summer, heavy cloudiness is expected to prevail here through tonight and early Thursday. Temperatures tumbled to 15 in Amarillo last night as the first touchings of the frost gripped that part of the state.

Most all of west Texas was warm Wednesday with clear skies.

THE RANGER TIMES

55TH YEAR RANGER, TEXAS, THURSDAY, JANUARY 20, 1955 PRICE FIVE CENTS

The Pathfinder

by Lee Harr

Seems that a proposed revision of an article of the Texas Constitution would strip from the voters privileges that have been heretofore automatic, and rightly so it should remain.

The proposed revision of Article Five would combine the Supreme Court and the Court of Criminal Appeals and remove the Supreme Court and Appellate Court jurisdiction from popular election. Instead, every six years, the people would vote on whether or not a judge should remain in office. If voted, "No," the Governor would appoint a successor based on the recommendation of a special commission of lawyers and laymen. The revision would also give the Supreme Court the power to prescribe all rules for practice, pleading and procedure, as well as licensing, disciplining and disbaring attorneys.

Certain portions of the revision seems highly feasible, but as far as the governor just outright appointing a judge for a six year term, seems outright fantastic.

Certainly we do not doubt the honorable intentions of the present powers, but, to us, no one should be allowed the practice of possible favoritism in appointment rather than a vote by the majority.

Members of the Police Department accomplished a task, not so enjoyable, but certainly worthy Wednesday as they posted 146 March of Dimes collection boxes over town.

Some of the policemen, those who were not on duty, namely Ed Freeman and John Shoek, gave

4-H Club Tour Will Be Held Saturday

A 4-H Club Livestock Tour will be held Saturday over the county. County Agent J. M. Cooper announced today.

The tour will be directed by Cooper and by R. S. Higgins, assistant county agent.

Cooper said that transportation for about 14 boys will be available and that others will arrange their own. He urged the fathers of the boys to accompany them on the tour.

The tour will begin promptly at 9 a. m. beginning at the City Hall in Eastland, Cooper said. It will wind up at about 3 p. m.

Anyone interested can make the boys, the county agent said. He said all who plan to go to bring their own lunch. "We will stop at whenever and wherever catches us," he said.

The tour will cover the eastern part of the county. Cooper said, "We hope that we may be able to do another tour later on into the eastern part of the county to see of the boys' livestock production area."

Sites For Two New County Tests Made

Sites for two new tests have been announced for Eastland County and the completion of a regular field try made.

Location for a proposed 3,900-foot rotary wildcat was staked two and a half miles northeast of Ranger. The venture is the J. C. Potter, et al, No. 1 M. L. Woods. Site for No. 1 Woods is 330 feet from the northwest and 1,263 feet from the southwest lines of T. Sparks Survey.

The other test was spotted three miles northeast of Eastland and has a proposed depth of 1,995 feet with rotary. It is J. W. Alsobrook & C. H. Havelka, Brownwood, No. 1 P. H. Hood.

No. 1 Hood spots 330 feet from the north and 870 feet from the east lines of the northwest quarter in Section 2, Block 4, H&TC Survey.

Frank Love & Co., Wichita Falls No. 3 Robert Fox, Subdivision 30, McLennan CSL Survey 2, was completed six miles south of Ranger in the regular field.

Daily potential was 25.40 barrels of 40 gravity oil, pumping from an open hole at 1,230-53 feet.

In other area oil news, location for a 3,500-foot rotary test was staked four miles northeast of Clyde. It is the Eastland Oil Co., et al, of Fort Worth No. 1 Joel Griffen. Site is 2,310 feet from the north and west lines of Section 82, HBB&C Survey.

Final Rites For Charlie Dabbs Held

Funeral services for Charlie D. Dabbs of Eastland were held at 2 p. m. this afternoon at Morris Funeral Chapel in Ranger. Max R. Crumley, pastor of the Ranger Church of Christ, officiated.

Mr. Dabbs died Tuesday at his home in Eastland. He was born in Mississippi September 25, 1869 and had lived in this vicinity since he was 8 years of age. He was a retired blacksmith.

Mr. Dabbs is survived by one son, O. D. Dabbs of Eastland; two daughters, Mrs. Hazel Bond and Mrs. Helen Moore; and a brother, Sim Dabbs of Eastland.

Interment was in the Eastland Cemetery.

AF Recruiter Changes Dates Of Visits Here

S-Sgt. Grady Hoyle of the Air Force Recruiting Station at Eastland will be in Ranger each Wednesday morning from 9:30 until noon instead of the usual Friday afternoon.

Sgt. Hoyle stated that the deadline for Air Force enlistments for January has been extended until Jan. 22. The change was due to the Air Force's decision to accept men over and above their January goal of 12,600 in order for enlistees take advantage of the G. I. Bill of Rights that expires Jan. 31.

Measuring Of Wheat Due To Begin Soon

Reporters for the County Agricultural Stabilization and Conservation office will soon begin measuring wheat in the district. Emmett Powell, office manager, announced today.

Powell said a definite date had not been set, but the reporters would start their work soon.

Lone Star Meets Union Demands For Pay Hike

Final Acceptance By Mail Ballot Awaited

The Oil Workers International Union, an affiliate of the C.I.O., has completed negotiations for a five percent wage increase for all employees of the Lone Star Producing Company and the Lone Star Gas Company of the Transmission Division, Verne W. Peterson, president of Ranger Local No. 478 announced here Wednesday.

The hike, if accepted by the union membership, will become effective Feb. 1.

Negotiations have been continued between the company and officials of the union for the past 2 1/2 years. The union was not asking for any specified raise, but the company management decided Monday in Dallas after a meeting with union officials on the five percent figure.

Ballots were mailed to all union members Monday night. If the membership ratified the raise, the hike will be effective on the February date. If the membership does not pass on the hike, negotiations will continue with Lone Star officials for a higher rate.

The local union covers Lone Star employees in all areas of Texas and a portion of Oklahoma.

Last wage increase was granted the company employees in 1952. Since that time, the union has continued negotiations for another hike. The union, last week notified the company of its intention, setting the groundwork for the meeting resulting in the raise.

Several such meetings were held since 1952, but this was the first raise offered company employees.

Bulldogs Tackle Cisco Here Friday Night

The Ranger High School Bulldogs will have a chance to improve on their conference record Friday night at the Recreation Building when they meet the Cisco Lobes who hold down the 9-2A cellar spot with four defeats and no wins.

Cisco's most recent loss came Tuesday night in Mineral Wells as the Mountaineers pounded them 48-30.

Ranger needs a win badly to maintain even a ghost of a chance to take the conference crown. If the Bulldogs take loop honors, they will have to defeat the four leading teams in return matches.

Coach Boone Yarbrough said that his squad has been hampered by height in most contests this season, especially with Mineral Wells, Weatherford, and Graham, and Stephenville, to a lesser extent.

He expects his same five starters to begin the Cisco contest who have been John Rush, Ronald Bush, Jim Littlefield, Scott Forney and Paul Hinds.

Dogs Absorb Third Loop Loss At Graham

GRAHAM (TNS) — Height proved to be the undoing of the Ranger Bulldogs here Tuesday night as the Graham steers defeated the Bulldogs 62-44 in a District 9-2A contest.

Graham maintained almost complete control of the backboards through the encounter with their 6' 5" Bob Crabtree and 6' 8" center, Bob Robitaille. Crabtree's tip in shots were good for 20 points while teammate Crabtree carried off scoring honors with 22 markers.

Paul Hinds set the scoring pace for the liners with 17 tallies, John Rush collected 10 points, and Scott Forney netted one field goal and seven gratis tosses, for nine tallies.

The loss was the third consecutive defeat for the Bulldogs in loop competition as compared against one win.

Graham jumped to an early lead and doubled the Bulldogs' score in the first period, 10-5. They were leading 28-16 at half time and the score stood 44-29 going into the final stanza.

The Bulldogs snare Cisco Friday night in another district encounter in Ranger.

Graham took over the third position in the conference. They also had a two lost - one win record going into the contest.

Cost of Cover Crop May Be Charged To '54

Emmett Powell, manager of the Agricultural Stabilization and Conservation office in Eastland, announced today that it "looks new as if all the cover crop can be transferred back to the 1954 program."

The vetch and rye cover crop seeded last fall was charged to 1955 funds, he explained. He said it appeared likely that the county would be able to transfer the costs to the 1954 program.

POWELL GIVES TWO REASONS FOR RELEASING FARM ACREAGE

Emmett E. Powell, office manager of the Eastland County Agricultural Stabilization and Conservation office, Thursday gave two reasons why farmers in the area should release any cotton or peanut allotment acreage that they do not plan to use.

Powell pointed out that the release would be for one year only and that the released acreage will be credited to the farm in order that the history would not be lost. The other advantage is that other producers can go ahead and plant the allotment, giving Eastland County hopes for a larger crop.

Powell said cotton must be

Training Award Presented Guard By Inspector

Lt. Col. William C. Seeggin, a representative of the Commanding General Fourth Army, Lt. Gen. I. D. White, announced during the annual general inspection of Service Battery, 684th Armored Field Artillery, in Ranger Tuesday that the unit had been awarded the Army National Guard Silver Certificate for efficiency in training for calendar year 1954.

Col. Seeggin, in presenting the certificate commended the unit on its efficiency in training procedures, and the method of instruction by the instructors.

Lt. Col. Ralph M. Trullinger, battalion commanding officer, from San Angelo said that "this unit has lent more than creditable assistance to the national guard program and the efficiency of the organization is equalled by few and surpassed by none."

Brashear Introduces Bill To Enlarge 91st District Court

AUSTIN (TNS) — Rep. Paul Brashear of Cisco and Rep. Mack Allison of Mineral Wells have introduced a bill in the House of Representatives which would add Callahan County to the 91st District court.

The bill would alter the boundaries of the 91st District and would be the 90th District and the 42nd District.

At present the 91st District includes only Eastland County. The 91st District is at present made up of Stephens and Young Counties. The new bill would add Shackelford County to the district. The 42nd District is composed of Taylor, Callahan and Shackelford counties. Under the new law it would consist of Taylor County alone.

Brashear said the change is agreeable to Judge Turner M. Collier, Judge J. R. Black and Judge Floyd Jones, the three jurists involved.

Would Create New Post Offices of two judicial districts as the new bill would also create a new post, that of a district attorney for the 91st District. At present Joe Nussels, Eastland County attorney, serves as district attorney for the 91st District court. District attorneys of the 42nd and 90th district would continue in office.

The bill, labeled as House Bill 43, states the redistricting is necessary to equalize the case load in the affected courts.

Fire Destroys Chicken House, Chickens Here

A large chicken house and approximately 300 chickens belonging to Toy Funderburk on U.S. Highway 80 were destroyed by fire this morning at 4:15.

The fire department said that the chicken house, constructed near the Funderburk residence, was threatened by flames which were swept by strong winds.

Damage caused by the blaze were not estimated.

Brush Control Available By Less Expense

Livestock raisers in Texas are changing their ways to get the greatest returns from the least investment.

The trend in brush control last year was toward cheaper methods which result in greater area control for each dollar spent but less percentage kill.

And, in reseeding the turn was to cheaper, longer lasting methods using primarily native grass varieties.

Cattlemen are changing their management to cope with drought and to meet demands for more livestock products, says A. H. Walker, extension range management specialist at A & M College.

In a year-end summary of range work in the state, Walker says 3,974,451 acres of grassland underwent some type of land improvement during the year. He estimates that Extension Service demonstrations in range management added \$1,767,415 to income of ranchers.

The demand for livestock products has increased 10 percent since drought took its grip four years ago. Ranch units have increased in size and the number of livestock has declined in the central and western sections.

Styling that's stealing the thunder from the high-priced cars!

It costs no more to form a sheet of steel into a graceful shape than it does an awkward one—so price has nothing to do with styling. Only the talent of its designers determines whether a car is a delight to the eye or it isn't.

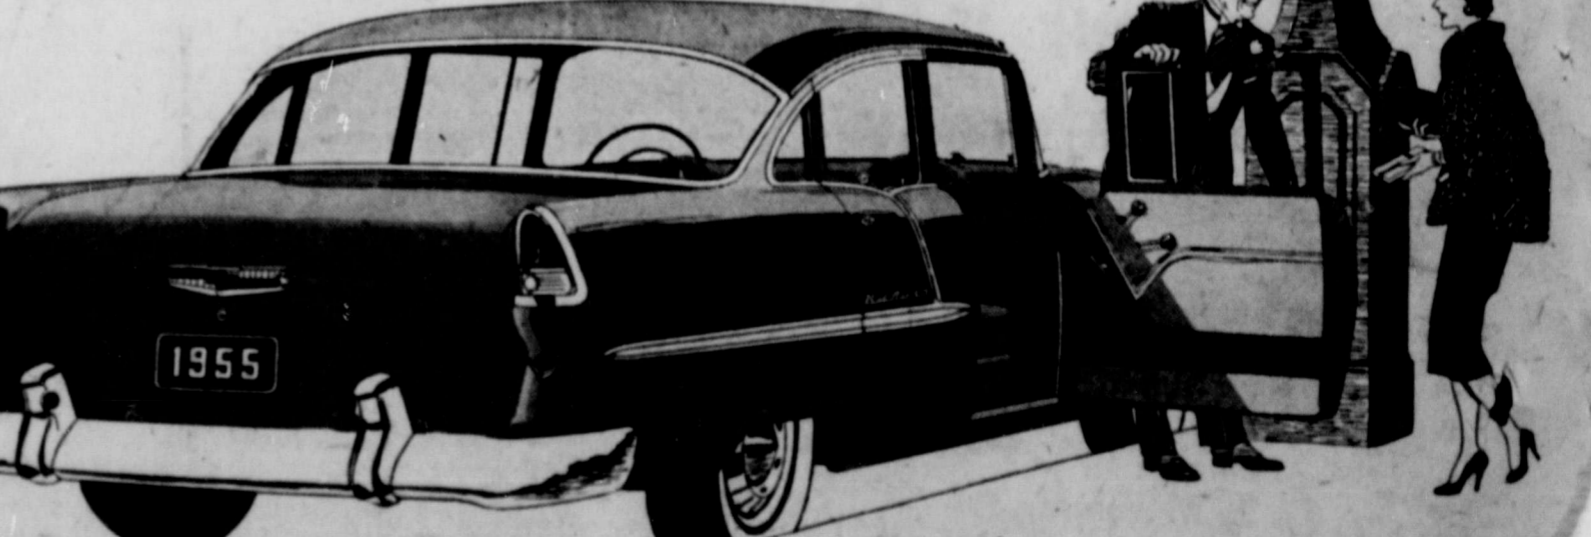

You couldn't find more pointed proof of this than the 1955 Chevrolet—for here is a low-priced car that has snatched the styling spotlight, overshadowing even the highest-priced creations with its subtle sweep of line, the bold rake of its deep-curved windshield.

New V8 and two new 6's
But the Motoramic Chevrolet has advances in engineering that even surpass its styling. There are three ultra-efficient new engines—the 162-h.p. "Turbo-Fire V8" and two "Blue-Flame" 6's. There is a whole new chassis design, with spheri-

cal-joint front suspension that spurns bumps like a swallow skimming a lake, and Anti-Dive braking control to check that sharp "nosing down" of the front end.

There are three new drives—sturdier Synchro-Mesh and, optional at extra cost, a silkier Power-glide automatic transmission or the flexibility of Touch-Down Overdrive . . . plus all the power helpers you could wish. Try a 1955 Chevrolet—now—and find out why it is stealing the thunder from the high-priced cars.

MORE THAN A NEW CAR . . .

Fourteen Chapters of Eastern Star Represented At School

The Eastern Star School of Instruction for district three, section 4 was held in Eastland Jan. 10 at the Masonic Hall. It was called, "The Teacher Session." The fourteen chapters which comprise section four were the hostess chapters. They are Callahan 242; Ranger no. 275; Rising Star no. 277; Eastland no. 280; Clyde no. 308; Strawn no. 361; Sipe Springs no. 416; Gorman no. 443; Cisco no. 461; Desdemona no. 512; Moran no. 591; DeLeon no. 693; Albany no. 733; Dublin, no. 910.

Mrs. Hazel Campbell, deputy grand matron called the meeting to order, welcomed all present and introduced Mrs. Willie Hogg, district grand matron, who responded graciously, and appointed assistants for the session.

Mrs. Pebble Roles was appointed secretary, Mrs. Nadine Brewster of Albany, chairman of the registration committee, and Mrs. Nell Rose Mohon of DeLeon as chairman of the invitation committee.

Mrs. Hogg then presented Mrs. Eunice Connell, worthy grand matron, who expressed her pleasure for being in the Eastland School and expressed her thanks to Mrs. Hazel Campbell for the portrait, which Mrs. Campbell had painted of her.

Mrs. Hogg presented Mrs. Agnes Lee Howard, grand examiner, who gave instructions on the work to be carried on in the examining room and then retired with her helpers to begin her days work.

The remainder of the morning was spent in the study of the ritual, constitution and laws of the Order of Eastern Star under the supervision of Mrs. Willie Hogg, D.D. G.M.

The school adjourned for a luncheon, which was served in the annex of the First Christian Church.

In the afternoon, the serious business of study was relieved for a short time, when Mrs. Campbell presented a skit entitled "An Ap-

ple For The Teacher". The program was given to raise money for the project of the year of the Worthy Grand Matron, which is improvements on the Eastern Star Home in Arlington.

The worthy matrons of this section, dressed as little school girls

in white pinafores, were the characters in the playlet.

A poem, appropriate to each chapter was read as the Worthy Matron presented to the Worthy Grand Matron an apple to which a gift of money from her was attached.

The Worthy Grand Matron expressed her sincere appreciation, when it was found that a total of 75 dollars had been given.

The school closed at 4 p.m. and the group met again at the First Methodist Church, where a banquet honoring Mrs. Eunice Connell, Worthy Grand Matron was served in the fellowship room.

Theme of the banquet was, "The Cross Within The Heart" and was followed by an evening session of the school.

The session was under the direction of Mrs. Corrine Weatherly, Worthy Matron of the Eastland chapter. The officers for the evening carrying out the theme gave a drill, forming a heart and cross. As the heart was formed, Stanley Webb sang, "Come Into My Heart" and then as the cross was formed he sang, "Meet Jesus—Bear The Cross Alone".

Mrs. Connell, W.G.M. then made her official speech to the group. The registration committee reported 148 present and the Grand Examiner gave her report of having presented 57 "A" certificates and 35 "B" certificates.

The singing of "We Meet, We Part But Love Goes On Forever" by Mrs. Bernice Gorr and Stanley Webb, accompanied at the piano by Mrs. Webb ended the days session.

Those attending from Ranger were: Geneva Wallace, Thelma Bott, Winnie Cox, Martha Usery, Emma Donley, Kitty Hicklin, Mamie McKinney, Florence Bundick, Lena Ford, Stella Blackwell, Vera Cooper, Evelyn Bagwell and Frank Hicklin.

Dr. Herman Bryan, who has been studying at Charity Hospital in New Orleans, is here visiting his parents, Mr. and Mrs. L. N. Bryan and brother, Raymond Bryan and family.

District MYF Meets In Ranger First Methodist

One-hundred and thirty young people, representing the Methodist Youth Fellowship groups from Methodist churches in the Cisco district, met at the First Methodist Church in Ranger Monday evening.

The meeting was presided over by the district president, Leland Davis of Cisco. The program included talks on "Worship" by Joyce Cushman of Eastland; Don Jobe of Seranton and others.

Mrs. J. C. Oglesby of Eastland announced plans for district activities for spring, including camps and assemblies.

An offering of approximately \$66 was taken for the Methodist mission in India.

Rev. Jim Bales, pastor of the Burdett Methodist Church led the singing and Mary Ellen Deffebach of Ranger accompanied on the piano.

The W.S.C.S. and MYF of the Ranger church provided refreshments for the group at the close of the meeting.

County Council Parent-Teachers Meet In Ranger

The Eastland County Council of the County Parent-Teachers Association met Friday Jan. 14 in the home of Mrs. Calvin Harris in Ranger.

Eighteen women from Eastland, Ranger and Cisco attended.

Mrs. Bryan Hale of Stephenville, district chairman on character and spiritual guidance was the speaker.

Following a business session the hostess served coffee, rolls and sausages.

Mrs. Elred E. Bell of Palestine, Texas, is visiting her husband's parents, the Aaron Bells, her parents, the L. N. Bryans and her brother and family, the Raymon Bryans.

Grover Jennings left this morning for Laramie, Wyoming, to settle the affairs of his recently deceased brother, E. Y. Jennings.

You haven't a single jar of home-made jelly left — and you need some? Well, that's where your range comes in handy. In a jiffy, with the help of liquid or powdered fruit pectin and a frozen fruit or juice, it will cook up a batch of just the jelly you want. (The "right" receipt comes with your bottle or package of natural pectin).

Did you know that gas heat is cleaner? Now you can have the lightest walls and woodwork, the brightest decorator fabrics, because they won't turn dull or dingy or get streaked with soot or grime. Natural gas burns completely, leaving no smoke, no odor, no stains, no residue. Think of the savings on laundry and cleaning.

Here are a few quick tricks for hurried homemakers: Plum Special — Spoon-cool, canned plums into dessert dishes. Serve with a splash of sour cream over the top. Apple Pie Royal — Add 2 tablespoons sherry, a tablespoon lemon juice and several dashes cinnamon to apple slices before baking. Candied Applesauce — Heat a can of applesauce. Add some finely crushed peppermint stick candy. Stir until dissolved. Cool. Quick Ice Cream — Make good ice creams and sherbets from the handy mixes on your grocer's shelves.

Spiced Corn Soup — Sprinkle a dash of cinnamon over hot cream of corn soup before serving.

Skvory Peas — Mix canned peas with a little finely chopped onion and celery. Cook over a low heat until onion is tender.

Mince-meat Sundae — Stir a little sherry into mince-meat. Heat to the bubbly stage. Serve hot over vanilla ice cream.

Scalloped Meat and Potatoes — Arrange layers of sliced canned meat between layers of sliced potatoes. Proceed as with regular scalloped potatoes.

Meatballs in Onion Sauce — Pour a can of condensed onion soup over uncooked meatballs. Bake 45 minutes in a moderate oven.

Honeyed Cereal — Stir several tablespoons honey into any quick-cooking cereal. Cook in the usual fashion.

Apple Compote — Combine a can of apple slices with a can of whole cranberry sauce and a fistful of chopped nuts.

Pickled Beets, German-style — Add a few caraway seeds to a can of pickled beets.

Peanuts De Luxe — Mix a generous handful of crisp peanuts in with cool canned applesauce.

Quick Chili Sauce — Mix a can of tomatoes with a can of chili con carne with beans, a chopped onion and 2½ cups water. Heat to a boil, then simmer for 15 minutes.

are insured up to \$7,500 or direct federal loans up to \$10,000; unemployment pay which grants up to \$676 for unemployed veterans; and pay for injuries which may draw up to \$181 a month. After Jan. 31, the rate will drop by 20 percent. The same cut applies to pensions for survivors of men killed on active duty after Jan. 31.

Also, to be eligible for hospital care, which veterans now are eligible for at Veterans' administration hospitals if they are unable to pay and beds are available; a person totally disabled in civilian life, after "wartime" service, can get up to \$78.75 in monthly cash payments and a chance to earn a college education with a maximum of \$5,760 in monthly cash payments ends on the same date.

He added that enlistment during January are worth up to \$976 in cash in mustering out and unemployment pay alone.

IT'S THE LAW
in Texas

STATUTORY COPYRIGHT LAW EXPLAINED

Copyrights are of two types: Common Law and Statutory. In general, the common law copyright protects unpublished works and the statutory copyright protects published works. The following discussion applies to published works and the statutory copyright.

The United States copyright statutes give to authors, composers, and artists the exclusive right to their published works for a period of twenty-eight years. During that time others are prohibited from copying or reprinting such works without permission of the copyright owner. Statutory copyrights are renewable once for a second twenty-eight years.

Works that may be protected under our copyright laws include books (not only bound volumes, but also pamphlets, leaflets and newspapers, magazines, reviews, bulletins, proceedings of societies, serial publications, etc., which appear at regular intervals of less than a year); contributions to

The Ranch Girls invitation barrel race will be a new feature of the rodeo of the Southwestern Exposition and Fat Stock Show in Fort Worth, Jan. 28 through Feb. 6. Beautiful girls, representing cities or ranches, will race against time in an exciting display of horsemanship. Shown here is Pat McDaniel of Abilene.

periodicals; lectures, sermons or addresses prepared for oral delivery; musical compositions and dramatic or dramatic-musical compositions.

Also maps; works of art; models or designs for works of art; published three dimensional works of art; reproductions of works of art; drawings or plastic works of scientific or technical character; photographs; prints and pictorial illustrations including prints (advertisements) or labels used for articles of merchandise; and motion picture photoplays; and motion pictures other than photoplays.

The principal steps to be taken in securing a statutory copyright include (1) properly marking the work with a notice of copyright, (2) publishing the work, and then (3) filing with the Register of Copyrights in Washington an application for registration of the copyright. A relatively small fee and a specified number of copies of the work must accompany the application.

It should be noted that the marking must precede publication, and that both of these steps must precede the filing of the application. Failure to incorporate the notice

of copyright before publication or to set it up in proper form or to place it in the proper place on the works will result in abandonment to the public of the claimant's rights. He will lose his copyright. Requirements vary in respect to the form of the notice, and the place on the works at which it should appear - depending on the nature of the works, whether they are published or unpublished, and other factors.

On some works it is mandatory that the notice contain the word "Copyright" or the abbreviation "Copr.;" on certain other works, the letter "C" enclosed within a circle may be used instead. On some works the notice must include the year in which the work was first published.

In every notice the copyright claimant must be identified. In some cases the full name of the claimant is required; in others the initials or monogram, or an identifying mark or symbol, is sufficient. The name or mark may be that of the creator of the work, or of one to whom the copyright has been assigned.

Here is an example to show the effect of a copyright: A copyright on a map of Texas does not preclude another from publishing a map of Texas, provided he gets his information from original sources. The copyright does preclude another from copying the map protected by copyright. Further, the copyright law does not normally protect titles as such, nor abstract ideas, but rather the copyright grants the right to preclude others from copying an expression of an abstract idea.
