

THE RANGER TIMES

35TH YEAR

RANGER, TEXAS, TUESDAY, JANUARY 25, 1955

PRICE FIVE CENTS

ONE SHOE OFF, ONE SHOE ON—Unlike "my son, John," of the nursery rhyme, Swedish ski jumper Toivo Lauren wasn't caught in bed in this predicament. He lost one ski "shoe" at take-off point of the ski jump at Garnisch-Partenkirchen, Germany, landed on one ski and finished the run on his stomach, unhurt. Long-lens movie camera caught this high-point of jump.

The Pathfinder
by Lee Harr

Noticed that Joe Kerbel, the now famed coach at Breckenridge, has accepted the coaching position in Amarillo in the 4-A high school circuit.

No, a couple of state championships in three years, has added luster to this coach's record and he moves up to a larger city with more prestige and probably a larger monthly pay check.

A recent report shows that during the past 38 years, Texas has practically doubled in population, succeeded in increasing the number of manufacturing workers five-fold, a value-added-by-manufacturing figure 16 times larger and noted a great increase in wages which all collaborate to indicate a few of the radical differences between the 1917 agrarian economy of the state and the industrial booming area that is Texas in 1955.

We firmly believe that we can look forward to the continuation of this healthy growth in years to follow as east and west coast manufacturers continue to dip into the pools of plentiful, less expensive labor, ideal climates and the wide expanses of bare earth which is ours.

One of our oldtimers recently said that boys, in this modern age and time, that can't get to first base with his girl should try a new diamond.

Medical circles say that the sneeze of a person who has a cold, or has one "coming on" can infect a whole room full of people.

A sneeze, unless blocked with a handkerchief, will shoot droplets laden with cold virus and traveling at 150 feet per second. When the droplets evaporate, they release the infection agents.

When we look back over the re-
(Continued on Page 2)

Daughter Of Early Pioneer Family Dies

Mrs. Eppie Jane Carr, daughter of one of the earliest white families in this area, died Monday night in a local hospital at the age of 85.

She was the daughter of Mr. and Mrs. B. M. Keith, the earliest white family in Erath County and the first white couple to take wedding vows in Eastland County.

Born in Erath County June 22, 1871, she was married to Rufus Stephen Carr in Victory Community near Dublin on August 6, 1886. He predeceased her in death in June, 1929. To the couple was born 12 children — six sons and six daughters.

Survivors include five daughters, Mrs. R. P. Lewis, Desdemona; Mrs. Tennie Merrick, Albuquerque, N.M.; Mrs. Clyde C. Compton, Fort Worth; Mrs. J. D. Cheney, Ranger; and Mrs. Frona Amsa, also of Ranger.

Six sons, O. E. Carr, Kermit, John, Austin, R. S. Carr, Stephenville; Moody, Ranger; Herman, Kermit; and Cecil, Desdemona, also survive.

Other survivors include, two brothers, Gabriel, Kitch, Almagro, N.M.; Alf Keith, Gosman; and a sister, Mrs. Middle Eoff, of California.

Services for the deceased will be (Continued on Page Four)

Cattle, Hogs Hold Steady At Auction

Cattle and hogs were generally steady at Monday's auction sale at the Ranger Livestock Commission Co., Monday. Loy Williams, general manager has announced.

Stocker cattle were slightly stronger at 350 cattle and 75 hogs were sold during the day's activity.

Prices included: fat calves, \$16-\$22; common to medium calves, \$13-\$16; fat cows, \$9-\$12.50; canners and cutters, \$6-\$9; bulls, \$10-\$14.50; stocker calves, \$16-\$20.50; stocker cows and calves, \$9-\$13.50 a pair; top hogs, \$18.75; and sows, \$16.50 down.

HUNDRED AND FIFTY FARMERS IN COUNTY GET FHA HELP IN '54

Nearly 20,000 Texas farmers and ranchers received financial aid from the Farmers Home Administration during 1954, including some 150 Eastland Countians, George I. Lane, county supervisor, said Tuesday.

"These are families who were unable to get financial assistance from banks and other private credit sources," Mr. Lane explained.

Members of the County Committee are Lester Hagerman, Oral Davis and Jack Baker.

More than 46 million dollars was loaned to these farm people. In the nation as a whole, Mr. B. McLeish, National Administration, states that the Farmers Home Administration has loaned more than \$292,452,800 to the nation's farmers and ranchers this year.

On the other hand, Texas farmers and ranchers paid off loans with the Farmers Home Administration totaling \$36,559,147.

This is a remarkable achievement, Mr. McKay pointed out, in view of the drought which plagued most of the state this year. "It shows the resourcefulness and character of these families who have received financial assistance from FHA," McKay declared. One of the major programs set up by Secretary of Agriculture Ezra Taft Benson to provide relief to farmers and ranchers in drought disaster areas is the Emergency Loan Program.

Mr. McKay reported that 13,739 Texas farm families borrowed \$25,412,174 from the Farmers (Continued on Page 2)

Work On Final Stretch Of Lake Road Underway

Dimes March (An Editorial)

What if the Salk vaccine tests prove successful this spring? Is the polio job complete? Unfortunately, it will be far from complete.

Of major concern to the National Foundation of the March of Dimes has been the possibility that in spring 1955, the Salk vaccine might prove effective, but there would be little or none on hand to protect children before epidemics strike a few months later.

We still have a moral obligation to see that this does not happen.

We will understand the magnitude of the new job that lies ahead when we realize that through our efforts the fight against polio has expanded to include not only the thousands stricken but also millions of healthy children and adults who can be protected from polio's ravages. Until an effective vaccine is widely available to the public on a commercial basis, the March of Dimes must expect to shoulder heavy financial responsibilities in the field of polio prevention.

But while this exciting work progresses by leaps and bounds, polio continues to strike dangerously among us. For tens of thousands of Americans, a polio vaccine already is too late. Their struggle is against disability, against crippling, against uselessness. They can be helped — they are being helped, with your contributions to the March of Dimes.

Two Confess To Thurber Theft

Two men, arrested near Clyde, confessed to the robbery of Eddie Stiffler, Thurber service station operator last night.

Charged with armed robbery at Stephenville are Andrew LeBresh, 28, of Borst, Mich and Donald Phillips, 22, of Minneapolis, Minn.

The pair were charged with robbery after they had been arrested near Clyde, Monday night by a group of highway patrolmen.

According to R. E. George, Erath County Sheriff, the pair entered Stiffler's service station about 8 p.m. and, at gun point, took \$25 in cash, bound Stiffler and forced him into their car. He was released unharmed between Eastland and Cisco.

After his release, Stiffler reported to the Eastland County Sheriff's department who notified all law agencies in west Texas.

LeBresh and Borst had previous criminal records but denied having parts in any recent robberies.

No charges were being immediately filed against a companion of the pair who was presumably a hitch-hiker. He was Willie Cartwright, about 20 years old.

The trio were traveling in a 1952 model car which was stolen "somewhere up north," Sheriff George said.

The two men confessed to the robbery after questioning by District Attorney Sam Cleveland, Ranger Jim Riddles of Breckenridge, and Sheriff George.

Highway patrolmen making the arrest were C. A. Cockrell, D. R. Womack, John Higar and G. G. Fitzhugh.

Burleson Blasts Nut Importation Proposal

Omar Burleson, representative of the Seventeenth District of Texas, in a statement before a congressional committee, recently blasted the proposal to import 200,000 tons of peanuts into this country in June, in a statement before a congressional committee.

The representative firmly stated, "If it seems inconsistent for one who adheres to the philosophy of free trade, it seems a greater inconsistency that we should come to allow the importation of peanuts when we are controlling acreage, when we are supporting it with a price that will guarantee some sort of a living for the farmer. That is the inconsistency and it just seems to me that it is — I repeat — carrying coals to Newcastle when we think of importing peanuts into this country.

Referring to the distinctive type of farming clientele that he represents, Burleson recalled, "Fundamentally, people from our part of the country, from the South and the Southwest, have always been by necessity free traders. We still are — incidentally, I understand that at one time perhaps that made the difference between the parties in this country, Democrats and Republicans."

Unprotected Market

"We sold our products from the soil on an unprotected market, we bought back from the great manufacturing areas in the north and the east on a protected market. It is just as simple as that. Whether it is an automobile, a radio, or farm machine, or what not, it was bought on a protected market," he said.

Burleson further questioned the inconsistency of the proposed program, by saying, "Rice in Burma, is like carrying coals to Newcastle. The same thing is true with peanuts being brought into this country today."

He charged that the effort to bring in 200,000 tons of peanuts

Rev. Weaver Holds Services For Army Convoy

Rev. Bruce Weaver, pastor of the First Methodist Church in Ranger, directed services for 102 soldiers aside U.S. Highway 80 Sunday.

The soldiers were of the 298th Signal Company from Fort Huachuca, Ariz., bound for Camp Rucker, Ala. on a ten day motor convoy maneuvers.

Rev. Weaver said that the group also presented an offering of more than \$17 which will be directed to the Korean Relief Special which the Methodist Church has just concluded.

The troops ate their noon meal here at the Green Top Drive-In and Rev. Weaver arrived for the services shortly after his had been concluded at the church.

The convoy is due to pass back through here around March 15, their commanding officer said.

Tower Theatre To Present Talent Show

The Tower Theatre in Ranger will be the site for a community wide talent show Wednesday night.

The theatre management asked that any who wish to perform on the talent show to contact the Tower business office.

Talent Show Time will be broadcast direct from the theatre's stage.

Weather Reports

Continued fair without much change in temperature Tuesday and Wednesday. Maximum temperature both days, 50-55. Low Tuesday night near 30 degrees.

NICE—Overcoats are a comfort, not a fashion "must" as visitors through the Promenade des Anglais at Nice, swank French resort. Cold from northern Europe's worst-in-years storms has made itself felt even on the Riviera.

Old Staff Road Not Closed, Court Says

Eastland County Commissioner Monday morning voted to reduce county taxes on two pieces of property and decided that it would not be necessary to deal with a petition asking that the old Staff road not be closed.

The Court reduced property valuations of a lot in Olden and one in Desdemona. Both had not been rendered for taxation in several years, and had decreased in value as commissioners decided.

A petition from property owners in the area served by the old Staff road asked that the road not be closed. The Court had no intention of closing the road to the first place, Commissioner E. M. Bennett of Gorman, said, and therefore did not need to consider the petition.

What actually happened was that last week the Court voted to tear down the bridge on the old Staff-Eastland road. The road itself would still remain open on both sides of the bridge, but to cross the Leon River it would be necessary to go to the new Staff Road bridge. Reason for removing the bridge now is to make sure that it is salvaged before water backs up from the new dam. If the bridge remains where it is now, it would be inundated when the new lake fills up, commissioners said. The bridge will be moved to a new location just below the Texas Electric dam, where it will give property owners in that area an access across the river.

Two questions that have been confronting the court for several weeks were again not considered. The Court decided not to appoint a county health officer at the Monday meeting and did not make a decision on reducing the pay of (Continued on Page 2)

John Tibbels Purchases Owen Implement Co.

John Tibbels, manager of Tibbels Hardware, has announced his recent purchase of the Owen Implement Company here in Ranger.

Tibbels said that he expected to move the entire stock from his present location to the new building this week. He said that the new business will be called the Ranger Farm Store.

In the sale, Tibbels also gained control of the John Deere dealership here. Besides tractors, he will handle all types of implements for the machinery.

Remodeling the interior of the new business, Tibbels said that other than the farm equipment, he would also act as dealer for GE televisions and appliances, a new sporting equipment.

Jarnell Radio and TV Service will also be moved to the new location.

National Guard Payroll Tops \$20,000 Mark

The government spent \$22,705 in payment of the salaries of national guard personnel in Ranger during 1954, it was announced today.

Payments included monthly salaries for the three permanent duty personnel, plus quarterly training checks, and summer camp payments for an average of 65 enlisted men and officers.

Of the total, \$4,000 was paid in salaries during the summer camp.

Movie Proceeds To Be Donated To MOD Drive

The Ranger Volunteer Fire Department with the cooperation of the Tower Theatre management will present a children's movie Saturday morning at 10 o'clock with the proceeds to be contributed to the March of Dimes drive, Virgil Johnson, fire chief announced, today.

Johnson said that there would be no set admission price but that those attending would be allowed to donate what they wished.

Dick Waters To Direct Music For Baptist Youth Revival

Dick Waters, popular Youth Director of the First Baptist Church, will direct the music for the Youth Revival that begins Friday night, January 28, at 7:30. Services will be held Saturday night and both morning and evening on Sunday.

DICK WATERS

Mr. Waters is asking the assistance of all the Youth of the city to join in making this one of the finest programs for the Youth that has come to our city this year. He stated, "Christian Youth of today need the assistance of all Christian organizations and institutions in order to overcome the temptations that are sponsored by an ungodly or nonchristian group."

David Kuykendall, of Southwestern Seminary of Ft. Worth will do the preaching. Mr. Waters is a Junior in Hardin-Simmons University. During the recent months that he has been serving in Ranger he has assisted in many ways to strengthen and develop a stronger program and has cooperated with both religious and civic organizations.

A youth choir will be rendering special music each service and all of the Young People are invited to join the choir in this special music.

Hundred -

(Continued from Page One)

Home Administration during 1954 under this program and have repaid \$19,481,219 of it.

Also, a total of 1393 livestock producers have been advanced loans totaling \$18,742,620 since the beginning of the Emergency Livestock program in August, 1953. "In spite of the drought in most range areas, these same livestockmen have been able to repay more than \$5,000,000 of their loans," McKay emphasized.

Procedure was worked out McKay states, in a meeting this week which was attended by Senators Price Daniel and Lyndon Johnson, and Congressman George Mahon, J. T. Rutherford, W. R. Poage and O. Clark Fisher, and members of the Staff of the National Administrator, Mr. McLesiah, which had the wholehearted approval of the Secretary of Agriculture, Mr. Ezra Taft Benson's office. This procedure is in keeping with the intent of the law in making emergency livestock loans, McKay advised, and that this procedure which was agreed to would permit the ranchmen to retain a percentage of their ewe lambs or heifer calves, depending upon the nature of their operations to replace cull breeding animals so that the herd will be maintained in the proper level and thus safeguard the security interest of the first lien holder.

In addition to the Emergency and Special Livestock loans, the Farmers Home Administration lends money in its regular programs to farmers operating family-type farms for operating expenses, equipment and livestock purchases, for the development of Soil and Water resources, and for farm purchases, farm enlargements from appropriated funds, giving special preference to veterans. Insured mortgage loans were made for building and improving houses, barns, etc. and land purchases are made to all eligible farmers from these insured mortgage funds.

AROUND THE CAMPUS

Miss Kathleen Earnest has returned from San Angelo and is back at work in the college office at her duties as secretary to the president and Associate Registrar.

Miss Waldine Cribbs is now taking care of the college bookkeeping.

Raymond "Giz" Gilstrap of Big Spring and Calvin Tucker of Dublin are in basic training or boot camp at San Diego, Calif. in the USMC.

Loni Wood from Wellington will play basketball for EJC this spring.

J. P. Bartley from Crowell has registered for next semester. He is also a good basketball player.

Coach Stan Burnham comes to Ranger from Mineral Wells. He was a good friend and a steward in Brother Crutchfield's church there. He has a lovely wife, Mildred, a son five years old named Ronnie, and two small daughters, Patricia and Diane.

Dean Fred Baumgardner will be a Dorm Dad for the boys dormitory next semester.

Wanda Jones from California is a new student at the college, and she is living at the girls' dormitory.

The college girls are looking forward to the physical education courses which will be taught by Mrs. Tice next term.

The square dancing club will be organized shortly after registration according to Miss Sudi Gray and Hayden Chapman.

Five new film arrived this week for the college film library from Facts Forum.

Coach Bill Spears and his volleyball team are setting some all-time records. It is reported.

Candles furnished lights for studious students who were studying for exams when the lights went out last Monday night.

Miss Joyce Steel of Anson was given a Coke party in the girls' dormitory on Tuesday night.

Old Staff -

constables in the county. Commissioner Henry Carter was absent, and the Court decided to wait until all commissioners were present to make the two decisions. Several doctors have applied for the position of county health officer. County Judge John Hart presided.

Dave Fiensy Taken By Death Tuesday Morning

Dave Fiensy, 68, retired Eastland oil driller, died Tuesday morning at 12:30 at a Wichita Falls hospital. Mr. Fiensy had been in ill health for the past three years, following an automobile accident.

Services are still pending, awaiting arrival of relatives. Burial will be in Eastland Cemetery with Hammer Funeral Home in charge of arrangements.

Mr. Fiensy was born Aug. 23, 1886. He is survived by his wife, two brothers and three sisters.

County Trapper Gets Five Wolves And Five Wildcats

Who says this still isn't the "wild west."

Floyd Green, U.S. government trapper in Eastland County, reported Tuesday that so far this month he has trapped five wolves and five wildcats in the county.

He captured two of the wildcats Monday morning — one within throwing distance of downtown Eastland.

All but two wolves and one cat were captured in the south and west sections of the county. Two of the wolves were trapped south of Eastland and one of the wildcats just east of the city.

"I got the cat just in back of the new Conoco Station at the 'Y,' the trapper related.

New County Garage To Be Built In Gorman

GORMAN (TNS) — Construction of a new county garage in Gorman is underway, County Commissioner B. M. Bennett said Tuesday.

Bennett said that a 24 foot by 40 foot building is being constructed on the lot adjoining the Higginbotham Lumber Co. The building will replace one which was located on the same lot, Commissioner Bennett said.

Death Takes J. R. Lusk Here Monday

Funeral services for J. R. Lusk of Eastland were to be held this afternoon in Quitaque.

Mr. Lusk died Monday morning at the Eastland Memorial Hospital. His body was shipped overland to Quitaque for burial there. Survivors include his wife.

The Pathfinder -

(Continued from Page 1)

cent news about polio, it is hard to believe that just a few short years ago practically all of the polio headlines were those that struck fear into our hearts. Epidemics. Deaths. The crippling of youngsters before they had a chance at life. This was then the major story of polio. The brighter side was less obvious, much too technical to be dramatic.

Today, we find the situation happily reversed. One of the most severe polio epidemics in our history, the third highest U. S. polio epidemic, has been over-shadowed by scientific events which should thrill the hearts of those who faithfully and diligently have given their support to the March of Dimes.

Everybody's imagination has been captured by the development of the Salk polio vaccine. The world has watched with intense interest the mammoth, history-making vaccine trails in which almost two million school children participated. You who have worked for and given to the March of Dimes must be deeply gratified by the selection of four scientists as 1954 Nobel Prize winners — for their work which we have largely supported, work we made possible through March of Dimes grants.

And recently we learned of the farsighted plans of your National Foundation for Infantile Paralysis to purchase enough vaccine for 9,000,000 people. This has served to keep the vaccine production lines going, on the chance that by next spring there will be scientific proof of the effectiveness of the Salk vaccine and it will be licensed for use.

These are the heartwarming headlines which we now take for granted, headlines which represent great triumphs not only in the field of science, but in the social development of our nation. For the first time, it appears probable now that we and millions of other laymen will have been the working partners of the scientists in a terrible epidemic disease.

Woman's Society Of Christian Service Continues Bible Study

Members of the Woman's Society of Christian Service met at 3:30 p.m. Monday, Jan. 24 at the First Methodist Church for the second session of the bible study being taught by Mrs. Bruce Weaver, the title of which is "Jesus' Teachings Concerning Women." Mrs. A. J. Ratliff led in prayer and the group sang "Open My Eyes That I May See." Mrs. Ratliff then reviewed the parables of the text as follows: "Women in the Home," "The Wedding Feast," "Leaven," "The Three Lost Things," "The Ten Virgins," "The Prodigal Son," "The Pearl of Great Price," and "The Kingdom of Heaven." Mrs. Gaston Dixon gave the scripture describing the parable of the three loaves, Mrs. J. L. Turner the parable of the silver piece and Mrs. C. E. May, Jr., the parable of the unfortunate widow.

Wednesday Night Services Set At First Baptist

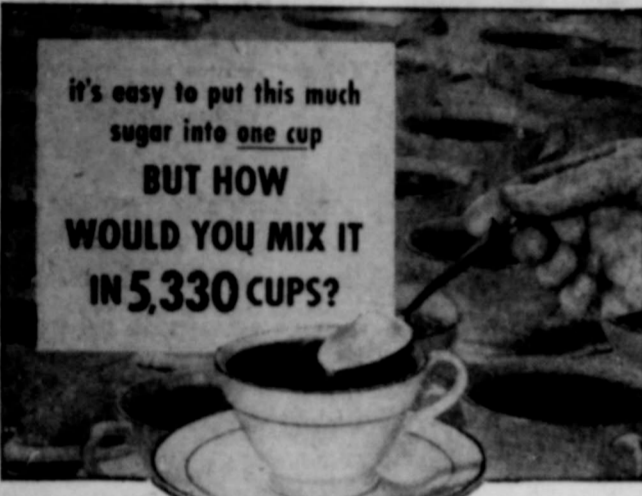

Wednesday evening at 6:30 will find the Sunday school department of the First Baptist Church at work on their program of better Bible teaching for the coming Lord's day. Attendance and interest rises and falls with the officer-teacher interest on Wednesday evenings.

BSU To Meet Tuesday Night, First Baptist

A special program has been arranged for the BSU meeting Tuesday evening at 6 p.m. in the lower auditorium of the First Baptist Church. Supper will be served and the program will follow. President Rod Carter extends a special invitation to all new students who are interested in the BSU program of activities. The members will be anxious to be back for the second semester, and Jerry Carter and JoAnn Crider will be on hand to welcome the new students and the old members for the first meeting in the new semester.

Studie Gray promises a special program of interest and plans for the rest of the week for the Youth Revival. The BSU will join the Youth of the Church in a special prayer meeting at 7:30 where a program has been arranged for both college and high school students. Everyone is invited to the 7:30 program, according to Walter J. Arterburn, Chairman of the Youth Program of the Church.

it's easy to put this much sugar into one cup BUT HOW WOULD YOU MIX IT IN 5,330 CUPS?

a problem of the same proportion is facing most feed companies in mixing about 1/3 oz. of stilbesterol into one ton of cattle feed

The Food and Drug Administration in its approval for use of stilbesterol has set about 1/3 oz. per ton as the right amount for this powerful growth stimulant. That means it is added in the proportion of only 1 part to 90,800 parts. It must be mixed so that cattle get just the right amount... too little stilbesterol in their ration won't produce maximum gains... too much in their ration can prove toxic. Yes, it is a big mixing problem for most feed companies—but not for Purina, with its exclusive Micro-Mixing process.

This is an OK USED CAR. Hallway or highway, OK Used Cars are impressive from any point of view! That's because they're thoroughly inspected and scientifically reconditioned for performance, appearance and safety. These beauties are value-priced and warranted in writing. See them today. Sold only by an Authorized Chevrolet Dealer

Anderson Chevrolet Co. Highway 80 West Ranger

"and it's easier to make my bed..."

with my ELECTRIC BLANKET!

No trick at all to making a bed when it's spread with a soft, lightweight electric blanket. You don't need any other cover...no more fussing with extra cover...because you will sleep in perfect comfort all night through under an electric blanket. Just select the warmth you want before you close your eyes. No more huddling under heavy blankets to keep warm...just nights of relaxed slumber under your light-as-air, warm-as-toast electric blanket. Electric blankets and electric sheets are available in soft, decorative colors to match room interiors, and are equipped with either single or dual controls.

Mrs. Omar Burleson To Be Installed As New Congressional Club President

WASHINGTON, Jan. 24—Texas, now riding high with the leadership of congress, scored another hit recently. Mrs. Omar Burleson, wife of the Congressman from Anson, was elected president of the Congressional Club, the coveted post in an organization of wives of senators and Congressmen.

This should keep the Burleson family busy this season for the Congressman has just become chairman of the House Committee on Administration.

Mrs. Burleson takes over the reins of the club on February 1 and she is expected to run it with a friendly "giddyap" as one would expect from a lady whose smile is as warm as West Texas sunshine.

Elected without opposition, Ruth Burleson will serve for two years—the tenure of the 84th Congress—in an organization which is, in every sense, bi-partisan. Indeed, it is even more bi-partisan than its counterpart on Capitol Hill, for under its constitution, the presidency must rotate between parties and the committee chairmanships must be allocated equally according to party and geography.

Mrs. Burleson replaces Mrs.

MRS. OMAR BURLESON

Lawrence Smith, wife of the Wisconsin Republican.

She will be installed Friday, January 21, at a simple tea for the 335 members, but her first send-off will be on February 2nd when she and the Congressmen are host and hostess for President and Mrs. Eisenhower at the annual club reception in their honor.

A heavy schedule of reception, in honor of the new Speaker of the House, teas honoring the wives of the cabinet and the diplomatic corps, are held in addition to the club's weekly Friday meeting where speakers of newsworthiness and timeliness appear. Such top-flight guests as Secretary of State Dulles, Ambassador to Italy Clare Boothe Luce, Lady Astor, Kathleen Norris, and others have spoken.

It is these meetings which are arranged to be of interest to visiting constituents and they serve a useful purpose in enabling the Congressional wives to have a

special way of entertaining a visitor from the home district.

The club was founded by Congress, but it is entirely self-supporting from dues and from the sale of The Congressional Cookbook, a collection of favorite dishes of members.

Ten Texas ladies were among the club's incorporators back in 1906 when the move started to furnish an organization which would make life in the National Capitol more pleasant for the wives of the Congressmen and Senators. Among the Texas ladies who were the instigators were Mrs. John Nance Garner and Mrs. Albert Sidney Burleson, whose husband, at one time Postmaster General of the United States, was a distant relative of Rep. Omar Burleson.

On May 30, 1908, Congress passed the act creating the club but it left itself a way out, in the event the ladies didn't behave themselves. One stipulation read:

"Congress reserves the right to alter, amend or repeal the Act."

By 1914, the club had a club house and held its dedication reception in honor of President and Mrs. Wilson. The clubhouse was made possible by the late Mrs. John B. Henderson, wife of a former Congressman from Missouri, who gave the land and signed the notes for the construction.

Mrs. Burleson is the second Texas lady to head the Congressional Club. In 1919, Mrs. N. W. Gregg, wife of the Congressman from the Palestine district, was president.

For the past two years, she has been club treasurer, a post, incidentally, which Mrs. Garner held in the early days of the club.

She is a poised speaker, getting her experience on the backend of a sound truck during her husband's first campaign for Congress.

She takes to the golf, bowl life naturally for, as the daughter of a Texas Baptist minister and married to a public figure, her life has always been under public scrutiny.

Her father, the late Rev. R. D. DeWeese, was minister of the Anson Baptist Church for many years. She still follows the basic philosophy which she learned from her mother, "There's good in everybody if you'll only look hard enough."

This has given her a uniquely happy-hearted approach to people in a town which is noted for its quick and sharp tongue.

Burleson -

(Continued From Page 1)

as, under normal conditions they will, by the latter part of June, have ready for the market, about 25,000 tons of peanuts. The date here is June 1. Of course, as you know, that is the date in which the request is made. If we can run to June 1, I think that we can somehow, without a doubt in the world, have 25,000 tons of Spanish peanuts ready for the market, which will be produced in 15 counties in south Texas.

"From June until July we will have ten more counties, a little further north, 18,000 acres allotted, which will produce another 25,000 tons, because it is a little heavier production. Then we get up into my area of the country where the crop is a little later, and the season comes on in July and August, and that is where the bulk of our peanut crop will come from."

"It just doesn't make sense that we are not going to have peanuts ready for market," he emphatically stated.

Market Depression

Burleson raised the question, "If we bring in 200,000 tons of peanuts about the first of June, what happens?" He answered the question, "Immediately psychologically the market is going to be depressed. The shellers who have peanuts stored today, paying storage and insurance, and risking damage, which does not occur, are going to be left with those peanuts on hand. It is going to be competing with this crop the current year. This is the best way in the world I know to put them (the peanut farmer) out of business."

Daughter of—

(Continued from Page One)

held at 10 a.m. Wednesday at the First Methodist Church with Rev. Bruce Weaver, pastor of the church, officiating. Killingsworth's funeral home is in charge of the services.

Interment will be held at the Bunyan Cemetery near Dublin.

Mrs. Carr's grandsons will serve as pallbearers.
