Country Club Set For Golf Tourney

The Calcutta Pool and barbecue which officially opens the Ranger Country Club's 20th Annual Invitational Golf Tournament will be held the night of May 20, it was announced here today.

Regular play of the three day affair will begin May 21 and end May 24.

Qualifying rounds have been scheduled for May 20 preceding the barbecue.

Members of the Country Club will hold a regular meeting tonight to discuss problems pertaining to the tournament along with other pertinent business.

Committees for the annual tournament are: Games, Joe Barnes, Chairman, W. L. Dowd, Secretary, P. F. Pitzer, Mac Walker, Earle Pittman, Henry Martin, Bob Earnest, James Townzen.

Pairings, Bob Earnest, Chairman, James Townzen, Felton Brasher, J. A. Bates.

Refreshments, Elmer Norris, Harry X. Wallace.

Barbecue, Morris Newham.

Starting, V. D. Beck, Deane Crowley, Boone Yarbrough, Chairman.

Barbecue Tickets, Calvin Lipkin, Chairman, P. F. Pitzer, Brasher, Thomas J. Huling Jr., Clyde Reed, C. E. May, Bill Niaka.

Entrance Tickets, Dalton Hatton, Chairman, J. A. Sanders, Raymond Garza.

Calcutta Pool, T. C. Wylie, Chairman, Deane Crowley.

Lew Worsham who holed a 104 yard approach in 1953 at the Tarr O'Shanter Golf tournament to win the World Championship hardly has anything on Lee Cantrell. Well, not much anyway.

While shooting a round at the Country Club Sunday afternoon, Cantrell was attempting to blast out a ball that had come to rest near a tree. He took a mighty swing at the small target and connected. Only thing, the ball struck the tree, bounced back and slammed into the golfer's nose. How aggravating can golfing be?

Much unrest has developed within the ranks of the volunteer fire department as a result of the rumored changes in city police with a portion of the new commissions entrance into office Saturday.

The present city commission who has served well during the past two years, without much pomp and adieu, ended another chapter in city history Tuesday night. Very little business was required to be discussed and the meeting developed more into a testimonial affair.

If certain planning is realized, Ranger is going to have one of the largest Armed Forces Day parades here May 21 that has ever been produced in this area. Requests have been submitted from army and air force elements throughout this section of the state for marching troops, equipment as well as aerial displays.

A Sheriff's posse will visit here briefly at 3:25 p.m. Friday to entice visitors over to the rodeo at Baird on one of the three show dates, May 5, 6, and 7.

Did you ever hear of so many rumors that have developed over the proposed plans of some members of the new commission? We've heard a little of everything. Some things that would probably prove highly feasible to most of the citizens here and some that would seem ridiculous even in the mental institutions in our state. However, there has developed so many conflicting rumors, that we can agree that some don't know what they are talking about.

However, there is such a delegation of power over a wide expanse, that all proposals from some factions are inevitably going to be denied, when the ideas are forwarded for final balloting among the five eligible voters within the commission.

Before we are able to get a true picture of any new policies of the commission though we will probably have to wait until their first regular business meeting night, which has been set aside by City charter as each Tuesday.

Embodily little other than inauguration will be accomplished at Saturday afternoon's get-together.

New Commissioners Due To Take Office Oath Saturday

Second Round Polio Shots May Be Delayed

There was some concern today that polio vaccine may not be available for scheduled second round shots even though there has been an ample supply of the serum provided.

No reason was given for the delay. If the delay does develop, it is not expected to seriously hamper vaccination plans, however.

A survey in this area indicates that none of the vaccine has been received in this area for commercial use and pharmaceutical houses have indicated that it would be several weeks before the commercial vaccine is received here.

Dr. L. P. Walter, of the State Health Department in a letter to county officials over the state, said communication with officials of the National Foundation for Infantile Paralysis indicated a "definite possibility" that the second shipment will not be made in time for clinics to be spaced only two weeks apart.

One of the largest polio vaccine distributors said that it would be at least May 1 before any more of the vaccine is distributed for commercial use.

Some national distributors said that they were awaiting orders from the committee set up last week in Washington, D.C. to assure equal and fair distribution of the vaccine.

NEW USE FOR FACSIMILE transceiver is under test at the Army Separation Center, Fort Sheridan, Ill. It's speeding pay records from there to the Army Finance Center at Fort Harrison, Ind., in time for final audit of soldiers' accounts before the men leave the Army to avoid over-payments. Sergeant First Class Robert L. Chapman of Anderson, Ind., is shown operating the machine.

Judge Hart, Named Honorary 4-H Member, Tells Youth's Challenge

County Judge John S. Hart, who was presented a certificate of honorary membership in the 4-H in ceremonies in Eastland, told of the heritage—and the challenge—that youth has been provided.

After receiving the award from County 4-H Council President Don Jobs, Judge Hart—head of the Commissioners Court, which makes

it possible for 4-Hers to attend the Texas 4-H Round-Up told the youngsters:

"Today's American youth is profiting from the sacrifices and labor of previous generations of Americans. Yours is a great heritage, and with it comes the responsibility to preserve, protect and pass it on to your children for succeeding generations. The decision that you make toward your responsibilities of citizenship will largely determine whether you will become a useful citizen, or one who shirks the duties which your society places upon you."

Surviving Mr. Fox are his wife, the former Miss Dallas Holloway, and two children by the former Mrs. Fox; John Jefferson Fox, Jr. of Eastland and Mrs. Jim Martin of Muskogee, Okla.; a brother, Harley E. Fox; two sisters, Mrs. Bertha Jesse and Mrs. Lois Graham, and their mother, Mrs. Maggie Fox, Eastland, and eight grandchildren.

Interment followed in Eastland Cemetery.

Palbearers were: Carl Johnson, Ervin Harrison, George Rhine, E. E. Ward, the Rev. Earl Williams and Albert Faulstich.

While employed in Corpus Christi, in July, Mr. Fox suffered a paralytic stroke and he had been seriously ill ever since. Formerly he engaged in oil field work but in more recent years managed tourist courts. He attended the Assembly of God Church.

No Business Action Expected By Group

Inauguration of the new city commission will be held in the City Hall at 4 p.m. Saturday, the present commission decided Tuesday night during their regular weekly meeting.

Leo Duckery, incoming mayor, said that the new commission would probably not go into a business session following the inauguration ceremonies, but would postpone any business until the regular meeting night.

All present commissioners will probably be on hand for the ceremonies with the exception of Lem Rushing, police and fire commissioner, who will be away on a vacation trip.

While Duckery doubted that any business would be discussed during the Saturday afternoon meeting, he indicated that if the commission desired, a study of the business would be made.

Business that will probably get the first call when the commission decides to convene, will be the decision on city employees. As each commission retires, city employees likewise are retired and either re-employed or dismissed by the new commission.

The outgoing commission will conduct a meeting as under normal conditions with the reading of the minutes, and in a brief business meeting will authorize the final payment of bills before retiring Saturday.

The outgoing mayor will administer the oath of office to the incoming mayor and either of the two may administer the oath to the new commission.

Reports indicated that the cattle-truck he was driving either missed a bridge or hit it and was wrecked.

Dust Storm Not To Be So Severe

This area was expected to only mildly feel the effects of a blinding dust storm that rolled into the Panhandle Wednesday night.

The storm is expected in Eastland County sometime today but the intensity of the dust is not expected to be as severe as was originally forecast.

Dust was supposed to be heaviest here around noon today and increasing towards nightfall.

Tornado warnings were posted in Montague and Cooke Counties along the Red River Wednesday and the Weather Bureau said that violent thunderstorms could be expected from Abilene to the Red River before 10 p.m. Later weather revisions placed the center of the storm area in Oklahoma.

Some moisture and hail was reported from the turbulent clouds but strong winds and tornadoes did not materialize.

Wichita Falls had 1.20 inches of rain and Denison reported heavy rain and light hail.

Today's temperature here was expected to go no higher than 75 but to jump back into 80's Friday.

Parker Learns Of Totals For Bond Selling

Guy Parker, county chairman or US Savings Bonds sales, has been informed that Texas bought nearly \$56 million worth of US bonds during the first quarter of 1955. His informants were Nathan Adams and Ed Gossett, state savings bonds co-chairmen.

March sales of Series E and H bonds combined were \$15,129,724 — 17 per cent above the same month of last year, he said. The three month total of \$55,837,569 was 24 per cent greater than the first quarter of 1954.

"With a fourth of the year gone," the co-chairmen's report stated, "we have attained 27.7 per cent of our annual goal of \$201.9 million. Sales are traditionally higher in the first quarter, however, which means that we must step up our efforts in Texas in order to do our part in meeting the national goal of \$5.5 billion in '55."

Loading area in bond sales for the first quarter was District 8, the Panhandle, comprising Bailey, Briscoe, Castro, Floyd, Hale, Lamb, Farmer, and Swisher counties. Sales of a little over a (Continued On Page Six)

Two Ranger College Students Enter H-SU Rodeo

Two Ranger Junior College students will be among nearly 75 collegiate cowboys and cowgirls Tuesday who had entered the Ninth annual Hardin-Simmons University rodeo.

Entering from Ranger were Tom Mitchell and Brandon Meyers.

Most well represented colleges in the event are New Mexico and M. L. Texas Tech, Hardin-Simmons and Sul Ross.

Others with lesser amount of representatives are West Texas State, Southwest Texas Junior College and Odessa Junior College.

Two Projects Mark County Oil Interest

A regular field project and a Mississippi discovery in Eastland County this week brightened the county oil picture.

W. H. (Bill) Hoffmann, Eastland, No. 10 O. E. Lyster was spotted in the regular field four miles south of Eastland.

Having a proposed depth of 1,200 feet with cable tools, it spots 480 feet from the north and 1,200 feet from the east lines of the southwest quarter in Section 27, Block 2, HATC Survey.

Completion of the Mississippi discovery was under way at J. E. Connally & Ernestine Callahan, Abilene, No. 1 Miller Heirs, B. F. Smith Survey. It looks as a second producer for the Walton (Mississippi) Field seven miles northwest of Gorman. Operator set 5 1/2-inch casing on bottom at 3,313 feet.

Operator has spudded at J. E. Connally, et al, No. 1 Charles W. Lankin, Thomas H. Mulryne Survey. Located six miles north of Gorman, the wildcard is slated for 3,300 feet.

Ken Maynard

Ken Maynard, ex-cowboy, recording artist and film and television star, will be one of the main attractions at the Baird rodeo scheduled May 5, 6 and 7.

Maynard, a native Texan, cowboied on several large Texas ranches before entering show business through wild west shows. Later he was billed with many circus and was featured with Ringling Bros., Barnum and Bailey for several years as a trick and fancy rider.

He was chosen as world champion in trick riding at one of the rodeos produced by Tex Austin in Chicago. He was brought to Hollywood by Fox Studios in 1922 after movie scouts spotted him during a performance of the Barnum and Bailey Circus. He later went to First National Pictures and finally produced with his own company, Fox Universal Pictures. He starred in the first talking singing picture ever made by a western star. The film was titled, "The Wagon Master."

In "Strawberry Roan," he plays a fiddle and marked the first time that a cowboy star ever plays any sort of musical instrument in a western talking picture.

A great many of Maynard's pictures are being shown through out the country on television. Best liked of the series is the "Trail Blazer," with Hoot Gibson and Bob Steele.

Checkerboard Wall
A CHECKERBOARD pattern, with two colors alternating, is just one of many interesting decorative effects that can be achieved by covering a wall with plastic-finished blocks.

These 16-inch-square Marlette blocks, as well as 16-inch-by-8-foot planks, have unique tongue-and-groove edges and special metal clips for speedy and neat installation. They may be applied directly over old walls and ceilings, and they also are used in new construction.

Ten new "companion colors" developed by color experts and a soft-luster finish make the panels

suitable for any room of the house. Four authentic wood grain patterns also are available. With these colors and patterns in both blocks and planks, individual combinations in wide variety are possible. The durable plastic finish, bonded to a tempered Masonite hardboard by high-heat baking, can be wiped clean with a damp cloth. It never needs refinishing.

Mrs. Bill Tucker

The Ben Freeman's made a business trip to Fort Worth Friday, April 22, returning Friday night.

Visitors in the Jack Revel home last week were Mr. and Mrs. John Hamilton of Lamesa, and George Moore of Aspermont, also Floyd Moore of Desdemona.

John Love is up and about some since recovering from pneumonia last week, and Loresta is back in school following medical treatment for severe cold, but Mrs. John was not able to be up Sunday. A severe cold took a turn for the worse, and she was a medical treatment case at Gorman Saturday.

Visitors in the Love home Sunday afternoon were Mr. and Mrs. Richard Tucker, Mrs. Mary Tucker, Mr. and Mrs. Arthur Love, of Alameda, Mr. and Mrs. Hatley Dean, Mr. and Mrs. Ben Freeman and the Bill Tuckers.

Benny Watson is home now, from overseas service. He is the son of M.E. and Mrs. Roy Watson of Alameda.

Harris Logan, son of Mr. and Mrs. P.H. Logan of Alameda, sailed for home April 11, from overseas duty in Germany. The parents are expecting him to arrive just any day.

Mrs. Logan's mother, whose name also happens to be Logan, has been visiting her daughter for the past several weeks.

Fertilizing Pays High On Quality Pastures

Dairy cattle indulging in lush growth of well fertilized Dallgrass and lespedeza.

Fertilizer applied to improved species of grass and legume crops will often bring in greater profits than if applied to cultivated crops. Many grassland farmers have doubled or tripled their forage yields by liberal applications of fertilizer.

It is not profitable to apply large amounts of fertilizer to inferior types of grasses or legumes. Also, it does not pay to fertilize heavily in arid climate unless you have irrigation water. But with plenty of soil moisture and improved varieties of grasses and legumes fertilizing will pay big dividends.

If your soil is naturally fertile you will not need to fertilize heavily. But, moderate applications of the right plant food elements at the right times will usually pay, even on fertile soils. And on poor soils with adequate moisture the rate of growth will be determined largely by the amount of fertilizer you use. But whether the soil is good or poor, most profitable returns are obtained by sowing high quality seed of improved adapted varieties.

Some of the better and larger grasses and legumes can use large quantities of fertilizer. Many dairy farmers of the Pacific Northwest have found it profitable to apply 600 pounds of Nitrate of Soda or 300 pounds of Ammonium Nitrate each

year to their irrigated pastures. They apply the Nitrogen fertilizer in three equal parts during the growing season. They also use phosphate fertilizer once each year, in the fall.

T. J. Luttrell of Brighton, Colo., applied liquid anhydrous Ammonia and Phosphoric acid in the irrigation water to his pastures. On a 40-acre field of bromegrass, orchardgrass, tall fescue, sweet clover and alfalfa he normally grazes 200 yearling steers for 6 or 7 months each year.

R. B. Wenger of Harrison County, Miss., reported in 1951 that in 4 years he had spent \$1,634 for fertilizer on a 12-acre field of Bahiagrass, from which he harvested \$5,623 worth of hay and sold \$11,490 worth of seed during the same 4-year period.

Clyde Delbridge of Brunswick County, Va., applied 2 tons of lime and 1,200 pounds of 2-12-12 fertilizer per acre to a severely eroded, apparently worthless idle field which he seeded to Ladino clover and orchardgrass in the fall of 1950. This field produced \$30 worth of beef per acre the following year.

Art Twitchell of Mt. Upton, N. Y., pastures 35 head of dairy cattle throughout the grazing season on 33 acres of Ladino clover, orchardgrass and birds-foot trefoil that he limes and fertilizes liberally each year.

Mr. and Mrs. Kenneth Brown and family visited in the parental Shirley Brown home Sunday. The Wayne Browns of Odessa were expected also.

Mrs. Ouida Humpell and children, who have been visiting her parents for several days, will return to her home in Ohio this week.

Mr. and Mrs. Billy A. Tucker and son, Garland Lynn, of Crane, visited his parents, Mr. and Mrs. Bill Tucker over the week end. Kenneth Joiner of Crane was a visitor also.

Ronnie and Joy Love visited recently near Meridian with their aunt, and uncle, Mr. and Mrs. Ike Yancey and children.

Mrs. Sarah Wilson is home again with the L. Z. Meltona, her laughter, following a several weeks' stay in Fort Worth, with the Ira Wilsons — her son and family.

Mrs. Belle Blackwell and grand-daughter, Gay Nell Blackwell, of Ranger, attended church at Che-

ney Sunday morning and visited in the home of the Elmer Blackwells.

With Billy Graham Crusade Results Practically Identical In Rival Scottish Cities

By George Burnham
Chattanooga News-Free Press
Staff Writer

EDINBURGH, Scotland—Glasgow and Edinburgh, separated by 61 miles of real estate, are a million miles apart in everything else. An intense rivalry exists in this intriguing tale of two cities.

Years ago a little girl had finished packing in preparation for moving with her family. Before going to bed that night she knelt in prayer and said, "Farewell, God, we're moving from Glasgow to Edinburgh tomorrow."

Evangelist Billy Graham received a letter one day as he was getting ready to leave his home in North Carolina for Scotland. The writer said he was pleased that Billy was coming, but added, "I don't see why you have to waste time on Glasgow." Billy looked at the postmark. The letter had come from Edinburgh.

The rivalry is not always as friendly as many folk would like to believe. Scores of Scots seem downright serious about it. A man in a Glasgow hotel was telling a little boy that Edinburgh was the capital of Scotland. The doorman overheard and hastily added, "But Glasgow is the capital of Scotland." He made a universal gesture with his fingers to show that he was talking about money.

Glaswegians are full of hustle and bustle. The city is crammed with industry and friendly people. Edinburgh is more reserved. It is a city with a university atmosphere. The people are friendly but it is a different type of friendliness, kind of like the old Southern gentleman who declined to start a conversation because "E ain't shuck yet."

Against this unusual background, Billy Graham left Glasgow Wednesday to address a big open air rally at Tynecastle Park in Edinburgh. He had been preaching nightly to great crowds in Glasgow's Kelvin Hall, with phenomenal success. But the people of Edinburgh were waiting to see for themselves. Many figured that a success in Glasgow was a liability rather than an asset.

The crowd gathered slowly. They just don't do things fast in Edinburgh. But the stadium was filled when Dr. George S. Gunn, chairman of the meeting, arose for words of greeting. He said:

"Thirty years ago today I was ordained for the ministry. I never dreamed that I would have a crowd like this to help me celebrate the occasion." He reminded the people that George Whitefield spoke to crowds of 12,000 here 200 years ago and that Dwight L. Moody had preached to a throng of 20,000 in Edinburgh 81 years ago.

"Now God has given us an opportunity to hear Dr. Billy Graham who has been provided opportunities immeasurably greater than Whitefield and Moody."

Billy delivered the same simple, powerful message he has given everywhere: "All are sinners. Christ died in order that your sins might be forgiven. But will never get to heaven—I don't care who you are or what church you belong to—until you turn from your sin and surrender your will to Christ. There is only one road to eternal life—not several. Jesus Christ is the way, the truth and the life."

He asked the people to come forward and stand on the football track. And the reserved people of Edinburgh came—more than 1,000 of them—almost circling the huge track.

all in the mind, not in the mouth. Both responded to the same message.

James Morrison, 95-year-old provost of Stevenston, Ayrshire, one of the few men alive able to compare Dwight L. Moody and Billy Graham, attended the services at Kelvin Hall Wednesday night. Always a devoted servant of the church, he had seen Billy on television and decided to travel from Ayrshire to hear him in person.

His verdict: "Dr. Graham is a better speaker." But he added there was a power in the words of Moody "which could not be explained."

Ten Basketball Lettermen Get Jacket Awards

Eleven jacket awards were presented to members of the Ranger Junior College basketball team Tuesday in assembly by Athletic Director Stan Burnham and Dr. Price Ashton, college president.

Those presented with the awards were Lloyd Cochran, Donny Taylor, Bill McCurry, Freddie Louch, Lonnie Wood, Ed Harwood, Clew Thomas, J. P. Bartley, Don Williams, R. C. Smith and team manager, Roger Dunlap.

Growth and Problems are Twin Companions—

... and go along together in the evolution of Progress. Two years ago in a Western city we witnessed the processing of 4,400 County Clerk documents into the records of a large title plant. Every day it was the same. Every instrument filed added another entry to someone's abstract and another problem to the abstractor who processed it. And as we walked away we thought of our big responsibility in preserving your title records even in this small county. Yes, it's a problem. but Progress in action!

Military Rites Conducted For M. A. Townsend

Full military rites for Maurice A. Townsend, veteran of both World War I and World War II, were held at the graveside in Eastland Cemetery Tuesday afternoon. The Eastland VFW post furnished the firing squad and the military service. The religious service was conducted by the Rev. Eugene Surface, pastor of the Presbyterian Church.

The body of Mr. Townsend, who died at his home in Galveston, arrived in Eastland by train Tuesday.

Mr. Townsend was born in Eastland and his grandparents were among the first settlers in this section. He was first cousin of Dr. E. R. Townsend, Mrs. Frank Day and Mrs. John Kinberg of Eastland.

He leaves two sons, Roy Townsend of Shreveport, La., and Maurice Townsend Jr. of San Antonio and a daughter living in Canada. He also is survived by two sisters, Mrs. Tinall of San Antonio and Mrs. Pete Speers of Winters.

Woman's Society of Christian Service Completes Current Study

Members of the Woman's Society of Christian Service met Monday, April 25 at the First Methodist Church for the last session of the current mission study.

The Spiritual Life group met for prayer preceding the regular meeting.

Mrs. A. J. Ratliff presided over the business session, which was opened with the singing of "God of Grace, God of Glory." Announcement was made of the district meeting to convene in Dublin, May 11 at the Methodist Church.

Mrs. Stanley McAnelly, in a charge of the program, which was the last chapters of the mission book, "Under Three Flags."

Mrs. Brunner Peacock read a poem by Sarah Chokko entitled "The Cross Is Lifted." Mrs. R. L. Willis discussed "Old Tasks in New Settings," which was in three parts: Christians in National Emergency, Christianity and Three Flags and Trained Leadership, all telling of work in India.

Mrs. Arthur Deffebach told about "Nepal," protestant Christianity's nearest mission field, which is 500 miles long and 120 miles wide, with a total of 54,000 square miles and a population of 9 million.

Mrs. Branda conducted a television newscast over station WSCS and distributed texts of current events.

A summary of the current mission study would indicate that "despite its weaknesses, the Christian Church will prevail."

The day's offering will be sent to the Lower Vellere Church and Medical center where there is one doctor for every 6 thousand persons and one nurse for every 42,000 patients. A Bachelor of Medicine and a Bachelor of Surgery degree is now required by law for practice in India.

Mrs. C. E. May, Sr., closed the meeting with prayer.

The WSCS circles will meet next Monday as follows: No. 1, Mrs. C. W. Harris, leader, in the home of Mrs. E. L. Danley; No. 2, Mrs. James Ratliff, leader, in the home of Mrs. Frank Williamson; No. 3, Mrs. J. T. Roberson, leader, in the home of Mrs. A. J. Ratliff.

Coffee Flavors Chiffon Cake and Frosting

What is the morning fragrance that's sweeter than all the perfumes of Araby? Coffee! What spells out "welcome" or "cheer up" or "let's have a chat" without a word being spoken? Coffee, of course. And if ever a liquid could be called the Housewife's Friend, that title belongs to the same brown brew.

In the kitchen, coffee has a score of auxiliary uses. To a cake or frosting, it imparts an exquisite color and a subtle flavor. To meats and gravies, it adds a zestfully spicy taste. Yet its most important moment comes when the weary housewife, in need of a lift, pauses in her work with a "Now for a cup of coffee!"

No, in honor of our favorite beverage, we give you All-Coffee Chiffon Cake. There's coffee in the filling and frosting. Add to the coffee in the cups, make it well and enjoy it! What would we do without it?

All-Coffee Chiffon Cake

3 eggs, separated
1/4 cup sugar
2/3 cup sifted cake flour
1 teaspoon baking powder
2 teaspoons vanilla

1/2 teaspoon salt
1/2 cup milk
1/2 cup coffee
1/2 teaspoon baking soda
1/2 cup cooking oil

Beat egg whites until frothy.

Fluffy Coffee Frosting

Combine in small mixing bowl: 1 1/2 cups vegetable shortening, 1 cup granulated sugar, 1/2 teaspoon salt, 1/4 cup cold coffee, 1 teaspoon vanilla and 2 eggs. Beat at high speed of electric beater, or with sturdy egg beater about 10 minutes, until smooth and fluffy.

While the proportion of shortening may seem high, it is correct. Properly made, this frosting resembles that used in French pastries.

Facts For Drivers
 By members of the Drivers Training Class at Ranger High School. This column will be prepared and printed in the Times each Thursday.
DID YOU KNOW THAT . . .
 What you should do if you have an accident:
 1. Stop your car at once. If possible get it off the road before stopping.
 2. Render all aid possible to the injured. Do not move the injured unless it is necessary to get him out of danger of further injury. Send for an ambulance.
 3. Send for the nearest police officer.
 4. Get the name and address of the driver of the other car, his license number, the registration number of his car, and the name and address of any witnesses present. Give the other driver this same information.
 5. You must fill out an approved accident-report form, which may be obtained from police officer or through him. This report must be filed with the Department of Public Safety within 24 hours after the accident, if anyone is injured, amounts to a total of \$25 to all cars.
 Slogan of the week: "The highways are just as safe as we make them."

Site of Annual Pecan Show Be Selected Today
 Site of the annual county pecan show is due to be chosen at today's annual Eastland County Pecan Field Day at the C. D. Simmons orchard, near Gorman.
 The only county show of its kind in the state, it has been held the last two years at Cisco.
 Annual field day in 1954 was held at the Lee Leiske Farm at Nimrod.
 Outstanding pecan experts were to be on today's program.
 Round-table discussions will be featured.

BETTI'S BUDGET of HELPFUL HINTS

Want the best crispy sweet potatoes you ever ate? Cook sweet potatoes and while still warm, peel and cut into large cubes. Roll each cube in brown sugar and dried bread crumbs mixed together. Sauté in butter until they have a crisp, light brown crust.

Freshen up those slipcovers with a good laundering. Then, with a special starching in the washer (using plenty of hot water, too) prepare them for a soil-resisting spring and summer. Starching is easy; make a two-quart batch of hot starch and for that extra-smooth finish, add two sections of the blue was ironing aid to the mixture; then pour it on rapidly boiling water. Mix and pour into your washer, which should be already filled with six or eight gallons of warm water. Add slip covers and run machine about four minutes, before wringing.

Logic or no logic, it's a warm bath that keeps you coolest in hot weather. As a matter of fact, there is logic in it to medical experts. They explain that warm water causes blood vessels to dilate so that a lot of internal heat can reach the skin and leave the body. A tepid sudsy bath can actually keep you comfortably cool for some five or six hours afterwards, so keep this in mind to look and feel your best on a hot summer's day.

Here's a dish-in-demand on nice spring mornings. Remove crusts from 8 slices of stale bread — cut each slice in half. Combine one cup pancake ready-mix, one cup milk, one egg slightly beaten, and one tablespoon melted shortening. Dip slices in batter and pan-fry until golden brown. To put this batter taste way outside the common-places, serve it piping hot with maple-blended syrup and Canadian bacon.

KNUCKLE UNDER TO SPRING—Winter's over, for sure, when the marbles are brought out of storage. Small boys in Beverly, Mass., give the lie to the thermometer and their heavy clothes as they start the ceremonial process which is completed only when one of the lads winds up with all the aggies and laws in the crowd.

Phi Theta Kappa Members Attend National Convention In Houston

Delegates from the Delta Tau Chapter of Phi Theta Kappa returned late Saturday from a three-day national convention in Houston.

Allan Gibbs, president of Delta Tau chapter, was official delegate for Ranger Junior College. Beverly Cary, Lanell Rowell, Jenna Vee Hutton, Don Dooley and James Meade were the other delegates who attended. Dr. and Mrs. Price Ashton accompanied the group on the trip.

Lunch at the new student union building at A & M college was one of the highlights of the trip.

Reservations were at the Rites Hotel, convention headquarters. A Coke party in the reception room of the hotel was the beginning of three exciting days for the honor students, followed by a buffet supper in Oberkaltzer House at the University of Houston. After the buffet, a short student forum was held before some six hundred delegates were guests at the greatest college show on earth.

the famous University of Houston's Frontier Fiesta. Workshop groups were held Friday, after which the delegates were guests on a tour of Houston. A formal banquet followed by a formal dance in the Crystal ballroom entertained the group Friday evening.

After the final business session and the election of national officers, a swimming party and luncheon climaxed three wonderful days for students from Junior colleges all over the United States.

The Ranger group returned through Austin where they visited the state capital and the University of Texas, after which Dr. Ashton treated the students to a seafood dinner at Irving's.

Owner of the Ann Arbor, Mich., bus line claims odds are 7-3 that women forget more items when riding public vehicles than do men. He says that item most often left behind is the umbrella.

ROUND-UP on the CAMPUS at Ranger Junior College

Assembly program on Tuesday found Mrs. Hamrick taking some important problems of discipline before a student committee composed of Allan Gibbs, Mrs. Ibabe Beck and Roddy Carter.

On trial were Diane Koenig, Dub White, Joann Crider, Joe Rosenthrith, Delia Joiner, Glenn Clifton, and Jim Shurtliff. The charges were never quite clear, but the penalty ruled by Judge Allan Gibbs (president of Phi Theta Kappa) was the purpose of benefit tickets to Stairways to the Stars.

Saturday, April 29, Coach Stan Burnham and his track team will enter the annual track meet at Tarleton State College. Many interested supporters will follow the team to Stephenville that day.

The Rangeans are hosts this week to high school seniors in this area who are interested in becoming members of this precision drill team. They are guests of the girls dormitory.

The Collegiate Club, the student council of the Albany Branch of Ranger Junior College, entertained with a turkey barbecue on

Tuesday, April 26, at the high school gymnasium in Allany.

Dean R. F. Webb served as master of ceremonies. Guests included the wives and husbands of the students, Mrs. R. F. Webb, Dr. and Mrs. Price Ashton, Lloyd Bruce, Alvis Wood, and Morris Newsham. Appearing on the program were Miss Vivian Simmons, Jo Ann Crider, and Lanell Rowell.

RJC students enjoyed a swim in Lake Leon last week. Those who went along were Lanell Rowell, Barbara Emerson, Nancy Hamilton, Arlena Ash, Floyd Hacker, Seldon Wood, Hayden Chapman, and Paul Mainka.

Frederick Schkade has returned from Dallas after having dental surgery.

Joe Rosenthrith is suffering an injured shoulder as a result of spring football training.

Coach Burnham announced in assembly Tuesday that spring basketball training would begin just as soon as football training is completed.

Parker - (Continued From Page One) million dollars represented 43 per cent of this district's annual goal. J. M. Wilson, of Floydada, is volunteer district chairman. On a basis of dollar sales, Harris County (Houston) leads the state, as might be expected, with E and H sales of \$7,865,657 for the first three months. This is 28.5 per cent of the annual goal. Dallas County ranked second with sales of \$5,411,366 — 23 per cent of the 1955 goal. Mr. Adams and Mr. Bennett called on the more than 1,000 bond volunteers throughout the state to redouble their efforts, especially in those areas that are below the state average. At the county level, Mrs. Parker urged Eastland County to carefully consider the worth-whileness of steadfastly supporting the program.

IT'S THE LAW
in Texas

Individuals Responsible For Acts of Agents

Suppose that you have hired Johnnie to cut your grass, and he runs your new mower into your neighbor's hedge thereby ruining the hedge. Are you responsible for the damages? Quite likely you are.

Or let us suppose that you find you need some supplies for the evening meal. You ask Johnnie, your neighbor's teen age son, to take your car and run to the store for them. On the way, Johnnie hits a pedestrian, seriously injuring him. Can you be held responsible? It is possible that you can.

In both instances, Johnnie was acting for you. His acts while performing those duties are, in the eyes of the law, your acts.

You may be liable despite the fact that you may have cautioned him to drive carefully and he did not.

The average individual expects to answer for his own actions. He does not usually consider that he

may be responsible for the actions of other persons. That, however, is frequently the case.

You may ask another person to do something for you, that is, to act as your agent. You may pay him, or he may be doing it without compensation.

You may ask him to buy or sell property for you. The action may be to negotiate an agreement for you with a third person.

If representations are made by your agent in performing the task which you assigned to him, you are responsible.

In a like manner, you are responsible for the contract made by him while he was acting for you.

You may be held responsible for the acts of a person who customarily represents you even though he entered into a contract for you without your consent or approval.

For example, you may have a partner in a business, and you and he have agreed that certain contracts shall be made only upon the signature of both of you.

Unknown to you and without your consent, your partner signs such a contract with a third person involving partnership business. If the person with whom this contract is made has no knowledge of the terms of your partnership agreement, you are responsible for the contract which your partner has made.

You may have agreed between you that neither of you would buy, without the other's consent, any items of merchandise costing more than \$50. You did not give this information to a salesman who called on you. In your absence on a Thursday afternoon, your partner ordered merchandise for your store costing more than the \$50 limit.

When the merchandise is delivered, you can not refuse to accept it because you can be bound by the contract of your partner.

This is true in many situations, and the salesman is not bound by your partnership agreement because you did not advise him of the \$50 limitation.

As the actions of your agent are considered to be your actions, you assume the responsibility of his doing them correctly.

(This column, based on Texas law, is written to inform—not to advise. No person should ever apply or interpret any law without the aid of an attorney who knows the facts, because the facts may change the application of the law.)

A picnic lunch was eaten in the city park. Games were played during the afternoon.

Jane Russell — 3-D Fan

HOLLYWOOD—Jane Russell, who proved to be the most popular subject of all for 3-D movies, reveals that she is an avid 3-D still photography fan. Jane originally obtained her View-Master stereo camera for the purpose of keeping a picture record of her two children as they grew. The project became so much fun, that now she takes the camera with her to the studio and on motion picture locations, taking photographs of each production she works in. Tommy and Tracy, her two children, are even receiving an introduction to their formal school education by being given 3-dimensional photographs from the vast View-Master picture library of world scenes like the new ones of Oregon's Crater Lake, California's Yosemite, Tennessee's Smoky Mountains and places of interest like historic Valley Forge and the new ones of the United Nations Buildings.

There will be a cemetery working at Macedonia Cemetery Saturday, April 30.
