## Paula Coats Named Farm Bureau Queen In Ranger Friday Night

A large and very appreciative audience was on hand Friday night at the Ranger National Guard Armory for the Eastland County Farm Bureau Queen Contest. An attractively decorated stage set with potted palms and green crepe paper made the setting near for the seven young hopefuls as they displayed their queenly graces to the judges and audience. Bill Fox, master of ceremonies, introduced the young ladies by number and asked each one several questions concerning farming and the Farm Bureau.

Glenn Justice, president of the Eastland County Farm Bureau, then took charge of the program and called the top three young ladies back to the stage.

Miss Paula Coats, of Cisco, was named Queen of the Eastland County Farm Bureau. Miss Coats was dressed in a very beautiful aqua-colored floor-length gown with a billowing skirt of many miniature tiers, complementing her auburn hair and large brown eyes. The ever-smiling Miss Coats is the daughter of Mr. and Mrs. J. A. Coats of Cisco. The 18-year-old beauty is a graduate of Cisco High School.

Miss Carol MacMoy, daughter of Mr. and Mrs. H. B. MacMoy, of Eastland, was named runner-up. The third place choice was given to Miss Darlene Dunning, of Carbon. (Continued On Page Four)

## Ft. Worth Man Plans Lake Leon Youth Camp

One of the latest projects under way at Lake Leon is unique in that it is planned especially for boys and girls rather than for adults. Many fishing docks, camps, and recreation areas have been built or set up at the lake, but none until now with solely the recreation of young people in mind.

This new venture is a camp planned for boys and girls by T. R. George, 913 Meadow Park Drive, White Settlement, Texas. The location of the camp is on the north side of the lake, west of Premier Club Camp on the old Eastland-Staff road. George expects to cater to groups of boys and girls, such as Boy Scouts, Girl Scouts, Cub Scouts, Campfire Girls, Brownies, Bluebirds, 4-H Clubs, FFA and FHA, and their sponsors.

He has leased six acres of land at Lake Leon and also has access to six more acres on what is known as the old Nabors place. He is just now getting started but hopes to have the camp completed by spring. He expects, however, to be ready to open the camp on weekends on a temporary basis in a few weeks with one permanent cabin, tents, and camping facilities.

In the aircraft field in Fort Worth for 19 years, the 49-year-old George is at present employed at Conair. He has been working for 12 years with such youth groups as Boy Scouts.

Long-range plans for the youth camp call for, in addition to swimming and fishing, such recreational facilities as archery, horse shoe pitching, dominos, checkers, skiing, outdoor cooking, trail hiking, nature study, and teaching of Indian lore. Plans for the future also include maintaining a chaplain at the camp.

Such a camp when completed should be an asset to the area, for it should attract many youth groups and their sponsors to Lake Leon.

## SUNDAY DEVOTION

### Jesus Commands Us To Go Second Mile

By Frank H. Brooks  
Pastor Second Baptist Church

"And whosoever shall compel thee to go a mile, go with him twain." What a strange command from Jesus! He told His hearers to do more than is asked, expected, or required of them. The reference is to the hated Roman practice of conscription where a Jew is forced to carry a Roman's pack for one mile. The Hebrews hated that foul law, and here Christ told them to go two miles when commanded to go only one!

God does not command us to do something which He would not do Himself. This means that when He says go the second mile then He will do the same. And God has indeed gone the second mile with us. Look at the privilege of fellowship with the Heavenly Father. Truly God is good to us.

But in spite of all these blessings mankind as a whole rejected God and His love. God could have turned away from man, leaving him to a terrible fate, but He did not. Instead He went the second mile. He sent His only Son, Jesus, to live a humble life among men. He allowed His Son to be crucified on a cross for the sin of mankind in order that sinning mankind through faith in Christ might be reconciled to God! "For God so loved the world that He sent His only Son..." Here is God's second mile. He does Himself what He asks His children to practice.

Let us remember this when we are asked to go the first mile, and as Christians let us be quick and happy to go the second mile and give more than is expected. We will be blessed, God will be honored, and Christ will be glorified. In all phases of our living let us be diligent to remember Christ's Cross of Redemption—God's Second Mile.

## Little League To Elect New Officers Aug. 22

The Little League organization of Ranger held a business meeting Tuesday evening at the American Legion Hall to close out the Little League season. The group voted to call another meeting at 7:30 p.m. Aug. 22, at the American Legion Hall for the purpose of electing officers for the coming year.

Out-going officers are as follows: President, Charles Mahaffey; Vice President, Ray Williams; Player Manager, Marvin McGee; Concession Manager, O. M. Franklin; and Secretary, Mrs. Nell Dempsey.

## Graveside Rites Held Thursday for Joe G. Williams

Graveside rites were conducted for Joe G. Williams, 71, at 2 p.m. Thursday, in Evergreen Cemetery, with Rev. Warren A. Flynn, pastor of the First Methodist Church, officiating.

Williams died of a heart attack at 2:15 a.m. Aug. 9, in a Fort Worth hospital. Funeral services were held at 10 a.m. Aug. 10, in Miller's Funeral Chapel, Fort Worth.

A former resident of Ranger, he moved to Ranger in 1918 and operated a blacksmith shop until he left here in 1942. He was associated with General Dynamics in Fort Worth until his retirement in 1958.

He is survived by his wife and son, F. S. Williams, of Fort Worth three grandchildren, and three great-grandchildren.

## Young School Twirlers Have Tryouts Thursday

Tryouts for the Young School twirlers were held at 1 p.m. Aug. 10, at Bulldog Stadium. Twenty-five sub-teen young ladies reported for the tryouts, and judges picked the top ten twirlers out of the 25 to make up the Young School Twirling Team. One of the ten will be chosen as leader of the group, and two others of the team will be selected later as captains to head the group to be known as the twirling corps, to be composed of the remaining 15 girls trying out.

Those chosen for the top team are as follows: Donna Ainsworth, Cheryl Huffman, Kay Wilhelm, Brenda Tackett, Betty Jo Weekes, Jane Ann Bradford, Annabelle Ratliff, Teresa Huling, Pam Dennis and Cathy Rourke.

Girls making up the twirling corps are Margaret Williams, Nancy Newnam, Vicki Hatton, Janet Covington, Carolyn Gann, Vicki Summers, Beth Hardy, Sharon Hudson, Tammy Crouch, Jeanine Monroe, Mary McGee, Jane Pearson, Suzanne Rourke, Donna Seymour, and Pam Tackett.

## Annual Farm Bureau Barbecue Set Aug. 22

The annual barbecue of the Eastland County Farm Bureau is scheduled for 7 p.m., Aug. 22, at the City Park in Eastland.

Murray Cox, WFAA Farm Director, will be guest speaker. Luke Palmer of Gorman is program chairman. Tickets are now on sale at the Farm Bureau Office in Eastland and at the locker plant in Cisco. Tickets are \$1.00 for adults and 50c for children under 10 years of age.

There are now 558 members in the Eastland County Farm Bureau, and membership in the county is growing. The Farm Bureau, the largest farm organization in the county and state, was organized to help people with farming interests; and those not members are invited to join.

Pat Moseley, formerly of Ranger, is a new agent working for the Farm Bureau in Eastland County.

## Elaine Barrett Represents Ranger At Festival

Elaine Barrett, daughter of Mr. and Mrs. Roy Barrett represented Ranger as duchess at the coronation of the queen of the De Leon Peach and Melon Festival held in De Leon Aug. 9.

Festival activities included a tea Wednesday afternoon at 3:30 for duchesses in the lobby of the Travelers' Hotel, De Leon, a parade at 5 p.m. the coronation ceremonies and program at 8, and a dance for the queen and her court afterwards at the Travelers Hotel.

Miss Barrett is a senior in Ranger High School. A blue-eyed brunette, she is both attractive in appearance and pleasing in personality.

## Services Held For Mrs. Mary E. Frasier Saturday

Funeral services were held for Mrs. Mary Elizabeth Frasier, 85, at 2:30 p.m. Saturday in Killingsworth Funeral Chapel. Rev. Preston Frasier, pastor of Imperial Baptist Church, Imperial, Texas, officiated, and interment was in Acker Cemetery, Stephens County.

A resident of the Acker Community nine miles northwest of Ranger in Stephens County, for 40 years, Mrs. Frasier died at 6:35 p.m. Aug. 9, in Ranger General Hospital after a short illness.

Born Mary Elizabeth Maupin July 15, 1876, in Comanche County, she married J. S. Frasier there in February, 1901. He died April 28, 1932. The Frasier lived in Cisco 10 years before coming to Ranger.

Mrs. Frasier was a member of the Christian Church. Survivors include three daughters, Miss Vada May, a teacher in the Edwac School near Harlingen; and Misses Otie and Ola Frasier, both teachers at Breckenridge; two sons, Bart J. of Plainview and Terrance P. of Eureka, Calif.; seven grandchildren and two sisters, Mrs. Hatfield Hand of Harlingen and Mrs. Lida Graves of Floydada.

Funeral services were Frank Maupin and Isaac Maupin, Ranger; Bert Frasier, De Leon; Cass Frasier and Irving Frasier, Gorman; and Selma Jordan, Fort Worth.

Jack Williams, painting contractor of Ranger, is doing the redecorating, and has a contract with Shamrock Oil Company to repaint 41 service stations within a radius of 80 miles of Ranger in the Shamrock colors.

## Rev. Brooks Discusses World Problems At Club

The Lions Club met Thursday, Aug. 10, with Dr. Theodore Nicklesick Jr., vice president, presiding. The Club voted to sponsor a local contestant in the Mrs. American contest put on each year by the Lone Star Gas Company.

J. Floyd Killingsworth, program leader of the day, presented as speaker Rev. Frank H. Brooks, pastor of the Second Baptist Church, who spoke on "What's Wrong with Our World." He said that "our world is in a time of crisis," and he offered several conclusions that might shed light on what is wrong.

First he stated that "we have a disintegrating of the integral center of our society." Everyone needs something in which to believe and at which to aim, something to hold life together in unity and cohesion. "When men lose faith in their previous center, they substituted other ends which are often less worthy. Instead of all areas of life being coherent, each area seeks to assert its independence of the others. This leads to disunity and confusion. Such a condition faces us throughout the world today."

He also pointed out that "secularism has made many inroads into our society and even our churches." People are more concerned with things and gadgets than with God.

All of this adds up to a loss of faith. "Many today have lost faith in the basic moral principles of right and goodness. Yesterday's faith in science today lies shattered. People have no faith in the progress of history. Man has lost faith in himself, and ultimately in God as God omnipotent."

The cure, Rev. Brooks, stated, is "a return to God as the integrating center of life." This return involves a real sense of sin and a genuine repentance from our sinfulness and rebellion. Such a return will give us a proper sense of God's presence. This return calls for a renewal of organized Christianity. As such, organized Christianity has not done too well with the world. "Witness the current feeling of the average man toward the church. We need a revitalized Christian community. We don't need more church members, we need better church members. Such a renewal can come about only as we return to the religion of Jesus in its simple purity and (Continued On Page Four)

## U. S.-Russia Education Discussed by Anderson

The Ranger Rotary Club met Aug. 9 for the regular weekly luncheon in the Ranger Junior College cafeteria. President Herman Cupp presided. The club voted to meet Aug. 24 in the Bullock Community Club House. This will be a dinner meeting at 6:30 p.m. to which wives and other guests are invited.

Felton Brashier, chairman of the program for the day, presented James Phillip Anderson of Ranger Junior College. Anderson spoke on the differences between education in the United States and Russia.

He pointed out that in Russia the curriculum is decided on by a central committee, whereas in the United States the educational system is run by state and local boards. In our country educated persons can influence but cannot dictate curriculum policies. Some people feel that we would do well to copy the Soviet educational system, but he pointed out that this is impossible, for our following such a system would result in our turning into a communistic government. In Russia the educational desires of the people are not considered; in America the desires of the people control education.

Anderson added that we should be concerned with teaching the fact about the Soviet system but that many people oppose such a policy. They close their eyes to Communism, though we should learn all that we can about Communism for our own protection. (Continued On Page Four)

### Legal Notice

#### NOTICE TO THE PUBLIC

On July 12, 1956 the Board of Directors of the Eastland County Water Supply District enacted an ordinance effecting Lake Leon boating and fishing thereon. Notice is hereby given to the public that Section 3 of the ordinance passed by the directors will have additional rules and regulations inserted regarding the licensing of boats on all rules and regulations inserted under the Rules and Regulations Governing Boats and Devices on Lake Leon. A copy of the new ordinance is herewith printed.

**TENTATIVE TEXT OF NEW BOATING ORDINANCE OF LAKE LEON**  
1. No person shall place, operate or keep any boat or other craft on the waters of Lake Leon from and after the effective date of this ordinance, without such boat or other craft having been inspected by the Officers duly authorized by the General Manager of the Eastland County Water Supply District to make such inspection.

It shall be the duty of such Officer to inspect such boat or other craft with regard to the following safety requirements for operation of a boat or other craft upon said Lake Leon:

(1) It shall be determined whether said boat or craft is seaworthy for use by person or persons upon Lake Leon without danger to life or property. If said boat or other craft is found to be so constructed or in such condition that the same is not safe for use and that the use thereof would endanger life or property, then the inspector shall advise the owner or the person requesting inspection thereof of the defects required to be corrected before a certificate of inspection will be issued. The inspector may require the boat or other craft to be launched on Lake Leon for purposes of such inspection.

(2) The owner or person requesting inspection of any boat or craft shall advise the inspector of the horsepower of the motor desired to be used with said boat, and the inspector shall determine that the size of motor proposed to be used with said boat does not exceed in horsepower the manufacturer's recommendation for the size of motor to be used with the respective craft or boat. The inspector shall note upon the certificate of inspection issued to the owner or person requesting inspection the maximum horsepower of any motor that may be used in said boat or craft, and said boat or craft shall not be operated on Lake Leon with any motor of a horsepower exceeding that for which the certificate of inspection is issued, and any such operation shall constitute a violation of this ordinance.

(3) The inspector shall determine the maximum number of persons that may occupy said boat or craft at any one time, and shall note upon the certificate of inspection the number of persons authorized to use said boat or craft at any time. The inspector shall not authorize the use or occupancy of the boat by a greater number of persons than the manufacturer's recommendation with reference to the capacity of such boat or craft. The use of any boat or craft occupied by more persons than the certificate of inspection shows to have been authorized shall constitute a violation of this ordinance.

(4) With respect to the provisions of this ordinance with reference to boats or other crafts that are not manufactured by a company setting forth in published material relative to said boat, the recommended horsepower of a motor to be used with said boat, the number of persons which the boat may be safely occupied,

then the inspector may require the owner or the person requesting inspection of said boat or craft to launch said boat or craft upon said Lake Leon for tests with regard to the horsepower of motor to be used upon the same and the number of persons to occupy.

(5) The inspector shall determine the name of the owner of any boat or craft furnished for inspection and may require satisfactory proof of the ownership of such boat or craft before issuance of an inspection certificate for that boat or craft.

(6) If the owner of any boat or craft presented for inspection shall have been found guilty of three or more violations of any of the rules and regulations governing the recreational use of the waters of Lake Leon in the two years immediately preceding such presentation for inspection the inspector may, at his discretion, refuse to issue a certificate of inspection for such boat or craft, such order being appealable to the Board of Directors.

(7) The inspection certificate to be issued under the terms of this ordinance shall expire in the next ensuing August 31 at 12 o'clock midnight after issuance and thereafter any boat or other craft shall not be placed, operated or maintained on Lake Leon without having been again inspected in accordance with the terms hereof and a satisfactory certificate is issued which shall be for a period ending at 12 o'clock midnight on the next ensuing August 31 after the date of issuance.

(8) Any officer authorized to make inspection under the terms of this ordinance by the General Manager of the District shall collect from the owner of said boat or craft or the person requesting inspection thereof, the sum of \$5.00 in advance for each inspection of each boat or craft, except for each commercial boat or craft, as defined in the 1955 Publication of the Laws, Rules and Regulations Governing Lake Leon, there shall be collected the sum of \$10.00 in advance before the first inspection thereof. Provided further that with respect to each commercial boat or craft the owner thereof shall not permit said boat or craft to be operated upon the waters of Lake Leon unless the inspection certificate for each such commercial boat or craft shall have been further validated by an additional inspection in accordance with the terms hereof during the last 15 days of the month of April after the issuance of the original inspection certificate shall be tendered to the inspecting officer and such additional inspection shall be noted thereon.

(9) No inspector shall inspect any boat or craft owned by himself, but the same shall be inspected by some other authorized inspector.

(10) The inspection certificate, which shall be issued subsequent to the inspection hereinabove prescribed, shall be kept on or about the boat or craft for which it is being operated on the waters of Lake Leon.

(11) This ordinance shall act as an amendment of the ordinances presently controlling the inspection and licensing of boats operating on the waters of Lake Leon and shall be a replacement of, and substitute for, any ordinance or rule presently in effect with which this shall conflict.

(12) In the event that any section, sub-section, sentence, clause or phrase shall be declared or adjudged invalid or unconstitutional, such adjudication shall in no manner affect any of the remainder of this ordinance, but all of the rest of the provisions hereof shall be in full force and effect.

This notice is being published

for 2 consecutive weeks (Aug. 13-Aug. 20) in the Ranger Times and the Eastland Telegram and the ordinance changes will be in effect as of August 31, 1961.  
(ANY PERSON desiring a revised edition or copy of Rules, Laws, and Regulations governing LAKE LEON may have same by calling at the Chamber of Commerce, Ranger or Eastland, in the near future.)

### Zenith Announces New Line of Color TV Receivers

Zenith Radio Corporation announced that it is going into the color television business this fall, when it will introduce a line of completely new and unique color TV receivers. Announcement was made by Hugh Robertson, board chairman, at a special meeting of Zenith's national distributing organization.  
Local dealer for Zenith products is L & J Supply Company, 122 Main Street, Ranger, Texas. Mr. and Mrs. James Smith are owners of the company.  
Complete details of the electronic and styling, Robertson stated, will not be revealed until the sets are introduced in production quantities to Zenith distributors and dealers.

However, he continued, innovations will include a Zenith-developed color demodulation system which employs a new tube invented by Zenith scientists. The sets have been especially designed for simplified operation and will achieve the same dependable performance which has made Zenith the number one producer of black and white television sets.  
The new color TV receivers in console models will probably carry retail prices above \$600.00, he said.

### IT'S THE LAW in Texas

#### IMPEACHES A WITNESS

A story they tell on Lincoln is how he once proved his client's innocence by impeaching an eye witness.

Lincoln's client had stolen a chicken, the witness vowed, at a certain time on a certain night. Asked how he could see so well at night, the witness declared "by the light of the moon—just as clear as day."

Lincoln "impeached" the testimony with ease by pulling an old almanac out of his pocket. It showed that no moon was up at that time, nor was it full on that date.

Trials are hard on everybody—witnesses and parties alike. They often take place when other ways to settle a dispute have failed, and there are hard feelings. But granting good faith, people do make mistakes in what they recall. After they have told their story a few times, many are dead.

The school buses are being overhauled in readiness of the school opening soon.

Mr. and Mrs. Roy Jones of Azle visited a part of last week with Ethel Keith and Mrs. Nancy Partain.

certain—like Lincoln's witness—that they did see and hear what they say they did.

And so, for the sake of justice, courts allow each side to test a witness' reliability. Sometimes a witness is so obviously prejudiced or so obviously twisting the facts that the cross-examiner easily discredits his story.

But often sincere witnesses tell different stories, and the jury has a right to know how much weight to give each. It is the jury's sworn duty, in fact, to weigh the credibility of witnesses. And a good way is to see how a witness' story hangs together under fire or checks with other known facts.

(This newsfeature, prepared by the State Bar of Texas, is written to inform—not to advise. No person should ever apply or interpret any law without the aid of an attorney who is fully advised, because a slight variance in facts may change the application of the law.)

# Fox Reunion Held In Ranger Armory

The dependents and relatives of the late Mr. and Mrs. J. Hille Fox, pioneer settlers of the county, arrived from 24 Texas towns and three states to hold their annual reunion last week end in the National Guard Armory in Ranger.

The reunion began Saturday and continued through Sunday afternoon with approximately 250 people attending.

LaFate Fox of Olden and Mrs. Rosa Bishop of Ranger were honored as direct descendants of Mr. and Mrs. Fox, who had 13 children. One daughter, Mrs. Lydia Huffman of Fort Worth, was unable to attend.

Jack Mace of Eastland was elected president for next year's reunion. Other officers are Bill Fox of Eastland, vice-president; Mrs. C. A. Strong, secretary-treasurer; Mrs. Dick Yielding, reporter; Mrs. Adria Lee Fox of Olden, assistant to Mrs. Strong; Pece Rogers of Olden and Melvin Holt of Abilene, program chairman.

Gene Woods of Olden, Millard Herweck of Ranger, Adra Fox of Olden, Walter and George Fox of Eastland will be members of the Clean-Up Committee.

"The Spirals" of Ranger furnished furnished music Sunday. Members of the family with special talents provided the afternoon's entertainment.

Attending the reunion from Eastland were Mr. and Mrs. George Fox and children, Mr. and Mrs. Jack Mace, Gail, Larry, and Bob, Mrs. Annie Terry, Mr. and Mrs. Walter Fox, Miss Carrie Taylor, Mr. and Mrs. Bud Fox and Carol, Miss Vera Parson, Mr. and Mrs. Danny Woods and Debra, Mr. and Mrs. Dick Yielding.

From Olden, Mr. and Mrs. LaFate Fox, Mr. and Mrs. Adria Lee Fox and children, Mr. and Mrs. W. R. Rodgers, Bennie and "Butch," Mr. and Mrs. Charlie Mitchell, Mr. and Mrs. H. E. Fox and children, Mrs. Ruby Hughes and Lonnie, Mr. and Mrs. Pete Rogers and children, Mr. and Mrs.

# 117 Teachers Attend Workshop In Eastland

Superintendent Wendell T. Siebert of Eastland Independent School District said that 117 teachers representing 35 school districts in Texas attended the Reading Workshop held at the Eastland High School, Thursday and Friday, August 10 and 11.

Mrs. Gladys Bartholomew, a teacher in the Norman, Oklahoma Schools, and Mr. Lew Adams, Arlington, Texas were in charge of the course and presented the teaching of reading from a successful phonetic approach, entitled, "Phonetic Keys to Reading."

This new and outstanding program is used widely, not only in Texas, but throughout the United States, by schools determined to help pupils improve their reading and spelling.

Superintendent Siebert states that he is enthusiastic about the outstanding results and accomplishments of the pupils using this program, and also pointed out that in addition to the excellent reading and spelling results, much improvement is developed in speech, language, and creative writing.

Briefly, the new approach is a balanced reading program that is based on the assumption that first grade pupils should have a knowledge of the letters of the alphabet and the 44 basic sounds of these letters before they are taught to memorize words or to learn by sight and repetition.

The child learns the vowels first, then the consonants. Along with these sounds, a few powerful phonetic principles are taught, and therefore at the very beginning, a first grader is given the key to unlocking or figuring out words for himself, and does not have to depend upon the teacher, or his parents to "tell" him words; moreover, he does not have to memorize words in order to read.

It eliminates tiresome word drills, needless repetitions of the same words, phrases and sentences found in many first grade books in use. When the basic vowel sounds (long and short) are learned, and all the consonants are mastered, a pattern of

# Increased Draft Call Not to Interfere with Education

AUSTIN.—Students who plan to continue their studies in college or university and those planning to enter their freshman year should not let increased draft calls interfere with these educational plans.

That is the advice of Colonel Morris S. Schwartz, state Selective Service director, who heads the 137 Texas draft boards.

"Students will be considered for scholastic deferment and will, in all probability, be given the deferment if they are full-time students and are making passing grades," Colonel Schwartz said Wednesday.

The state Selective Service director is convinced that draft boards are "conscious of the need for a continuous supply of trained and educated people in the state and nation."

Colonel Schwartz said that "knowledge is the basic of strength" in our armed forces, on our farms, and in our laboratories, factories, and professions.

"Mirabeau B. Lamar put it better than I ever could," he stated. "When the father of education in Texas said, 'The cultivated mind is the guardian genius of democracy,' he uttered something for posterity."

The state Selective Service director pointed out that, under present policy, no one is drafted under age 22. He said he did not expect increased draft call to alter this policy, at least for the foreseeable future.

"Under this policy alone," he said, "some young men will have a good opportunity to complete work toward some bachelor's-level degrees before being considered for an induction call."

He counseled students to seek deferments from their local boards when these deferments are needed for the students to complete their college or university work.

Texas draft boards currently have more than 8,000 college students deferred on the basis of educational deferments in the

for the Soviets are certainly learning all that they can about us.

There are any points which Americans need to consider concerning the American system of education. We have to have higher educational standards, and we have to educate parents and students with the importance of hard work and study scholastically. We need to put more stress on English, foreign language, mathematics, natural science, and social science. We must take education as serious business. Intellectual achievement must carry the prestige equal that associated with athletic prowess today. This, of course, he added, is a revolutionary, if not a subversive, suggestion.

Thomas Jefferson stated, "Talents of the younger generation must be regarded as our most precious natural resource." Education must be thought of not as a cost but as an investment of the future.

The discovery and development of scientific talent in both boys and girls take on a special urgency at this time.

Particularly now, foreign language must be accepted as a major responsibility of our schools. Gifted children should begin the study of foreign language, in their middle elementary years with the objective of achieving genuine mastery. We should study not only the major languages of Europe but also all the great languages of significance of the world.

We must also take care lest we neglect the moral and spiritual foundations of society and human liberty. We must strive to develop not only a deep love of freedom but also a sense of concern regarding the future of liberty and a readiness to discharge all responsibilities of citizenship in a free society. It is at this point, the speaker noted, that the distinctive qualities of our education as compared with the Soviet must show itself.

The Russian position is clearly defined in the July 6, 1956 issue of "Pravda," the official organ of the Soviet Union central committee: "As for our country, the

Communist party has been, is, and will be the sole master of the minds, the voice of the thoughts and hopes, the leader and organ of the people in their entire struggle for Communism."

In contrast, he concluded, we the American people have a creed as follows: "I believe in the United States of America as a government of the people, by the people, and for the people, whose just powers are derived from the consent of the governed."

daughter of Mr. and Mrs. R. H. Dunning of Cisco.

Miss Judy Sifton, last year's queen, crowned Miss Coats as the new queen.

Other contestants were Miss Bernita Gailey, Ranger; Miss Helen Blackwell, Ranger; Miss Claudette Guy, Carbon; and Miss Anita Duncan, Eastland.

Performing for the queen and her court, under the direction of Mrs. Andy Taylor, were the Ranger Young School Twirlers, presenting a twirling and dancing routine. The twirlers are Dorothy Ann Oliver, Brenda Tackett, Jane Ann Bradford, Kay Wilhelm, Cheryl Huffman, Pam Dennis, Betty Jo Weekes and Teresa Hulink.

Sandy Taylor, of Eastland, gave two vocal numbers, "Misty" and "Hello Young Lovers". Two Ranger High School twirlers, Sissy Blackwell and Linda Hatton, presented a duet twirling drill. Sandi Halbrooks and Donna Drennan, majorettes in the Ranger High School Band, also rendered a twirling routine.

Mrs. Taylor then played and sang for the enjoyment of the audience.

Escorts for the queen contestants were Virgil Blackwell and Doug Rogers of Chaney and Frank Miller of Ranger.

Judges for the event were Harold Warford, Breckenridge; Mrs. A. C. Leatherwood, Stephenville; Bill Echols, Caddo; Mrs. Edna Stripe, Brownwood; and Mrs. Joe Rogers, Caddo.

After retaining a record of no fatalities for six months, Eastland County had two traffic deaths during the month of July. Sgt. J. O. Tanner revealed that a total of 17 accidents in the county were investigated by the Highway Patrolmen during the past month.

Thirteen persons were injured with property damage for the month totaling \$12,925.

Since January the Highway Patrolmen have investigated a total of 74 accidents. Forty-five persons have been injured and the total amount of property damages stands at \$46,324.

# Girls' Ranch Founder To Fill Eastside Pulpit

Rev. Claude Harris of Abilene will fill the pulpit of the Eastside Baptist Church, Ranger, for both the morning and evening services Aug. 13. His sermon Sunday morning will be on "Christ Controls the Situation," and Sunday evening he will preach on the subject, "Christ and Communism."

Rev. Harris, who holds a Bachelor of Arts degree from Hardin-Simmons University and a Bachelor of Divinity degree from Southwestern Baptist Theological Seminary, has just returned with his family to Abilene from Washington. During the five years that he spent in Washington he held two pastorates, the last of which was of the Pines Baptist Church, Spokane. He plans to do post-graduate work in counseling and psychology at Hardin-Simmons, where his daughter, Frances will enroll as a freshman.

His main reason for returning to Texas is to speak as supply pastor in churches in Texas on Communism through a desire to help our people realize what we can do to combat Communism. He has a special interest in it and has made special study of the problem.

The son of Mr. and Mrs. Sam Harris, citizens of Stephens County for 50 years, he was born and reared at Necessity, Stephens County. He is well known in this area as the founder in 1952 of Girls' Ranch, originally located 15 miles southeast of Breckenridge in the Wayland Community. He terminated his connection with the Ranch when Buckner's Benevolence of the Texas Baptist Convention accepted it for further development. Now housing 25 girls, it was moved to Lubbock in 1958 when the Milam Children's Home was donated for the use of Girls' Ranch.

He is married to the former June Morton of Oakley, aunt of Mrs. Charles Massages. The Harris has three children, Frances, 20, Claudia Kay, 12 and Samuel, 8.

# HE'S VITAL doing his job... and doing his job for his country

The National Guard has a unique mission... and a vital one. Constantly at the ready, it is on immediate call for the disturbances and disasters of peacetime as well as for the supreme demands of battle.

This dual mission is carried out by 472,000 citizen-soldiers of the Air and Army National Guard, men you know as your neighbors. The protection provided by these community men makes it possible to keep America's defenses up without the larger dollar outlay needed to maintain similar numbers of active Army and Air Force personnel.

Today, the National Guard is better trained and better equipped than ever before. Famous since Concord, the Guardsman is... in every way... an Up-to-the-Minute Man, today. On runway alert... at air-defense Nike-Ajax installations... in swift striking efficiency... in everything vital to our country, the Guardsman is vitally needed.

Christian Science

The spiritual foundation of divine healing will be emphasized at Christian Science services Sunday. Included in the Lesson-Sermon entitled "Spirit" is the account in Matthew of the healing by Christ Jesus of the man with the withered hand. One of the citations to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy (p. 51) describes the basis of Jesus' healing mission in these words: "Jesus was unselfish. His spirituality separated him from sensuousness, and caused him to be selfless materialist to hate him; but it was this spirituality which enabled Jesus to heal the sick, cast out evil, and raise the dead." The Golden Text is from Zechariah (4): "Not by might, nor by power, but by my spirit, saith the Lord of hosts."

I Give You Texas

BY BOYCE HOUSE

One of the few spots which proved somewhat disappointing in New York City on my first (and only) visit was Washington Square. It is a bare looking place, with lots of concrete and little of nature. The song, "Rose of Washington Square," was echoing in my memory; but I saw only one woman who would be considered really pretty in Texas. Nearby was Greenwich Village. (Maybe Washington Square is part of the Village.) One place with a rather quaint name, "Coty Corner Coffee Shop," had a sign, "Ice cream sundae." Reminded me of the man who said, "Bring me pie a la mode—and put some ice cream on it."

A bit of history which I had never heard before is in Fallows' "Life of McKelley." Telling of the martyred presidents, the writer says that when the orchestra learned that Lincoln was going to attend the performance, and this was done. I was on this flag that—after the fatal shot—the assassin's foot caught as he leaped from the box, causing him to fall heavily to the stage and injure his leg. But for the injury, Booth might have escaped. Afterward the flag was for a long time in the possession of the orchestra director, William Withers Jr., who then gave it to the owner, Taltavullo, who resided in Memphis, Tenn.

Tombstone is one of the best-known towns in the world. At least a dozen books have been written about the Arizona mining town—and not telling how many movies have been made about it. The place was laid out in 1879 and two years later, it had a population of 7,000—although some say the number was double that. The town enjoyed (if that is the appropriate word) five years of wild life and another five years of real activity during which most of the \$80,000,000 worth of minerals were produced. The inhabitants now total less than 1,000.

How 45,000 companies help their employees buy security

The average American company is pretty busy tending to its own business. Yet many companies have sandwiched in a valuable service for their employees—the Payroll Savings Plan for U.S. Savings Bonds. Through this plan, your payroll clerk sets aside a certain amount each payday for U.S. Savings Bonds, and arranges to get them to you. It's completely automatic, and the easiest way in the world to save. Save as much or as little as you wish Employees can sign up to save as little as \$1.25 a week. The average among the more than 8 million folks on the Plan is \$20 a month. All in all, 45,000 companies help their employees save about \$2 billion in Savings Bonds a year—a lot of future homes, vacations, college degrees, and nest eggs for retirement. The security built into Savings Bonds U.S. Savings Bonds are guaranteed by the Government to grow. \$18.75 becomes \$25 in 7 years, 9 months. In 10 more years, it becomes \$36.25. Your Bonds can be cashed in anytime, with interest. And if they're lost or destroyed, the Treasury Department replaces them free. Every Savings Bond you buy is an investment in Peace. What better way to help your government help you enjoy the things you're saving for.

Hats off to American Industry! "American industry has given the Savings Bond Program its greatest success," says William H. Neal, National Director of the Treasury's Savings Bonds Program. "45,000 American companies have sold many billions of dollars in Savings Bonds—at no cost to the taxpayer," says Mr. Neal. "By operating the Payroll Savings Plan, these companies, big and small, are helping to keep our country strong. At the same time, they're helping more than 8 million people save automatically for the things they want. America owes a vote of thanks to these companies for their outstanding contribution to the 20-year success story of the U.S. Savings Bonds Program." You save more than money with U.S. Savings Bonds Buy them where you work or bank
