County Judge John Hart, who has served the county in many capacities, took 2,792 votes.

The defeated aspirants, ex-publisher O. H. (Omaha) Dick of Olden, got 1,632, and Ranger Cafe Man Ralph Lockwood, polled only 493.

Incumbent District Clerk Roy Lane faces a run-off June 2nd with Ann Justice, who completed her first political race Saturday with 1,722 votes behind Lane's 2,430.

A third contestant in the race, B. M. Bennett, formerly Commissioner from the Gorman precinct, got 780 votes.

Judge Hart, who did not come to the courthouse for the tabulations, could not be reached early Sunday morning for comment on his successful race.

He has served as County Judge, sheriff and tax collector.

Ranger's ex-postmaster A. E. Crawley defeated A. J. Blevins for County Democratic Chairman.

According to unofficial and also incomplete returns the county voted 5,331 Saturday. About 6,000 was expected.

Like the rest of the state, John Connally, led Eastland County with 1,367. Daniel got 828 here, Formby, 752, Walker, 830, Wilson 874 and Yarbrough 495.

Freedom Smith led this county with 1,406 for lieutenant governor.

For the attorney general's post, Waggoner Carr had 2,426 here.

Bean got 1,422 for congressman at large, Ben Ramsey, 3,082 for Railroad Commissioner, and White, 2,990 for commissioner of agriculture.

Morrison got 2,633 for a Court of Criminal Appeals post, and Stranley led here with 3,076 for a Supreme seat, as did Griffin with 2,853.

Enco Walter was unopposed for his seat on the 11th Court of Civil Appeals.

Vote-counting was rough and the election workers sweated through mid-August-like weather most of the day Saturday, and endured threatening storms, and its humidity accompanying discomfort as the vote-counting began.

L. E. Clark of Desdemona was the first—as per usual—to report to the Eastland Courthouse and the throng of

### Teddie Neeley Receives RHS Band Award Sat.

Approximately 150 members of the Ranger High School band their dates, Junior High Band members and special guests attended the annual band banquet Saturday night in the National Guard Armory.

The banquet is sponsored each year by mothers of the band members.

Teddie Neeley was honored during the banquet by being awarded the John Phillip Sousa Award by Bill Auvenshine, Ranger High School band director.

The Sousa award is given each year to the most outstanding bandsman. The recipient of the award is chosen by vote of the band members and is approved by the band director. A plaque hangs in the band hall and each recipient's name is engraved on the plaque.

In addition to having his name placed on the plaque, Neeley was awarded a trophy for his outstanding work.

Neeley is a senior at Ranger High School. He has been in the band for six years and has been cornet soloist for the past three years. He was band president his sophomore and junior year and drill captain for the band his junior and senior year.

Auvenshine said that Neeley was never given a job that it wasn't carried out to the fullest. Continuing, Auvenshine said that Neeley had two outstanding traits—that of accepting responsibility and then depended upon to carry out the responsibility.

On the program for the night was Gascon Dixon. He presented a tenor solo.

Speaker for the evening was Roger Martin, band director at Ranger Junior College.

### Boys Find Gasoline In Old Tanks

David Windham, Tim Fox, and Buzzy and Roger Rutledge, have discovered a new source for gasoline.

The boys were playing on an old vacant lot at the corner of Strawn Road and Spring Road the other day, when the ground gave away under David's foot and his leg sank into a hole in the ground.

The boys got a long stick and poked it down in the hole and the stick came out with what looked like water on it, but had a very odd smell.

David and Tim told their fathers of the incident and Hollis Windham and Tom Fox investigated the hole in the ground.

They discovered that the hole was full of gasoline, and they pumped over 15 gallons of gasoline out of the hole.

The vacant lot is the site of an old service station. Solution to the mystery seems to be that gasoline was left in the underground tanks when the building was wrecked and the weather and time have caused the tanks to give away, releasing the gasoline and water.

The Ranger Fire Department was notified and they then to pump all of the remaining water and gasoline from the old tanks as a safety measure.

### Beta Club Elects New Officers

out until 11:30 p.m. The county's biggest box, Cisco, where almost 1,600 votes were cast, came in about 11. Ranger completed their counting at 12:50 a.m. with 903 votes cast.

At midnight there were still two incomplete boxes—Gorman where 307 votes were counted out of 705 cast, and Rising Star where 230 votes were considered incomplete.

Olden has 201, Carbon 231, Deadmoena 156, Kokomo 54, Nimrod 35, Pioneer 57, Scranton 31, and there were 134 absentee ballots.

Judge Hart carried Eastland, Ranger, Deadmoena, Rising Star, Nimrod, Pioneer, Scranton, his home box of Cisco, and absentee voting.

Dick had 105 to Hart's 80 in Dick's home box of Olden. M. C. Cartwright of Olden got one write-in for the county judgeship in Olden.

Wells Dalton, Mobil service station operator in Eastland was triumphantly successful in his write-in campaign to unseat C. E. Owens as Justice of the Peace, Precinct No. 1 in Eastland. Dalton was high man in boxes of Eastland and Olden, but drew fewer write-ins on the absenteees.

This county followed the pattern of the entire state in rejecting the constitutional amendment proposals in favor of legalizing horse-race gambling.

The proposals were defeated 2-1 in the county, as was the state trend. If adopted, these proposals would not have been binding on the state legislature, but were to be taken as referendum votes.

And also along state trends, the county was fairly well split down the middle on the proposal for abolishing the poll tax. Voting for abolishing were 1877 and 1820 voted against.

Enumbent Tom Creighton downed his opponent almost 3-1 in his bid for the 22nd Senatorial District seat.

Foot Bailey carried his home town of Cisco with 1,083, Ranger, Eastland, Olden, Carbon, Kokomo, Rising Star, Nimrod, Pioneer, Scranton and the absentee box, against Wayne Gibbens of Breckenridge. Both are seeking nomination for the seat election to the newly-redistricted 63rd Representative district. At presstime, Gibbens was leading Bailey by 7360 to

6466 in the district however. Don Pierson was elected precinct chairman in Eastland, and was named chairman in the Democratic Primary Saturday afternoon.

Calvin Brown at Ranger was re-elected precinct chairman. He had no opponent.

With votes still to be counted, it appeared that Dick Foster of Gorman and Glen Justice of Carbon would be in the run-off for the Gorman County Commission seat.

The vote in that unusual election was as follows: Bennett, 18, Underwood, 119, Dick Foster 214, Justice, 253, Capers 28, and Buck Foster 116.

The Fosters are brothers.

**Dodgers** - (continued from page one)

In the second game the Giants won by a two-point margin of 10-8.

Pitching for the Giants were Floyd Parks, Barry Franklin, Harry Williamson and Freddie Blackwell. Giant scores were made by Armando Renteria, 2; Floyd Parks, 3; Barry Franklin, 1; Tommy Fox, 1; Steve Dempsey, 2; and Valle Castro, 1.

Yankee pitchers for the night were Mike De Los Santos, Steve Leonard and Danny Carr.

Scoring for the Yankees were: Leonard, 1; Randy Mosbey, 1; Billy Ainsworth, 1; Cantwell, 1; Billy Anderson, 1; Victor Huerta, 2; and Mike De Los Santos, 2.

Minor League play will get underway at 5 p.m. Tuesday, May 8. The first game will be between the Cubs and Rangers. Second game will be played by the Pirates and Cubs.

Friday night Little League games were won by the Indians and Dodgers.

In the first game, the Indians took the Yankees by a score of 4-2. Pitching for the Indians were Randall Rogers and Ronnie Guess. Making scores were: Rogers, 1; Guess, 1; Randall Mahaffey, 1 and David Garcia 1.

The second game was a run-away with the Dodgers over the Gants, 11-2.

Bonnie Elder pitched the entire game for the Dodgers. Collecting runs for the Dodgers were Bill Watkins, 1; Bradley Hodges, 2; Elder, 3; Jerry Watson, 1; Raymond Jimenez, 1; Rickey Squires, 1; Jimmy Angus, 1; Rudy Mendoza, 1 and Greg Slaughter, 1.

Pitching for the Giants were Tommy Fox, Barry Franklin, Floyd Parks and Freddie Blackwell. Scores were made by Franklin and Blackwell.

## Ranger 4-H'er Gets Calf In Baird Rodeo

Willie Cantwell, 12 year-old son of Mr. and Mrs. W. O. Cantwell of Ranger competed in the Callahan County Sheriff's Rodeo Thursday night, May 4th. Willie was entered in the calf scramble.

Ten boys were turned loose to catch 5 calves, the boys lucky enough to catch calves were awarded a \$75. certificate to purchase a calf of their own.

After a long, long, run Willie caught a calf by the tail.

The calf circled the arena once with Willie running behind holding the tail.

Finally Willie was lucky enough to down the calf, but alas his halter was laying on the ground 12 feet away.

Willie, exhausted as he was, was still a resourceful 4-H'er. He dug the calf to within 4 feet of the rope and reached back with his foot to snag the rope. When he got the rope in his hand, a great cheer went up from the audience. Willie finally got his calf back across the line. According to Asst. County Agent, Roger Blackmon, "Willie is certainly to be congratulated on his persistence and determination."

Young Cantwell expects to use the money to buy a steer for next year's livestock show.

## Ranger Lady's Granddaughter 'Adopts' Boy

Miss Karen Conner, daughter of Mr. and Mrs. Sam Conner of Ballinger and a student at Texas Technological college in Lubbock has financially "adopted" Pham Ngoc Dang, a seven year old Vietnamese boy, through Foster Parent's Plan, Inc.

Miss Conner is the granddaughter of Mrs. Flake Turner and the late Mr. Turner of Ranger.

She has promised to contribute \$15 per month toward the child's support for at least one year.

Information concerning Ngoc Dang received by Miss Conner indicates his parents fled North to South Viet Nam to escape the Communist regime. They settled in Saigon, where at least there seemed a promise of work.

They found Saigon crowded with refugees, all eager to take any kind of employment that would earn a few cents a day. By working long hours as laborers, Dang's father and mother could just about manage to feed their three sons: Ngoc Dinh 12, Ngoc Dang, and Van Duong 4.

Three years ago his father contracted tuberculosis, with a further complication of heart trouble. He is bedfast, often too weak to go to the public hospital for treatment.

The mother earns about 41 cents a day. She has had to borrow \$137.42. Part of this was spent for medical for the father. The rest has gone to buy three pigs—they hope to realize a small profit when these are sold. Meantime, they must pay \$6.85 a month as interest, a crippling amount of their small income.

They all live in a thatched hut measured about 9X18 feet. They have three beds and a table. Close to the house stands the pig pen. There is no sanitation and the children are undernourished.

In Division I, Horticulture, all entries must be grown by the exhibitor and must be labeled as to variety and correct botanical name or otherwise will not be classified. All specimens must be brought in coke bottles. Potted plants must have been in the possession of exhibitor for at least three months. All exhibits and specimens, including containers, must be removed not later than 8 p.m.

### SUNDAY DEVOTION

#### Life's Great Necessity

By E. F. Waskom, Church of the Nazarene

"Except ye repent ye shall all like wise perish" . . . Luke 13:3. These are the words of Jesus. The theme of all His teachings and preaching was repentance. That was the theme of the Disciples, and the early Church Fathers. But it is, or seems to be, an almost forgotten theme today. So many places the altar or "Mourners' bench has been removed. We are living in a day, when there is a great deal of talk about accepting Jesus, accepting the gospel, believing on Him; but let me ask you, are we where He can accept us? "There is a way that seemeth right unto man, but the end thereof is the way of death." Proverbs 14:12. It has been truly said, that personal salvation, is the result of co-operation between God and Man. While Salvation is of God's free Grace it is also of man's free choice. In redemption there is a part for man to perform. Man must meet the conditions laid down by our Lord. Jesus clearly indicates in the words of the text that repentance is the only way of Salvation. He pronounces a woe on those that try to climb up any other way.

What is Repentance? It is that act of an awakened sinner, by which, with sincere and godly sorrow on account of sin, he resolves, God helping him, to forsake utterly and unconditionally, all sin, now henceforth and forever.

"What is sin?" Known transgressions against the laws of God. Thus it is seen that to attain saving faith, and personal Salvation without renouncing all sin is an impossibility. This repentance that Jesus is teaching is more than saying, "I am sorry." Too much of that is like the small girl that slapped her brother. She was told to tell him she was sorry. She drew herself up to her full height and said, "I'm sorry, but I'm not sorry." But Godly sorrow of the world worketh death." 2 Cor. 7:10. There is a vast difference between Godly sorrow and worldly sorrow.

Worldly sorrow may come by detection. The thief may weep bitter tears of sorrow when caught, but when he is released, he returns again to his stealing. He had no hatred for sin. It is the penalty he fears and hates. But Godly sorrow is "on account of sin" not because of the fear of the consequences. Godly sorrow issues in a hatred for sin so sincere that a person would forsake sin even though there were temporal consequences.

It results in admission of guilt. "I have sinned and done this evil" said the Psalmist. He is ready to forsake sin, unconditionally; anything short of that is not Bible repentance. A third element in Evangelical repentance is confession of sin. This is also a Bible doctrine clearly set forth in 1 John 1:9. "If we confess our sins, He is faithful and just to forgive us our sins, and to cleanse us from all unrighteousness." Only the one who is admittedly guilty is eligible for pardon.

The story is old of a governor who desired to pardon some eligible inmate of the Penitentiary. The Governor, with the pardon all signed, with the seal of the state, lacking only the name of the man to be pardoned, walked the corridors of the cell blocks interviewing the prisoners one by one. Some declared they were there because they were victims of circumstances, some declared they were never guilty others were unjustly committed to prison. Finally one old man said, "Sir, I am here because of my crimes I committed." The cell door

was unlocked. The man's name was written into the pardon, and he was set free. Many cried, "We were more eligible than he. It is unfair." But the Governor addressing them said, "This man is the only one that would admit having done anything worthy of, or to be pardoned for." If we confess . . . He is faithful and just to forgive us." So, then it is only those that confess their guilt (to Him) that can be pardoned. Confession does not end here, however. While it is true only God can forgive sin, yet His word clearly teaches we must also confess to those we have wronged. Jesus said, "Therefore if thou bring thy gift to the altar, and there rememberest that thy brother hath ought against thee; leave here, thy gift, go reconciled to thy brother, and then come, and offer thy gift." If we have talked about our fellow man go to him, not someone else, go to him and ask forgiveness. Maybe it's only been to slight or avoid, if you've injured one in any way, ask forgiveness. "Fix it Up."

Another element is Restitution: Old debts must be paid; good unjustly acquired, possessions dishonestly gained, to be wrong change knowingly accepted, from the grocer or the druggist. Space will not permit us to go on here, but when Zachaeus came face to face with Jesus Christ, the very first thing he said was "Lord, if I have wronged any man, I will repay him fourfold." Then said Jesus, "This day, has Salvation come to your house." Friends, the Holy Spirit will call these things to your mind. He will continue to remind you unless you walk in the light, process all you please, you will not have the victory.

Then amendment to those whom Jesus forgave sins during His earthly ministry, he said: "Go and sin no more." If repentance is genuine, amendment will follow. One that says he repents and tomorrow is found walking with the same old crowd, doing the same things as before, has not repented. For if any man be in Christ he is new creature, in a new Creation. Old things have passed away, behold all things have become new. He has new desires, new appetites, new will, desires a new service. He has a new Master. He moves right out of the broad way into the narrow way. The change will not be general. He will break off now, he will renounce all sin, and folly, his captor, the Devil, will walk in newness of life. With all the crimes, sin, distress, the lukewarmness in the church, with the church members running with the world. It is time for us to cry aloud everywhere, "Except ye repent shall all likewise perish." "You must be Born again", is not the demand of this preacher, but the demand of Jesus Christ.

### Transmission Line Completed by TESCO

The longest steel tower electric power transmission line ever built in the Southwest has been put in operation by Texas Electric Service Company between Fort Worth and Odessa. The line, which is 336 miles long, more firmly links Texas Electric's eight power plants and various major load centers served by the company.

tion was made by Beeman Fisher, president and general manager of the company.

Construction of this new line is further evidence of Texas Electric's confidence in the continued growth and progress of the North Central and West Texas area we serve," Fisher said.

Construction of the big new line required nearly 500 carloads of steel and conductor, Fisher said, pointing out that the line was built in the shortest time of any line of its type and size anywhere in the U. S.

The western terminus of the new power line, which now operates at 138,000 volts but is designed for conversion to 345,000 volts as the use of electric power increases, is near Odessa.

Later the line will interconnect with a 345,000-volt line to be completed by other Texas power companies in 1964 between the Fort Worth-Dallas area and Houston.

When this connection is completed, the power systems of Texas Power and Light Company, Dallas Power and Light Company, Houston Lighting and Power Company and Texas Electric will be more firmly interconnected to exchange much greater quantities of power during emergency conditions and to achieve maximum economy in providing the electric power generating reserves of such company system, Fisher said.

## County Will Begin Interstate 20 Plans

Right-of-way appraisals and negotiations are soon to begin on a section of Interstate Highway 20 in Eastland County, the Texas Highway Department has announced.

This section of Interstate Highway 20 is from the Callahan County line to one mile west of Cisco. Estimated cost of the project is \$1,880,000. Interstate Highway 20 in Texas extends from junction with Interstate Route 10 southwest of Pecos via Pecos, Fort Worth and Dallas to the Texas-Louisiana state line east of Marshall.

When built to Interstate standards, I. H. 20 will be a multilane expressway on which motorist can drive all the way across Texas without meeting a stop light or crossing through

and intersection or grade. Texas leads the nation in building its 3,000 mile portion of the Interstate system, which when completed by 1972 will span the state from all directions with highways of the most modern design and traffic facilities.

As of the first of this year, the estimated cost of completing Interstate Highway 20 and the Interstate Highway 10 portion in Texas—was estimated at \$263,386,101.

On every parcel of property in Eastland County required for right-of-way or Interstate Highway 20, two independent appraisals will be made, the Highway Department explains. These appraisals will be made by qualified private appraisers employed by the Highway Department on a fee basis. Through its dual appraisal and review process, the Highway Department strives to arrive at the fair market value for the property. It is the Department's policy to offer less than its approved value is not fair to the property owner and to offer more is unfair to the taxpayer.
