

## Around Town

By Dwaine Dennis

Roy Plumley, manager of the Ranger Chamber of Commerce, reports that the trash pickup held last Saturday in the western part of Ranger was a big success. The clean-up campaign was sponsored by the Ranger Carden Club and the Chamber of Commerce furnished trucks and men to pick up the trash.

Mr. Plumley reports that 15 pick-up loads of trash and 4 large truck loads of trash were removed from the residential area. He said that it was impossible to complete the entire area Saturday. Plans call for trucks to work again next Saturday to complete the area and then move to the eastern part of town and start pickups. He said that it may take an extra Saturday's work to completely cover the entire town.

The Lone Star Gas Company furnished two pick-ups and Ranger Lumber and Supply Co. furnished a large truck for the clean-up campaign.

Good to hear that the Jaycees will produce a rodeo here in July. The organization is really working on the project and needs the backing of the entire town. Let's help them make the show a big success.

A lot of good fishing reports have been coming in from Lake Leon. Hope to find time to sample the lake real soon, however, guess that the fish will quit biting when I get there.

The 42nd anniversary of the Ranger Furniture Exchange will be observed here beginning Friday with a gigantic anniversary sale. F. P. Brasler, Sr., and F. P. Brasler, Jr., said today.

The store has one of the largest selections of furnitures and appliances in this section of Texas. For the special event, prices have been slashed in order to show appreciation to their customers, the owners reported.

Door prizes of \$100, \$50 and \$25 in merchandise will also be offered to those that register at the store during the sale.

Enjoyed reading and looking at the new coloring book put out by Lone Star Gas Co. It's really clever. The book is titled "Communication Coloring Book" and has very clever verses and pictures of animals to be colored.

Mrs. Cecil Alford was in the Times office last week and, like many other persons in this area, expressed great fascination in reading articles written by the late Dr. Walter Prescott Webb, famed Texas author who was killed in an auto accident March 8, near Austin where he lived.

Mr. Webb was well known in Ranger, having spent his childhood in this area.

Mrs. Alford brought us many of her treasured clippings about the internationally known author of "Great Plains" and other books of the west, and was wondering if students who took time to read his "My Search for William E. Hinds" wouldn't benefit from the story of his great struggle for an education so that he could someday become a writer. It seems so many take their education privileges so lightly or feel that it is so burdensome to get to grasp just a bit of that great wealth of knowledge. This area man had to struggle and work and found the encouragement in a perfect stranger who wanted to help him. His story for a foothold in school was centered around the Ranger area where he went to school and taught in small surrounding communities.

The Rangers, faced by a three-run homer by Navarro Junior College in the first inning of Tuesday's baseball game here, could not get started as they met their first loss in two outings by a score of 8-0.

Navarro got an early start as the first two men at bat reached base. The third man struck out, but the next batter smashed the homer to left field, just out of reach of Tommy Casto. The next inning was scoreless, but in the third Navarro chalked up two more runs and took three more in the fifth to clinch the game.

Navarro's left-hander pitched the distance, allowing only three hits, a double by Glen Patterson and singles by Volly Ivy and Gary Watson. Robert Moore went all the way for Ranger, giving up nine hits.

## VOTE CANVASS TODAY

# Contest of Ranger Wet Victory Anticipated on 11-Vote Margin

A contest of the Ranger wet election was almost a certainty, even before the county Commissioners met Thursday to canvass the vote held last Saturday.

The margin of victory for the wet forces was 11 votes — 643 for and 632 against the proposition for the legal sale of all alcoholic beverages within the city limits of Ranger for off-premise consumption.

The county commissioners are required by law to hold a special session at least five days after the vote to canvass the returns.

County Judge Scott Bailey Monday called the canvass meeting for 10 a. m. today (Thursday).

The city of Ranger will legally become "wet" at the completion of the canvass meeting, according to T. E. Jones, a State Liquor Control Board Investigator, who was among a group of LCB men who visited the Eastland County Court house Monday.

Another visitor in the coun-

ty Monday was a representative of a Fort Worth wholesale liquor distributor who was inquiring if any applications for retail permits has been filed. None have.

Even though the City of

Ranger will be apparently be legally "wet" today, sale of intoxicants isn't expected to be legal until retailers receive permits from the state.

## Rodeo July 11-12-13 Jaycees To Produce

Don Yarbrough, president of the Ranger Jaycees, announced today that the Jaycee organization will produce a three-day rodeo here July 11-12 and 13.

The show will be produced in the rodeo arena located on old U. S. Highway 80, about one-half mile west of downtown Ranger.

Mr. Yarbrough said that directors of the organization entered into an agreement with Lloyd Woodley of Lampasas, to produce the show. Mr. Woodley, a well known rodeo producer, will furnish stock, clowns, pickup men and judges for the show.

Six main events will be featured in the show, which includes bareback and saddle bronc riding, calf roping, team roping, bull riding and barrel racing. Also to be included as a special event will be a calf scramble. Tentative plans also call for several specialty acts to be added at a later date.

The Jaycees plan to invite several area bands for the three-day show and also will invite area riding clubs to participate in the parade and grand entry.

This will be the first rodeo

## Services For Plane Victim Set Thursday

Jack Butler, husband of the former Jane Matthews, daughter of Mr. and Mrs. J. E. Matthews was killed in the crash of a small plane two miles northeast of Encino in the Falls area, Tuesday.

Mr. Butler, along with two other men, Cordell Edwards of Edinburg, employed with the county right-of-way department, and Ray Henry Quinn, Edocuch farmer and pilot, was returning to the Rio Grande Valley in Quinn's Piper Comanche plane after flying Senator Bates to Austin. Mr. Butler was a law partner of Sen. Jim Bates of Edinburg, but lived in McAllen.

A Federal Aviation Agency investigator flew to the scene of the crash. The plane burned.

## Eastside Church Of Christ Starts Gospel Meeting

Harold Spurlock, will be returning to Ranger, where he lived and worked with the Eastside Church of Christ (1958-60), for a one week Gospel meeting April 1-6.

Those who know Mr. Spurlock appreciate his love for truth and his ability to reason in the scriptures.

"I am certain Mr. Spurlock would appreciate any question you might like to ask him about spiritual matters and be more than happy to discuss any problem either privately or publicly.

His plea to us is the same as extended by Jehovah in Isa. 1:18-20. "Come let us reason together, saith Jehovah".

"God has given us the ability to reason; let us use this power rather than being guided by blind prejudice," so stated Mr. Jim Everett, local preacher of the Eastside Church of Christ.

Mr. Robinson is a member of the Elks Club.

Regarding his candidacy for water commissioner, he states that he will do the best he can, if he is elected, and that is all that anyone can ask for. Grover C. McGOWN, retired

chief gager for Premier Oil and Refining Company, makes his home at 325 Pine in Ranger. He and Mrs. McGOWN have been residents of Ranger since 1919, and are parents of six children, Mrs. Ray Kennedy, of Austin; Mrs. Bill Hood and Ivan McGOWN, of McGregor; James McGOWN, of Dennison; Mac McGOWN of Lubbock; and Harvey McGOWN, of Dallas.

Mr. McGOWN is a member of the Masonic Lodge and has served as Worthy Patron of the Order of the Eastern Star a number of times. He is presently serving on the building committee of the First Baptist Church where he is a member.

Mr. and Mrs. McGOWN were honored on their golden wedding anniversary Oct. 7, at the Ranger Community Clubhouse by their children.

In regard to filing as a candidate, Mr. McGOWN said that he has worked in the pipeline business for about 40 years, and also, since he is retired, he thinks that perhaps he can be of some service to the city.

## Facts...not "Chin Music"

from 40 Purina Feeding Demonstrations!

There's a reason why Purina's "Built-in Roughage"™ self-feeding program is gaining in popularity wherever cattle are fed. And that reason is FACTS... supplied by the cattle themselves in hundreds of public feeding demonstrations throughout the West.

Here are typical facts from the heavy cattle feeding area of northern Colorado! An average of 40 recently completed demonstrations there show the kind of results the average feeder can expect on Purina's "Built-in Roughage" program with milo and cottonseed hulls, barley or ground ear corn. Feeders can select from a number of Purina-approved "Built-in Roughage" rations, depending upon availability and prices of local grains.

In Colorado, 2,571 cattle (both heifers and steers) were fed an average of 122 days. Average daily gain for the steers was 2.79 lbs. and one pound of beef was produced on 8.55 lbs. total feed. Heifers gained 2.52 lbs. per day, made a pound of beef on 8.87 lbs. total feed.

These facts were gathered under practical conditions, with widely varying cattle and weather conditions. But all cattle were fed a "Built-in Roughage" ration formulated with Purina Special Steer Fatena.

The secret to "Built-in Roughage" feeding is Purina Special Steer Fatena. Ask for it at our store.

**Letters TO THE EDITOR**

March 25, 1963  
Dear Editor,  
Since almost every citizen of Ranger reads the "Ranger Times," I think that you can help me with a problem. It concerns the poisoning of dogs. Someone in Ranger is putting out poison, evidently some senseless person who never stops to think of the complete danger he causes. He is not only breaking the law of justice but the law of God. If he only would look ahead and see the results of a small child getting the poison instead of some animal. He surely doesn't have children of his own. He probably doesn't have to worry that his child might get poisoned while it is next door or across the street.

And I am willing to say that he has never watched the horrible suffering and death of his victim dogs. It certainly isn't a pleasant sight, especially if the dog has a certain place in your heart. Dog is "Man's Best Friend," and is always loyal to a good master, but some people just don't have a heart it seems.

Maybe if they could see some small boy come home from school wondering why his doggie hasn't met him at the gate as usual, find his dog cold and dead out behind the house. Or if they had to be the one to tell a little girl that her doggie is asleep and won't ever wake up, maybe then they would think of what they have done.  
Young children aren't the only ones who love dogs. There are many of us that own dogs that shared our childhood with us. They hold precious memories and hours of fun. They were our best friend and maybe our only

friend. It's not a pleasant feeling to know that the dog didn't have to die, but because of some ignorant nut, it did.

If the police of Ranger are men of justice, they will surely find the guilty party before it is too late to save a small child's life and before more of these animals called "Man's Best Friend" have to die. If the citizens of Ranger will help and work with the police, maybe we can stop this, before it is too late.

I wrote all of this to you because I am hoping that you can make people see the importance and danger of the matter.

Thank you very much,  
Mrs. D. H. Goforth

**Vote —**

(Continued from Page 1.) "protest" to the election, this, it is believed, will prevent the issuance of permits by the state LCB.

However, such permits were ordered issued by the State Supreme Court recently in the Impact case in Abilene, after the high court held that the area had been voted "wet", and established status quo, permitting the area to function as a wet area until legislation is settled.

What lies ahead for the legal sale of intoxicants in Ranger appears still to be in question, and will undoubtedly hinge to some extent, on the findings in the Impact case.

A total of 1,301 ballots, including 62 absentee, were cast in Saturday's election.

This was the fourth election in Ranger on the wet-dry issue in the past eight months, and this was the largest turnout of voters by some 300 persons.
