RANGER, TEXAS, SUNDAY, MARCH 31, 1963

NUMBER 104

Around Town

By Dwaine Dennis

Several Ranger women spent the day Friday painting on the Jaycee Rodeo grandstands. These women have taken it on themselves to help the Jaycees in this manner to produce the Rodeo here July 11, 12, and 13.

The women painted eight sections Friday and have invited all women of Ranger to join them Tuesday morning at 8 a. m. to help paint the remaining grandstands. Women interested are invited to bring a paint brush and their dinner, to be served on the ground at noon.

It was also suggested that women spending the day painting might invite their husbands out for lunch, and while the ladies prepare the meal, the men can paint.

The Jaycees have plenty of paint—so come on out ladies—and lend a helping hand. It will really be appreciated by the Jaycees, since they have only 90 days in which to get the arena and stands ready for the big show.

Community interest can really make the show go over big.

Fire Chief Charlie Isbell today issued a plea to Ranger Citizens to be more careful when burning trash. He said that due to the extremely dry weather in this area that grass and weeds are almost as combustible as gasoline, and that necessary precautions must be taken by homeowners in order to help prevent needless grass fires.

The Chief said that the Ranger Fire Department has made 92 calls during the first three months of the year and that most of the fires were started from burning trash in open containers. During the entire year of 1962, the department made only 102 calls.

Chief Isbell requested that homeowners please clean all weeds and grass from around trash barrels, and also be sure that a cover is on the trash barrel when trash is burned.

He said that these precautions are not only for the protection of your own property, but also for protection of neighbor's property.

Directors of the Ranger Chamber of Commerce will launch an extensive membership drive Monday morning when they meet at the college cafeteria for breakfast.

Remember—the chamber of Commerce is your organization. Each business and individual in Ranger should be a member. When you are contacted, be ready to say that you will help build Ranger. Talk Ranger UP...not DOWN.

The Red Dog Relay event held at the Ranger Junior College Track Saturday was a triumph as a big success by officials. Over 350 athletes were entered from 27 area high schools.

Four other big events are scheduled for the Ranger Track. Next Saturday, the District 10-A meet will be held here. Schools to be represented include Albany, Eastland, Baird, Cross Plains, Clyde and Ranger.

On April 8, the District B track event will be held here. Olden, Moran, Gorman, Desdemona, Carbon and Gorman will participate in this meet.

The Featherlite Relays are scheduled for April 20. This will be an invitational meet for several junior colleges.

On April 29 and 30, the Texas Junior College Athletic Conference state meet will be held here.

This full schedule will give area sports fans a chance to view many of the top athletes in this part of Texas.

Hope that who-ever took the thermometer from in front of the Ranger Times office is enjoying it.

The large oval-shaped thermometer was removed by unknown person or persons the other day.

Not wishing them any hard luck, but when it turns cold I hope that they get the shakes, and then when warm weather sets in I hope that the sweat really rolls.

Public Relations

Nuel Childs To Conduct Four Classes

Nuel Childs, Supervisory Training Specialist of the University of Texas, Distributive Education Department, will conduct a public relations course at Ranger Junior College, April 1 through April 4.

The course, sponsored jointly by the college and Ranger Chamber of Commerce, will be presented at 7:30 p. m. each of the four nights in the college library.

Mr. Childs is a graduate of the University of Texas with a Master's degree in Marketing. He was affiliated with the retail and wholesale business for 15 years before going with the University.

Employers should attend and should encourage each employee to attend also, it was stated. Cost will be only \$2.50 for each person for all four nights.

Subjects to be covered will include: What public relations is, What public relations does, The individual's role in public relations, Conversation is a powerful tool, and How to overcome customer relations problems.

Entry Fees Announced For Jaycee Rodeo

Billy Rippey, rodeo chairman for the Jaycee Rodeo to be held in Ranger July 11, 12 and 13, has announced entry fees for contestants in the rodeo.

He said that fees for bareback and saddle bronc riding will be \$15; calf roping, \$30; steer wrestling, \$20; team roping, \$20; bull riding, \$15; and barrel races, \$5 per night. No fee will be charged for calf scramble entries, it was announced. The scramble will be for youth 12 years of age and under. Prizes will be awarded in this event by the Jaycees.

All entry fees will be added back and the Jaycees will award silver trophy buckles to winners in each event.

Tickets for the three-night show will go on sale in the near future, it was announced. \$1.75 and children's tickets will be 75 cents each. All grandstand seats will be sold at the above prices. Only reserve seats for the show will be box seats. The 84 box seats each, will sell for \$45 for all three nights.

Producer for the show will be Lloyd Woodley of Lampasas. Mr. Woodley is well-known throughout the rodeo circuit and owns his own stock.

In addition to the six main events, several specialty acts are planned to be added before showtime.

C-C Membership Drive To Get Under Way Monday

Members of the Board of Directors of the Chamber of Commerce will meet at 7 a.

m. Monday in the Range Junior College Cafeteria for breakfast.

The breakfast will officially open an intense membership drive for the local chamber of commerce, Dick Henderson, president, said.

Dr. W. P. Watkins and A. H. Woody, co-chairmen of the membership committee, have divided the list of directors into two groups, and the two groups, headed by Dr. Watkins and Mr. Woody, will enter into a contest to see which group can get the most new members.

Each director will be supplied with a list of prospective members and a brochure telling of the activities of the local chamber which will be given to each prospective member.

The membership co-chairmen estimate that approximately 40 new members should be gained by the drive.

Membership team number one, headed by Mr. Woody includes Dr. Theodore Nick-sick, Pete Brashier, A. N. Larson, Dwaine Dennis, Archie Robinson, and Joe Collins. Team number two, headed by Dr. Watkins, will be made up of Bill Collins, W. T. Eaton, Morris Campbell, Dewey Cox Jr., H. G. Adams Jr., and R. E. Henderson.

Other lists of names will follow.

Wet Vote Okayed By County Court

Returns of the Ranger off-premises alcoholic beverage election, which resulted in a 11-vote victory for wet forces last Saturday, were accepted in an official canvass by the Eastland County commissioners' court at a meeting Thursday morning.

After examining the returns, Commissioner Tip Arthur moved that the returns be accepted. This was seconded by Commissioner Buck Collins and approved by the court.

County Judge Scott Bailey was given authority to make all necessary orders to carry out the provisions of the law in handling matters pertaining to the sale of alcoholic beverages. The court voted to levy a tax as provided by law on the issuance of permits to dealers.

Kenneth Cook, director of accounting for the Texas Liquor Control Board, was present from Austin and outlined details of processing applications for retail license and so forth. It was brought out that retailers must make application to the county for a license, run a public notice in a local newspaper, and undergo investigation and inspection of his premises.

An expected contest of the election results had not developed in 91st District Court at 1 p. m. Thursday.

Ranger voters approved the sale of all alcoholic beverages for off premises consumption by a vote of 643 for and 632 against.

T. E. Jones, a state liquor control board investigator from the Abilene office, reported that Ranger would be legally "wet" as soon as results of the election were canvassed and certified. Actual sales, however, could not begin until retailers qualify for store permits.

Large Vote Expected In April 2, City Election

Ranger citizens will go to the polls for the second time this year on Thursday, April 2, to cast their ballots in the city official election. A large turnout at the poll is expected, since 13 candidates have filed for five positions on the commission.

The mayor's race and place two and four have three candidates each seeking election and place one and three each have two candidates seeking

office.

In the mayor's race, Matthew Roberts, Dewey Cox Jr., and Morris L. Newnham filed for the position. Mr. Newnham is the present mayor. Both Mr. Roberts and Mr. Cox are seeking their first term as members of the commission.

George Falls and Leonard Pounds are candidates for police and fire commissioner. Neither candidate has ever

sought positions on the commission.

In place number two, street and park commissioner, O. J. Caraway, V. V. Cooper and Fred Bennett are candidates. Mr. Caraway and Mr. Bennett are seeking public office for the first time. Mr. Cooper has served as street commissioner several years ago.

Incumbent W. J. Sipes and Dr. S. J. Jones will vie for the place of finance commissioner. Dr. Jones is seeking his first term and Mr. Sipes is asking for a second term of office.

Jack Robinson, G. C. McGown and O. L. Cantrell are seeking the position of water commissioner. The seat was vacated several months ago when James Higginbotham resigned.

Mr. Robinson and Mr. McGown are seeking first terms of office, while Mr. Cantrell is seeking another position on the commission. Mr. Cantrell has served for the past term as police and fire commissioner.

Several construction companies sent men and equipment as well as aid from county treasurers.

At one time the fire, which was burning unchecked on a four-mile front about 9 p. m. Wednesday burned within four miles of Desdemona located about 16 miles southeast of Ranger.

The huge fire was reported to be moving north and west of Desdemona shortly after 9 p. m. One report said the flames could be seen 20 miles away and could be smelled on U. S. 80, about 15 miles from the blaze.

State Highway 16, running from Strawn to Desdemona was lined with sightseers Wednesday night it was reported.

Three Ranger High School band students received 1st Division awards in the Regional II solo and ensemble contest which was held Saturday, March 23, at McMurry College in Abilene.

Students receiving the top honor awards were Larry Wilhelm, sophomore band student, 1st Division on tenor saxophone; Don Bunton, freshman band student, 1st Division on trombone solo; Delia Camacho, freshman band student, 1st division, clarinet solo, clarinet solo.

Approximately 400 students from about 50 different schools participated. Seventeen members of the Ranger High School band entered.

The student, strictly on his individual basis, was judged according to standards set up by the state of Texas.

Bill Auvenshine, band director, stated that each student had entered on his own initiative, giving a great deal of his time and regardless of his rating, became a better musician through the constructive criticism and individual instructions presented to him by the individual judge who was proficient in the same instrument upon which the student performed. "This type of aid is highly profitable and unusual for the band student," stated Mr. Auvenshine.

Water Board Election Tuesday

Election for four directors of the Eastland County Water Supply District will be held Tuesday, April 2. Two directors from Ranger and two from Eastland are seeking election.

On the ballot from Ranger are F. P. Brashier Sr., and W. F. Creager. Seeking election from Eastland are M. H. Perry and Tom Wilson.

For purpose of election, the Water Supply District is divided into two election precincts. All of the territory contained in the City of Ranger is known as the Ranger

precinct.

One involves the state of the economy during the rest of 1963. Should it improve to the degree contemplated by the President in his report to Congress, incomes would rise and tax receipts would go up.

The other "if" concerns tax reduction. The present opinion in Washington is that there will be some sort of a cut—not as large as was recommended—but that it will not be effective until 1964.

At any rate, the Kennedy budget for the coming fiscal year calls for personal income taxes of \$49.3 billion, or \$4.3 billion more than this year.

On that basis, if Eastland County continues carrying its present share of the nation's tax burden, its payments next year will have to be 9.3 percent larger than they are now.

What next year will bring depends on two big "ifs."

Uncle Sam Expected To Take Over \$3 Million In Taxes From County

What part of the \$45 billions that the Government expects to collect by April 15th via personal income taxes will come from residents of Eastland County?

Will it be more than it was last April, when local payments of individual taxes, including the amounts paid through withholding taxes, added up to approximately \$2,978,000?

The size of the local contribution to the Federal coffers is based on income data and on an unofficial breakdown of Treasury Department figures, which give the receipts from the State of Texas.

They show that individual income taxes collected in the state last year came to \$1,861,000,000.

As a consequence, residents

of Eastland County contributed some 0.16 percent of the state total.

Because income gains were recorded in most parts of the nation during the past year and because there were more people in jobs, despite the large number of unemployed, the Government looks for personal tax payments to reach the \$45 billion mark by April 15th.

That will be close to \$3 billion more than was collected from individuals a year ago.

On the basis of tentative figures released on the earnings of Eastland County residents in 1962, their current tax returns are expected to be nearly \$3,103,000, an increase of \$125,000.

What next year will bring depends on two big "ifs."

Facts...not "Chin Music"

from 40 Purina Feeding Demonstrations!

There's a reason why Purina's "Built-in Roughage"™ self-feeding program is gaining in popularity wherever the cattle are fed. And that reason is FACTS... supplied by the cattle themselves in hundreds of public feeding demonstrations throughout the West.

Here are typical facts from the heavy cattle feeding area of northern Colorado! An average of 40 recently-completed demonstrations there show the kind of results the average feeder can expect on Purina's "Built-in Roughage" program with milo and cottonseed hulls, barley or ground ear corn. Feeders can select from a number of Purina-approved "Built-in Roughage" rations, depending upon availability and prices of local grains.

In Colorado, 2,571 cattle (both heifers and steers) were fed an average of 122 days. Average daily gain for the steers was 2.79 lbs. and one pound of beef was produced on 8.55 lbs. total feed. Heifers gained 2.52 lbs. per day, made a pound of beef on 8.87 lbs. total feed.

These facts were gathered under practical conditions, with widely varying cattle and weather conditions. But all cattle were fed a "Built-in Roughage" ration formulated with Purina Special Steer Fatena.

The secret to "Built-in Roughage" feeding is Purina Special Steer Fatena. Ask for it at our store.

Area rugs have become an important part of today's room decoration. They vary in size from those that cover an area designated for a conversation group to the small scatter-type rugs. Skiddy rugs on polished floors invite disaster. If you have any doubt about underfoot security of small rugs, don't take chances. Treat your rugs with one of the easy to use non-skid backings. If you are buying new rugs, look for non-skid types. Or try some non-skid aids on the market.

While not endorsing any of the producers, here are some suggestions.

A non-skid, rubberized product, Sta-Put, is easy to use. Protect the floor when applying, and turn the rug upside down. Spray around the border two or three times in quick continuous motions. The n

spray the inner area of the rug several times in zigzag fashion. After a thorough drying period, the rug can be washed but must be re-treated afterward.

A white powder, Rug-Hug, needs only to be sprinkled under a light film conforming to the size and shape of the rug. Powder keeps anchoring the rug until after it is washed out or vacuumed off. Then it must be replaced.

Although it must be painted on, Griptex Rug Guard lasts and lasts. Rugs can be washed and washed time after time without any effect on the anchoring adhesive. The back of the rug can be completely coated or a large "X" painted on the center with a wide border coating near the edges may be sufficient.

A sheet of light plastic foam cut to the size of the rug is another solution. It may be purchased in carpet stores or in variety stores.

WCS DELEGATE

Mrs. Ed Willman has returned home from the annual Conference of Women's Society of Christian Service in Mineral Wells. Mrs. Willman was the local delegate.

MRS. YOUNG PROGRAM LEADER FOR THURSDAY CLUB MEETING

Mrs. R. L. Young was leader for a program on "Stepping Stones to the Refugee Problem" Thursday afternoon when the regular meeting of the Thursday Afternoon Club was held in the Woman's Club.

She announced the subject and gave the quotation: "Eating the bitter bread of banishment."

Mrs. W. F. Davenport talked on "The Ring of Hate Around Israel". She gave the Biblical background of the Hebrew and the Arabian people telling of the hatred that the Arabians have held for the Jews down through the centuries to the present time. Today they hate the little nation of Israel located in the heart of the Arabian states and they are using their increased resources to build up their military strength in preparation for war against Israel. She reported that there are 433,000 refugees in the Arabian states who now depend on the charity of the U. N.

A paper on the Cuban refugee problem in America was given by Mrs. Harold Bulgerin. She stated that the Cuban refugees were a proud people and did not want to live off the government but they wanted to work. There are 75,000 refugees in Miami, Fla. and 45,000 have no means of support.

Prior to the program, Mrs. Turner Collie, president, conducted a business session and she announced the Program Committee for the ensuing year composed of Mmes. I. C. Inzer, C. W. Hoffmann and Fred Davenport.

The next club meeting will be held in the parlor of the Methodist Church.

The following members answered roll call: Mmes. Harold Bulgerin, Turner Collie, Cecil Collins, Pat Crawford, W. F. Davenport, W. S. Fisher, Cyrus B. Frost, Ben Hamner, James Horton, Donald Kinnaird, W. P. Leslie, Milburn Long, Frank Lovett, Arthur Murrell, W. D. R. Owen, Joseph M. Perkins, T. E. Richardson, E. R. Townsend, Esco Walter and R. L. Young.

Behind many "For Sale" signs there is a sad story: A family borrowed more than they could afford to pay for a home, or payments and interest rates were too high; the home had to be sold, often at a loss. This tragedy could often be avoided if the families would seek help from a home loan specialist, such as our Association.

We work with you to arrange for a loan that's as easy to handle as monthly rent.

Local Couple Plans To Attend 1963 Convention

Mr. and Mrs. D. S. Buchanan of the Eastland Auction Company are planning to attend the 1963 convention of Texas Livestock Auction Association to be held at the New Hamilton Hotel in Laredo on Friday and Saturday.

The event will feature three business assembly sessions covering all phases of modern livestock auction market operation, a Saturday noon luncheon and closing annual "Progress Banquet" that evening.

Among activities for wives guests will be a luncheon and Mexican style show to be staged across the border in Nueva Larado, Mexico.

Mr., Mrs. Perkins Relate Travels To Local Students

Mr. and Mrs. Joseph M. Perkins have been relating facts on their travels to members of the sixth grade Social Studies class of which Mrs. Joe Stephen is teacher.

This group was joined by the history class taught by Charles Marshall.

Such items as Hinduism, Buddhism, Olympics, Pyramids, Sphinx, the Acropolis, Parthenon and historical characters as Confucius, Homer, Socrates, Hippocrates, Gandhi by Mr. and Mrs. Perkins.

At the close of the period, pupils asked various questions which were graciously answered.

VISITS

Mrs. J. N. Johnson and Miss Minnie Lay returned Thursday from a trip to the Valley. They visited in San Antonio with their niece, Mrs. Ted Waggoner and family and in Harlingen with a friend, Mrs. Lela Schiver. They spent one day on the gulf and Padre Island.

Six Members Attend WMU Meet Monday

Six women attended the regular Monday meeting of the Women's Missionary Union of the Mangum Baptist Church.

The meeting was opened with a song, "Jesus Saves", led by Mrs. Mattie Donelson and accompanied by Mrs. Billie Wood, pianist.

Mrs. Rachel Clower read the prayer calendar and a prayer for missionaries was led by Mrs. Ann Tucker.

During the business meeting conducted by Mrs. Donelson, work for the ensuing three months was outlined.

The meeting was closed with individual prayer.

Attending the meeting were Mmes. Donelson, Lenis Rice, Clower, Tucker, Corryne Wood, and Billie Wood.

It was then announced that the spring revival will begin Sunday and continue through April 7.

Rev. Bruce Stovall, pastor of the Olden Baptist Church, will hold services nightly at 7:30 p. m.

The public is invited to attend.

Candy Strippers Choose Red, White Uniforms

A regular meeting of the Strippers was held Wednesday in the high school auditorium. Fifty-five girls were present. Mrs. D. E. Pulley spoke on the purchasing of uniforms, and the group decided on the regular red and white striped chambray uniforms, the recognized uniform of Junior Volunteer Nurses throughout the United States.

Mrs. Geraldine Lidsey and Mrs. Mary Jacobs, nurses at Ranger General Hospital and Mrs. Arthur Deffebach, Home Economics teacher, were present to instruct the group. Mrs. Lindsey instructed the girls in the use of a thermometer and how to read them by letting each girl take her

temperature. Next meeting will be April 12. The election of officers will be held in the near future.

CHRISTIAN SCIENCE

Freedom from Materiality, bondage of any sort, will be emphasized at Christian Science church services Sunday. Highlighting the Scriptural selections from the Lesson Sermon on the subject "Reality" will be this passage: "The night is far spent, the day is at hand; let us therefore cast off the works of darkness, and let us put on the armour of light." (Rom. 13:12).

From "Science and Health with Key to the Scriptures" by Mary Baker Eddy this citation will be read: "Perfection Underlies reality. Without perfection, nothing is wholly real. All things will continue to disappear, until perfection appears and reality is reached." (p. 353).

Your current City Officials seeking re-election have made every attempt during the last two years to send our city forward by well defined goals. We have launched a determined effort to establish a city that is . . .

ECONOMICALLY SOUND and PHYSICALLY ATTRACTIVE

We the undersigned felt that our paving program, park and cemetery improvement and several other projects could be concluded during the current term. It was discovered after much deliberation and consideration that it would be impossible to conclude all projects as set forth in our progressive Ranger Program. While it is true that much has been done such as . . .

1. \$65,000 In Bond Retirement, Resulting In a \$2,000 yearly Interest Savings.
2. City Hall Remodeling.
3. A Participation Paving Program Resulting In the Paving of 150 City Blocks.
4. The Improvement of Our College Physical Plant.

Much more can, will and needs to be done. We are currently enjoying the best financial condition of any time in the last 20 years, but this can be improved. Our street and city beautification program must continue and of great importance, our commissioners should have experienced nucleus to work with.

Mary Martha Sunday School Class of the First Baptist Church met Monday night for a regular monthly business session and social in the home of Mrs. H. G. Adams, Sr.

The business session was presided over by the president, Mrs. J. R. Ervin. Opening prayer was led by Mrs. L. L. Bruce and the secretary, Mrs. C. A. Strong read the minutes of the previous meeting.

Rev. and Mrs. W. H. Rucker were chosen as friends of the month.

Mrs. Frank Hicklin brought the devotional from the first chapter of Psalms entitled "A Christ Like Life."

Report on the sick and absentees were given by the group captains.

The hostess served sandwiches, Boston brown bread, spiced tea and coffee to Mmes. Lloyd Clem, L. E. Bruce, C. A. Strong, G. C. McGowan, J. W. Dillard, C. N. Martin, H. E. Herweck, S. T. Williams, E. P. Robinson, F. U. Bourland, O. R. Gafner, J. R. Ervin, Frank Hicklin, L. D. Tankersley, and Miss Anna McEver.

The next meeting will be held April 15 with Mrs. Joe Dennis as hostess.

Business And Social Session Held By Class

Love Sunday School Class of the First Baptist Church recently met in the home of Mrs. Weaver Aishman for a business and social session.

Mrs. Tom Lang opened the meeting with prayer, and Mrs. T. J. Anderson, class teacher, brought the devotional on "The Power of Fellowship" and Prayer."

Class business was discussed and reports on the sick and reports from the group captains were called for from the president, Mrs. Aishman.

Games were directed by Mrs. Raynel Baze.

Refreshments of frosted punch and cookies were served to Mmes. W. O. Cantwell, Bill Nichols, T. J. Anderson, Tom Lang, Weaver Aishman, and Raynel Baze.

AAUW Hears of Woman's Role

The Ranger Branch of the American Association of University Women met March 21 in the home of Mrs. Ernen Haby.

Mrs. E. H. Bobo presided, and Mrs. Theodore Nicksick Jr. introduced the program, a panel of The American Woman's Role. Members taking part in the panel were Mrs. Jettie Ballenger, who discussed the Role in General of the American Woman; Mrs. Alvin Woody, who spoke on The Homemaker; and Mrs. D. L. Penney, who discussed Working Women.

Present for the panel discussion and the social hour which followed were Mmes. Arthur Defebach, Walter Daniels, L. H. Hagaman, James P. Morris, Ballenger, Bobo, Hittson of Cisco, Nicksick, Penney Woody, one guest from Cisco, and the hostess.

The next meeting will have as hostess Mrs. Theodore Nicksick in her home, at which time the program will consist of a panel on Education in the Sky.

Salk Vaccine Discovered 10 Years Ago

Persons in Eastland County who have been spared from crippling polio owe much to an American scientist who announced a great discovery just 10 years ago.

Mrs. J. A. Bates, chairman of the Eastland County Chapter of the National Foundation-March of Dimes, made this observation in recalling that on March 26, 1953, Dr. Jonas Salk revealed in a nationwide radio broadcast that his vaccine against polio was just around the corner.

The Salk vaccine has prevented an estimated 154,000 cases of paralytic polio in the United States with a savings to the nation's economy of more than \$6.7 billion, Mrs. Bates said.

She added that approximately 12,000 of those saved from polio would have died had the Salk vaccine not been available.

... If you are interested in buying real estate soon or at any time in the future. Buying good titles is just as important as buying good food or good medicine. Yet some people have spent their life-time savings for a farm or city property with little or no thought about the title. Of course, they will learn better later, but why not avoid the pitfalls and expense of poor judgment by getting an abstract first and buying the property later?

YOUR FAIR SHARE...

Most Texans, we believe, are fair-minded folks. They believe in fair play, square dealing, and mutual respect for personal and property rights. Those who want to take advantage of their neighbors are the exception. Sometimes it may be hard to define a "fair share." This can occur in dividing oil or gas production, when two or more landowners are involved. As we all know, oil and gas don't pay any attention to fence lines. Here in Texas many wells have been allowed to produce more oil or gas than they should have because they were drilled on very small tracts. That extra oil or gas came from under the neighbors' land. Some oilmen made a regular practice of this type of operation. Obviously, one owner got more than his fair share — others, less. People in 26 out of 29 oil-producing states have found a way to divide their oil and gas so that each owner gets what is rightfully his. They simply put their small acreage together and share the costs and income. This system is known as POOLING. Such a system is needed in Texas. It is proposed in a bill now before the Legislature, HOUSE BILL 510. When the neighbors cannot agree, the Railroad Commission would set up a drilling block and see to it that the rights of all owners are protected... all costs and proceeds equitably divided. Oilmen who have made fortunes at the expense of others could not be expected to support House Bill 510. They are bitterly opposing it. But the responsible oilmen of Texas are overwhelmingly for it. So are the informed citizens who want to see justice done. Ask your Senator and Representative at Austin to support House Bill 510 — so Texas, too, will have a reasonable and legal way to assure to each landowner his FAIR SHARE.

Women who cook electrically know...

Electric cooking is FAST because it's flameless

Today's electric ranges start heating instantly, reach cooking heat in seconds. Flameless electric surface units put heat directly into the pans, not into the room, so practically all the heat goes into the food being cooked. That is why electric cooking is fast.

The flameless electric oven reaches baking or roasting temperature quickly. Since it is insulated all around, including the bottom, heat stays inside where it belongs. And because electric heat is instant, the broiler requires no preheating. This means your meals can be cooked in a minimum of time.

Electric cooking also is clean, cool, accurate and economical. Select your flameless electric range at your dealer's now and enjoy all these benefits. Electric cooking is one of the nicest things about living better...electrically!
