Behind many "For

Sale" signs there is a sad story: A family borrowed more than they could afford to pay for a home, or payments and interest rates were too high; the home had to be sold, often at a loss. This tragedy could often be avoided if the families would seek help from a home loan specialist, such as our Association.

We work with you to arrange for a loan that's as easy to handle as monthly rent.

HOW TO MAKE LIGHT WORK

IN THE KITCHEN

Properly planned lighting in the kitchen makes meal preparation easier,

more pleasant and more efficient. It helps eliminate little annoyances like

misread recipes . . . dishes (or vegetables) that have to be washed twice.

For a well-lighted kitchen you need two kinds of lighting:
