## THINKING OUT LOUD

BY JAY BETHANY

There are gimmicks — and there are gimmicks. We have all been exposed to them through various media, Television, Newspapers, Radio, etc.

There is a gimmick for every item of merchandise that is sold, be it Automobiles, electric toasters or chewing gum.

In other words, if you have anything to sell, present it to the people in such a manner that it is remembered above all competitive products in the same line.

There are many gimmicks that are in excellent taste and there are some that are in poor taste. Most however, are accepted by the public.

Now—Just suppose we had a town that we would like to make known to people we think might be interested. A town very well suited for a place to retire, to live out the leisure years in a warm and friendly community atmosphere. A town that has everything to offer a prospective manufacturer. What would be the best way to accomplish this task?

Why not promote a town as a consumable product? Hire a reputable advertising agency, set a budget to be worked within, tell them what we want and let them take from there.

I would venture a guess that it has never been tried before, per se.

An agency would be in the position of holding where and how to best reach the people sought by the town, be it industry or someone seeking solitude for their retirement.

In other words — hire someone to look after our interests. If we get results, fine. If not, try something else.

Sooner or later Interstate 20 will be completed. This is not only a fact it is the Federal Government.

The presence of highway 80 plays a large role in our overall economy. When the traffic is routed around this area there will have to be something to fill that gap.

That is the purpose of this little article. It is only an idea that might or might not have any significant value and is certainly not the final answer.

There is an answer, however, all we have to do is find it.

In a previous article we asked for letters from the citizens of the city, stating ideas or suggestions pertaining to the betterment of Ranger. All letters concerning this problem will be published.

One idea from one person will not get the job done, but an accumulation of ideas from a number of people could very well be incorporated into the perfect solution.

We have a good town, a friendly town. Most of the buildings are old, some vacant and some deteriorated to the point of being a hazard. Sooner or later the old derelict buildings will have to be torn down if not only to preserve the appearance of the town but for the sake of safety.

Real progress takes time and effort. The longer we wait to start the more we risk having everything taken away.

Let's not sit back waiting for a night in shining armor to come riding in on a white horse in the form of Industry or other business. We need to go find it.

No idea is too small to be taken into consideration.

## Conference Grid Tilt Goes To Wranglers By Score of 36 - 0

Cisco Junior College scored in every quarter Thursday night with the aid of three stolen passes to down Ranger by a score of 36 to 0 in a conference football game at Ranger.

The Ranger's offense, having trouble finding anything that would work against the aggressive and tough defense put up by the Wranglers, had three passes intercepted that ended in touchdowns.

The statistics showed a better game than the score board indicated.

Cisco scored in the first quarter, with a sustained drive for the first touchdown of the evening. The drive was set up by a 25 yard punt return to the Ranger's 30. Passing for five, Albert to Barrera, journeys of 5, 3, 13 and 2 by Guy and Sloan gave the Wranglers first and goal on the two.

One play with Sloan carrying, drove for the touchdown. John Love's kick added a point and Cisco had an early lead, 7-0.

The Rangers received the kickoff, failed to move and punted to the 48 in Cisco territory. Albert found Barrera with a 37 yard pass and run to drive once again deep into Ranger territory. The Rangers manned the barriers this time stopping the Wranglers minus two yards and took over on downs.

Pietoso picked up 16 yards for the Rangers, making it first and 10 on the 36. After two plays and no gain, a pass was picked off by Cisco, with a runback to the nine and Cisco had the Rangers buried deep in their home grounds once again.

On first down, Sloan drove over for the second touchdown of the evening.

Following two punt exchanges, Cisco took possession on the Ranger 42 yard line. Two plays gave them first and ten on the 31. On the third passing attempt, Albert once again displayed his accurate throwing arm to hit Julius Guy with a 31 yard touchdown pass. The try for point was blocked and the Wranglers went into the halftime with a 20 to 0 lead.

Taking the half opening kickoff, the Wranglers drove to the Ranger 15 before being halted. On fourth down, needing eight, John Love kicked a

field goal.

On first down following Larry Lee's kickoff runback to the 41, Pietoso blasted for 31 yards to Cisco's 20. Pietoso carried once again for 7 to the 13. Bolton was trapped behind the line for a 7 yard loss.

A double reverse, Pietoso to Bolton was good for only one yard, and Cisco took over on downs on the 19 yard line.

Ranger recovered a Cisco fumble on the 29. One play was good for a yard before Cisco's Ernest Kaska picked a pass virtually out of the hands of Quarterback Tom Napolitano and ran it back for a touchdown.

The Rangers drove deep into Cisco territory late in the fourth quarter, with a first down on the 12. On second down, Cisco's Primo Gonzales intercepted a pass and ran it 84 yards for the final touchdown of the ball game.

The Rangers' Pozzi, Thresher, Campsey, White and Ramirez turned in outstanding defensive performances, making or aiding in tackles that held Cisco to 99 yards rushing.

The pass defense showed a Continued on Page six

## Schools To Be Closed Friday, October 25

Friday October 25 will be the first break from regular routine for all the students in the Ranger Public School system, as the teachers will be in Fort Worth for a meeting of the Texas State Teacher's Association. Some of the teachers will leave Thursday afternoon in order to attend the Thursday night session.

The next holiday will come November 28-29 when the schools will be dismissed for Thanksgiving.

A former Ranger High School student, Judy Jolly, has been elected as vice-president of the Future Business Leaders of America.

A senior at Cooper High School in Abilene, Miss Jolly is the granddaughter of Mr. and Mrs. Charles Campbell.

Ranger Jaycees Vote To Buy New Club Shirts

The Janger Jaycees voted the approval of purchasing western type shirts with "Ranger Jaycees" on the back to wear during Jaycee supported activities and all out of town visits.

The shirts will be of blue material with the color of the lettering on the back to be determined when the shirts have been purchased.

Coch Gerald Williams reported to the club that a six and eight man football coaching clinic will be held at the Ranger Junior College the last weekend of next July. He appealed to the Jaycees for their support in welcoming and entertaining the visitors.

The Jaycees were entertained at their meeting by H. V. O'Brien, Editor of the Eastland Telegram, an accomplished Magician. Fetes of slight of hand and extra-sensory perception were performed by Mr. O'Brien, a member of the Eastland Jaycees.

Coach Williams also reported that there is a possibility that the New York Mets will conduct a training camp here next summer also. This will be for the purpose of viewing and selecting prospective new players for that team. This has not been definitely set, however.

## Bulldogs Take District Opener 36-6 Over Buffs

The Ranger Bulldogs opened district play with a victory over Cross Plains at Bulldog stadium Friday night by a score of 36 to 6.

The Bulldogs drove from their own 36, with Ray Newnam climaxing the drive with a nine yard blast up the middle for the first Ranger score of the evening. The try for point was blocked by the Buffs.

Receiving the kickoff, Cross Plains tried a pass on first down only to have it picked off by L. H. Pounds to set up the Bulldogs second touchdown and an early lead.

Pounds ran the interception back for 32 yards before being stopped on the Buffalo 28. Drennan carried for 17. McGee kept for 2. Pounds for 5. Drennan for 1 and 3 and the touchdown. Johnny Comacho kicked the extra point and the Bulldogs had a 13 point lead with less than half of the first quarter gone.

Cross Plains took the kickoff, running it back to the 26. After three plays and no gain the Buffaloes kicked to Renteria on the 40. Renteria's runback of 27 yards set up the third touchdown with Kyge Edmonds carrying for 12 and Drennan going in from 1 yard out for the score. Johnny Comacho added the point and Ranger took a 20 to 0 lead.

In the second quarter, with Drennan running the second team at quarterback, the Bulldogs drove to the Cross Plains 13 only to have that drive stopped by a fumble.

The series was set up by an intercepted pass by Lee Ausburn on the 50 yard line. Marcus Barbosa carried for 2, David Dunsen for 13, 6 and 3, Larry Blackwell carried for 2 and Dunsen for 4. Cross Plains recovered the Bulldogs fumble on the 10.

The Buffaloes ran plays for minus 7, minus 1 and a gain of 11 before punting to the 38. Ranger ran one play before the end of the half.

Opening the second half, Cross Plains took the kick on their 28.

On first down, Jim Brown ran for 15 and a first and 10 on the 43. Reggy Stover carried for 3 before the Bulldogs dug in to hold them for no gain in three plays, taking over on downs.

Ranger drove 53 yards for their first score of the second half with Drennan going over from the 9. Two point conversion was good.

After the kickoff, the Buffs completed a pass, Pierce to McMillan, for 15 yards, then were held for no gain setting up a punting situation.

From the 45, Ranger set in motion their second scoring drive of the third quarter.

Newnam carried for 17, Blackwell for 5, Drennan for 8 and Newnam for 11, setting first and goal from the four. Drennan carried in on the next play and ran for the two point conversion.

Another drive by the Buffs was nipped as Ronnie Hinds intercepted a pass on the 20, running it back 76 yards to the 4 yard line before being hauled down from behind. A personal foul drew Cross Plains a penalty of 2 yards, half the distance to the goal line, giving Ranger first and goal from the 2.

A fumble on first down was recovered by Cross Plains.

Three plays later found the Buffaloes on the one yard line with a kicking situation deep in their own territory.

Taking the punt on their own 30, with Mike Landtroop running the team, the Bulldogs drove to the 15 only to see their hopes thwarted once again by a fumble.

Again Cross Plains failed to move and kicked to the 49. With Landtroop still at the helm, the Bulldogs drove to the 14 only to see the ball go over on downs.

From this point, the Buffs set in motion the drive for

their only touchdown of the evening.

With the clock running out, Cross Plains drove to the 23 in 11 plays, picking up three first downs in the process.

With four seconds remaining, Cross Plain's quarterback, Joe Pierce, ran the option to perfection moving untouched into the end zone for the score.

The clock ran out while the play was in progress. Try for point failed, making the final

score, Ranger 36, Cross Plains 6.

Is a By-Pass Inevitable?  
(An Editorial)

Many people believe that the routing of Interstate 20 Highway has already been foreordained and that anything anyone may believe or do, will have no effect on the route or the situation generally.

Apparently the federal government has made money available and told the state Highway Department to pick the route. This being all neatly done, all that remained was to have the work carried out by the various department districts.

And so, as far as Eastland County is concerned, the Interstate Highway will enter, miss the three towns in a row, then exit. Certainly no one can argue the merits of good, safe highways. We'll concede that point. Then ask this one: "Shouldn't a community and, if necessary, a whole area rear back on its haunches and demand that its economic life-blood be protected?"

The people in Ranger were told last week that an interstate highway cannot be routed through a town. Okay, what alternative? One of two things: (1st) either get the rule changed that says they can't be, or (2nd) make access onto and off of Interstate 20 so easy that the speeding vehicles virtually fall into our towns.

On the first count, this apparently will have to be done at the state or national levels. Like other bureaucratic mandates, these things are passed down. So the towns go to work making themselves heard by the upper echelon at the Highway Department, the state representatives, and anyone else who might remotely help the cause for Ranger, Eastland and Cisco.

Failing this, what? Worry about access to the new highway. This, too, might be considered inevitable by some. Reports are that Cisco will have TWO entry-exits; Eastland, ONE; and Ranger, THREE. That makes six in all, and anyone intending to stop in this county will probably have trouble finding a place to "come in."

We're not alone, of course. Consider Sweetwater. The new highway there wrecked enough economic havoc to incite the populace to loud and long squawks. They got results: the situation was "re-evaluated," and additional entry-exits were built.

In Abilene, the city pillars "back-slapped" themselves into signs along Interstate 20 reading "Food, lodging," not "Business Route," in order to lure passers-by into town, not around.

And in Abilene, the Highway is called "Freeway," not "By-Pass."

It is supposed that part of the humiliation is taken away by referring to it in a softer term than what it really is.

There are no quarrels with Resident Engineer R. P. Haun or with District Engineer E. M. Pritchard of Brownwood. They do the job that's sent down to them to be done.

It's up to you and me to see that that job reflects the best interest of the towns in the county.

## Browsing With Bev

By BEVERLY NICHOLSON  
 Don't burn those autumn leaves! They're just the thing for a compost pile. Many homeowners throw away valuable materials that could be saved for use in improving their soil. Leaves, grass clippings, old tomato plants, bean vines, even weeds can be turned into fertilizer for next summer's gardens.

Such materials, after they have wintered in compost, make excellent organic matter. Compost, spread around trees and shrubs and worked into the soil in flower and vegetable gardens, makes the earth rich and porous. It loosens the ground so that roots can develop naturally and air, moisture, and plant food can penetrate easily. Here's how you go about making a compost pile.

Select a spot at the back of your lot, yet within reach of your garden hose. (That's because the pile should be kept moist.) Use ordinary wire fencing or boards to enclose an area 3 to 8 feet high and 3 to 5 feet square. Dump leaves, lawn clippings and garden trash into the bin in layers 6 to 12 inches thick.

**CHRISTIAN SCIENCE**

Obedience of God's will is the theme this Sunday in all Christian Science churches. The Bible Lesson is on the subject: "Doctrine of Atonement."

Scriptural references will include the verse: "And be not conformed to this world:

but be ye transformed the renewing of your mind, that ye may prove what is that good, and acceptable, and perfect, will of God" (Romans 12:2).

Also to be read are these lines from "Science and Health with Key to the Scriptures" by Mary Baker Eddy

(p.202): "The scientific unity which exists between God and man must be wrought out in life-practice, and God's will must be universally done."

#### On and Off the Streets -

... owners of land as well as prospective owners often discuss with us the many problems growing out of the ownership of real estate. One of the big problems, of course, is the title problem. We remind them that a few dollars invested in an abstract now may save them hundreds of dollars later on. The old saying that "a stitch in time saves nine" is still true and very aptly applies itself to many modern-day, real estate transactions.

#### A SAD STORY

FOR SALE

Behind many "For Sale" signs there is a sad story: A family borrowed more than they could afford to pay for a home, or payments and interest rates were too high; the home had to be sold, often at a loss. This tragedy could often be avoided if the families would seek help from a home loan specialist, such as our Association.

We work with you to arrange for a loan that's as easy to handle as monthly rent.

COLORED WASHABLES KEEP THEIR SPARKLE WITH CLEAN FLAMELESS ELECTRIC DRYING

Your colored washables retain their bright original look when dried in the clean gentle heat of a flameless electric dryer. Comparative tests\* made by the U. S. government show that electric drying produced the least color change of any method of drying. The same tests revealed significantly less yellowing of white fabrics and less deterioration of certain synthetic fabrics with electric drying than with other automatic methods. This means that all your washables look better and last longer when dried electrically. See your favorite appliance dealer soon. # GIVE ONCE... THE UNITED WAY

Ranger's 1963 United Fund drive opens next Saturday, October 19. Our quota is \$6,275.

Your one liberal contribution to this drive will help eight agencies vitally important to the welfare of Ranger and its citizens — the American Red Cross, Salvation Army, Child Welfare, Texas United Fund, Teen Town, Ranger Library, Boy Scouts and Camp Fire Girls.

That's why it's wise to give the UNITED WAY. You give ONCE to help EIGHT — and, most important, you know your contribution will go where it will do the most good! So give — GIVE GENEROUSLY!

## RANGER HOSTS OIL BELT IOOF, REBEKAH MEETING

The Oil Belt Association of the IOOF and Rebekah Association had its fall meeting in Ranger Thursday evening, October 17.

The social hour and dinner was from 6 to 7:30 p. m. in the IOOF Hall.

White linen tablecloths provided the background of the festive Halloween decorations which consisted of a huge yellow pumpkin Jack-O-Lantern in the center of the long table line. Smaller jack-o-lanterns holding tiny miniature bouquets of yellow variegated roses were alternated with various colored vases holding artificial flowers. A seasonal "shock" of grain centered a smaller table where little green goblets peeked around the sides and top of the shock of feed. A scarlet pumpkin was centered on top of the piano.

The evening meal consisted of turkey and dressing, green beans, creamed potatoes, giblet gravy, cranberry sauce, pickles, coffee, tea, and cake.

The president Mrs. Clara Ivy called the meeting to order after which the audience joined in singing "America." B. L. McCord, pastor of the First Methodist Church of Ranger, gave the invocation. The Ranger I. O. O. F. held the presentation of the flag and the audience gave the pledge of allegiance. Mayor of Ranger, Morris Newham, gave the welcoming address with Mrs. Goldie Pernberton of Stephenville wording the response.

After the introduction of visitors, a business session was held in which the Gorman Rebekahs presented the Bible Breckenridge Rebekahs were in charge of the draping of the Charter. Other features during the program included a Memorial Service by Stephenville Rebekahs, a number rendered by the Eastland Rebekahs, a quartet of Stephenville I. O. O. F. members, a floor drill by the Graham Rebekahs, a musical number by the Eastland Rebekahs. The chaplain, Jack Gregory of Breckenridge, offered the closing prayer. The retiring of the flag was by the Ranger I. O. O. F.

The next meeting of the Oil Belt I. O. O. F. and Rebekah Association will be with Graham Lodges on the last Thursday in April, 1964.

The following officers were elected to serve at the next meeting: President, Mrs. Jean Rogers, Graham; first vice-president, Mrs. Opal Oxford, Stephenville; second vice president, Mrs. Thelma Shockey, Breckenridge; secretary, Mrs. Allie May Parson of Graham; treasurer, Mrs. Leona Starnes of Graham.

Oddfellows and Rebekahs attending the meeting were from Eastland, Gorman, Graham, Breckenridge, Stephenville, Cisco and Ranger.

Some 87 people registered for the dinner and meeting Thursday night.

## RJC's Student Council Election Set For Oct. 21

At Ranger Junior College the halls and steps are full of election posters—hardly an available foot of space left for the Dark Horses who just might come out for president of the Student Council.

Those who have been on campus for several years say that never has interest in the up-coming election, set for October 21, been at such high pitch.

The posters, some including elaborate campaign platforms, are plastered over the walls—some in spots that test the imagination as to how they got there.

The freshmen, with their purple and white beanies, lend color to the whole, as they scurry back and forth on their errands.

Running for president of the

Student Council are David McCarty and Alvin Iverson, both of Fort Worth, and Wayne Thrasher of Hawkins.

Candidates who have filed for vice-president are Mary Rhoads of Arriba, Colorado Sandra Allsup and Judy Wright of Ranger.

Qualifications for Council president and vice-president require that the student be a sophomore and that he has a "B" average.

Nominees for the office of secretary-treasurer are T. C. Collier of Mansfield, Ronnie Smith of Fort Worth, and Tonja Arnold of Strawn.

Freshmen as well as sophomores may run for secretary-treasurer, but every student must be a full-time student. Freshmen will also elect their officers on Monday.

## Conference—

(Continued from Page One.) few leaks as two long passes, both resulting in Cisco touchdowns, were allowed.

The win set Cisco in good contention for the conference race with the Rangers being virtually eliminated with only four games left to play.

## CARD OF THANKS

Words can never be adequate to express the admiration we have for the men and women in Ranger who came to our assistance so quickly Thursday evening to hunt for our five year old son, Mickey, who had wandered into the wooded area northeast of our home.

Never let it be said that Ranger residents aren't quick to respond to another's need. We are deeply grateful and appreciative to each person who assisted in any way.
