DEDICATING THE NEW STADIUM, GYMNASIUM AND FIVE OTHER NEW BUILDINGS ON THE CAMPUS OF RANGER JUNIOR COLLEGE

# SUNDAY, JULY 26-7:00 P. M. IN RANGER STADIUM

New Home of RJC's Proud '64 Rangers

# Thanks... TO SO MANY .... FOR SO MUCH!

The formal dedication Sunday evening of a new athletic stadium, spacious gymnasium and five other beautiful new buildings on the campus of Ranger Junior College will mark another milestone in the continuing growth and progress of this progressive educational institution. Credit for our expansion — scholastically and in new buildings, classrooms and campus facilities — goes to the many loyal friends and patrons of Ranger Junior College in present and former years. For this generous support, interest and confidence, the Board of Regents, administration, faculty and students (today's student body and exes of former years) express grateful public appreciation.

Young men and women who are planning careers in medicine, business, dentistry, science, education, law engineering, music, physical education or other fields will find at Ranger Junior College the courses they need toward degrees. Students are offered a curriculum which is parallel with the first two years of a four-year college. Our faculty members keep abreast in their profession by constantly improving their academic standing through further post-graduate study. Courses are offered for those who seek degrees in certain fields and for those who want specific training, but do not plan on advanced studies. Inquiries are invited.

Approved and Accredited by Texas Education Agency, Association of Texas Colleges and Universities, Member of Texas Association of Junior Colleges, American Associationtion of Junior Colleges, National Commission on Accrediting, Texas Public Junior College Association of Music Schools. Member Texas Junior College Conference and Texas Junior College Football Federation.
