IN CASE YOU hadn't noticed. Oct. 4-10 is annual Fire Prevention Week. And it is a good time to check around your place to be sure that the hazards are missing and that you're safe.

And it's a fitting time to take off our hats again and tell our local volunteer fire department that we appreciate its contribution to the city. Members of the department are on call 24 hours per day in case of fire. These men are rendering a vital service and their reward is the knowledge that they are doing this. mmunity is very defi-

Letters

We recently received a copy news story "FHA Proects Extend, and Improve Resources, County Tour Re veals," appearing in the August 30 edition of the Eastland Telegram, and we were very pleased with your comprehensive presentation of our agen-

cy's program.

As you know, the Farmers Home Administration has been charged by Congress with the responsibility of providing the latest technical assistance in farm management and adequate credit to those farmers and ranchers who are unable to continue their normal operations with financing from private sources. This mandate of Congress and its concept of giving family far-mers and ranchers a second chance has proved highly successful. We are also helping young farmers accomplish the difficult task of acquiring the capital and the skill needed to establish themselves in a profitable farming operation.

We are extremely proud of the achievements of the Farmers Home Administra-tion in Texas, and we feel that the general public, who as taxpayers make this program possible, should be advised periodically of the results of our efforts. Your timely and informative news story of August 30 did an ex-cellent job of acquainting your

readers with the objectives and activities of this agency. We sincerely appreciate your continued interest, and we shall endeavor to keep you apprised from time to time as to progress being made by family farmers and ranchers receiving the assistance of the Farmers Home

sincerely yours, L. J. CAPPLEMAN State Director Farmers Home
