County Farm Bureau Convention Set Tuesday Night In Eastland

The annual convention of the Eastland County Farm Bureau will be held at 7:30 p.m. Tuesday, Oct. 13, at the office location in Eastland, according to Jack Cozart, president.

The farm leader said this will be the most important meeting of the entire year for the local organization. Resolutions incorporating the thinking of the membership on local, state, and national issues will be passed. Those dealing with local matters become the policies of the county Farm Bureau to guide it during the coming year. Resolutions dealing with state and national issues will be forwarded as recommendations

to the voting delegates of the state convention to be held Nov. 8-11 in Houston.

There they will be acted upon and either accepted, rejected or amended. Those adopted become state Farm Bureau policies (on national issues) and recommendations to the voting delegates of the American Farm Bureau Federation. Convention that will be held in December.

Only members of the Farm Bureau can participate in the organization's policy-making process which begins with the local county convention and culminates in the annual convention of the American Farm Bureau Federation. More

than 1,600,000 farm families have an opportunity to have a voice in the formulation of the national Farm Bureau policies which developed democratically through the series of conventions. Three out of every four organized farmers belong to Farm Bureau.

After the local county FB forms its recommendations on state and national issues, it sends voting delegates along with other county farm Bureaus to the state convention. These representatives of county farm bureaus approve the state policies for 1965 and the recommendations to the national convention. The Texas Farm Bureau, in turn, sends delegates based on its membership strength to the national convention where the national policies are adopted. Texas the fourth largest state farm bureau, has one of the largest voting blocs at the national convention.

Many important issues are confronting farm people now, and it is important for farmers to express themselves on these issues in a manner that will enable them to be heard, the county FB president said. He urged all members to attend the meeting and participate in the discussion and voting.

A splash of color can cheer up the cook as well as brighten the meal. And one of the best brighteners around is the lively red of fresh tomatoes. Use them lavishly this time of year and use them with beef. The U.S. Department of Agriculture reports both foods in abundant supply.

The two foods are old

C. W. Hoffman Jr. Is Goldwater Co. Chairman

A Texans for Goldwater organization has been set up in Eastland county to coordinate activities in behalf of the presidential campaign of the Republican nominee.

C. W. Hoffman, Jr. will serve as local chairman under the direction of Hardy Hollers, Austin and Wm. Robert Smith, San Antonio, co-chairmen of the volunteer organization.

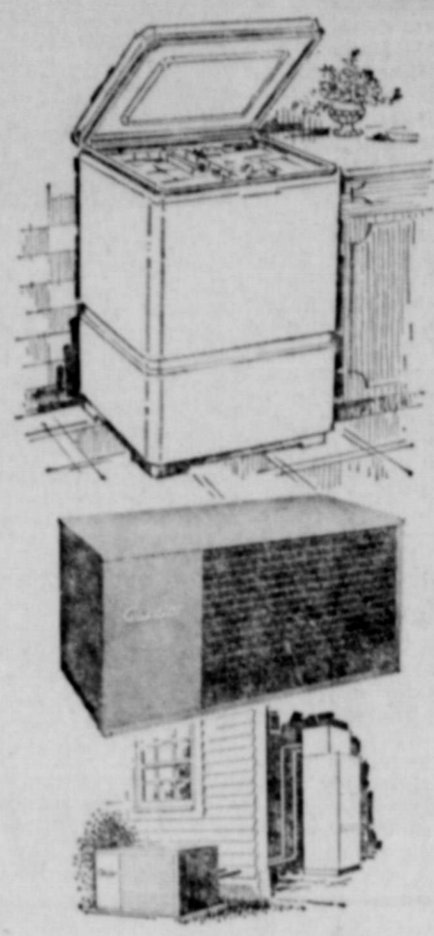

Campaign literature, bumper stickers and speech materials will be available through contact with the chairman.

Texans for Goldwater is coordinated with the national Citizens for Goldwater under the volunteer leadership of Clare Booth Luce. It is not affiliated with the candidate's party but is made up of loyal citizens who believe freedom has a fighting chance with the election of Mr. Goldwater

friends. Their flavors complement each other in many a favorite recipe. For a starter try these: Pour 2 1/2 cups of tomatoes over a pot roast the last hour of cooking. It makes first-class gravy, especially if a clove of garlic and a little thyme are cooked with the meat. Add 1 cup of tomatoes and your favorite seasonings to 1 1/2 pounds of ground beef for meat loaf. Use about a cup of soft bread crumbs as a binder. Put extra flavor and moistness in ground beef patties by adding 3/4 cup of tomatoes to 1 pound of ground beef. Use 1/2 cup of uncooked, quick-cooking oats as a binder and season to taste. This combination offers a deliciously "different" flavor and helps you stretch a pound of meat to serve 6.

Pour 2 1/2 cups of tomatoes over browned round for Spanish steak. Add chopped onion and green pepper, salt and pepper. Cook until tender.

Hamburgers or watermelon for breakfast may seem "way out" to you, but it's not so much which foods children eat so long as the foods supply needed nutrition. Since many children eat no breakfast, an off-beat breakfast may tempt them to the table. For example, best source of Vitamin C is citrus fruit or juice. But watermelon and cabbage also contain Vitamin C. And some teenagers who balk at breakfast might go for watermelon or cole slaw with a hamburger.

year, posters on prayer, stewardship, mission study and community missions.

There was also a period of devotional thoughts, directed by Mrs. Bob Ferrell, and a preview of the programs for the year, outlined and discussed by Mrs. Jim Thacker.

Plans for all the books from WMS, "World in Books," were completely covered by Mrs. I. E. Talley, giving titles of foreign mission books as follows: "Frontiers of Advance, Home Mission Book, Winds of Change, Stewardship Book, My Money and God, and Go Home and Tell!" Mrs. Talley announced that WMU would soon begin study of its first book, "Message of the Bible."

Mrs. Myrtle Warren outlined the program of community missions for the year, using passages of "Christian witnessing" and gave plans for the project for October. Each member suggested things to do for community missions for the whole year each month.

A prayer by Mrs. Lula Lester closed the meeting.

Circle I Of First Methodist WSCS Meets in Pearsall Home

Mrs. Frank Pearsall entertained seventeen members of Circle No. 1 of the Women's Society of Christian Service of the First Methodist Church Oct. 5 in her home. The house was beautifully decorated in arrangements using fall colors.

Mrs. C. N. Adams, chairman, opened the meeting and introduced Mrs. E. L. Danley who led the opening prayer. During roll call twenty nine visits to shut-ins and the ill were reported.

Mrs. Oliff Lewis, who was the program chairman, introduced Mrs. John Roberson who presented the program titled "Women in the Church in New Nations." Purpose: "To show how the church serves women and how women serve the church, against the background of political and social changes. The four new nations discussed were Algeria, Congo, Malaysia and

the Philippines. They were represented by the circle members in a very interesting and informative manner.

Mmes. Pearsall, H. G. Ramsey, Emma Donley and John Ivy discussed the progress made in Algeria and the Congo and their need to develop women leaders for their churches and communities. Mrs. G. O. Strong, taking the part as a missionary, told of the great need in these countries for education. Only two out of one hundred are Christians.

Mmes. R. R. Mitchell, C. R. Shawfield, W. F. Creager, Arthur Deffebach, E. R. Keller, J. E. Mathews, J. S. McDowell, and B. H. Peacock represented women from Malaysia and the Philippines. The Malaysia Chinese have seventy congregations and speak six different dialects. They stressed the great need among Tamil speaking people. The people are so desperately poor they often cannot attend church, so they have meetings in their homes. They dream of building a chapel. The cost will be only about \$900 but to them that is a fortune. These people are hungry for education and are very responsive to the gospel.

Mrs. Roberson thanked the group for so capably preventing the problems of these people and helping to see Christian women at work in these four nations.

Mrs. J. E. Mathews will entertain the circle members in her home in November.

A delicious refreshment plate was served to the following: Mmes. C. N. Adams, W. F. Creager, E. L. Danley, Emma Donley, A. Deffebach, John Ivy, E. R. Keller, Oliff Lewis, J. E. Mathews, R. R. Mitchell, J. S. McDowell, B. H. Peacock, H. G. Ramsey, John T. Roberson, G. O. Strong, C. R. Shawfield and the hostess, Mrs. Frank Pearsall.

The most controversial question facing our nation at the present time is "Who will be the next President of the United States?" The two primary candidates, Barry Goldwater and Lyndon Johnson, have been presenting (Continued on Page Eight)

SPOTLIGHT
On the RJC Faculty

MRS. PHYLLIS SHINN

With great admiration and respect the journal in class turns the spotlight this week on Mrs. Phyllis Shinn, assistant business manager, Ranger Junior College.

The daughter of Mr. and Mrs. J. P. Roberts of Breckenridge she is a 1955 graduate of Breckenridge High School, but she likes to call Petrolia her home town.

She is the mother of two children, Connie, six and one-half years old, and Glenn, three and one-half. She enjoys doing household duties and makes most of her own clothes.

She is very active in club and civic affairs. She is president of the local Jaycee-Etta and reporter of one of the Beta Sigma Phi chapter. She is the wife of Eddie Shinn, who also is very active in civic affairs.

In her free time she is a student in Ranger Junior College, taking office machines, history, and accounting.

15 Houstonians
Attending RJC
This Semester

There are many new faces and a few Yankee accents on Ranger's campus this fall. There are people from small towns and people from big cities. One such group of students hails from the city of Houston, Texas.

Leona Bain has the honor of being the only girl in the group of fifteen Houston students. A homemaking student, Leona plays in the band she attended Galena Park High School.

The Ranger College Band would not be the same were it not for the following group of ten students. Eight of the ten play in the RJC Band. Harvie Chaney, William Clinton, Goy Davis, Carl Kolvig, John Pearce, Barry Martin, Howard Starling, and Mike Schultz. Some are freshmen and some are sophomores, but they all hail from Smiley High School in Houston.

Chaney likes to read the Bible and play tennis. Harvie is a freshman science major. Davis is a freshman liberal arts major. Carl Kolvig is a sophomore social science major. He also likes to play baseball and bowl. Martin is a speech major. A sophomore he is drum major of the RJC Band this year. He likes music and sports as well. Starling, a sophomore, likes sports and motorcycles. He is a music major. Schultz, a pre-dentistry student, likes all types of music. Clinton is a music major who likes all sports. A sophomore, he is student director of the band.

The two Smiley grads not in the band are Tommy McIlvain and Herbert Nichols. McIlvain is an agriculture major. He likes all sports, such as hunting and fishing. Nichols is a business major.

The Ranger football team has a representative of Houston also, Bob Taylor, a graduate of Jones High School in Houston. Bob likes sports, especially football. Roy Mize from Houston Furr also plays in the band. Languages are fun for Roy, but he is majoring in music. Oscar McClendon, sophomore, is a speech major. (Continued on Page Eight)

● LIBRARY
NOTES

Of the many fiction books received by Cooper Library this summer, three are, in the opinion of the librarian, Miss Dorothy Linn, outstanding.

Youngblood Hawke by Herman Wouk is a narrative about a man, a talent, and our present way of life. A young novelist rockets to success and piles up and loses fortunes in a wild and dazzling career. The story stretches over a seven-year period and involves many counterplots and scores of characters. This book is Wouk's biggest and most ambitious novel.

Another book is Uhuru by Robert Ruark. This is a story of fictitious characters but true in happenings. In Africa "uhuru" means freedom, and it is the most used and most abused word in that country. The story is of a white colonial, Brian Dermott, and his gradual disintegration in the face of tensions and horrors now tearing that continent apart.

Ship of Fools by Katherine Porter is also an unforgettable masterpiece. It is a story dealing with comedy, tragedy, love, death, boredom, adventure, pain and pleasure all witnessed in the lives and actions of the ship's company. The passengers on board the ship are all Germans returning home from Mexico. The story covers twenty-seven days in 1931. Porter succeeded in creating a brilliant panorama of life in all its glory and depravity.

the son of Mr. and Mrs. B. B. Lee of Grapevine. He was a 1963 graduate of Grapevine High School, where he was elected Mr. GHS his senior year.

Voss is the son of Mrs. J. R. Voss of Alvin. Skipper is a 6' 3", 175-pound end. A graduate of Alen Academy, he plans to play football for some senior college after graduation from RJC.

Carter, who is from Sweeney, weighs 180 pounds and is 6 feet tall. He plans to major in journalism and minor in English. His hobbies are photography and fishing. He is the son of Mr. and Mrs. J. C. Carter of Sweeney.

The son of Mr. and Mrs. A. B. Russell, Cochran is from Reklaw, Texas. He is 6' tall and weighs 165 pounds. He was very active in sports while in high school and was an honor graduate of Rusk High School in 1964.

Western Hot Dog Party Set For Methodists

Approximately 200 attended the party last year, according to the pastor, Rev. B. L. McCord.

CAMPUS QUIZ

(Continued from Page 7) beliefs and positions to the people, and the choice will soon be up to the voters.

Although most Ranger Junior College students are not old enough to vote, they do have their own ideas as to the outcome of the election.

Charles Brazeel, Graham, predicts a landslide for Johnson. He feels that Mr. Johnson has shown himself to be an able and capable president, and he further believes that the people realize this.

Sophomore Ronnie Smethers Corpus Christi, also feels that Johnson is the best choice because of his political background and his remarkable way of assuming the role of President after the death of John Kennedy.

Terry Logan, Graham, predicts a close race with the rewards going to Lyndon Johnson. He is not in favor of Johnson, but he does not think that Goldwater has the influence or following of J.B.J.

Ronnie Austin, Fort Worth, seems convinced that Goldwater will triumph in November. He contends that there are too many unanswered questions in Johnson's rise to power.

Gene Tomas, Ganado, favors Goldwater because of his straightforwardness and honesty, but he is doubtful of his winning the election.

Rodney Stevens, Gorman, favors Johnson because of his background and devotion to the Democratic party.

Bobby Davidson, Fort Worth, says that Goldwater is the only logical choice for our nation because he is honest and sincere. Freddy Marshall, Crockett, feels that Johnson is honest,

devoted, and democratic and will do right for the nation. "Goldwater is not capable of running a country in the manner that experienced Lyndon Johnson can," says Dave Braswell of Fort Worth. He further believes that Johnson knows every aspect of American government and will use his knowledge to advance our nation.

The son of a RJC seems to be in favor of Johnson heartily, but only the November election can tell for sure who our next President will be. Will it be Lyndon Johnson or Barry Goldwater?

POPULAR NAME

(Continued from Page 7.) a Latin word meaning "The smooth tender."

Unusual and unique names also appear on the RJC campus, such as Elwin which means "Friend of the elves." Damon is a Greek word meaning "The tamed" or "the taming." The illuminating story of a small town that believed the promises of the federal government—and woke up both sadder and wiser

By CHARLES STEVENSON. CROCKETT is a town of some 570 people in Houston County, Texas. What happened there recently shows not only what can come about when Washington pours hundreds of millions of dollars into hastily conceived business ventures...

When the Bubble Burst in Crockett, Texas

On the morning of March 1, 1963, some 35 persons assembled at Crockett's county telephone building to hear the official announcement that ARA had approved Dawson's proposal. Among those present were members of the county's Democratic executive committee, local officials, and Benton Muslewhite, a lawyer from nearby Muskogee...

At the time of the ARA announcement and the festivities in Crockett, Audio Electronics shared quarters with another company in a small, one-story building on an outlying side street of Houston. It could scarcely meet its day-to-day cash requirements. A principal asset was believed to be its licenses for the Visutronics inventions. Yet if ARA had checked, the agency would have learned that the Visutronics president, billed as a scientific genius, had never gone beyond grade school and had been involved in bogus security deals in California. Moreover, it turned out that Audio did not have the necessary legal right to manufacture the Visutronics inventions.

Another ludicrous chapter in the chronicle of Washington waste

By Robert S. Strother. DRIVING through the little West Texas town of Wink along State Highway 115, the visitor has the impression of a village cleared of debris after a disaster. Much of Wink is a flat, nearly treeless expanse of sandy vacant lots, strewn with rocks, rusting oil drums and tumbleweeds. "You can see for two days in any direction from here," a truck driver told me in the TV Cafe. "But it wasn't a tornado that did it. It was urban renewal."

The Sad Little Story of Wink

beams nodding at the pace prescribed by the state. But the wealth produced by the wells flows, not into Wink, but to royalty owners who moved long ago to livelier places. By the mid-'50's, Wink was almost a full-fledged ghost town. The tin roofs of fire-gutted shacks along the main street flapped in the gritty wind. A few oil and oil-well service companies provided payrolls which helped support the 40-odd little business firms that hung on. The last doctor moved away. Most of the town trade went to Kermit, the county seat, seven miles away over a fast road. Kermit has 10,000 of the county's total population of 13,652. The last census gave Wink a population of 184.

renewal. Administrator Slayton astonished Rep. Ed Foreman, who as Congressman for the district knows Wink well, by saying that Wink is not only moving briskly ahead as planned, but that it is "an outstanding example of small-city revitalization." Still further, he said in writing: "I believe that this is the kind of program visualized by Congress when it enacted the first slum-clearance and urban-renewal legislation in the Housing Act of 1949."
