Bulldogs Bomb Rangers, 36-0, In Final Home Tilt

The Ranger Jr. College Bulldogs were bombed out of the saddle Thursday night at College Stadium by the Navarro Jr. College Bulldogs, 36-0, for their seventh defeat of the season.

Statistically, the two eleven were fairly even. But it's what's on the scoreboard that counts and the hustling Bulldogs handily put together five touchdowns and a field goal to sack up their fourth Texas

Jr. College Football Federation win.
 Big guns in the Thursday night offensive explosion were Navarro Quarterback Don Lamb, sticky-fingered End Jerry Hinton, and jarring Fullback Willie Cherry.
 Scoring was highlighted by two dazzling touchdown pass plays.
 With 3:35 remaining in the third quarter and the oval resting on their own 39, Bul-

dog Quarterback Lamb hit End Hinton with a long bomb good for 81 yards and a touchdown. And midway in the final period the Lamb-Hinton combination clicked again from the Navarro 45-yard line.

RANGER DEMOCRATS!

We have won one of the most overwhelming victories in the history of our great party. Our slogan "From the Courthouse to the White House" was dynamically carried out in the general election.

The State and National campaigns were the most expensive in history. Eastland County's quota is \$1,000 and Ranger's share is in proportion to other towns in the county.

Contributions of any amount, large or small, are needed. Leave your contribution and your name at either C. E. Maddocks & Co. insurance agency or the Paramount Coffee Shop in containers provided at those locations.

Names of all contributors will be listed with the State and National Executive Committees.

RHS Powerhouse Rips Buffs, 24-0

Friday was homecoming day at Ranger High School, and the Maroon & White Bulldog gridmen of Coach Jack Duvall celebrated the occasion in an explosive second quarter Friday night for a 24-0 victory over the Cross Plains Buffaloes in a District 10-A conference contest.

The cellar-dwelling Buffs were no match for the Ranger High Schoolers who were playing their last home game of the season before a partisan crowd. Despite their underdog role, however, the visitors were able to protect pay country from the Bulldogs' slashing offense for three quarters.

Friday night's win was the Maroon & White's fifth triumph of the 1964 season which obvs to a close next Friday night, Nov. 13, when they seek to top the Albany Lions in their final piskin duel of the year at Albany.

The Buffaloes couldn't really get going against the Bulldogs, but they did rally on a drive late in the fourth quarter when they rolled from their own 4 down to the Ranger 12 where they stalled. They tried

Miss Edwina Edmonds Chosen As RJC's 1964 Football Sweetheart

Miss Edwina Edmonds was presented as the 1964 Football Sweetheart at halftime during Thursday night's football game between the Ranger Junior College Rangers and the Navarro Junior College Bulldogs.

Escorted by Tony Jackson,

a member of the Ranger football team, she was met by Thursday night's tri-captains, Rudy Ramirez, Skipper Voss, and Billy Clary, in the center of the football formed on the field by the RJC Band. They presented her with the traditional bouquet of red roses.

Selected by the RJC football team in a meeting Tuesday evening, Miss Edmonds is a sophomore at RJC majoring in industrial arts. She is the daughter of Mr. and Mrs. K. C. Edmonds of 1009 Vitalious, Ranger, Texas.

Born February 3, 1945, she graduated from Ranger High School May 27, 1963. While in Ranger High she was a member of the FHA Club and elected Senior Favorite. She also belonged to the Sub Deb Club.

Miss Edmonds is a member of the Ranger First Baptist Church. She is undecided as to what her plans are after she graduates from RJC.

County Community Betterment Seminar To Be Held In Ranger

Mayor Morris L. Newham, chairman of Ranger's industrialization committee, announced Friday that a seminar on community betterment, one of the five basic phases of Eastland County's "EC-65" program of industrial expansion and development, will be held in Ranger early in December.

It will be a day long seminar, conducted by a team

of experts under sponsorship of the Texas Industrial Commission. Interested civic leaders from all communities of the county will attend the meeting. The all-day session will be held at Ranger Junior College.

Further details, the Ranger City head announced, will be released within a few days.

Industrial Pilot Program For County Launched At Meetings

EC-65 CLUB ORGANIZED TO SEEK NEW OPPORTUNITIES

A pilot program designed to give new impetus to Eastland County's general economy through payroll expansions was formally launched as civic leaders from throughout the county met Thursday night at the high school auditorium in Cisco.

The program, which will be guided by the Texas Industrial Commission, was instigated at the suggestion of Governor John Connally. Director Harry W. Clark of the TIC and Larry Milner, the West Texas coordinator for the state agency, attended the Cisco meeting plus local meetings in Ranger, Eastland and Cisco on Thursday.

The pilot program was prepared by Mr. Clark and his staff, using the experience of his 25 years in the field of searching out new payroll industries. He pointed out that the success of the Eastland County program would be watched with interest throughout the state and that the Texas Legislature would be asked next year for funds to enlarge the TIC's operations in years to come.

To launch the program, the approximately 100 persons present formed an organization to be known as "EC-65," which stands for Eastland County, 1965. The meeting voted to:

1. Form the EC-65 Club with annual dues of \$5.
2. Elect Tom Stevenson, manager of the Chamber of Commerce in Cisco, as the EC-65 secretary-treasurer.
3. Authorize the county steering committee to obtain a suitable lapel button or pin for EC-65 Club members.
4. Authorize the steering committee to plan five one-day seminars that the TIC will plan and stage once a

month for the next five months to help club members become acquainted with what they will need to know and do to help attract payrolls.

In workshop type talks, Mr. Clark and Mr. Milner presented to each of the individual meetings as well as the county meeting the details of the pilot program. They described the basic needs in seeking payrolls as five important fields, including:

1. Community betterment—Make your community attractive and a desirable place in which to live.
2. Research—Obtain facts and figures needed by potential payrolls.
3. Sites—Locate places that industry might want and have it ready for their purchase or lease.
4. Financing—Know where and how potential industries may obtain money for plants and so forth.
5. Prospects—Seek those from existing industries, Texas manufacturers who are expanding regularly, local ideas that might be developed, rumors that should be investigated, and from regional organizations.

Mr. Clark and his staff will assemble a group of experts in each of the above five fields for the series of monthly seminars that will be held in the county.

He pointed out that "We are the coaches, and you must carry the ball and make the big plays." He added that an alternative might be

to dry up and eventually die as a community.

Mr. Milner reported that civic workers were invited to sign up as EC-65 Club members at each of the individual meetings — at Ranger Thursday at 9:30 a. m., at Eastland at 11 a. m., and at Cisco at 2:30 p. m. — as well as at the county-wide meeting. The minimum of 65 was obtained, he added.

Represented at the night meeting were civic groups from Gorman, Eastland, Rising Star, Ranger and Cisco. A. R. Rutherford of Cisco presided. A welcome talk was made by Mayor John Webb of Cisco. Mr. Rutherford noted that "it is particularly fitting that this type of meeting is the first public gathering in our new \$600,000 school auditorium."

The over-all program will be managed by the steering committee that was created last September, including Ross Wilson of Gorman, Walter Smith of Rising Star, Morris Newham of Ranger, (Continued on Page 3)

Nurses Aides Charged In Minor Delinquency Case

A delinquency hearing for a 16-year-old Cisco girl will be held Tuesday and charges have been filed, naming two Cisco women for contributing to her delinquency, according to courthouse reports Friday.

The 16-year-old girl was found alone, passed out in an automobile about 2 a. m. Thursday by Cisco policemen and placed in custody in the Eastland County Jail.

The two adult women, employees at Eastland Memorial Hospital, reportedly bought the young girl a fifth of mint gin and a bottle of peach brandy at a Ranger liquor store, and it was for this that they were charged. The purchase was made with the girl's money, it was said.

Still in custody at the jail Friday afternoon, the girl's hearing was set for 9:30 a. m. before County Judge Scott Bailey. Two Cisco Junior Col-

Lone Cedar Club Membership Meet Set Tuesday

Members of Lone Cedar Country Club will hold their annual membership meeting at the clubhouse Tuesday at 7:30 p. m. to elect a board of directors and attend other business, it has been announced.

The regular Tuesday evening buffet will be available. Mrs. Joe Collins, manager, announced.

NEW PLATES IN — The 1965 license plates have arrived for Eastland county and according to Mrs. Dorothy Waldon, tax office deputy, will go on sale Feb. 1. The plates are black with white numbers with letters "DGM." License plates received were 8,985 passenger plates; 2,240 for trucks; 1,375 for farm trucks; 100 for truck tractors; 4 for farm truck tractors; 50 for house trailers; 4 for motor buses; 50 for motorcycles; 15 for tractors; and 132 for trailers, Mrs. Waldon said.

Industrialization Meeting Held in Ranger Thursday

Harry W. Clark, executive director of Texas Industrial Commission and nationally known industrial developer, and Larry Milner, TIC West Texas coordinator, conducted an informative meeting at the offices of the Ranger Chamber of Commerce Thursday morning at 9:30 o'clock.

Purpose of the session, attended by interested civic leaders of Ranger, Gorman

and Cisco, was to explain important phases of the pilot program to expand present industry and to secure new industrial payrolls for Eastland County.

It's the "EC-65" program, and is based on five basic phases of activity: (1) Community development, (2) research, (3) sites, (4) prospecting for new industry, and (5) financing.

Actively participating in the discussion, in addition to the TIC executives, were Mayor Morris Newham, a member of the master county committee guiding the "EC-65" pilot

project, and W. T. Eaton, president of the Ranger Chamber of Commerce.

Others present at the meeting included Bill Collins, local manager for Texas Electric Service Co.; Bill Marslander, manager of the Ranger plant of Featherite Corp.; Lloyd Bruce, insurance man; Joe Dennis, retired newspaper publisher; Dr. Theodore Nicknick, Jr., president of Ranger Junior College; Mrs. D. E. Pulley, jewelry store owner; Pete Brashear, furniture store owner; Jay Bethany, local photographer; E. E. Todd and W. C. Browning, secretary of the Business Men's Club of Gorman; A. R. Rutherford, Cisco automobile dealer, County Judge Scott Bailey, and Grover Lee of The Ranger Times.

Thirteen of those present signed up to actively participate in the project and to attend seminars relating to the five phases of the program.

Mrs. Justice Named Cancer Crusade Head

Mrs. Ann Justice of Eastland was appointed 1964 crusade chairman for the Eastland County chapter of the American Cancer Society at the regular meeting Thursday night, Nov. 5, in Eastland. Cisco, Eastland, Ranger and Olden were represented at the meeting.

Barry Moncre of Wichita Falls, a society field representative, was present and showed a film on smoking.

Nothing is as dead as last week's newspaper.

That old adage just isn't true. It never was. But because it sounds cute and has a twist, it has lived through the years.

In truth, nothing is as alive as yesterday's—or last week's—newspaper to someone who hasn't read it. The newspaper does not enter or leave the home with the speed of light. It hangs around until every member of the family reads it. Sometimes for days or weeks.

Watch that newspaper in your home. Notice that every time anyone picks it up the newspaper is new. Another thing, the whole family doesn't need to be present at any one time to enjoy their newspaper.

Dozens of obstructions and delays may interfere with a person's newspaper reading.

You may be called to the telephone when it is delivered, sister may be studying, brother may be practicing ball, pop may be attending an important meeting, but the newspaper is waiting—brand new—until each person has an opportunity to read it. It makes no difference what a member of the family may be doing. The newspaper reports to each individually. Each time one of them picks up the newspaper to read it, it is fresh, new and interesting to them. No matter how many people have read it before, the newspaper is alive to the person about to read it.

If you don't agree with the statements carried in your newspaper you can always present your views. All it takes, at most, is a signed "Letter to the Editor." The events and happenings in your town and area are duly reported, printed and preserved for posterity in your newspaper. Nothing is more alive than any newspaper that is waiting to be read. You make no date with your newspaper. It stays alive until you find time to read it.

stripe for 55 more airborne yards and a TD.

Three fumbles and two passes intercepted by the Purple & White.

Navarro's first score was set up on the last play of the scoreless first quarter when Roger Iker, Bulldog tackle, recovered a Ranger fumble on the RJC 21-yard stripe. Capping a short drive, Fullback Ken Moore plowed through right tackle to score from the 4. Glen Robertson's boot from placement was perfect for the bonus point.

With 3:38 left on the clock in the second quarter, Fullback Cherry climaxed another drive, slashing around right end from the five. Robertson again kicked the point.

After holding a 14-0 bulge at half-time, the Bulldogs came back in the third quarter but met a more stubborn Ranger defense until the period waned to a close. That's when they exploded with their first big bomb for a TD

vic the air. But Robertson's try for the point was wide to the right.

Little more than two minutes later, another Bulldog drive ran out of gas on the Ranger 14. From there Quarterback Lamb booted a field goal for three more points and at the end of the third quarter the Navarro juggernaut had hiked its lead to 23-0.

Seven minutes before the end of the final period the 55-yard Lamb to Hinton bomb was cashed, Robertson's toe was on-target and the score was 30-6.

With time running out on the clock, the Bulldogs chilled a Ranger rally when reserve quarterback Leroy Ellis intercepted a pass pitched by RJC's southpaw flinger, Tommy Daugherty, subbing in for Quarterback Billy Clary.

The Bulldogs took over on the Ranger 44 and Ronnie Wyatt, 250-pound reserve full, and Halfback Harry Rajcek collaborated on a series of smashing ground plays which pushed the leather down to the RJC two. From there Wyatt splattered over left guard to score. Robertson's kick was wide. And that was it—36-0.

The hapless Rangers did have some outstanding moments. A beautiful pass interception by Phil Wiggins early in the first period, a nice quick kick by Fullback John DeMaria early in the second quarter, and as the half ended a brilliant pass interception by Sterling Pike. In the dying minutes of the game, on an RJC offensive drive, left-handed Daugherty connected on three yardage-gaining aerials—a pair good for 15 yards each to End Skipper Voss and another toss good for 15 more to Fullback DeMaria.

But the Purple & Whites just couldn't keep their offense rolling when they began to invade Bulldog territory.

Mrs. Mathews Entertains Members Of Circle I Of Methodist WSCS

Mrs. J. E. Mathews entertained seventeen members of Circle I of the Women's Society of Christian Service of the First Methodist Church November 2, in her home. Flower arrangements of fall roses and chrysanthemums with spider lilies were placed at points of interest throughout the living room.

Mrs. C. N. Adams, chairman, opened the meeting by leading the group in prayer. During roll call forty-eight visits to the shut-ins and the ill were reported. Splendid reports were given by Mrs. F. S. Pearsall, treasurer, and Mrs. G. O. Strong, Cheer Fund chairman. During the business session, Mrs. Adams appointed a committee to work on the Christmas project.

Mrs. C. F. Creager gave a very interesting talk on "World Federation of Methodist Women," from the book titled "Tree of Life." She explained the purpose of the Federation and how it united women in the free world. Ten women were brought from the Congo for special training. One of these women remained in the United States to do special work at Buck Hills Falls Seminary.

The general program was presented by Mrs. E. L. Danley and was titled "Sharing Basic Freedoms", purpose: to introduce the study "United States Responsibilities in a World Community of New Nations."

Mrs. C. N. Adams discussed the emergency of a world civilization. For example, every new independent nation in Africa and Asia want two things, a jet airport and a University. Slowly but surely the desire for civilization is being felt.

Mrs. B. H. Peacock quoted Norman Cousins as saying American problem is that we are only half-educated. Until a few years ago we were only concerned with European and American history. We have been unaware of the Chinese, Japanese, Indian, or African history and culture. The western revolution spoke of human rights. Nations Human Rights declarations, the idea was gaining recognition in these countries.

Mrs. Arthur Deffebach explained how we in our country failed to note these changes but the Communists didn't. They have been able to exploit the revolutionary changes for their own end.

Mrs. C. R. Sawfield, in discussing this, explained that we should take a Christian view of the revolution. When Americans disclaim any responsibility for setting in motion these changes, is it any wonder the people in the new nations are confused?

Mrs. John Roberson stressed the importance of being penitent. Most of us stand back in horror when we think what happened to African men and women who were rounded up and brought to one country and sold as slaves. Albert Schweitzer was speaking for the Christian conscience when he said "I went to Africa as a missionary because I believed I owed them a debt for what the white man had done." The test of his penitence was his conviction that restitution was required.

Mrs. William Eyley explained the value of being principled. Christians are, we are

told, the conscience in the nation. Christians must be principled. Mrs. H. G. Ramsey and Mrs. Danley brought out very interesting points on the necessity of taking a positive attitude toward changes if they are moving in the right direction in racial equality and economic growth.

Mrs. Oliff Lewis dismissed the group with a closing prayer. Those attending were Mrs. Adams, Creager, Danley, J. F. Donley, Deffebach, Eyley, J. W. Harmon, John Ivy, E. R. Keller, Lewis, J. S. McDowell, Pearsall, Peacock, Ramsey, Roberson, Strong, Shawfield and the hostess Mrs. Mathews.

VISITS RELATIVES

Mrs. Ed Shelton and Billy Weldon Shelton of Bremond visited with Mrs. W. J. Barnhill, Mrs. J. L. Shelton and Mrs. Lindsey Clements over the weekend.

EC-65 Pilot Club

(Continued from Page One) Frank Deaton of Eastland, Mr. Rutherford of Cisco, and County Judge Scott Bailey. Grady Hogue of the Cisco CofC industry club gave a report on his group's work and of the need they have experienced for the type of information that Mr. Clark had described as necessary to launch the pilot program.

Mr. Stevenson spoke briefly to pledge his organization's cooperation in the county-wide program. Mayor Newnham of Ranger reported on activities in Ranger where a firm of engineers has been hired to develop a master plan, including preparations of new maps, statistics and data details for the city.

Judge Bailey told about a county water resources survey that will begin in the next few days. Initial work in this will be in the Gorman and Rising

Star areas, he said. Particular attention will be paid to locate water for irrigation, he added.

Mr. Clark concluded the meeting with the statement that "the plan we are launching carries no guarantee, but it has worked in a good many towns, and we will do our part to guide and help you."

A Real Challenge
 (AN EDITORIAL)

The beginning of a pilot program that will seek to put new vitality into this county through providing job opportunities offers a real challenge to every citizen of Eastland County. The EC-65 plan was formally launched by the civic leaders of the county at a series of meetings last Thursday.

Although no results are guaranteed, the facts that the program has the blessings of Governor John Connally and the personal supervision of Director Harry W. Clark of the Texas Industrial Commission and his staff are reasons for optimism. With this proven leadership, Eastland County workers can certainly proceed with the knowledge that their efforts will be in the right direction.

This program offers our county a real challenge to produce job opportunities for our young people. One of the basic reasons for our economic losses in the past few years has been the lack of jobs for the young high school and college graduates. If we can provide them with incentives to remain at home, our general economy will improve as the years go by.

If you have not already done so, you might want to volunteer for membership in the EC-65 Club and join the group of men and women who are pledged to do everything they can to make this pilot program mean a very great deal to us all. The opportunity offered our county is too important to be overlooked. This is truly a time for community cooperation and hard work.

when you call Grandmother

...YOU DON'T EXPECT TO REACH TIMBUKTU

Naturally, when you call Grandmother's phone, that's the one you expect to get, and you do. But that's not as easy as it sounds.

Your call must work its way through all sorts of interconnections, wires, cables, switches and so forth until, finally, it picks the right phone out of some 83 million in the U.S.

Yet, out of all the possible chances for mistakes, your call goes where you send it . . . in town or out-of-town, to Grandmother, wherever she is. This sort of reliability is the result of service improvements that keep increasing the convenience and personal value of your telephone.

Ranger Girl Plays During LBJ Reception

Miss Susan Woods, student at the University of Texas and member of the Longhorn Band, was among the band students who played at the reception held in honor of President Lyndon Johnson in Austin, November 2. The band played several numbers which included "Texas Flight", "Hello Lyndon", and "Everything's OK On The LBJ."

Susan, daughter of Mrs. Capolo Woods of Ranger, plays the flute and piccolo. She is a 1964 graduate of Ranger High School, where she was a member of the band. She was the recipient of the Philip Sousa award at Ranger High School last year which is given annually to an outstanding band student.

She is a member of the Young Democrat Club and worked with the club taking a straw vote the day before election, for which she reports that President Johnson was the winner. While on duty with the club, a presidential side called from the white House about the reception for the President, and she was privileged to talk to the side.

HOW CAN WASHING EVERY DAY BE EASIER THAN ONCE A WEEK?

...women with ELECTRIC DRYERS know!

With an electric dryer right there beside your washer, you'll find that washing and drying clothes as they accumulate, each day (or night) if need be, is lots easier than having to struggle through an old-fashioned "washday." Flameless electric drying eliminates overflowing clothes hampers . . . does your drying effortlessly, while you go on about the other business of running a home. Ends weather-watching, too. Accurate electric drying protects clothes from sun-fading and wind-whipping—makes them softer, fluffier than line drying. Give yourself and the family wash the wonderful advantages of flameless automatic electric drying!

Introducing 1964-65 RJC Band

SPOTLIGHT On the RJC Faculty

GERALD WILLIAMS

This week the journalism class turns the faculty spotlight on Athletic Director and Head Football Coach Gerald Williams.
He is a man of many fine qualifications. He got his bachelor's degree from Louisiana State College and his master's degree from Sam Houston State College.
He has done post-graduate work at the University of Texas, when he attended college, he was all conference in football and took part in basketball, track, and baseball.
Mr. Williams lives with his family on Sinclair Avenue. He has four children, Richard 7, Angela 5, Kim 3, and Leslie 1. The family attends the First Baptist Church, where Mrs. Williams is a soloist in the choir.
As a coach one of his mottoes or sayings is this: "I try to build better young men as well as good athletes. Winning is important but so is the individual."
In his second year at Ranger Junior College, he was large-

The Ranger Junior College Band boasts of ten clarinet players, seven boys and three girls.

Roger Williams is a freshman business major from Fort Worth. He attended Technical High School, where he participated in football and track and was a member of the V.I.C. TA, and Young Texas Democrats.

A graduate of C. F. Brewer High School in Fort Worth, Ken Burchfield is a sophomore. At Brewer Ken participated in football, band, Spanish Club, Biology Club, and Junior Historians. He is majoring in education.

Harry Lawson, a sophomore music major, comes to RJC from Del Rio. His high school activities included baseball, and marching, concert, and dance bands.

T. C. Collier is a sophomore accounting major from Mansfield High School. T. C.'s activities in high school included basketball, band and chorus.

Howard Starling is a graduate of M. B. Smiley High School of Houston, where he was captain in the band. He is a sophomore music major.

Kenneth Wood attended North Side High School in Fort Worth, where he was vice-president of the band and a member of the Band Booster Club. He is a freshman in the RJC band.

Drum major for the RJC band this year is Barry Martin, a sophomore from Houston. He attended Smiley High School, where he played baseball, and was a member of the band, and was on the student council. Barry is a speech and economics major.

Lavern Hensley is a graduate of Eastland High School, where she was a member of the Maverick Band and Beta

ly responsible for the success of the coaching school held at R. J. C. in July this year for six and eight men football.

● PERSONALITY OF THE WEEK

RICHARD HOOPER

The journalism class' choice for "Personality of the Week" is Richard Hooper, one of its own members. Richard comes to Ranger from Dallas, Texas.

Very quiet and well liked, Richard has been an outstanding student and athlete. In scholastic rating Richard maintains a high "B" average. He was chosen "Who's Who" by the faculty while a freshman last year and is presently serving as the president of the sophomore class.

The athletic side of Richard's personality is a very impressive one. While attending Adamson High School in Dallas, he was picked for "All-City" in basketball. He also sparked the basketball and baseball teams for the college last year. Richard is an athlete who gives no quarter, nor does he expect to receive any. He always puts out that extra effort that it takes for victory. This past summer his baseball ability carried his team into the World Series of Amateur

Club. She is a sophomore at RJC.

Ginger Gooden a sophomore has had a very impressive four years in bands. For three years she was drum major, and last year she was Lard Sweetheart. Ginger is planning a career as an airline stewardess.

A graduate of Graham High School, Sharon Dye is a freshman in the Ranger band. She is majoring in business administration.

RJC Coeds In Dorms Enjoying Varied Hobbies

Although the girls in Jameson Hall do not have as many varied hobbies as the boys do, they still keep occupied. All of the girls agreed that sports were at the top of their list. Horseback riding, basketball, swimming and tennis are the favorite pastimes.

Anna Adams, Leona Bain, and Sherrill James all are very good at sewing, and they do an excellent job of making their own clothes.

Some are collectors. Delores Smith liked to collect the tiny plastic animals that come with the cokes at the Porky Pig. Linda Bryson, post-cards, hats, and purses. Nancy Cantrell collects stuffed animals. Naomi Bradford collects rock of all types, excluding those she has lost.

Jane Spears likes to twirl. Mrs. Anderson collects crochets, paints, and decorates bottles of all shapes and sizes.

All of these hobbies are good, but there is one which has them all bested, one which is practiced by all of the girls. Boys!

1965 Yearbook Sales Underway On RJC Campus

Sale of the 1965 "Ranger," the Ranger Junior College annual, started this week.

Annual salesmen include the following students: Carlton Webb, Ken Hefner, Dale Carroll, Gary Barker, Billy Wheeler, Gary Davis, Janice Watson and Joe Bond.

These students are pushing sales, for the one selling the most annuals will receive his annual free as his award.

The present sales campaign will continue until December at which time the exact number of books to be ordered must be submitted to the publishing company. Only a limited number of extra copies will be ordered.

Price of the book will be \$5.00 until December; then the cost will be increased to \$6.00. Full or part payment is accepted.

All students are urged to place their order for the 1965 "Ranger" as soon as possible.

The book, which is the responsibility of the journalism class, promises to be one of the best annuals ever presented at Ranger Junior College, for there is much talent in the class of twenty-three students, and each is contributing his part towards making the book one of unusual pictorial interest.

RJC Athletes On Honor Roll National Group

On the current 1964 NJCAA Track and Field Honor Roll appear six athletes from R. J. C. This is compiled by the NJCAA service bureau. It is an annual listing of the ten top performances of each junior college track and field event. It appeared in the Juco Review, a national junior college periodical that comes out each week, edited by George E. Killian from Buffalo, New York.

Among Ranger's Qualifiers is Sterling Pike of Duncanville, Texas, who has the third best time in the 120-yard low hurdles. Former Student Tony Pietoso of Nutley, New Jersey, is sixth in the 100-yard with a time of 9.6. Skipper Voss of Alvan had a mark of 13' 6" in the pole vault that put him in eighth place. Grapevine's Larry Lee joins the elite broad jumpers with a leap of 22' 5". Larry is ranked ninth in national competition. Phil Wiggins, Tony Pietoso, Lee, and Pike composed last year's 449-relay team that occupies fifth place with a time of 42 flat.

One person on this list of athletes is a graduate of R. J. C. Gary Morris high jumped 6' 2" to gain a number ten rating.

SHORT SHOTS ON SPORTS

Turning to the basketball scene, "The Big O" (Oscar McClendon), who is expected to help give Ranger Junior College a bright season on the hardwood floors, has told of his previous season with an amateur team known as the Welles Olympians. This team is one of many talented amateur basketball teams in Houston which are sanctioned by the A. A. U. There is no age limit on these teams, and Oscar found the competition tough, but the "Big O" managed an impressive 18-point average with the Olympians, who established a remarkable sixty-five wins to only ten defeats in the Houston area. Oscar's experience should mean much to the Ranger team.

Captains for the Navarro game were Skipper Voss, Billy Clary, and Rudy Ramirez. The football team will travel to Blinn Junior College next week.

The Ranger Junior College basketball team held its first scrimmage when it traveled to Abilene Christian to play their freshman team. Last Friday the Fort Worth Christian team journeyed to Ranger for another scrimmage.

The first official basketball game is November 23 with Odessa.

RJC's 'Rebel' Is In Limelight During Cat Week

By GARY BARKER

Rebel, the Ranger Junior College cat, enjoyed special care given him this week by his owner, Naomi Bradford of Ranger, library assistant at Cooper Library. The occasion was International Cat Week, November 1-7, proclaimed by the American Feline Society, Inc., New York, an organization that has given

Baseball, which was held in Battle Creek, Michigan. His team, a Dallas group, finished third in the nation.

After graduating from Ranger, Richard plans to attend Texas Christian or Texas University and major in liberal arts.

PLUGGING "CAT WEEK" — Barry Martin, left, Ranger Jr. College band major, and Naomi Bradford, RJC freshman, center their attention on Miss Bradford's popular feline, "Rebel."

twenty-six years of selfless, unpaid dedicated service to the cat.

A permanent resident of the library, Rebel is a smoke, steel grey, part Siamese aristocrat. He followed his usual checking the whole library collection every day and making the rounds of the books and shelves.

Students dropping by the library to read the comic section of the newspaper and jokes and cartoons in the various magazines are likely to find Rebel browsing through the classics. His favorites seem to be the "Iliad" and the "Odyssey," which for some unknown reason, have caught the interest of the RJC students, especially the sophomores.

Although Rebel enjoys this type of reading very much, he knows that the truly educated cat must allot himself time to read the various other types of books in the library to help him receive a well-rounded program of study.

When he is being teased by some of the non-fanciers of cats among the RJC students, Rebel hides behind the books in the back reading room. A few times he has gone to sleep in his hideaway and has been locked in. He probably could have passed the time reading if the lights had been on. Ordinarily he sleeps under the library.

With the exception of the librarian this fussy feline scholar spends more time in the library than anybody else. What about it, students?

Rev. Hobbs Teaches Bible Study For Second Baptist Church WMU

The Women's Missionary Reports were also given by the Union of the Second Baptist Church met Tuesday, November 3 at 3 p. m. for Bible study and a business meeting.

Rev. Robbie Hobbs, pastor, opened the meeting with prayer and brought the Bible study, using "New Life In The Spirit," Gal. 5 and 6.

Scriptures used in the study were Gal. 5:1-12, "Hold fast to freedom as against entanglement in legalistic system," Gal. 5:13-26, "Life under control of the Holy Spirit," Gal. 5:16-26, "Liberty is not license," Gal. 5:16-26, "Secret to victorious life," Gal. 6:1-5, "The Spiritual (those not deceived by Judaizers and legalistic life)," Gal. 6:1-5, "The Spiritual (those not deceived by Judaizers and legalistic life)," Gal. 6:1-5, "The Spiritual (those not deceived by Judaizers and legalistic life)," Gal. 6:1-5.

The prayer calendar was read by Mrs. Edgar Ward and she led in the closing prayer.

During the business session, minutes and a treasurer's report was given by Mrs. Kakki Allbritton. Mrs. Demma Duke, president, presided during the business session.

Here's proof from work with 2800 head of cattle where calves were fed Purina Creep Rations:

- 34% more choice and good grade calves.
- Heavier calves. Every 10 calves creep-fed Purina returned weight equal to one extra calf. (No extra cow to breed, feed and care for, either.)
- Better cow condition. Cows suckling creep-fed calves carried 44 lbs. of extra condition.
- This extra condition meant 16% more calves the following season.

That's a big return for just a little outlay in creep feeding the Purina Way. Come in. Let's talk about how creep feeding fits in your calf raising program.
