Let's Come Alive... In 1965!

(An Editorial)

With the arrival of challenging new 1965, Ranger citizens, business and industrial leaders should look to the coming months of the year with optimism and a spirit of positive determination.

Bright prospects in the offing: Early completion of additional new construction — a girls' dormitory and an addition to the cafeteria — on the campus of growing Ranger Junior College. Also landscaping and other campus beautification is expected to be completed during 1965.

The start of new low income housing — a minimum of 20 one and two-bedroom units — to augment the present 50 similar dwellings under operation by the Terry Place Housing Authority.

Initiation of the city's new master development plan — a two-year project co-sponsored by state and federal governments and the City of Ranger — to prepare the community for future improvement and growth.

Completion of planning and possible start of construction of the Texas Oil Museum as an educational project of the state's petroleum industry and also as a future tourist attraction to lure traffic off Interstate Highway 20 when it by-passes Ranger in near years to come. In addition to the Museum, already formally chartered by the State of Texas, sponsors are planning erection of two blocks of an old oil boom town of the era of the fabulous Ranger oil boom.

Action — expanded industry, new plants, increased payrolls and new jobs — in the big "EC-65" industrialization campaign for Ranger and Eastland County, a pilot project co-sponsored by local leadership and the Texas Industrial Commission.

More new residential construction. Further expansion — in production and payroll — of the city's newest industry, Southwest Machine & Engineering Co., a growing enterprise specializing in sub-contracts on aircraft parts for major plane-building firms.

Continuing extensive highway construction in the area pumping extra dollars into the Ranger economy.

And, finally — a promising outlook for a better year ahead for the county's wealth-producing agricultural and livestock industries. Barring a devastating drought, the outlook for cattle, sheep and goat raisers is optimistic. And prospects are similarly bright for peanut growers and producers of other crops.

There should be no pessimism in evidence. On the contrary, as we examine possibilities for the coming 12 months, we should certainly maintain a positive, optimistic attitude.

Yes — "Let's come alive... in 1965!"

Pickup Hits Police Car; Rose Hurt

Patrolman J. C. Rose of the Ranger Police Department was injured Friday at 3:10 a.m. when a pickup truck rammed into the rear of his RPD squad car.

Rose, on patrol duty, was cruising east on U. S. Highway 80, when the accident occurred, according to Police Chief Bill Ogden.

The 1963 Chevrolet police car was badly damaged, Chief Ogden said.

The impact of the crash caused Patrolman Rose's head to snap backward. Extent of the possible spinal injuries was not known.

The driver of the pickup, a 21-year old Ranger man, appeared before Justice of Peace M. D. Underwood Thursday morning on two charges — failure to stop and render aid and failure to control the speed of his vehicle. Bond on the first count was set at \$1,000 and on the second \$100.

Investigating officer was Jack Therwanger of the Texas Highway Patrol.

Back To School Monday For All Ranger Students

It will be back to school time again for all Ranger Public School students and Ranger Junior College students, Monday, January 4. Classes will resume at their regular time Monday morning.

Ranger Junior College students were dismissed for the Christmas holidays December 18 and Ranger Public School students were dismissed December 22.

Wooton Funeral Held Thursday

Funeral services for M. A. Wooton, 54, were held at 2 p.m. Thursday in Second Baptist Church of Ranger with the Rev. V. Jones of Borger officiating. Burial was in Evergreen Cemetery in Ranger under the direction of Melton Funeral Home of Breckenridge.

Mr. Wooton was found dead at his home in Breckenridge at 6 a.m. Monday of an apparent heart attack. He was a former resident of Ranger.

Program Ready for Second EC-65 Session On Jan. 6

Oscar E. Castillon, manager of the Area Development Division of Texas Electric Service Co., will be one of the principal speakers at the second EC-65 Training Seminar, according to an announcement by the Texas Industrial Commission.

The meeting will be held in Eastland Wednesday, Jan. 6

at the White Elephant Restaurant beginning at 9 a.m.

This will be the second in a series of five seminars sponsored by the Texas Industrial Commission in conjunction with EC-65, the industrial development pilot project for Eastland County. This second seminar is called "Research and Analysis." There will be three other training sessions in the coming months.

Castillon has been associated with Texas Electric Service Company since 1956. He is a graduate of Texas Christian University and the Industrial Development Institute at Oklahoma University. He has been manager of the division since January 1964. The topic of his talk will be "Favorable Economic Factors for Eastland County."

Other speakers scheduled for the seminar are Dr. W. L. Fisher, Research Scientist and Lecturer for the University of Texas, and James Bradley, Head of the Industrial Economics Research Division, Texas A&M University. Harry W. Clark, Executive Director of the Texas Industrial Commission, will be in charge of the session.

Mr. Bradley has been in the field of industrial economic research for 14 years. During this period he has conducted research projects on industrial location factors, community economic analysis, industry studies and market research studies for industries contemplating moving to Texas and for existing industries in the state.

Bradley is active in numerous state and regional industrial organizations. (Continued on page 2)

ACTION IN RJC CAGE TOURNEY

The Abilene Christian High School Panthers of Abilene, the Cisco High Lobos, the De Leon Bearcats and the Ranger High Bulldogs cage quints won the opening round of play Thursday in the first annual invitational basketball tournament sponsored by Ranger Junior College.

About 500 spectators were on hand in the new RJC gymnasium Thursday night to witness the final two games of opening day's action. In the evening tilts, Cisco's Lobos blasted Putnam, 66-19, and Coach Jack Duvall's Bulldogs exploded with 72-23 win.

In afternoon play, the AC-

HS Panthers topped the Ste-

Democratic Political Pot Is Boiling Over Judge Post

Demo Leader Crawley Favors Special Election

A successor to fill the two-year unexpired term of the late Judge Turner M. Collie as magistrate of Eastland County's 91st District Court should be chosen through a special election, A. E. Crawley, chairman of the Eastland County Democratic executive committee, said Saturday.

It is reported that Gov. John Connally will make an appointment to fill the vacant judgeship and three Eastland county lawyers have been mentioned — new District Attorney Perry T. Brown of Rio-

Group Asks Appointment Earl Conner

A group of some 30-35 Democrats met in Eastland Thursday evening and passed a resolution asking that Gov. John Connally take immediate action in filling the vacant 91st District Court bench.

The resolution further urged Gov. Connally to appoint Earl Conner Jr., describing him as most-qualified for the position because of his judicial ability, as well as being a loyal Democrat.

County Chairman Alvin Crawley of Ranger was out of town, and Don Pierson, (Continued on page 2)

Mike Collins To Austin For Conference

Democratic Party Leader Mike Collins of Eastland has been invited by Gov. John Connally's office to appear in Austin early this week to confer with aides regarding the gubernatorial appointment of Judge, 91st District Court.

Collins said that he was called Wednesday afternoon by an aide and asked if he could be in Austin Thursday morning. Because of business reasons, however, it was impossible for him to go last week, but he agreed to go down either Tuesday or Wednesday of this week.

He expects to be asked about recommendations made by others in the county con-

Rangerite Pays Drivers License Fine Of \$76.50

Constable Ralph Veal arrested a Ranger Latin American Thursday at 3:06 p.m. on three warrants from the Justice of Peace Court, Cisco.

The warrants, Veal said, had been issued following issuance of tickets to the Ranger man for driving without a license. He failed to appear before the Cisco JP.

He paid a fine of \$76.50 in the court of Justice of Peace M. D. Underwood here Thursday afternoon and was released.

Graveside Rites Saturday For Jo Lynn Boyett

Graveside rites for Jo Lynn Boyett, 24-day-old infant, were held Saturday afternoon at 4 p.m. in Eastland Cemetery with Rev. H. Williams, pastor of Calvary Baptist Church, officiating.

Killingsworth Funeral Home was in charge of arrangements.

The infant died at 4 a. m. Friday at her home in Fort Worth. She was found dead in her crib by her mother.

Survivors include the father, Thomas E. Boyett of Ranger; the mother, Mrs. Brenda Joyce Boyett of Fort Worth; one sister, Kathrine Diana Boyett.

Little Activity Is Reported By Ranger Police

"Business" continued slow at Ranger Police Dept. this week, according to Chief Bill Ogden.

An Eastland man, arrested and jailed on a charge of drunk in car, was fined \$50 by Judge M. D. Underwood in city corporation court.

A 58-year-old Ranger man, jailed Sunday and back in the city bastille again the following day for drunkenness, was committed to the state hospital at Wichita Falls for treatment of alcoholism.

Former Resident Dr. Wood Dies; Rites In Breck

Funeral for Dr. Grover C. Wood, 60, longtime Stephens County physician, and former Ranger resident, were held at 2 p.m. Saturday in the First United Presbyterian Church of Breckenridge. The Rev. Jimmy Thames, pastor, officiated. Burial was in the Breckenridge Cemetery.

Dr. Wood died at 11 p.m. Tuesday in Howard Sanitarium in Fort Worth where he had been a patient for about a year.

Born Dec. 22, 1884, in Waxahachie, Dr. Wood attended public schools there and medical school at the University of Louisville in Kentucky. He did internship at Providence Hospital at Detroit, Mich., and was drafted into the Army in 1918.

He moved to Ranger immediately after his discharge from the Army and then moved to Breckenridge in 1919.

Local Woman's Brother Dies In Weatherford

Funeral services for Frank Mosley, Sr., 71, who resided near Pea Her, and brother of Mrs. H. X. Wallace of Ranger, were held at 2 p.m. Tuesday in the Galbreath-Pickard Funeral Home Chapel. Burial was in the Weatherford Cemetery.

Born Oct. 2, 1893, at McGregor, Mosley had been a resident of Parker County 38 years.

A retired dairy man, he was a member of the Methodist Church. He and Mrs. Mosley had celebrated their 50th wedding anniversary in December, 1963.

Survivors include his wife; four daughters, Mrs. Lawrence Parkey, Mrs. Joe B. Moore and Mrs. B. M. Grimes, all of Weatherford, and Mrs. Ray Cockrell, Chilte, South America; one son, Frank Mosley, Jr., Fort Worth; one sister, Mrs. H. X. Wallace, Ranger; one brother, Otis Mosley, Graham; 13 grandchildren and six great grandchildren.

Jimmy Ratliff Is Junior Member Purebred Group

Jimmy Ratliff, 17-year-old son of Mr. and Mrs. James W. Ratliff of Ranger, has been granted a junior membership in the American Angus Assn., St. Joseph, Mo., announces Glen Bratcher, secretary.

Ratliff is a Ranger High School senior. This new junior membership entitles him to register purebred Angus at regular membership rates and to the privileges of the Association until the age of 21. At that time junior members are eligible to convert to lifetime memberships in the Association.

Young Ratliff was one of 197 young people in the United States to receive junior memberships last month.

Commissioners May Consider Sale Of Water

Olden's proposed FHA water system and a source of supply may be one of the topics on the agenda for the regular meeting of the Ranger City Commission to be held Thursday night at the City Hall.

Pat Moseley, chairman of the Olden water committee and other residents of the community, hope to negotiate an agreement with Eastland or Ranger regarding sale of water for distribution through their new system.

Last Tuesday the group met with Mayor Frank Deaton and City Manager Lewis Tinner of Eastland.

Mayor Morris Newham will preside during the Thursday night meeting of the City Commission and due to be present are Commissioners W. J. Van Bibber, Grover C. McGown, George Falls and George Dennett.

Town Talk

NEWS * NOTES * BRIEFS

ITS RESOLUTION time again, and a good one for all citizens of this city and county is for each of us to pledge 100 per cent cooperation in the Eastland County industrial program for 1965 (EC-65).

As you know, the governor has ordered a pilot program for Eastland County with the Texas Industrial Commission guiding efforts to make things better for our area. New payrolls will be sought. The second of a series of meetings designed to lay the ground work for the program will be held in Eastland on Wednesday.

There is news about it elsewhere in today's paper. Let's all make an effort to attend the meeting. A little effort by a lot of people will do wonders toward making our area more progressive and prosperous.

MANY HAPPY RETURNS to the following Rangerites (Continued on page 2)

RVFD Answers 103 Alarms During 1964

Members of Ranger Volunteer Fire Department were called to 103 fires during 1964, Chief Charlie Isabell reported Friday.

Eighty of the calls were to extinguish grass blazes. Firemen also answered alarms on 11 automobile and truck fires, and the other 12 blazes were on residential and other structures.

Total for the just-ended year was far under the 174 alarms answered in 1963, Chief Isabell said. Grass fires, 120 of them, led the list for that year, and 45 house and barn blazes were reported. Firemen were summoned to put out nine burning automobiles.

For 1962, he said, the total was 102 fires — 79 grass blazes, 17 residential and buildings, and six car fires. Chief Isabell continues to warn residents to continue to exercise care and caution in burning trash and other refuse, pointing out that most grass fires and even some residential blazes are set by sparks from trash barrels.

He advises that lids be kept on the barrels and that the area around the receptacles be kept clear of trash and other inflammable refuse.

Car Overturns, Driver Unhurt

Miss Patricia Louise Brown, Route 3, Ranger, was mighty lucky Tuesday morning.

Driving a 1955 Ford two-door about a mile north of the city on Caddo Road, the young woman hit a slick spot in the wet pavement on a curve and the car overturned. Although the vehicle was badly damaged, the driver escaped injury and was unhurt in the mishap.

Popular RHS Coach Jack Duvall Gets New Two-Year Contract As Bulldog Boss; Really Enjoys Job

Coach Jack Duvall is only a few months deep on a new two-year contract as Ranger High athletic mentor.

Coaching is serious business to the affable green-eyed, light brown-thatched (and balding) husky who has been athletic boss of the Bulldogs since June, 1962.

Prior to coming to Ranger two and a half years ago, he had coached at Monterey High, Lubbock, where he began his career as freshman tutor; two seasons at Smiley Wilson Junior High where his charge sacked the district championship, and a stint of duty at Davey Crockett Junior High before joining the coaching staff at Weatherford High School as an assistant.

During 1962, his first season here, the Bulldogs won three, tied one, lost six. In 1963 his Maroon & White charges ground out six victories against four losses to win second place in the District 10-AA standings. And

last fall his RHS '64 edition wound up with a six won-four lost record and another second notch spot in the seven member circuit.

Duvall's basketball teams have been especially impressive. His Maroon & White cagers of 1964 wound up their roundball campaign with a wastopine 23 won-six lost record. They won the 10-AA title with an 8-2 record capped by by-district flag and got to the regional before they finally were stopped.

The board of the Ranger Independent School District, impressed with Duvall's ability and pleased with his performance, last fall renewed his contract for two more years.

The popular ramrod of the Maroon & White Bulldogs is a native of nearby Breckenridge in Stephens County. He is the son of Mr. and Mrs. Jimmy Duvall of that city and graduated from Breckenridge High School in 1951. A member of the highly touted Breckenridge High Buckaroos pigskin squad for four years, he saw both limited action due

Funeral Rites Mrs. Perrin, 68, Held Saturday

Funeral services for Mrs. Henry P. (Bessie) Perrin, 68-year old longtime resident of the Cheaney community, were held Saturday afternoon at 2 p.m. in the Mesquite Street Church of Christ.

Audy Moore, minister of the Gorman Church of Christ, and Gary Beauchamp, minister of the Ranger church, officiated.

Interment was in Alameda Cemetery with Killingsworth Funeral Home in charge of arrangements.

Mrs. Perrin, a resident of the Cheaney community for 66 years, died in Lawndale Thursday night at 11:58 o'clock following an illness of several months.

Born Bessie Love Aug. 28, 1896, she married Henry Perrin in 1923 at Alameda. Survivors include her husband; two sons, Alton Odus of Odessa and Hulon Lamar of Cheaney community; one daughter, Mrs. Retha Maxine Warner of Baltimore, Md.; six brothers, Dave Love of Stephenville, Robert Love and Jack Love of Odessa, Herbert Love of Coahoma, John Love of Cheaney community and Melva Love of Ranger; one sister, Mrs. Lillie Wallace of Ranger; 10 grandchildren.

Pallbearers were A. C. Underwood, J. D. Rogers, Ike Yancey, Wilber Overstreet, B. B. Freeman and Joe Hudson.

RJC Quint Hits Woods Tuesday

With a pre-holidays impressive seven won-three lost record under their belts, the Ranger Jr. College Rangers go back to work on the hardwoods next week in three roundball duels.

The Purple & Whiteners roll out of their holiday layoff in a joust with panola Jr. College at Carthage Tuesday night.

Their next two scraps will be played on the hardwoods of the new Ranger gymnasium. Thursday night they'll host Weatherford College and Saturday night it'll be Schreiner Institute as the invader.

Prior to the holiday vacation period, the Rangers warmed up with a close 75-72 loss to Odessa, a 77-72 win

over Howard County Jr. College, an 87-65 setback by Wharton, a 83-87 victory over San Jacinto, 76-63 over Odessa, 97-93 over Schreiner, a close 58-57 setback by McMurry Junior Varsity, and twin triumphs, 87-76 and 106-69, over Howard Payne.

Here's the roster of Coach Ronald Butler's 1964-65 basketball squad:

- Richard Hooper, 170, 6-1, sophomore, Dallas.
- Joe Ed Dossley, 165, 5-11, sophomore, Dallas.
- Leon Borman, 196, 6-2, 40-pounds, Fort Worth.
- Parke Davidson, 170, 5-11, sophomore, Dallas.
- Jerry Chamberlain, 173, 6-2, sophomore, Carlisle.
- Oscar McClendon, 213, 6-4, freshman, Houston.
- David Nowlin, 175, 6-6, freshman, Breckenridge.
- Joe Bond, 185, 6-2, freshman, Bullard.
- Robert Hughes, 160, 6-0, freshman, Syracuse, N. Y.
- David Wolfinger, 175, 6-2, freshman, Houston.
- Joe Solley, 185, 6-3, freshman, Fort Worth.
- Ronnie Hinds, 180, 6-2, freshman, Ranger.
- Otis Morse, 195, 6-4, freshman, Dallas.

2 DROWN NEW YEARS DAY IN SEPARATE INCIDENTS

Tragedy struck twice in Eastland on New Years Day as two persons, a 47-year-old man and a 17-year-old youth, were drowned in separate incidents.

Dead were Earl Platters, 47, whose body was found about 10:30 a. m. in Leon Creek just north of the T&P Railway tracks, and W. B. Wilson, Jr., 17, son of Mr. and Mrs. W. B. Wilson Sr. of N. Virginia, who drowned when he fell into the Power Plant Lake, east of Eastland about 4 p. m.

Justice of the Peace Wells Dalton ruled accidental death in the drowning of young Wilson, but withheld a verdict in the Platters death pending further investigation.

Young Wilson and two companions were fishing at the Texas Electric Service Co. power plant lake, and he reportedly fell from a bluff into the icy water. The body remained in the water about an hour before being recovered.

Platters, a carpenter, lived at the Eastland Hotel on East Main St., was found in about five feet of water in the Creek some 400 yards north of the T&P tracks, along Highway 6.

Both bodies were at Arrington Hamner Funeral Home where funeral arrangements are to be announced.

Young Wilson had been employed at Warren's Welding Shop and had most recently been employed in construction work near downtown.

County Sheriff L. E. Sublett, who took his oath of office at 10 a. m. Friday, led investigators.

The companions, Roger Woodall and Hubert Harden, field officers they attempted to throw a rope to Wilson, but

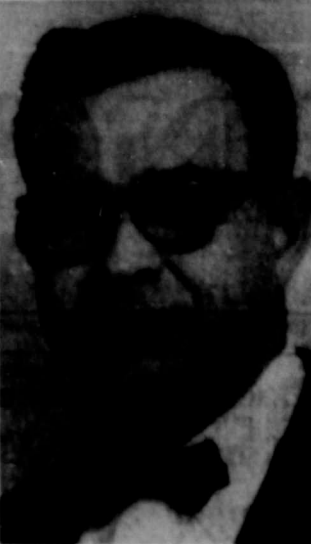

that he was unable to reach it.

Eastland firemen, police and sheriff's officers and other local citizens answered the call for help. The body was recovered by firemen in 12 feet of water near the foot of the bluff.

Sublett and Eastland Police Chief Ray Laney discovered Platters' body after beginning a search, when his mother told Chief Laney she had not seen her son since Thursday afternoon and asked that an attempt be made to locate him.

Mr. Platters' funeral was tentatively set for 4 p. m. Saturday at Arrington Hamner Funeral Chapel with burial to be in Murry Cemetery near Carleton.

The Wilson youth was born Dec. 24, 1947. Survivors are his parents, three brothers and two sisters.
Mr. Platter was born May 18, 1922 in Gorman and served with the U. S. Coast Guard from 1942 until 1945.
The Friday drownings were Eastland's sixth and seventh since 1958.

A short time after he enlisted in the U. S. Army. He served with the 6th Infantry Division and spent nine months overseas in Germany with that unit. He was discharged with the rank of Sp-2 in 1957.

Duval and his wife the former Miss Patty Kirschner, were united in marriage in Breckenridge on Nov. 29, 1954. They have a son, Jim, 9, who was born while the couple was stationed in Germany; three daughters, Vickie, 7, Stacy, 5, and Dawn, 3. They are members of the Church of Christ.

Coaching in like any job. A guy does get tired once in a while. Even so that usual fatigue doesn't seem to dampen Duval's sports ardor and enthusiasm even when he's at home. His wife Patty says he's a victim of the common habit of every ardent mentor. He diagrams plays and scribbles on anything handy — napkins, tablecloths, etc.

His favorite dish — sir-ling steak and potatoes. And for diversion from his profession, he enjoys hunting and playing golf.

During the summer months he manages the Willows Park Swimming Pool and spends much time at the Bull-dog's field house at the Ran-High Stadium.

A popular member of the community, Coach Duval is a member of the Ranger Lions Club. And, undoubtedly, a most enthusiastic and active member of the Ranger Booster Club.

Patrol Car Takes A Spin; Stays Upright

Highway Patrolman Jack Therswanger averted serious injury to himself apparently through expert driving ability, when the patrol car he was driving, lost a front wheel and went out of control near Olden late Thursday, New Year's Eve.

Patrolman Therswanger had been summoned from Ranger to assist another patrolman who was having trouble with some drunks who were resisting arrest between Cisco and Eastland.

Heading west at some 110 miles per hour, the front wheel of his patrol car came off, near the Bill Hunter residence, which faces Highway 58 at Olden. Although the vehicle lurched sideways several hundred feet and spun in several directions, Patrolman Therswanger kept it from overturning before he brought it to a halt.

Democrats were present at the Commissioners Courtroom meeting from Ranger, Cisco, Eastland, Olden, Rising Star, Carbon and Gorman.

A copy of the resolution will be given to Mike Collins who will go to Austin Tuesday or Wednesday to confer with aides in the governor's office concerning the appointment, a spokesman said.

Names of those present at the meeting were not taken and will not appear on the resolution, it was reported.

if legally possible it is my opinion that Gov. Connally should call a special election to settle this matter.

"If not," the Eastland County party chairman said, "the Governor should call upon the Democratic leaders of the thirteen precincts of the county to meet, make recommendations, and arrive at a Democratic decision relative to this appointment."

Chairman Crawley said that the county Democratic executive committee had not met regarding filling the judgeship vacancy and added that the session of a group of Democrats held in Eastland at the courthouse Thursday night was unofficial.

1965 March of Dimes Is Launched To Score Birth Defects Knockout

A "one-two" punch will be aimed at the problem of birth defects this January during the annual March of Dimes campaign across the nation.

"The objective of the drive is twofold," explained Dr. Daniel Bergsma, director of the medical department of The National Foundation-March of Dimes. "More than 250,000 seriously defective children are born each year in this country—one every other minute. Given the facts, the American public will recognize the problem of birth defects for what it is—a national emergency that requires immediate action. We invite the public to help us meet this emergency."

"The second goal is money. With public contributions to the January March of Dimes, we expect to establish the additional March of Dimes-supported birth defects centers desperately needed for the faster diagnosis, evaluation and improved treatment of these defects which cripple or disfigure a child before it's born. Funds are also needed to enable scientists to continue their search for the causes and possible ways to prevent birth defects."

To support medical and scientific workers in the front lines of the battle against birth defects, The National Foundation-March of Dimes has a behind-the-lines army two million strong. These are volunteers from the more than 3,900 March of Dimes county chapters throughout the 50 states—men, women and teenagers, too, who dedicate their efforts to the success of the January campaign and the year-round programs of The National Foundation.

Visit 15 Million Homes
To acquaint families with the aims of The National Foundation-March of Dimes, these volunteers will join the Mothers' March at the end of the month during which some 15 million homes are visited. Other volunteers will address about 39 million informative mailers. March of Dimes volunteers also organize fund-raising events to support the work of local chapters and the national organization.

These volunteers devote a great deal of energy to the important task of informing parents of defective children about the March of Dimes birth defects centers and in encouraging families to seek medical help for the afflicted child, whether from the centers or from private physicians.

About one in 10 American families experiences the heartbreak caused by the birth of a seriously defective child. By no means are all of these children receiving medical attention which might make such a difference in their lives.

Some Give Up Hope
"Too often families are overwhelmed by helplessness and despair," Dr. Bergsma said. "They frequently give up hope without exploring all possibilities for their child. But with the continued progress of medicine in this field, conditions which were once beyond treatment can often be helped by newly-developed methods. Also, the individual's condition may change and make help a possibility."

Her parents' persistence paid off for 4-year-old Mickey Heinicke, the 1965 National March of Dimes child, Mickey was born with a spinal deformity that paralyzed her from the waist down. At one time it seemed unlikely that she could ever walk.

Yet today the spunky youngster goes darting around with pint-sized crutches and braces. Not perfect—but certainly an improvement over crawling. The increased mobility means an expanded world to little Mickey and her family.

In research within the past few years, scientists supported by March of Dimes funds produced new or improved tests to detect inborn errors of metabolism, so that prompt treatment can prevent permanent

SQUARING OFF for a knockout blow at birth defects is Michaeline ("Mickey") Lea Heinicke, 4, Denver, the 1965 National March of Dimes Child.

damage to the infant's body or mind.

"The progress made thus far is significant and promising," Dr. Bergsma noted, "but we have taken just the first step on a long road. When the American people recognize the magnitude of the problem, they will demand and support an efficient and effective attack against the many birth defects that cripple or disfigure 700 infants each day. With their generous help, we can build up our chapter center programs and birth defects centers throughout the country and we will continue to support individual scientists in the quest for knowledge in this critical area."

The operation included insertion of a tube from his brain to his heart to drain off excess spinal fluid. A number of major treatments will likely be needed by the infant in the future. As he grows, larger tubes will be needed and in two or three years extensive tests will be made of the infant's various glands.

Mrs. Bates said appointment of various March of Dimes drive chairmen for the communities of the county will be announced in newspapers of the area.

EASTLAND COUNTY VOTERS

YOU SPOKE AT THE POLLS ON MAY 2

... AND NOW IT'S TIME TO

SPEAK AGAIN!

In the interest of fair, impartial and honest law enforcement, Eastland County citizens went to the polls in the Democratic primary election last May 2 and by an overwhelming two-to-one vote elected Perry T. Brown as County-District Attorney over incumbent Earl Conner. (The totals: Brown 3,650, Conner 2,093). If the defeated incumbent didn't then have the confidence of the people to be re-elected as their County-District Attorney, how could he possibly be qualified to fill the higher office of District Judge of our 91st District Court? A large majority of Eastland County Democrats answered that question at the polls on May 2!

Let's Recommend the Appointment of
PERRY T. BROWN
as JUDGE of 91st DISTRICT COURT

He Stands for True Justice and Better Government

- EXPERIENCED
- QUALIFIED
- EFFICIENT
- CAPABLE

- AND IMPARTIAL

THE BEST MAN FOR A POSITION OF HIGHEST TRUST!

Within a few days, Governor John Connally may make the appointment of a District Judge of 91st District Court to fill the two-year unexpired term of the late Judge Turner M. Collie. Unless the state's chief executive orders a special election to fill that vacancy, it is the responsibility of the citizens of Eastland County to let Governor Connally know our wishes in this important matter. Eastland County MOD Campaign Will Aid Little Hayden Lee Johnson

Eastland County's 1965 March of Dimes drive will be launched in a few days, according to Mrs. J. A. Bates, chairman of the county chapter of the National Foundation.

Coin receptacles will be placed in business firms and public places in cities and communities over the county area and direct contributions by mail also will be sought. The January drive will be climaxed with the "Mothers' Marches" later in the month. Mrs. Bates said that the county's 1965 fund-raising effort will be aimed primarily

at lending financial assistance to Hayden Lee Johnson, 3-month-old son of the keeper of Lake Leon, Mr. and Mrs. James Johnson.

County MOD funds, she explained, will be used to help defray hospital expenses and to finance other extensive care needed by the child.

Born Sept. 28, little Hayden Lee's problems began with a birth defect, discovered and diagnosed following the infant's six weeks checkup. He underwent surgery at Hendrick Memorial Hospital in Abilene on Nov. 13 and was brought home on Nov. 15.

Specifics Of Olden's Proposed Water Plan Outlined In Report

In the preliminary report or separation of the proposed for a water distribution system provided for in Design "A" from Eastland's system, the report said.

Design "B" consists of basically the same distribution system as Design "A" with an air gap, pumping station and elevated water storage tank added. This system has two advantages over the other supply line and is made up of 8", 6", 4", 3", 2 1/2" and 2" diameter distribution lines with 1" service connections. This design utilizes the existing 14" main pressure and distributes it to all customers at pressures of 20 to 40 psi depending on location.

Under this design, it would be necessary to obtain an agreement in the Water Contract with Eastland that they provide and accept responsibility of sanitary regulations in Olden (they are in effect doing this now for the customers) as there is no air gap

plans must meet the State Health Departments requirements for a public water system and be approved by them before a loan is made. The Texas State Health requirements have been considered in the two preliminary designs, the engineers said.

In making the preliminary design for the water distribution, the criteria required by the Farmers Home Administration has been used and is as follows: (1) Must be approved by the Texas State Health Department. (2) Each customer will receive not less than three gallons per minute per connection simultaneously at a minimum pressure of 20 pounds per square inch for any connection. (3) The system is to furnish a domestic water supply but not fire protection or in other words, some protection is gained but all of the State Board of Fire underwriters requirements, such as the requirement that all lines be 6" and larger in size, were not provided for.

If financing is through the Farmers Home Administration Water System loan program, the Federal Government will make a 40 year loan at 4 1/2 to 5 per cent interest to an association of farmers or a small town not exceeding 2,500 population for the purpose of constructing a domestic water system. A non-profit corporation, in this case the Olden Water Supply Corporation, must be formed and memberships sold (usually \$50 per membership) to each customer. Each member owns stock in the Corporation having one vote, etc. A board of directors is elected yearly to govern the corporation.

The Olden Water Corporation could then borrow the remainder of the cost of constructing the system from the FHA and the loan repayment, operating cost, etc., is paid entirely out of revenue from water sales, the report said.

There are no property taxes, property liens or other expenditures required of the members except agreement to pay water bill. Also the corporation could purchase from individuals now on the existing 3" Asbestos Cement and 2" Galvanized water lines and who wish to be included in the new system. The corporation could also purchase existing water meters that are in usable condition from those who wish on the new system and credit could be given toward their membership.

The minimum water rate will depend on the number of customers obtained. Construction cost for the system is very little different for 75 customers than it is for 120 customers (that is to say the lines must run down most town streets anyway and the construction cost for 10 customers on a block is very little more than 5 would be in that block).

Estimate of cost for Design "A" will be a total loan required of \$59,820.00 and for Design "B" a total of \$88,000.00.

Cancer Society Makes Year End Report On County's Activities

"Every year we seem to be making more progress in our efforts to control cancer," said Sam Kimmell, president of the Eastland County Unit of the American Cancer Society, "but every year we seem to realize more and more that we have a long way to go."

In a year end report of the activities of the local Cancer Group, Mr. Kimmell pointed out the fact that at the close of 1964 thirty-eight per cent of the people who develop cancer were being saved while in 1935 only twenty per cent were being cured. "If we can enlarge our educational program of Cancer's Seven Danger Signals, we can save fifty per cent with the knowledge and treatment that science has developed so far; therefore, we hope to reach at last half the population of Eastland County with our educational films and materials in the coming year," continued Mr. Kimmell.

"The Dallas County Unit received a special National Cancer Society Award for an outstanding educational program on cancer of the colon and rectum. They reached 63,000 people with their open showing of 'Life Story', our Cancer Society film dealing with the second most deadly type of cancer. If we can get people to recognize the importance of the proctoscopic examination, we can save twice as many people."

"And we must expand our attack on smoking. The mounting evidence shows that three-fourths of all lung cancer, the most deadly cancer, could be prevented if people would recognize the facts and stop smoking. We'll be showing our films on smoking more and more," said Mr. Kimmell.

Summarizing the Cancer research program, Mr. Kimmell pointed out that the American Cancer Society, through its voluntary contributions, is spending almost twelve million dollars on research with over \$700,000 being spent in Texas Research Institutions. Two very promising areas of research at this time are in chemotherapy, or drugs, and against leukemia. There are now some twenty four drugs which are effective in cancer treatment, and scientists are expecting a major breakthrough against leukemia in the next five to ten years.

"We hope to reach more and more people with our

Unit Service Program in the coming year, too," said Mr. Kimmell. "This past year we served a large number of people with dressings, beds, wheel chairs, and other equipment, but we are always afraid we are missing someone."

"We want everyone to make a New Year's resolution that they will have a complete physical examination early this year. And we want them to learn Cancer's Seven Danger Signals: unusual

bleeding or discharge, a lump or thickening in the breast or elsewhere, a sore that does not heal, change in bowel or bladder habits, hoarseness or cough, indigestion or difficulty in swallowing and a year until cancer is controlled, change in a wart or a mole, led," concluded Mr. Kimmell.

ASSOCIATION YOUTH RALLY HELD AT EASTLAND CHURCH

The Cisco Baptist Association Youth Rally was held at the First Baptist Church at Eastland, Tuesday, December 29, with the theme for the program "Above All, Christ."

The group, which numbered 158, was led in the song service by Terry Treadwell of the host church. The group sang "Onward Christian Soldiers," "The Morning Light Is Breaking," and "Face to Face with Christ." Marsha Treadwell was organist and Lois Ann Simons was pianist for the rally.

Terry Treadwell brought the special music which was, "I Wonder as I Wander."

Other program personalities were Rev. Hason Brewer, host pastor, Rev. Robbie Hobbs, youth chairman from the Second Baptist Church in Ranger, and the guest speaker, Prince Altom, from the First Baptist Church, Cisco. He brought an inspirational message on living a good Christian life and in whatever you do, always carry a Christian light along with you so that you can be a spiritual influence on someone that you may not know that is watching you.

A record number attended the event which is held each quarter of the associational year. A beautiful banner was presented to the Second Baptist Church in Ranger for having the highest in attendance who came from a church. The church was represented by 22.

After the main program, refreshments were served by the host church.

A weekly public service feature from the Texas State Department of Health

Accent on Health

J.E. PEAVY, M.D.
 Commissioner of Health

Are you in need of a New Year's resolution?
 Most of us have plenty resolutions for the making, but any resolution regarding your health is a resolution we will make.

Plan ahead this year. Maintaining good health requires a little time and forethought, but it's much cheaper and simpler than trying to get well again.

Resolve to lead a balanced life with plenty rest and exercise. Weight lifting or running the mile daily may not be your dish, but almost anyone can take a leisurely walk each day. Simply walking from the supper table to the bed is scarcely enough exercise for any well person.

Resolve to eat a balanced diet. Nutritionists recommend regular mealtimes with some of the basic four each day. Specifically, this includes a meat or meat substitute, bread or cereal, milk or dairy product, and fruit and vegetables — especially one rich in vitamin C. Foods come in many colors, textures and flavors, and can be easy on the eyes and tempting to the palate, as well as fuel for your body.

Resolve to see your doctor and your dentist for yearly check-ups, unless you need them more often. They can detect many danger signs, and in many cases prevent serious problems. Many types of cancer, for example, can often be cured if detected early.

Resolve to see that you and your family are protected against today's preventable diseases — smallpox, lockjaw, whooping cough, polio, measles, etc. Keep your immunizations up to date.

Resolve to use your head where your health is concerned. Nothing cures everything, beware the peddler who tells you it does, or who comes bearing fancy gadgets, radiation cones or super juicing machines. If you're not sure, check with your local medical society or a local health authority.

Resolve to practice good personal hygiene every day of the year. Brush your teeth after meals; take a daily bath; wash your hands before eating or preparing food. A clean body and sanitary surroundings foster healthy living.

Resolve to take care of your health during 1965.

Rebekahs To Install Officers

The Ranger Rebekahs met Tuesday night in regular session at 7:30 p.m. with Noble Grand Oliff Lewis in the chair.

Sick reports were given and business taken care of.

Officers for the new year were elected and will be installed Tuesday, Jan. 5. All members are urged to be present for this installation.

Those present were Mmes. Eula Blackwell, Sylvia Neal, Laura Todd, Sudie Strong, Ruby Greer, Ethel Johnson, Ada Eaves, Vila Sharp, Edna Blackwell, Lena Smith, Jess Smith, Clara Ivy and Mr. C. E. Bell.
