Desdemona Man Dies; Rites Held Thursday

Funeral services for Howard Williams, 65, of Desdemona, were held at 2 p.m. Thursday in First Baptist Church at Desdemona with Rev. Darrell Dusey, pastor, the Rev. Buell Bryant of Gorman and the Rev. Moody Smith of San Saba, officiating. Burial was in Desdemona Cemetery under direction of Nabors Funeral Home.

Mr. Williams died in St. Joseph Hospital in Fort Worth at 1:50 a.m. Wednesday of injuries suffered in a fall from a pecan tree at his home on January 6.

Born March 4, 1889, in Mississippi, Mr. Williams was retired farmer and merchant and was employed as an ambulance driver at Desdemona by Nabors Funeral Home. He married Dicy Long July 13, 1918 and was a member of First Baptist Church at Desdemona.

Survivors include his wife; three sons, L. L. of Corpus Christi, D. E. of Kermit, Calvin of Boise, Idaho; a daughter, Mrs. Morgan Roberts of Desdemona; a sister, Mrs. Leslie Riddle of Dublin; nine grandchildren and one great-grandchild.

OSCAR SCHAEFER, certificate, AGENT J. M. COOPER

County Agent J. M. Cooper Cited for Leadership, Service In Screwworm Eradication Job

A certificate of appreciation has been presented to County Agent J. M. Cooper for his active support of the screwworm eradication program. The presentation was made Friday afternoon by Oscar Schaefer, chairman of the county eradication committee.

Schaefer commended Cooper and Assistant Agent Bill McCutchen for devoting many hours to the popular eradication project. He noted that the agent has been the key man in the county concerned with screwworm eradication activities, serving as an important link between program officials and local farmers and ranchers.

Total funds contributed by the county toward the program amounted to \$4,000. All five banks in Eastland County accepted the voluntary contributions.

Stark results from the program are evident in this county which had "thousands" of cases of screwworm attack in 1963 and no cases in 1964. There were only 36 cases in the state last year.

There are about two dozen species of flies that lay eggs in animal wounds along with the screwworm fly, Schaefer said, but only the larval of the screwworm will not eat rotten flesh. After hatching in the wound, it burrows to good flesh and sucks the blood and body fluids, thus resulting in the ultimate death of the animal. (Schaefer had hundreds of cases in his goat herd in 1962).

Savings from medications, gas, oil, labor, wear and tear, besides frustration and worn nerves from elimination of screwworms has meant a savings of thousands of dollars to livestock raisers in this county, he said. Total value of the livestock and livestock by-products such as milk, mohair and wool amounts to around \$4 million annually.

Schaefer expressed thanks to all contributors and workers in the campaign. He further stated that if and when the Southwestern Animal Health Research Foundation, (Continued on Page 2.)

Bulldogs Clobber Cross Plains Five

Johnny McGee paced the Ranger Bulldogs to an 82-37 triumph over the Cross Plains Buffaloes here Friday night in District 10-A basketball play.

McGee scored 24 points to lead the winners from the start of the game. Ranger held a 46-20 half-time lead and were never in doubt as to the victor.

Melton Kennedy scored 12, Larry Monroe 12, and Billy Mathews 11 to aid the Ranger effort. Roy Pierce scored 10 for Cross Plains.

Cross Plains girls downed the Ranger team by 36 points, 70-34. Darlene Hargrove scored 30 for the Buffaloes and Jane Lewis 19 for Ranger.

There are 8,575 autos registered in Eastland County.

DEPUTY LOY WILLIAMS

Deputy Loy Williams Has Been 'Wanted'

Eastland County's No. One Deputy Sheriff has been a wanted man for many of his 31 years. Other law enforcement officers have wanted him on their staff.

And it is to County Sheriff L. E. (Lefty) Sublett's credit that he landed Loy Williams as field deputy in his department.

Not long on law enforcement experience, he's credited with being long on native ability that makes a good officer. His only entree with a badge was several years ago before the county had a game warden, when his friends a neighbor cattlemen around Ranger elected him to be deputy warden and the state christened him.

Born in nearby Callah County, he's lived in Eastland County 27 years. He married Maureen Bailey in 1937 and they have two children, Mrs. Tim Woods of Farrington, N. M., and Kathy, a Cisco High School sophomore. The family home is 1110 W. 14th St. The Deputy has a grandson and a grand daughter.

He's been "in and out" of the cattle business for several years active in the cattle business until 1963 "when the bottle fell out." The family has lived in Ranger and in Cisco and through his cattle buy and oil field work, knows as is known throughout the county.

He's the uncle of Warr Dodson, police chief in Alene, and Dodson is one of those who has tried unsuccessfully to get Williams to join his force. Others have included police chiefs and sheriff through this area.

And Williams said this week after working since Jan. 1, Sheriff Sublett: "I'm glad I did. I like it."

Town Talk

NEWS • NOTES • BRIEFS

SEVENTY pee wee fighters battled in 35 bouts unreeled in the new RJC gymnasium Friday night. A fair-sized crowd was present to witness the tournament which was to continue through Saturday night.

Tournament Director Jack Allen said that 20 bouts would be featured in the finals. Boxers were entered from Sweetwater, Cisco, Abilene, Strawn, Eastland and other communities.

Mrs. Mame Ramsey Is RJC Cage Sweetheart

Mrs. Mame Ramsey, director of the athletic dormitory at Ranger Junior College, was presented as 1965 Basketball Sweetheart by the Rangers during halftime of the Ranger Junior College-Cisco Junior College basketball game Thursday night.

The boys kept their choice secret until halftime, and Mrs. Ramsey was given a standing ovation when she was presented.

She was escorted from the bleachers to the door of the playing court by Ken Hefner. There she was met by Richard Hooper and Jerry Chamberlain, co-captains, who escorted her to the center of the court, where the remainder of the team waited. After Hooper presented to her a bouquet of long-stemmed red roses, members of the team further showed their affection and admiration of Mrs. Ramsey by kissing her on the cheek.

Mrs. Ramsey came to Ranger Junior College in 1960 to become the director of Newell Hall. She is very devoted to not only the boys in her dorm, but also the whole student body. All Ranger Junior College feels that no one deserves the honor bestowed upon her more than "Mom," as she is affectionately known on the campus.

W. T. Eaton Is Guest Speaker For Rotary Club

W. T. Eaton presented the program for the noon luncheon and business meeting of the Rotary Club Wednesday at the Ranger Junior College Cafeteria.

Mr. Eaton gave a report on the Pee Wee Boxing Tournament which was scheduled to be held Friday and Saturday nights in the Ranger Junior College gymnasium. He also reported on the progress of the Oil Museum.

It was voted by the club to sponsor a chili supper sometime in February, with proceeds to be used for the college or some other worthy cause.

CISCO WINS OVER RANGER BY 109 - 88 SCORE IN LOOP PLAY

The Cisco Junior College Wranglers scored a 109-to-88 victory over Ranger Junior College in a Texas JCAC basketball game at the RJC gym Thursday night. A large crowd, including both school bands, turned out for the important clash.

Johnny Sellers scored 34 points for Cisco to be the game's high point man. Harry Gunner, his teammate, was next with 24 points. Joe Doolley had 21 points to lead the Rangers in scoring.

The victory gave Cisco a 16-1 mark for the season with a 4-0 record in conference. Ranger has a 11-4 season record with two wins and one loss in league play.

Halftime score: Cisco 49, Ranger 30.

Saturday, Jan. 23, the Purple & Whites get back into conference action when they travel to Corsicana for a tilt with the Navarro Jr. College Bulldogs.

Ranger Jaycees Discuss Poll Tax Project

Twenty-one Ranger Jaycees met for breakfast and business meeting Thursday morning at the Ranger Junior College cafeteria.

Main topic of discussion was the Poll Tax project being sponsored by the Jaycees. A representative of the organization will be at the downtown offices of the Ranger Chamber of Commerce daily, Monday through Saturday from 8 a.m. until 12 noon to issue poll tax receipts. If citizens are unable to visit the Chamber of Commerce in downtown Ranger to pay poll taxes, they may call a representative of the Ranger Jaycees at the chamber office and they will get personal service at their homes.

Postmaster Ohr Asks Help Of Patrons On Rural Carrier Routes

Postmaster Max Ohr Friday appealed to postal customers on rural routes to help their rural carriers make mail deliveries during bad winter weather.

The Ranger Post Office has three rural routes covering Ranger and surrounding communities.

Mr. Ohr said that at the same time he hopes all authorities concerned with rural routes where snow and other bad weather hampers the carriers will continue to cooperate to help the mailmen get through.

The Postmaster listed these points of particular concern:

- Approaches to rural mail boxes must be kept open by customers.
- Obstructions to delivery of mail on rural routes should be removed or minimized to the fullest extent possible.

industry, of course, is agriculture. And livestock. We have a strong bunch that Cooper, an outstanding county agent, will organize a county-wide agri-business committee to consider constructive projects for the future.

OUR CONGRATULATIONS — and we believe most of our readers will agree — to Mrs. Audrey Yarbrough, wife of banker Don Yarbrough, for her services at the Chamber of Commerce office every morning until noon. Audrey is dispensing poll tax receipts for the Ranger Jaycees.

We note that Dwaine Dennis, former editor and top dog of The Ranger Times and now publisher of the Jefferson Jimplicute, is planning publication of a 100th anniversary edition of his newspaper next June. The Jimplicute is prospering under Dwaine's able management and is one of Texas' oldest newspapers having been established back in 1865. We're looking forward to Dwaine's special edition and know it will be excellent.

The consumption of aggregate materials is about seven tons per capita annually. That statistic from W. L. Fisher, research scientist of the Bureau of Economic Geology, University of Texas, who visited Eastland County a few days ago. We were quite interested in the fact since there are four aggregate plants in our area — two at nearby Strawn, Featherite Corp, here in Ranger, and another plant at Eastland.

A FIELD representative of Small Business Administration's Dallas Branch Office will visit the Brownwood Chamber of Commerce Office, Wednesday, January 20, 1965, from 9:00 a.m. to 5:00 p.m. Any small businessman interested in obtaining information about SBA's business loans or other services may call for an appointment at MI 5-2646 or contact the SBA Field Representative on January 20, 1965, at the Brownwood Chamber of Commerce Office, 201 North Fisk Street, Brownwood, Texas.

OUR SCOUTS report that the T&P Railroad and the M-K-T Railroad officials have been in Cisco lately for inspections and conferences in connection with the possibility that T&P might buy the Katy's tracks from Cisco to Stamford and Rotan. This would allow sheet rock from a plant over there to move into T&P freight trains at Cisco.

Understand there will be more officials and conferences here this week.
Eastland County Farmers Union met Thursday, Dec. 7, and elected new officers to the Board of Directors. Claude Fuller of Gorman was elected president; Mrs. G. A. Dunn, secretary; and D. B. Warren, Ernest Weaver, Wayne Eaves, G. A. Dunn, Edgar B. Harding, Oral Davis, Mrs. Wayne Eaves and Mrs. D. B. Warren, directors.

All of Eastland County Farmers Unions resolutions were passed by the State Board of Directors at the State Convention which was held in November, according to President Claude Fuller. Some of these resolutions are:

1. The Union is opposed to making any changes in the peanut program which would cause marketing quotas to be stated in terms of pounds and or bushels.
2. The Union recommends that a research program between the USDA, State Experiment Station, and growers be initiated, which will emphasize efforts to remedy serious peanut production diseases and to improve peanut harvesting methods.

Olden Residents to Meet Monday With Eastland Commission; 7 p.m.

The Olden Water Committee is expected to appear before the Eastland City Commission at its regular monthly meeting Monday evening to ask for a definite commitment for the sale of water to the proposed Water System.

City Manager Lewis Tiner reports that there isn't a lot of business on the city's agenda for the Monday, 7 p.m. meeting at City Hall.

Also to be heard will be a request from the school board to incorporate Block 47, site of the new elementary school building, into the city limits. No opposition is expected, it is reported.

Members of the Olden group are Pat Mosley, Bill Hunter, Travis Hilliard, Gene Woods, Danny Woods, Gilbert Copeland and L. J. Williamson.

Olden residents are considering an FHA water system and have been negotiating with the City of Eastland to purchase water. Two members met with the Eastland County Water Supply District

Board Thursday on the matter. Both Eastland and Ranger city officials are confronted with the problem that their respective towns are using nearly all the water that is guaranteed to them by the Water District at certain periods during the summer.

The district and cities have contracts providing that a minimum of 1,800,000 gallons will be available to both towns per day. Last year Eastland used an average of 3,000,000 gallons during the month of July.

The Olden residents are also considering negotiating with Water District to buy raw water, and include the cost of piping from the present filter plant, and adding a filter plant of their own in their original FHA building loan. Designers have estimated that their base water system will cost about \$83,000. It is estimated that a line could be laid for about \$15,000 and a filter plant for about \$25,000, making their total 40-year program come to

about \$118,000. It is about two and a quarter miles from the filter plant to Olden.

Eastland and Ranger each pay the District seven cents a thousand gallons for treated water, plus both pay a monthly fixed amount of \$3,743 to the district toward the retirement of debts.

Olden residents reason that they should be permitted to purchase the water for approximately 25 cents per thousand, which would include seven cents (Eastland's price), plus five cents for usage of the 14-inch line from a point at the filter plant to the Olden limits, plus three cents for proportioned share of taxes and ten cents for profit.

Both Eastland and Ranger officials have assured the Olden people that they want to help in every way possible and to help the town as they can. Of the two towns, Eastland appears to be the logical seller because of its proximity to Olden, but it remains to be seen if the city can "spare" the water to sell, and at what price.

Funeral services for Harry Belovsky, 79, were held at 10 a. m. Monday in Killingsworth Funeral Home with the Rev. K. C. Edmonds, retired Baptist minister, officiating. Burial was in the Evergreen Cemetery.

Mr. Belovsky died early Saturday night, Jan. 9, at his home after a months illness. Born March 28, 1885, in Bechwich, Russia, he came to the United States in 1905. He came to Texas after a short stay in New York. He was a retired retail store manager. He married Brice Elizabeth Balch, March 13, 1915, in Brady. They were remarried in Ranger on June 24, 1953. He was a member of the Oddfellows Lodge No. 580 of Brownfield.

Surviving are his wife two sons, B. G. (Bell) of Houston and Robert B. of Arlington and three grandchildren. Pallbearers were A. Z. Sharp, Monroe W. Blackwell, Marvin Wilson, L. D. Sharpe, C. E. Bell, and Clyde Bond.

POSTMASTER
(Continued from page 1)
Where rural boxes pose a problem, the carrier may leave form 4056, "Your Mailbox Needs Attention," a notice to keep box approaches clear by promptly removing all obstructions, including snow, which may make mail delivery difficult or impossible. Unless approaches are cleared, it may be necessary to temporarily withhold delivery of mail, the Postmaster pointed out.

Rural carriers are not required to perform service on foot when roads cannot be traveled with the vehicles normally used, but they are expected to make every reasonable effort to serve as many of their patrons as possible without physical exertion or added financial cost, he explained.

If excessive detours are necessary to effect delivery of mail, customers should temporarily relocate their boxes on the new line of travel, arrange to receive their mail through other patron's boxes, or make other arrangements for their mail until travel on the roads affected can be resumed.

Eastland County Farm Bureau is expected to follow suit at their meeting Monday night.

Cadet Daskevich To Carry Flag In Parade

Cadet Ronnie Daskevich of the United States Air Force Academy at Colorado Springs, Colo., and a former resident of Ranger, will be out front on Inauguration Day.

Ronnie will carry the American flag and will be marching in front of the Air Force Color Guard in the Inauguration Parade.

Ronnie is a 1961 graduate of Ranger High School and attended Culver Military School in Culver, Ind.

He is the son of Mr. and Mrs. Joe Daskevich of Albuquerque, N.M., formerly of Ranger and the grandson of Mr. and Mrs. Joe Daskevich, Sr. and Mrs. J. W. Gideon of Ranger. His great grandfather is Jessie Todd of Ranger. His sister, Mrs. Gene Bagwell is also a Ranger resident.

FTA Boys-RHS Teachers Set Cage Contest

The Future Teachers of Ranger High School will stage a basketball contest between the boys of the FTA and basketball team and the coaches and teachers of RHS.

The action will open at 7 p.m., Friday, January 22, in the RHS gym. The first game will set the Maroon girls against their teammates on the Ranger girls varsity.

The White girls. The tip-off for the student versus faculty game will be at 8 p.m.

This game has every indication of being one of the most hilarious displays of roundball skill and sense ever seen in Ranger. We urge every student and adult in and around Ranger to take sides and yell for their choice. Admission will be 25 cents for students and 50 cents for adults. Remember, this may be the only time you can be on the winning side of a teacher VS student battle!

Drowning Death Ruled Accidental

An official ruling in the recent drowning death of Earl R. Platter has been issued as being death by accidental drowning by Justice of the Peace Wells Dalton, at mid-week.

Platter, a 42-year-old carpenter, was found dead Saturday, Jan. 2 by Sheriff L. E. Sublett and Police Chief Ray Laney who had been tipped

by another man. The same man was cleared of any connection with Platter's death following polygraph (lie detection) tests which he had requested and which were made in Waco Monday.

The body of Platter was found in about four feet of water in Leon Creek after he had been missing about 48 hours.

July average temperature in Eastland County is 83 degrees.

379 County Firms Asked For Financial Statements

A. J. Hemphill, district manager of the Fort Worth office of Dun & Bradstreet, Inc., announced statement requests were mailed to 379 businesses in Eastland County. He said figures obtained from a physical count of the Dun & Bradstreet Reference Book for January, 1965.

Hemphill noted that each January business concerns in all parts of the United States are asked by Dun & Bradstreet for copies of their financial statements. This year requests are being sent to nearly three million business concerns — to the corner grocery store worth a few thousand dollars as well as to businesses worth millions.

The Dun & Bradstreet Reference Book lists those manufacturers, wholesalers, and retailers who seek or grant commercial credit but it does not include some of the service and professional businesses such as beauty and barber shops, security dealers and real estate brokers. Therefore, the figures for total business in the United States would be higher than the three million quoted above.

During the past year, Hemphill added, 220 changes were made in the Dun & Bradstreet Reference Book listings of Eastland County businesses, including 73 names added, 64 names deleted, and 83 changes in the ratings of continuing businesses. The changes occurring in Eastland County are about even with the rest of the country where a change of business significance is counted about every five seconds.

When the owner or officer

of a business enterprise, or his accountant fills in and mails his financial statement to Dun & Bradstreet, it becomes a part of the credit report on his business and a factor in determining the credit rating of his business. Mailing the statement, rather than waiting for the Dun & Bradstreet reporter's call means a concern's important suppliers will quickly have the latest facts on which to make credit and sales decisions. When the Dun & Bradstreet reporter receives a business man's financial statement in advance of his periodic call, he can make a more detailed analysis of the financial condition of the business and discuss its operation more intelligently.

Back of each listing of a business in the Reference Book is a Dun & Bradstreet credit report. The report includes the following: a record of how the business is paying its bills; a history of the business (who owns it, who runs it, and how long it has been operating); a description of what the business does and how it does it; a financial section which usually includes the latest financial statement. While credit reports are primarily used by business men who want to evaluate the credit risk of a business before shipping or selling, insurance underwriters, bankers, and other professionals also use reports.

Legion Opposes Closing Two VA Posts, Hospital

AUSTIN — The Veterans Administration's disclosure that it will close two regional offices and one hospital in Texas, comes as a shock to The American Legion, according to Department Commander Lewis W. Emerich of Houston.

Under the plan the VA offices in Lubbock and San Antonio and the McKinney Hospital will be closed, effective June 30.

At its State Convention in San Antonio last year, the Legion adopted a resolution asking for additional beds in the McKinney Hospital due to the long waiting lists. More beds are needed, not less. These patients cannot be transferred to the Dallas VA Hospital, for they are already extremely overcrowded with a long waiting list. Closing of McKinney will cost the north Texas area 312 sorely needed beds, and will further tax the facilities at Dallas.

The American Legion fails to see how money can be saved in consolidating the San Antonio VA Office with Houston and the Lubbock office with Waco, Emerich added. "Does the VA realize how far it is from Amarillo or El Paso to Waco? The extra costs to the government in travel and per diem would offset any savings realized by putting employees out of work."

The closing of these facilities will eliminate jobs for about 600 trained people. These will be thrown into the labor market, thus increasing unemployment.

Ranger Man One Of Three Still Getting Checks

Records at the Abilene office of the Social Security Administration show that of the 103 area persons who established eligibility for a benefit check in January, 1965, the first month such were payable, three still survive. However, R. R. Tuley, Jr., district manager reports that only one of the trio did receive all 300 checks possible since that date, as two of them returned to work and forfeited their benefit checks for several months as a result.

Benjamin I. Harrison of May, 90, is the one who received his 300th benefit check this month. The other two, Phillip H. S. Williams, 92, of Ranger and Mrs. Lydia Withers, also 92, of Hamlin, gave up 7 and 24 checks respectively by reason of going back to work and earning more than the then permitted \$14.99 per month in the early 40's. All three of these initial claimants have given their written permission to tell their stories, as social security records are otherwise confidential and cannot be published, Tuley stated.

All told, Mr. Harrison has received \$14,001.12 in monthly benefits, ranging from the in-

itial \$27.19 through various increases to his current \$66.00 rate. Mrs. Withers has been paid \$7,712.80, at rates of from \$13.60 per month to \$41.00. Mr. Williams' benefits have totalled \$13,523.02, starting at \$24.26 and now \$65.00 per month.

Despite their advanced age, all three of these pioneer beneficiaries are alert and aiming at getting many more social security checks in the future. Each felt that the social security checks had been quite valuable in helping them to meet expenses during their retirement years.

Interviews Set For Secretarial Jobs Overseas

A representative of the Agency for International Development will be in Dallas for two weeks, beginning Monday, February 1 through Friday, February 12 to interview applicants interested in secretarial positions OVERSEAS which may pay \$5,000 a year plus housing and other benefits, including a differential as much as 25% of base salary in some posts.

The interviews will be conducted by Mrs. Beulah W. Bean at the Texas Employment Commission, Commercial and Professional Office, Fidelity Union Tower Building, 8th

floor, 1507 Pacific, Dallas. Interviews daily from 9 a. m. to 4 p. m. Appointment for interview may be made by calling Mrs. Bean on Riverside 7-2071. A group interview will be held at 6 p. m. on the two Wednesday evenings, February 3 and 10.

Overseas assignments are open to young women with secretarial experience and good shorthand and typing skills. The applicant must be single, at least 21 years of age, an American citizen, without dependents, and possess excellent health and character.

The majority of secretaries are assigned to headquarters in the capital cities of such interesting countries as Laos, Vietnam, Iran, Pakistan, Turkey, Ethiopia, Nigeria, Ghana, and elsewhere in the Far East, Near East, and Africa. Positions are also available at headquarters in Washington, D. C.

A.I.D. administers the economic and technical portion of the Foreign Aid Program in more than eighty missions in the Far East, Near East, Africa, and Latin America. Through programs of agriculture, engineering, public health, education, and other fields, A.I.D. helps in the development of better standards of health, well-being, and opportunity for people in underdeveloped countries, in order that they might play a more affirmative and responsible role in the modern world. 9 Men To Get Army Physicals During February

Due to be called for pre-induction Army examinations in Eastland County during February are nine men, five of whom are regular registrants and four 18-year-olds, according to the local Board of Selective Service; however, none of these are scheduled for induction.

The tests for 18-year-olds are the result of President Johnson's action in 1964, which ordered the Director of Selective Service and the Secretary of Defense to examine all newly registered men who are out of school and available for service. Males married at age 18, and those known to be in school at that age will not be examined, according to a report received from William B. Sinclair, Lt. Col., USAF.

The secretarial recruitment brochure, "How To Go Abroad As A Secretary" will be sent upon telephone request to Mrs. Bean.

LVN Members Enjoy Perkins' Travel Slides

Licensed Vocational Nurses Association, Division No. 64, met Monday night, Jan. 11, in the Texas Electric Room in Eastland for the regular monthly meeting.

After the business session, conducted by President Mrs. Gertrude Wallace of Gorman, Program Chairman Mrs. Marzeen McMillen of Eastland had a very special treat in store for those present when she introduced the guest for the evening, Mr. Joseph M. Perkins, who shared the recent trip he and Mrs. Perkins made to Australia, by showing beautiful color slides of the different islands and various places in Australia and New Zealand.

Since many in the audience had kept up with his journeys of this trip by reading his letters each week in the local newspapers, and after listening to the very interesting narration of the pictures, it was indeed a trip shared!

Refreshments were served. Next meeting of LVNA will be in Ranger Feb. 15. Plan now to attend! Any member who misses these monthly meetings always miss a treat and lose out on many current events of the LVNA, as well as Division No. 64.

PARLIAMENTARY PROCEDURE IS MORTON VALLEY HD FARE

The Morton Valley Home Demonstration Club will have its next meeting Wednesday, Jan. 27.

Wednesday evening, the club met for the first meeting of the new year, with 14 members and two visitors present. President Mrs. C. T. Brockman presided.

Motto, pledge and prayer were led by Mrs. R. W. Gordon and Mrs. L. E. Orms, secretary and treasurer, called the roll, which was answered with "Crafts I Enjoy."

The devotional reading was given by Mrs. L. W. Leach, taken from Proverbs 31:10-28, and followed by the council report by Mrs. H. N. Sherman, council delegate. She informed the group of the Homemaker Pottery Stamp, which all club members are urged to buy and use.

Club recommendations, read by Mrs. G. M. Hargus, were accepted by the club, after which Mrs. Orms read a thank you letter from the Travis State School at Austin, thanking the club for Christmas gifts it sent to the home and to the boy the club is sponsoring.

A reading of "What is a Boy" and "What is a Girl" was presented by Mrs. Robert Kincaid and Mrs. Josie K. Nix gave a lesson on Parliamentary Procedure. The meeting then adjourned and Mrs. Nix led in recreation.

The hostess, Mrs. Homer White, served fruit cake, cookies, canapes, nuts and coffee to the following persons present: Meses Sherman, Orms, Leach, Jeff Laughlin, J. B. Bryant, E. L. Danley, M. V. Harrison, Kincaid, Brockman, Hargus, Gordon, Nix, Alvin Kincaid, and visitors, Mrs. Pearl Martin of California and Mrs. Buddy White of Morton Valley.

DPS Officials Give Safety Talk

Sgt. Roger Sonebee, Eastland area supervisor of Texas Dept. of Public Safety, and Patrolman Dan Nowlin of the Texas Division of Public Safety spoke to the children of Eastland Elementary School Thursday. Their subject was "Rules of Safety."

Speaking to the children, they gave and discussed rules of safety and emphasized safety while walking, riding bicycles, cars and school buses, according to Principal Mrs. Bernice Durham.

Average expenditure for drilling wells in Texas is \$11.43 per foot.

Marine Second Lieutenant Charles R. Thompson, son of Mr. and Mrs. Joseph O. Thompson of 213 South Walnut, had his aviator "Wings of Gold" pinned on Dec. 4 by commanding officer, Captain Joseph A. Pariseau at the Naval Auxiliary Air Station, Beville.

His designation represents 18 months of flight training, both at Beville and at the Naval Air Stations in the Pensacola, Fla. area.

While with the Training Squadron 24, Lieutenant Thompson received approximately 15 and one half weeks of instruction in the Grumman TF9J and AF9J "Cougar" jet aircraft.

He has also studied basic engineering and navigation, simulated flights in the trainers, familiarization of the type aircraft used, basic and advanced night and day flights, extended navigation flights, and landings aboard the anti-submarine warfare support aircraft carrier USS Lexington, in the Gulf of Mexico.

Report Is Given On Bond Sales

Savings Bond sales for the first eleven months of 1964 totaled \$274,071 in Eastland County. Of this amount \$14,460 were purchased during the month of November, according to Guy Parker, Chairman of the Eastland County Savings Bonds Committee.

During November Texans purchased \$11,577,094 in Series E and H Savings Bonds. This represents a 9.6 percent increase over the same period last year. Cumulative sales for eleven months of 1964 amounted to \$135,945,497, which is 90.6 percent of the state's goal of \$150 million.

"A good habit to get into during the new year is buying U. S. Savings Bonds regularly — buy one a month at \$37.50 and you'll have \$50.00 a month coming back when the bonds mature," Chairman Parker stated.

Eastland County population is 19,587.

Creighton Is Elected Senate Prexy Pro Tem

Tom Creighton, State Senator from the 22nd District, was elected president pro tempore of the regular session of the 59th State Senate last Tuesday as the Legislature began a new term.

The election puts him in line behind Lt. Gov. Preston Smith as successor to the governorship. It is customary for senior members of the senate who have not before held the office of president pro tem to be eligible for the post. Senator Creighton was elected from a group of three who served in the 57th and 58th legislatures.

A life-time resident of Mineral Wells, the 38-year old Creighton is regarded as one of the most popular legislators of recent years. He graduated from the University of Texas School of Law in 1950 and joined his late father, J.

SENATOR CREIGHTON

R. Creighton, and his brother, John R. Creighton, Jr., in the law firm of Creighton and Creighton in Mineral Wells. Before he was elected to the senate, he served for eight years as Palo Pinto County attorney.

Mr. Creighton achieved distinction as an attorney and in civic affairs in Mineral Wells, where he was president of the Jaycees, a state vice president, and a director of the National Jaycees. He and his wife, the former Sue Sparks, have three sons. They are members of the First Baptist Church, Mineral Wells.

During the session, Senator Creighton will serve as chairman of the Game and Fish Committee and vice chairman of the powerful Jurisprudence Committee. In addition he will serve on the following committees: Banking; Counties, Cities and Towns; Finance; Legislative, Congressional and Judicial Districts; Oil and Gas; Privileges and Elections; State

Rev. Cluck To Pastor Carbon Baptist Church

The Rev. Charlie Cluck of Abilene has been named interim pastor of the First Baptist Church of Carbon while a pulpit committee selects a new minister.

The Rev. Floyd Littlepage has resigned as pastor, effective immediately. Rev. Cluck filled the pulpit last Sunday while Littlepage was in Oklahoma to visit relatives.

It was announced that the Rev. Dick O'Brien of Houston, a former pastor of the church, has accepted an invitation to preach for a revival meeting next summer.

Affairs, and Transportation. All of these are important and few other senators can claim the honor of being named to committees of this magnitude.

W. E. Dean of Cisco represented the Cross Timbers Shrine Club at a meeting of Mostah Temple Shrine in Fort Worth last Thursday night. Imperial Potentate Carlyle Brock of North America was present to install new officers for Mostah Temple.

Mrs. Horton Records Big Family's History In Just-Released Book

Those who came from large families and particularly those who happened to have been "big sister" or "big brother" in a large family, will especially appreciate and enjoy "Mama Was Pregnant."

Mrs. James (Lillian) Horton is the author, and she obviously had fun doing what so many people have felt at times they should do — sit down and record the happenings of their life with their brothers and sisters and family.

Braille Makes Books Come Alive For Girl Aided by March of Dimes

It's very comforting for a certain little girl of 11 to know that four members of her family love to read to her anytime she asks, day or night.

MR. JIMMY guides Susie's fingertips over dots and points. Sightless child is a patient at March of Dimes Birth Defects Center, Vanderbilt University Hospital, Nashville.

Trouble is, no matter how ready her parents and two sisters may be to read aloud to her, they seem to take forever to get on with the story.

There're always interruptions such as mother's having to get dinner ready, or her sisters' boy friends phoning incessantly, or daddy having to go off to work.

Susie is the pretty daughter of Horace and Ella Edwards of Nashville, Tenn. She was born with hydrocephalus, a water on the brain, and is paralyzed below the waist.

Unfortunately, however, the pressure of the accumulating fluid in the brain caused irreversible deterioration of the optic nerves. Gradually, starting in the second year, Susie's eyes faded to total darkness.

To save the intellect and to avoid mental retardation, and to save her life, "shunt" tubes were inserted into her skull on five separate occasions to drain off the blocked fluid.

time to learn Braille during those long stays at the March of Dimes Center.

You could stretch a point though, and say that Susie is blessed in one way. She was not born blind, and at one time learned the alphabet as do normal children.

Mr. Jimmy, otherwise James J. McCormack, is himself sightless. He is a professional Braille instructor.

those county people downtown. To Susie, he's apparently also a very comical fellow who is always telling jokes that no one can understand.

Then abruptly the two of them burst into gales of laughter which go unexplained to any one else in the house on Pennock Avenue.

"Susie promised me a Christmas present," Mr. Jimmy says. "It took her four weeks to wrap it up prettily, but she had it all ready for me Christmas Eve when I came for our lesson. In the short period of time—a stunning record for a child—Susie had memorized the alphabet as people must

June Is Most
Popular Birth
Month At RJC

A close look at students' birth dates has been made at Ranger Junior College, and some interesting facts have been discovered.

There are twenty-seven students at RJC whose birthday is in June. Joe Ed Dooley, Dallas, was born on June 14, Flag Day, and John Pearce, Houston, and Louis Vasquez, Ranger, were born on the first day of summer, June 21.

September holds second place with number of birthdays with twenty-five, and twenty-three students have birthdays in January.

November is next with twenty-two. Tommy Brown, Hamlin, was born on November 11, Veterans Day, and Lavern Hensley, Eastland, on November 23, which some years is Thanksgiving Day.

Next in line is December with eighteen birthdays. Don Carter, Sweeny, gets his birthday gifts on Christmas Eve.

Birthdays of sixteen students fall in February with nineteen in July. Darryl Wibbert was born on July 28, the same day World War I began.

Fifteen students celebrate birthdays in March and August. May is next with fourteen, and October follows with thirteen.

The month with the least number of birthdays among RJC students is April. Glenn Penny, Andrews, was born on the most important day in this month, April Fool's Day, April 1.

LIBRARY NOTES

Two very good and informative books which were received by the library not long ago are Merchants of Misery by J. A. Buckwalter, and Really Living by Dr. Andrew C. Ivy. These books are published by the Narcotics Education, Incorporated in Washington, D. C.

Alcoholism and drug addiction are both discussed in the books for the sole purpose of showing both teenagers and adults the horrible and tragic results of alcoholism and drug addiction, not only to themselves but to others. The various types of drugs are described and discussed along with the method of distribution, the way in which young people are "hooked", the effects on the mind and body, and the cures and treatments given to those who can be treated.

Along with the two books, two pamphlets, "What Teenagers Should Know About Narcotics" and "What Teenagers Should Know About Alcohol", were sent also. Many questions about the two subjects are answered and discussed in order to inform the youth of today about those things which some people believe are "in", but which are really "way out". It would be a good idea to read these books and pamphlets, so that if the problem were ever presented, one might be well informed and know how to handle it.

BUSINESS MANAGERS of the 1965 annual of Ranger Junior College are, left to right, Ken Hefner of Howell, Mich., Terry Loetz of Abilene, and Arthur Mendoza of Ranger.

THREE STUDENTS APPOINTED
MANAGERS OF 1965 YEARBOOK

The business managers of the Ranger Junior College annual are students from the college journalism class.

The job of the business managers is not a very easy one, and it takes hard workers to fulfill the requirements of the position, for the business managers are responsible for financing the annual by selling ads and annuals and keeping the cost of the book down.

Terry Loetz, Ken Hefner, and Arthur Mendoza are well qualified for this position of business managers.

Loetz, a graduate of Wylie High School, is the son of Mr. and Mrs. Larry Loetz of Abilene. A freshman majoring in art, he plans to attend Ar-

lington State College upon graduation from Ranger Junior College. He is a member of the Masquers Club.

Hefner is the son of Mrs. Shirley Hefner of Howell, Michigan, where he finished high school. A freshman, he is very active in RJC student affairs. He is a member of the Masquers, the Radio Club, the R Association, and the Student Council. He will participate in track this spring. He is undecided on a major field.

Mendoza, a 1964 graduate of Ranger High School, is the son of Mr. and Mrs. P. M. Mendoza of Ranger. A freshman education major, he plans to be a teacher upon finishing work for a degree at a senior college.

SPOTLIGHT
On the RJC Faculty

CHUCK MALONE

The Spotlight on the Faculty for this week falls on Charles Malone, assistant football coach and teacher of sociology and physical education at Ranger Junior College.

Malone is a graduate of Midwestern University, Wichita Falls, where he majored in education and minored in history.

He has done all his coaching in Texas, coming to Ranger from Killeen High School.

He also serves as Director of Dormitories at the college, and his wife, Mrs. Mary Lou Malone, is secretary to the Dean and Registrar of Ranger Junior College.

The Malones plan to go to Fayetteville, Arkansas, next semester. Malone will be associated with the University of Arkansas, where he will sell life insurance. If he likes the insurance business, he plans to continue in it, but if the work does not appeal to him, he will go back into teaching or coaching.

shaw, and he is the father of two sons, Randol and Jim.

He considers farming as his hobby, which is also his present major occupation, and his college major is education. He hopes to attend Tarleton State College after he graduates from R. J. C.

His future plan is to teach school. Born November 22, 1937, he is a 1956 graduate of Gorman High School, and is a member of the First Baptist Church.

Campus Cage
Teams Paced
By Newell Hall

The intramural basketball program now in the second week saw the favored team come out on top. Team from Newell Hall defeated Ramp A of Ranger Hall by a score of 31 to 29. The other team from Newell Hall, led by Joe Fitzgerald with 20 points, beat a fighting team from Ramp D of Ranger Hall. The losers were paced by Ron Smethers, who scored 24 points.

The Lobby Team of Ranger Hall, led by Tom Haynes with 24 points, beat Ramp C 62 to 42, with James Rouse scoring 27 points.

Ramp B in a convincing game beat Ramp E by a score of 127 to 40. For the winner Ken Hefner had 24 points, and Jack Bridges and Emil Halenack had 24, 23 and 21 points respectively. The losing team got a good performance from Dewaine Clay, who had 17 points to his credit.

Track Meet
Held Wednesday
By Williams

Boys who are going to run track for Ranger Junior College this spring met with Coach Gerald Williams Wednesday, January 13. Coach Williams discussed the track meets and told the boys to begin working out.

The first track meet will be at either Fort Worth's Southwest Recreational Meet or at San Antonio.

"The condition you're in will determine where we go," Williams told the team prospects.

Every afternoon many of the boys going out for track can be seen doing laps on the track field, and they will be joined by others when basketball season is over.

An early tourist guide to Greece was written in the second century by Pausanias and is the source of much information about Greek industries.

LEON BOWMAN

PARKE DAVIDSON

JOE BOND

This week our sports spotlight is focused on three more of the Rangers' basketball players: Leon Bowman, Parke Davidson, and Joe Bond.

Leon Bowman, the son of Mr. and Mrs. W. L. Bowman of Fort Worth, is a 1963 graduate of Poly High School. Bowman is a six-foot-two-inch, 180-pound sophomore majoring in physical education. He plans to attend TWC after leaving Ranger. In his spare time Leon likes to play golf and tennis.

Parke Davidson, the son of Mr. and Mrs. C. E. Davidson of Dallas, is a graduate of W. H. Adamson High School in Dallas. Parke, six-foot tall and weighing 170 pounds is a sophomore who plans to attend TCU when he finishes at Ranger. Parke enjoys playing tennis and golf and skiing in his spare time.

Joe Bond, son of Mr. and Mrs. J. L. Bond of Bullard, is a 1964 graduate of Bullard High School. Joe, six-foot-two and weighing 185, is a fresh-

man who plans to attend Texas A&M University when he graduates from Ranger. In his spare time Joe likes to hunt and fish.

Don't Be A
Litterbug

AN EDITORIAL

It is time that someone said something about the thoughtless littering of the campus at Ranger Junior College. Many students are being litterbugs without even realizing what they are doing. Trash and garbage of all descriptions, which are thrown carelessly aside, clutter the landscape and make an unpleasant scene for everyone to see. Surely if these

J. R. GRIMSHAW

persons were aware of the ugliness they are creating, they would stop such carelessness. Ranger Junior College students are proud of their new buildings, and they should show their pride by ceasing to be litterbugs and keeping the buildings and the campus attractive.
