THIS QUOTE OF NOTE from the Texas State Historical Association bulletin: "Texas' Magnificent State Capitol is to be shadowed and dwarfed by an adjacent 24-story apartment, unless the legislators now in Austin prevent it by adoption of H.C.R. No. 36 (by Rep. Henry Grover of Houston which provides that the state buy the site for its own use, in the construction of a lower building, to preserve the prominence of the capitol, which was the seventh largest building in the world at the time of its completion in 1888.) Appears to be a deserving project.

THAT ALL MAY be reminded: If you live in Eastland County, your state representative is the Honorable Wayne Gibbens, who may presently be addressed at the Senate, Austin. (For the record and your file, your United States Senators are the Honorable Ralph Yarborough and John G. Tower, who may be signed to join the Olden Water to contact Mr. Hunter or any addressed at the United States System Tuesday morning ac- member of the steering com-Senate, Washington 25, D. C.; cording to Bill Hunter, secre- mittee as soon as possible. and your United States Rep- tary of the steering committee. Representatives, Washington 25, D. C.) Protocol puts the title "Honorable" before the representatives' full name, the senators' full name.

## Premium voiceways for out-of-the-way places

This year, Southwestern Bell is going the extra mile, literally, to make rural phone service even better than it is. And the difference for most customers will be immediately noticeable.

For example, in many exchanges, suburban telephone service boundaries are being extended miles farther into the countryside to make higher quality phone service available to more people. And hundreds of miles of new telephone cables will go into service replacing "open wire" lines. Airtight and impervious to moisture,

these new cables provide hi-fi clarity plus greater dependability (phone wires inside them are safer from storm damage and weathering).

Undertaken at a cost of nearly half a million dollars, these rural service improvements are part of this year's massive construction effort (our biggest ever). An intensified program to further improve the quality of the fine telephone service you now have, whether you live in town, on a farm or ranch. You might call it a communications bonus from Southwestern Bell.
