

Bulldogs Prep For Cisco Tilt; Coach Pleased

Three rugged workouts and a light drill Thursday afternoon are all that stand between Coach Gerald Cump-ton's 1965 Ranger High Bul-dogs and their initial foes—the highly touted Cisco High Loboes of District 7AA.

NEWS * NOTES * BRIEFS

A visit to New York City and the World's Fair high-lighted the recent three-week vacation the Raymon Bryan family made, touring places of interest in several southern and northeastern states.

Mr. and Mrs. Bryan, Ricky and Karen visited the historic Confederate battlefield at Vicksburg, Miss., and the Mammoth Cave in Kentucky. In Washington D. C. they spent some time visiting such places as the nation's Cap-itol, the Smithsonian Institute, the Washington Monument and the grave of John F. Kennedy.

While strolling along Times Square in New York City, the Bryan family noted many other persons who were leisurely walking. There is nothing out of the ordinary about this except that one of these afternoon strollers was Senator Robert Kennedy.

Opening kickoff has been set for 7:30 o'clock and a capacity crowd is expected to pack the stands to witness the duel. Ranger and Cisco have long been traditional grid riv-als and Friday night's contest should be a thriller.

The Bulldogs got their first taste of combat during a scrimmage against Bowie, Ranger Thursday night.

Coach Cump-ton said Fri-day that he "was pleased with the performance of his squad in general" during the "It did, however, indicate that more work is needed," the RHS mentor added.

He said he was impressee with the defense. But the new offense — sprung off the wing-T with a pro set — is still far from what it should be. However, he reminded, his charges had been working only a week and a half prior to their debut scrimmage.

Also impressing the new Ranger coach was the enthu-siasm of the crowd which was on hand to witness Thurs-day night's action.

"Our scouts report that Cis-co will field a strong team against Ranger Friday night," Coach Cump-ton said. "But on the basis of past meetings of the two teams that is always to be expected."

Here is a run-down on the first opponents of the Maroon & White gridders of '65 as published in the Sunday edi-tion of The Cisco Press.

The football team that will wear the colors of Cisco Hig School in the new season that opens next Friday night is Ranger has started taking shape and needs considerable

Preparation Underway For Sept. 7 Election

Writs of election are being served by County Judge Scott Bailey for the Sept. 7 election, for the purpose of deciding whether or not to raise the number of State senators from 31 to 39. If the bill doesn't pass, eight senators will have to run against each other in the next election, the Judge stated.

The bill being voted on reads as follows: "Proposing an amendment to sections two and 25, Article III to provide for increase in membership of State Senate from 31 to 39 members; to fix membership of House of Representatives at 150 members; to require 40-percentage of the Senate ac-cording to population, and to delete limitation on that no single county is entitled to more than one senator."

Election judges were announced by Judge Bailey as follows:

Nancy Coody Extends Greetings From Greece on European Tour

(Editor's note: The follow-ing is a letter from Nancy Coody, who is touring Europe. She was a teacher at Ranger Junior College last year and duties there in September.)

Hi from the Island of A-gena, Temple of Afea, later believed to be another name for Artemis or Diana, goddess of the hunt. This temple dates back to at least 1200 B.C.

On these islands no cars will be found: Azena, Poros or Hydra. The civilization is an-cient as it goes back to the Mycenaean and Dorian periods of civilization.

The island of Hydra has no fresh water. Its first in-habitants probably were on the island about 1600. During the Napoleonic wars, this is-land of Hydra furnished ships and sailors to help Napoleon fight the British.

Napoleon rewarded them well, and the island became wealthy and the people built big houses and accumulated money. Later, however, these same people gave up all their wealth to help Greece gain her independence from Tur-ke.

They lost everything and it was necessary for them to move into Athens. The island was left deserted for many years. About 14 years ago tourists began to discover this spot and about seven years ago it became an artist colony, which it remains today.

Artists from all over the world—writers, painters, mus-icians, poets, sculptors have come to inhabit the big em-py houses and to live on the island. The Greeks have failed to figure out why it attracts them because of the many inconveniences. In place of cars each family has two donkeys in the garage. Water has to be bought and brought from Athens and is sold on the island where as wine is free.

Ranger Women Rack Up Wells Tourny Title

The third time turned out to be a charm for Ranger's "Fox-trotters," women's soft-ball nine at Mineral Wells Thursday night.

The Ranger femmes, after losing the tourney champion-ships at Stephenville and Ran-ger to the Spa City softballers, exploded with 14 hits and eight runs to win the cham-pionship of the Mineral Wells invitational tournament with an 8-4 victory.

The hustling "Fox-trotters" were out front all the way. In fact in the bottom of the final frame the count was 8-1. In their last at-bats the Resort City hosts rallied for three runs.

Lois Eaton, Ranger pitcher, yielded only six hits during her mound duty. She walked one batter.

Other members of the title-winning Ranger nine include Sissy Wesley behind the plate, Nina Wallace, first base, Peg-gy Beck, second, Teresa Dud-ley, short, Jeanie Edwards, field, Nita Rogers, center, and Wanda McGough, Mary Cren-shaw and Thelma Wesley, al-ternating in right field.

polish during the coming week, Coach Dean Slayton reported Friday.

The Lobos looked impressive in a scrimmage session with Class 2-AA San Saba there Thursday night, Mr. Slayton said. He was particularly impressed with the work of the defensive line and the running game. The Lobos scored five times.

The goal-line game looked good, Mr. Slayton said. Each team took the ball several times on the 10-yard line to see what they could do. Each time, the Lobos drove over. And each time San Saba tried the Lobo line held.

The Lobo squad was down to 25 men as the week ended—a loss of 11 since fall practice began Aug. 16. Two players dropped out on doctor's recommendations and the others decided not to play. This short squad has caused Coach Slayton to cancel the "B" team schedule for the season.

Plans call for emphasis on polishing the offensive game in drills this week. The Lobos will work in shorts during the morning and in pads for the afternoon drills. The team went swimming Friday morning and had a long drill in the afternoon and another workout Saturday afternoon. The starting backfield is expected to include Bobby Smith, senior, at quarterback; Larry Hargrave and Steve Anderson, halfbacks; and Glen Ferguson, fullback. Hargrave and Ferguson are juniors, and Anderson is a sophomore. Tommy Johnson will alternate at halfback.

Ends include Glen Frailey, senior; Jim Turner, sophomore; Robert Pitts, junior; and Mark Johnson, senior. Johnson has been hampered by ankle trouble and is a doubtful performer for the opening game. He is expected to develop into a top player.

Seniors Gary Phipps and Mark Gerrard are due to be the tackle starters with Benjie Burnam, a junior, backing them up. Guards are Jimmy Smith and Larry Pilgrim with Freddy Nichols alternating for both.

Travis Roach, 215-pound sophomore, is due to be the starting center with John Prealar, sophomore, as his assistant.

Defense setups will look something like this: front line — Frailey and Gerrard; tackles; and Burnam and Roach; guards; linebackers — Phipps, Jimmy Smith, Pilgrim and Roach; and secondary — Hargrave, Ferguson, Bobby Smith and Anderson. The Lobos will operate from a standard "T" formation, and the defense will use a professional type, Coach Slayton said.

"If we can stay healthy and develop as we hope, the Lobos will be a pretty salty machine this season," Mr. Slayton said.

Workouts have been directed by Mr. Slayton, assisted by Coaches Don Hicks, Manning Davis and James Couch.

Judge Asked To Help In Natural Beauty Program

County Judge Scott Bailey received a letter last week from President Lyndon Johnson, urging him to help in a Natural Beauty Project, promoting beautification of the country. The project was discussed at a recent White House Conference.

The judge said he planned to answer President Johnson, saying that the Interstate 20 Highway program in Eastland County will be an excellent chance to create and promote natural beauty.

hens there were little Greek boys and girls (looking so poor, barefooted and ragged) who came up and grabbed my hand and said, "Ride donkey, ride donkey, Mademoiselle." For 30 cents I rode up the long, hot, dry, dusty trail on a donkey that Johnny, a little Greek boy about eight or 10 had for hire. I practiced the little Greek I have learned to speak on him, and we became good friends. I took colored pictures of the temple.

Greece is handicapped by lack of rainfall and so can not make much progress in an agricultural way. The land is poor, dry, dusty, hot. However, what they lack in scenery the people make up for in their warmth and hospitality. We have truly enjoyed our stay in Greece in spite of weather conditions.

Our hostess (my OJ roommate, Artemis, Popastamataki) took us swimming on the beach where Jackie Kennedy stayed with her children. This summer, the ex-king of Saudi Arabia, King Saud, is here with all his wives, sons, daughters, attendants, servants. We were introduced to several of his sons and saw the King and a number of his wives and daughters.

He has 20 or 30 cars, motor boats, airplane and even his special doctor from Austria. The entire top floor of the Hotel Cavouri is occupied by him and his entourage. In contrast are thousands on starvation in his country.

To get to Greece we came all the way across Yugoslavia. In Belograd we were about 15 miles from the Russian border.

Yugoslavia has some very pretty countryside. The people seemed honest and hard working. . . . But it is a poor country. There are very few cars but many, many horses, carts and wagons.

The capital, Beograd, is a very modern, new looking city. We hardly got off the main highway and I certainly couldn't understand a word they said to me. The police stopped us in Beograd because we got lost — they were none too friendly in tone of voice and they spoke no English and offered no help out of the city.

Some boys from the Venezuelan Embassy saw the Madrid, Spain license on our little Simca car and stopped and offered to help us, speaking Spanish. Boy, that sounded good!

There were droves of German tourists in Yugoslavia and we made friends with a family and drove part of the way with them.

We will be taking a ferry boat to Brindisi, Italy. From there driving to Napoli, Florence, Genoa, then into southern France and on into Barcelona and Madrid, Spain. Kay Smith of Ranger accompanied Miss Coody on the new trip.

Highway Patrol Ready For Labor Day Traffic

Operation Morticide will be conducted as a special emphasis program to . . . lessness and traffic law violation during the Labor Day weekend from 12:01 a.m., September 4, through 11:59 p.m. September 6th, according to Sergeant Roger Sosebee of the Department of Public Safety of this department.

Sosebee said that he will have 14 men on patrol during the Labor Day holiday. The days will include Friday, Saturday and Sunday. The patrolmen will be on the regular routine patrol during the holiday.

According to Sosebee, last year there were 22 accidents in this area. There was one fatal accident which took the lives of two people. There were nine accidents where injuries were reported with 13 people being hurt. There were 12 accidents that were recorded as property loss.

In this immediate area the main factors which cause the majority of the accidents are failing to give right-of-way, driving on the wrong side of the road, speeding, and the driving while intoxicated violation.

On the Texas scene the traffic violations that will contribute to the majority of the 35 traffic deaths over the Labor Day weekend will be what the patrolmen will be watching for. According to Major Leo Gossett, commander of the 49-county Midland Region of the Department of Public Safety, there will be many rest stops for travelers to stop and take brief rests from driving. Gossett reminded that this "coffee stations" has played a big part in saving of many Texas citizens lives.

The Chamber of Commerce folks are anxious to complete the job, which is important to the industrialization work underway in the county. It doesn't matter whether you're interested in a job or not. They want you to fill out the forms. And the sooner the better.

Miss Fox and Mr. Chesnut Wed In Candlelight Ceremony on Saturday

The marriage of Miss Lucinda Fox and Mr. Donnie Charles Chesnut was solemnized at 7 p.m. Saturday in the First Baptist Church of Ranger. Rev. Avery Sullivan read vows for the candlelight ceremony. Joe Pete Miller of Fort Worth was organist

MRS. DONNIE CHARLES CHESNUT
... nee Miss Lucinda Fox

and Mrs. Richard Boney of Ranger, soloist. Parents of the couple are Mr. and Mrs. H. E. Fox of Olden and Mr. and Mrs. C. F. Chesnut of Ranger. The candlelighted altar was adorned with five candelabras, entwined with lemon and ivy

leaves, a kneeling rail and two white wicker baskets of white and yellow gladiolas and jade. Two palms set on the outer side of each wicker basket of flowers and center aisle pews were embellished by cascades of greenery centered with a hurricane lamp. Given in marriage by her father, the bride wore an exquisite floor-length gown of candlelight peau de soie designed with a high round neckline, trimmed with leaf embroidered appliques of alencon lace iced with seed pearls. The fitted bodice, with three-quarter sleeves, and fitted skirt with a pleated overlaid skirt terminated in a court train, were all dramatized by lace appliques iced with seed pearls. She wore a long multi-tiered veil of silk tulle, extending from a plateau of peau de soie and re-embroidered appliques matching her gown. Her jewelry was a single strand of pearls. She carried a white orchid tucked in greenery atop a Bible of lace over satin.

The bridal procession consisted of one attendant, Miss Patay Fox, maid of honor and sister of the bride. She was attired in a street length frock of canary yellow lace fashioned with a fitted bodice, scooped back neckline and sleeveless. She wore an illusion veil cascaded from an iridescent seed pearls and carried a long stemmed white rose.

Flower girl was Elaine Fox, daughter of Mr. and Mrs. A. L. Fox of Olden.

Best man was Charles Tibbels of Arlington; and ushers were Tommy Smith and John Gum of Ranger, Jerry Edwards of Strawn and Herman Cupp of Albany.

The bride's mother chose a two-piece suit of beige lace with elbow-length sleeves and a small head band trimmed by a masque veil; and the groom's mother wore a tea-cup sleeved pink lace sheath. Three-quarter gloves, hat and matching shoes completed her ensemble. Both ladies wore a feathered white mum corsage.

A reception followed the ceremony in the Fellowship Hall of the church. Covering the bridal table was imported white organza overlaid with yellow lace trimming. Silver and crystal appointments were arranged on the table with a four-tiered wedding cake topped with a miniature bride and groom and decorated with yellow rose buds. The floral arrangement was made of yellow and white feathered mums and surrounded by ivy leaves and fern stems. Behind the arrangement was a miniature white steel candelabra which held three burning tapers and in front were two large wedding candles covered with glitter and orange blossoms.

Mrs. Roy Gene Barnhill of Ranger registered guests. Presiding at the bridal table were Mrs. L. R. Gohlke of Ranger, Mrs. Herman Cupp of Albany and Mrs. Jerry Edwards of Strawn.

For her going away wardrobe, Mrs. Chesnut wore a canary yellow three-piece suit with white accessories and a white orchid corsage.

After a short wedding trip to Dallas, the couple will be at home at 700 Walnut, Ranger.

A rehearsal dinner, honoring the couple, was hosted by the groom's parents on Aug. 27 in the dining room of the Porky Pig, following the wedding rehearsal.

Motor Vehicle Inspections To Begin Sept. 1

AUSTIN—There is a touch of Texas tourism in the 1966 Texas vehicle inspection sticker, said Colonel Homer Garrison, Jr., director of the Texas Department of Public Safety, as he announced the new vehicle inspection period to begin on September 1, 1965.

"On that date, all official inspection stations will begin issuing the colorful new sticker, a part of which is a replica of the flag of the Lone Star State," he continued.

In making this announcement, Garrison urged motorists to secure new stickers as soon as possible even though they are not required by law until April 16, 1966.

Garrison noted that this inspection period marks the beginning of the 16th year of compulsory vehicle inspection in Texas and that during that time, vehicle defects as causative factors in motor vehicle traffic accidents have decreased continually.

During 1965, the reduction brought this rate to an all-time low, which compares most favorably with the lowest rates in the nation.
