rived in Ranger around 11 a. m. "Since complete dispatch schedules of Fort Worth and other centers are not known to the Ranger post office, the effect on mail service by this directive cannot be determined locally," Acting Postmaster Hodges said.

He added, however, that he had been "assured" by the Fort Worth office that "no ill effects" would result.

RJC Wins No. 14!

The torrid Ranger Junior College Rangers racked up their 14th victory in a thriller unrecalled before a capacity crowd in the RJC gym Thursday night when they edged the potent Cisco Junior College Wranglers, 89-87, in an overtime cliff-hanger.

With one second left to play in the five-minute overtime period, Ranger's Larry Robertson scored to give the Purple and White charges of Ron Butler their fifth Texas Junior College Athletic Conference triumph.

The Rangers' season record is 14 wins against a lone loss. In the latest national rankings announced at mid-week, Coach Butler's RJC cagers were 14th in the nation, Cisco was ranked 18th. However, Wharton Junior College, a

member of the TJCAF circuit, was ranked eighth.

Thursday's bout with RJC was Cisco's second conference game, and the loss brought their conference standing to 1-1. They beat Weatherford 89-88 in their first conference game. Their standing for the season is 14-4, which includes two forfeitures by Grayson County JC.

Oscar McClendon was high scorer for Ranger and the game with 29 points. Larry Robertson netted 28. For CJC, Johnny Sellers was high scorer with 25 points, and Preston Sheard netted 20.

Two CJC starters, Johnny Sellers and Mike Smith, fouled out before the game's conclusion. Hughes of RJC was the only one of his team who

JEST for fun

The preacher said: "Brothers, my sermon this morning will be about liars. Now, has everyone read the thirty-fifth chapter of Matthew?"
Half the hands in the congregation went up.
"You're just the people I want to talk to," said the preacher. "There is no such chapter."

BOOSTER CLUB

(Continued from Page 1)

1, 1965, with a balance of \$51.76, the club received \$321.00 from sales of "Swipe," a miracle clean; membership cards sales brought in \$321.50; pillow sales netted \$46.43, and the pancake supper proceeds totaled \$252.63. Those receipts with the starting balance forward totaled \$992.69.

Disbursements, according to the financial report, showed \$65.65 on the pancake supper; \$400.00 to Jow Mansell for the 1964-65 Ranger Junior College films; \$250.00 to the Ranger Independent School District for high school films, and \$244.50 to C&S Sporting Goods Co. for the eight-lane track marker for use by the high school and college. The disbursements totaled \$990.15.

Perry credited the club's outstanding members and several Ranger merchants with contributing to the financial success of the organization.

He extended his thanks to the outgoing president 1964, Gene Townsend, and outgoing secretary - treasurer, Mrs. Frances Cox, for their foresight in making the purchase of "Swipe" and in helping promote its sale.

Others to whom the Booster Club president extended his appreciation:

To Margaret Speed, secretary - treasurer, for all her duties, especially the sales of the cleaner, and to her husband, Gene Speed, for his sales of pillows. And to Dr. and Mrs. W. P. Watkins in promoting the sale of "Swipe."

To Junetta Blackwell, Charles Mahaffey and Daisy Pounds for their work in selling memberships.

To Jake Jacoby, M. P. Myers, Lenrd Pounds, Daisy Pounds and Earl Lebreddo and others who worked to make the pancake supper a success.

To Coach Gerald Cumpton and his Ranger High athletes and to Jack Duvall and his assistants for the serving and the cleaning of the college cafeteria.

To a few of the merchants lending aid were Ranger Frozen Food Center, Ratliff Feed & Seed, C. P. Cloud & R. P. P. Bros., Montgomery Ward and most every business firm along Main and adjoining streets.

To Marshall Moreland, vice president, who filmed all the high school games in weather - fair or foul.

And to all others whose names have not been mentioned but without whose help our successful club activity would not have been possible.

"Ground work has been laid," President Perry said, "for a cooperative effort with the Band Boosters Mothers' Club for a smagabord luncheon to be served sometime in February. Time and date will be announced later."

Perry also said: "We, the members of the Ranger Athletic Booster Club, believe in and by our efforts to raise needed funds, hope to prove that the athletic endeavors of our Ranger Junior College and Ranger High School athletes helps our community and everyone residing therein - whether directly or indirectly. And we know these additional funds and support of athletic programs are appreciated by Dr. Ted Nick - sick of the college and James R. Clark, our public school superintendent."

TOWN TALK

(Continued from page One)

CRIME doesn't pay — another chapter: Wednesday at noon a 1955 model car wheeled into Mrs. Opal Salter's Premier Service Station, Highway 80 west and Prairie Crossing, and gassed up. Mrs. Salter poured \$3.35 worth of gas in the tank and while she was putting the hose back on the pump, the vehicle and its two occupants sped way. Thanks to police radio, the pair were stopped at Cisco and returned to Ranger — and the city jail. They were charged with petty theft. One age 20, paid a \$43.85 fine. The other, a year younger, was charged \$40.50 for the offense. The two men were from Irving.

NO MORE MAIL

(Continued from page One)

Hodges asks that patrons who regularly sent first class mail east or receive mail from the west should check, and if a delay is noted after Feb. 5, they should notify the acting postmaster.

"Almost certainly," he declared, "air mail formerly posted between 10 and 11 a. m. will be affected."

"Affected also is the mail messenger contract currently held by H. B. Weathers which will be terminated. While the contract does not involve a large amount of money, the local post office and civic leaders obviously are always concerned regarding the community's pay roll," Hodges added.

Apparently the post offices at Eastland, Cisco and Weatherford will also be affected by the new directive, and an effort will be made by the acting Ranger postmaster to get them to join in Hodges' objections.

"To be noted also is an era," Hodges reflected Friday. "For several years the use of railroads as a mail carrier in our area has given way to the use of trucks."

"February 17 will be the first day (some holidays excepted) in many years that Ranger has not received and dispatched at least some mail by railroad," he said.

New Flags Will Be Bought For Legion Post 69

Eleven members of Carl Barnes Post No. 69, American Legion attended the monthly meeting at Community Club House at 7 p.m. Monday, Jan. 10.

With Post Commander Jack Rawls presiding, the Finance Officer reported that bills had been paid. On motion of A. H. Powell, seconded by F. P. Brashier, Sr., the Adjutant was instructed to purchase two new flags.

There are now 60 members of the Post. Three new members are Carl Robinson, Buster Mills, and Otho Ainsworth.

Following the meeting, the Legion Auxiliary served delicious refreshments of hot biscuits, jam, coffee, and cake.

INDICTMENT QUASHED IN ASSAULT TRIAL

The indictment naming a San Angelo Junior College student for aggravated assault with a motor vehicle was quashed in 91st District Court Thursday by Judge Frank Sparks on a motion by the defendant.

The indictment resulted from an incident in February, 1965, in which Highway Patrolman E. M. Rogers was struck by an auto while directing traffic at the scene of an accident east of Ranger on U. S. 80.

The motion stated that the indictment, as drawn, did not specify an offense, and that "gross negligence" was alleged. Apparently a new "information" will be drafted, and the case is re-set for trial on Feb. 14.

Another case, charging a local man with forgery and passing of a forged document, was dismissed on a motion by the state, citing "insufficient evidence." Dismissal of the case apparently brought an end to the case which had seen three different indictments drawn. A civil suit pending on this same indictment.

The prospective jurors called for the Thursday session were notified not to appear, when it became apparent that the cases would not come to trial. Four criminal and three civil cases had been set for the day.

Another trial, one for killing deer at night, was passed and re-set for Feb. 14 also.

Commission To Pick Juries Under New Code

A jury commission has been ordered by Judge Frank Sparks to convene Jan. 20 to select a grand jury and three 30-name petit jury lists.

The new criminal code has re-written some of the grand jury selection procedure—and left some of the specifics doubtful, Judge Sparks explains.

Prior to the adoption of the new code, 16 persons were summoned and 12 of that number selected as grand jurors. The new code specifies that 20 be called, and it is written so that it appears that "all 20" will serve as grand jurors.

Practicality will prevail, however, and Judge Sparks will direct that only 12 be chosen to serve.

POLL TAX FORM — Eastland County residents who want to vote in 1966 elections still need a poll tax receipt. For a receipt or an exemption, fill out the above blank and mail it to the Eastland County Tax Office. The \$1.75 — if no exemption is warranted — must accompany each application. Your receipt will be mailed to you, according to Edgar Altom, tax assessor-collector. Deadline for Poll tax payments is Monday, January 31.

Mr. and Mrs. D. D. Moorehead and daughters, Cindy, age five, and Mickey, age two, have returned to make their home in Ranger after having lived in Baton Rouge, La. for some time.

Gorman Farmer Is Honored For Success In Peanut Irrigation

Wayne Eaves, young Gorman farmer, was named that area's outstanding producer of irrigated peanuts in 1965 at a banquet Thursday night in Gorman. Some 175 persons attended the event, which was sponsored by the Gorman Businessmen's Club and the Woman's Study Club of Gorman.

Mr. Eaves, 37, was selected for the honor from a group of 26 farmers who produced irrigated peanuts in the Gorman community last year. R. C. Langley, superintendent of the West Cross Timbers Experiment Station in Stephenville, was presented the Gold Peanut Research Award by the sponsors for his achievements in developing the Starr variety of Spanish peanuts. The variety was named for W. B. Starr, veteran Cisco area agriculture leader.

Peanut Grower Eaves graduated from Carbon High School in 1945 and following that he assisted his father on the Eaves farm in the Kokomo Community north of here where peanuts were the major cash crop. He also attended Cisco Junior College during the same period.

In 1950 and 1951 he went to farming on his own but like so many other farmers, both young and old, the severe

drought which began about this time forced him to seek other sources of income. He was employed by Phillips Chemical Co. at Goldsmith, 1951 through 1958.

Wayne, who says he had rather farm than do anything else, returned to the Kokomo Community in 1959 to resume his farming. He has continued to operate a 220-acre farm since that time.

He had an opportunity to observe first-hand an irrigated peanut operation in Caddo County, Okla., where he was a part-time employe of Gorman Peanut Co. during the 1959-64 buying seasons. He stated that he continually observed the quality and increased yields of peanuts produced under irrigation in that county and after the 1963 marketing season he became fully determined to irrigate part of his Eastland County peanut acreage.

In selecting equipment and determining his procedures for irrigating peanuts, he followed as nearly as possible the pattern he had observed in Caddo County, Okla. In 1964 he irrigated 24 acres of peanuts and they averaged 78 bushels, 2,340 pounds, to the acre. He watered the crop five times, putting down three inches of moisture each watering. On about half of the 24 acres he planted "Foundation" seed and the average yield was 103 bushels, or 3,150 pounds to the acre.

Last year Eaves increased his irrigated peanut crop to 38 acres and the average was 83 bushels, 2,490 pounds, to the acre. Again on 12 acres where Foundation seeds were planted the yield went to 115 bushels, 3,450 pounds, to the acre which gave him a return of \$448 to the acre.

On 47 acres of dryland peanuts on the same farm last year, his yield was 18 bushels, 540 pounds, to the acre. He plans to irrigate an additional 42 acres on his homeplace this year and hopefully 20 acres more on a farm he recently purchased. This would give him a total of 100 acres of irrigated peanuts this year.

He has made an initial investment of \$5,000 in drilling water wells and purchasing irrigation equipment, which he considers the best investment he can make.

He is married to the former Mary Jo Wheeler of Gorman. They have two sons, Bobby, 11, and Johnny, 13. The family belongs to the Kokomo Baptist Church. Both parents are active in Gorman Community affairs.

22 Scout Units Will Be Honored

The adult leaders of 22 Cub Scout Packs, Boy Scout Troops, and Explorer Posts will be honored at the annual recognition dinner of the Comanche Train Council on Friday, January 21, for having reached or exceeded their new boy goals in last fall's membership roundup. "More than fifty of our units set goals, and those 22 made their objectives. The goals represented among the award winners ranged from four boys to 25," he added.

Certificates of achievement and red and white streamers for display on unit flags will be awarded to the Cubmasters, Scoutmasters, and Explorer Advisors.

Units and leaders on the honor list are: Cub Packs—First Presbyterian Church, Cisco, Jim Webb, cubmaster; and Scout Troops — Rotary Club, Eastland, Troop 6, Claude W. Bales; First Methodist Church, Ranger, Troop 19, Freddie L. Bennett; and Lions Club, Eastland, Troop 103, W. Ray Pryor.

"One of the outstanding records was written by the leaders of the Stephenville Kiwanis Club Cub Pack which recruited 34 new Cub Scouts during the period of the fall roundup."

Mr. Bell liked to make things better...

After Alexander Graham Bell invented the telephone in 1876, he did not rest on his laurels. He helped form the National Geographic Society, developed the basic method of making phonograph records on wax discs and pioneered a method of locating icebergs by detecting echoes from them. He made suggestions and contributions that helped give us air conditioning and the iron lung. For 46 years after inventing the telephone, he lived a vigorous and creative life.

Southwestern Bell likes to make things better, too... Six short years ago, we did not offer the Princess® telephone, Home Interphone, Wide Area Telephone Service, Centrex service, Data-Phone data communications service or Panel Phone. There was no electronic artificial larynx, no automatic dialer and no Speakerphone. Today, these new items help us provide the best telephone service in the world. But we want to make it better. That's our legacy from Mr. Bell.

Man Picked Up For Hopkins County Charges

A 33-year-old Sulphur Springs man, who has made his home in this county for the past two months, was picked up this week by the Sheriff's Department and has been returned to Hopkins County where he is under indictment for several forgery charges.

Word came to Sheriff L. E. Sublett this week from Hopkins County authorities, that the man, an escapee from an Arkansas county work farm, was thought to be in this area.

The 165-pound white male was picked up Wednesday morning about 9:30 and the out-of-town authorities picked him up at 4 p.m. for return to Hopkins County.

Sheriff Sublett said the man had been working in this county cooking in restaurants and other jobs, for several weeks.

Monday Is Deadline To File For 1966 Cotton New Crop Acreage

Monday, Jan. 17, is the deadline for filing an application for new grower cotton allotment, according to the January Newsletter of the Eastland County office of the United States Department of Agriculture.

The newsletter outlined the 1966 Farm Program Sign-Up. The one-year program for feed grain and wheat is similar to the 1965 program. For cotton, the program provides for diversion payments for the first time. A farmer may divert up to 35 percent of his allotment. Price support payments at 21 cents per pound will be made on the acres planted. Only farms participating in the program will receive this price support rate.

Farms with allotments or feed grain bases are eligible to participate in the five to 10 year Cropland Adjustment program based on rejected yields. A producer may obtain annual rates per acre for each crop by filing a request for participation in the program, which is similar to the Soil Bank program.

Rates for Eastland County are: peanuts, 3.5 cents per pound; Corn, 44 cents per bushel; grain sorghum, 35 cents a bushel; barley, 34 cents a bushel; non allotment, \$3 to \$5 per acre.

Applications for the 1966 farm programs will be taken on the first come, first serve basis beginning Jan. 24.

Other significant dates for farmers to mark down are Jan. 23, final date to release and ask for reapportioned cotton acreage; Jan. 31, final date to file an application for

payment on wool, mohair or unshorn lambs sold during 1965; and April 4, final date to release or ask for reapportioned peanut acreage. Retroactive to Jan. 1 social security numbers must be shown on all drafts issued for program payments for the county office.

FARM BUREAU DINNER
Mrs. John Love, veteran service worker with the Eastland County Farm Bureau, will be honored at an appreciation dinner at 6:30 p.m. Monday at the Christian church annex in Eastland. Interested persons were invited to attend.

Central electric heating may be either an electric furnace which can utilize the same ducts used for electric central air conditioning, or an electric heat pump which both heats and cools your home automatically.

Electric baseboard units take up very little living space and blend easily into your room decor. Heating is by radiation and convection, controlled by individual room thermostats for personalized comfort.

Radiant ceiling heating is completely invisible. Specially insulated wires are concealed under plaster or wallboard and radiate heat evenly throughout the room. Each room's temperature is individually controlled.

Electric wall panel heaters, with heating elements concealed behind a decorative grille, provide radiant heat with natural or fan forced convection. Also used as supplementary heat in baths or dressing rooms.

WHY DON'T YOU CARRY CUT-RATE INSURANCE?

IF IT IS SO GOOD, WHY DO THEY HAVE TO CUT THE PRICE?

Why take chances for a few dollars possible "saving"? You can "save" money by having your telephone taken out and making calls from a corner drugstore but this would be inconvenient and in case of an emergency might prove disastrous.
You might do without the service of an insurance agent, too, and possibly "save" a few dollars but like the lack of a telephone, this might, in the case of an emergency not only prove inconvenient but very costly. Be SURE of your insurance.

A cross-section of Ranger Junior College students was approached and asked the following question: "So you think Red China should be allowed to become a member of the United Nations?"

Following are some of the members:
Billy Wheeler, Fort Worth: "No. Any nation that is communist hasn't the reasoning power to discuss world crises."

Kathleen Le Doux, New Orleans: "No. There are enough Communists now without inviting others like Red China."

Kenneth Wood, Fort Worth: "Yes. All nations should be equally represented in the United Nations."

Judi Hobbs, Fort Worth: "No. Red China is trying to

turn everyone Communist. Red China is one-sided and won't listen to the reasoning of other nations."
Janie Beck, Breckenridge: "Yes. Even though Red China is Communist, the purpose of the U. N. is to represent the nations of the world."
Barbara Green, Fort Worth: "No. Red China is communist and doesn't value lives."
Tommy Lenzi, Ranger: "Yes. In order to make progress with Red China, one must negotiate with them, and one can't negotiate if the Red Chinese aren't in the U. N."

Phyllis Powers, Fort Worth: "Yes. Red China should not be denied the right to enter the U. N. just because of its government."

Janet King, Dallas: "Yes. Russia, which is a member of the U. N. is Communist just like Red China. Therefore, Red China is no different from Russia."
