

## Queens, RJC Range Anns Play Here Friday Night

One of the nation's top-ranked girls' basketball teams will invade the RJC gymnasium Friday night, Feb. 4, for a roundball duel with the Ranger Junior College Range Anns.

It'll be the independent Queens cage crew of Wayland Baptist College, Plainview, going against Ranger Junior College's first girls hardwoods squad, and tip-off time for the all-female contest has been set for 7:30 p.m. sharp.

The Queens for several years have gained a national reputation as winners in court play. They compete each season against college girls' basketball teams in all parts of the nation.

They've become known as the "Flying" Queens because of their frequent air trips to and from their cage contests. The Friday night appearance of the Wayland club here will afford local fans an opportunity to support RJC's girls team and to watch the highly-publicized Queens in action.

**FUNERAL FOR AUNT**  
Mrs. J. B. Craig, Mrs. Leonard Pounds and Lewis were in Texas City on Monday to attend funeral services of their aunt, Mrs. Alice Little, who passed away on Saturday.

Final rites were conducted at 2 p.m. Tuesday with burial in Texas City.

Bobby Leonard Woods of Denver, Colo. spent last weekend in the home of his parents, Mr. and Mrs. H. O. Woods Sr.

**STARTERS** for the RJC Range Anns in their Friday night duel with the nationally famed Queens of Wayland Baptist College, Plainview, are shown above, left to right: Kneeling, Gloria Goolsby of Spanish Fort, Dorothy Raynes of Weinert, Laura Bynum of Abilene and Willie Barnes of Grandview. Standing, from left to right, Barbara Rogers of Abilene and Sue Dickerson of Trent.

## County's Qualified Voters For '66 Total About 6,000

Approximately 6,000 people are going to be making some important decisions in Eastland County during 1966. That many are believed to be legally qualified voters, and as such, will by their marks on ballots decide the fate of office seekers and outcomes of issues.

A total of 3,562 poll taxes were paid before the Jan. 31 deadline, and reliable estimates are that there are from 3,000 to 3,500 over-age exempt persons in the county — bringing the total eligible to vote somewhere in the 6,000 neighborhood.

(Poll tax figures are for the previous year, i.e. 1965 poll tax qualify one to vote in 1966.)

The present figures are above 1964's 2,915; but below other recent poll tax election years.

The 1961 totals, the one that qualified voters for the most comparative to this year elections, were 4,185, indicating that there might be less enthusiasm this year, than for the same elections four years ago.

The 1963 total, which set the stage for 1964 voting, for the county was 4,257. Poll tax sales in 1962 were 3,982 and 2,915 in 1964. Both preceded what is generally termed "off" election years, and therefore would be lighter.

The State Department of Public Welfare reports 1,334 over-age persons on their rolls in Eastland County.

Heavy sales of poll taxes were reported for January with the courthouse tax office recording 1,321 during January and 1,736 for the entire tax period, from Oct. 1.

Sub-station poll tax sales are as follows, according to Edgar Altom, tax collector:

Gorman, 306; Rising Star, 198; Cisco, 810 and Ranger, 510.

Monday, Feb. 7, is deadline for filing for the May 7 Democratic Primary. It is reported, and that fact points out that there is still time for candidates to give notice of their intention of running this year for office.

In the 1962 election, 5,331 voters went to the polls in the first primary and 5,250 made it to the runoff.

In 1961 2,110 paid poll taxes at the county tax office; 979 at the Cisco sub-station; 373 in Ranger; 438 in Gorman and 89 in Rising Star.

Poll tax sales were spurred by various groups and individuals throughout the county with Jaycees clubs in Eastland, Ranger and Cisco conducting active campaigns, which included posting of signs, and the painting of sidewalk signs to remind citizens of the importance of becoming qualified voters.

The various newspapers in the county also encouraged poll tax purchases.

## Third Cold Spell Hits, Dips Mercury Again

Old Man Winter took a third swing at this area this week as another Arctic front moved through early Tuesday, dropping temperatures to 22 and whipping up a sizeable dust storm.

Moisture was forecast for Tuesday night and Wednesday, indicating that for the third week in a row, the county might be cloaked in snow and ice.

High temperature Tuesday was in the mid-30s and the teens were seen for nighttime as predictors took another stab at keeping up with the West Texas weather. The groundhog (did) (did not) see his shadow Wednesday morning — MARK ONE, depending on whether you think there are ground hogs in Eastland County, and whether you think the rodent's sight of his shadow determines the weather for the next six weeks.

Farmers and ranchers are agreed that the cold weather is doing nothing but good for the grass and crop lands, late though it was.

Winter didn't come until January, and total moisture for the month just ended amounted to 1.29 inches, with seven inches of snow, according to Official Weather Observer James Smith.

Low temperature during January was four degrees on the 23rd, and the low temperature was below freezing on 26 different days during the month. High for the month was 70 — on the first day.

**FB WEEK** PROCLAIMED — Governor John Connally has officially designated Feb. 7-12 as Texas Farm Bureau Membership Week in Texas as Texas Farm Bureau Queen Cherri Lee Norman of Tahoka and FB President C. H. DeVaney of Waco look on. During the special week, thousands of voluntary membership workers will call on their neighbors and ask them to join the Farm Bureau. The state farm organization has a goal of 100,500 members in 1966.

## ★ ★ ★ Feb. 7-12 Scheduled As FB Membership Week

The week of Feb. 7-12 has been officially designated Farm Bureau Membership Week in Eastland County. Volunteers will be working the Membership Drive beginning on Feb. 14, according to Jack Cozart, president of Eastland County Farm Bureau. Farmers and ranchers and all other persons interested in agriculture are invited to join in the drive. Chairman of the Membership Committee is B. T. Graham of Cisco. The statewide drive was launched with large area rallies Feb. 2 in Lubbock and Dallas and Feb. 3 in San Antonio. Attending the rally in Dallas from this county were B. T. Graham, John Love, R. L. Ricks and Jack Cozart. These membership drives throughout the state is an effort to push Farm Bureau membership in Texas to 100,000 by Oct. 31. An official proclamation, signed by County Judge Scott Bailey, called for citizens to "give recognition to this observance honoring the Eastland County Farm Bureau."

## SHEEP FLOCK INSPECTION BEGINS THURSDAY IN COUNTY

Bill McCutchen, Assistant County Agent, has announced that the Texas Animal Health Commission assisted by the Animal Health Division of the United States Department of Agriculture will launch an extensive inspection of all sheep flocks in Eastland County, Thursday, Feb. 3, 1966. All inspections are under the supervision of Dr. James B. Henderson, area veterinarian, and will be conducted in Eastland County by Don Boaz, and Douglas Fry.

As a result of two outbreaks of sheep scabies within the last year other states have imposed dipping requirements that hamper the marketing of Texas sheep. Relinquishing of these requirements will be considered upon an inspection of all flocks without evidence of scabies being found. Industry cooperation is needed so that the necessary inspections may be conducted in an organized manner with a minimum of inconvenience to the sheep producer.

The County Chairman of the Southwest Animal Health Research Foundation and the Agricultural Extensive Service through the local County Agent are assisting in the cooperative effort.

# Police Take Drunk Off T&P Train

Abe Watson, 68-year-old Negro of Los Angeles, Calif., was taken off a westbound Texas & Pacific passenger train here Sunday morning at 1:45 by Ranger police officers. The arrest of the Californian resulted from a request by a conductor on the train who telephoned the local police department from Weatherford half an hour earlier. The conductor alleged that the passenger was intoxicated, using insulting and abusive language, and fondling. M. D. Underwood, judge of Corporation court, charged Watson with "drunk in public" and he later was released following payment of a \$20.50 fine.

# Sign Contract For 21 Miles Int. 20 Let

A contract for 21.443 miles of construction on Highway IH-20 in Callahan and Eastland Counties has been awarded to a Fort Worth firm. It was announced in Austin this week by the State Highway Commission. Aztec Manufacturing Company submitted the low bid of \$4,552,650 on the project. Signing is expected to take 100 working days, according to J. C. Roberts, district highway engineer at Abilene. C. M. Mitchell, resident engineer at Abilene, will be in active charge of the project while it is under construction.

standing Student" from the 2,000 member student body among numerous other honors. Having lived in Breckenridge for more than 20 years, Musgrove has been considered an outstanding young member of the community. He was awarded the State and National Elks Foundation "Most Valuable High School Student" Scholarship. Breckenridge High school classmates elected him "Best All Round Boy."

Later at The University of Texas, Musgrove, as president of numerous organizations, played an active role in student improvements, including library, language lab and student housing expansion. He was on the Board of Directors of The University CoOp, a store serving the University community and doing an annual 4 million dollar business.

Musgrove, 25, is the son of Mrs. Dale Musgrove and the brother of Mrs. Phil Pitzer of Breckenridge. On the death of his father, Glenn Musgrove, when Burke was 11, he began the work that carried him through his high school and college years.

He became familiar with the different aspects and problems concerning the oil industry while employed after class in high school and during several summers in college by the Granger Corporation in Breckenridge. While attending The University, Musgrove represented several local and area independent oil operators by securing records and information from the Texas Railroad Commission in Austin.

Widely known in youth development work, Musgrove was the program co-ordinator of the first statewide Attorney General's Youth Conference in which over 1,200 high school leaders participated. The Conference, now annual, has been a key factor in curbing the state's rapidly rising juvenile crime rate. Musgrove has worked with numerous state officials as the co-ordinator for eight years of the American Legion Boys State program, held each year in Austin and in the State Capitol Building itself. This program has afforded thousands of young Texans—and young Americans—with the inspiration to become active, participating citizens. In recognition for his outstanding service to youth, the Breckenridge Lions Club awarded Musgrove honorary membership.

"I desire to be of service to this area," Musgrove said in announcing his candidacy, "in order that I might repay some of the blessings and opportunities that have been provided me." "It is certainly an honor and a compliment to be encouraged by many friends to offer my service in the capacity of State Representative. However, to be successful I will be calling on more and more of my friends, acquaintances, and lots of people I have not yet met to assist with my campaign. This promises to be a long and costly campaign—one which I cannot finance without broad-based support from the many of you interested in good government and effective, energetic, representation."

"I'm working to win—not only the race, but our five county area," Musgrove concluded. It will take twice the normal flow of the Colorado River to fill Lake Powell.

# Meaning of 'Nurse' Is Revealed By Dr. Treadwell To Graduates

By EVELYN VALEK

ADDRESSES GRADUATES—Dr. M. A. Treadwell, Eastland physician, addressed the third class of the Vocational Nursing School of Cisco Junior College at its graduation exercises Monday night.

NURSE: N is for nice; U is for understanding; R is for reserved; S is for sincerity; E is for energy.

These qualities is what it means to be a good nurse, Dr. M. A. Treadwell, Eastland physician, told 16 members of the third class of the Vocational Nursing School of Cisco Junior College before they received their diplomas and graduation pins Monday night in the First Baptist Church.

Dr. Treadwell, who has practiced in Eastland for the past 14 years, said that a good nurse is nice, polite and attentive. These traits make people (patients and their families) want to have her around.

Understanding, Dr. Treadwell said, is another quality of a good nurse. She must understand what thoughts may be on a patient's mind.

A good nurse will be reserved, that is, she won't talk too much, Dr. Treadwell said. She should say only enough to satisfy and comfort the patient and leave questions about diagnosis to the physician. A good nurse will not talk about problems of the hospital. She will be optimistic and encouraging around the patient.

Sincerity is a must for any nurse or she won't stay in the profession for long, Dr. Treadwell said. The things she

says and does must be genuine. A lot of head and foot work go into being a good nurse, and that calls for a lot of energy. Thus, Dr. Treadwell summarized the qualities of a good nurse.

The graduates who worked at the Graham affliating hospital in Cisco during the clinical portion of their year-long course included: Mrs. Lorene Arledge of Cross Plains; Mrs. Christine Graham, Cross Plains; Mrs. Louise Kimmell, Cisco; and Miss Yolanda Orona, Hamlin.

Those who worked at Eastland Memorial Hospital were Mrs. Margaret Clements, Ranger; Mrs. Christell Gaines, Cisco; Mrs. Nona Harris, Eastland; Mrs. Frances McCree, Breckenridge; Mrs. Mary Smoot, Cross Plains; and Mrs. Johnnie Wilson, Ranger.

Students who worked in Ranger General Hospital were Mrs. Nettie Grissom, of Ranger; Mrs. Idelle Musgrove, Olden; and Mrs. Anna Nash, Ranger.

The other affliating hospital was Shackelford County in Albany. Graduating students who worked there were Mrs. Barbara Baker of Albany; Mrs. Mary Feather-

stone of Albany; and Mrs. Jane Magee of Albany.

These students are now eligible to take the State Board Examination, passing of which will give the students the license for vocational nurse (L.V.N.).

Hospital administrators awarded diplomas, and Mrs. Veneta Mitchell, instructor, made the presentation of graduation pins. Hospital administrators were Mrs. Agnes Howard, Albany; Mrs. E. L. Graham, Cisco; Bill Herrington, Ranger; and Leon Musgrove, Eastland.

## MUSIC PLAYS IMPORTANT ROLE IN CULTURAL LIFE OF RANGER

The observance of February as National Music Month poses no problem for Ranger citizens. An estimated 150 pianos, College, High School, and Junior High Bands, church and college choirs, plus a host of soloists, both vocal and instrumental, ranks our community second to none in appreciation and performance of good music.

In recent years, the growing popularity of the electric organ has added a new dimension to the field of music. Today thirteen organs of six famous brand names are found in our city. This represents an investment of thousands of dollars, an investment that pays increasing dividends as more people become adept in performance at the console.

The famous Hammond organ is found in the homes of Mr. and Mrs. Mose Nantz, Dr. and Mrs. W. P. Watkins, and the sanctuary of First Christian Church where Miss Virginia Goswick serves as organist.

The Baldwin is the choice of Mr. and Mrs. J. Floyd Kil-

lingsworth, Mr. and Mrs. F. P. Brasher, Jr., Miss Mary Frances Higginbotham, and Saint Ritas Catholic Church where Miss Higginbotham is organist.

Conn organs are found in the homes of Mrs. Dave Pickrell, Mr. and Mrs. Roscoe Hopper, and in Killingsworth Funeral Chapel.

The stately Wuritzer graces the home of Dr. and Mrs. Dick Hodges and the sanctuary of First Methodist Church where Jimmy Watkins now serves as organist.

Adding beauty to the home and enjoyment to the leisure hours of Mr. and Mrs. Carl Page is the large model Thomas organ.

An invaluable aid to worship at First Baptist Church is the music from the Allen Church model with Mrs. F. P. Brasher, Jr. at the console.

Thus we see that music month in Ranger is, roughly speaking, twelve months of the year.

Mrs. Nora Shipman, Terry Place Apts. is a patient in All Saints Hospital, Fort Worth.

## Family Life Is Program Topic For Club Meet

The Lacasa Home Demonstration Club held an all day meeting last Thursday, January 27, 1966 and Sherry Wells reporter for the club gives this report. The club held the all day meeting with a sack lunch meal for the purpose of making the much needed cancer bandages. The bandage making was called to a halt at 2 p.m. when the club vice-president, Mrs. Dial Hamey, called the regular business meeting to order, and read the cursey reminder from the year book. The roll was called and answered with current family projects of the members. Mrs. Mabel Jackson then read the minutes and afterwards read a poem on "Family Life." Due to the fact that our agent was unable to make the trip and to give the program, the group held a round table discussion on "What is the Family." A motion was made that there be a community recreation night on the second Friday night of each month. Votes were taken and the motion passed. The first recreation night will fall on February 2. The meeting was then adjourned. The following members were present: Mmes. Mary Herrington, Selma Herrington, Mabel Jackson, H. O. Templeton, J. C. Bradford, Jack Pockrus, B. B. Rainey, R. E. Miller, R. V. McGowen and Sherry Wells.

The next meeting will be held Thursday, February 16, and all visitors are extended a cordial welcome.
